[Vesting Order CE 369]

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN CERTAIN CALIFORNIA COURTS

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it having been found:

1. That each of the persons named in Column 1 of Exhibit A, attached hereto and by reference made a part hereof, was a person within the designated enemy country or the enemy-occupied territory identified in Column 2 of said Exhibit A opposite such person's name;

2. That it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A opposite such person's name, and such measures having been taken;

3. That, in taking such measures in each of such actions or proceedings, costs and expenses have been incurred in the amount stated in Column 4 of said Exhibit A opposite the action or proceeding identified in Column 3 of said Exhibit A;

Now, therefore, there is hereby vested in the Attorney General of the United States, to be used or otherwise dealt with in the interest of and for the benefit of the United States, interests in the property which said persons obtain or are determined to have as a result of said actions or proceedings in amounts equal to the sums stated in Column 4 of said Exhibit A.

The term "designated enemy country" as used herein shall have the meaning prescribed in section 10 of Executive Order 9193, as amended. The term "enemy-occupied territory" as used herein shall have the meaning prescribed in Rules of Procedure, Office of Alien Property, § 501.6 (8 CFR, Cum. Supp., 503.6).

Executed at Washington, D. C., on February 27, 1947.

For the Attorney General.

[Dissolution Order 50]

ALBEKO SHOE MACHINERY CORP.

Whereas, by Vesting Order No. 1260, dated April 20, 1943 (8 F. R. 6742, May 22, 1943), there were vested 50 of the 100 issued and outstanding shares of $100 par value common capital stock of Albeko Shoe Machinery Corporation, a New York corporation; and

Whereas, the remaining 50 shares of issued and outstanding $100 par value common capital stock are owned by Herman Schwabe, a citizen of the United States; and

Whereas, by said Vesting Order No. 1260 there were also vested all right, title and interest of Albeko Schuhmaschinen, G. m. b. H., Albeko Schuhmaschinen A. G., Albeko Kommandit Gesellschaft fur Artikel der Schuhindustrie Ahlborn & Company and Maschinenfabrick Moenus A. G., and each of them in and to all obligations owing to them, or to any of them, by Albeko Shoe Machinery Corporation, and it has been determined that certain claims in the total amount of $19,254.78 were thereby vested; and

Whereas, the Albeko Shoe Machinery Corporation is indebted to the Attorney General of the United States, as successor to the Alien Property Custodian, for monies advanced or services rendered to or on behalf of the corporation; and

Whereas, Albeko Shoe Machinery Corporation is insolvent and has been substantially liquidated; and

Whereas, the said Herman Schwabe, owner of all the unvested issued and outstanding capital stock of Albeko Shoe Machinery Corporation, has agreed to the application of its assets to the outstanding claims against it;

Now, under the authority of the Trading with the Enemy Act, as amended, and Executive Orders 9095, as amended, and 9788, and pursuant to law, the undersigned, after investigation:

1. Finding that the claims of all known creditors have been paid, except such claims as the Attorney General of the United States has for monies advanced or services rendered to or on behalf of the corporation; and except the claims formerly of Albeko Schuhmaschinen G. m. b. H., Albeko Schuhmaschinen A. G., Albeko Kommandit Gesellschaft fur Artikel der Schuhindustrie Ahlborn & Company, and Maschinenfabrik Moenus A. G., in the total amount of $19,254.78 and which were vested as aforesaid; and

2. Having determined that it is in the national interest of the United States that said corporation be dissolved and that its assets be distributed, and a certificate of dissolution having been issued by the Secretary of State of the State of New York;

Hereby orders that the officers and directors of Albeko Shoe Machinery Corporation (to wit: Robert Kramer, President and Director, Francis J. Carmody, Secretary and Director, and M. S. Watts, Treasurer and Director, and their successors, or any of them) continue the proceedings for the dissolution of Albeko Shoe Machinery Corporation; and further orders that the said officers and directors wind up the affairs of the corporation and distribute the assets thereof coming into their possession as follows:

a. They shall first pay the current expenses and reasonable and necessary charges of winding up the affairs of the said corporation and the dissolution thereof; and

b. They shall then pay all known Federal, state and local taxes and fees owed by or accruing against the said corporation; and

c. They shall then pay over, transfer, assign, and deliver to the Attorney General of the United States all of the funds and property, if any, remaining in their hands after the payments as aforesaid, the same to be applied by him, first in satisfaction of such claims as he may have for monies advanced or services rendered to or on behalf of the corporation, and second in pro rata satisfaction of the vested claims against the corporation in the amount of $19,254.78, as hereinbefore described; and

further orders, that nothing herein set forth shall be construed as prejudicing the rights, under the Trading with the Enemy Act, as amended, of any person who may have a claim against the said corporation to file such claim with the Attorney General of the United States against any funds or property received by the Attorney General of the United States as above set forth; *Provided, however,* That nothing herein contained shall be construed as creating additional rights in such person; and *Provided, further,* That any such claim shall be filed with or presented to the Attorney General of the United States within the time and in the form and manner prescribed for such claims by the Trading with the Enemy Act, as amended, and applicable regulations and orders issued pursuant thereto; and further orders, that all actions taken and acts done by the officers and directors of Albeko Shoe Machinery Corporation pursuant to this order and the directions contained therein shall be deemed to have been taken and done in reliance on and pursuant to paragraph numbered (2) of subdivision (b) of section 5 of the Trading with the Enemy Act, as amended, and the acquittance and exculpation provided therein.

Executed at Washington, D. C., this 24th day of February 1947.

For the Attorney General.

2. *Limit of acreage for which entry may be made or water secured.* The area of public land in each entry represents the acreage which, in the opinion of the Secretary of the Interior, may be reasonably required for the support of a family upon such land, and is fixed at the amounts shown upon the said farm unit plats for the respective farm units thereon. The maximum limit of area for which water rental application may be made for lands in private ownership shall be 160 acres of irrigable land for each landowner.

3. *Qualifications required by the Reclamation Law.* Pursuant to the provisions of subsection C of section 4 of the act of December 5, 1924 (43 Stat. 702, 43 U. S. C. 433), minimum qualifications as to character, industry, health, farm experience and operating capital have been established which, in the opinion of the local examining board, are necessary to insure the success of an entryman on the land. Applicants must meet these minimum qualifications in order to receive further consideration for entry. These qualifications are:

(a) *Character and industry.* Each entryman must be possessed of honesty, temperate habits, thrift, industry, seriousness of purpose, record of good moral conduct and a bona fide intent to engage in farming as an occupation. Persons named as references in paragraph 17 of the farm application blank should be responsible individuals (not relatives) who are personally acquainted with the applicant and who are willing and able to disclose full information as to the applicant's qualifications for entry on a reclamation farm unit.

(b) *Health.* Each entryman must be in such physical condition as will enable him to engage in farm labor. Any person who is physically handicapped or afflicted with any condition which makes such ability questionable should attach to his application the detailed statement of an examining physician which defines the limitation upon such ability and its causes.

(c) *Farm experience.* Each entryman must have had at least two years' full-time farming experience acquired subsequent to the applicant's fifteenth birthday. Two years of study in agricultural courses in an accredited agricultural college or two years of responsible technical work in agriculture which may contribute toward knowledge of the successful operation of a farm may be credited as one year of farming experience. No more than one year's experience may be credited from such source. No advantage will accrue from farming experience on irrigated land. Applicants must furnish three written statements signed by a county agent, Farmers' Home Administration county supervisor, AAA county chairman, an officer of any local farm organization or other comparable persons who have personal knowledge of the applicant's farm experience or have verified it to their satisfaction as required in paragraph 18 of the farm application blank. Women applicants should describe fully the farm activities in which they have participated and the relation of agricultural courses they have taken to farm operation and management.

(d) *Capital.* Each entryman must possess at least $3,000 in operating capital or equivalent property such as livestock and farm machinery owned by the applicant and deemed by the examining board to be useful on the farm. Adequate credit will be considered when substantiated by a certified statement from the credit source, outlining the amount which will be lent to the applicant and the terms of the loan. In any event, credit will be considered only if the terms of repayment will not, in the opinion of the board, interfere with the development of a farm unit.

In addition, in order to qualify for entry on project lands, applicants must not hold or own, within any Federal Reclamation Project, irrigable land for which construction charges payable to the United States have not been fully paid. Proofs of conformity with this requirement need not be furnished, but a check of project land will be made to determine eligibility of applicants before awards of farm units are made.

4. *Principal qualifications required by homestead law.* The homestead laws require that an entryman:

(a) Must be a citizen of the United States or have declared an intention to become a citizen of the United States.

(b) Entrywomen who are married must be heads of families. (Except veterans of World War II, all entrymen must be twenty-one years of age, or the head of a family, and entrywomen must be twenty-one years of age and the head of a family. The act of June 25, 1946, removes the age requirement for both men and women who are veterans but does not affect the homestead requirement that entrywomen who are married must be the heads of families.) Proofs of such status must be submitted with the applications of married women.

(c) Must not own more than 160 acres of land in the United States (certain exceptions are allowed).

(d) Must not have exhausted the right to make homestead entry on public land by prior exercise of this right.

Full information concerning homesteading qualifications may be obtained from the District Land Office at Spokane, Washington, or the Bureau of Land Management, Washington, D. C.

5. *Preference right of veterans of World War II*—(a) *Nature of preference.* Pursuant to the provisions of the act of Congress of September 27, 1944 (58 Stat. 747), and the act of June 25, 1946 (Public Law 440, 79th Congress), a preference right of application for a period of ninety days will be given to persons who have served in the Army, Navy, Marine Corps, or Coast Guard of the United States for a period of at least ninety days during World War II and who are honorably separated or discharged therefrom; *Provided, however,* That they must be qualified to enter public land under the homestead laws and must also possess the qualifications as to industry, experience, character, capital and physical fitness required of all entrymen by this notice. This right extends to the widow of a veteran of World War II, and to the guardian of his or her minor orphan child or children. The commencement of the United States' participation in World War II shall be deemed, for purposes of this notice, to be December 8, 1941.

(b) *What constitutes an honorable discharge.* An honorable discharge within the meaning of the Act of September 27, 1944 (58 Stat. 747) shall mean:

(1) The separation of a veteran from the service by means of an honorable discharge or a discharge under honorable conditions,

(2) The transfer of a veteran from active duty to a reserve or retired status prior to the termination of the war,

(3) The ending of the period of war service by reason of the termination of the war, even though the person remains in the service of the armed forces of the United States.

(c) *Submission of proof.* All applicants for farm units who claim veterans' preference must attach to their applications a photostatic, certified or authenticated copy of an official document of their respective branch of the service which clearly indicates an honorable separation or discharge or transfer to a reserve or retired status.

Farm applications of veterans eligible under terms of this paragraph will be considered as filed simultaneously if received prior to 2:00 p. m. on April 1, 1947, and will be considered in accordance with paragraph 9 below. Applications of veterans received after 2:00 p. m. on April 1, 1947, but prior to 90 days thereafter, will be filed in the order received and will be considered only if there are farm units yet unentered after all applications from qualified veterans received prior to 2:00 p. m., April 1, 1947, have been considered.

6. *General entry.* On and after July 1, 1947, if the farm units described in paragraph 1 above, or any of them, shall remain unentered, the said farm unit shall be subject to entry under this notice by any person having the necessary qualifications.

(a) All applications filed prior to July 1, 1947, by persons who are not entitled to preference rights as veterans, under paragraph 5 hereof, will be received and all applications of such persons so received prior to 2:00 p. m. of that date will be held and treated as simultaneously filed and will be considered as having been filed at 2:00 p. m., July 1, 1947. If more than one such application has been received on July 1, 1947, at 2:00 p. m., the right to make entry for such farm units shall be determined in accordance with paragraphs 3, 4, and 9, of this notice.

(b) If award is not made of all farm units to the applicants at that time, any applications filed after 2:00 p. m., July 1, 1947, will be considered by the board in the order in which they are filed.

7. *When and how to apply for a farm unit*—(a) *Application blanks.* Any person desiring to acquire any of the said public land must fill out the farm application blank which is attached to this notice. Additional blanks may be obtained from the Yakima Project Office, Federal Building, Yakima, Washington; the Regional Director, Bureau of Reclamation, Post Office Box No. 937, Boise, Idaho, or the Commissioner's Office, Bureau of Reclamation, Department of the Interior, Washington 25, D. C. Full and frank answers must be made to each question on the farm application blank except that a preference choice of farm units shall not be authorized and need not be listed.

(b) *Filing of applications and proofs.* An application for a farm unit listed in this notice must be filed with the Project Superintendent, Bureau of Reclamation, Federal Building, Yakima, Washington, in person or by mail or otherwise. No advantage will accrue to an applicant presenting his application in person rather than by mail. Such applications must be accompanied by proof of veterans' status, farm experience, and married women's proofs of their status as the heads of families.

8. *Examining Board.* An Examining Board of three members, including the Superintendent of the Yakima Project who will act as Secretary of the Board, has been approved by the Commissioner of Reclamation to consider the fitness of each applicant to undertake the development and operation of a farm on the Yakima Project. Careful investigation shall be made to verify the statements and representations made by the applicants to the end that no misunderstanding may prevail, either regarding the applicant's fitness or his appreciation of the problem before him. Any falsification or fraudulent representation at any time will automatically disqualify the applicant from further consideration. Each action of the Board with respect to any individual applicant is subject to appeal to the Director of Region I, Bureau of Reclamation, Boise, Idaho. Such appeals must be filed in the office of the Project Superintendent, Yakima, Washington, within ten days of receipt of notice of any action by the Board with respect to his application. The Superintendent will forward such appeals promptly to the Regional Director.

9. *Showing of applicants and selection of entrymen.* Farm application blanks filed by persons claiming veterans' preference prior to 2:00 p. m., April 1, 1947, will be treated as simultaneously filed, and the Examining Board will dispose of them as follows:

(a) If the applicant fails to make a prima facie case, that is, an examination of the application discloses that the applicant is unqualified in respect to the requirements prescribed herein, the application shall be rejected, and the applicant notified thereof, by registered mail with return receipt requested, and of his right to appeal to the Regional Director.

(b) After the expiration of the appeal period fixed in paragraph 8 above, and in the absence of any pending appeals, the Board shall conduct a drawing from among the remaining qualified candidates for the award of farm units. The first name drawn shall be the first selection for the first farm unit as listed in paragraph 1 above, the second name drawn shall be the first selection for the second unit on the list, and this process shall continue until a first selection has been made for all farm units listed herein. The names of 28 additional applicants shall then be drawn, as alternates, in the order of their drawing, but without designation for any specific units.

(c) After completion of the process of drawing, the applicants whose names are drawn shall be closely investigated to determine the authenticity and reliability of the information and proofs offered by them. This investigation may include a personal appearance before the Board of Examiners, if the board determines

that this is necessary. Those applicants first drawn shall have prior right of entry on the particular units for which drawn if this examination proves satisfactory. They shall have no prior right of entry for any other farm unit. Applicants whose names were drawn as alternates will be offered the right of entry to any unit which may not be entered by the first selected applicant. Such units will be offered, in the order in which they become available, to the alternates in the order drawn and alternates will be ineligible for any further consideration after being offered right of entry to a single unit.

10. *Notification of selection and rejection.* (a) After the completion of the selection process and the determination of all appeals, the Board shall notify the 28 selected applicants, by registered mail with return receipt requested, of his or her selection. With such notice, the Board shall enclose a formal acceptance of the farm unit awarded. This form must be executed by the applicant and returned to the office of the Project Superintendent, Bureau of Reclamation, Federal Building, Yakima, Washington, within 10 days from receipt of the said notice. Upon receipt by the Project Superintendent of the acceptance, executed by the applicant before the expiration of the said ten-day period, the Secretary of the Examining Board shall furnish to each such selected applicant by registered mail, unless delivery is made in person, a certificate stating that his or her qualifications to enter public lands, as required by subsection C of section 4 of the act of December 5, 1924 (43 Stat. 702), have been passed upon and approved by that Board. Such certificate, a copy of which will be forwarded by the Secretary of the Board to the District Land Office at Spokane, Washington, immediately upon the issuance thereof, must be attached by the applicant to his homestead application, together with a copy of his acceptance of the farm unit, when he files such application at the District Land Office. Such homestead application must be made within 15 days from the date of receipt by the applicant of said certificate. Failure to make application for homestead entry within the period specified herein will render the application subject to rejection.

(b) The Secretary of the Board shall also advise each alternate by registered mail, with return receipt requested, of his or her selection and the order of priority as an alternate.

(c) The Farm Application Blanks of all other applicants shall be held for further consideration and if any farm units are still available and unentered when the first list of alternates is exhausted, a second list of alternates shall be drawn and the process in paragraph 9 (c) repeated. After all farm units have been entered, the Board shall notify all remaining applicants that the farm units described in paragraph 1 have been entered and that, consequently, their applications must be held for rejection.

11. *Warning against unlawful settlement.* No person shall be permitted to gain or exercise any right under any settlement or occupation of any of the public lands covered by this notice except under the terms and conditions prescribed by this notice: *Provided, however,* That this shall not affect any valid existing right obtained by settlement or entry while the land was subject thereto.

12. *Water rental charges.* The minimum water rental charges for the irrigation season of 1947 (from April 1 to October 31) will be $2 per acre for the irrigable area of each legal subdivision for which water service is requested and such charges will entitle the water user to two acre-feet of water per irrigable acre. Additional water, if available, will be furnished at the following rates:

Third acre-foot per acre	$1.40
Fourth acre-foot per acre	1.85
Fifth acre-foot per acre	2.30
Sixth and additional acre-feet per acre	2.75

All water rental charges must be paid to the Roza Irrigation District in advance of the delivery of water and the full amount of the charges for two acre-feet of water should be paid promptly as soon as the area of land in a farm unit to be irrigated in 1947 has been determined in order to avoid any delay in the delivery of water. The water rental charges are intended to reimburse the United States for the operation and maintenance of project works and will be continued as the operation and maintenance charges levied by the District when payment of construction charges has been commenced. All such charges shall be subject to the penalties and provisions for cancellation and collection provided in section 6 of the act of August 13, 1914 (38 Stat. 686), as amended by section H of section 4 of the act of December 5, 1924 (43 Stat. 703, 43 U. S. C. 478, 494).

13. *Contracts with the Roza Irrigation District and recordable agreement required.* (a) The lands involved in this notice are included in the Roza Irrigation District which has agreed:

(1) By contract dated December 13, 1935, a copy of which is available for inspection in the project office, Bureau of Reclamation, Federal Building, Yakima, Washington, to pay the charges due to the United States in connection with construction of the irrigation works for the Roza Division of the Yakima Project and the annual costs of the operation and maintenance of such works and to collect the necessary funds for that purpose from the landowners and entrymen of the District by the levy of assessments or the collection of toll charges.

(2) By contract dated July 8, 1921, as amended by supplemental contract dated April 15, 1935, copies of which are also available for inspection in the project office, to pay to the United States for storage of Yakima River water in the reservoirs of the United States, and releases designed to serve the irrigation needs of the District, the further sum of $2,500,000 and to collect the necessary funds for this purpose from the landowners and entrymen of the District by the levy of assessments or the collection of toll charges.

(b) Each applicant for entry in order to receive water will also be required to execute and deliver a recordable contract as required under Article 28 of the said contract of December 13, 1935. (The recordable contract is designed to prevent land speculation based upon increased value of the land resulting from irrigation.) It provides that in case of the sale of the land by the entryman, a portion of the sale price over and above the appraised value shall be applied on the construction charges against the land which is being sold.

Each applicant for entry, in making such application, agrees to be bound by the provisions of the repayment contract with the Roza Irrigation District dated December 13, 1935, as amended, and with the storage contract dated July 8, 1921, as amended, and entrymen filing applications under this notice are expected to read and become familiar with the said contracts.

14. *Payment of construction charges.* Construction and storage charges will be paid by the water users in accordance with the terms of the contracts between the United States and the Roza Irrigation District. Payment of construction and storage charges for land entered pursuant to this notice shall commence at such time as the Secretary of the Interior shall announce by appropriate supplemental notice. By the terms of the existing contracts, repayment of the total cost of construction and storage chargeable to the Roza Division of the Yakima Project shall be paid to the United States by the Roza Irrigation District (which embraces lands herein described) within 40 years from the date of the supplemental notice, announcing the estimated or actual cost, if then ascertainable, to be repaid. The current estimate of the cost of construction and storage chargeable to the Roza Division is $19,077,500. On the basis of this estimate and an estimate of 72,000 irrigable acres within the District, each irrigable acre of land within the Roza Irrigation District will be required to bear, in addition to the cost of operation and maintenance, an average construction and storage cost of approximately $265.

15. *Reservation of rights-of-way for county, State, and Federal highways and access roads.* Rights-of-way are reserved for county, State, and Federal highways and access roads to the farm units shown on said plats along section lines and other lines shown in red on the farm plats, said right-of-way being in general 30 feet in width on each side of said lines for county roads, 20 feet each side of said lines for access roads, and not to exceed 50 feet on each side of said lines for State and Federal highways.

16. *Reservation of rights-of-way for telephone, electric transmission, water and sewer lines and water-treating and pumping plants.* Rights-of-way are reserved for Government-owned telephone, electric transmission, water and sewer lines and water-treating and pumping plants, as now constructed, and the Secretary reserves the right to locate such other government-owned facilities over and across the farm units above described, as hereafter in his opinion may be necessary for the proper construction, operation or maintenance of said project.

17. *Waiver of mineral rights.* All homestead entries for the above-described farm units will be subject to the laws of the United States governing mineral land and all homestead applicants under this notice must waive the right to the mineral content of the land, if required to do so by the Bureau of Land Management, otherwise the homestead applications will be rejected or the homestead entry or entries cancelled.

18. *Settler assistance in land development.* The Bureau of Reclamation, as an incident to the completion of the project, will assist entrymen, in appropriate cases, on a reimbursable basis, in development of farm units, including clearing and rough leveling the land, roughing in of farm irrigation and surface drainage systems beyond the farm turnout.

19. *Effect of relinquishment.* In the event that any entry of public land shall be relinquished prior to 2:00 p. m., July 1, 1947, the lands so relinquished shall be subject to entry in accordance with paragraphs 5 and 9 of this notice. In the event that any entry of public land shall be relinquished subsequent to 2:00 p. m., July 1, 1947, and at any time prior to actual proving up of the land through necessary residence, cultivation and other homestead requirements, the lands so relinquished shall not be subject to entry for a period of 60 days after the filing and notation of the relinquishment in the local land office. During the 10-day period next succeeding the expiration of such 60-day period, any person having the necessary qualifications may file application for said public land. If, on the tenth day of said 10-day period, prior to 2:00 p. m., the number of applications filed exceeds the number of available farm units, then the right to make entry for such farm units shall be determined in accordance with the procedure described in paragraph 9 of this notice.

J. A. KRUG,
Secretary of the Interior.

[Docket No. G-831]

OHIO FUEL GAS CO.

ORDER FIXING DATE OF HEARING

FEBRUARY 27, 1947.

Upon consideration of the application filed December 23, 1946, in Docket No. G-831, by The Ohio Fuel Gas Company (Applicant), an Ohio corporation with its principal place of business at Columbus, Ohio, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize Applicant to construct and operate the following described natural-gas pipeline facilities subject to the jurisdiction of the Federal Power Commission: A regulator and measuring station on Applicant's 4-inch transmission pipeline H-101 in the southern part of York Township, Morgan County, Ohio.

It appearing to the Commission that:

(a) Applicant proposes the construction and operation of the aforesaid described facilities for the purpose of delivering and selling natural gas to Deavertown Oil and Gas Company for resale in Deavertown, Ohio; and

(b) This proceeding is a proper one for disposition under the provisions of Rule 32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure (effective September 11, 1946), Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for noncontested hearings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on January 24, 1947 (12 F. R. 506);

The Commission, therefore, orders that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure (effective September 11, 1946), a hearing be held on the 17th day of March 1947, at 9:30 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters of fact and law asserted in the application filed in the above entitled proceedings: *Provided, however,* That if no request to be heard, or protest or petition to intervene raising in the judgment of the Commission an issue of substance, has been filed or allowed prior to the date hereinbefore set for hearing, the Commission may after a noncontested hearing forthwith dispose of the proceeding by order upon consideration of the application and the evidence filed therewith and incorporated in the record of the proceeding, together with such additional evidence as may be available or as the Commission may require to be filed and incorporated in the record for its consideration.

(B) Interested State commissions may participate as provided by Rules 8 and 37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure (effective September 11, 1946).

Date of issuance: February 28, 1947.

FEDERAL TRADE COMMISSION

[Docket No. 5222]

REMBRANDT STUDIO ET AL.

ORDER APPOINTING TRIAL EXAMINER AND FIXING TIME AND PLACE FOR TAKING TESTIMONY

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 27th day of February A. D. 1947.

In the matter of Eugene D. Petrey, individually and as a copartner, trading as Rembrandt Studio and Goldcraft Portrait Studio; Dorothy T. Petrey, individually and as a copartner, trading as Rembrandt Studio and Goldcraft Portrait Studio; Theodore Rosenberg, also known as "Ted" Rose, individually and trading as Rembrandt Studio; Ben Scheffman, individually and trading as Rembrandt Studio; Nicola Brozilla, individually and trading as Rembrandt Studio; and B. B. Bishop, individually and trading as Rembrandt Studio.

This matter being at issue and ready for the taking of testimony and the receipt of evidence, and pursuant to authority vested in the Federal Trade Commission,

It is ordered, That Henry P. Alden, a Trial Examiner of this Commission, be and he hereby is designated and appointed to take testimony and receive evidence in this proceeding and to perform all other duties authorized by law;

It is further ordered, That the taking of testimony and the receipt of evidence begin on Monday, March 10, 1947, at ten o'clock in the forenoon of that day (eastern standard time), in Room 332, Federal Trade Commission Building, Washington, D. C.

Upon the completion of the taking of testimony and the receipt of evidence in support of the allegations of the complaint, the Trial Examiner is directed to proceed immediately to take testimony and receive evidence on behalf of the respondents. The Trial Examiner will then close the taking of testimony and evidence and, after all intervening procedure as required by law, will close the case and make and serve on the parties at issue a recommended decision which shall include recommended findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and an appropriate recommended order; all of which shall become a part of the record in said proceeding.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-154]

UNITED CORP.

ORDER POSTPONING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 28th day of February 1947.

The United Corporation, a registered holding company, having filed an application for approval of a plan under section 11 (e) of the Public Utility Holding Company Act of 1935, proposing action described as necessary to effectuate the provisions of section 11 (b) of the act, and for the approval of incidental and related transactions; and the Commission having issued, on January 28, 1947 a notice of filing and order for hearing on such plan and said order having designated March 4, 1947 as the date for public hearing on said plan; and

The United Corporation having requested that the hearing in this matter be postponed for a period of one week because of inability of certain witnesses to be present at the hearing as scheduled; and

The Commission having considered such request and deeming it appropriate that it should be granted and that the hearing be postponed to March 12, 1947:

It is ordered, That the hearing in this matter previously scheduled for March 4, 1947, be, and hereby is, postponed to March 12, 1947 at the same time and place and before the same trial examiner as heretofore designated.

By the Commission.

Chapter I—Civil Service Commission

PART 29—RETIREMENT

The regulations under this part which were revised February 24, 1947, effective May 1, 1947 (12 F. R. 1336), are further revised as follows:

Sec.
29.1 Administration.
29.2 Evidence.
29.3 Applications.
29.4 Time for filing applications.
29.5 Disability retirement; medical examination.
29.6 Effective date of retirement.
29.7 Computation of interest.
29.8 Military service.
29.9 Designation of beneficiary.
29.10 Designation of agent.
29.11 Disclosure of information.
29.12 Joint and survivorship annuities.
29.13 Making of voluntary deposits.
29.14 Purchase of additional annuity.
29.15 Appeals.
29.101 Basic records.
29.102 Maintenance of individual retirement account.
29.103 Certifying officers; signature cards.
29.104 Retirement deductions.
29.105 Tontine; based on pay status in calendar month.
29.106 Reemployed annuitants.
29.107 Reports of retirement fund transactions.
29.108 Set-off on account of indebtedness to the Government.

AUTHORITY: §§ 29.1 to 29.15, inclusive, issued under sec. 17, 46 Stat. 478; 5 U. S. C. 709; §§ 29.101 to 29.108, inclusive, issued under sec. 12 (a), 46 Stat. 476, 5 U. S. C. 724.

§ 29.1 *Administration.* (a) The Commission shall have charge of the adjudication of all claims arising under the retirement laws, and of all matters directly or indirectly concerned with such adjudication.

(b) In the adjudication of claims arising under the retirement laws, the Commission shall consider and take appropriate action on counterclaims filed by the Government as set-offs against amounts in the retirement fund involved, and shall likewise consider and take appropriate action in adjusting illegal salary payments in violation of laws pertaining to dual service, subject to final decision by the Comptroller General.

(c) The Commission shall maintain a control account for each department and independent establishment; for this purpose, departments and establishments shall make reports of appointments and separations and annual summaries of retirement fund transactions.

§ 29.2 *Evidence.* (a) (1) Civil Service Commission Form 2806 (Retirement Account) shall be the basic record for action on all claims for annuity or refund, and those pertaining to deceased employees or annuitants.

(2) Form 2806 shall contain a record of all service creditable under the Retirement Act, civil and military, and a record of all retirement deductions made, showing the beginning and ending dates of each period covered by such deductions. Whenever practicable in certifying service for which deductions were not made, the aggregate basic salary earned and the amount of tontine involved, by calendar years, shall be shown. Any change of date or salary on the service history side, or in the first three columns of the fiscal side, of Form 2806 shall be certified. Any leave without pay in excess of 6 months in a calendar year shall be noted.

(3) Immediately upon the absolute separation of an employee for any reason (or upon interdepartmental transfer), Form 2806 shall be completed to date, certified as to its correctness, and, after proper entry therefrom has been made on the "Register of Separations", sent to the Civil Service Commission. In no case shall the retirement record card be held in a department or establishment awaiting the receipt of a claim.

(b) When loss or destruction or incompleteness of records in the Government offices concerned is shown, a request shall be made through the Commission to the General Accounting Office for such data as may be deemed necessary for a proper determination of the rights of the claimant. When the required information cannot be developed by any official record, inferior or secondary evidence then becomes admissible and should be requested.

§ 29.3 *Applications.* (a) All applications under the Retirement Act shall be filed with the Commission and shall be made on such forms as may be prescribed by the Commission.

(b) Applications for annuity and for retirement on account of total disability, except disability applications filed by a

department or establishment, must be executed before two identifying witnesses.

(c) Applications for the payment of accumulated deductions, or of accrued annuity and/or unexpended balance, must be executed before two witnesses who must certify to the identity of the person filing the claim. Applications for refund shall be executed before two identifying witnesses.

§ 29.4 *Time for filing applications.* (a) An application for annuity on account of age may be filed shortly before or at any time after the employee reaches the requisite retirement age, but such application should not be filed more than 30 days in advance of reaching retirement age. In cases of optional retirement, the application must be executed before the actual date of separation.

(b) An application for immediate or deferred annuity on account of voluntary or involuntary separation from the service will not be considered if filed before the employee's separation.

(c) An application for retirement on account of disability must be executed by the employee prior to the applicant's separation from the service or within 6 months thereafter. This time limitation may be waived by the Commission in the cases of employees who are found to have been mentally incompetent at date of separation or within 6 months thereafter, the application in such cases to be filed with the Commission within one year from the date of restoration of any such person to competency or the appointment of a fiduciary, whichever is the earlier.

Request or order by the department or other governmental agency for retirement of an employee for disability must be filed prior to the employee's separation from service. If application for disability retirement is submitted upon an inappropriate form, or upon an appropriate form inadequately or incompletely executed, within 6 months from date of separation from the service, such application may be accepted as an informal claim provided the claimant immediately or within a reasonable time thereafter submits a properly executed application upon the appropriate form.

§ 29.5 *Disability retirement; medical examination.* (a) When an applicant for retirement on account of total disability has established a prima facie case and no legal grounds for rejection exist, such applicant shall be ordered to appear for a medical examination before a medical officer of the United States or a duly qualified physician or surgeon or board of physicians or surgeons designated by the Commission. When the application is accompanied by a report of examination already made by a medical officer of the United States, it may not be necessary to require another examination.

(b) The order for annual examination by the Commission shall direct the annuitant to be medically examined within 30 days from and after the anniversary of the date on which he was retired upon annuity for disability. This provision, however, may be modified so that the annual medical examination may take place within 30 days from and after the expiration of one year from the date of the last medical examination.

(c) When a medical examination made in compliance with the direction of the Commission shows that the annuitant has recovered and has been restored to an earning capacity which would permit him to be appointed to an appropriate position fairly comparable in compensation to the position occupied at the time of retirement, payment of the annuity shall be continued temporarily to afford the annuitant opportunity to seek such available position. In no case shall the continued payment of the annuity exceed one year from the date of the medical examination showing recovery. If the annuitant shall be reemployed in the Government service within the one year, the annuity shall be discontinued at the close of the day preceding the date of such reemployment.

(d) The Commission, where it appears in any particular case that the nature of the disability is such as to warrant the conclusion that it will continue for a certain period, may, in the exercise of its authority, waive the requirement for regular annual examinations for the period during which there is reasonable expectation of continuation of the disability, but in any case a medical or other examination may be ordered at any time to determine the facts relative to the nature and degree of disability of any employee thus retired.

(e) If the evidence shows that the disability is permanent in character, further examination shall not be ordered, unless warranted, and the annuitant shall be notified accordingly.

§ 29.6 *Effective date of retirement.* (a) When an employee reaches retirement age, either on the first day of a month, or on any other day within a month, his annuity shall commence on the first day of the succeeding month. In such cases the employee will not be subject to automatic separation until the end of the month in which such age is attained, and credit for service shall be given for the period between the date of reaching retirement age and the beginning date of annuity.

(b) When an employee retires on account of disability, the annuity shall commence on the first day of the month succeeding the termination of pay status, or on the first day of any subsequent month, as the case may warrant. In such cases, credit for service may be given for the period between the termination of pay status and the beginning date of annuity if the employee is carried on the rolls of the department during such time.

(c) In cases of optional retirement, the annuity shall commence on the first day of the month following separation; in cases of discontinued service retirement, the annuity payments shall begin the first of the month following attainment of age 62, or date of separation, whichever is the later, if the employee resigned from service or was discharged for cause; if the separation was involuntary, not by removal for cause on charges of misconduct or delinquency, the individual may receive an annuity to begin the first of the month following attainment of age 62, or the first day of the month following separation beyond that age, or he may elect to receive a reduced annuity beginning the first of the month following attainment of age 55, or following separation if beyond that age.

§ 29.7 *Computation of interest.* (a) The commercial method, that is, computation on the basis of 30 days to the month, is adopted. Interest will be computed for the actual time involved in each case, but whenever applicable the rule of average will obtain.

(b) In all cases, interest shall be allowed on current deductions, deposits, and redeposits at the rate of 4 percent, compounded annually, through all periods of service. When an officer or employee subject to the Retirement Act is transferred to a position wherein he does not retain his retirement status, and is entitled to refund of deductions with interest, the interest will terminate with the last day of service in the former position; and when an employee becomes absolutely separated from the service before serving five years, interest on deductions will terminate with the last day in service. A fractional part of a month in the total service in any calendar year shall be disregarded, and no interest shall be allowed unless the service covered by the refund aggregates more than one year. After an employee has completed five years or more of creditable service, interest shall be allowed at the rate of 3 percent, compounded on December 31 of each year, during periods of separation from and after January 24, 1942. No interest will be allowed beyond the date of last separation unless a period of ninety days has elapsed from date of such separation to date of approval of refund claim. If an employee who reaches retirement age at any time during a month is continued in service to the end of the month, interest shall be allowed to the end of the month.

(c) Service credit deposits and redeposits made by potential annuitants separated from service after serving at least five years will draw interest at the rate of 3 percent, compounded annually, during the separation period until beginning date of annuity.

(d) Interest at the rate of 3 percent, compounded annually, shall be allowed on voluntary deposits during periods of employment, and, after the employee has completed at least five years' service and acquired a retirement status under the act of January 24, 1942, during periods of separation until refunded or beginning date of annuity.

§ 29.8 *Military service.* (a) Periods of honorable service in the Army, Navy, Marine Corps, or Coast Guard of the United States which do not form the

basis for pension, retired pay, or compensation under any law shall be included in crediting service under the Retirement Act.

(b) An applicant for annuity who is in receipt of benefits on account of his term of honorable service in the Army, Navy, Marine Corps, or Coast Guard of the United States, may elect to surrender said benefits and to have the service upon which they are based added to his period of civil service for the purpose of obtaining a greater benefit in the form of annuity. Should it appear upon the adjudication of a claim for annuity that the claimant will benefit by the inclusion of military or naval service, and the relinquishment of benefits based thereon, he shall be so advised and permitted to exercise the right of election.

§ 29.9 *Designation of beneficiary.* (a) The designation, change, or revocation of beneficiary shall be in writing on the prescribed Form 2806–1, signed and acknowledged in the presence of two witnesses personally acquainted with the designator, neither of whom shall be named as beneficiary, and must be received in the Commission prior to the death of the designator.

(b) Any person, firm, corporation, or legal entity may be named as beneficiary.

(c) A revocation or change of beneficiary may be made at any time and without the knowledge or consent of the previous beneficiary. Alterations or insertions restricting the right to change or revoke a designation cannot be given any force or effect. No change or revocation of beneficiary in a last will or testament, or in any other document not witnessed and filed as required by the regulations of this part shall have any force or effect.

(d) Where a writing, other than Form 2806–1, signed by the designator and duly witnessed by two persons, is received in the Commission prior to the death of the designator, in which a clear and unambiguous revocation or change of designation of beneficiary is made in substantially the same manner as that provided on Form 2806–1, and the designator dies without confirming the change or revocation by the execution of the prescribed Form 2806–1, the revocation or change shall be given the same effect as if executed on Form 2806–1: *Provided however*, That the Commission shall, upon receipt of said writing, forward a blank Form 2806–1, to the designator at the last address furnished by him for confirmation on that form of the previous writing which shall become null and void if (1) death occurs 60 days after the filing of the first form, and (2) if no confirmation is received on said Form 2806–1 within said period.

(e) A designation of beneficiary or a change or revocation of beneficiary may be made only by an employee subject to the act whose name is borne on the rolls of the department or independent establishment at the time of execution thereof, or by an annuitant, actual or potential.

§ 29.10 *Designation of agent.* In the case of a claim for amount due a deceased employee or annuitant where no beneficiary has been named and no executor or administrator has been appointed, but claim is made by next of kin, and if there be more than one entitled thereto, it shall be permissible for the others to designate the one who makes the claim to act as agent to receive their distributive shares.

§ 29.11 *Disclosure of information.* (a) (1) Files, records, reports, and other papers and documents pertaining to any claim filed with the Civil Service Commission, whether pending or adjudicated, will be deemed confidential and privileged, and no disclosure thereof will be made except as provided herein.

(2) Disclosure of information from the files, records, reports, and other papers and documents shall be made to a claimant or to his duly authorized representative in matters concerning himself alone when such disclosure would not be injurious to the physical or mental health of the claimant or be regarded as a breach of confidence.

Determination as to when disclosure of information would be injurious to the physical or mental welfare of a claimant will be made by the Medical Division.

(3) By "a duly authorized representative of a claimant" is meant any person who has satisfied the Commission of his authority to act.

(4) The name or address of a beneficiary designated by an employee or annuitant will, during the life of the employee or annuitant, be furnished only to the designator when request therefor is made in writing over the signature of the designator.

(5) Such information as may properly be disclosed to a claimant personally shall, in the event of his death, be disclosed upon proper request to the duly appointed representative of his estate, or to such person as may be designated by such representative, or to a duly designated beneficiary. Where no representative of the claimant's estate has been appointed, the claimant's next of kin shall be recognized as the representative of his estate.

(6) Where copies of documents or other records are desired by or in behalf of parties to a suit, whether in a court of the United States or in any other court, such copies shall be furnished to the court only, and on an order of the court or subpoena duces tecum, addressed to the President, U. S. Civil Service Commission, requesting the same.

(7) Where a process of a United States court or other court requires the production of documents or records contained in the retirement files of a claimant, such documents will be produced in the court out of which the process has issued. Where original records are produced, they must remain at all times in the custody of a representative of the Civil Service Commission, and if offered or received in evidence, permission should be obtained to substitute a copy so that the original record may remain intact in the file.

(8) The address of a claimant as shown by the Civil Service Commission records may be furnished to duly constituted police or court officials upon proper request or the submission of a certified copy either of the indictment returned against the claimant or of the warrant for his arrest.

(9) Disclosure of the amount of annuity or refund to any claimant may be made to any National, State, county, municipal or other publicly recognized charitable or social-security administrative agency.

(10) Subject to the limitation regarding name or address of a beneficiary, all records or documents officially required by any department or other agency of the United States Government shall be furnished in response to a proper request, and Senators and Representatives of the United States in their capacity as Members of Congress of the United States shall be furnished for their official use with such records, documents or other information as may be requested for such use.

(11) Copies of papers, records, etc., the furnishing of which would be prejudicial to the interest of the Government; copies of reports of examining surgeons; reports from the War Department; or copies of records of other departments and other confidential matters, will not be furnished.

(b) Certificates of discharge, adoption papers, marriage certificates, decrees of divorce, letters testamentary or of administration, birth or baptismal records, family records, personal letters, diaries, and other personal papers or articles which may have been filed in a claim, shall, when no longer needed in the settlement of such claim, be returned to the persons entitled thereto upon written request therefor; and whenever papers so returned constitute part of the material and essential evidence in a claim, photostat or other copies of the same, or of such parts thereof as may appear to possess evidential value, shall be retained in the case.

§ 29.12 *Joint and survivorship annuities.* (a) The option to receive joint and survivorship annuity may be exercised only by employees retiring under the age or optional provisions of the Retirement Act. This applies to annuities purchased by voluntary deposits as well as the regular annuities.

(b) Any natural person may be designated as survivor annuitant under the joint and survivorship option. No more than one person may be named as survivor annuitant. The designation of a contingent survivor annuitant will not be accepted, and any such designation shall be null and void.

(c) Communication of the choice of option shall be made over the signature of the applicant on Form 3001 for use in filing claim for annuity. Receipt of a communication as set forth in this paragraph shall constitute prima facie evidence of the existence of all the elements of an election. Whenever such prima facie evidence becomes conclusive or is confirmed as hereinafter provided, an election shall have been made.

(d) Upon receipt of such communication, the Commission will advise the individual of the nature of the transaction, giving full details with respect thereto, and will solicit his confirmation of the existence of all the elements of an election. Upon receipt of such confirmation on Form 3001–A, an election shall be established as having been made as of the effective date of retirement, provided more than 30 days has elapsed from such effective date, but no such election shall be considered as having been conclusively established prior to final adjudication of the claim by the Commission.

(e) In the event of death of the designated survivor annuitant or for other good cause shown prior to final adjudication of the claim by the Commission, a new survivor annuitant may be substituted or the employee may change his election of the type of annuity selected.

(f) In any case in which an election has been conclusively established pursuant to the regulations under this section, the election, including the designation of survivor annuitant, cannot be revoked or changed.

(g) The death of a designated survivor annuitant subsequent to the final adjudication of the claim, shall not operate to cancel the election, and payments to the former employee shall continue as though the death had not occurred.

(h) Annuity payments to the survivor annuitant shall become effective on the day following the death of the former employee.

(i) The conclusive establishment of an election to receive a joint and survivorship annuity shall cancel any designation of beneficiary previously made by the employee, and any annuity accrued and unpaid at the date of death of the former employee shall be payable to the survivor annuitant named under said election.

(j) Proof of date of birth of the designated survivor annuitant shall be required prior to the adjudication of the annuity claim in all cases of election to receive joint and survivorship annuity.

§ 29.13 *Making of voluntary deposits.* (a) The option to make voluntary contributions to the civil-service retirement and disability fund for the purchase of additional annuity shall be limited to those employees serving within the purview of the Retirement Act and shall be made on the form prescribed by the Commission.

(b) No voluntary contributions shall be accepted from an employee who has failed to redeposit a refund required by section 12 (b) of the act of May 29, 1930, as amended, and/or who is otherwise indebted to the civil-service retirement and disability fund.

(c) Each voluntary contribution shall be made in the amount of $25.00 or multiple thereof, not to exceed 10 percent of aggregate annual basic salary, pay, or compensation received since August 1, 1920, by money-order, draft, or check made payable to the Civil Service Commission, Washington, D. C.

(d) Voluntary contributions may be withdrawn only in case of transfer to a position wherein the member does not retain his status under the Retirement Act, absolute separation from the service prior to becoming eligible for retirement on annuity, or death.

(e) The Retirement Division of the Civil Service Commission shall maintain the record and account of voluntary contributions of each employee exercising the option to make such contributions.

§ 29.14 *Purchase of additional annuity.* (a) Voluntary contributions may be used to purchase only such types of annuity as are specifically defined by the act of May 29, 1930, as amended by the act of August 4, 1939.

(b) Any employee retiring under the provisions of the act of May 29, 1930, as amended, who has made voluntary contributions in the Civil Service Retirement and Disability Fund as authorized by section 4 of the act of August 4, 1939, may purchase therewith at the time of retirement any one of the following types of annuity:

(1) Life annuity providing for return of unexpended principal; or,

(2) Increased annuity with forfeiture of unexpended principal; or

(3) Reduced annuity of equivalent actuarial value with forfeiture of unexpended principal, payable during the life of the employee and after his death annuity in equal amount to be payable to his duly designated beneficiary during the life of said beneficiary. No election as provided by this subparagraph shall be effective in case an employee dies within thirty days after the effective date of retirement; or,

(4) Reduced annuity of equivalent actuarial value with forfeiture of unexpended principal, payable during the life of the employee and after his death one-half of such reduced annuity to be payable to his duly designated beneficiary during the life of said beneficiary. No election as provided by this subparagraph shall be effective in case an employee dies within thirty days after the effective date of retirement.

(c) Any natural person may be designated as beneficiary under paragraph (b) (3) or (4) of this section.

(d) The annuity values based upon the mortality tables submitted by the Board of Actuaries on November 24, 1939, are hereby approved for use in computing annuities based on voluntary contributions made under the provisions of the act of August 4, 1939, in the same way and manner as they are used in computing regular annuities.

§ 29.15 *Appeals.* (a) An appeal may be taken to the Civil Service Commission, from the final action or order of the Retirement Division affecting the rights or interest of any person or of the United States under the civil-service retirement law, except as provided in this section.

(b) Appeals must be filed by a claimant or a duly accredited representative, but no appeal shall lie to the Commission's Board of Appeals and Review until action has been completed by the Retirement Division. An appeal taken in behalf of a claimant by or through a representative who is not recognized by the Commission, or whose recognition has been canceled, shall not be entertained.

(c) (1) Except as hereinafter ordered, the time for filing an appeal shall be not later than six months from the date of mailing notice of the final action or order of which complaint is made.

(2) In applications for disability retirement made by a department or establishment of the Government the time for filing an appeal shall be not later than 30 days from date of receipt of notice of final action or order.

(3) In cases of disability annuitants who are found upon medical examination to have recovered, the time allowed for filing an appeal shall be no later than 90 days from the date of final notice of proposed discontinuance of annuity.

(4) In simultaneously contested claims, where one is allowed and one rejected, the time allowed for the filing of an appeal shall be not later than 60 days from the date of receipt of the notice of the Commission's action by the claimant to whom the action is adverse. Upon the filing of an appeal all parties, other than the appellant, whose interests may be adversely affected by the decision shall be notified by registered letter of the filing of the appeal and of the substance thereof and allowed 30 days from the date of the receipt of such notice within which to file brief or argument in answer thereto before the papers are forwarded to the Board of Appeals and Review. The return of a registered letter unclaimed, containing notice, addressed to the last known post-office address, shall constitute sufficient evidence of notice.

(d) Each appeal shall show the name and post-office address of appellant, his retirement claim number, the date and substance of the action from which the appeal is taken, and full reasons for the appeal.

(e) In proceedings before the Commission in which it shall be decided that a party has no right to appeal or that said appeal may not be entertained under the provisions of this section, such party may apply to the Commissioners for an order directing the Retirement Division to forward the record to the Board of Appeals and Review. Such application shall be in writing and shall fully and specifically set forth the grounds upon which the request is based. If upon consideration the application is granted, jurisdiction shall vest in the Board of Appeals and Review to dispose properly of the case.

(f) The mandate of the decision by the Board of Appeals and Review shall be carried into effect within 60 days from the date of the receipt of notice of the decision by the Retirement Division (except as hereinafter provided), unless the decision shall sooner be recalled. A proper explanation of the decision rendered shall be mailed to the appellant and/or his duly authorized representative by the Board of Appeals and Review.

(g) In any case involving conflicting claims of two or more parties wherein the time allowed for appeal is limited to 60 days, there shall be a stay of execution of the decision of the Board of Appeals and Review until the expiration of the period of 30 days within which a motion for reconsideration may be filed.

(h) No appeal will be considered by the Civil Service Commission to review the decisions of the Secretary of the Interior prior to July 21, 1930, or of the Administrator of Veterans' Affairs prior to September 1, 1934, on civil-service retirement cases except where upon the basis of newly discovered material evidence, the case has been reconsidered by the Retirement Division. In the latter

event, the provisions of this section shall apply.

§ 29.101 *Basic records*—(a) *Records to be kept.* The administrative offices of the departments and independent agencies shall initiate and maintain as hereinafter provided a retirement record system which will furnish all required information for each employee subject to the provisions of the Civil Service Retirement Act, and which shall form the basic record for all retirement purposes. The basic record shall consist of an individual retirement account for each employee and an annual summary of retirement fund transactions. (Supported by an adjustment registered when necessary.)

(b) *Individual account.* The individual retirement account, Civil Service Commission Form 2806, shall be established for each employee in the Government service who is subject to the provisions of the Civil Service Retirement Act, and shall be maintained by the employing department or agency. The retirement account (supplemented by the designation of beneficiary, Form 2806–1, maintained in the Retirement Division of the Civil Service Commission) shall be the basic record from which the rights of individuals under the Retirement Act shall be determined, and shall be used to support all payments from the Civil Service Retirement and Disability Fund. Each retirement account shall contain the following detailed information and such other data as may from time to time be deemed essential by the Civil Service Commission to a proper determination of rights under the Retirement Act:

(1) Present name of employee and reference to any other name under which service was rendered.

(2) Date of birth.

(3) Sex.

(4) All periods of employment. (For the duration of the present emergency, due to the inability of most war agencies to maintain currently, and to supply completed retirement account cards (Form 2806), all known periods of Federal employment will be posted. Prior government employment may be noted as "Not Verified". Employment within the agency shall be certified as to completeness and accuracy.)

(5) Reference to all periods of military or naval service claimed.

(6) All periods of leave without pay in excess of six months in the aggregate in any calendar year—in computing excess leave, all periods of annual and sick leave, leave without pay and furloughs shall be included.

(7) A complete accumulative record of retirement deductions covering service in the agency by calendar years.

(8) Citation as to vouchers and appropriations involved in any adjustment of illegal dual service.

§ 29.102 *Maintenance of individual retirement account*—(a) *Standard abbreviations.* All appointments, separations and changes in status, etc., shall be recorded on the retirement account in accordance with the standard abbreviations for personnel changes as outlined in Civil Service Form No. 2822, Revised.

(b) *Posting retirement deductions, deposits and redeposits.* At the end of each calendar year the total retirement deductions taken from the salary or compensation, the amount of tontine included therein (see § 29.105), and the resulting net credit for the year, shall be posted from the payroll posting media for each employee to the appropriate columns on the fiscal side of his retirement account, the previous year's balance brought forward and the total credit entered.

The beginning date of deductions for each period of service shall be shown in the "remarks" column on the fiscal side of the retirement account card. Example: "Ded. began 9–1–38."

In no case shall voluntary deposits made under the provisions of section 4 of the Act of August 4, 1939, be entered on Form 2806. The record and account of voluntary deposits under that Act shall be maintained by the Retirement Division of the Civil Service Commission.

(c) *Posting service record.* Those agencies which maintain the service history side of the retirement account shall record all appointments, changes in status, changes in salary or rate of pay, and any other pertinent information on the service history side of the card in the appropriate columns. Those agencies which maintain only the fiscal record will record the date and kind of appointment, the designation and office of employment in the space provided in the upper right hand corner on the fiscal side of the card. In either type of record there shall also be shown any leave of absence without pay in excess of six months in the aggregate in any calendar year, it being borne in mind that the provisions of section 5 of the Retirement Act with regard to exclusion of leave in excess of six months in computing annuitable service applies to the calendar year and not to the fiscal year.

When establishing a record the agency shall also enter on the card whatever information is available within the agency—for example, information in the employee's application for employment—as to prior unverified service in other agencies. This statement of prior service in other agencies shall be noted "not verified."

When furnishing the record of an employee compensated on a w. a. e. (when actually employed) basis, the total number of days on which he was in a pay status shall be clearly indicated by calendar years. Where employment was on a regular per diem or per hour basis it shall be shown whether the service was on the basis of a 365-day year; 313-day year; 261-day year, or other period.

(d) *Use of margins.* All entries shall be kept within the lines ruled on the card if possible, and nothing written in the margins, particularly the right and left margins. If necessary a second line shall be used instead of the margins. (In using the record it is frequently perforated in the margin to be bound in the file, which may obliterate any entry in the margin or cause it to be obscured from view.)

(e) *Changes and erasures.* Any change or erasure of date, salary or cause of separation on the service history side of Form 2806, or any change or erasure of date in column 1 or of amount in columns 2 or 3 on the fiscal side shall be noted and initialed by the countersigning or certifying officer, or person designated by him, as near as possible to the item corrected. Certification shall occupy as little space as possible, and shall show the date, salary, amount, or cause of separation to which changed. Small rubber stamps are desirable. The following or similar forms shall be used: "Date changed to 4–16–38." "Amt. changed to $1860." "Cause of separation changed to Res."

(f) (1) *Completion and furnishing of record upon separation.* Immediately upon the separation of an employee from the service of any department or agency the retirement account shall be completed to date, and the cause and date of separation recorded. The account shall then be certified as to its correctness, proper entry therefrom made on the register of separations as provided in paragraph (c) of § 29.107, and forwarded at once to the Civil Service Commission, together with any claim that may be on file at that time. In no case shall the retirement account be held in a department or agency awaiting the receipt of a claim.

(2) In recording a separation the facts in each individual case shall be given briefly, but in sufficient detail for the Commission to determine whether the separation was voluntary or involuntary, and if involuntary, whether for misconduct or delinquency within the meaning and intent of the Retirement Act. In any case where separation occurs for reasons other than voluntary (resignation) a brief but clear statement of the facts shall be recorded on the retirement account, or a written statement in appropriate form attached thereto when forwarded to the Commission. (It is necessary to consider not merely the form in which the separation was accomplished, but the conditions which induced the result. As generally used for retirement purposes the term "voluntary" denotes a separation from the service at the desire and for the convenience of the employee, while the term "involuntary" contemplates a separation for administrative reasons, such as lack of work, reduction of force, or a separation against the will or without the consent of the employee.)

(3) Not less than six months preceding eligibility for retirement (age), or whenever an employee requests optional retirement, a letter shall be directed to the Civil Service Commission, Retirement Division, listing the employee's unverified prior service in other agencies. The Commission will then obtain verification of this service and forward it to the requesting agency. An application for disability retirement, when submitted to the Retirement Division of the Civil Service Commission, must be accompanied by a letter listing the employee's unverified prior service in other agencies.

(4) When an employee is dropped for retirement on account of disability the date on which pay ceased shall be shown under "remarks" on the fiscal side of his retirement account card.

(5) When an employee is separated by death the 5% of salary to date of death shall be included in his retirement account in accordance with General Accounting Office Regulation No. 54, Supplement No. 9, dated May 27, 1936. No retirement deductions shall be withheld from lump sum payments in lieu of accumulated or accrued annual leave under the act of December 21, 1944 (Public Law 525). If the employee was in a non-pay status at the time of death the period involved shall be stated. The claim for refundment of retirement deductions is separate and distinct from the claim for residue of salary, and shall not be held pending settlement of the claim for residue of salary unless there is some question as to the amount due.

(g) *Certification of record.* Certification shall be made on the line next following the last entry on the fiscal side of the card, but it shall also cover the data shown on the service history side as indicated in the following form of certification:

Deductions and service certified correct.
Signature and title of designated official.
Date----------
(See § 29.103.)

(h) *Accounts with various funds maintained separately.* Accounts for the Civil Service Retirement and Disability Fund, the Canal Zone Retirement and Disability Fund and the Alaska Railroad Retirement and Disability Fund are maintained separately. Amounts deducted for the different funds shall not be consolidated on the employee's retirement account. When an employee goes from a position within the purview of one law to a position within the purview of another law the second office shall not take up in its accounts the amount of retirement deductions to the employee's credit when he left the former position. In such cases the employee concerned should obtain a refund of the retirement deductions taken while in the first position, and if he so desires, he may make application for the purchase of service credit under the act covering his new position.

§ 29.103 *Certifying officers; signature cards.* Certification as to the correctness of retirement records shall be made by officials regularly designated by the head of the department or agency. The Retirement Division of the Civil Service Commission shall be furnished with duly authenticated signature cards in triplicate on Retirement Form 3420 for each designated official. The heads of the various departments and agencies shall promptly advise the Commission of any change in certifying officers.

§ 29.104 *Retirement deductions*—(a) *Coverage.* The Retirement Act requires that retirement deductions shall be taken currently from the compensation of each employee coming within the purview thereof.

Retirement deductions shall be taken from the basic salary, pay or compensation of all appointive officers and employees in or under the executive, judicial, and legislative [1] branches of the United States Government who are not subject to another retirement system for such personnel, except employees excluded by Executive order. The same is true with respect to all officers and employees of the municipal government of the District of Columbia not subject to another retirement system for such persons.

(b) *Employees excluded by Executive order with certain exceptions.* Employees given temporary appointments for 1 year or less, certain employees paid on a when-actually-employed basis without regular tour of duty, contract and fee-basis employees, etc., were excluded by Executive Order 9154 dated May 1, 1942. This order as amended by Executive Order 9824, January 28, 1947, reads as follows:

(1) Employees in the following classifications of Federal personnel in the Executive branch of the Government are hereby excluded from the operation of the said Retirement Act, unless eligible for retirement benefits by continuity of service, by reinstatement, or otherwise:

(a) Employees whose expected service will be for brief periods but not to exceed one year.

(b) Employees paid by the hour, day, month, or year when actually employed, whose employment is periodic, part-time, or recurrent and for whom a regular tour of duty is not contemplated.

(c) Employees and consultants paid on a contract or fee basis.

(d) Employees paid on a piece-work basis, except when serving under regular or permanent appointment.

(e) Cooperative employees not wholly under the control of the Federal Government and not otherwise subject to the Civil Service Retirement Act.

(f) Officers and employees without compensation or with nominal compensation of $12.00 or less per annum.

(g) Intermittent alien employees engaged on work outside the continental limits of the United States.

(h) Member and patient employees in Government hospitals or homes.

(i) Employees serving under temporary appointments pending final determination of their eligibility for permanent or indefinite appointment.

(j) Acting postmasters, clerks in fourth-class post offices, substitute rural carriers, and special-delivery messengers at second-, third-, and fourth-class post offices.

(k) Consular agents appointed under authority of section 551 of the Foreign Service Act of 1946, approved August 13, 1946, Public Law 724, 79th Congress (added by E. O. 9824).

(2) The Civil Service Commission is authorized to determine the applicability of the above classifications to specific officers and employees or groups of officers and employees in the Executive branch of the Government.

(3) This order shall be effective as of January 24, 1942, except that it shall not be so construed as to defeat any retirement rights of officers and employees acquired before the date of this order.

By the terms of the order, employees in any of the categories listed therein have a retirement status if they are eligible for retirement benefits by continuity of service, by reinstatement, or otherwise. Such employees continue under the system until they become absolutely separated from the Government service or are transferred to a position under another Federal retirement system.

§ 29.105 *Tontine; based on pay status in calendar month.* The phrase "major fraction thereof" as used in section 12 (a) of the Retirement Act has reference to the major fraction of the calendar month. The retention of $1 is predicated upon the receipt of salary, pay or compensation, from which retirement deductions have been withheld, and tontine during a calendar month is determined on a pay status when making an accounting for retirement deductions.

There is no separate tontine fund. The total deductions for the calendar month less the sum of $1 shall be credited to the employee's individual account whenever the employee is in a pay status for more than one-half of such month. If an employee is in a pay status for the major fraction of a calendar month and the total retirement deductions covering such month amount to less than $1, the total amount deducted shall be recorded as a credit to the retirement fund without any credit to the employee's individual account. An employee who is on the rolls in a pay status for one-half month or less shall receive credit in his individual account for the full amount of retirement deductions taken for such period.

§ 29.106 *Reemployed annuitants.* When an annuitant receiving annuity under any provision of the Retirement Act is reemployed, the Commission shall be immediately informed of that fact, and advised as to the date of reemployment and whether such reemployment is of a permanent or temporary nature. This is imperative in order to prevent concurrent payment of annuity and salary.

§ 29.107 *Reports of retirement fund transactions*—(a) *Reports to be submitted.* In addition to the individual retirement account, each department or independent agency shall maintain a register of employees appointed thereunder, a register of employees separated therefrom, and a register of adjustments, and shall submit annually a summary of retirement fund transactions. The annual summary of retirement fund transactions, Form 2807–2, shall be submitted as soon as possible after the close of each calendar year, accompanied by a register of adjustments on Form 2807–1, where adjustments of prior reports are necessary. Such records shall be made in duplicate, the original forwarded to the Commission and the carbon retained by the office maintaining the record. In the event a department finds it expedient to maintain its individual retirement accounts in the various bureaus, annual summaries of retirement fund accounts shall be consolidated into one summary before submission to the Commission.

(b) *Register of appointments.* A register of appointments shall be maintained on Form 2807, or acceptable substitute, recording the unrefunded deductions to the credit of the employees appointed during the year as shown on any individual retirement accounts (Form 2806) re-

[1] Certain legislative employees have the right of election to come under the system. (50 Stat. 512; 56 Stat. 13.)

ceived for such employee. (If no individual retirement account is received, no entry on the appointment register is necessary.) If Form 2807 is used, no entry shall be made in colums 2, 3, and 4. The name of the employee shall be entered in column 1 and the amount of unrefunded retirement deductions to his credit at the time of appointment as shown by his individual account shall be entered in column 5. The total of all entries in column 5 for the calendar year shall be used to support the entry "Register of Appointments" on the annual summary and must be in agreement therewith.

(c) *Register of separations.* A register shall be maintained on Form 2807, or acceptable substitute of all separations during the calendar year. When Form 2807 is used as a register of separations the name of the employee separated shall be entered in column 1 and the total deductions remaining to the credit of the employee at separation as shown by the last entry on his individual account shall be entered in column 5. (Columns 2, 3, and 4 may be used by those offices which desire to so record the information regarding current deductions.) In no case shall tontine be included in the net credit of the employee, either on his retirement account or on the register of separations, regardless of the cause of separation. The final total of column 5 shall be used to support the entry "Register of separations" on the annual summary, and must be in agreement therewith. In case of transfer from one bureau to another in the same department no entry shall be made on either the appointment or separation register unless the accounts are maintained and reports submitted by bureaus as specified in paragraph (a) of this section.

(d) *Register of adjustments.* The register of adjustments (Form 2807–1) is prescribed to provide an adequate medium for posting in the control accounts any corrections of prior reports. Any correction of individual retirement accounts necessitating a change in any of the amounts shown on a previous annual summary of retirement fund transactions shall be noted on the register of adjustments so as to show the name of the employee concerned, any increase or decrease in gross deductions or tontine and the resulting net increase or decrease in the net balance of the employee's individual account in each case, together with a citation as to the calendar year in which the error occurred. The character of the error in each case shall be recorded in the explanation column of the register in sufficient detail to afford a basis for the proper bookkeeping entry. When an adjustment of the account is occasioned by an adjustment of the retirement fund, the explanation shall include citations of the appropriation symbols of the accounts affected, and the dates and numbers of vouchers or other documents used as posting media. It is preferable that increases be shown in black and decreases in red, but any other distinct method will be acceptable. The final result of the net deductions column shall be used to support the fourth item on the annual summary, and shall be in agreement therewith.

(e) *Annual summary of retirement fund transactions.* The annual summary of retirement fund transactions Form 2607–2) has been prescribed to provide a uniform method of summarizing retirement fund transactions. For the present the first and second columns will be used only in reporting item 6.

The summary for each calendar year shall bring forward in the third column the balance at the close of the preceding calendar year as shown by the last entry on the summary submitted for that year. Item 2, "Register of appointments" shall be posted from the register of appointments and shall agree therewith. The total adjustments of prior fiscal year reports shall be posted in the third column under item 4. Under item 6 "Current calendar year payroll deductions" there shall be entered in the first column all deductions taken on the payroll during the calendar year for credit to the retirement fund; the amount of tontine included therein shall be entered in column 2, and the net credit extended to column 3. The totals in column 6 shall agree with the total current year's postings to the individual retirement accounts of employees, including the accounts of employees separated during the year.

Any adjustment for the current calendar year which cannot be properly taken care of under some calendar year item may be entered under item 9, in which event a separate adjustment register shall be submitted to cover this item. The total as shown on the register of separations shall be entered under item 12 as a deduction from the total to be accounted for, and the balance brought down under item 13, which item shall agree with the aggregate of balances on the individual accounts of employees still on the rolls at the close of the calendar year for which the report is submitted.

§ 29.108 *Set-off on account of indebtedness to the Government.* It is incumbent upon the Civil Service Commission when adjudicating claims for retirement credits due former employees to make proper set-offs from the total amounts due of any unliquidated amounts chargeable to such employees on account of advance payments for unearned annual or sick leave, overpayment of salary, or other indebtedness to the Government.

In filing claims for reimbursement on account of overdrawn leave the agencies concerned shall execute Form 3037 (Statement of Account of Overdrawn Annual and/or Sick Leave) in duplicate. In all cases involving withholding tax the amount of tax deductions included in the overpayment shall be entered directly below the space provided for gross indebtedness so that the form will show the total amount due the appropriation, the amount of tax reductions, and the balance for recovery from the retirement fund. The report shall show whether the amount of tax deductions has been taken up as Internal Revenue Collections or is being held in a special deposit account, in which case the special deposit account shall be fully identified. In each case involving withholding tax one copy of Form 3037 shall be forwarded to the General Accounting Office, Claims Division, at the same time the claim against the retirement fund is forwarded to the Commission. In all other cases both copies shall be forwarded to the Commission. Claims forwarded to the Commission should be attached to Form 2806 whenever possible.

Claims for set-off on account of indebtedness to the Government for reasons other than overdrawn leave shall be submitted to the Commission on Form 3037, in duplicate, setting forth all pertinent facts in the case, including the amount to be recovered.

AUTHORITY: §§ 932.0 to 932.15, inclusive, issued under 48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq.

§ 932.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C., 601, et seq.), and the rules of practice and procedure covering the formulation of marketing agreements and marketing orders, as amended (7 CFR, Cum. Supp., 900.1 et seq.; 10 F. R. 11791; 11 F. R. 7737), a public hearing was held August 20 to 24, 1946, upon certain proposed amendments to the tentatively approved marketing agreement and to the order, as amended, regulating the handling of milk in the Fort Wayne, Indiana, marketing area. It is hereby found upon the basis of evidence introduced at such hearing in addition to the other findings made prior to or at the time of the original issuance of said order and of each amendment thereto (which findings are hereby ratified and affirmed, save only as such findings are in conflict with the findings hereinafter set forth), that:

(1) The order regulating the handling of milk in the said marketing area, as amended, and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in the Fort Wayne, Indiana, marketing area a purchasing power equivalent to the purchasing power of such milk, as determined pursuant to sections 2 and 8 (e) of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk and the minimum prices set forth in the said order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner, and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is hereby found that a pro rata assessment on handlers at a rate not to exceed four cents per hundredweight with respect to all receipts by the handler, during each delivery period, of producer milk (including the handler's own production), and of other source milk classified as Class I milk and Class II milk pursuant to § 932.4 (b)(1)(i) and (2) of this order, will provide the funds necessary for the maintenance and functions of the market administrator in the administration of this order and such assessment is approved.

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in the processing, distributing, or shipping the milk covered by this order, as amended) of at least 50 percent of the volume of milk covered by this order, as amended, and as hereby further amended, which is marketed within the Fort Wayne, Indiana, marketing area refused or failed to sign the tentatively approved marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said tentatively approved marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, amending the order as amended, is the only practical means pursuant to the declared policy of the act of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the aforesaid order, as amended, is approved or favored by at least two-third of the producers who, during the determined representative period (November, 1946), were engaged in the production of milk for sale in the said marketing area.

It is hereby ordered, That such handling of milk in the Fort Wayne, Indiana, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended to read as follows:

§ 932.1 *Definitions.* The following terms mean:

(a) "Act" means Public Act No. 10, 73d Congress, as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

(b) "Secretary" means the Secretary of Agriculture or such other officer or employee of the United States authorized to exercise the powers or to perform the duties of the said Secretary of Agriculture.

(c) "Department of Agriculture" means the United States Department of Agriculture or such other Federal agency authorized to perform the price reporting functions specified in § 932.5 and § 932.8.

(d) "Market administrator" means the agency described in § 932.2.

(e) "Person" means any individual, partnership, corporation, association, or any other business unit.

(f) "Fort Wayne, Indiana, marketing area," hereinafter called the "marketing area," means all territory within the corporate limits of Fort Wayne, Indiana, and all territory within 4 miles of the corporate limits of Fort Wayne, Indiana, except the territory within the corporate limits of New Haven, Indiana.

(g) "Delivery period" means the calendar month or the total portion thereof during which this part is in effect.

(h) "Cooperative association" means any cooperative marketing association of producers which the Secretary determines, after application by the association:

(1) To be qualified under the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act"; and (2) to have full authority in the sale of milk of its members and to be engaged in making collective sales or marketing milk or its products for its members.

(i) "Route" means a delivery (including at a plant store) of milk, skim milk, buttermilk, flavored milk, or flavored milk drink in fluid form to a wholesale or retail stop(s) other than to a milk processing or distributing plant(s).

(j) "Handler" means:

(1) Any person, including any cooperative association, who operates a milk plant from which a route is operated wholly or partially within the marketing area;

(2) Any cooperative association which operates a milk plant at which milk is received from producers; or

(3) Any cooperative association with respect to:

(i) Milk caused by it to be delivered from producers' farms to a plant(s) described under subparagraph (1) of this paragraph, for which milk such association is authorized to receive payment; or

(ii) Milk of producers caused to be diverted on its account from a plant(s) described under subparagraph (1) of this paragraph or from a plant(s) operated by it, to a nonhandler's plant.

(k) "Producer" means any person, except a producer-handler, having certification issued by the appropriate health authority in the marketing area to produce milk for disposition within the marketing area in the form of fluid milk.

(l) "Nonhandler" means any person other than a handler who operates a milk processing or distributing plant from which no route is operated within the marketing area.

(m) "Producer milk" means milk produced by one or more producers under the conditions set forth in paragraph (k) of this section.

(n) "Other source milk" means (1) all skim milk and butterfat except that in producer milk and in any nonfluid milk product received and disposed of in the same form, and (2) all skim milk and butterfat transferred by a producer-handler to any handler.

(o) "Producer-handler" means any person who produces milk but receives no milk from producers and operates a route extending into the marketing area.

§ 932.2 *Market administrator*—(a) *Designation.* The agency for the administration of this part shall be a market administrator, selected by the Secretary, who shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

(b) *Powers.* The market administrator shall have the following powers with respect to this part:

(1) To administer its terms and provisions;

(2) To receive, investigate, and report to the Secretary complaints of violations;

(3) To make rules and regulations to effectuate its terms and provisions; and

(4) To recommend amendments to the Secretary.

(c) *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this part, including, but not limited to, the following:

(1) Within 30 days following the date on which he enters upon his duties, or such lesser period as may be prescribed by the Secretary, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon such duties and conditioned upon the faithful performance of such duties, in an amount and with surety thereon satisfactory to the Secretary;

(2) Employ and fix the compensation of such persons as may be necessary to enable him to administer the terms and provisions of this part;

(3) Obtain a bond in a reasonable amount and with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(4) Pay, out of the funds provided by § 932.9:

(i) The cost of his bond and of the bonds of his employees,

(ii) His own compensation, and

(iii) All other expenses, except those incurred under § 932.10, necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(5) Keep such books and records as will clearly reflect the transactions provided for in this part, and, upon request by the Secretary surrender the same to

such other person as the Secretary may designate;

(6) Publicly announce, unless otherwise directed by the Secretary, by posting in a conspicuous place in his office and by such other means as he deems appropriate, the name of any person who within 10 days after the day upon which he is required to perform such acts, has not made (i) reports pursuant to § 932.3, or (ii) payments pursuant to §§ 932.8, 932.9, 932.10, or 932.11;

(7) Submit his books and records to examination by the Secretary and furnish such information and reports as may be requested by the Secretary;

(8) On or before the 10th day after the end of each delivery period report to each cooperative association which so requests the amount and class utilization of milk caused to be delivered by such association, either directly or from producers who have authorized such association to receive payments for them, to each handler to whom the cooperative sells milk. For the purpose of this report the milk caused to be so delivered by an association shall be prorated to each class in the proportion that the total receipts of milk received from producers by such handler were used in each class;

(9) Audit all reports and payments by each handler by inspection of such handler's records and of the records of any other handler or person upon whose utilization the classification of skim milk and butterfat for such handler depends;

(10) Publicly announce, by posting in a conspicuous place in his office and by such other means as he deems appropriate, the prices determined for each delivery period as follows:

(i) On or before the 5th day after the end of such delivery period, the minimum class prices and the butterfat differentials for each class pursuant to § 932.5, and

(ii) On or before the 11th day after the end of such delivery period, the uniform price computed pursuant to § 932.7 and the butterfat differential computed pursuant to § 932.8; and

(11) Prepare and disseminate to the public such statistics and information as he deems advisable and as do not reveal confidential information.

§ 932.3 *Reports, records and facilities.*—(a) *Delivery period reports of receipts and utilization.* On or before the 5th day after the end of each delivery period each handler, except a producer-handler, shall report to the market administrator in the detail and on forms prescribed by the market administrator:

(1) The quantities of butterfat and quantities of skim milk contained in (or used in the production of) all receipts within such delivery period of (i) producer milk, (ii) skim milk and butterfat in any form from any other handler, and (iii) other source milk; and the sources thereof;

(2) The product pounds of milk products received from any nonhandler and disposed of in the same form;

(3) The utilization of all receipts required to be reported under subparagraphs (1) and (2) of this paragraph; and

(4) Such other information with respect to all such receipts and utilization as the market administrator may prescribe.

(b) *Other reports.* (1) Each producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator may prescribe.

(2) On or before the 20th day after the end of each delivery period each handler shall submit to the market administrator such handler's producer pay roll for the preceding delivery period, which shall show (i) the total pounds of milk received from each producer and cooperative association and the total pounds of butterfat contained in such milk, (ii) the amount of payment to each producer and cooperative association, and (iii) the nature and amount of any deductions and charges involved in the payments referred to in subdivision (ii) of this subparagraph.

(c) *Records and facilities.* Each handler shall maintain, and make available to the market administrator or to his representative during the usual hours of business, such accounts and records of his operations and such facilities as are necessary for the market administrator to verify or to establish the correct data with respect to (1) the receipts and utilization, in whatever form, of all skim milk and butterfat received, including milk products received and disposed of in the same form; (2) the weights, samples, and tests for butterfat and for other content of all skim milk and butterfat handled; (3) payments to producers and cooperative associations; and (4) the pounds of skim milk and butterfat contained in or represented by all milk, skim milk, cream and each milk product on hand at the beginning and at the end of each delivery period.

§ 932.4 *Classification.*—(a) *Skim milk and butterfat to be classified.* All skim milk and butterfat, in any form, received within the delivery period by a handler, in producer milk, in other source milk, and from another handler shall be classified by the market administrator pursuant to the following provisions of this section:

(b) *Class of utilization.* Subject to the conditions set forth in paragraphs (d) and (e) of this section, the skim milk and butterfat described in paragraph (a) of this section shall be classified by the market administrator on the basis of the following classes:

(1) Class I milk shall be all skim milk (including reconstituted skim milk) and butterfat:

(i) Disposed of in fluid form as milk, skim milk, buttermilk, or flavored milk or flavored milk drink (except as provided in subparagraphs (3) (ii) and (iii) of this paragraph; and

(ii) Not specifically accounted for as any item included under subdivision (i) of this subparagraph or as Class II milk or Class III milk.

(2) Class II milk shall be all skim milk (including reconstituted skim milk) and butterfat disposed of in fluid form as (i) cream or as any mixture containing cream and milk, or skim milk (not including ice cream mix disposed of pursuant to subparagraph (3) (iv) of this paragraph) containing not less than 6 percent of butterfat, and (ii) eggnog.

(3) Class III milk shall be all skim milk and butterfat:

(i) Used to produce a milk product other than any of those specified in subparagraphs (1) (i) or (2) of this paragraph;

(ii) Dumped or disposed of for livestock feed as skim milk, flavored milk, flavored milk drink, or buttermilk;

(iii) Disposed of as bulk skim milk to any manufacturer of candy, soup, or bakery products who does not dispose of milk in fluid form;

(iv) Disposed of as ice cream mix to a commercial processor;

(v) In actual plant shrinkage of producer milk computed pursuant to paragraph (c) of this section, but not in excess of 2 percent thereof; and

(vi) In actual plant shrinkage of other source milk computed pursuant to paragraph (c) of this section.

(c) *Shrinkage.* The market administrator shall determine the shrinkage of skim milk and butterfat, respectively, in producer milk and in other source milk in the following manner:

(1) Compute the total shrinkage of skim milk and butterfat, respectively, for each handler; and

(2) Prorate the total shrinkage of skim milk and butterfat, respectively, computed pursuant to subparagraph (1) of this paragraph between producer milk and other source milk after deducting receipts from other handlers.

(d) *Responsibility of handlers and reclassification of milk.* (1) All skim milk and butterfat shall be Class I milk, unless the handler who first receives such skim milk or butterfat proves to the market administrator that such skim milk or butterfat should be classified otherwise.

(2) Any skim milk or butterfat classified (except that transferred to a producer-handler) in one class shall be reclassified if used or reused by such handler or by another handler in another class.

(e) *Transfers.* Skim milk or butterfat disposed of by a handler either by transfer or diversion shall be classified:

(1) As Class I milk if transferred or diverted in the form of milk or skim milk and as Class II milk if so disposed of in the form of cream to another handler (except a producer-handler) unless utilization in another class is mutually indicated in writing to the market administrator by both handlers on or before the 5th day after the end of the delivery period within which such transaction occurred: *Provided*, That skim milk or butterfat so assigned to a particular class shall be limited to the amount thereof remaining in such class in the plant of the transferee-handler after the subtraction of other source milk pursuant to paragraph (g) (1) (iii) of this section, and any excess of such skim milk or butterfat, respectively, shall be assigned in series beginning with the next lowest-priced available utilization;

(2) As Class I milk if transferred or diverted to a producer-handler in the form of milk or skim milk and as Class II milk if so disposed of in the form of cream;

(3) As Class I milk if transferred or diverted in the form of milk or skim milk and as Class II milk if so disposed of in the form of cream to a nonhandler's plant unless, except as provided in subparagraph (4) of this paragraph, (i) the handler claims another class on the basis of a utilization mutually indicated in writing to the market administrator by both the buyer and seller on or before the 5th day after the end of the delivery period within which such transaction occurred, (ii) the buyer maintains books and records showing the utilization of all skim milk and butterfat at his plant which are made available if requested by the market administrator for the purpose of verification, (iii) such buyer's plant had actually used not less than an equivalent amount of skim milk and butterfat in the use indicated in such statement: *Provided*, That if upon inspection of his records such buyer's plant had not actually used an equivalent amount of skim milk and butterfat in such indicated use, the remaining pounds shall be classified on the basis of the next highest-priced available use in accordance with the classes set forth in paragraph (b) of this section; and

(4) As Class I milk if transferred or diverted in the form of milk to a nonhandler's plant located 100 miles or more from the City Hall in Fort Wayne, Indiana, by shortest highway distance as determined by the market administrator.

(f) *Computation of skim milk and butterfat in each class.* For each delivery period, the market administrator shall correct for mathematical and for other obvious errors the delivery period report submitted by each handler and compute the total pounds of skim milk and butterfat, respectively, in Class I milk, Class II milk, and Class III milk for such handler.

(g) *Allocation of skim milk and butterfat classified.* (1) The pounds of skim milk remaining in each class after making the following computations shall be the pounds in such class allocated to producer milk:

(i) Subtract plant shrinkage of skim milk pursuant to paragraph (b) (3) (v) of this section from the total pounds of skim milk in Class III milk;

(ii) Subtract, in the case of a handler which is a cooperative association operating a plant from which no route is operated wholly or partially within the marketing area, from the pounds of skim milk remaining in each class, in series beginning with the lowest-priced available use, the pounds of skim milk received in producer milk by such cooperative association but not to exceed 15 percent of the total quantity of producer milk marketed for its members by such association;

(iii) Subtract from the remaining pounds of skim milk in each class, in series beginning with the lowest-priced available use, the pounds of skim milk in other source milk;

(iv) Subtract from the remaining pounds of skim milk in each class the skim milk received from other handlers and assigned pursuant to paragraph (e) of this section;

(v) Add the quantity subtracted pursuant to subdivision (ii) of this subparagraph to the remaining pounds of skim milk in the appropriate class (based on the uses from which such subtraction was made); and

(vi) Add to the remaining pounds of skim milk in Class III milk the pounds subtracted pursuant to subdivision (i) of this subparagraph; or if the remaining pounds of skim milk in all classes exceed the pounds of skim milk in producer milk, subtract such excess from the remaining pounds of skim milk in series beginning with the lowest-priced available use.

(2) Allocate classified butterfat to producer milk according to the method prescribed in subparagraph (1) of this paragraph for skim milk.

(3) Determine the weighted average butterfat test of the remaining Class I milk, Class II milk, and Class III milk computed pursuant to subparagraphs (1) and (2) of this paragraph.

§ 932.5 *Minimum prices.*—(a) *Basic formula price to be used in determining class prices.* The basic formula price per hundredweight of milk to be used in determining the class prices provided by this section shall be the highest of the prices per hundredweight for milk of 4.0 percent butterfat content determined by the market administrator pursuant to subparagraphs (1), (2), or (3) of this paragraph, computed to the nearest tenth of a cent.

(1) The average of the basic (or field) prices per hundredweight reported to have been paid, or to be paid, for milk of 4.0 percent butterfat content received from farmers during the delivery period at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture:

Present Operator and Location
Defiance Milk Products Co., Defiance, Ohio.
Pet Milk Co., Angola, Ind.
Pet Milk Co., Garrett, Ind.
Kraft-Phenix Cheese Corp., Kendallville, Ind.

(2) The price per hundredweight computed as follows:

(i) Multiply by six the average daily wholesale price per pound of 92-score butter in the Chicago market as reported by the Department of Agriculture during the delivery period;

(ii) Add an amount equal to 2.4 times the average weekly prevailing price per pound of "Twins" during the delivery period on the Wisconsin Cheese Exchange at Plymouth, Wisconsin: *Provided*, That if the price of "Twins" is not quoted on the Wisconsin Cheese Exchange the weekly prevailing price per pound of "Cheddars" shall be used; and

(iii) Divide by seven, add 30 percent thereof, and then multiply by 4.0.

(3) The price per hundredweight computed by adding together the plus values pursuant to subdivisions (i) and (ii) of this subparagraph:

(i) From the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period, subtract three cents, add 20 percent thereof, and then multiply by 4.0; and

(ii) From the arithmetical average of the carlot prices per pound for nonfat dry milk solids (not including that specifically designated animal feed) spray and roller process, f. o. b. manufacturing plants in the Chicago area as published by the Department of Agriculture during the delivery period, deduct 5.5 cents, multiply by 8.5 and then multiply by 0.96, except that if such agency does not publish such prices f. o. b. manufacturing plants, there shall be used for the purpose of this computation the arithmetical average of the carlot prices thereof, delivered at Chicago, Illinois, as published weekly by such agency during the delivery period; and in the latter event the figure "7.5" shall be substituted for "5.5" in the above formula.

(b) *Class I milk prices.* Subject to the provisions of paragraphs (e) and (f) of this section, the minimum price per hundredweight, on a 4.0 percent butterfat content basis, to be paid by each handler, at his plant, for producer milk received and classified as Class I milk, shall be the basic formula price determined pursuant to paragraph (a) of this section, plus the following:

Delivery period:	*Amount*
April, May, and June	$0.60
October, November, and December	.90
All other months	.75

(c) *Class II milk prices.* Subject to the provisions of paragraphs (e) and (f) of this section, the minimum price per hundredweight, on a 4.0 percent butterfat content basis, to be paid by each handler, at his plant, for producer milk received and classified as Class II milk, shall be the basic formula price determined pursuant to paragraph (a) of this section, plus the following:

Delivery period:	*Amount*
April, May, and June	$0.35
October, November, and December	.65
All other months	.50

(d) *Class III milk prices.* Subject to the provisions of paragraphs (e) and (f) of this section, the minimum price per hundredweight, on a 4.0 percent butterfat content basis, to be paid by each handler, at his plant, for producer milk received and classified as Class III milk, shall be the same as the basic formula price.

(e) *Butterfat differentials to handlers.* If for any handler, the weighted average butterfat test of his classified producer milk is more or less than 4.0 percent, there shall be added to or subtracted from, as the case may be, the price for such class, for each one-tenth of one percent that such weighted average butterfat test is above or below 4.0 percent, a butterfat differential (computed to the nearest tenth of a cent) calculated by the market administrator for such class as follows:

(1) *Class I milk.* Multiply by 1.3 the average daily wholesale price per pound of 92-score butter in the Chicago market as reported by the Department of Agriculture during the delivery period and divide the result by 10.

(2) *Class II milk.* Multiply by 1.25 the average daily wholesale price per pound

of 92-score butter in the Chicago market as reported by the Department of Agriculture during the delivery period and divide the result by 10.

(3) *Class III milk.* Multiply by 1.15 the average daily wholesale price per pound of 92-score butter in the Chicago market as reported by the Department of Agriculture during the delivery period and divide the result by 10.

(f) *Emergency price provisions.* Whenever the provisions of this part require the market administrator to use a specific price (or prices) for milk or any milk product for the purpose of determining class prices or for any other purpose, the market administrator shall add to the specified price the amount of any subsidy or other similar payment being made by any Federal agency in connection with the milk, or product, associated with the price specified: *Provided,* That if for any reason the price specified is not reported or published as indicated, the market administrator shall use the applicable maximum uniform price established by regulations of any Federal agency plus the amount of any subsidy or other similar payment: *Provided further,* That if the specified price is not reported or published and there is no applicable maximum uniform price, or if the specified price is not reported or published and the Secretary determines that the market price is below the applicable maximum uniform price, the market administrator shall use a price determined by the Secretary to be equivalent to or comparable with the price specified.

§ 932.6 *Application of provisions*—(a) *Producer-handlers.* Sections 932.4, 932.5, 932.7, 932.8, 932.9, and 932.10 shall not apply to a producer-handler.

(b) *Exempt milk.* Milk received by a handler the handling of which the Secretary determines to be subject to the pricing and payment provisions of any other Federal milk marketing agreement or order issued pursuant to the act for any fluid milk marketing area shall not be subject to the pricing and payment provisions of this part.

(c) *Milk caused to be delivered by cooperative associations.* A cooperative association shall be deemed to be a handler pursuant to § 932.1 (j) (3) (i), with respect to milk caused by it to be delivered from producers' farms to a plant(s) described in § 932.1 (j) (1), only for the purpose of making such payments to the market administrator as are required of such association pursuant to the proviso of § 932.8 (e).

(d) *Diverted milk.* Producer milk diverted from a handler's plant to a nonhandler's plant shall be deemed to have been received by the handler on whose account such milk was diverted.

§ 932.7 *Determination of uniform price*—(a) *Computation of value of milk.* The value of producer milk received during each delivery period by each handler shall be a sum of money computed by the market administrator by multiplying the pounds of such milk in each class for the delivery period, by the applicable class prices, and adding together the resulting amounts: *Provided,* That if a handler, after subtracting other source milk and receipts from other handlers, has disposed of skim milk or butterfat in excess of the skim milk or butterfat which, on the basis of his report for the delivery period pursuant to § 932.3(a), has been credited to producers as having been received from them, there shall be added an amount computed by multiplying the pounds in each class as subtracted pursuant to § 932.4(g)(1)(vi) and (2) by the applicable class prices.

(b) *Computation of uniform price.* For each delivery period, the market administrator shall compute the "uniform price" per hundredweight for milk, on the basis of 4.0 percent butterfat content, received from producers as follows:

(1) Combine into one total the values computed pursuant to paragraph (a) of this section for all handlers who made the reports prescribed by § 932.3, except those in default of the payments prescribed in § 932.8 (e) for the preceding delivery period;

(2) Add an amount representing the cash balance on hand in the producer-settlement fund, less the total amount of contingent obligations to handlers pursuant to §932.8(f);

(3) Subtract, if the weighted average butterfat test of producer milk represented by the values included under subparagraph (1) of this paragraph is greater than 4.0 percent, or add, if such butterfat test is less than 4.0 percent, an amount computed by: mutiplying the amount by which its weighted average butterfat test varies from 4.0 percent by the butterfat differential computed pursuant to § 932.8 (c), and multiplying the resulting figure by the total hundredweight of such milk;

(4) Divide the resulting amount by the total hundredweight of producer milk represented by the values included in subparagraph (1) of this paragraph; and

(5) Subtract not less than 4 cents nor more than 5 cents (adjusting to the nearest one-tenth cent) from the amount per hundredweight computed under subparagraph (4) of this paragraph.

(c) *Notification of handlers.* On or before the 11th day after the end of each delivery period, the market administrator shall mail to each handler at his last known address, a statement showing (1) the amount and value of his milk in each class and the total thereof; (2) the applicable minimum class prices and uniform price; (3) the amount due such handler or the amount to be paid by such handler, as the case may be, pursuant to § 932.8 (e) and (f); and (4) the amount to be paid by each handler pursuant to §§ 932.8 (a) (1) and (2), 932.9, and 932.10.

§ 932.8 *Payment for milk*—(a) *Time and method of final payment.* Each handler shall make payments, after deducting the amount of the payments made pursuant to paragraph (b) of this section, as follows:

(1) On or before the 15th day after the end of each delivery period, to each producer, except producers for whom payment is received from the handler by a cooperative association pursuant to subparagraph (2) of this paragraph, at not less than the uniform price for such delivery period pursuant to § 932.7 (b) adjusted by the producer butterfat differential pursuant to paragraph (c) of this section, for all milk received from such producer during such delivery period: *Provided,* That if by such date such handler has not received full payment for such delivery period pursuant to paragraph (f) of this section, he may reduce such payments uniformly per hundredweight for all producers by an amount not in excess of the per hundredweight reduction in payment from the market administrator; however, the handler shall make such balance of payment to those producers to whom it is due on or before the date for making payments pursuant to this paragraph next following that on which such balance of payment is received from the market administrator.

(2) On or before the 13th day after the end of each delivery period, to a cooperative association with respect to milk caused to be delivered from producers' farms to such handler by such association during such delivery period, not less than the value of such milk computed at the minimum class prices provided by § 932.5. For the purpose of determining the classification of milk caused to be so delivered by a cooperative association to a handler, such milk shall be ratably apportioned among the receiving handler's total Class I milk, Class II milk, and Class III milk as determined pursuant to § 932.4 (g).

(b) *Partial payments.* (1) On or before the last day of each delivery period, each handler shall make payment, except as set forth in subparagraph (2) of this paragraph, to each producer, for the milk received from such producer by such handler during the first 15 days of such delivery period, at not less than the uniform price for the preceding delivery period.

(2) On or before the day immediately preceding the last day of each delivery period, each handler shall make payment to a cooperative association, for milk caused to be delivered from producers' farms to such handler by such association during the first 15 days of such delivery period, at not less than the uniform price of the preceding delivery period.

(c) *Producer butterfat differential.* In making payments pursuant to paragraph (a) (1) of this section there shall be added to, or subtracted from, the uniform price for milk of 4.0 percent butterfat content, for each one-tenth of one percent of butterfat content in such producer milk above or below 4.0 percent, as the case may be, an amount computed by multiplying the average daily wholesale price per pound of 92-score butter at Chicago, as reported by the Department of Agriculture for the delivery period, by 1.15, dividing by 10, and rounding to the nearest tenth of a cent.

(d) *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made by handlers pursuant to paragraph (e) of this section and out of which he shall make all payments to handlers pursuant to paragraph (f) of this section.

(e) *Payments to the producer-settlement fund.* On or before the 13th day after the end of each delivery period, each handler shall pay to the market administrator the amount by which the utilization value of producer milk received by such handler during such delivery period is greater than the value of such milk computed at the uniform price pursuant to § 932.7 (b) adjusted by the butterfat differential provided by paragraph (c) of this section: *Provided,* That with respect to milk for which payment is made by a handler to a cooperative association pursuant to paragraph (a) (2) of this section, the association, in turn, shall pay to the market administrator, on or before the 14th day after the end of each delivery period, the amount by which the utilization value of such milk is greater than its value computed at the uniform price pursuant to § 932.7 (b) adjusted by the butterfat differential provided by paragraph (c) of this section.

(f) *Payments out of the producer-settlement fund.* On or before the 15th day after the end of each delivery period, the market administrator shall pay to each handler the amount by which the utilization value of producer milk received by such handler during such delivery period is less than the value of such milk computed at the uniform price pursuant to § 932.7 (b) adjusted by the butterfat differential provided by paragraph (c) of this paragraph, less any unpaid obligations of such handler to the market administrator pursuant to paragraph (e) of this section, § 932.9, § 932.10, and § 932.11: *Provided,* That with respect to milk for which payment is made by a handler to a cooperative association pursuant to paragraph (a) (2) of this section, the market administrator shall pay, on or before the 15th day after the end of each delivery period, to such association the amount by which the utilization value of such milk is less than its value computed at the uniform price pursuant to § 932.7 (b) adjusted by the butterfat differential provided by paragraph (c) of this section: *And provided further,* That if the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available.

§ 932.9 *Expense of administration.* As his pro rata share of the expense incurred pursuant to § 932.2 (c) (4) each handler shall pay the market administrator, on or before the 13th day after the end of each delivery period, 4 cents per hundredweight, or such lesser amount as the Secretary from time to time may prescribe with respect to all receipts within the delivery period of (a) producer milk (including such handler's own production), and (b) other source milk classified as Class I milk pursuant to § 932.4 (b) (1) (i) and Class II milk.

§ 932.10 *Marketing services*—(a) *Marketing service deductions.* Except as set forth in paragraph (b) of this section, each handler, in making payments to producers pursuant to § 932.8 (a) (1), shall make a deduction of 4 cents per hundredweight of milk, or such lesser deduction as the Secretary from time to time may prescribe, with respect to the following:

(1) All milk received from producers at a plant not operated by a cooperative association; and

(2) All milk received at a plant operated by a cooperative association from producers who are not members of such association.

Such deductions shall be paid by the handler to the market administrator on or before the 13th day after the end of each delivery period. Such moneys shall be expended by the market administrator for verification of weights, samples, and tests of milk received from such producers and in providing for market information to such producers; such services to be performed in whole or in part by the market administrator or by an agent engaged by and responsible to him.

(b) *Marketing service deduction with respect to members of, or producers marketing through, a cooperative association.* In the case of each producer (1) who is a member of, or who has given written authorization for the rendering of marketing services and the taking of deduction therefor to a cooperative association, (2) whose milk is received at a plant not operated by such association, and (3) for whom the Secretary determines that such association is performing the services described in paragraph (a) of this section, each handler shall deduct, in lieu of the deduction specified under paragraph (a) of this section, from the payments made pursuant to § 932.8 (a) (1) the amount per hundredweight on milk authorized by such producer and shall pay over, on or before the 13th day after the end of such delivery period, such deduction to the association entitled to receive it under this paragraph.

§ 932.11 *Adjustments of accounts*—(a) *Errors in payments.* Whenever audit by the market administrator of any handler's reports, books, records, or accounts discloses errors resulting in moneys due (1) the market administrator from such handler, (2) such handler from the market administrator, or (3) any producer or cooperative association from such handler, the market administrator shall promptly notify such handler of any such amount due; and payment thereof shall be made on or before the next date for making payment set forth in the provision under which such error occurred following the 5th day after such notice.

(b) *Interest on overdue accounts.* Any unpaid obligation of a handler or of the market administrator pursuant to §§ 932.8, 932.9, 932.10, or paragraph (a) of this section shall bear interest at the rate of one-half of one percent per month, such interest to accrue on the 5th day of the calendar month next following the due date of such obligation and on the first day of each calendar month thereafter until such obligation is paid.

§ 932.12 *Effective time.* The provisions of this part, or of any amendment hereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated.

§ 932.13 *Suspension or termination*—(a) *When suspended or terminated.* The Secretary shall, whenever he finds that this part, or any provision thereof, obstructs or does not tend to effectuate the declared policy of the act, terminate or suspend the operation of this order or any such provision thereof.

(b) *Continuing obligations.* If, upon the suspension or termination of any or all provisions of this part, there are any obligations thereunder the final accrual or ascertainment of which requires further acts by any person (including the market administrator), such further acts shall be performed notwithstanding such suspension or termination.

(c) *Liquidation.* Upon the suspension or termination of the provisions of this part, except this section, the market administrator, or such other liquidating agent as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office, dispose of all property in his possession or control, including accounts receivable, and execute and deliver all assignments or other instruments necessary or appropriate to effectuate any such disposition. If a liquidating agent is so designated all assets, books, and records of the market administrator shall be transferred promptly to such liquidating agent. If, upon such liquidation, the funds on hand exceed the amounts required to pay outstanding obligations of the office of the market administrator and to pay necessary expenses of liquidation and distribution, such excess shall be distributed to contributing handlers and producers in an equitable manner.

§ 932.14 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions of this part.

§ 932.15 *Separability of provisions.* If any provision of this part, or its application to any person or circumstances, is held invalid, the application of such provision, and of the remaining provisions of this part, to other persons or circumstances shall not be affected thereby.

Issued at Washington, D. C., this 26th day of February 1947, to be effective on and after the 1st day of April 1947.

[SEAL] N. E. DODD,
Acting Secretary of Agriculture.

Approved: February 28, 1947.

Chapter II—Office of Alien Property, Department of Justice

[Gen. Order 34, Reg. 2]

PART 503—SUBSTANTIVE RULES

PROPERTY ACQUIRED ON OR AFTER JAN. 1, 1947

Under the authority of the Trading with the Enemy Act, as amended, and Executive Orders issued thereunder, and pursuant to law, the following regulation is hereby issued:

§ 503.40–2 *Non-applicability of § 503.40 to property acquired on or after January 1, 1947.* (a) No report on Form APC–56 shall be required to be filed pursuant to § 503.40 (General Order No. 34) with respect to any property or interest

(1) Which is initially brought into the United States after December 31, 1946, unless such property or interest represents, directly or indirectly, ownership or control of, or an interest in, any property or interest in the United States on December 31, 1946, or

(2) Which is initially acquired by Germany or Japan or any national thereof after December 31, 1946; *Provided*, That no such property or interest shall be considered initially acquired after December 31, 1946, if such property or interest is, in whole or in part, the income, interest, increment, dividends, or proceeds from, or has been converted from, exchanged for, acquired with the proceeds of, or is in any other way directly or indirectly derived from, any property or interest in the United States in which on December 31, 1946, Germany or Japan, or any national thereof, had any interest.

(b) The definition of terms in § 503.40 shall be applicable to this section.

PART 503—SUBSTANTIVE RULES

CONSENT TO TRANSFER OF PROPERTY ACQUIRED AFTER SPECIFIED DATES

Under the authority of the Trading With the Enemy Act, as amended, and Executive orders issued thereunder, and pursuant to law, Regulation No. 1 under § 503.7 (General Order No. 20) is hereby amended to read as follows:

§ 503.7–1 *Consent to transfer of property acquired after specified dates.* (a) For the purposes of paragraph (a) (1) of § 503.7 (General Order No. 20), the Director of the Office of Alien Property, acting for the Attorney General, hereby consents, subject to the provisions of paragraph (b) of this section, to the payment, transfer, or distribution, by a designated person as defined in § 503.7, of any property of any nature whatsoever, except the following:

(1) Property which on December 31, 1946 was located in the United States, or any territory or possession thereof, and in which on that date any of the following had any interest:

(i) The Government of Germany or Japan, or any agent, instrumentality, or representative of either Government;

(ii) A person within Germany or Japan, or a citizen or subject of either country within Italy, Bulgaria, Hungary or Rumania;

(2) Property which on December 7, 1945 was located in the United States, or any territory or possession thereof, and in which on that date any of the following had any interest:

(i) The Government of Italy, Bulgaria, Hungary or Rumania, or any agent, instrumentality, or representative of any of such Governments;

(ii) A person (other than a citizen or subject of Germany or Japan) within Italy, Bulgaria, Hungary or Rumania;

(3) Income from the property described in subparagraph (1) of this paragraph accruing on or after December 31, 1946, or from the property described in subparagraph (2) of this paragraph accruing on or after December 7, 1945.

(b) Any payment, transfer, or distribution pursuant to paragraph (a) of this section may be made only if licensed or otherwise authorized by the Secretary of the Treasury pursuant to the provisions of Executive Order No. 8389, as amended.

(c) For the purpose of this section:

(1) "Person" shall mean any individual, partnership, association or corporation;

(2) "Income" shall include, without limitation, any interest, dividend, increment, proceeds, exchange, conversion, or other derivative, direct or indirect.

TITLE 11—ATOMIC ENERGY

REDESIGNATION OF TITLE

NOTE: Title 11 is redesignated as set forth above. Chapter I thereof is reserved for rules and regulations of the Atomic Energy Commission.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

SUSPENSION OF TRADING, WITHDRAWAL AND STRIKING FROM LISTING AND REGISTRATION

The Securities and Exchange Commission deems it necessary for the exercise of the functions vested in it and necessary and appropriate in the public interest and for the protection of investors to amend paragraph (a) (2) of § 240.12d2–1 (Rule X-12D2–1). The amendment eliminates the requirement that an exchange which has suspended a security from trading shall file a statement every two months setting forth the reasons for continuing the suspension, and instead requires such exchange to notify the Commission only in the event of a change in the reasons for the suspension. The amendment further provides for notification by an exchange of the effective date on which a suspended security is restored to trading. The basis and purpose of the amendment are: (1) To relieve exchanges of a reporting requirement which the Commission's experience has proved unnecessary in view of the fact that almost without exception the statements of reasons for continuing the suspensions have been identical with the statement of the reasons for suspending the security initially; and, (2) to assure that the Commission's records will currently reflect that trading has been resumed in a security which has been suspended. The Commission for good cause finds that the notice and public procedure provided for in section 4 (a) and (b) of the Administrative Procedure Act are unnecessary for the reasons that the amendment has no effect on investors or persons other than national securities exchanges, and the net effect on such exchanges is to reduce their reporting requirements. Therefore, the Commission, pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 12 (d) and 23 (a) thereof, hereby amends paragraph (a) (2) of § 240.12d2–1 (Rule X-12D2–1), effective April 1, 1947, to read as follows:

§ 240.12d2–1 *Suspension of trading, withdrawal, and striking from listing and registration.*[1] (a) • • •

(2) Any such suspension may be continued until such time as it shall appear to the Commission that such suspension is designed to evade the provisions of section 12 (d) (48 Stat. 893; 15 U. S. C. 781 (d)) and the rules and regulations thereunder relating to the withdrawal and striking of a security from listing and registration. During the continuance of such suspension the exchange shall notify the Commission promptly of any change in the reasons for the suspension. Upon the restoration to trading of any security suspended under this section, the exchange shall notify the Commission promptly of the effective date thereof.

(Secs. 12 (d), 23 (a), 48 Stat. 892, 901; 15 U. S. C. 781, 78w)

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

TITLE 22—FOREIGN RELATIONS

Chapter I—Department of State

[Departmental Reg. 108.42]

PART 1—ORGANIZATION

PART 2—FUNCTIONS

ESTABLISHMENT OF FOREIGN SERVICE INSTITUTE

Under authority contained in R. S. 161 (5 U. S. C. 22), and in accordance with the provisions of Title VII of the Foreign Service Act of 1946 (60 Stat. 1018), there is hereby established in the Department of State the Foreign Service Institute. Its purpose shall be to improve the skills, broaden the understanding, and develop the abilities of Foreign Service and Department personnel, and other Federal employees requiring instruction in the field of foreign relations, by furnishing extensive and systematic training and by promoting and fostering programs of study incidental to such training.

The Director General of the Foreign Service is authorized to establish an Advisory Committee to serve as a consultative body to the Director of the Foreign Service Institute with respect to the activities thereof.

Accordingly, Title 22, Part 1, § 1.2 (g) (6), and Part 2, § 2.9 (m) (11 F. R. 177A–3 and 177A–5), are amended by changing the lines reading "Division of Training Services" to read, "Foreign Service Institute".

(R. S. 161, sec. 12, Pub. Law 404, 79th Cong., 60 Stat. 244; 5 U. S. C. 22)

This regulation shall become effective on the date of its promulgation in the FEDERAL REGISTER.

G. C. MARSHALL,
Secretary of State.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M–328, as Amended March 6, 1947]

PROVISIONS APPLICABLE TO TEXTILES, CLOTHING AND RELATED PRODUCTS

The fulfillment of requirements for the defense of the United States has created shortages in the supplies of textiles, clothing, leather and related products for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3290.118 *Conservation Order M–328.*—(a) *Definitions.* As used in this order: (1) The term "textile, clothing and related products" includes the following items:

(i) Animal bristles and hair.

(ii) Clothing, footwear (including safety shoes, hats, gloves, and all other outer or under garments or apparel, if made in whole or in part of leather or textile yarn, staple fiber, or fabrics). However, this does not include rubber footwear, professional rubber gloves, or the following items when such items are specifically designed and used to furnish protection against occupational hazards (other than weather):
Asbestos clothing.
Gauntlet type welders' leather gloves and mittens, and electricians' leather protector or cover gloves.
Metal mesh gloves, aprons and sleeves.
Other safety leather gloves or mittens, but only if steel-stitched or steel-reinforced.
Plastic and fiber safety helmets.
Safety belts and harnesses.
Safety clothing impregnated or coated for the purposes of making the same resistant against fire, acids or other chemicals or abrasives.
Safety industrial leather clothing other than gloves or mittens.
Safety industrial rubber gloves and hoods, and linemen's rubber gloves and sleeves.

(iii) Cotton, wool and synthetic yarns and blends of the foregoing.

(iv) Woven, felted, knitted and braided fabrics of cotton, wool or synthetic yarns and blends of the foregoing, including but not limited to:
Bedsheets.
Pillow cases.
Blankets.
Towels.
Diapers.
Face cloths.
Table "linens."

(v) Dyestuffs, which means organic coloring matter even though the matter itself appears colorless. The term does not include inorganic pigments extended or otherwise processed with resinates, with dispersing agents, or with other substantially colorless organic material.

(vi) The following metal shoe findings:
Arch supports.
Box toes and caps.
Heel rims and plates.
Heel washers.
Shoe shanks.
Toe rims and plates.
Steel wire shoe nails.

(vii) Hides, skins, furs and leather and products made primarily therefrom.

(viii) Manila, agave, istle, hemp (cannabis sativa), jute, coir yarn and other fibers, suitable for cordage (rope and twine), and cordage products made primarily therefrom.

(ix) Mops.

(x) Slide fasteners.

(xi) Sponges, marine and loofa.

(xii) Textile fibers (animal, vegetable, or synthetic, including curled istle) and products made primarily from textile fibers or textiles. This does not include fabrics after they have been coated or impregnated, fire hose, fire hose jackets, sisal processors' mill waste or sisal bagasse.

(xiii) Steel tacks (except thumb tacks).

(xiv) Synthetic rubber thread and products made therefrom.

(2) "Cotton fabric" means any fabric 12" or more in width woven or braided

from cotton yarn which contains 50% or more by weight of cotton or cotton waste or any combination of the two. The term includes not only fabrics in the grey and yarn dyed fabrics, original mill or regular finish, but also fabrics which have been bleached, Sanforized, dyed or printed; and includes shorts, seconds, remnants or mill ends. The term does not include blankets or blanketing containing 25% or more by weight of wool; or fabrics (other than blankets or blanketing) containing wool produced on the woolen or worsted system.

(3) "Producer," with respect to cotton fabrics, means any person who weaves for his own account, or has woven for his account, any cotton fabric in the forty-eight States or the District of Columbia. A person who weaves cotton fabric for the account of another is not a producer of that fabric for the purpose of this order.

(4) "Rayon fabrics" means any woven or knitted (both circular and warp) fabric, containing less than 25% wool by weight, but of which the remaining fibers are more than 50% of synthetic fiber (filament or spun yarn, or their blends) by weight. For example, a fabric containing 20% wool, 41% rayon, and 39% cotton is a rayon fabric. Except where otherwise indicated, it includes such fabrics, whether grey, original mill, or regular finish, bleached, dyed, printed, or otherwise processed as fabric.

(5) With respect to rayon fabrics, "producer" means any person who weaves or knits rayon fabrics from yarn owned by him, or who has rayon fabrics woven or knitted for his account from yarn owned by him, whether he delivers them in the grey, finished, or partially finished state. If a person supplies yarn to a weaver or knitter for processing on a basis under which a part of the fabric produced from that yarn is to be owned by the yarn supplier, and part by the weaver or knitter, the yarn supplier is the producer of that part of the fabric which he will get, and the weaver or knitter is the producer of the remainder. Where a person supplies yarn to a weaver or knitter in exchange for fabric not made from the yarn supplied, the weaver or knitter is the producer of all of the fabric made from the yarn which he gets in this way, as well as of any other fabric produced by him.

(6) "Finished goods supplier" means any person who finishes, or has finished for his account, rayon fabrics which he owns, whether he produces them in the grey, finished, or partially finished state.

(7) "Cotton textile" means any of the following:

(i) Cotton yarn containing 50% or more by weight of cotton or cotton waste or any combination of the two, spun on roving, ring, tube twister or converted twister spindles, or produced on the woolen system. The term includes grey, bleached, mercerized, colored, glazed or polished yarn, whether single, ply, twisted or braided and including thread, sash cord, rope, twine and cordage (for example, tying, sail or seine twine, and cotton tire cords, including cotton tire cord held together loosely or by one or more picks) or

(ii) Cotton fabric; or

(iii) The following cotton fabric products: Bedsheets, pillow cases, blankets, towels, diapers, face cloths, table "linens", and fish netting.

(b) *CPA may issue directions.* The Civilian Production Administration may issue published directions, or specific directions to individual producers or processors of textile, clothing and related products, with respect to the production, fabrication, processing or delivery of items to meet particular military or civilian requirements, and no person shall produce, fabricate, process, deliver or accept delivery contrary to these directions.

The general policy of CPA, however, will be not to issue further directions, published or unpublished, for the manufacture or distribution of textile, clothing, and related products.

These materials are no longer subject to price controls, and most of the former CPA controls over production and distribution have been eliminated. Military requirements were greatly reduced many months ago, and now represent a small part of total consumption. Supplies for industrial, commercial, agricultural and other civilian uses should now be obtainable by persons making adequate and timely efforts to fill their needs, from among the many sources of supply. Even when the most desirable materials may not be readily available, usable substitutes should be obtainable. Some further readjustments between sources of supply and purchasers may occur, but this readjustment might well be delayed, rather than avoided, by additional directions.

In general, therefore, directions will not be issued, unless an unforeseeable emergency should arise, such as that caused by fire, flood, or other disaster, and would clearly cause severe community or other hardship to a large number of people if such action by CPA is not taken.

(c) *Rating ceilings*—(1) *Producers.* No producer need accept or fill MM or CC rated orders which would cause him to deliver during any calendar quarter on such rated orders more of any cotton or rayon fabric than a quantity equal to the percentage, specified in the attached table, applied to a figure equal to his total production of that fabric during the previous calendar quarter (the term "any cotton or rayon fabric" refers to any group of fabrics having the same Item Number in the CPA–658 form indicated).

(2) *Rayon finished goods suppliers.* No finished goods supplier need accept or fill MM or CC rated orders which would cause him to deliver during any calendar quarter on such rated orders more of any rayon fabric than a quantity equal to the percentage, specified in the attached table, applied to a figure equal to his total deliveries of that fabric during the previous calendar quarter (the term "any rayon fabric" refers to any group of fabrics having the same Item Number in the CPA–658 form indicated).

(3) *General rating ceiling provisions.* The rating ceilings established in this order are separate for each fabric or group of fabrics having the same Item Number, and deliveries on rated orders in excess of one of these ceilings may not be charged against any of the other ceilings. Within the ceiling for the fabrics covered by any Item Number, MM rated orders must be accepted and filled in preference to undelivered orders with CC ratings, in accordance with Priorities Regulation 1, and all other rules of that regulation also apply.

(4) *Kinds of ratings affected.* Paragraphs (c) (1) and (c) (2) above refer to MM and CC rated orders. Orders rated AAA must be accepted and filled regardless of the rating ceiling.

(d) *Information required on rated orders for cotton textiles.* (1) Each person applying or extending a preference rating for any cotton textile shall add to his rating certificate a statement as to the source of the rating substantially as follows:

> This rating has been assigned on Form CPA _____, Serial Number ____ (insert the CPA Form Number and Serial Number; or if the rating was not assigned on a CPA Form, state the source of the rating by specifying the military contract number).

(2) The above requirement does not apply to the United States Army, Navy, or Maritime Commission on their direct purchase orders.

(e) *Restriction on serving ratings on another producer*—(1) *Cotton yarn.* No producer of cotton yarn shall use any preference rating to obtain cotton yarn from another producer, except to the extent authorized by the Civilian Production Administration, upon his showing in writing that his own production is insufficient or unsuitable.

(2) *Cotton fabric.* No producer of cotton fabric shall use any preference rating to obtain cotton fabric from another producer, except to the extent authorized by the Civilian Production Administration, upon his showing in writing that his own production is insufficient or unsuitable.

(f) *Integrated operations.* Requisitions for intra-company deliveries of fabrics from the producing mill shall be treated as if they were purchase orders, for the purposes of this order.

(g) *Applicability of regulations.* Except as otherwise provided in this order or any direction under it, this order and such direction and all transactions affected thereby are subject to all applicable regulations of the Civilian Production Administration.

(h) *Appeals.* (1) Any appeal from the provisions of this order or of any direction to it shall be made by filing a letter in triplicate, referring to the particular provision appealed from, and stating fully the grounds of the appeal.

(2) No direction or order relating to textile, clothing or related products (whether or not it refers to Order M–328) shall be deemed to require the furnishing of materials or facilities to the Civilian Production Administration. If a direction or order requires the furnishing of materials or facilities to a contracting agency or to its contractors, or the production of a specified amount of a material or product, or restricts all or part of a person's production or inventory to specified purposes, and if the person affected cannot get firm orders to cover the materials, facilities, production or inventory involved, he may appeal, and the Civilian Production Administration will grant appropriate relief.

(i) *Reports.* Producers of cotton textiles and rayon fabrics shall file reports on Forms CPA–658A, 658B, 658C, and 658E, in accordance with the instructions on those forms. Producers of woven fabrics made on woolen and worsted looms, felt and hat bodies, shall file reports on Form CPA–1420, in accordance with the instructions on that form. These reporting requirements have been approved by the Bureau of the Budget under the Federal Reports Act of 1942.

(j) *Records.* Each person participating in any transaction to which this order applies shall keep and preserve for at least two years accurate and complete records of the details of each such transaction and his inventories of the material involved, in accordance with § 944.15 of Priorities Regulation 1.

(k) *Violations and false statements.* Any person who wilfully violates any provision of this order, or any direction under it, or who in connection with this order, or any such direction, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(l) *Communications.* All reports to be filed hereunder and communications concerning this order or any direction under it shall, unless otherwise directed, be addressed to the Civilian Production Administration, Textile Division, Washington 25, D. C., Ref. M–328.

(m) *Expiration date.* This order shall expire at the end of March 1947.

Issued this 6th day of March 1947.

Recording Secretary.

NOTE: (1) All references in this table to CPA forms in the 658 series refer to those forms as revised 12/19/46. (2) In transposing the rating ceiling percentages for reference numbers 27 and 28 from Order M–317A, upon the revocation of that order and the simultaneous amendment of Order M–328 on January 14, 1947, it was not intended to change the rating ceiling percentage of 2% for reference number 28, and 5% for reference number 27. Producers may therefore regard the rating ceiling percentages specified for these two reference numbers in this table as amended March 6, 1947, as having been in effect since the previous amendment of this order on January 14, 1947.

DIRECTIONS TO ORDER M–328

All published directions to Order M–328, issued before March 6, 1947, have been revoked.

PART 4700—VETERANS' EMERGENCY HOUSING PROGRAM

[Veterans' Emergency Housing Program 1, Direction 2, as Amended March 6, 1947]

PREPARING CPA–4423 APPLICATIONS

The following amended direction is issued pursuant to Veterans' Emergency Housing Program 1:

(a) Applications for authorization under Veterans' Housing Program Order 1 to do non-housing construction or repair work restricted by that order are filed on Form CPA–4423. This form requires the applicant to state in item 4 c the estimated cost of processing equipment to be used in the proposed project, excluding reused equipment. In item 5 the applicant is required to state the estimated cost of the project, not including the cost of the land, existing structures and architects' and engineers' fees. The figure in item 5 is to be broken down into two items, the cost of fixtures and building service (mechanical) equipment and the cost of structures, excluding the cost of fixtures and mechanical equipment.

(b) The applicant should enter, under item 4 c the total cost or value of all of the kinds of equipment and machinery listed under paragraph (b) (2) of Supplement 1, except used equipment. The figure entered in item 4 c should also include the total cost or value of the kinds of items listed under paragraph (b) (3) of Supplement 1, (except when they are fixtures) excluding the cost or value of used equipment. These paragraphs list various kinds of processing equipment and various kinds of servicing equipment.

(c) The applicant should enter as the "cost of fixtures and building service (mechanical) equipment" in item 5 the cost or value of all of the items of the kinds described and listed in paragraph (b) (1) of Supplement 1 to VHP–1. This paragraph lists various kinds

of fixtures and plumbing, heating, lighting and ventilating equipment. He should also enter the cost or value of items listed in paragraph (b) (3) when fixtures. The cost of installation of fixtures and items of equipment should be included along with the cost of the fixtures and the equipment. It is not necessary to include the cost of used fixtures and equipment (or the cost of installation) which have been severed from the structure or another structure owned by the builder (the owner or occupant of the building) and are to be used without change of ownership.

(d) The applicant should include as the "cost of structure" in item 5 the cost of the building or buildings, excluding the cost of processing equipment and the cost of fixtures and mechanical equipment. The applicant need not include in this figure the cost or value of materials and labor which do not constitute part of the cost of the construction job under paragraph (g) of Supplement 3 to VHP–1. Paragraph (g) (2) of that supplement lists numerous specific items which may be excluded from the cost of a job under VHP–1.

(e) In reviewing an application to determine whether it should be approved, the Civilian Production Administration relies upon the statements and representations made in the application and in supplementary documents filed with the application. Severe criminal penalties may be imposed for making wilfully false statements or representations in connection with these applications. This imposes upon persons making statements and representations in connection with applications great responsibility for the correctness of these statements and representations. In addition, the granting of the authorization imposes upon the builder and others concerned with the project, the responsibility of carrying out the provisions of the authorization and the representations made. For this reason it is important that each of the statements and representations involved should be made by a person familiar with the facts and responsible for their correctness and truthfulness. Contractors and architects and landlords may be in a position to assume responsibility for the performance of the construction in accordance with the authorization but ordinarily they are not in a position to accept responsibility for the correctness of statements and representations as to the need for the building and the use to which it will be put. The application should be made and signed by the person who is to be responsible for the construction, normally the individual who, or a responsible officer of the corporation which, owns or is to own the building or other structure involved. If the person who signs the application is not personally familiar with the need for the proposed work and therefore is not in a position to assume responsibility for statements and representations with respect to the need for the building and the purpose to which it is to be put, these statements and representations should be made in a letter attached to the application signed by the prospective occupant of the building or a responsible officer of the corporation which is to occupy it, or any other person who is in a position to accept the responsibility for these statements.

(f) If a builder wishes to complete construction of a project on which some work has been done, and on which construction has been stopped, this fact should be stated in the application. The applicant should give, either on the application or in a letter attached to the application, full information about the beginning of the construction, including a statement of the nature and cost of the work previously done and a statement as to when it was done and including also a statement as to the exact nature and the estimated cost of the work required for completion, together with a statement about the circumstances under which construction was stopped, referring particularly to any stop telegram, suspension order, consent order or injunction involved. If the application is approved, authorization will be given only for the work which has not yet been done.

Issued this 6th day of March 1947.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-328, Revocation of Direction 32]

COTTON AND RAYON FABRICS FOR PROCESSING IN PUERTO RICO

Direction 32 to Order M-328 is revoked. This revocation does not affect any liabilities incurred for violation of the direction or of actions taken by the Civilian Production Administration under it.

This revocation does not affect the validity of any ratings which were assigned under the direction before March 6, 1947. However, no person may apply any further CC ratings under the direction.

Any valid ratings applied under Direction 32 may continue to be extended, orders bearing such ratings must still be accepted and filled, and material obtained with these ratings must continue to be used, if possible, for the purpose for which the priorities assistance was given, in accordance with the Priorities Regulations.

Issued this 6th day of March 1947.

CIVILIAN PRODUCTION ADMINISTRATION,
By J. JOSEPH WHELAN,
Recording Secretary.

Chapter XI—Office of Temporary Controls, Office of Price Administration

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[3d Rev. RO 3,[1] Amdt. 39]

SUGAR

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

[1] 11 F. R. 177, 14281.

Third Revised Ration Order 3 is amended in the following respects:

1. Section 1.4 (b) (1) is amended to read as follows:

(1) The sugar must be sugar manufactured tax-free under section 402 (d) of the Sugar Act of 1937, except as provided in paragraph (c) (7) of this section.

2. Section 1.4 (c) is amended by adding the following:

(7) If the farm is incorporated, a statement that all of the stock of the corporation owning the farm is held by persons who reside on and manage the farm.

NOTE: Many persons own and operate sugar beet and sugarcane farms which are incorporated. Such persons are not entitled to obtain tax-free sugar under the provisions of section 402 (d) of the Sugar Act of 1937. Nevertheless, for sugar rationing purposes, they are, if they reside on and manage such farms, as entitled to obtain ration-free sugar under section 1.4 as are owners who reside on and manage unincorporated farms.

3. Sections 1.9 and 1.10 are deleted.

4. Section 2.2 (b) is amended by deleting the second sentence and inserting in place thereof the following: "The application must be made on or after the 10th day of the month preceding the beginning of the allotment period but not more than 5 days after the beginning of the allotment period."

5. Section 4.9 (a) is amended by adding the following sentence to read as follows: "Each report, required to be filed under this section, shall be filed in duplicate."

6. Section 4.11 is added to read as follows:

SEC. 4.11 *Certain wholesalers may exchange valid ration stamps and coupons for a ration check.* (a) Any wholesaler, whose ration bank account has been closed under the provisions of section 4.10 of this order and whose supplier will not deliver sugar upon the surrender of ration stamps and coupons properly affixed to gummed sheets, may exchange such ration evidences at the Sugar Branch Office for a ration check.

(b) The Sugar Branch Office shall determine that the ration stamps and coupons have been affixed to gummed sheets as required by this order and shall forward such gummed sheets to the Regional Office. The Regional Office, after verifying the validity of the ration stamps and coupons, shall issue to the wholesaler a ration check not to exceed the total weight value of the ration stamps and coupons surrendered by the wholesaler less the weight value of any stamps and coupons which are found to be invalid or counterfeit.

7. Section 5.6 is amended by changing the words "Director of Sugar Rationing Division" in the title and in the text to read "Deputy Commissioner for Sugar".

8. Section 8.5 (a) is amended by adding a note to read as follows:

NOTE: A Court, however, may require the person obtaining sugar on judicial sale to surrender evidences for such sugar at the time of the sale. The evidences so surrendered shall be given up by the person appointed by the Court to collect the evidences to the appropriate Sugar Branch Office of the Office of Price Administration.

9. Section 8.8 is amended by adding a new paragraph (g) to read as follows:

(g) *Prohibition of sale or purchase of ration evidence or sugar.* The sale or purchase of ration evidences or sugar under the provisions of this section is not permitted. An industrial user may deliver sugar or ration evidences for making an industrial use of such sugar or ration evidences under the provisions of this section only where the production of the product which is permitted under this section is for the benefit or use of the transferor. Thus, a transferee's offer of money or payment of money for ration evidences or sugar to be "tolled" to him in order to increase the production of the transferee's product is not valid under this section.

10. Section 11.2 (d) is amended to read as follows:

(d) No person may use an imported sugar-containing product in the production or manufacture, or in the preparation for service, or other products, except to the extent permitted by this section, unless specifically authorized by the Deputy Commissioner for Sugar of the Office of Price Administration.

11. Section 20.1 (a) is amended to read as follows:

(a) The Deputy Commissioner for Sugar of the Office of Price Administration may, from time to time, issue orders establishing zones for the purpose of this section.

12. Section 20.1 (b), (d), and (f) are amended by substituting the words "Deputy Commissioner" for the word "Director" wherever such word shall appear therein.

13. Section 22.16 (a) is amended by substituting the words "Deputy Commissioner for Sugar" for the words "Deputy Administrator for the Price Department" wherever they appear.

This amendment shall become effective March 10, 1947.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 6th day of March 1947.

PHILIP B. FLEMING,
Temporary Controls Administrator.

Amendment No. 39 to Third Revised Ration Order 3

Present regulations. The present regulations provide that sugarcane or sugar beet growers under certain conditions may receive from a primary distributor without giving up ration evidences limited amounts of sugar under the provisions of section 1.4 provided that the sugar is manufactured tax-free under section 402 (d) of the Sugar Act of 1937.

The present regulations provide that applications for allotments by industrial users must be filed not more than 20 days before and not more than 5 days after the beginning of the allotment period.

Proposed amendment. This amendment provides that persons who own and operate sugarcane and sugar beet farms which are incorporated will be entitled to obtain limited amounts of sugar under the provisions of section 1.4 even though the sugar is not manufactured tax-free under the provisions of section 402 (d) of the Sugar Act of 1937.

This amendment also provides that an application for an allotment by an industrial user must be made on or after the 10th day of the month preceding the beginning of the allotment period but not more than 5 days after the beginning of such period.

The amendment further provides that any wholesaler whose ration bank account has been closed under the provisions of this order and whose supplier will not deliver sugar upon the surrender of ration stamps and coupons properly affixed to gummed sheets may exchange such ration evidences at the Sugar Branch Office for a ration check.

Section 8.5 is clarified by specifically providing that, although sugar may be sold under judicial sale without the surrender of ration evidences, the court may require the person obtaining sugar on a judicial sale to surrender evidences for such sugar at the time of sale. The evidences so surrendered shall be given up to a Sugar Branch Office of the Office of Price Administration.

Section 8.8, the "tolling" section, is clarified by adding a paragraph specifically prohibiting the offer of money or any other valuable consideration by a transferee for the transfer of sugar or ration evidences to be used solely for the benefit of the transferee.

Sections 5.6, 11.2, 20.1 and 22.16 are amended by substituting the words "Deputy Commissioner for Sugar" for the words "Deputy Administrator for Sugar" and "Deputy Administrator for the Price Department".

Reasons for amendment. Under the provisions of section 402 (d) of the Sugar Act of 1937, persons who own and operate a sugar beet or sugarcane farm which has been incorporated are not permitted to obtain tax-free sugar. For the purposes of rationing, the privilege of permitting sugar beet growers to obtain sugar without giving up ration evidences in order to stimulate larger plantings of sugarcane or sugar beets should apply whether the farms on which such persons reside are incorporated or not. This amendment, therefore, will permit incorporated owners of sugar beet and sugarcane farms to obtain limited amounts of sugar under the provisions of section 1.4 provided that they establish that all of the stock of the corporation on the farm is held by persons who reside on and manage the farm in lieu of establishing that the sugar is manufactured tax-free under the provisions of the Tax Act of 1937.

Certain primary distributors have refused to accept stamps and coupons from wholesalers whose ration bank accounts have been closed. Since these wholesalers are no longer permitted to maintain a ration bank account, they cannot acquire sugar except by the surrender of stamps or coupons. If a primary distributor will not accept stamps or coupons from a wholesaler, such wholesaler will be unable to acquire any sugar. This amendment, therefore, will permit these wholesalers to exchange stamps and coupons at a Sugar Branch Office for a ration check.

The "tolling" provisions in section 8.8 were originally incorporated in the sugar order in order to minimize the difficulties of operation, including manpower shortages, transportation difficulties and breakdowns in machinery and equipment of the industrial user who was granted the privilege of tolling. An industrial user is permited to deliver sugar or ration evidences for making an industrial use of such sugar or ration evidences under section 8.8 only where the production of the product is for the benefit of the transferor. The offer of money or other valuable consideration for the transfer of sugar or ration evidences to be used solely for the benefit of the transferee was not intended and is not permitted. This amendment, therefore, specifically prohibits the sale of ration evidences under the "tolling" provisions of the order.

TITLE 46—SHIPPING

Chapter I—Coast Guard: Inspection and Navigation

[CGFR-47-10]

AMENDMENTS TO REGULATIONS

A notice regarding the proposed changes in the regulations pertaining to licensing and certificating of merchant marine personnel was published in the FEDERAL REGISTER, dated September 27, 1946 (11 F. R. 11014), and a public hearing was held by the Merchant Marine Council on October 22, 1946, at Washington, D. C. All the written and oral comments and suggestions submitted were considered by the Merchant Marine Council and, where practicable, were incorporated into the amendments to the regulations.

The rules and regulations covering licensing and certificating of merchant marine personnel have been heretofore published in 46 CFR, Parts 25, 36, 62, 78, 96, 115, 138, and 155. The Coast Guard published these regulations in one pamphlet entitled, "Rules and Regulations for Licensing and Certificating of Merchant Marine Personnel." Since the publication of this pamphlet in February 1945, it has been found that the administration of rules and regulations pertaining to licensing and certificating of officers and seamen has been more uniform than when these requirements were published in various pamphlets containing the general rules and regulations for vessel inspection. The Administrative Procedure Act (Pub. Law 404, 79th Cong., 60 Stat. 238) also intended that procedural rules should be separated from the substantive rules. Because of this and since it has become necessary to revise the rules and regulations pertaining to licensing and certificating merchant marine personnel to meet peacetime operating conditions, all the existing rules and regulations have been studied and where necessary they have been altered, re-

worded, or changed editorially so that they could all be restated in Subchapter B—Merchant Marine Officers and Seamen and the rules and regulations in 46 CFR, Parts 25, 36, 62, 78, 96, 115, 138, and 155 could be cancelled. Wherever possible, procedural rules have been separated from substantive rules. The changes made in substantive rules and regulations previously published were in accordance with the recommendations of the Merchant Marine Council made after considering the comments and suggestions at the public hearing held October 22, 1946, and no changes have been made in substantive requirements which were not considered then.

By virtue of authority vested in me, the following amendments to the regulations are prescribed and shall become effective on and after the date of termination of the Second War Powers Act, as amended and extended (50 U. S. C. 635), unless made effective at an earlier date by proper authority. A notice of the effective date will be published in the FEDERAL REGISTER.

Subchapter B—Merchant Marine Officers and Seamen

PART 10—LICENSING OF DECK AND ENGINEER OFFICERS AND MOTORBOAT OPERATORS AND REGISTRATION OF STAFF OFFICERS

The regulations in 46 CFR, Chapter I, are amended by adding a new Subchapter B, entitled "Merchant Marine Officers and Seamen" and a Part 10 reading as follows (the regulations in this part will be made effective by a proper notice to be published in the FEDERAL REGISTER):

S. C. 214, 224, 224a, 225, 226, 228, 229, 230, 233, 237, 247, 367, 375, 391a, 404, 405, 526f, (50 U. S. C. 1275), and sec. 101, Reorganization Plan No. 3 of 1946 (11 F. R. 7875).

SUBPART 10.01—GENERAL

§ 10.01-1 *Basis and purpose of regulations.* By virtue of the authority vested in the Commandant of the Coast Guard under R. S. 4405, 4417a, 4426, 4427, 4438, 4438a, 4439, 4440, 4441, 4442, 4443, and 4447, as amended, sec. 2, 29 Stat. 188, sec. 1, 34 Stat. 1411, 49 Stat. 1544, 53 Stat. 1147, sec. 17, 54 Stat. 166, and sec. 5, 55 Stat. 244, as amended; 46 U. S. C. 214, 224, 224a, 225, 226, 228, 229, 230, 233, 237, 247, 367, 375, 391a, 404, 405, 526p, 50 U. S. C. 1275; the regulations in this part are prescribed to provide a comprehensive and adequate means of determining the qualifications an applicant must possess in order to be eligible for a license as deck or engineer officer on merchant vessels, for a license to operate motorboats, or for a certificate of registry as staff officer, in accordance with the intent of the statutes and to obtain their correct and uniform administration.

SUBPART 10.02-1—GENERAL REQUIREMENTS FOR ALL DECK AND ENGINEER OFFICERS' LICENSES

§ 10.02-1 *Issuance of licenses.* (a) Applicants for licenses are charged with the duty of establishing to the satisfaction of the Coast Guard that they possess all of the qualifications necessary, such as age, experience, character and citizenship, before they shall be entitled to be issued licenses. Until an applicant meets this mandatory requirement, he is not entitled to be licensed to serve as an officer on a vessel of the United States. No person who has been convicted by court-martial of desertion or treason in time of war, or has lost his nationality for any of the other reasons listed in 8 U. S. C. 801, is eligible for a license.

(b) After application to an Officer in Charge, Marine Inspection, any person who is found qualified under the requirements set forth in this subchapter shall be issued an appropriate license valid for a term of five (5) years. In appropriate cases a limitation commensurate with the experience of the applicant shall be placed upon the license.

(c) Every person to whom a license is issued shall place his signature and left thumb print thereon, and upon any sheets attached for additional indorsements.

(d) Every person who receives a license shall make oath before an Officer in Charge, Marine Inspection, to be recorded upon his official file, that he will faithfully and honestly, according to his best skill and judgment, without concealment or reservation, perform all the duties required of him by law and obey all lawful orders of his superior officers.

§ 10.02-3 *Original license defined.* The first license issued to any person by the Coast Guard shall be considered an original license, when the United States records show no previous issue to such person.

§ 10.02-5 *Requirements for original licenses*—(a) *General.* Before an original license is issued to any person to act in a licensed capacity on inspected vessels of the United States, he shall personally appear before an Officer in Charge, Marine Inspection and present satisfactory documentary evidence of his eligibility in respect to the requirements of this section.

(b) *Minimum age.* Any person who has attained the age of 21 years and is qualified in all other respects shall be eligible for a license except that a license as third mate, third assistant engineer or second class pilot may be granted an applicant who has reached the age of 19 years and who is qualified in all other respects, but no such license may be raised in grade before the holder thereof shall have reached the age of 21 years.

(c) *Citizenship.* No license shall be issued to any person who is not a citizen of the United States, either native-born or fully naturalized. The Officer in Charge, Marine Inspection must be satisfied as to the bona fides of all evidence of citizenship presented, and may reject any evidence that he has reason to believe is not authentic. Acceptable evidence of citizenship is described below in the order of its desirability, except that the first six (6) acceptable methods will be assigned equal weight:

(1) Birth certificate or certified copy.

(2) Naturalized citizens must present a Certificate of Naturalization.

(3) Baptismal certificate or parish record recorded within one year after birth.

(4) Statement of a practicing physician certifying that he attended the birth and that he has a record in his possession showing the date on which it occurred.

(5) State Department passport.

(6) A commission in the United States Navy, Marine Corps, Coast Guard, either regular or reserve; or satisfactory documentary evidence of having been commissioned in one of these services subsequent to January 1, 1936, provided such commission or evidence shows the holder to be a citizen.

(7) A continuous discharge book, certificate of identification, or merchant mariner's document issued by the Coast Guard or by the former Bureau of Marine Inspection and Navigation which shows the holder as an American citizen, provided the records indicate that the holder of such continuous discharge book, certificate of identification, or merchant mariner's document produced satisfactory evidence of his citizenship at the time of the issuance of the same.

(8) Delayed certificate of birth. If an applicant claiming to be a citizen of the United States submits a delayed certificate of birth issued under a State's seal, it may be accepted as prima facie evidence of citizenship in the absence of any collateral facts indicating fraud in its procurement.

(9) If no one of the foregoing requirements can be met by the applicant, he should make a statement to that effect, and in an attempt to establish citizenship, he may submit for consideration data of the following character:

(i) Report of the Census Bureau showing the earliest record of age or birth available. Request for such information should be addressed to the Director of the Census, Washington, D. C. In making such request, definite information must be furnished the Census Bureau as to the place when the first census was taken after birth of the applicant, giving the name of the street and number of the house, or the names of the cross streets between which the house was located if residing in a city; or the name of the town, township, precinct, magisterial district, militia district, beat or election district if residing in the country; also the names of parents, or the names of other persons with whom residing on the date specified.

NOTE: A census was taken in the following years: June 1, 1860, 1870, 1880, and 1900; April 15, 1910; January 1, 1920; April 1, 1930; and April, 1940. (Records for 1890 are not available.)

(ii) Affidavits of parents, or relatives; or affidavits by two or more responsible citizens of the United States, stating citizenship; school records; immigration records; or insurance policies.

(d) *Written application.* The Officer in Charge, Marine Inspection shall require all applicants for original license to make written application upon Coast Guard Form 866.

(e) *Physical examination.* (1) All applicants for an original license shall be required to pass a physical examination given by a medical officer of the United States Public Health Service and present a certificate executed by this Public Health Service Officer to the Officer in Charge, Marine Inspection. This certificate shall attest to the applicant's acuity of vision, color sense, and general physical condition. In exceptional cases where an applicant would be put to great inconvenience or expense to appear before a medical officer of the United States Public Health Service, the physical examination and certification may be made by another reputable physician.

(2) Epilepsy, insanity, senility, acute venereal disease or neurosyphilis, badly impaired hearing, or other defect that would render the applicant incompetent to perform the ordinary duties of an officer at sea are causes for certification as incompetent.

(3) For an original license as master, mate or pilot, the applicant must have either with or without glasses, at least 20/20 vision in one eye and at least 20/40 in the other. The applicant who wears glasses, however, must also be able to pass a test without glasses of at least 20/40 in one eye and at least 20/70 in the other. The color sense will be tested by means of the "Stillings" test, but any applicants who fail this test will be eligible if they can pass the "Williams" lantern test.

(4) Applicants for original engineers' licenses shall be examined only as to their ability to distinguish the colors red, blue, green, and yellow. No applicant for original license as engineer shall be disqualified for failure to distinguish colors if any of his required experience is served prior to the effective date of the regulations in this part.

(5) For original license as engineer the applicant must have, either with or without glasses, at least 20/30 vision in one eye and at least 20/50 in the other. The applicant who wears glasses, however, must also be able to pass a test without glasses of at least 20/50 in one eye and at least 20/70 in the other. Any applicant for original license who is possessed of monocular vision, and who has lost the sight of one eye since first obtaining his qualified member of the engine department certificate may be permitted to sit for a license if eligible in all other respects. Vision of at least

20/30 without glasses in the remaining eye shall be required in all such cases.

(6) Persons serving or intending to serve in the Merchant Service are recommended to take the earliest opportunity of ascertaining, through examination by an ophthalmic surgeon, whether their form vision, and color vision where required, is such as to qualify them for service in that profession throughout their sea career: the Public Health Service will give voluntary examinations to such persons requesting same, the color vision test will be by means of the "Stillings" test, or failing that, the "Williams" lantern test. A person failing the "Stillings" test and wishing to qualify by the lantern test shall, if the Public Health Station at which he is undergoing test is not equipped with a lantern, pay his own expenses to journey to one of the following stations: Baltimore, Md., Boston, Mass., Buffalo, N. Y., Chicago, Ill., Cleveland, Ohio, Detroit, Mich., Ellis Island, N. Y., Evansville, Ind., Galveston, Tex., Key West, Fla., Los Angeles, Calif., Louisville, Ky., Memphis, Tenn., Miami, Fla., Mobile, Ala., New Orleans, La., New York, N. Y. Norfolk, Va., Pittsburgh, Pa., Portland, Me., Portland, Oreg., Port Huron, Mich., Providence, R. I., Philadelphia, Pa., St. Louis, Mo., San Francisco Calif., Savannah, Ga., Seattle, Wash., Staten Island, N. Y., Vineyard Haven, Mass., and Washington, D. C.

(7) Where an applicant is not possessed of the vision, hearing, and general physical condition considered necessary, the Officer in Charge, Marine Inspection, after consultation with the Public Health Service physician, may make recommendations to the Commandant for an exception to these requirements if, in their opinion, extenuating circumstances warrant special consideration. Any request for a decision by the Commandant must be accompanied by all pertinent correspondence, records and reports. In this connection recommendations from agencies of the Federal Government operating Government vessels as well as owners and operators of private vessels, made in behalf of their employees, will be given full consideration as a determining factor in arriving at a decision.

(f) *First Aid Certificate.* No candidate for original license shall be examined until he presents a certificate from the United States Public Health Service that he has passed a satisfactory examination based on the contents of "The Ship's Medicine Chest and First Aid at Sea," or other manual arranged for the purpose and having the approval of the United States Public Health Service.

(g) *Experience or training.* (1) All applicants for original licenses shall present to the Officer in Charge, Marine Inspection, letters, discharges, or other official documents certifying to the amount and character of his experience and the names of the vessels on which acquired. Photostatic or certified copies of the aforementioned evidence may be accepted for purpose of filing with the application. No license shall be considered as satisfactory evidence of any qualifying experience required herein.

(2) No original license shall be issued to any person unless 25% of the required experience has been obtained within the 3 years immediately preceding the date of application. Service in the armed forces of the United States shall not be counted in computing the 3 years.

(3) No original license shall be issued to any naturalized citizen on less experience in any grade or capacity than would have been required of a citizen of the United States by birth.

(4) It is not required that an applicant must have obtained his experience on United States vessels. Experience on foreign vessels will be given due credit.

(5) No applicant for a license, who is a naturalized citizen, and who has obtained his experience on foreign vessels, shall be given a grade of license higher than that upon which he has actually served while acting under the authority of a foreign license.

(6) Experience in towed barges fitted with sails and rigging is not considered as sail vessel time.

(7) An applicant for original license as pilot may be given credit for experience on motor vessels of a class not subject to inspection by the Coast Guard and not required to carry a licensed master or a licensed pilot.

(h) *Professional examination.* (1) When the amount and character of an applicant's experience is found to be satisfactory and he is eligible in all other respects, the applicant shall be examined in writing by the Officer in Charge, Marine Inspection: *Provided, however,* That upon navigable waters of the United States newly opened to navigation, and where the only pilots obtainable are illiterate Indians or other natives, the fact that such persons can neither read nor write shall not be considered a bar to such Indians or other natives receiving licenses as pilots if they are otherwise qualified therefor.

(2) When the license application of any person has been approved, the Officer in Charge, Marine Inspection, shall give the applicant the required examination as soon as practicable. If applicants for license cannot be examined without material delay by the Officer in Charge, Marine Inspection, of the district in which the application is made, said Officer in Charge, Marine Inspection, shall endeavor, through the Coast Guard District Commander, to arrange for such examination by some other Officer in Charge, Marine Inspection.

(3) Merchant Marine Details abroad are authorized to conduct examinations for up-grading of seamen, but are not prepared to conduct the physical examination or the character investigation which is required in the case of original licenses. Merchant Marine Details will therefore not issue regular licenses, but temporary permits in lieu thereof. Merchant Marine Details will instruct the recipient of each temporary permit to present it to the Officer in Charge, Marine Inspection, upon arrival in the first port in which a Marine Inspection Office is located in order to exchange it for a permanent license. The temporary permit shall be accepted in a Marine Inspection Office as proof that the bearer has complied with the rules and regulations governing the issuance of licenses except as noted in the body of the temporary permit. The requirements noted in the exceptions will be complied with as in the case of other applicants. The written examinations are forwarded to the Commandant by Merchant Marine Details, and any Marine Inspection Office at which an applicant with a temporary permit appears may request and obtain the examination in the case from the Commandant.

(i) *Character check and references.* (1) The Officer in Charge, Marine Inspection, shall require all applicants for original licenses to have written indorsement of a master and engineer of a vessel on which he has served together with one other licensed officer. In the case of applicants for pilots' licenses, the other officer shall be a licensed pilot. Where no sea service is required for a license the applicant may have the indorsement of three reputable persons to whom he is known.

(2) Fingerprint records on Form CG 2515 shall be submitted to the Commandant on each applicant at the same time application for license is made. The application of any person may be rejected by the District Commander or his authorized representative when derogatory information has been brought to his attention which indicates that the applicant's habits of life and character are such as to warrant the belief that he cannot be entrusted with the duties and responsibilities of the station for which he made application. In the event that an applicant is rejected he shall be advised that he may submit a request to the Commandant for a review of his case. No examination shall be given or temporary permit issued in this type case pending the Commandant's authorization.

(3) The fact that an applicant for an original license is on probation as a result of action under R. S. 4450, as amended, does not itself make such an applicant ineligible, provided he meets all the requirements for such original license. However, an original license issued under those circumstances will be subject to the same probationary conditions as were imposed against the seaman's certificates or licenses in proceedings under R. S. 4450, as amended. Any such applicant must file an application for license in the usual manner, and the offense for which he was placed on probation will be considered on the merits of the case in determining his fitness to hold the license applied for. Nothing in the regulations in this subchapter, however, shall be construed to permit an applicant to be examined for an original license during any period when a suspension without probation or a revocation imposed pursuant to R. S. 4450, as amended, is effective against his license or certificate.

§ 10.02-7 *Requirements for raise of grade of license*—(a) *General.* Before any person is issued a license for raise of grade to act on inspected vessels of the United States, he shall personally appear before an Officer in Charge, Marine Inspection, and present satisfactory documentary evidence of his eligibility in respect to the requirements contained herein.

(b) *Surrendering old license.* Upon the issuance of a new license or raise in grade, the applicant shall surrender the old license to the Officer in Charge, Marine Inspection.

(c) *Age requirement.* No license may be raised in grade before the holder thereof shall have reached the age of 21 years.

(d) *Written application.* The Officer in Charge, Marine Inspection, shall, before granting raise of grade of license, require the applicant to make written application upon the Coast Guard Form 866.

(e) *Physical requirements.* (1) No license as master, mate, or pilot shall be raised in grade except upon the official certificate of a medical officer of the United States Public Health Service that the color sense of the applicant is normal. Applications for raise in grade of engineer's licenses shall not be subjected to such examination. In exceptional cases where an applicant would be put to great inconvenience or expense to appear before a medical officer of the United States Public Health Service, the physical examination and certification may be made by another reputable physician. The test for color vision shall be by means of the "Stillings" test, or failing that, by means of the "Williams" lantern test. A person failing the "Stillings" test and wishing to qualify by the lantern test shall, if the Public Health Station at which he is undergoing test is not equipped with a lantern, pay his own expenses to journey to such station as is equipped with same. See § 10.02-5 (e) (5) for a list of stations.

(2) In the event it is found that an applicant for raise of grade of license obviously suffers from some physical or mental infirmity to a degree that, in the opinion of the Officer in Charge, Marine Inspection, would render him incompetent to perform the ordinary duties of an officer at sea, he shall be required to undergo an examination by a medical officer of the Public Health Service to determine his competency in such respects. Nothing herein contained shall debar an applicant who has lost the sight of one eye from securing a raise of grade of his license: *Provided,* He is qualified in all other respects; *And provided,* That his vision in his one eye passes the test required for the better eye of an applicant possessed of both eyes. If the applicant subsequently produces a certificate from the Public Health Service to the effect that his condition has improved to a satisfactory degree, or is normal, he shall be qualified in this respect.

(f) *Experience or training.* (1) Applicants for raise of grade of licenses are charged with the duty of establishing to the satisfaction of the Coast Guard that they possess all of the qualifications necessary, such as age, experience, character, and citizenship before they are entitled to a raise of grade of license. Every licensed officer who has not to date established beyond doubt that he is a citizen of the United States should promptly take all necessary steps to secure this evidence before requesting a raise of grade of license.

(2) Applicants for raise in grade of license shall present to the Officer in Charge, Marine Inspection, letters, discharges, or other official documents certifying to the amount and character of his experience and the names of the vessels on which acquired. Photostatic or certified copies of the aforementioned evidence may be accepted for purpose of filing with the application.

(3) No raise of grade of license shall be granted to any applicant unless 25% of the required sea service shall have been served within 3 years immediately preceding the date of application. Service in the armed forces of the United States shall not be counted in computing the 3 years.

(4) No sea service acquired prior to the issuance of the license held shall be accepted as any part of the service required for raise in grade.

(5) No license for raise of grade shall be issued to any naturalized citizen on less experience in any grade than would have been required of a citizen of the United States by birth.

(6) The fact that an applicant for a raise in grade of license is on probation as a result of action under R. S. 4450, as amended, does not itself make such an applicant ineligible, provided he meets all the requirements for such raise in grade. However, a raise in grade of license issued under these circumstances will be subject to the same probationary conditions as were imposed against the seaman's certificates or licenses in proceedings under R. S. 4450, as amended. Any such applicant must file an application for license in the usual manner, and the offense for which he was placed on probation will be considered on the merits of the case in determining his fitness to hold the license applied for. Nothing in the regulations in this part, however, shall be construed to permit an applicant to be examined for a raise in grade of license during any period when a suspension without probation or a revocation imposed pursuant to R. S. 4450, as amended, is effective against his license or certificate.

(g) *Professional examination.* (1) When the amount and character of an applicant's experience for raise of grade is found to be satisfactory and he is eligible in all other respects, he shall be examined in writing by an Officer in Charge, Marine Inspection: *Provided, however,* That upon waters of the United States newly opened to navigation, and where the only pilots obtainable are illiterate Indians or other natives, the fact that such persons can neither read nor write shall not be considered a bar to such Indians or other natives receiving a raise in grade of license as pilot if they are otherwise qualified therefor.

(2) Examinations for raise of grade of licenses may be taken in Coast Guard Merchant Marine Details abroad in accordance with § 10.02-5 (h).

§ 10.02-9 *Requirements for renewal of license.* (a) Applicants for renewals of licenses are charged with the duty of establishing to the satisfaction of the Coast Guard that they possess all of the qualifications necessary before they shall be issued a renewal of license. Every licensed officer who has not to date established beyond doubt that he is a citizen of the United States should promptly take all necessary steps to secure this evidence before requesting a renewal of his license.

(b) *Application for renewal.* The applicant for renewal shall appear in person before an Officer in Charge, Marine Inspection, except where the applicant would be put to great inconvenience or expense to appear in person or is engaged in a service that necessitates his continuous absence from the United States. In such cases the license may be renewed by forwarding the following documents to the Officer in Charge, Marine Inspection, of the office which issued the license to be renewed:

(1) A letter of transmittal indicating reasons for not appearing in person and stating that to the best of his knowledge no physical incapacity exists.

(2) The oath of office on the form prescribed by the Coast Guard which has been duly executed before a person authorized to administer oaths.

(3) The license to be renewed.

(4) Evidence of citizenship.

(5) Certification by a United States Public Health Service Medical Officer or other reputable physician that color sense is normal in the case of masters', mates', or pilots' renewals. And,

(6) Applicants for renewal of a master's, mate's, or pilot's license shall present evidence of service on the waters for which licensed obtained within the three years next preceding the date of application, or shall present evidence of employment in a position closely related to the operation of vessels within the same three year period.

(c) *Fitness.* No license shall be renewed if title has been forfeited or facts which would render a renewal improper have come to the attention of the Coast Guard.

(d) *Period of grace.* (1) Licenses shall be renewed within 12 months after the date of expiration as shown on the license held, except when an applicant's license has expired beyond the 12 month period of grace during the time of the holder's service with the armed forces or the Merchant Marine. The period of such service following the date of expiration as shown on the license shall be added to the 12 month period of grace.

(2) No license shall be renewed more than 30 days in advance of the date of the expiration thereof, unless there are extraordinary circumstances that justify a renewal beforehand, in which case the reasons therefor must appear in detail upon the records of the Officer in Charge, Marine Inspection, renewing the license.

(e) *Master's, mate's, or pilot's license.* Every Officer in Charge, Marine Inspection, shall, before renewing an existing license to a master, mate, or pilot who has not been employed on the waters for which he is licensed or who has not been employed in a position closely related to the operation of vessels during the three years next preceding the date of application for renewal, satisfy himself that such licensed officer is thoroughly familiar with the International Rules of the Road or the Pilot Rules Applicable

to the waters for which the applicant is licensed. A written examination may be required for this purpose, or the applicant may be examined orally and a summary of the oral examination placed in the officer's license file.

(f) *Physical requirements.* (1) No license as master, mate, or pilot shall be renewed except upon the official certificate of a medical officer of the United States Public Health Service that the color sense of the applicant is normal. Applicants for renewal of license as engineer shall not be subjected to examination as to ability to distinguish colors.

(2) The test for color vision shall be by means of the "Stillings" test, or failing that, by means of the "Williams" lantern test. A person failing the "Stillings" test and wishing to qualify by the lantern test shall, if the Public Health Station at which he is undergoing test is not equipped with a lantern, pay his own expenses to journey to such station as is equipped with same. (See § 10.02–5 (e) (5) for a list of stations.)

(3) In the event an applicant for renewal of license as master, mate, or pilot is pronounced color blind, the Officer in Charge, Marine Inspection, may grant him a license limited to service during daylight only.

(4) In the event it is found that an applicant for renewal of license obviously suffers from some physical or mental infirmity to a degree that, in the opinion of the Officer in Charge, Marine Inspection, would render him incompetent to perform the ordinary duties of an officer at sea, the applicant shall be required to undergo an examination by a medical officer of the Public Health Service to determine his competency. If the applicant subsequently produces a certificate from the Public Health Service to the effect that his condition has improved to a satisfactory degree, or is normal, he shall be qualified in this respect.

(5) Nothing herein contained shall debar an applicant who has lost the sight of one eye from securing a renewal of his license, provided he is qualified in all other respects, and the vision in his one eye passes the test required for the better eye of an applicant possessed of both eyes.

(6) In exceptional cases where an applicant would be put to great inconvenience or expense to appear before a medical officer of the United States Public Health Service, the physical examination or certification may be made by another reputable physician.

(g) *Reissue of expired license.* (1) Whenever an applicant shall apply for renewal of his license for the same grade, after 12 months after the date of its expiration, he shall be required to pass an examination for the same grade of license, of such length and scope as will, in the judgment of the Officer in Charge, Marine Inspection, be sufficient to demonstrate adequately the continued professional knowledge of the examinee, except no professional examination will be required provided the license expired during the time of the holder's service with the armed forces or the merchant marine, and there was no reasonable opportunity for renewal. The Officer in Charge, Marine Inspection, may require a written examination for this purpose.

(2) The renewed license shall receive the next higher number of issue of present grade and for the number of issues of all grades.

§ 10.02–11 *Requirements for extension of route.* (a) Whenever any licensed pilot applies to an Officer in Charge, Marine Inspection, for an extension of route over waters within his jurisdiction, he shall make written application on Coast Guard Form 866, and shall be examined in writing on the aids to navigation on such route and upon such other matters as may be deemed necessary and, if found qualified, such extension shall be indorsed upon the applicant's currently valid pilot's license: *Provided, however,* That upon waters of the United States newly opened to navigation, and where the only pilots obtainable are illiterate Indians or other natives, the fact that such persons can neither read nor write shall not be considered a bar to such Indians or other natives receiving extensions of route of licenses as pilots if they are otherwise qualified therefor.

(b) Applicants for extension of route shall present to the Officer in Charge, Marine Inspection, discharges, or letters from the master or other officer under whom they have served, or other satisfactory documentary evidence, certifying to the period of service, name of the vessel, and in what capacity the applicant has served. Photostatic copies of such letters and documents may be accepted for filing with the application.

(c) When an application is made to any Officer in Charge, Marine Inspection, for an extension of route which is outside his jurisdiction he may request the Officer in Charge, Marine Inspection, having jurisdiction to forward a list of questions and subjects for use in examining the applicant. The examination and work of the applicant will be returned to the Officer in Charge, Marine Inspection, having jurisdiction, who, if satisfied that the applicant is qualified and capable, shall grant the authority and advise the other Officer in Charge, Marine Inspection to indorse the license accordingly.

§ 10.02–12 *Pilot of tank vessels not over 150 gross tons.* All propelled tank vessels, regardless of length of tonnage, shall be under the command of a person duly licensed, and since propelled vessels of less than 150 gross tons may be in command of a licensed pilot, the license of a candidate who successfully passes an examination for this purpose shall be indorsed as follows: "Pilot for tank vessels not over ____ gross tons on the water of ____" (the maximum to be inserted is not to exceed 150 gross tons, and the water covered as may be designated by the Officer in Charge, Marine Inspection).

§ 10.02–13 *Sea service as member of armed forces of the United States and on vessels owned by the United States as qualifying experience.* (a) Sea service as a member of the armed forces of the United States will be accepted as qualifying experience for an original, raise in grade, or extension of route of license. Such service will be subject to evaluation to determine its equivalence to the sea service required on merchant type vessels, and to determine the appropriate grade, class, and limit of license for which the applicant is eligible. An applicant may be permitted to omit the examination for intermediate grades of license if his experience is of such character as to qualify him for a higher, or the highest, grade of license. The regulations governing the licensing of merchant marine personnel which are in effect on the date an applicant presents himself for examination shall be applicable in all cases.

(b) When any person who has served in a civilian capacity as commanding officer, master, mate, engineer, or pilot, etc., of any vessel owned and operated by the United States, in any service, in which a license as master, mate, engineer, or pilot was not required at the time of such service applies for an examination for license, the Officer in Charge, Marine Inspection, shall forward the application, together with his comments, to the Commandant for evaluation.

(c) For raise of grade of license service on United States light vessels propelled by machinery shall be considered as one-half experience to that obtained on vessels subject to the inspection laws of the United States.

§ 10.02–15 *Lifting of limitations.* (a) If any Officer in Charge, Marine Inspection, is satisfied by the documentary evidence submitted that an applicant is entitled by experience and knowledge to an increase in the scope of his license, he may change any limitations which he may have previously placed upon the license.

(b) No Officer in Charge, Marine Inspection, may change on any license a limitation which he did not place thereon before full information regarding the reason for the limitation is obtained from the Officer in Charge, Marine Inspection, responsible for the same and the applicant has made up any deficiency in the experience required.

(c) No limitation on any license may be changed before the applicant has made up any deficiency in the experience prescribed for the license desired and passed the necessary examination.

§ 10.02–17 *Indorsement of master's or mate's license as pilot.* Whenever a master or mate desires to act in the double capacity of master and pilot, or mate and pilot, and furnishes the necessary documentary evidence of his qualifications, the Officer in Charge, Marine Inspection, shall indorse such pilot routes on the license after the applicant has satisfactorily completed the required written examination.

§ 10.02–19 *Reexaminations and refusal of licenses.* (a) Any applicant for license or indorsement who has been duly examined and refused may come before the same Officer in Charge, Marine Inspection, for reexamination at any time thereafter that may be fixed by such Officer in Charge, Marine Inspection, but such time shall not be less than 1 month from the date of his last failure. In the case of another failure, he will not be reexamined until after a lapse of at least 6 months from date of last failure.

(b) A candidate who has been duly examined and refused a license by an Officer in Charge, Marine Inspection, shall not be examined by any other Officer in Charge, Marine Inspection, until 1 year has elapsed from the date of the last refusal without the sanction of the Officer in Charge, Marine Inspection, that refused the applicant.

(c) If the Officers in Charge, Marine Inspection, refuse to grant an applicant the license applied for, they shall furnish him a statement setting forth the cause of their refusal.

§ 10.02–21 *Laws, general rules and regulations, and pilot rules to be furnished licensed officers.* Every master, mate, pilot, and engineer of vessels shall, when receiving an original license, a renewed license, or a raise of grade of license, be furnished by the inspectors with a copy of the Laws Governing Marine Inspection, and a copy of the General Rules and Regulations for vessel inspection prescribed by the Commandant, and every master, mate, and pilot of vessels and motorboat operator shall, when receiving an original license, a renewed license, or a raise of grade of license be furnished by the inspectors with a copy of the Rules of the Road and the Pilot Rules applicable to the waters for which their licenses have been issued.

§ 10.02–23 *Issuance of duplicate license.* (a) Whenever a person to whom a license has been issued loses his license, he shall report such loss to an Officer in Charge, Marine Inspection, who shall issue a duplicate license after receiving from such person a properly executed affidavit giving satisfactory evidence of such loss, and a record of the license from the Marine Inspection Office where it was issued. Such license shall be issued as a duplicate by the addition to the following typewritten indorsement, "This license replaces License Number ____ issued at ____ on the above date," as well as the port and date of the duplicate issue. The duplicate license, issued for the unexpired term, shall have the same force and effect as the lost license.

(b) When a person reports the loss of his license, or when it is discovered that any license or license form has been stolen from a Marine Inspection Office or when such lost or stolen licenses are recovered, the Officer in Charge, Marine Inspection, shall immediately report the loss, theft, or recovery to the Commandant giving a description of the license and all facts incident to its loss, theft, or recovery.

§ 10.02–25 *Parting with license.* If the holder of any license granted to a master, mate, engineer, or pilot, voluntarily parts with it or places it beyond his personal control by pledging or depositing it with any other person for any purpose, he may be proceeded against in accordance with the provisions of R. S. 4450, as amended, looking to a suspension or revocation of his license.

§ 10.02–29 *Suspension and revocation of licenses.* (a) When the license of any master, mate, engineer, or pilot is revoked such license expires with such revocation and any license of the same type subsequently granted to such person shall be considered in the light of an original license except as to number of issue.

(b) No person whose license has been suspended or revoked shall be issued another license except upon approval of the Commandant.

(c) When a license which is about to expire is suspended, the renewal of such license may be withheld until the expiration of the period of suspension.

§ 10.02–33 *Right of appeal.* Whenever any person directly interested in or affected by any decision or action of any Officer in Charge Marine Inspection, shall feel aggrieved by such decision or action with respect to the issuance of a license or a certificate, he may appeal therefrom to the District Coast Guard Commander having jurisdiction. A like appeal shall be allowed from any decision or action of the District Coast Guard Commander to the Commandant, whose action shall be final. Such appeals shall be made in writing within 30 days after the date of decision or action appealed from. Pending the determination of the appeal the decision of the Officer in Charge, Marine Inspection, shall remain in effect.

SUBPART 10.05—PROFESSIONAL REQUIREMENTS FOR DECK OFFICERS' LICENSES (INSPECTED VESSELS)

§ 10.05–1 *Ocean licenses qualifying for all waters.* Any license issued for service as master or mate on ocean vessels shall qualify the licensee to serve in the same grade on any waters subject to the limitations of the license and without additional indorsement other than for pilot routes as may be required on the particular waters.

§ 10.05–3 *Master of ocean steam or motor vessels.* (a) The minimum service required to qualify an applicant for license as master of ocean steam or motor vessels is:

(1) 1 year's service as chief mate of ocean steam or motor vessels of 1,000 gross tons or over; or,

(2) 1 year's service as chief mate of coastwise steam or motor vessels of 2,000 gross tons or over; or,

(3) 2 years' service as second mate of ocean steam or motor vessels of 1,000 gross tons or over while holding a license as chief mate of such vessels; or,

(4) 2 years' service as second mate of coastwise steam or motor vessels of 2,000 gross tons or over while holding a license as chief mate of such vessels; or,

(5) 1 year's service as master of coastwise steam or motor vessels of 2,000 gross tons or over; or,

(6) 2 years' service as master of ocean or coastwise sail vessels of 700 gross tons or over, for license as master of freight or towing steam or motor vessels of not more than 3,000 gross tons; or,

(7) 3 years' service as master of steam or motor vessels of 4,000 gross tons or over, except ferry vessels, on the Great Lakes, together with 1 year's service as second mate of ocean steam or motor vessels of 1,000 gross tons or over.

§ 10.05–5 *Master of coastwise steam or motor vessels.* (a) The minimum service required to qualify an applicant for license as master of coastwise steam or motor vessels is:

(1) 1 year's service as chief mate of ocean or coastwise steam or motor vessels; or,

(2) 2 years' service as second mate of ocean or coastwise steam or motor vessels while holding a license as chief mate of ocean or coastwise steam or motor vessels; or,

(3) 2 years' service as master of Great Lakes or lake, bay or sound steam or motor vessels of 500 gross tons or over, except ferry vessels, together with 6 months' service as chief mate or 12 months' service as second mate of ocean or coastwise steam or motor vessels, while holding license as master of such Great Lakes or lake, bay or sound vessels; or,

(4) 5 years' service on ocean or coastwise sail vessels of 200 gross tons or over, 2 years of which service shall have been as master of such vessels, for license as master of coastwise freight and towing vessels of not over 750 gross tons; or,

(5) 1 year's service as a licensed master of ocean or coastwise sail vessels of 700 gross tons or over for a license as master of coastwise freight or towing vessels of not more than 3,000 gross tons; or,

(6) 2 years' service as master or first-class pilot of Great Lakes or lake, bay or sound towing steam or motor vessels of 150 gross tons or over, for license as master of coastwise towing vessels of 750 gross tons or under; or,

(7) 2 years' service as master of steam vessels of 1,000 gross tons or over, except ferry vessels, on the Great Lakes and other lakes, bays, or sounds, for license as master of coastwise vessels on routes not exceeding 300 miles; or,

(8) 2 years' service as a licensed master of steam or motor vessels of 250 gross tons or over, engaged in the ocean or coastwise fisheries, for license as master of coastwise, freight or towing vessels of not more than 750 gross tons; or,

(9) 3 years' service as operator of nondescript power-propelled vessels not carrying passengers for license as master of such vessels not exceeding 100 gross tons: 3 years' service as operator of nondescript power-propelled vessels carrying passengers for license as master of such vessels not exceeding 100 gross tons; on coastwise routes not exceeding 50 miles, and 15 miles offshore.

§ 10.05–7 *Master of ocean or coastwise sail vessels.* (a) The minimum service required to qualify an applicant for license as master of ocean or coastwise sail vessels of over 700 gross tons is:

(1) 5 years' service in the deck department of ocean or coastwise sail vessels of 200 gross tons or over; 1 year of such service shall have been as master of sail vessels of 500 gross tons or over; or,

(2) 2 years' service as master of ocean or coastwise sail vessels of 200 gross tons or over; or,

(3) 2 years' service as mate of ocean or coastwise sail vessels of 500 gross tons or over; or,

(4) 2 years' service as master of ocean or coastwise auxiliary sail vessels of 100 gross tons or over.

§ 10.05–9 *Master of ocean or coastwise steam or motor yachts.* The minimum service required to qualify an applicant for license as master of ocean or coastwise steam or motor yachts requiring licensed officers is 3 years' service in the deck department on ocean or coastwise steam, motor, or sailing yachts, of over 100 gross tons.

§ 10.05–11 *Master, mate, or pilot of steam or motor pilot boats, Puerto Rican, Hawaiian vessels, and steam fishing vessels.* (a) This section shall apply to every applicant for a license as master, mate, or pilot, of steam pilot boats or seagoing motor pilot boats of 300 gross tons or over; or of steam vessels navigating the waters of the whaling grounds in the Alaskan seas; or of steam vessels engaged exclusively in the business of whale fishing; or of steam vessels engaged in the Atlantic, Pacific, or Gulf coast fisheries; or of steam or sail vessels navigating between ports of the Hawaiian Islands; or of steam or sail vessels or seagoing motor vessels of 300 gross tons or over, navigating between ports of the island of Puerto Rico.

(b) For original license as master, at least 3 years' experience in the deck department of such vessels is required.

(c) For original license as mate, at least 2 years' experience in the deck department of such vessels is required.

(d) Any person who has had at least 5 years' experience on sail vessels licensed in the fisheries of the United States, 2 years of which have been as master or mate of such sailing vessels, shall be eligible for a license as master or mate of steam fishing vessels to be employed exclusively in the Atlantic, Pacific, and Gulf coast fisheries.

(e) Any applicant for original license who has had 3 years' experience in the deck department on steam or motor pilot boats or who has had 2 years' experience in the deck department on steam or motor pilot boats and 1 year's experience on sail pilot boats, shall be eligible for license as mate of steam or motor pilot boats of 300 gross tons or over.

(f) Any master's or mate's license issued under this section may be indorsed as pilot on such inland waters on the coasts stated in his license as the appropriate Officer in Charge, Marine Inspection, may find the holder qualified to act on as pilot.

(g) An applicant for a master's license of seagoing vessels propelled by internal combustion engines navigating exclusively in the Coast Guard District covering the Hawaiian Islands shall submit with his application statements duly executed and certified by reputable citizens qualified to judge the character, trustworthiness, and ability of the applicant. The Officer in Charge, Marine Inspection, shall make a diligent inquiry as to the applicant's character and merits and, if satisfied by the oral examination or practical demonstration, and the proof of requisite knowledge and skill offered, the Officer in Charge, Marine Inspection, shall issue the license. No certificate from the United States Public Health Service based upon the subject of ship sanitation and first aid shall be required of such applicants.

§ 10.05–13 *Master of Great Lakes steam or motor vessels.* (a) The minimum service required to qualify an applicant for license as master of Great Lakes steam or motor vessels is:

(1) 1 year's service as first-class pilot while acting in the capacity of first mate on Great Lakes steam or motor vessels; or,

(2) 5 years' combined service in the deck department of Great Lakes steam, motor, or sail vessels, 1 year of which has been as pilot or first mate; or,

(3) 1 year's service as master of Great Lakes steam or motor vessels of 150 gross tons or under while acting under the authority of a first-class pilot's license, or 2 years' service while acting under the authority of a second-class pilot's license.

(4) 3 years' service as master of barge consorts on the Great Lakes, one year of which service shall have been while holding a license as first-class pilot.

§ 10.05–15 *Master of bays, sounds, and lakes other than the Great Lakes, steam or motor vessels.* (a) The minimum service required to qualify an applicant for license as master of steam or motor vessels on bays, sounds, and lakes other than the Great Lakes is:

(1) 1 year's service as first-class pilot or chief mate of steam or motor vessels on bays, sounds, or lakes other than the Great Lakes; or,

(2) 5 years' combined service in the deck department of sail vessels and vessels propelled by machinery on bays, sounds, or lakes other than the Great Lakes, 1 year of which has been as pilot or chief mate; or,

(3) 1 year's service as master of bays, sounds, and lakes other than the Great Lakes steam or motor vessels of 150 gross tons or under while acting under the authority of a first-class pilot's license, or 2 years' service while acting under the authority of a second-class pilot's license; or,

(4) 5 years' service on bays, sounds, and lakes other than the Great Lakes sail vessels, 1 year of which has been as master; or,

(5) 3 years' service as master of bays, sounds, and lakes other than the Great Lakes sail vessels for license as master of steam or motor vessels; or,

(6) 2 years' service in the deck department of bays, sounds, and lakes other than the Great Lakes steam or motor vessels, 1 year of which shall have been either as wheelsman or in assisting in the navigation of such vessels, while holding a first-class pilot's license for bays, sounds, and lakes other than the Great Lakes, for license as master of steam or motor vessels of 500 gross tons and under navigating all bays, sounds, and lakes other than the Great Lakes.

§ 10.05–17 *Master of river steam or motor vessels.* The minimum service required to qualify an applicant for original license as master of steam or motor vessels navigating rivers exclusively is at least 3 years' service in the deck department of steam or motor vessels: *Provided*, That, 1 year of such service shall have been as licensed mate or pilot of steam or motor vessels, and, 1 year shall have been on river steam or motor vessels.

§ 10.05–19 *Master of ferry steam or motor vessels.* (a) The minimum service required to qualify an applicant for license as master of ferry steam or motor vessels on either the Great Lakes, other lakes, bays, and sounds, or rivers is:

(1) 1 year's service as first-class pilot; or,

(2) 2 years' service as wheelsman or quartermaster while holding a first-class pilot's license; or,

(3) 2 years' service in charge of a steam or motor vessel of 150 gross tons or under while acting under the authority of a pilot's license.

§ 10.05–21 *Master or pilot of steam yachts.* The minimum service required to qualify an applicant for license as master or pilot of steam yachts on either the Great Lakes, other lakes, bays, and sounds, or rivers is 3 years' service in the deck department on board Great Lakes, other lakes, bays, and sounds, or river steam, motor, or sailing yachts.

§ 10.05–23 *Master of passenger barges.* The minimum service required to qualify an applicant for license as master of barges carrying passengers on either the Great Lakes, other lakes, bays, and sounds, or rivers is 3 years' service in the deck department of such vessels.

§ 10.05–25 *Chief mate of ocean steam or motor vessels.* (a) The minimum service required to qualify an applicant for license as chief mate of ocean steam or motor vessels is:

(1) 1 year's service as second mate of ocean steam or motor vessels of 1,000 gross tons or over; or,

(2) 1 year's service as second mate of coastwise steam or motor vessels of 2,000 gross tons or over; or,

(3) 2 years' service as officer in charge of a deck watch on ocean steam or motor vessels of 1,000 gross tons or over while holding a license as second mate of such vessels; or,

(4) 2 years' service as officer in charge of a deck watch on coastwise steam or motor vessels of 2,000 gross tons or over while holding a license as second mate of such vessels; or,

(5) 2 years' service as master of Great Lakes or other lakes, bay, or sound steam or motor vessels of 500 gross tons or over except ferry vessels, together with 1 year's service as officer in charge of a deck watch on ocean steam or motor vessels of 1,000 gross tons or over, or together with 1 year of such service on coastwise steam or motor vessels of 2,000 gross tons or over; or,

(6) 5 years' service in the deck department of ocean or coastwise sail vessels of 200 gross tons or over, 2 years of such service shall have been as master of such vessels, for license as chief mate of ocean freight or towing vessels of not more than 3,000 gross tons; or,

(7) 1 year's service as master of any class of ocean steam or motor vessels of more than 250 gross tons for license as chief mate of ocean freight or towing vessels of not more than 1,500 gross tons.

§ 10.05–27 *Chief mate of coastwise steam or motor vessels.* (a) The minimum service required to qualify an applicant for license as chief mate of coastwise steam or motor vessels is:

(1) 1 year's service as second mate of ocean or coastwise steam or motor vessels of 1,000 gross tons or over; or,

(2) 2 years' service as officer in charge of a deck watch on ocean or coastwise steam or motor vessels of 1,000 gross tons or over while holding license as second mate of ocean or coastwise steam or motor vessels; or,

(3) 1 year's service as master or first-class pilot of Great Lakes or other lakes, bay, or sound steam or motor vessels of 500 gross tons or over, except ferry vessels, together with 1 year's service as officer in charge of a deck watch on ocean or coastwise steam or motor vessels of 1,000 gross tons or over, while holding license as such master or first-class pilot; or,

(4) 2 years' service as master of first-class pilot of Great Lakes or other lakes, bay, or sound towing vessels for license as chief mate of coastwise towing vessels of 750 gross tons or under; or,

(5) 1 year's service as a licensed master or 2 years' service as a licensed mate on ocean or coastwise steam or motor vessels of 250 gross tons or over engaged in the ocean or coastwise fisheries, for license as chief mate of coastwise freight or towing vessels of 1,000 gross tons or under; or,

(6) 5 years' service in the deck department of any ocean or coastwise sail vessel of 100 gross tons or over, 2 years of such service shall have been as master of such vessels, for license as chief mate of freight or towing vessels of 1,000 gross tons or under; or,

(7) 2 years' service as first-class pilot, or 2 years' combined service as master and first-class pilot of steam or motor vessels of 1,000 gross tons or over, except ferry vessels, on the Great Lakes and other lakes, bays, and sounds, for license as chief mate of coastwise vessels on routes not exceeding 300 miles; or,

(8) 3 years' service in the deck department of ocean or coastwise steam or motor vessels for license as chief mate of coastwise steam or motor vessels of not more than 500 gross tons.

§ 10.05–29 *Second mate of ocean steam or motor vessels.* (a) The minimum service required to qualify an applicant for license as second mate of ocean steam or motor vessels is listed in this paragraph. In order to be eligible for an unlimited ocean license, an applicant must have obtained his service on ocean or coastwise vessels of 1,000 gross tons or over.

(1) 1 year's service as officer in charge of a deck watch on ocean or coastwise steam or motor vessels while holding a license as third mate; or,

(2) 6 months' service as third mate of coastwise steam or motor vessels; or,

(3) 5 years' service in the deck department of ocean or coastwise steam or motor vessels, 2 years of which shall have been as boatswain or quartermaster; or,

(4) 1 year's service as first-class pilot of steam or motor vessels of 4,000 gross tons or over, except ferry vessels, on the Great Lakes or other lakes, bays, or sounds, together with 6 months' service in the deck department of ocean steam or motor vessels of 1,000 gross tons or over, while holding a license as such first-class pilot; or,

(5) 2 years' service as assistant (junior officer of the watch) to the officer in charge of the watch on ocean steam or motor vessels, while holding a license as third mate of such vessels; or,

(6) 4 years' service in the deck department of ocean or coastwise sail vessels of 200 gross tons or over, 1 year of such service shall have been as second mate of such sail vessels.

§ 10.05–31 *Second mate of coastwise steam or motor vessels.* (a) The minimum service required to qualify an applicant for license as second mate of coastwise steam or motor vessels is:

(1) 1 year's service as officer in charge of a deck watch on ocean or coastwise steam or motor vessels while holding a license as third mate; or,

(2) 5 years' service in the deck department of ocean or coastwise steam or motor vessels, 2 years of which shall have been as boatswain or quartermaster; or,

(3) 1 year's service as first-class pilot of steam or motor vessels of 2,500 gross tons or over, except ferry vessels, on the Great Lakes or other lakes, bays, or sounds, together with 6 months' service in the deck department of ocean or coastwise steam or motor vessels of 1,000 gross tons or over, while holding a license as such first-class pilot; or,

(4) 2 years' service as assistant (junior officer of the watch) to the officer in charge of the watch on ocean steam or motor vessels, while holding a license as third mate of such vessel; or,

(5) 1 year's service as a licensed mate on ocean or coastwise steam or motor vessels of 150 gross tons or over engaged in the fisheries, for license as second mate of towing vessels.

§ 10.05–33 *Third mate of ocean steam or motor vessels.* (a) The minimum service or training required to qualify an applicant for license as third mate of ocean steam or motor vessels is listed in this paragraph. In order to be eligible for an unlimited ocean license, an applicant must have obtained his service on ocean or coastwise vessels of 1,000 gross tons or over.

(1) 3 years' service in the deck department of ocean or coastwise steam or motor vessels, 6 months of which shall have been as able seaman, boatswain, or quartermaster while holding a certificate as able seaman; or,

(2) 6 months' service as third mate of coastwise steam or motor vessels; or,

(3) Graduation from:

(i) The U. S. Merchant Marine Academy (deck);

(ii) The deck class of a state nautical schoolship established under the authority of an Act of Congress approved 4 March, 1911;

(iii) The U. S. Naval Academy; or,

(iv) The U. S. Coast Guard Academy; or,

(4) Satisfactory completion of the prescribed course (deck) at a U. S. Maritime Service or other Government operated training school, approved by the Commandant, may be accepted as the equivalent of sea service up to a maximum of 4 months, provided the applicant has obtained the additional qualifying experience prior to enrollment; or,

(5) 1 year's service as second-class pilot of steam or motor vessels of 4,000 gross tons or over, except ferry vessels, on the Great Lakes or other lakes, bays, or sounds, together with 6 months' service in the deck department of ocean steam or motor vessels of 1,000 gross tons or over, while holding a license as such second-class pilot; or,

(6) 3 years' service in the deck department of steam or motor vessels on the Great Lakes, other lakes, bays, or sounds, or rivers, together with 1 year's service in the deck department of ocean steam or motor vessels, 6 months of which shall have been as able seaman, boatswain, or quartermaster while holding a certificate as able seaman; or,

(7) 3 years' service in the deck department of steam or motor vessels of 100 gross tons or over engaged in the ocean or coastwise fisheries, together with 6 months' service as able seaman, boatswain, or quartermaster on ocean steam or motor vessels, while holding a certificate as able seaman.

§ 10.05–35 *Third mate of coastwise steam or motor vessels.* (a) The minimum service or training required to qualify an applicant for license as third mate of coastwise steam or motor vessels is:

(1) 3 years' service in the deck department of ocean or coastwise steam or motor vessels, 6 months of which shall have been as able seaman; or,

(2) 1 year's service as second-class pilot of steam or motor vessels of 2,500 gross tons or over, except ferry vessels, on the Great Lakes or other lakes, bays, or sounds, together with 6 months' service in the deck department of ocean or coastwise steam or motor vessels of 1,000 gross tons or over, while holding a license as such second-class pilot; or,

(3) 2 years' service in the deck department of steam or motor vessels on the Great Lakes or other lakes, bays, or sounds, together with 2 years' service in the deck department of ocean or coastwise steam or motor vessels, 6 months of which shall have been as able seaman; or,

(4) 2 years' service in the deck department of steam or motor vessels of 100 gross tons or over engaged in the ocean or coastwise fisheries, or any sail vessel of 100 gross tons or over, together with 1 year's service in the deck department of ocean or coastwise steam or motor vessels, 6 months of which shall have been as able seaman; or,

(5) 3 years' service in the deck department of ocean or coastwise steam, motor, or sail vessels of less than 100 gross tons, together with 1 year's service in the deck department of ocean or coastwise steam or motor vessels, 6 months of which shall have been as able seaman.

§ 10.05–37 *Mate of inland or river steam or motor vessels.* The minimum

service required to qualify an applicant for license as mate of Great Lakes, other lakes, bays, or sounds, or river steam or motor vessels is at least 2 years' service in the deck department of steam, motor, or sail vessels, or barge consorts, 6 months of which service shall have been on steam or motor vessels.

§ 10.05–39 *Pilot.* (a) The minimum service required to qualify an applicant for license as pilot of any class, except for special license as pilot of steam vessels of 10 gross tons and under, is:

(1) 1 year's service as quartermaster or wheelsman while holding a second-class pilot's license shall entitled the holder of such license to a license as first-class pilot if he can qualify in all other respects; or,

(2) 3 years' service in the deck department of any vessel; and,

(i) 25 percent of such service shall have been obtained within the 3 years immediately preceding the date of application; and,

(ii) The required service shall include a minimum number of round trips over the particular waters for which the applicant seeks license as pilot as may be fixed by the Officer in Charge, Marine Inspection, having jurisdiction (Experience on motorboats, as defined by statutes, may be accepted by the Officer in Charge, Marine Inspection); and,

(iii) One of the required number of round trips shall have been made within the 6 months immediately preceding the date of application; or,

(3) 2 years' service in the deck department of vessels propelled by machinery, which vessels navigate canals and small lakes like Seneca and Cayuga Lakes in New York State, 1 year of which service shall have been within 2 years immediately preceding the date of application, for a license as pilot of steam vessels of limited tonnage and routes.

(b) Locally employed special pilots may be licensed as pilots of steam vessels of 10 gross tons and under.

§ 10.05–41 *Indorsement of master's or mate's license as pilot or extension of pilot's route.* A master or mate applying for indorsement of his license for authority to act as pilot, or a pilot desiring an extension of route, shall produce proof of experience acquired by a minimum number of round trips over the particular waters for which he seeks such indorsement or extension as may be required by the Officer in Charge, Marine Inspection, having jurisdiction. One of the required number of round trips shall have been made within the 6 months immediately preceding the date of application.

§ 10.05–43 *Examination for license as pilot.* (a) An applicant for license as pilot, or indorsement of master's or mate's license as pilot, or extension of pilot's route shall be required to pass a satisfactory examination as to his knowledge of the subjects listed in this paragraph:

(1) Pilot rules for the waters desired.

(2) Local knowledge of winds, weather, tides, currents, etc.

(3) Chart sketch of the route and waters applied for showing courses, distances, shoals, aids to navigation, depths of water, and all other important features.

(4) Steering, handling, and maneuvering of steam and motor vessels.

(5) Such other written or oral examination which the Officer in Charge, Marine Inspection, may consider necessary to establish the applicant's proficiency.

§ 10.05–45 *Examination for license as deck officer of ocean or coastwise steam or motor vessels.* (a) An applicant for license as deck officer of either ocean or coastwise steam vessels, ocean or coastwise motor vessels of 300 gross tons or over, master of sail vessels of over 700 gross tons, or master of steam or motor yachts, shall pass a satisfactory examination as to his knowledge of the subjects listed in paragraph (b) of this section. Examinations for licenses not incorporated in table 10.05–45 (b) will be of suitable length and scope to determine the applicant's proficiency.

[1] Not to be given applicants for license as master of towing vessels.

[2] Candidates may use any navigational methods they wish in the solution of problems, provided they are correct in principle. Because of the many different methods of computing a position line it is necessary, in order to obtain uniformity in examinations, to require as an answer either the longitude based on the D. R. latitude as solved by time sight or the longitude of the computed point as obtained by any position line method, either with plotting or traverse tables. Computed point is the point at which a perpendicular from the D. R. position (for the instant of the sight) intersects the line of position.

(c) (1) Each applicant for an ocean or coastwise deck license, whether original or raise of grade, shall be required to pass practical tests in signalling. The examination in signalling will consist of an examination in the international flag code, Morse flashing, and semaphore. Candidates will be examined in Morse flashing and semaphore in groups where practicable.

(2) Candidates shall be able to read a signal at sight, so far as to name the flags composing the hoist; know the use of the code pennant, numeral and substitute pennants, the meaning of all the single letter signals and the flags used to indicate the quarantine signals; be required to signal some word or words not included in the vocabulary of the code; and have a good knowledge of the distress signals. Candidates will be required to attain a speed of six words a minute in Morse flashing and eight words a minute in semaphore. The average length of a word is to be five letters. Candidates who wish to prove their higher proficiency may request to be tested at a minimum speed of ten words a minute in Morse flashing and twelve words a minute in semaphore. Such candidates, if successful will have the results of their examination reported on their official files.

(3) A candidate for license who fails in signalling, but passes in every other subject, will be considered to have failed the examination and shall be so reported; but he may at any time within the six months following his first attempt be reexamined in signalling only, and if he then passes he will be granted a license.

§ 10.05–47 *Examination for license as master of Great Lakes steam and motor vessels.* (a) An applicant for license as master of Great Lakes steam or motor vessels shall be required to pass a satisfactory examination as to his knowledge of the subjects listed in this paragraph:

(1) Pilot rules.

(2) Deviation by azimuth of the sun.

(3) Deviation by azimuth of Polaris.

(4) Construction of a deviation table by any method:

(i) Azimuth of sun or Polaris.

(ii) Equi-distant bearings of a fixed object.

(iii) Ranges.

(iv) Comparison with a gyro or magnetic compass whose deviation is known.

(5) Distance off by bearings and run.

(6) Distance off by distance-finding stations.

(7) Distance off by visibility of lights.

(8) Speed by revolutions and by observation.

(9) Instruments and accessories used in navigation.

(10) Magnetism, deviation, and compass compensation.

(11) Chart navigation and piloting.

(12) Aids to navigation.

(13) Winds and weather.

(14) Signals; storm, wreck, distress, and special.

(15) Stability and ship construction.

(16) Cargo stowage and handling.

(17) Seamanship.

(18) Temporary repairs to hull and equipment.

(19) Drills and lifesaving apparatus.

(20) Ship sanitation; Rules and Regulations for Vessel Inspection, and Navigation Laws of the U. S.

(21) Ship's business.

(22) General.

(23) Practical chart work.

(24) Such further examination of a non-mathematical character as the Officer in Charge, Marine Inspection, may consider necessary to establish the applicant's proficiency.

§ 10.05–49 *Examination for license as master of bays, sounds, and lakes other than the Great Lakes steam and motor vessels.* (a) An applicant for license as master of bays, sounds, and lakes other than the Great Lakes steam or motor vessels shall be required to pass a satisfactory examination as to his knowledge of the subjects listed in this paragraph:

(1) Inland Rules of the Road or Pilot Rules applicable to the waters desired.

(2) Distance off by bearings and run.

(3) Speed by revolutions and by observation of landmarks.

(4) Chart navigation and piloting.

(5) Aids to navigation.

(6) Winds, weather, and current.

(7) Signals; storm, wreck, distress, and special.

(8) Stability and ship construction.

(9) Cargo stowage and handling.

(10) Seamanship.

(11) Temporary repairs to hull and equipment.

(12) Drills and lifesaving apparatus.

(13) Ship sanitation; Rules and Regulations for Vessel Inspection, and Navigation Laws of the U. S.

(14) Ship's business.

(15) General.

(16) Practical chart work.

(17) Such further examination of a non-mathematical character as the Officer in Charge, Marine Inspection, may consider necessary to establish the applicant's proficiency.

§ 10.05–51 *Examination for license as master of river steam or motor vessels.* (a) An applicant for license as master of river steam or motor vessels shall be required to pass a satisfactory examination as to his knowledge of the subjects listed in this paragraph:

(1) Duties of masters of river steamers.

(2) Ability to handle the wheel in case of emergency or disaster.

(3) Master's duties and proper method of procedure in case of fire on his vessel.

(4) Proper management of a vessel and crew in case of collision and sinking.

(5) Executive ability generally to manage officers and crew.

(6) General knowledge and ability to navigate steamers with safety to life and property.

(7) Pilot rules governing the navigation of such steamers.

(8) Signals between the pilot house and engine room.

(9) Running, anchor, and signal lights and their proper position on all vessels.

(10) Duties of master in case of fog or stormy weather.

(11) Such other subjects in connection with the navigation of river vessels as the Officer in Charge, Marine Inspec-

tion, may consider necessary to establish the applicant's proficiency.

§ 10.05–53 *Examination for license as master of ferry steam or motor vessels.* An applicant for license as master of ferry steam or motor vessels on either the Great Lakes, other lakes, bays, and sounds, or rivers shall be required to pass satisfactorily an examination of such length and scope as will satisfy the Officer in Charge, Marine Inspection, that the applicant is capable of handling and navigating such vessels.

§ 10.05–55 *Examination for license as master or pilot of yachts on the Great Lakes, other lakes, bays, and sounds, or rivers.* An applicant for license as master or pilot of yachts on either the Great Lakes, other lakes, bays, and sounds, or rivers, shall be required to pass a satisfactory examination as to his knowledge in handling such vessels, and his familiarity with the lights, lighthouses, channels, buoys, obstructions, courses, and distances between certain points in the waters for which he makes application for license. He shall also be examined regarding his knowledge of the pilot rules for such waters, the running and anchor lights, fog signals, the use of the lead, signal bells between engine room and pilot house, the General Rules and Regulations for Vessel Inspection, and such further examination of a non-mathematical character as the Officer in Charge, Marine Inspection, may consider necessary to establish the applicant's proficiency.

§ 10.05–57 *Examination for license as master of passenger barges on the Great Lakes, other lakes, bays, and sounds, or rivers.* An applicant for license as master of passenger barges on the Great Lakes, other lakes, bays, and sounds, or rivers shall be required to pass satisfactorily an examination of such length and scope as will satisfy the Officer in Charge, Marine Inspection, that the applicant is capable of handling the class of vessel for which he desires a license.

§ 10.05–59 *Examination for license as mate of inland or river steam or motor vessels.* An applicant for license as mate of inland or river steam or motor vessels shall be required to pass a satisfactory examination as to his knowledge, experience, and skill in stowage and cargo handling, the operation and handling of fire apparatus, the launching and handling of lifeboats, his knowledge of life preservers and the method of adjusting them, his ability to manage the crew and direct and advise the passengers in case of emergency, his general familiarity with his duties in maintaining discipline and protecting the passengers, and such further examination of a non-mathematical character as the Officer in Charge, Marine Inspection, may consider necessary to establish the applicant's proficiency.

§ 10.05–61 *Evaluation of experience not listed.* When an applicant presents evidence of service or experience which does not meet the specific requirements of the regulations in this part, but which in the opinion of the Officer in Charge, Marine Inspection, is a reasonable equivalent thereto, the application for license with supporting data shall be submitted to the Commandant for evaluation, together with the recommendation of the Officer in Charge, Marine Inspection.

SUBPART 10.10—PROFESSIONAL REQUIREMENTS FOR ENGINEER OFFICERS' LICENSES (INSPECTED VESSELS)

§ 10.10–1 *No restriction as to waters on engineer licenses.* (a) Except as otherwise specified in this part no engineer's license issued on or after the effective date of the regulations in this part shall be restricted as to the waters upon which the engineer may serve, except that such restrictions on any license, when presented for renewal, shall not be changed without the licensee's consent.

(b) The holder of an engineer's license which is restricted as to waters may serve in the capacity and within the limitations in the license upon other waters without special indorsement as follows:

(1) *"Ocean."* This includes coastwise waters; Great Lakes; bays, sounds, and lakes other than the Great Lakes; and rivers.

(2) *"Coastwise."* This includes the Great Lakes; bays, sounds, and lakes other than the Great Lakes; and rivers.

(3) *"Great Lakes."* This includes bays, sounds, and lakes other than the Great Lakes, and rivers.

(4) *"Bays, sounds, and lakes other than the Great Lakes."* This includes rivers.

(5) *"Inland waters."* This includes the Great Lakes; bays, sounds, and lakes other than the Great Lakes; and rivers.

(6) *"Rivers."* This does not include any other type of waters.

§ 10.10–3 *Grade and type of engineer licenses issued, and limitations placed thereon.* (a) Licenses in the grades of chief engineer, first assistant engineer, second assistant engineer, and third assistant engineer authorizing service on steam vessels or on motor vessels or on steam and motor vessels, shall be issued to applicant who qualify therefor.

(b) Engineer's licenses of all grades and types may be subject to such horsepower limitation as the Officer in Charge, Marine Inspection, shall deem appropriate. The horsepower limitations to be placed on a license shall be based on the applicant's qualifying experience; however, in no case shall an applicant's license be limited to a lower horsepower than the highest horsepower on which 25% or more of his experience was obtained. No horsepower limitation shall be placed on a license where all of the applicant's qualifying experience has been on merchant vessels of 2,500 horsepower and over.

§ 10.10–5 *Removal of restriction as to waters upon renewal of engineer's licenses.* Upon the renewal of any engineer's steam license which has been restricted as to waters, the holder shall be allowed the choice of accepting a limitation as to horsepower in lieu of the restriction as to waters. The horsepower limitation shall be determined by the Officer in Charge, Marine Inspection, in accordance with the applicant's experience. The licensee shall be required to agree in writing to such conditions of renewal before the issuance of the license requested.

§ 10.10–7 *Conversion of licenses from gross tonnage to horsepower limitations upon renewal.* (a) Steam or motor engineer's licenses issued for any gross tons on specified waters shall be converted to any horsepower for the same waters, when renewed by an Officer in Charge, Marine Inspection.

(b) Upon renewal of any engineer's license which is limited as to gross tonnage the tonnage shall be converted to horsepower on the new license in the ratio of 3 to 4 (i. e.: 750 gross tons to 1,000 horsepower), except in those cases where an applicant has obtained experience on vessels of greater horsepower than the above ratio would entitle him. In such cases a license of greater horsepower commensurate with the experience obtained may be issued.

§ 10.10–9 *Chief engineer; steam vessels.* (a) The minimum service required to qualify an applicant for license as chief engineer of steam vessels is:

(1) 1 year's service as first assistant engineer of steam vessels; or,

(2) 2 years' service as second assistant or junior first assistant engineer in charge of a watch on steam vessels while holding a license as first assistant engineer of steam vessels; or,

(3) While holding a license as chief engineer of motor vessels, either:

(i) 6 months' service as first assistant engineer of steam vessels;

(ii) 6 months' service as observer chief engineer on steam vessels; or,

(iii) 1 year's service as oiler, watertender, or junior engineer of steam vessels.

§ 10.10–11 *Chief engineer; motor vessels.* (a) The minimum service required to qualify an applicant for license as chief engineer of motor vessels is:

(1) 1 year's service as first assistant engineer of motor vessels; or,

(2) 2 years' service as second assistant or junior first assistant engineer in charge of a watch on motor vessels while holding a license as first assistant engineer of motor vessels; or,

(3) While holding a license as chief engineer of steam vessels, either:

(i) 3 months' service as first assistant engineer of motor vessels;

(ii) 3 months' service as observer chief engineer on motor vessels; or,

(iii) 6 months' service as oiler or junior engineer of motor vessels.

§ 10.10–13 *First assistant engineer; steam vessels.* (a) The minimum service required to qualify an applicant for license as first assistant engineer of steam vessels is:

(1) 1 year's service as second assistant engineer of steam vessels; or,

(2) 2 years' service as third assistant or junior second assistant engineer in charge of a watch on steam vessels, while holding a license as second assistant engineer of steam vessels; or,

(3) While holding a license as first assistant engineer of motor vessels, either:

(i) 6 months' service as second assistant engineer of steam vessels;

(ii) 6 months' service as observer first assistant engineer on steam vessels; or,

(iii) 1 year's service as oiler, watertender, or junior engineer of steam vessels; or,

(4) 3 years' service as oiler, watertender or fireman on steam vessels for a license as first assistant of steam vessels of not more than 1,000 horsepower.

§ 10.10–15 *First assistant engineer; motor vessels.* (a) The minimum service required to qualify an applicant for license as first assistant engineer of motor vessels is:

(1) 1 year's service as second assistant engineer of motor vessels; or,

(2) 2 years' service as third assistant engineer or junior second assistant engineer in charge of a watch on motor vessels, while holding a license as second assistant engineer of motor vessels; or,

(3) While holding a license as first assistant engineer of steam vessels, either:

(i) 3 months' service as second assistant engineer of motor vessels;

(ii) 3 months' service as observer first assistant engineer on motor vessels; or,

(iii) 6 months' service as oiler or junior engineer of motor vessels; or,

(4) 3 years' service as oiler or fireman on motor vessels for a license as first assistant engineer of motor vessels of not more than 1,000 horsepower.

§ 10.10–17 *Second assistant engineer; steam vessels.* (a) The minimum service required to qualify an applicant for license as second assistant engineer of steam vessels is:

(1) 1 year's service as engineer in charge of a watch, while holding a license as third assistant engineer of steam vessels; or,

(2) 2 years' service as assistant engineer to the engineer in charge of a watch, while holding a license as third assistant engineer of steam vessels; or,

(3) While holding a license as second assistant engineer of motor vessels, either:

(i) 6 months' service as third assistant engineer of steam vessels;

(ii) 6 months' service as observer second assistant engineer on steam vessels; or,

(iii) 1 year's service as oiler, watertender, or junior engineer of steam vessels.

§ 10.10–19 *Second assistant engineer; motor vessels.* (a) The minimum service required to qualify an applicant for license as second assistant engineer of motor vessels is:

(1) 1 Year's service as engineer in charge of a watch, while holding a license as third assistant engineer of motor vessels; or,

(2) 2 years' service as assistant engineer to the engineer in charge of a watch, while holding a license as third assistant engineer of motor vessels; or,

(3) While holding a license as second assistant engineer of steam vessels, either:

(i) 3 months' service as third assistant engineer of motor vessels;

(ii) 3 months' service as observer second assistant engineer on motor vessels; or,

(iii) 6 months' service as oiler or junior engineer of motor vessels.

§ 10.10–21 *Third assistant engineer; steam vessels.* (a) The minimum service required to qualify an applicant for license as third assistant engineer of steam vessels is:

(1) 3 years' service in the engine department of steam vessels, 2 years and 6 months of which must have been as fireman, oiler, watertender, or other qualified member of the engine department, and one-third of the required service may have been on motor vessel; or,

(2) 3 years' service as an apprentice to the machinist trade engaged in the construction or repair of marine, locomotive, or stationary engines together with 1 year's service in the engine department of steam vessels as oiler, watertender, or junior engineer, one-third of such service may have been on motor vessels; or,

(3) Graduation from:

(i) The U. S. Merchant Marine Academy (engineering);

(ii) The engineering class of a state nautical schoolship established under the authority of an Act of Congress approved March 4, 1911 (34 U. S. C. 1121);

(iii) The U. S. Naval Academy; or,

(iv) The U. S. Coast Guard Academy; or,

(4) Satisfactory completion of the prescribed course (engineering) at a U. S. Maritime Service or other Government operated training school approved by the Commandant may be accepted as the equivalent of sea service up to a maximum of four months, provided the applicant has obtained the additional qualifying experience prior to enrollment; or,

(5) Graduation from the marine engineering course of a duly recognized school of technology together with 3 months' service in the engine department of steam vessels, one-third of such service may have been on motor vessels; or,

(6) Graduation from the mechanical or electrical engineering course of a duly recognized school of technology together with 6 months' service in the engine department of steam vessels, one-third of such service may have been on motor vessels; or,

(7) 1 year's service as oiler, watertender, or junior engineer on steam vessels while holding a license as third assistant engineer of motor vessels.

§ 10.10–23 *Third assistant engineer; motor vessels.* (a) The minimum service required to qualify an applicant for license as third assistant engineer of motor vessels is:

(1) 3 years' service in the engine department of motor vessels, 2 years and 6 months of which must have been as fireman, oiler, watertender, or other qualified member of the engine department, and one-third of the required service may have been on steam vessels; or,

(2) 3 years' service as an apprentice to the machinst trade engaged in the construction or repair of marine, locomotive, or stationary engines together with 1 year's service in the engine department of motor vessels as oiler or junior engineer, one-third of such service may have been on steam vessels; or,

(3) Graduation from:

(i) The U. S. Merchant Marine Academy (engineering);

(ii) The engineering class of a state nautical schoolship established under the authority of an Act of Congress approved March 4, 1911 (34 U. S. C. 1121);

(iii) The U. S. Naval Academy; or,

(iv) The U. S. Coast Guard Academy; or,

(4) Satisfactory completion of the prescribed course (engineering) at a U. S. Maritime Service or other Government operated training school approved by the Commandant may be accepted as the equivalent of sea service up to a maximum of 4 months, provided the applicant has obtained the additional qualifying experience prior to enrollment; or,

(5) Graduation from the marine engineering course of a duly recognized school of technology together with 3 months' service in the engine department of motor vessels, one-third of such service may have been on steam vessels; or,

(6) Graduation from the mechanical or electrical engineering course of a duly recognized school of technology together with 6 months' service in the engine department of motor vessels, one-third of such service may have been on steam vessels; or,

(7) 6 months' service as oiler or junior engineer on motor vessels while holding a license as third assistant engineer of steam vessels.

§ 10.10–25 *Engineers of motor vessels operating in Puerto Rican and Hawaiian waters.* (a) An applicant for an engineer's license of seagoing vessels propelled by internal combustion engines navigating exclusively in the Coast Guard District covering the Hawaiian Islands, or in the Coast Guard District covering the island of Puerto Rico, shall submit with his application statements duly executed and certified by reputable citizens qualified to judge the character and ability of the applicant. The Officer in Charge, Marine Inspection, shall make a diligent inquiry as to the applicant's character and merits and, if satisfied by the oral examination or practical demonstration, and the proof of requisite knowledge and skill offered, the Officer in Charge, Marine Inspection, shall issue the license. No certificate from the United States Public Health Service based upon the subject of ship sanitation and first aid shall be required of such applicant.

(b) An applicant for an engineer's license of motor vessels operating exclusively in Puerto Rican waters or exclusively in Hawaiian waters shall present evidence of a minimum of 3 years' service on such vessels.

§ 10.10–27 *Service as engine room watch electrician.* An applicant for a raise of grade of engineer's license for steam or motor vessels may substitute service as engine room watch electrician on electric drive steam or motor vessels for other service required. The service shall be accepted on the basis of 2 months as electrician to count as 1 month of the required service for raise of grade of license desired. Service as

electrician shall not be substituted for more than one-half the service required on a license. This service as engine room watch electrician must have been acquired while the applicant was holding the license which is to be raised in grade.

§ 10.10–29 *Evaluation of experience not listed.* When an applicant presents evidence of service or experience which does not meet the specific requirements of the regulations in this part, but which in the opinion of the Officer in Charge, Marine Inspection, is a reasonable equivalent thereto, the application for license with supporting data shall be submitted to the Commandant for evaluation, together with the recommendation of the Officer in Charge, Marine Inspection.

SUBPART 10.15—LICENSING OF OFFICERS FOR UNINSPECTED VESSELS

§ 10.15–1 *Applicability of laws.* All the provisions of R. S. 4131, 4250, 4403, 4405, 4438, 4439, 4440, 4441, 4445, 4446, 4447, 4448, 4449, 4450, 4463, as amended, sec. 2, 23 Stat. 118, sec. 2, 29 Stat. 188, sec. 1, 34 Stat. 1411, sec. 3, 40 Stat. 549, and sec. 5, 49 Stat. 1935; 46 U. S. C. 221, 222, 224, 225, 226, 227, 228, 229, 231, 232, 233, 234, 235, 237, 239, 250, 372, 375, 672a; referring to the issuance, duration, renewal, suspension or revocation of licenses of masters, mates, chief engineers and assistant engineers, and the provisions of the following regulations in this subpart shall be applicable to all uninspected vessels to which the Officers' Competency Certificates Convention, 1936, and the Act approved July 17, 1939 (R. S. 4438a; 53 Stat. 1049; 46 U. S. C. 224a) making effective the provisions of the Convention apply.

§ 10.15–3 *Vessels to which regulations apply.* (a) The regulations in this subpart shall apply to masters, chief engineers and watch officers, deck and engineer, on all uninspected vessels, however propelled, navigating the high seas, which are registered, enrolled and licensed, or licensed under the laws of the United States whether permanently, temporarily, or provisionally, including yachts, enrolled and licensed, with the exception of:

(1) Ships of war;

(2) Government vessels, or vessels in the service of a public authority, which are not engaged in trade;

(3) Wooden ships of primitive build, such as dhows and junks;

(4) Unrigged vessels;

(5) All vessels of less than 200 gross tons.

§ 10.15–5 *Licenses issued and general provisions.* (a) Licenses to officers on uninspected vessels will be issued as follows:

(1) License as master, motor or sail;

(2) License as mate, motor or sail;

(3) License as chief engineer, motor; or,

(4) License as assistant engineer, motor.

(b) Licenses to officers of uninspected vessels shall be limited on their face to uninspected vessels, and shall be issued on the Coast Guard Form 2849.

(c) Licenses as master and mate shall be issued for appropriate route (ocean or coastwise) and with tonnage limitations commensurate with the experience of the applicant.

(d) (1) Licenses to chief engineer and assistant engineer shall be issued with appropriate horsepower limitations commensurate with the experience of the applicant.

(2) The regulations in § 10.10–15 shall govern the conversion of engineers' licenses from gross tonnage to horsepower limitations upon renewal.

(e) Every person to whom a license is issued shall place his signature and left thumbprint thereon, and upon any sheets attached for additional indorsements.

(f) Every master, mate, or engineer who receives a license shall make oath before an Officer in Charge, Marine Inspection, to be recorded upon his official file, that he will faithfully and honestly, according to his best skill and judgment, without concealment or reservation, perform all the duties required of him by law and obey all lawful orders of his superior officers.

§ 10.15–7 *Related authority of licenses for inspected vessels.* A license to act as master, mate, or engineer of inspected vessels will in all cases entitle the holder to act under the limitations of his license on uninspected vessels.

§ 10.15–9 *Sea service as member of the armed forces of the United States as qualifying.* Sea service as a member of the armed forces of the United States will be accepted as qualifying experience for an original or raise in grade of license. Such service will be subject to evaluation to the sea service otherwise required, and to determine the appropriate grade, class, and limit of license for which the applicant is eligible. The applicant may be permitted to omit the examination for the lower grade of license if his experience is of such character as to qualify him for the higher grade of license.

§ 10.15–11 *Lifting of limitations.* Section 10.02–15 shall govern the lifting of limitations on licenses to officers of uninspected vessels.

§ 10.15–13 *Citizenship and age requirements.* (a) No license shall be issued to any person who is not a United States citizen An applicant claiming to be a citizen of the United States shall furnish documentary evidence of his citizenship. Acceptable evidence of citizenship is described in § 10.02–5.

(b) Any citizen who has attained the age of 21 years and is qualified in all other respects shall be eligible for a license: *Provided*, That a license as mate or assistant engineer may be granted to applicants who have reached the age of 19 years and are qualified in all other respects, but no such license may be raised in grade before the holder thereof shall have reached the age of 21 years.

§ 10.15–15 *Reexaminations and refusal of licenses.* Section 10.02–19 shall govern the reexaminations and refusal of licenses to officers of uninspected vessels.

§ 10.15–17 *Issuance of duplicate licenses.* Section 10.02–23 shall govern the issuance of duplicate licenses to officers of uninspected vessels.

§ 10.15–19 *Suspension and revocation of licenses.* Licenses as master, mate, or engineer of uninspected vessels shall be subject to suspension or revocation on the same ground and in the same manner and with like procedure as is provided in the case of suspension or revocation of licenses under the provisions of R. S. 4450, as amended (46 U. S. C. 239).

§ 10.15–21 *Laws, general rules and regulations, and pilot rules to be furnished licensed officers.* Every master, mate, or engineer shall, when receiving an original license, a renewal license, or a raise of grade of license, be furnished by the inspectors with a copy of the Laws Governing Marine Inspection and a copy of the General Rules and Regulations for Vessel Inspection prescribed by the Commandant. Every master and mate shall in addition be furnished a copy of the Rules of the Road and pilot rules applicable to the waters for which their licenses have been issued.

§ 10.15–25 *Application and experience required for original or raise of grade of licenses.* (a) Applicants for original or raise of grade of licenses are charged with the duty of establishing to the satisfaction of the Coast Guard that they possess all of the qualifications necessary, such as age, experience, character and citizenship, before they shall be entitled to be issued such license. Until an applicant meets this mandatory requirement, he is not entitled to be licensed. No person who has been convicted by court-martial of desertion or treason in time of war, or has lost his nationality for any of the other reasons listed in 8 U. S. C. 801, is eligible for a license.

(b) Before an applicant for original license (as defined by § 10.02–3) as master, mate, or engineer, or raise of grade of any license may be licensed, the applicant shall make application upon Coast Guard Form 866 and shall present it in person to an Officer in Charge, Marine Inspection. An applicant shall also present discharges and testimonial letters to the Officer in Charge, Marine Inspection, from the masters or chief engineers under whom he has served, or from the owners in the case of applicants who have already served as master or chief engineer, certifying to the name of the vessel, and the amount and character of his experience, and to his ability, character, and habits of life. Photostatic copies of those documents may be accepted for filing with the application.

(c) (1) Fingerprint records on Coast Guard Form 2515 shall be submitted to the Commandant on each application for original license at the same time application is made.

(2) The application of any person may be rejected by the Officer in Charge, Marine Inspection, when derogatory information has been brought to his attention which indicates that the applicant's habits of life and character are such as to warrant the belief that he cannot be entrusted with the duties and responsibilities of the station for which he made application. In the event that an applicant is rejected he will be advised that he may submit a request to the Commandant for a review of his case. No examination shall be given or temporary permit issued in the type case pending the Commandant's authorization.

(3) Nothing in the regulations in this part shall be construed to permit an applicant to be examined for an original license or a raise in grade of license during any period when a suspension without probation or a revocation imposed pursuant to R. S. 4450, as amended, is effective against his license or certificate.

(d) No original license or raise of grade shall be issued to any applicant unless at least 1 year of his qualifying service shall have been obtained within the 3 years next preceding his application for examination.

(e) Applicants will be informed as soon as possible whether their applications have been accepted or not, and when the application of any person for a license has been approved the applicant shall be given the required examination as soon as practicable.

(f) Licensed officers entitled to raise of grade shall have issued to them new licenses for the grade for which they are found qualified. The license which is raised in grade shall be surrendered to the Officer in Charge, Marine Inspection.

(g) Except for applicants for licenses as masters, mates, chief engineers, and assistant engineers of fishing vessels, certificates from the Public Health Service attesting to the applicant's knowledge of ship sanitation and first aid will be required before the candidates are eligible for original licenses.

§ 10.15–27 *Physical examination required for original and raise of grade of licenses.* Sections 10.02–5 and 10.02–7 governing the physical examination requirements for applicants for original and raise of grade of licenses for inspected vessels shall apply to applicants for original and raise of grade of licenses for uninspected vessels for the same types of licenses.

§ 10.15–29 *Professional requirements for original and raise of grade of licenses.* (a) For license as master or chief engineer, a candidate must have served 4 years at sea, on deck or in the engine room, respectively, of which 1 year must have been as licensed mate or assistant engineer, respectively, except as otherwise provided in the regulations in this Subpart.

(b) For license as mate or assistant engineer, a candidate must have served 3 years at sea, on deck or in the engine room, respectively.

(c) For a license as assistant or chief engineer of motor vessels, two-thirds of the required service must have been served on motor vessels.

(d) It is not required that an applicant must have obtained his experience on United States vessels. Experience on foreign vessels will be given due credit.

(e) Experience in towed barges fitted with sails and rigging is not considered as sail vessel time.

(f) When an applicant presents evidence of service or experience which does not meet the specific requirements of the regulations in this part, but which in the opinion of the Officer in Charge, Marine Inspection, is a reasonable equivalent thereto, the application for license with supporting data shall be submitted to the Commandant for evaluation, together with the recomendation of the Officer in Charge, Marine Inspection.

§ 10.15–31 *Examination requirements for licenses.*—(a) *General.* The examinations given by the Coast Guard will be practical, not theoretical. They will be written, where possible, and if an oral examination is necessary, it shall be taken down in writing. The examination for licenses limited to fishing vessels shall be oral only.

(b) *Master.* Candidates for license as master will, in addition to the subjects given in the examination for mate, be required to understand and give satisfactory explanations of:

(1) Navigation, including:

(i) Latitude by altitude of Polaris.

(ii) Elementary questions on compass deviation.

(2) Rudimentary seamanship, including:

(i) Meteorology, use and reading of weather bulletins.

(ii) Getting under way.

(iii) Tending vessel at anchor; mooring and unmooring.

(iv) Keeping a ship's head to sea in heavy weather with engines broken down.

(v) How to rig a jury rudder.

(vi) Action to be taken in the event of springing a leak.

(vii) Cast of lead in heavy weather.

(c) *Mate.* Candidates for license as mate will be required to understand and give satisfactory explanations of:

(1) Navigation, including:

(i) Variation, deviation of the compass, and simple methods of determining the deviation by the means of ranges, and by bearings of the sun.

(ii) Use of a chart and the meaning of the various signs and abbreviations thereon; method of determining and laying off compass courses and distances on a chart, and allowing for set and drift; fixing the ship's position by cross bearings of two objects; or by two bearings of the same object.

(iii) The traverse tables and a day's work in its simplest form.

(iv) Determining of latitude by meridian altitude of the sun.

(v) Longitude by position line or by time sight of the sun.

(vi) The use and adjustments of the sextant.

(vii) The use and reading of the aneroid barometer.

(2) Rudimentary seamanship, including:

(i) The use and construction of a sea anchor.

(ii) The marking and use of the lead line.

(iii) Man reported overboard.

(iv) Handling of a vessel's boat in heavy weather.

(v) Elementary first aid.

(3) The Rules to Prevent Collisions of Vessels including both the International Rules and the Pilot Rules for Inland Waters. Particular attention will be given to the steering and sailing rules, although inability to repeat them verbatim will not entail failure, *Provided*, That the candidate understands their full significance, content, and practical application. Models will be used to test the candidate's judgment and ability to act correctly and promptly.

(4) Distress signals and use of line throwing apparatus.

(5) Buoyage system and aids to navigation.

(6) Precautions to be taken against fire, explosions from oil or gas, and spontaneous combustion. Methods of dealing with fire and use of fire extinguishers, handling of vessels after fire is discovered.

(7) Candidates for a sailing ship license will also be asked questions on the taking in and setting of fore and aft sail, and applicable questions relating to the handling of a sail vessel.

(d) *Chief engineer.* A candidate for license as chief engineer, motor, will be required to have an advanced and more complete knowledge of the subjects and problems required for the examination for an assistant engineer.

(e) *Assistant engineer.* A candidate for license as assistant engineer, motor, will be required to understand and give satisfactory explanations of:

(1) The various codes of signals used between the bridge and engine room for working the engine.

(2) The fundamentals of oil, gas, or other internal combustion engines, and also the auxiliary machinery in use on board ship; and to show a practical knowledge of upkeep of, operation of, and repairs to same.

(3) The use of the various gauges, meters, and instruments.

(4) Treatment of a hot bearing and avoidance of same.

(5) The use of fire extinguishing apparatus; precautions to be taken against fire or explosions from oil or gas, precautions to be taken against the formation of explosive gases in oil tanks, bilges, or other unventilated spaces, causes of spontaneous combustion; safe carriage of fuels, and storage of lubricating oils; and methods of dealing with fire.

(6) Properties of the various oils, etc., generally used in internal combustion engines.

§ 10.15–33 *Requirements for renewal of licenses.* Section 10.02–9 shall govern the renewal of licenses to officers of uninspected vessels.

SUBPART 10.20—MOTORBOAT OPERATORS LICENSES

§ 10.20–1 *General application.* (a) The regulations in this subpart apply to all applicants for license to operate motorboats carrying passengers for hire.

(b) All licenses issued to motorboat operators under section 5 of the act of June 9, 1910 (46 U. S. C. 515) permitting the holders to operate or navigate motorboats carrying passengers for hire became null and void on April 24, 1941, by the Motorboat Act of April 25, 1940 (Sec. 19, 54 Stat. 167; 46 U. S. C. 526r).

§ 10.20–3 *General requirements.* (a) Any person who has attained the age of

18 years and is qualified in all other respects, shall be considered eligible for a motorboat operator's license and may be examined by the Coast Guard.

(b) (1) Fingerprint records on Coast Guard Form 2515 shall be submitted to the Commandant on each applicant at the same time application is made for original license.

(2) The application of any person may be rejected by the Officer in Charge, Marine Inspection, when derogatory information has been brought to his attention which indicates that the applicant's habits of life and character are such as to warrant the belief that he cannot be entrusted with the duties and responsibilities of the station for which he made application. In the event that an applicant is rejected he will be advised that he may submit a request to the Commandant for a review of his case.

(3) No examination shall be given or temporary permit issued in the case pending the Commandant's authorization.

(c) An applicant for a license as an operator shall submit a sworn application on Coast Guard Form 866 to the Officer in Charge, Marine Inspection. If the applicant's capacity, knowledge, experience, character and habits of life are such as to warrant entrusting him with the duties and responsibilities involved in the operation and navigation of motorboats carrying passengers for hire, a license authorizing him to discharge such duties on any such motorboats for a term of five years shall be issued to him, except that when the applicant is the holder of a currently valid license as master, pilot, or other deck officer, a motorboat operator's license may be granted without requiring a physical or professional examination if recent service under his license can be shown, and such applicant shall not be required to surrender his license as master, pilot, or other deck officer.

(d) Every person to whom a license is issued shall place his signature and left thumb print thereon.

(e) An Officer in Charge, Marine Inspection, may place restriction or limitation upon a license as motorboat operator. Such limitation shall be commensurate with the qualifications of the applicant.

§ 10.20–5 *Professional examinations.* (a) The applicant shall be examined orally concerning his fitness to hold a license as motorboat operator.

(b) (1) The examination will consist of questions on the following:

(i) Regulations governing motorboats, the collision regulations applicable to the waters over which the applicant operates.

(ii) Fire protection and extinguishment.

(iii) Lifesaving equipment.

(iv) The operation of propelling machinery, and, particularly, the safe and proper handling of gasoline motors.

(v) The proper method of operating and navigating motorboats carrying passengers.

(vi) Simple first-aid.

(2) Although applicants will be examined only in the collision regulations applicable to the waters upon which they are operating, it will be incumbent upon them, should they at any time operate on waters for which the collision regulations differ, to familiarize themselves with the appropriate rules.

(c) (1) An applicant for a motorboat operator's license shall not be disqualified by inability to read or write if he is qualified in all other respects and if he possesses extensive experience in the operation of small vessels. Inability to read or write, however, shall be held to disqualify an applicant who is not experienced in operation of motorboats and who is not experienced in the operating of firefighting and lifesaving equipment, and is not thoroughly familiar with the applicable pilot rules.

(2) If the applicant has operated motorboats under the license issued under the act of June 9, 1910, he shall be held to possess the required experience but must qualify in all other respects.

§ 10.20–7 *Physical examination requirements.* (a) (1) An applicant who has not operated a motorboat carrying passengers for hire under authority of a license issued prior to April 25, 1941, shall be examined by a United States Public Health Service Medical Officer or other reputable physician to determine whether he is physically fit to perform the duties required of him and shall include the eyesight, hearing, and physical condition. Epilepsy, insanity, senility, acute venereal disease, neurosyphilis, or badly impaired hearing, eyesight, or color blindness are causes for rejection.

(2) For an original license the applicant must have, either with or without glasses, at least 20/20 vision in one eye and at least 20/40 in the other. Any applicant who wears glasses, however, must also be able to pass a test without glasses of at least 20/40 in one eye and at least 20/70 in the other. The color sense will be tested by means of the "Stillings," or similar, test, but any applicant who fails this test will be eligible if he passes the "Williams" lantern test, but if found color blind no license will be issued except in a case where the applicant shows he has operated motorboats for many years and has particular qualifications, which in the judgment of the Officer in Charge, Marine Inspection, qualifies him to operate a motorboat in daylight only and so restricts the license.

(3) For a renewal of a motorboat operator's license an examination may be required in addition to a certificate of satisfactory color sense. Nothing herein shall debar an applicant who has lost the sight of one eye while holding a license from renewing such license if he is qualified in all other respects and the vision in his one eye passes the test required for the better eye of an applicant possessed of both eyes. If an applicant for a renewal of license is pronounced color blind, the Officer in Charge, Marine Inspection, may grant him a license limited to service during daylight only.

(4) Where an applicant is not possessed of the vision, hearing and general physical condition considered necessary, the Officer in Charge, Marine Inspection, after consultation with a Public Health Service Medical Officer may make recommendations to the Commandant for an exception to these requirements, if, in their opinion, extenuating circumstances warrant special consideration. Any request for a decision by the Commandant must be accompanied by all pertinent correspondence, records and reports.

(b) An applicant who has operated a motorboat carrying passengers for hire under authority of a license issued prior to April 25, 1941, may be issued an operator's license without further physical examination unless the Office in Charge, Marine Inspection, considers that such examination is necessary in view of apparent disabilities.

§ 10.20–9 *Requirements for renewal.* (a) An operator's license may be renewed by application to an Officer in Charge, Marine Inspection. The presentation of the license to be renewed, together with satisfactory certificate of color sense, shall be considered sufficient evidence upon which to renew a license; unless facts shall have come to the knowledge of the Officer in Charge, Marine Inspection, which would render a renewal improper in the case of a particular applicant.

(b) No license shall be renewed more than 30 days in advance of the date of the expiration thereof, unless there are extraordinary circumstances that shall justify a renewal beforehand in which case the reasons therefor must appear in detail upon the records of the Officer in Charge, Marine Inspection, renewing the license.

(c) Whenever an operator shall apply for renewal of his license more than 1 year after the date of its expiration, he shall be required to pass a professional and physical examination of such length and scope as may be required by the Officer in Charge, Marine Inspection, to determine the applicant's continued qualifications.

(d) Where an applicant for renewal would be put to great inconvenience or expense to appear in person before an Officer in Charge, Marine Inspection, the license may be renewed by forwarding the documents required by the regulations in paragraph (a) of this section to the Officer in Charge, Marine Inspection, who issued the license to be renewed.

§ 10.20–11 *Issuance of duplicate license.* Section 10.02–23 shall govern the issuance of duplicate licenses to operators of motorboats.

§ 10.20–13 *Suspension or revocation of license.* Motorboat operators' licenses shall be subject to suspension or revocation on the same grounds and with like procedure as is provided in the case of suspension or revocation of licenses under the provisions of R. S. 4450, as amended (46 U. S. C. 239).

SUBPART 10.25—REGISTRATION OF STAFF OFFICERS

§ 10.25–1 *Application of regulations.* The regulations in this subpart shall govern the registration of staff officers for employment on every vessel registered, enrolled, or licensed under the laws of the United States which employs a staff officer, except vessels navigating on bays, sounds, rivers, inland waterways, and lakes other than the Great Lakes, passenger ferries and car ferries navigating on the Great Lakes, fishing vessels, whaling vessels, and yachts.

§ 10.25–3 *Grades of certificates issued.* Staff officers shall be registered in the following grades:

(a) Chief purser.
(b) Purser.
(c) Senior assistant purser.
(d) Junior assistant purser.
(e) Junior assistant purser and pharmacist's mate.
(f) Surgeon.

§ 10.25–5 *Staff department defined.* (a) The staff department shall consist of officers registered under the provisions of the regulations in this subpart, pursers' clerks, and such persons as may be assigned to the senior registered surgeon.

(b) The staff department shall be a separate and independent department composed of a medical division and a purser's division. The medical division shall be under the charge of the senior registered surgeon who shall be responsible solely to the master or, in the absence of the master, to the officer in charge of the vessel.

§ 10.25–7 *General requirements.* (a) The applicant for a certificate of registry shall make a sworn written application on Coast Guard Form 866 in duplicate. This application shall be made to an appropriate Officer in Charge, Marine Inspection, having jurisdiction over a seaport or a Great Lakes port.

(b) The first certificate of registry issued to any person shall be considered an original certificate of registry.

(c) An applicant for certificate of registry must be a citizen of the United States and shall submit satisfactory evidence of citizenship. Acceptable evidence of citizenship is set forth in § 10.02–5.

(d) An applicant for registry and a certificate of registry as staff officer shall not be required to take an examination, but he shall be required to submit with his application satisfactory proof of his good character and of his prior service, including at least two letters of recommendation from present or former employers.

(e) (1) Fingerprint records on Coast Guard Form 2515 shall be submitted to the Commandant on each applicant at the same time application is made.

(2) The application of any person may be rejected by the Officer in Charge, Marine Inspection, when derogatory information has been brought to his attention which indicates that the applicant's habits of life and character are such as to warrant the belief that he cannot be entrusted with the duties and responsibilities of the station for which he made application. In the event that an applicant is rejected he will be advised that he may submit a request to the Commandant for a review of his case.

(3) No examination shall be given or temporary permit issued in the case pending the Commandant's authorization.

(f) No certificate of registry as junior assistant purser or junior assistant purser-pharmacist's mate will be issued to any applicant unless he present evidence that he has a commitment of employment as a member of the crew of a United States merchant vessel in a capacity covered by such certificate.

(g) (1) An applicant for registry and a certificate of registry as staff officer shall be in possession of a continuous discharge book or certificate of identification or merchant mariner's document issued as a certificate of identification and shall appear in person before an Officer in Charge, Marine Inspection.

(2) The applicant shall furnish two unmounted, dull finish photographs, 2 inches by 1½ inches, of passport type taken within 1 year of the application. Photographs shall show the full face, at least 1 inch in height, with the head uncovered, and shall be a satisfactory likeness of the applicant. The issuing officer shall affix a photograph to each of the applications and impress his official seal partly over the photograph, after the applicant has in his presence signed the application.

(3) The applicant shall place his fingerprints on each of the applications and his left thumb print on the back of the certificate of registry as staff officer.

(4) A staff officer shall not be required to hold any other certificate of service or efficiency as a condition of service in such capacity on vessels.

(h) An Officer in Charge, Marine Inspection, shall issue a certificate of registry as staff officer to an applicant who has qualified for such certificate and who has made oath or affirmation before him to the truth of the statements contained in the application and that he will faithfully and honestly perform all the duties of his office required of him by law.

(i) Indorsements for a higher grade shall not be made on certificates of registry. An applicant for a higher grade in the staff department shall make application in the same manner as for an original certificate of registry and shall surrender his certificate upon issuance of the new certificate of registry. A person in possession of a certificate of registry as staff officer may serve in a lower grade than that for which he is registered.

(j) Certificates of registry issued to staff officers shall be suspended or revoked in the same manner and with like procedure as is provided in the case of suspension or revocation of licenses of officers under the provisions of R. S. 4450, as amended (46 U. S. C. 239).

(k) No person whose certificate of registry is under suspension or revoked shall be issued another certificate of registry except upon approval of the Commandant. If an applicant for a certificate of registry is currently suffering the suspension or revocation of a license or certificate of service, the certificate of registry for which he applies shall not be issued except upon approval of the Commandant.

(l) Any person whose certificate of registry has been stolen, lost or destroyed shall report that fact to an Officer in Charge, Marine Inspection, as soon as possible, and if a duplicate certificate is desired, a properly executed affidavit on Coast Guard Form 719–E, giving satisfactory evidence of such loss shall be furnished an Officer in Charge, Marine Inspection, along with the one photograph as required in the case of an application for an original certificate. The Officer in Charge, Marine Inspection, shall transmit the affidavit and photograph to Coast Guard Headquarters and the Commandant shall cause to be prepared a certificate which will be similar to the former certificate, bear the same book or identification number as the former certificate and will be marked "Duplicate."

(m) Whenever a certificate of registry is reported to an Officer in Charge, Marine Inspection, as having been stolen, lost, or destroyed, the Officer in Charge, Marine Inspection, shall immediately report the fact by letter to the Commandant giving all the facts incident to its loss or destruction. By the same procedure, he shall report the recovery of any certificate of registry, together with all facts incident to its recovery, and shall forward the recovered certificate to the Commandant.

(n) Staff officers who are members of the Naval Reserve Corps, shall wear on their uniforms such special distinguishing insignia as may be approved by the Secretary of the Navy.

(o) The uniform stripes, decorations, or other insignia shall be of gold braid or woven gold or silver material, and no member of the ship's crew other than such staff officers shall be allowed to wear any uniform with such staff officers' identifying insignia.

§ 10.25–9 *Experience requirements.* (a) The applicant for registry and a certificate of registry as staff officer shall submit evidence of experience as follows:

(1) *Chief purser.* 2 years' service aboard vessels performing duties relating to work in the purser's office.

(2) *Surgeon.* A valid license as physician and surgeon issued under the authority of a State or territory of the United States or the District of Columbia.

(3) *Purser.* 1 year's service aboard vessels performing duties relating to work in the purser's office.

(4) *Senior assistant purser.* 6 months' service aboard vessels performing duties relating to work in purser's office.

(5) *Junior assistant purser.* Previous experience not required.

(6) *Junior assistant purser and pharmacist's mate.* A rating of at least Pharmacist's Mate, First Class, in the U. S. Navy, U. S. Coast Guard, U. S. Maritime Service, or an equivalent rating in the U. S. Army (not less than Technical Sergeant, Medical Department, U. S. A.), and a period of service of at least 1 month in a U. S. Naval, U. S. Marine, or U. S. Army Hospital.

(b) Employment on shore in connection with ship's business may be accepted in lieu of service aboard vessels. Such shore employment shall be accepted in the ratio of 2 months' shore service to count as 1 month's service aboard vessels.

(c) In computing the length of service required of an applicant other than for junior assistant purser-pharmacist's mate, service of 1 season on vessels on the Great Lakes shall be counted as service of 1 year.

(d) In the event an applicant presents other special qualifications which, in the opinion of the Officer in Charge, Marine Inspection, fit him for the duties of a staff officer, other than surgeon and junior assistant purser-pharmacist's mate, the Officer in Charge, Marine Inspection, shall forward full details and description of such qualifications to Coast Guard Headquarters for the decision of the Commandant prior to the registry and issuance of certificate of registry.

SUBPART 12.01—GENERAL

§ 12.01–1 *Basis and purpose of regulations.* By virtue of the authority vested in the Commandant of the Coast Guard under R. S. 4405, 4417a, 4488, and 4551, as amended; sec. 13, 38 Stat. 1169, as amended by sec. 1, 49 Stat. 1930, secs. 1, 2, 50 Stat. 199, sec. 1, 52 Stat. 753, 55 Stat. 579, and 55 Stat. 732; sec. 1, 49 Stat. 1544, sec. 7, 49 Stat. 1936, and 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 481, 643, 672, 672–1, 672–2, 672b, 689; the regulations in this part are prescribed to provide a comprehensive and adequate means of determining the identity or the qualifications an applicant must possess in order to be eligible for certification to serve on merchant vessels of the United States, in accordance with the intent of the statutes and to obtain their correct and uniform administration.

SUBPART 12.02—GENERAL REQUIREMENTS FOR CERTIFICATION

§ 12.02–3 *Where documents are issued.* (a) Certificates of identification, certificates of service, certificates of efficiency, and continuous discharge books are issued to applicants qualifying therefor at any Marine Inspection Office of the Coast Guard during usual business hours. (For addresses of Marine Inspection Offices see 33 CFR 1.10–20.)

(b) (1) Coast Guard Merchant Marine Details abroad are authorized to conduct examinations for up-grading of seamen, but are not prepared to conduct the physical examination where required. Merchant Marine Details will therefore not issue regular certificates, but temporary permits in lieu thereof. Merchant Marine Details will instruct the recipient of each temporary permit to present it to the Officer in Charge, Marine Inspection, upon arrival in the first port in the United States in which a Marine Inspection Office is located in order to exchange it for a permanent certificate.

(2) The temporary permit shall be accepted in a Marine Inspection Office as proof that the bearer has complied with the rules and regulations governing the issuance of certificates, except as noted in the body of the temporary permit. The requirements noted in the exceptions will be complied with as in the case of other applicants.

(3) The written examinations are forwarded to the Commandant by Merchant Marine Details, and any Marine Inspection Office at which an applicant with a temporary permit appears may request and obtain the examination in the case from the Commandant. Any Marine Inspection Office which doubts the propriety of issuing a permanent certificate in lieu of a temporary permit which has been issued by a foreign Merchant Marine Detail shall inform the Commandant fully as to the circumstances.

§ 12.02–5 *Form in which documents are issued.* (a) Every certificate of service, certificate of efficiency, or certificate of identification issued or reissued after November 1, 1945, shall be in the form of a merchant mariner's document, Coast Guard Form 2838, and wherever such certificates are mentioned in this part they shall be deemed to include merchant mariner's documents representing such certificates.

(b) Continuous discharge books are issued on Coast Guard Form 719.

§ 12.02–7 *When documents are required.* (a) Every seaman employed on any merchant vessel of the United States of 100 gross tons or upward, except vessels employed exclusively in trade on the navigable rivers of the United States, shall be issued, at the option of the seaman, a continuous discharge book, a certificate of identification, or merchant mariner's document representing such certificate of identification, which shall be retained by him. This book or certificate of identification or merchant mariner's document will bear a number, and this same number shall be shown on all certificates of service of efficiency issued to the holder of the book or certificate or document. Provisions of this section are not applicable to unrigged vessels except seagoing barges and certain tank barges.

(b) Every seaman, as referred to in paragraph (a) of this section, shall produce a continuous discharge book or certificate of identification or merchant mariner's document representing such a certificate to the United States shipping commissioner before signing Articles of Agreement, and where the seaman is not signed on before a shipping commissioner, one of these documents shall be exhibited to the master of the vessel at the time of his employment. Seamen who do not possess one of these documents may be employed at a foreign port or place.

(c) (1) Every person employed on any merchant vessel of the United States of 100 gross tons and upward, except those navigating rivers exclusively and the smaller inland lakes, below the rank of licensed officer and registered staff officer, shall possess a valid certificate of service, or merchant mariner's document representing such certificate, issued by an Officer in Charge, Marine Inspection.

(2) No certificate of service or efficiency is required of any person below the rank of license officer employed on any unrigged vessel except seagoing barges and certain tank barges.

(3) No certificate of service or efficiency is required of any person below the rank of licensed officer employed on any sail vessel of less than 500 net tons while not carrying passengers for hire and while not operating outside the line dividing inland waters from the high seas, as defined in section 2 of the act of February 19, 1895, as amended (33 U. S. C. 151).

§ 12.02–9 *Application for documents.* (a) An applicant for a certificate of service, certificate of efficiency, certificate of identification, continuous discharge book, or merchant mariner's document, shall make written application, in duplicate, on Coast Guard Form 719–b and shall appear in person before an Officer in Charge, Marine Inspection, or other person authorized to issue documents. The placing of fingerprints on the application shall be optional with the seaman. This application may be for as many certificates or ratings as the seaman believes he is qualified. In the case of a seaman applying for his first certificate, other than certificate of identification, the application shall include a request for either a continuous discharge book or a merchant mariner's document representing a certificate of identification, at the option of the applicant.

(b) (1) When the application is submitted for a certificate of identification, certificate of service, certificate of efficiency, merchant mariner's document, or any combination thereof, or a continuous discharge book, the seaman shall furnish three unmounted dull finish photographs of passport type (2 inches by 1½ inches) taken within one year and showing the full face at least one inch in height with head uncovered.

(2) When the application requests a continuous discharge book in addition to a certificate of service or certificate of efficiency or merchant mariner's document one additional photograph shall be furnished.

(c) An applicant for a document where sea service is required shall produce with his application discharges or other documentary evidence of his service, indicating the name of the vessels and dates on which he has had service, in what capacity, and on what waters.

(d) If the applicant possesses a continuous discharge book, certificate of identification, or merchant mariner's document representing such certificate, it shall be exhibited at the time of making application for any other document.

§ 12.02–11 *General provisions respecting merchant mariner's documents.* (a) As provided in § 12.02–5 every certificate of service, certificate of efficiency, or certificate of identification issued or reissued after November 1, 1945, shall be in the form of a merchant mariner's document, Coast Guard Form 2838.

(b) Any licensed officer or unlicensed seaman currently holding, in a valid status, any of the documents listed in paragraph (a) of this section may, upon request and without examination, be issued a merchant mariner's document.

(c) A merchant mariner's document shall be a certificate of service authorizing the holder to serve in any rating indorsed thereon or in any lower rating in the same department or in any rating covered by a general indorsement thereon. If the holder of a merchant mariner's document is qualified to serve in more than one department, the capacities for which he is qualified in each department will be indorsed separately.

(d) (1) A merchant mariner's document issued to a licensed deck officer will be indorsed for, "any unlicensed rating in the deck department except able seaman," and will be a certificate of service authorizing the holder to serve in any unlicensed capacity in the deck department except able-seaman without being required to present his license. If a licensed deck officer qualifies as able seaman the merchant mariner's document will be indorsed, "any unlicensed rating in the deck department including able seaman," and such indorsement will be deemed to include a certificate of efficiency as lifeboatman.

(2) A merchant mariner's document issued to a licensed engineer officer will be indorsed for, "any unlicensed rating in the engine department," and will be a certificate of service authorizing the holder to serve in any unlicensed capacity in the engine department without being required to present his license. If a licensed engineer qualifies as a lifeboatman, the further indorsement, "Lifeboatman," will be placed on the merchant mariner's document.

(e) A merchant mariner's document issued to a staff officer will be indorsed as follows: "See Certificate of Registry." The holder of a certificate of registry as chief purser, purser, senior assistant purser, or junior assistant purser may serve as a purser's clerk without obtaining an indorsement on his merchant mariner's document.

(f) A merchant mariner's document indorsed as able seaman or as lifeboatman shall be a certificate of efficiency as lifeboatman.

(g) Every merchant mariner's document shall be a certificate of identification unless the holder also holds a continuous discharge book. The holder of a certificate of identification in the form issued before November 1, 1945, shall surrender that certificate before he is issued a merchant mariner's document.

§ 12.02–13 *Citizenship requirements.* (a) If an applicant is unable to present acceptable evidence of citizenship, question marks shall be placed to the right of the spaces entitled "Place of Birth" and "Nationality," as they appear in a continuous discharge book or on a certificate of identification or merchant mariner's document. Such question marks will indicate to interested parties that the holder of such documents has not satisfactorily established his citizenship. Any seaman who has been issued a continuous discharge book or certificate of identification or merchant mariner's document containing question marks may at any time produce additional evidence of his citizenship to any Shipping Commissioner or Officer in Charge, Marine Inspection. If the additional evidence produced satisfies the Shipping Commissioner or the Officer in Charge, Marine Inspection, to whom it is presented that the same is acceptable evidence of the citizenship of the seaman, such official may draw lines through the question marks and note the nationality of the seaman in the space provided therefor, attesting the change, or reissue the certificate or document. Whenever such changes are made the official making the change shall immediately thereafter notify the Commandant.

(b) Acceptable evidence of citizenship is set forth in § 10.02–5 of this subchapter.

(c) (1) No documents shall be issued to an enemy alien. The term "enemy alien" shall include the following:

(i) All aliens of the age of 14 years or older who were or are citizens or subjects of Germany or Japan.

(ii) All aliens of the age of 14 years or older who at present are stateless but who at the time at which they became stateless were citizens or subjects of Germany or Japan.

(2) The term "enemy alien" shall not include the following:

(i) Former German or Japanese citizens or subjects who, before December 7, 1941, in the case of former Japanese citizens or subjects, and before December 8, 1941, in the case of former German citizens or subjects, became and are citizens of any nation other than Germany or Japan.

(ii) Austrians or Austrian-Hungarians (Austro-Hungarians) or Koreans who registered as such under the Alien Registration Act of 1940: *Provided*, That such persons have not at any time voluntarily become German or Japanese citizens or subjects.

(iii) All citizens or subjects of Italy, and all aliens who at present are stateless but who at the time at which they became stateless were citizens or subjects of Italy.

(iv) Aliens of enemy nationalities during their term of military service in the armed forces of the United States.

(3) Should any difficulties arise as to whether or not any person is an enemy alien, such case will be referred to the Commandant together with the date and place of birth and statements regarding the citizenship of the person whose status is in doubt.

§ 12.02–15 *Oath requirement.* An applicant for a certificate of service for a rating other than as able seaman or qualified member of the engine department shall take oath before an Officer in Charge, Marine Inspection, or other officer authorized to give such oath that he will faithfully and honestly perform all the duties required of him by law and carry out all lawful orders of his superior officers on shipboard.

§ 12.02–17 *Rules for the preparation and issuance of documents.* (a) Upon application of any person for a certificate of service or efficiency, or merchant mariner's document, any required examination will be given as soon as practicable.

(b) Upon satisfactory completion of any required examination the Officer in Charge, Marine Inspection, shall issue the appropriate document to the applicant.

(c) Before the delivery of the document the seaman shall affix his signature on the document and shall impress his left thumbprint on the back of the document. When the seaman has no left thumb, the imprint of the right thumb may be used and that fact noted.

(d) A seaman's Social Security number may be indorsed on his document only by the Officer in Charge, Marine Inspection, or the officer or person designated for the purpose of issuing documents, including Shipping Commissioners and Collectors of Customs acting as Shipping Commissioners.

(e) Whenever a certificate or document of any type issued to seamen is reported to an Officer in Charge, Marine Inspection, as having been stolen, lost, or destroyed, the Officer in Charge, Marine Inspection, shall immediately report the fact by letter to the Commandant, giving all the facts incident to its loss or destruction. By the same procedure, he shall report the recovery of any document together with all facts incident to its recovery, and shall forward the recovered document to the Commandant.

(f) Any applicant for a certificate of service or of efficiency who has been duly examined and refused a certificate by an Officer in Charge, Marine Inspection, will not be permitted to make application for reexamination until 30 days have elapsed.

§ 12.02–19 *Suspension or revocation of documents.* Any certificate of service or of efficiency or merchant mariner's document representing such certificate(s) is subject to suspension or revocation on the same grounds and in the same manner and with like procedure as is provided in the case of suspension or revocation of licenses of officers under the provisions of R. S. 4450, as amended (46 U. S. C. 239).

§ 12.02–21 *Issuance of documents after revocation.* (a) An applicant who has had a certificate or other document revoked and who is applying for certification in the same or any other rating shall state in his application the date of revocation and number or type of the document revoked.

(b) No applicant who has had a certificate or other document revoked will be certificated in the same or any other rating except upon approval of the Commandant.

§ 12.02–23 *Issuance of duplicate documents.* (a) If a seaman loses his continuous discharge book, certificate of identification, or merchant mariner's document representing a certificate of identification, or certificate of discharge by shipwreck or other casualty, he shall be supplied with a reissue of such documents free of charge. The phrase "or other casualty" as used in this section is interpreted to mean any damage to a ship caused by collision, explosion, tornado, wreck or flooding of the ship, such as a tidal wave or a grounding of the ship on a sand bar, or a beaching of the ship on a shore or by fire or other causes in a category with these mentioned.

(b) (1) If a seaman loses his continuous discharge book, certificate of identification, or merchant mariner's document representing a certificate of identification, or certificate of discharge otherwise than by shipwreck, or other casualty, he will be required to pay for a reissue an amount equal to the cost of such book or certificate to the Government, which for the current supply will be as follows:

(i) Reissue continuous discharge book, $1.00.

(ii) Reissue certificate of identification, $0.75.

(iii) Reissue merchant mariner's document, $0.75.

(iv) Reissue certificate of discharge, $0.35.

(v) Each additional reissue certificate of discharge issued to the same man at the same time, $0.05.

(2) Other than as above stated, no additional amount shall be charged or received in connection with the issuance of such reissues.

(3) When payment is made to a Collector or Deputy Collector of Customs, a receipt will be issued on Cat. 1008 and the payments will be scheduled on Standard form 1044, Schedule of Collections, as "Reimbursement for loss of continuous discharge books, etc., Coast Guard" symbol number 134236. These collections are to be listed on a separate schedule from Navigation Fees, and are also to be listed as a separate item on the account current with the title and symbol number as given above.

(4) When the money is collected by a Shipping Commissioner or Officer in Charge, Marine Inspection, he will issue to the seaman a receipt, stating thereon the number of the document issued and the amount collected. The Shipping Commissioner or Officer in Charge, Marine Inspection, will pay over to the Collector of Customs of his port all moneys received from this source, such payment to be made at as early a date as practicable. The Collector will issue a receipt to the Shipping Commissioner or Officer in Charge, Marine Inspection, on Cat. 1008 for the moneys so paid, and the Collector will follow the procedure outlined in the above paragraph in accounting for the moneys so transferred to him.

(c) The seaman shall be required to pay for the reissue document (if payment is required) at the time he makes affidavit and in the event the lost document is found he shall be required to surrender same to the Shipping Commissioner, Collector or Deputy Collector of Customs, or the Officer in Charge, Marine Inspection. If the seaman requests a certificate of identification in lieu of a lost book or vice versa he shall be required to pay for the reissue of the lost document at the time he makes affidavit (if payment is required). When the reissue of document is issued to him he may then exchange the same in accordance with the regular procedure.

(d) A seaman shall be required to furnish one properly executed affidavit on Coast Guard Form 719–E, giving satisfactory evidence of the loss of his documents to the Officer in Charge, Marine Inspection, Shipping Commissioner, Collector of Customs, Deputy Collector of Customs or other authorized person. The affidavit shall be accompanied by one photograph for each reissue of document requested, except no photograph is required for a reissue certificate of discharge. The affidavit and necessary photographs shall be forwarded by the official receiving them to Coast Guard Headquarters and the Commandant will cause to be prepared a duplicate of lost document requested. The duplicate document will be prepared from available records at Coast Guard Headquarters and returned for issuance to the office which forwarded the affidavit. The reissued document will be marked, "duplicate," and will bear the same number as the original book or certificate of identification with the addition of the suffix "D–1" on the first reissue, "D–2" on the second reissue, "D–3" on the third reissue, etc.; such suffix shall then become part of the serial number and shall be recorded in all subsequent records.

(e) Any person whose certificate of service or efficiency has been stolen, lost or destroyed, shall report that fact to an Officer in Charge, Marine Inspection, as soon as possible.

SUBPART 12.05—ABLE SEAMEN

§ 12.05–1 *Certification required.* (a) Every person employed in a rating as able seaman on any United States vessel requiring certificated able seaman, before signing articles of agreement, shall present to the Shipping Commissioner, United States Collector or Deputy Collector of Customs, or master, his certificate as able seaman or his merchant mariner's document indorsed as able seaman.

(b) No certificate as able seaman is required of any person employed on any unrigged vessel except sea-going barges, nor on any tug or towboat on the bays and sounds connected directly with the seas.

(c) No certificate as able seaman is required of any person employed on any sail vessel of less than 500 net tons while not carrying passengers for hire and while not operating outside the line dividing inland waters from the high seas.

§ 12.05–3 *General requirements.* (a) To qualify for certification as able seaman an applicant shall be:

(1) At least 19 years of age;

(2) Pass the prescribed physical examination;

(3) Meet the sea service or training requirements set forth in this part; and

(4) Satisfactorily pass an examination demonstrating his ability as an able seaman and lifeboatman.

(b) Applicants holding old form able seaman or lifeboatman certificates issued prior to the enactment of Public Law 808, Seventy-fourth Congress, June 25, 1936 (46 Stat. 1930), shall surrender such certificates when making application for a new form certificate.

§ 12.05–5 *Physical requirements.* (a) All applicants for a certificate of service as able seaman shall be required to pass a physical examination given by a medical officer of the United States Public Health Service and present to the Officer in Charge, Marine Inspection, a certificate executed by the Public Health Service Officer. Such certificate shall attest to the applicant's acuity of vision, color sense, hearing, and general physical condition. In exceptional cases where an applicant would be put to great inconvenience or expense to appear before a medical officer of the United States Public Health Service, the physical examination and certification may be made by any other reputable physician.

(b) The medical examination for an able seaman is the same as for an original license as a deck officer as set forth in § 10.02–5 of this subchapter. If the applicant is in possession of an unexpired deck license, the Officer in Charge, Marine Inspection, may waive the requirement for a physical examination.

§ 12.05–7 *Service or training requirements.* (a) The minimum service or training required to qualify an applicant for certification and the various indorsements as able seaman is listed in this paragraph:

(1) *High seas and inland waters.* (i) "Any waters-unlimited." 3 years' service on deck at sea in ocean, coastwise, or Great Lakes vessels of 100 gross tons or over.

(ii) "Any waters—unlimited." The period of time spent by an applicant successfully completing a course of able seaman's training in a training school approved by the Commandant may be accepted as the equivalent of sea service up to a maximum of one year of the 3 years required in subdivision (i) of this subparagraph.

(iii) "Any waters—unlimited." Satisfactory completion of 18 months' training in a seagoing training ship approved by the Commandant.

(iv) "Any waters—12 months." 12 months' service on deck at sea in ocean, coastwise, or Great Lakes vessels of 100 gross tons or over. (Holders of certification under this provision are limited to one-fourth of the number of able seamen required by law to be employed on a vessel.)

(v) "Any waters—12 months." Satisfactory completion of a course of training at a U. S. Maritime Service Training Station of at least 9 months, 6 months of which shall have been served aboard a seagoing training vessel. (Holders of certification under this provision are limited to one-fourth of the number of able seamen required by law to be employed on a vessel.)

(2) *Great Lakes and inland waters.* (i) "Great Lakes—18 months' service." 18 months' service on deck at sea in ocean, coastwise, Great Lakes, smaller likes, bays or sounds vessels of 100 gross tons or over. (Holders of certification under this provision may comprise the required number of able seamen on vessels on the Great Lakes and on the smaller lakes, bays, and sounds.) If the seaman possesses the requisite service for certification under subparagraph (1) (iv) of this paragraph, there shall be added "any waters—12 months."

(3) *Tugs and towboats.* (i) "Tugs and towboats—any waters." 18 months' service on deck at sea in vessels operating on oceans, coastwise, Great Lakes, or on the bays and sounds connected directly with the seas.

(4) *Bays and sounds.* (i) "Bays and sounds—12 months, vessels 500 gross tons or under not carrying passengers." 12 months' service on deck at sea in vessels operating on oceans, coastwise, Great Lakes, or on the bays and sounds connected directly with the seas.

(5) *Barges.* (i) "Seagoing barges—12 months." 12 months' service on deck at sea in vessels operating on oceans, coastwise, Great Lakes, or on the bays and sounds connected directly with the seas.

§ 12.05–9 *Examination and demonstration of ability.* (a) Before an applicant is certified as able seaman, he shall prove to the satisfaction of the Coast Guard by oral or written examination and by actual demonstration, his knowledge of seamanship and his ability to carry out effectively all the duties that may be required of an able seaman, including those of a lifeboatman. He shall demonstrate that:

(1) He has been trained in all the operations connected with the launching of lifeboats and life rafts and the use of oars and sail;

(2) He is acquainted with the practical handling of the boats themselves; and

(3) He is capable of taking command of a boat's crew.

(b) The oral or written examination shall consist of questions regarding:

(1) Lifeboats and life rafts, the names of their essential parts, and a description of the required equipment;

(2) The clearing away, swinging out, and lowering of boats and rafts, the handling of boats under oars and sails, including questions relative to the proper handling of a boat in running before a heavy sea, in pulling into a sea, etc.;

(3) The construction and functions of gravity, radial, and quadrantal types of davits;

(4) The applicant's knowledge of nautical terms; boxing the compass, either by degrees or points according to his experience; running lights, passing signals, and fog signals for vessels on the high seas, in inland waters, or on the Great Lakes depending upon the waters on which the applicant has had services; and distress signals; and,

(5) The applicants' knowledge of commands in handling the wheel by obeying orders passed to him as "wheelsman," and knowledge of the use of engine room telegraph or bell-pull signals.

(c) In the actual demonstration, the applicant shall show his ability by taking command of a boat and directing the operation of clearing away, swinging out, lowering the boat into the water, and acting as coxswain in charge of the boat under oars. He shall demonstrate his ability to row by actually pulling an oar in the boat. He shall also demonstrate knowledge of the principal knots, bends, splices, and hitches in common use by actually making them.

§ 12.05–11 *General provisions respecting merchant mariner's documents indorsed as able seaman.* (a) The holder of a merchant mariner's document indorsed for the rating of able seaman may serve in any of the following unlicensed ratings in the deck department without obtaining an additional indorsement: boatswain, quartermaster, lookout, cadet, carpenter, storekeeper, master-at-arms, fire patrolman, watchman, and winch driver. The holder of a document indorsed for the rating of able seaman may serve in any unqualified rating in the deck department without obtaining an additional indorsement.

(b) A merchant mariner's document indorsed as able seaman will also be considered a certificate of efficiency as lifeboatman without further indorsement.

(c) This type of document will describe clearly the type of able seaman certificate which it represents, e. g.: able seaman—any waters; able seaman—any waters, 12 months; able seaman—Great Lakes, 18 months; able seaman—on freight vessels 500 gross tons or less on bays or sounds, and on tugs, towboats, and barges on any waters.

§ 12.05–13 *Certification of able seamen under wartime regulations.* Any person who has been certified as able seaman under wartime regulations and whose certificate or document is stamped "Unless sooner invalidated this certificate shall expire six months after the termination of the war" shall be permitted to be employed in the capacities indicated on his certificate until such certificate is revoked or suspended or until six months after the date the President or Congress declares World War II officially terminated. A seaman who can produce documentary evidence of sufficient service to comply with the peacetime sea service requirements may be issued a merchant mariner's document on which the restrictive marking is omitted: *Provided*, He surrenders for cancellation the original certificate or merchant mariner's document bearing the marking and that he is qualified in all other respects.

SUBPART 12.10—LIFEBOATMAN

§ 12.10–1 *Certification required.* Every person employed in a rating as lifeboatman on any United States vessel requiring certificated lifeboatmen shall produce a certificate as lifeboatman or merchant mariner's document indorsed as lifeboatman or able seaman to the shipping commissioner, United States collector of deputy collector of customs, or master before signing articles of agreement. No certificate of efficiency as lifeboatman is required of any person employed on any unrigged vessel, except seagoing barges.

§ 12.10–3 *Service or training requirements.* (a) An applicant, to be eligible for certification as lifeboatman must meet one of the following requirements:

(1) At least 1 year's sea service in the deck department, or at least 2 years' sea service in the other departments of ocean, coastwise, Great Lakes, and other lakes, bays, or sounds vessels.

(2) Graduation from a schoolship approved by and conducted under rules prescribed by the Commandant.

(3) Satisfactory completion of basic training by a Cadet of the United States Merchant Marine Cadet Corps.

(4) Satisfactory completion of 3 years' training at the U. S. Naval Academy or the U. S. Coast Guard Academy including two training cruises.

(5) Satisfactory completion of a course of training approved by the Commandant, and served aboard a training vessel.

(6) Successful completion of a training course approved by the Commandant, such course to include a minimum of 30 hours' actual lifeboat training: *Provided*, That the applicant produces evidence of having served a minimum of 3 months at sea aboard ocean or coastwise vessels.

§ 12.10–5 *Examination and demonstration of ability.* (a) Before a lifeboatman's certificate may be granted the applicant must prove to the satisfaction of the Coast Guard that he has been trained in all the operations connected with launching lifeboats and life rafts and the use of oars and sail; that he is acquainted with the practical handling of the boats themselves; and, further, that he is capable of understanding and answering the orders relative to lifeboat service. An oral examination and practical demonstration of ability may be required.

(b) The oral examination shall consist of questions regarding:

(1) The construction of lifeboats and life rafts, the names of their different parts, and a description of the equipment required;

(2) The construction and functions of the gravity, radial and round-bar types of davits;

(3) Clearing away, swinging out, and lowering boats and rafts;

(4) Handling boats under oars and sails; and

(5) Nautical terms used in connection with launching and handling life boats.

(c) The practical examination shall consist of a demonstration of the applicant's ability to carry out the orders incident to launching lifeboats, and the use of the boat's sail, and to row.

§ 12.10–7 *General provisions respecting merchant mariner's documents indorsed as lifeboatman.* A merchant mariner's document indorsed as able seaman shall be considered as the equivalent of a certificate as lifeboatman or an indorsement as lifeboatman and it shall be accepted as a certificate as lifeboatman wherever required by law or regulation.

SUBPART 12.15—QUALIFIED MEMBER OF THE ENGINE DEPARTMENT

§ 12.15–1 *Certification required.* (a) Every person employed in a rating as qualified member of the engine department on any United States vessel requiring certificated qualified members of the engine department shall produce a certificate as qualified member of the engine department to the shipping commissioner, United States collector or deputy collector of customs, or master before signing articles of agreement.

(b) No certificate as qualified member of the engine department is required of any person employed on any unrigged vessel, except seagoing barges.

§ 12.15–3 *General requirements.* (a) A qualified member of the engine department is any person below the rating of licensed officer and above the rating of coal passer or wiper, who holds a certificate of service as such qualified member of the engine department issued by the Coast Guard or predecessor authority.

(b) For purposes of administering the regulations in this part the rating of "assistant electrician" is considered a rating not above that of coal passer or wiper, but equal thereto.

§ 12.15–5 *Physical requirements.* (a) An applicant for a certificate of service as a qualified member of the engine department shall present a certificate of a medical officer of the United States Public Health Service, or other reputable physician attesting that his eyesight, hearing, and physical condition are such that he can perform the duties required of a qualified member of the engine department.

(b) The medical examination for qualified member of the engine department is the same as for an original license as engineer, as set forth in § 10.02–5 of this subchapter, except that the exemption regarding monocular vision granted to engineers does not apply. If the applicant is in possession of an unexpired license, the Officer in Charge, Marine Inspection, may waive the requirement for a physical examination.

(c) An applicant holding a certificate of service for a particular rating as qualified member of the engine department and desiring certification for another rating covered by this same form of certificate may qualify therefor without a physical examination unless the Officer in Charge, Marine Inspection, finds that the applicant obviously suffers from some physical or mental infirmity to a degree that would render him incompetent to perform the ordinary duties of a qualified member of the engine department. In this event the applicant shall be required to undergo an examination to determine his competency.

§ 12.15–7 *Service or training requirements.* (a) An applicant for a certificate of service as qualified member of the engine department shall furnish the Coast Guard proof that he possesses one of the following requirements of training or service:

(1) 6 months' service at sea in a rating at least equal to that of coal passer or wiper in the engine department of vessels required to have such certificated men, or in the engine department of tugs or towboats operating on the high seas or Great Lakes, or on the bays or sounds directly connected with the seas; or,

(2) Graduation from a schoolship approved by and conducted under rules prescribed by the Commandant; or,

(3) Satisfactory completion of a course of training approved by the Commandant, and served aboard a training vessel; or,

(4) Graduation from the U. S. Naval Academy or the U. S. Coast Guard Academy.

§ 12.15–9 *Examination requirements.* (a) Applicants for certification as qualified members of the engine department in the ratings of oiler, watertender, fireman, deck engineer, refrigerating engineer, junior engineer, electrician, and machinist shall be examined orally or in writing on the subjects listed in paragraph (b) of this section. The applicant's general knowledge of the subjects must be sufficient to satisfy the examiner that he is qualified to perform the duties of the rating for which he makes application.

(b) List of subjects required:

30. Such further examination of a non-mathematical character as the Officer in Charge, Marine Inspection, may consider necessary to establish the applicant's proficiency	X	X	X	X	X	X	X	X

(c) Applicants for certification as qualified member of the engine department in ratings other than those indicated in table 12.15–9 (b) shall, by written or oral examination, demonstrate sufficient general knowledge of the subjects peculiar to the rating applied for to satisfy the examiner that he is qualified to perform the duties of the rating.

§ 12.15–11 *General provisions respecting merchant mariner's documents indorsed as qualified member of the engine department.* The holder of a merchant mariner's document indorsed with one or more qualified member of the engine department ratings may serve in any unqualified rating in the engine department without obtaining as additional indorsement. This does not mean that an indorsement of one qualified member of the engine department rating authorizes the holder to serve in all qualified member of the engine department ratings. Each qualified member of the engine department rating for which a holder of a merchant mariner's document is qualified must be indorsed separately. When, however, the applicant qualifies for all ratings covered by a certificate as a qualified member of the engine department, the certification may read "QMED—any rating." The ratings are as follows:

(a) Refrigerating engineer.
(b) Oiler.
(c) Watertender.
(d) Fireman.
(e) Deck engineer.
(f) Junior engineer.
(g) Electrician.
(h) Boilermaker.
(i) Machinist.
(j) Pumpman.

§ 12.15–13 *Certification of qualified members of the engine department under wartime regulations.* Any person who has been certified as qualified member of the engine department under wartime regulations and whose certificate or document is stamped "Unless sooner invalidated this certificate shall expire six months after the termination of the war" shall be permitted to be employed in the capacities indicated on his certificate until such certificate is revoked or suspended or until six months after the date the President or Congress declares World War II officially terminated. A seaman who can produce documentary evidence of sufficient service to comply with the peacetime sea service requirements may be issued a merchant mariner's document on which the restrictive marking is omitted, provided he surrenders for cancellation the original certificate or merchant mariner's document bearing the marking and that he is qualified in all other respects.

SUBPART 12.20—TANKERMAN

§ 12.20–1 *General requirements.* (a) Any applicant for a certificate as tankerman who is not licensed as master, mate, pilot or engineer, shall be eligible for certification after he has furnished satisfactory documentary evidence to the Coast Guard that he is trained in, and capable of performing efficiently the necessary operations on tank vessels which relate to the handling of cargo.

(b) Applicants qualifying for certification as tankerman shall be issued a merchant mariner's document indorsed with the rating of tankerman and the kinds or grades of liquid cargo the holder is qualified to handle.

(c) A currently valid license as master, mate, pilot or engineer shall be considered as a certificate as tankerman and the holder may serve as tankerman upon inspected vessels of the United States required to have such certificated tankerman without having a separate certificate as tankerman.

§ 12.20–3 *Physical requirements.* (a) Applicants for certification as tankerman shall present a certificate of a medical officer of the United States Public Health Service, or other reputable physician, attesting that his eyesight, hearing, and physical condition are such that he can perform the duties required of a tankerman.

(b) The medical examination is the same as for an original license as engineer, except that the applicant will be given a color vision test required for a licensed deck officer, as set forth in the regulations in § 10.02–5 of this subchapter. If the applicant is in possession of an unexpired deck license, the Officer in Charge, Marine Inspection, may waive the requirement for a physical examination.

§ 12.20–5 *Examination requirements.* Applicants for certification as tankerman must prove to the satisfaction of the Coast Guard by an oral or written examination that he is familiar with the general arrangement of cargo tanks, suction and discharge pipe lines and valves, cargo pumps and cargo hose, and has been properly trained in the actual operation of cargo pumps, all other operations connected with the loading and discharging of cargo, and the use of fire extinguishing equipment.

SUBPART 12.25—CERTIFICATES OF SERVICE FOR RATINGS OTHER THAN ABLE SEAMAN OR QUALIFIED MEMBER OF THE ENGINE DEPARTMENT

§ 12.25–1 *Certification required.* (a) Every person employed in a rating other than able seaman or qualified member of the engine department of United States vessels requiring such certificated persons shall produce a certificate of service for the capacity in which he is employed to the shipping commissioner, United States collector or deputy collector of customs, or master, before signing articles of agreement.

(b) No certificate of service shall be required of any person employed on any unrigged vessel, except seagoing barges, or on any sail vessel of less than 500 net tons while not carrying passengers for hire and while not operating outside the line dividing inland waters from the high seas, as defined in section 2 of the act of February 19, 1895, as amended.

§ 12.25–5 *Commitment of employment.* An applicant for a certificate of service in an entry rating or for an indorsement covering another such rating shall produce satisfactory proof that he has a commitment of employment as a member of the crew of a United States

merchant vessel in a capacity covered by the certificate or indorsement applied for.

§ 12.25–10 *General requirements.* (a) Merchant mariner's documents will be issued without professional examination to applicants for ratings other than able seaman or qualified member of the engine department and the holders thereof may serve in the capacities authorized by appropriate indorsement thereon.

(b) When the holder of a merchant mariner's document has qualified as a food handler, the indorsement of his rating will be followed by the further indorsement "(F. H.)."

§ 12.25–15 *Radio operator.* An applicant for a certificate of service as radio operator shall produce to the Officer in Charge, Marine Inspection, his unexpired license to act in that capacity issued by the Federal Communications Commission.

§ 12.25–20 *Food handler.* No applicant for a rating authorizing the handling of food will be certificated unless he produces a certificate from a medical officer of the United States Public Health Service, or other reputable physician stating that the applicant is free from communicable disease.

§ 12.25–25 *Members of Merchant Marine Cadet Corps.* No ratings other than cadet-midshipman and lifeboatman shall be shown on a merchant mariner's document issued to a member of the U. S. Merchant Marine Cadet Corps. The merchant mariner's document shall also be stamped "Valid only while cadet-midshipman in the U. S. Maritime Commission training program." A merchant mariner's document thus prepared shall be surrendered upon the holder being certificated in any other rating or being issued a license and the rating of cadet-midshipman shall be omitted from any new merchant mariner's document issued.

§ 12.25–30 *Student observers.* Students in technical schools who are enrolled in courses in marine management and ship operations who present a letter or other documentary evidence that they are so enrolled shall be issued a merchant mariner's document as "student observers—any department" and may be signed on ships as such. Students holding these documents or certificates will not take the place of any of the crew, or fill any of the regular ratings.

§ 12.25–35 *Authority of merchant mariner's documents indorsed as steward, cook, or baker.* A merchant mariner's document indorsed for steward, cook, or baker will authorize the holder to serve in any unskilled capacity in the steward's department provided the document is indorsed as food handler.

Subchapter C—Motorboats, and Certain Vessels Propelled by Machinery Other Than by Steam More Than 65 Feet in Length

PART 25—REQUIREMENTS FOR ALL MOTORBOATS EXCEPT THOSE OF OVER 15 GROSS TONS CARRYING PASSENGERS FOR HIRE

AUTHORITY: §§ 25.8–1 to 25.8–8, inclusive, issued under R. S. 4405, as amended, sec. 17, 54 Stat. 166, as amended; 46 U. S. C. 375, 526p; and sec. 101, Reorganization Plan No. 3 of 1946 (11 F. R. 7875).

Sections 25.8–1 to 25.8–8, inclusive, are cancelled and this cancellation shall become effective on and after the date of termination of the Second War Powers Act, as amended and extended (50 U. S. C. 635), unless made effective at an earlier date by proper authority. A notice of the effective date will be published in the FEDERAL REGISTER. The substance of these regulations has been transferred to 46 CFR Subpart 10.20 (*supra*).

PART 27—REQUIREMENTS FOR MOTORBOATS AND MOTOR VESSELS OF MORE THAN 15 GROSS TONS CARRYING PASSENGERS FOR HIRE

AUTHORITY: § 27.7–1 issued under R. S. 4405, as amended, sec. 17, 54 Stat. 166, as amended; 46 U. S. C. 375, 526p; and sec. 101, Reorganization Plan No. 3 of 1946 (11 F. R. 7875).

Section 27.7–1 is cancelled and this cancellation shall become effective on and after the date of termination of the Second War Powers Act, as amended and extended (50 U. S. C. 635), unless made effective at an earlier date by proper authority. A notice of the effective date will be published in the FEDERAL REGISTER. TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 6—RULES GOVERNING FIXED PUBLIC RADIO SERVICES

TRANSMISSION OF CALL LETTERS

In the matter of temporary suspension of § 6.37 of the rules and regulations affecting the transmission of call letters.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 18th day of February 1947;

The Commission having under consideration the request of the Department of State that communications facilities between the United States and Moscow be maintained on the most rapid and efficient basis possible during the forthcoming sessions of the Council of Foreign Ministers at Moscow, USSR; and

It appearing that the requirements as to hourly identification by transmission of call letters contained in § 6.37 *Call letters, transmission of* (47 CFR Cum. Supp.), of the Commission's rules and regulations may cause certain undesirable delays, particularly where it is sought to use conference circuits between the United States and Moscow during the aforementioned sessions of the Council of Foreign Ministers;

It is ordered, That the provisions of § 6.37 of the Commission's rules and regulations, be, and they are hereby suspended for a period beginning this day and ending fifteen days after the termination of the forthcoming sessions of the Council of Foreign Ministers at Moscow, USSR, insofar as they apply to radiotelegraph stations in the Fixed Public and Fixed Public Services located at or near New York, N. Y. during communication either directly, or via a relay at International Zone, Tangier, with Moscow USSR; *Provided, however*, That any licensee in the Fixed Public or Fixed Public Press Services desiring to avail itself of the benefits of this order shall furnish the Commission, in advance, with a list of the frequencies which will be employed on such circuits to Moscow as well as a schedule of the periods of time during which such frequencies will be employed on circuits between the United States and Moscow.

(Sec. 4 (i), 48 Stat. 1066, sec. 301, 48 Stat. 1081, sec. 303 (p), 48 Stat. 1083, sec. 303 (r), 50 Stat. 191; 47 U. S. C. 154 (i), 301, 303 (p), 303 (r))

[Docket No. 8073]

PART 6—RULES GOVERNING FIXED PUBLIC RADIO SERVICES

TRANSMISSION OF CALL LETTERS

In the matter of amendment of § 6.37 of the rules and regulations, affecting the transmission of call letters.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 18th day of February 1947:

It appearing, that on January 31, 1947, the Commission duly published a notice of proposed rule making [1] proposing that the requirement of half-hourly identification contained in § 6.37 *Call letters, transmission of* (47 CFR Cum. Supp.) of the Commission's rules be changed to a requirement that such identification be hourly; that the period within which interested parties were afforded an opportunity by the above-mentioned notice to submit comments expired on February 10, 1947; and that no comments in opposition to the proposed revision of this rule have been received; and

It further appearing, that public interest, convenience and necessity requires that stations subject to § 6.37 of the Commission's rules transmit identifying call letters at hourly intervals rather than half-hourly intervals; and

It further appearing, that authority for this amendment is contained in sections 4 (i), 301, 303 (p) and 303 (r) of the Communications Act of 1934, as amended, and that such amendment is for the purpose of relieving a restriction;

It is ordered, That, effective immediately, § 6.37 of the Commission's rules and regulations be, and it is hereby, amended by replacing the words "half-hourly" in the first sentence of the first paragraph thereof with the word "hourly", and by deleting the words "and half hour" in the second sentence of the same paragraph.

(Sec. 4 (i), 48 Stat. 1066, sec. 301, 48 Stat. 1081, sec. 303 (p), 48 Stat. 1083, sec. 303 (r), 50 Stat. 191, 47 U. S. C. 154 (i), 301, 303 (p), 303 (r))

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[S. O. 661, Amdt. 2]

PART 97—ROUTING OF TRAFFIC

EXPORT FOOD FROM PACIFIC NORTHWEST RESTRICTED

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 3d day of March A. D. 1947.

Upon further consideration of the provisions of Service Order No. 661 (11 F. R. 14711), as amended (12 F. R. 1059), and good cause appearing therefor: it is ordered, that:

Service Order No. 661 be, and it is hereby, further amended by substituting the following paragraphs (a) and (b) of § 95.661, *Export food from Pacific Northwest restricted*, for paragraphs (a) and (b) thereof:

---

[1] 12 F. R. 776

§ 95.661 *Export food from Pacific Northwest restricted—(a) Permit required to transport certain foodstuffs.* No common carrier by railroad, subject to the Interstate Commerce Act, serving any point in the States of Oregon, Washington or Idaho (except points on the Union Pacific Railroad Company east of Huntington, Oreg., and except points on the Utah Central Railroad Corporation in Idaho) or Paradise or Troy, Montana, or west thereof, shall supply, or place a railroad freight car for loading canned goods, seeds, peas, beans, flour, grain, grain by-products or grain products consigned to Atlantic ports for export without first obtaining a permit from the permit agent authorizing the furnishing and transportation of such car.

(b) *Diversions or reconsignments prohibited.* No common carrier by railroad subject to the Interstate Commerce Act shall execute, or allow or permit to be executed, any order of reconsignment or diversion, or permit rebilling or reshipping of any commodity named in, and originating at, any origin point specified in paragraph (a) hereof, to any Atlantic port for export without first obtaining a permit from the permit agent appointed herein authorizing such diversion, reconsignment, rebilling or reshipment.

It is further ordered, that this amendment shall become effective at 12:01 a. m., March 4, 1947; that a copy of this order and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(40 Stat. 101, secs. 402, 418, 41 Stat. 476, 485, secs. 4, 10, 54 Stat. 901, 912; 49 U. S. C. 1 (10)–(17), 15 (4))

By the Commission, Division 3.

Bureau of Land Management

OREGON

STOCK DRIVEWAY WITHDRAWAL NO. 88, OREGON NO. 7, REVOKED

The order of the Assistant Secretary of the Interior, dated July 18, 1919, establishing Stock Driveway Withdrawal No. 88, Oregon No. 7, under section 10 of the act of December 29, 1916, 39 Stat. 865, 43 U. S. C., sec. 300, embracing the lands described below is hereby revoked.

WILLAMETTE MERIDIAN

T. 4 N., R. 37 E.,
Sec. 10, lot 1;
Sec. 11, lots 4, 5, 6, and 7;
Sec. 12, lots 1, 2, 3, 4, and N½S½;
Sec. 14, lot 1, NW¼NE¼, and N½NW¼.
T. 5 N., R. 37 E.,
Sec. 25, N½.

The areas described aggregate 1006.02 acres.

All of the lands described above, with the exception of lot 6 sec. 11, T. 4 N., R. 37 E., W. M., are subject to existing withdrawals for power site or power project purposes or are within the Umatilla National Forest.

This order shall become effective immediately as to the leasing for grazing of the lands outside of the national forest and effective at 10:00 a. m. on April 29, 1947 the lands which are within the national forest shall become subject to such application, petition, location or selection as may be authorized by the public land laws.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on April 29, 1947.

At that time lot 6, sec. 11, T. 4 N., R. 37 E., shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from April 29, 1947 to July 29, 1947, inclusive, lot 6 above described shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from April 9, 1947, to April 29, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on April 29, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on July 29, 1947, any of the land remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous nonpreference right filings.* Applications by the general public may be presented during the 20-day period from July 9, 1947, to July 29, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on July 29, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office, The Dalles, Oregon, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that Title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that Title.

Inquiries concerning these lands shall be addressed to the District Land Office, The Dalles, Oregon.

This lot is located on a gradual slope between Blalock Mountain and the Wallowa River. The land is well watered by springs. There is a considerable stand of pine, tamarack, fir, and mountain ash in addition to various types of brush, bunch grass, cheat and other native cover.

WARNER W. GARDNER,
Assistant Secretary of the Interior.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 26th day of February 1947;

The Commission having under consideration the above entitled applications for transfer of control of Station KSTP, St. Paul, Minnesota, and not being satisfied that it is in possession of full information as required by the Communications Act and acting pursuant to section 310 (b) of said act and § 1.321 of the rules of practice and procedure;

It is ordered, That the above entitled applications for transfer of control of Station KSTP, be, and they are hereby designated for hearing before the Commission en banc to be heard in a consolidated proceeding at the offices of the Commission in Washington, D. C., commencing on March 13, 1947, upon the following issues:

1. To determine the legal, financial, and other qualifications of each transferee to receive the facilities of KSTP, including the direct or indirect interests of transferees (and parties in interest therein) in other broadcast stations and other business ventures.

2. To obtain full information as to the amount and character of overlapping in service areas, if any, between KSTP and any other station or stations in which transferees (or any parties in interest therein) may have a direct or indirect interest or connection, and whether the application of any such parties may be granted in view of the provisions of § 3.35 of the Commission's rules and regulations.

3. To determine whether KSTP would be used in the furtherance of the other business interests of either transferee or parties in interest therein.

4. To obtain full information as to the arrangements under which the station would be acquired including the price to be paid and effects if any, upon the service, operations, finances, or otherwise.

5. To determine whether the transfer to Hubbard is proposed for the purpose of providing a bona fide broadcast service by the proposed transferee or for the purpose of a retransfer at a higher price.

6. To determine the method and manner of control over KSTP by transferee, Hubbard, including what influence and/or control, if any, over the station would be exercised by Crosley Broadcasting Corporation, or its parent, Aviation Corporation prior to the exercise of the option (of September 21, 1946 between Hubbard and Crosley Broadcasting Corporation) by either of said companies to acquire control of KSTP.

7. To obtain full information with respect to the agreement of November 23, 1927 between KSTP and the St. Paul Association of Commerce granting to the latter certain rights and interests in and to the station, and what effect will be had thereon by transfer of control over the station to either of the proposed transferees.

8. To obtain full information as to the type and character of program service proposed by each party proposing to acquire control including the amount and character of commercial, sustaining, recorded, live talent programs and spot announcements.

9. To obtain full information as to how the station would be staffed and operated and policies to be followed if the application is granted.

10. To determine which, if either, of the pending applications, if granted would better serve public interest.

By the Commission.

[S. O. 690]

UNLOADING OF LUMBER AT PORTLAND, OREG.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 3d day of March A. D. 1947.

It appearing, that two cars, containing lumber, at Portland, Oreg., on the Spokane, Portland and Seattle Railway Company, have been on hand for unreasonable lengths of time and that the delay in unloading said cars is impeding their use; in the opinion of the Commission an

emergency exists requiring immediate action. It is ordered, that:

(a) *Lumber at Portland, Oreg., on S. P. & S. Ry., be unloaded.* The Spokane, Portland and Seattle Railway Company, its agents or employees, shall unload immediately cars P&LE 48365 and CStPM&O 59967, containing lumber, on hand at Portland, Oreg., consigned care of Lidell and Clark, Inc.

(b) *Demurrage.* No common carrier by railroad subject to the Interstate Commerce Act shall charge or demand or collect or receive any demurrage or storage charges, for the detention under load of any car specified in paragraph (a) of this order, for the detention period commencing at 7:00 a. m., March 5, 1947, and continuing until the actual unloading of said car or cars is completed.

(c) *Provisions suspended.* The operation of any or all rules, regulations, or practices, insofar as they conflict with the provisions of this order, is hereby suspended.

(d) *Notice and expiration.* Said carrier shall notify V. C. Clinger, Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., when it has completed the unloading required by paragraph (a) hereof, and such notice shall specify when, where, and by whom such unloading was performed. Upon receipt of that notice this order shall expire.

It is further ordered, that this order shall become effective immediately; that a copy of this order and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

RED BANK OIL CO.

STOP ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 27th day of February A. D. 1947.

A proceeding having been instituted by the Commission pursuant to section 8 (d) of the Securities Act of 1933 with respect to the registration statement of Red Bank Oil Company upon telegraphic notice to the registrant on August 28, 1945, that the registration statement, filed May 31, 1945, appeared to include untrue statements of material facts, omitted to state material facts required to be stated and omitted to state material facts necessary to make the statements therein not misleading;

The proceeding under section 8 (d) of the Securities Act of 1933 by order of August 31, 1945 having been consolidated with a proceeding under section 19 (a) (2) of the Securities Exchange Act of 1934 with respect to annual reports filed by the registrant pursuant to section 13 of the Securities Exchange Act of 1934;

Hearings having been held, counsel for the Corporation Finance Division having submitted requested findings, and counsel for registrant having filed no objection to the findings requested with respect to the registration statement, oral argument and a trial examiner's report or other intermediate decision having been waived;

The Commission having duly considered the matters, having made and entered its findings and opinions of January 4, 1946, and January 3, 1947, in the consolidated proceedings, and having this day made and entered its supplemental findings and opinion herein; on the basis of the said several findings made and entered

It is ordered, Pursuant to section 8 (d) of the Securities Act of 1933, that the effectiveness of the registration statement filed by Red Bank Oil Company May 31, 1945, under said act be, and the same hereby is, suspended.

DERBY GAS & ELECTRIC CORP. ET AL.

ORDER RELEASING JURISDICTION WITH RESPECT TO LEGAL FEES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 28th day of February A. D. 1947.

In the matter of Derby Gas & Electric Corporation, The Derby Gas and Electric Company, The Danbury and Bethel Gas and Electric Light Company, The Wallingford Gas Light Company, File No. 70-1319.

The Commission having by order dated July 29, 1946 (Holding Company Act Release No. 6813) granted and permitted to become effective an application and declaration filed herein by Derby Gas & Electric Corporation ("Derby"), a registered holding company, and its subsidiaries, The Derby Gas and Electric Company, The Danbury and Bethel Gas and Electric Light Company and The Wallingford Gas Light Company, concerning the issuance and sale by Derby of $2,950,000 principal amount of 2¾% Debentures, Series due 1956, and a maximum of 20,166 shares of common stock, the retirement of $2,450,000 principal amount of Derby's 3% Debentures, Series due 1949, and certain inter-company financing between Derby and its subsidiary companies; and the Commission having by said order reserved jurisdiction to consider the reasonableness of legal fees incurred in connection with said transactions, which had been estimated at $26,700; and

An application and amendments thereto have been filed by Derby and its above subsidiary companies requesting the Commission to release jurisdiction over legal fees in the revised aggregate amount of $19,150, and having furnished a statement of the nature and specific amounts of such legal fees, which are as follows:

Simpson Thacher & Bartlett, $15,000; Milbank, Tweed, Hope, Hadley & McCloy, $3,750; Harold E. Drew, $200; and Henry C. Wilson, $200; and

The Commission having considered said application as amended and it appearing that said legal fees are not unreasonable and that jurisdiction in respect thereof should be released;

It is ordered, That jurisdiction reserved in the order heretofore entered herein on July 29, 1946, with respect to the legal fees of Derby and its subsidiary companies be and hereby is released.

NATIONAL GAS & ELECTRIC CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 28th day of February A. D. 1947.

National Gas & Electric Corporation, a registered holding company, having filed a declaration, as amended, pursuant to section 7 of the Public Utility Holding Company Act of 1935, regarding the renewal of $1,100,000 aggregate principal amount of its notes, pursuant to a loan agreement, to Continental Illinois National Bank and Trust Company of Chicago, Girard Trust Company of Philadelphia and The Continental Bank and Trust Company of New York, for a six month period, beginning February 20, 1947, at the interest rate of 1¾% per annum upon payment of a fee of ¼ of one per cent of the principal amount so renewed; and

Said declaration having been filed on the 11th day of February, 1947, and an amendment to the said declaration having been filed on February 18, 1947, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration, as amended, that the requirements of the applicable provisions of the Act and the Rules thereunder are satisfied and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration, as amended, be permitted to become effective; and

The declarant having requested that the Commission take appropriate action to accelerate its order herein, and that the order become effective forthwith, and the Commission deeming it appropriate to grant such request;

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith.

GREAT NORTHERN GAS CO., LTD.

ORDER EXTENDING EXEMPTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 28th day of February A. D. 1947.

The Commission having heretofore on December 2, 1938, after a public hearing, ordered that Great Northern Gas Company, Limited, be exempted to the extent specified from certain provisions of the Public Utility Holding Company Act of 1935 applicable to it as a subsidiary company of North Continent Utilities Corporation, a registered holding company; and

The Commission, after subsequent applications by Great Northern Gas Company, Limited, having in its order dated February 20, 1946, extended the time during which such order should be effective to January 31, 1947; and

Great Northern Gas Company, Limited, having on February 24, 1947, filed an application pursuant to section 3 (b) of the Public Utility Holding Company Act of 1935 seeking an extension of the time during which such previous order of this Commission should be effective; and

The Commission having considered such applications and it appearing that the circumstances upon which such original order of exemption was issued still exist and that a further extension of the time during which such order of exemption shall be effective will not be detrimental to the public interest or the interest of investors or consumers;

It is therefore ordered, That the time during which such order of exemption shall be effective be, and hereby is, extended until January 31, 1948, without prejudice to the right of Great Northern Gas Company, Limited, to apply for a further extension of the time during which such order shall be effective and also without prejudice to the right of Great Northern Gas Company, Limited, to apply at any time for such enlargement of any of the provisions of such order as it may deem appropriate.

PENNSYLVANIA POWER & LIGHT CO. ET AL.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 28th day of February A. D. 1947.

In the matter of Pennsylvania Power & Light Company, National Power & Light Company and Electric Bond and Share Company, File No. 59-29; Pennsylvania Power & Light Company, National Power & Light Company and Electric Bond and Share Company, File No. 54-128; Electric Bond and Share Company, National Power & Light Company, et al., File No. 59-12; Electric Bond and Share Company, National Power & Light Company, Pennsylvania Power & Light Company, Lehigh Valley Transit Company, The Edison Illuminating Company of Easton, et al., File No. 54-51. Applications 8, 9 and 10.

Notice is hereby given that a supplemental declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by National Power & Light Company ("National"), a registered holding company. Declarant has designated section 12 of the act as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than March 10, 1947, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter stating the reasons for such request, the nature of his interest, and the issues of fact or law raised by said declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after March 10, 1947 such declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the Rules and Regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said declaration which is on file in the offices of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Pursuant to the provisions of a plan approved by the Commission on October 26, 1945, Pennsylvania Power & Light Company (Pennsylvania), then a subsidiary of National, issued to National rights to subscribe to 1,818,700 shares of new common stock of Pennsylvania at $10 per share. National, in turn, through the issuance of warrants, exercisable from December 8 to December 22, 1945, offered such rights to its own common stockholders on a pro-rata basis (the right to purchase ⅓ of a share of the common stock of Pennsylvania for each share of the common stock of National owned). Of the warrants issued to the holders of National's outstanding 5,456,100 shares, warrants issued with respect to 101,903 shares of the common stock of National, entitling the holders thereof to subscribe to approximately 33,968 shares of the common stock of Pennsylvania, were neither exercised nor disposed of. These shares of common stock of Pennsylvania to which such stockholders were entitled to subscribe to were subscribed to by National in accordance with its obligation under the plan and are at present held by National.

National now proposes that there be paid to the holders of record on December 4, 1945 of such 101,903 shares, an amount of $3.341176 per share. This amount has been computed by averaging the closing price of the warrants on the New York Stock Exchange during the period within which such warrants were traded on the Exchange, less a deduction of 20% of such average closing price. The deduction is proposed in order to compensate National for expenses and risks incurred by it in connection with its obligations under the plan to subscribe for any shares of new Pennsylvania common stock not subscribed for by National's stockholders.

By the Commission.

ARKANSAS-MISSOURI POWER CORP.

FINDINGS AND ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 28th day of February 1947.

Arkansas-Missouri Power Corporation ("Arkansas") a registered holding company, having filed an application pursuant to section 5 (d) of the Public Utility Holding Company Act of 1935 reciting, among other things, that on June 6, 1945, it disposed of its interest in East Missouri Power Company, its former public utility subsidiary, pursuant to order of this Commission dated June 1, 1945 (Holding Company Act Release No. 5845), and further reciting that Arkansas does not now directly or indirectly own, control, or hold with power to vote, any outstanding voting securities of any public utility company or holding company, as defined in the act, and requesting an order finding and declaring that it has ceased to be a holding company; and

Arkansas having filed a Certificate of Notification stating that on January 31, 1947, it transferred all its remaining properties and assets to Arkansas-Missouri Power Company, an Arkansas corporation, pursuant to order of this Commission dated January 29, 1947 (Holding Company Act Release No. 7164); and

A notice of filing with respect to said application having been issued on November 21, 1946, said notice having stated that any interested person may not later than December 16, 1946, request the Commission in writing that a hearing be held on such matter, and the Commission not having received a request for hearing with respect to said application within the period prescribed in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that Arkansas has ceased to be a holding company and that its registration as such should cease to be in effect and that it is not necessary to impose any terms or conditions in connection with the termination of such registration:

It is ordered and declared, That Arkansas-Missouri Power Corporation has ceased to be a holding company and that its registration as such shall from the date of entry of this order cease to be effective.

MIDDLE WEST CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 28th day of February 1947.

The Middle West Corporation ("Middle West"), a registered holding company, has filed a declaration pursuant to the Public Utility Holding Company Act of 1935 ("Act") and certain rules and regulations thereunder regarding the following transactions:

Middle West proposes to pay to its subsidiary, Kentucky Utilities Company ("Kentucky"), $1,500,000 as a contribution to its common stock capital, and, subject to the further approval of the Commission, to acquire an equal par amount of common stock of Kentucky which will be issued by Kentucky as a part of a comprehensive refinancing plan which the declarant states will be filed shortly with the Commission. It is stated that these funds are necessary to finance in part an extensive construction program by Kentucky calling for cash above its own available funds.

The declaration was filed February 10, 1947. Notice of this filing was duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to the act, and the Commission has not received a request for hearing with respect thereto within the period prescribed in said notice, or otherwise, and has not ordered a hearing thereon.

The Commission finding with respect to this declaration that the requirements of the applicable provisions of the act and rules thereunder are satisfied and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration be permitted to become effective;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of the act and subject to the terms and provisions prescribed in Rule U-24 that this declaration be, and the same hereby is, permitted to become effective forthwith.

BUFFALO NIAGARA ELECTRIC CORP. AND NIAGARA FALLS POWER CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 28th day of February 1947.

Buffalo Niagara Electric Corporation ("Buffalo"), a subsidiary of Niagara Hudson Power Corporation, in turn, a subsidiary of The United Corporation, a registered holding company, and The Niagara Falls Power Company ("Niagara"), a subsidiary of Buffalo, having filed a joint declaration, pursuant to Rule U-44 promulgated under the provisions of the Public Utility Holding Company Act of 1935, regarding the sale by Buffalo to Niagara of certain water rights consisting of the right to take 262.6 cubic feet per second of water from the Hydraulic Basin of Niagara in the City of Niagara Falls. The water rights are presently owned by Buffalo and leased to Niagara which utilizes such rights exclusively for the generation of hydro-electric power.

The consideration for the conveyance and the release from certain obligations now required to be performed by Niagara is $728,415.48, an amount equivalent to the original cost of the water rights, as recorded on the books of Buffalo.

The proposed transaction having been approved by the Public Service Commission of the State of New York on February 5, 1947; and

Said declaration having been filed on February 12, 1947, and notice of filing having been duly given in the form and manner prescribed by Rule U-23 under said act, and the Commission not having received a request for hearing with respect to said declaration within the period specified in such notice or otherwise, and not having ordered a hearing thereon; and

Declarants having requested that the Commission's order permitting the declaration to become effective be issued within fifteen days from the date of filing; and

It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that said joint declaration be permitted to become effective immediately;

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith.

TITLE 3—THE PRESIDENT

PROCLAMATION 2719

ARMY DAY AND ARMY WEEK, 1947

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the Army of the United States is a bulwark of our country's strength in time of peril and the faithful guardian of our dearly-bought liberty in time of peace, and has since the inception of this Nation stood between our freedom-loving people and all aggressors; and

WHEREAS the soldiers of our Army continue in active service as loyal servants of our democracy, whose purpose is to insure the establishment of justice, tranquillity, and an enduring peace; and

WHEREAS Senate Concurrent Resolution 5, 75th Congress, 1st Session, which was agreed to by the House of Representatives on March 16, 1937 (50 Stat. 1108), provides:

"That April 6 of each year be recognized by the Senate and House of Representatives of the United States of America as Army Day, and that the President of the United States be requested, as Commander in Chief, to order military units throughout the United States to assist civic bodies in appropriate celebration to such extent as he may deem advisable; to issue a proclamation each year declaring April 6 as Army Day, and in such proclamation to invite the Governors of the various States to issue Army Day proclamations: *Provided*, That in the event April 6 falls on Sunday, the following Monday shall be recognized as Army Day":

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, in order that we may give special recognition to our Army, whose soldiers have gallantly secured and guarded our freedom since the founding of the Republic and have heroically sacrificed to bring to the world a lasting peace founded upon justice to all mankind, do hereby proclaim Monday, April 7, 1947, as Army Day, and encourage the observance of the week beginning April 6 and ending April 12, 1947, as Army Week; and I invite the Governors of the several States to issue proclamations for the celebration of this day and this week in such manner as to render appropriate honor to the Army of the United States.

I also remind our citizens that our Army, charged with the responsibility of defending the United States and our territorial possessions and of promoting the firm establishment of peace and good order in the territories of our defeated enemies, can discharge these duties only with the firm support of our people. I therefore urge my fellow countrymen to be mindful of the Army's needs, to the end that our soldiers may not lack the means to perform effectively their continuing tasks and that the hardships of military service in foreign lands may be alleviated in every way possible. There is no means by which we can better honor our heroic dead than by our support of their living comrades who carry on the mission they so nobly advanced.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 7th day of March in the year of our Lord nineteen hundred and forty-seven, and of the Independence of the United States of America the one hundred and seventy-first.

[SEAL] HARRY S. TRUMAN

AUTHORITY: §§ 248.31 to 248.53, inclusive, issued under Article Third, paragraph (b) of the Corporate Charter of Commodity Credit Corporation; sec. 8, 56 Stat. 767 as amended by 58 Stat. 643, 59 Stat. 306; sec. 7 (a), 49 Stat. 4 as amended by 50 Stat. 5, 53 Stat. 510, 55 Stat. 498, 57 Stat. 566, 643, 58 Stat. 105, 59 Stat. 51; 50 U. S. C. App., Sup., 968, 15 U. S. C. Sup. 713 (a).

§ 248.31 *Administration of program.* The program will be administered by the county agricultural conservation committees under the general supervision of the respective State committees. Forms may be obtained from county committees in areas where loans are available, or from the office of the Grain Branch serving the area. State and county committees will determine or cause to be determined the quantity and grade of the commodity and the amount of the loan. All loan documents will be completed and approved by the county committee, which will retain copies of all documents: *Provided, however,* That the county committee may designate in writing certain employees of the county agricultural conservation association to execute such forms on behalf of the committee. The county committee will furnish the borrower with the names of local lending agencies approved for making disbursements on loan documents, or with the address of the Grain Branch Office in Chicago to which loan documents may be forwarded for disbursement.

§ 248.32 *Availability of loans*—(a) *Area.* Loans will be made available in all States where farm storage is feasible.

(b) *Time.* Loans will be available from December 1, 1946 through July 31, 1947, except in Angoumois moth infestation areas where loans will be available only through March 31, 1947.

§ 248.33 *Approved lending agencies.* An approved lending agency shall be any bank, cooperative marketing association, corporation, partnership, individual, or other legal entity with which the Commodity Credit Corporation has entered into a Lending Agency Agreement (Form PMA-97) or other lending agency agreement prescribed by Commodity Credit Corporation.

§ 248.34 *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation, or other legal entity producing the commodity in 1946, as landowner, landlord, tenant, or share cropper.

§ 248.35 *Eligible commodity.* Eligible corn shall be merchantable ear or shelled field corn produced in 1946, by an eligible producer, in areas where farm storage is feasible, provided:

(a) (1) The beneficial interest in such corn is and always has been in the eligible producer; or

(2) Such corn was purchased by an eligible producer who will operate a different farm in 1947 from that operated in 1946, and the number of bushels placed under loan is not in excess of the total number of bushels produced by the producer on the farm operated by him in 1946; and

(b) Such corn is merchantable corn which, except for moisture content, grades No. 3 or better (or No. 4 on test weight only) as defined in the Official Grain Standards of the United States, and which has a moisture content not in excess of the following:

Ear corn if tendered for a loan from December 1, 1946, to March 31, 1947, both inclusive	20.5
Ear corn if tendered for a loan from April 1, 1947, to April 30, 1947, both inclusive	17.5
Ear corn if tendered for a loan from May 1, 1947, to July 31, 1947, both inclusive	15.5
Shelled corn if tendered for a loan from June 1, 1947, to July 31, 1947, both inclusive	13.5

Ear corn, otherwise eligible, in areas designated as Angoumois moth infestation areas shall be eligible provided it is tendered for a loan during the period December 1, 1946, to March 31, 1947, both inclusive.

§ 248.36 *Eligible storage.* Eligible storage shall consist of cribs or bins which, as determined by the county committee, are of such substantial and permanent construction as to afford protection against rodents, other animals, thieves, and weather.

The most important factor to be considered in the safe storage of corn is the crib width. Cribs having a width greater than the recommended width for the county will not be considered as safe for storage of corn offered for a loan, unless the moisture content of the corn is less than the applicable permissible moisture content by at least 1 percent for each foot or fraction thereof in excess of the recommended width. In the case of round cribs with center ventilator the distance from the ventilator to the outside wall shall be used as the width, and for round cribs without center ventilator two-thirds of the diameter shall be used as the width.

SCHEDULE OF MAXIMUM CRIB WIDTHS FOR SAFE STORAGE OF CORN

The following crib widths are recommended as the maximum widths for safe storage of corn in the respective areas:

WISCONSIN

6-foot area—All counties.

ALL OTHER AREAS

The maximum crib width acceptable as safe storage for corn in all other areas shall be the widths as recommended by the county committee of the respective county.

§ 248.37 *Approved forms.* The approved forms constitute the loan documents which govern the rights and responsibilities of the producer and should be read carefully. Any fraudulent representation made by a producer in obtaining a loan or in executing any of the loan documents will render him subject to prosecution under the United States Criminal Code.

(a) Approved forms shall consist of producer's notes, (C. C. C. Grain Form A, Revised, or C. C. C. Commodity Form A) secured by chattel mortgages on Forms C. C. C. Grain Form AA, Revised, or C. C. C. Commodity Form AA, respectively.

(b) Note and chattel mortgages must be dated not later than the closing date applicable for loans on such corn, and executed in accordance with the regulations in this part, with State and documentary revenue stamps affixed thereto where required by law. Notes and chattel mortgages executed by an administrator, executor, or trustee will be aceptable only where legally valid.

§ 248.38 *Determination of quantity.* A bushel of ear corn shall be 2.5 cubic feet of ear corn testing not more than 15.5 percent in moisture content. An adjustment in the number of bushels of ear corn will be made for moisture content in excess of 15.5 percent in accordance with the following schedule.

Moisture content percent	*Adjustment factor (percent)*
15.6 to 16.5 both inclusive	98
16.6 to 17.5 both inclusive	96
17.6 to 18.5 both inclusive	94
18.6 to 19.5 both inclusive	92
19.6 to 20.5 both inclusive	90
Above 20.5	No loan

A bushel of shelled corn shall be 1.25 cubic feet of shelled corn testing not more than 13.5 percent in moisture content.

§ 248.39 *Liens.* The commodity must be free and clear of all liens and encumbrances, or if liens or encumbrances exist on the commodity, proper waivers must be obtained.

§ 248.40 *Service fees.* The producer shall pay a service fee of 1.5 cents per bushel on the number of bushels placed under loan or $3.00 whichever is the greater.

§ 248.41 *Set-offs.* A producer who is listed on the county debt register as indebted to any agency or corporation of the United States Department of Agriculture shall designate the agency or corporation to which he is indebted as the payee of the proceeds of the loan to the extent of such indebtedness, but not to exceed that portion of the proceeds remaining after deduction of the service fees and amounts due prior lienholders. Indebtedness owing to Commodity Credit Corporation shall be given first consideration after claims of prior lienholders.

§ 248.42 *Loan rates and settlement values.*—(a) *Loan rates.* The applicable loan rate per bushel of eligible corn for the various States and counties will be the county loan rate at the point of storage, except that loan rate on eligible corn grading "mixed" is 2 cents per bushel less.

(b) *Settlement values.* (1) If corn grading No. 3 (or No. 4 on test weight only) is delivered by the producer in satisfaction of the loan credit will be given for the quantity of corn delivered at the loan value (i. e., the amount loaned on the corn at the applicable county loan rate).

(2) *Premiums.* If corn grading higher than No. 3 is delivered by the producer, the credit value shall be the loan value plus premiums as follows:

Grade No. 1—One cent (1¢) per bushel.
Grade No. 2—One-half cent (½¢) per bushel.

(3) *Discounts.* If corn grading lower than No. 3 (except No. 4 on test weight only) is delivered by the producer, the credit value shall be the loan value less the following discounts:

SCHEDULE OF DISCOUNTS FOR YELLOW, WHITE, AND MIXED CORN

Grade No. 4—One cent (1¢) per bushel.
Grade No. 5—Two cents (2¢) per bushel.

SAMPLE GRADE

Minimum test weight (pounds)	Moisture (percent)	Total damaged (percent)	Heat damaged (percent)	Discount rate per bushel (cents)
44	17.5	15.1–19.9	5	3
44	17.5	20.0–24.9	5	4
44	17.5	25.0–29.9	5	6
44	17.5	30.0–34.9	5	8
44	17.5	35.0–40.0	5	10

Any lot of corn which grades "sample" solely on account of stones and/or cinders or which is musty, or which has any commercially objectionable foreign odor, or cockle burrs, or rodent excreta, will be subject to a discount of one (1) cent per bushel. This one cent will be an additional discount if the corn otherwise grades "sample" due to any of the factors shown in the above schedule. Any lot of corn grading "weevily" will be subject to a discount of one-half (½) cent per bushel. This one-half cent discount will be in addition to any discount otherwise applicable.

Discounts will be determined by the Commodity Credit Corporation for all corn grading sour or heating or otherwise not coming within the classification of this schedule of discounts.

(4) If a lower quality or lesser quantity of corn than that stated in section 1 of the chattel mortgage is delivered by the producer and such lower quality or lesser quantity is due to physical loss or damage solely from an external cause other than vermin or conversion by the producer and without the fault or negligence of the producer, a credit value shall be allowed for the number of bushels of corn so lost or damaged equal to the amount of the loan on such corn.

§ 248.43 *Interest rate.* Loans shall bear interest at the rate of 3 percent per annum; and interest shall accrue from the date of disbursement of the loan, notwithstanding the printed provisions of the note.

§ 248.44 *Transfer of producer's equity.* The right of the producer to transfer either his right to redeem the commodity or his remaining interest may be restricted by Commodity Credit Corporation.

§ 248.45 *Safeguarding of the commodity.* The producer is obligated to maintain the farm storage structures in good repair and to keep the commodity in good condition.

§ 248.46 *Insurance.* Commodity Credit Corporation will not require the producer to insure the commodity placed under farm storage loan; however, if the producer does insure such commodity such insurance shall inure to the benefit of Commodity Credit Corporation to the extent of its interest, after first satisfying the producer's equity in the commodity involved in the loss.

§ 248.47 *Loss or damage to the commodity.* The producer is responsible for any loss in quantity or quality to farm-stored commodity, except that physical loss or damage occurring solely from an external cause, other than insect infestation or vermin, will unless insured, be assumed by the Corporation provided such loss has occurred without fault, negligence, or conversion on the part of the producer, and the producer has given the county committee immediate notice in writing of such loss or damage, and there has been no fraudulent representation made by the producer in the loan documents or in obtaining a loan.

§ 248.48 *Personal liability.* The making of any fraudulent representation by the producer in the loan documents or in obtaining the loan, or the conversion or unlawful disposition of any portion of the commodity by him, shall render the producer personally liable for the amount of the loan and for any resulting expense incurred by any holder of the note.

§ 248.49 *Maturity and satisfaction.* Loans mature on demand but not later

than September 1, 1947. The producer is required to pay off his loan on or before maturity date, or to deliver the mortgaged commodity within 60 days after maturity date. Credit will be given for the total quantity delivered, provided it was stored in the cribs or bins in which the commodity under loan was stored, at the applicable settlement rate, according to grade and/or quality. If the settlement value of the commodity delivered exceeds the amount due on the loan, the amount of the excess shall be paid to the producer. If the settlement value of the commodity is less than the amount due on the loan, the amount of the deficiency, plus interest, shall be paid by the producer to the Corporation, and may be set off against any payment which would otherwise be made to the producer under any agricultural programs administered by the Secretary of Agriculture, or any other payments which are due or may become due to the producer from Commodity Credit Corporation or any other agency of the United States. In the event the farm is sold or there is a change of tenancy, the commodity may be delivered before the maturity date of the loan upon prior approval by the county committee.

§ 248.50 *Removal of the commodity.* If the loan is not satisfied upon maturity by payment or delivery, the holder of the note may remove the commodity and sell it, either by separate contract or after pooling it with other lots of the same commodity similarly held. The producer has no right of redemption after the commodity is pooled, but shall share ratably in any overplus remaining upon liquidation of the pool. The Commodity Credit Corporation shall have the right to treat a pooled commodity as a reserve supply to be marketed under such sales policies as the Corporation determines will promote orderly marketing, protect the interests of producers and consumers, and not unduly impair the market for the current crop of the commodity, even though part or all of such pooled commodity is disposed of under such policies at prices less than the current domestic price for such commodity. Any sum due the producer as a result of the sale of the commodity or of insurance proceeds thereon, or any ratable share resulting from the liquidation of a pool, shall be payable only to the producer without right of assignment by him.

§ 248.51 *Release of the commodity.* A producer may obtain release of the commodity by paying to the holder of the note, the principal amount thereof, plus interest. If the note is held by an out-of-town lending agency or by Commodity Credit Corporation, the producer may request that the note be forwarded to a local bank for collection. In such case, where Commodity Credit Corporation is the holder of the note, the local bank will be instructed to return the note if payment is not effected within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon payment of a farm storage loan, the county committee should be requested to release the mortgage by filing an instrument of release or by a marginal release on the county records. Partial releases of the commodity may be arranged with the county committee by paying to the holder of the note the amount of the loan, plus charges and accrued interest, represented by the quantity of the commodity to be released.

§ 248.52 *Purchase of notes.* Commodity Credit Corporation will purchase, from approved lending agencies, notes evidencing approved loans which are secured by chattel mortgages or negotiable warehouse receipts. The purchase price to be paid by Commodity Credit Corporation will be the principal sums remaining due on such notes, plus accrued interest from the date of disbursement to the date of purchase at the rate of 1½ percent per annum. Lending agencies are required to submit a weekly report to the Corporation and to the county committees on 1940 C. C. C. Form F or such other form as the Corporation may prescribe, of all payments received on producer's notes held by them, and are required to remit promptly to Commodity Credit Corporation an amount equivalent to 1½ percent interest per annum, on the amount of the principal collected, from the date of disbursement to the date of payment. Lending agencies should submit notes and reports to the Grain Branch office serving the area.

§ 248.53 *Office of Grain Branch.* The address of the Office of the Grain Branch administering this loan program is 208 South LaSalle Street, Chicago 4, Illinois.

Approved: November 18, 1946.

Vice President,
Commodity Credit Corporation.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Grapefruit Reg. 84]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.336 *Grapefruit Regulation 84*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and the order, as amended (7 CFR, Cum. Supp., 933.1 et seq.; 11 F. R. 9471), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., March 10, 1947, and ending at 12:01 a. m., e. s. t., March 17, 1947, no handler shall ship:

(i) Any grapefruit of any variety, grown in the State of Florida, which grade U. S. No. 3, or lower than U. S. No. 3 grade (as such grades are defined in the United States standards for citrus fruits, as amended (11 F. R. 13239; 12 F. R. 1));

(ii) Any seeded grapefruit, other than pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 80 grapefruit, packed in accordance with the requirements of a standard pack (as such pack is defined in the aforesaid amended United States standards), in a standard box (as such box is defined in the standards for containers for citrus fruit established by the Florida Citrus Commission pursuant to section 3 of Chapter 20449, Laws of Florida, acts of 1941 (Florida Laws Annotated § 595.09));

(iii) Any seedless grapefruit, other than pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack (as such pack is defined in the aforesaid amended United States standards), in a standard box (as such box is defined in the aforesaid standards for containers for citrus fruit); or

(iv) Any pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 126 grapefruit, packed in accordance with the requirements of a standard pack (as such pack is defined in the aforesaid amended United States standards), in a standard box (as such box is defined in the aforesaid standards for containers for citrus fruit).

(2) As used in this section, "variety," "handler," and "ship" shall have the same meaning as is given to each such term in said amended marketing agreement and order. (48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U. S. C. 601 et seq.)

[Lemon Reg. 212]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.319 *Lemon Regulation 212*—(a) *Findings.* (1) Pursuant to the marketing agreement and the order (7 CFR, Cum. Supp., 953.1 et seq.), regulating the handling of lemons grown in the State of California or in the State of Arizona, issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., p. s. t., March 9, 1947, and ending at 12:01 a. m., p. s. t., March 16, 1947, is hereby fixed at 325 carloads, or an equivalent quantity.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation 211 (12 F. R. 1433) and made a part hereof by this reference. The Lemon Administrative Committee, in accordance with the provisions of the said marketing agreement and order, shall calculate the quantity of lemons which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such word in the said marketing agreement and order. (48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U. S. C. 601 et seq.)

[Orange Reg. 168]

PART 966—ORANGES GROWN, CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 966.314 *Orange Regulation 168*—(a) *Findings.* (1) Pursuant to the provisions of the order (7 CFR, Cum. Supp., 966.1 et seq.) regulating the handling of oranges grown in the State of California or in the State of Arizona, issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P s. t., March 9, 1947, and ending at 12:01 a. m., P s. t., March 16, 1947, is hereby fixed as follows:

(i) *Valencia oranges.* (*a*) Prorate Districts Nos. 1 and 2, no movement; and (*b*) Prorate District No. 3, unlimited movement.

(ii) *Oranges other than Valencia oranges.* (*a*) Prorate District No. 1, unlimited movement; (*b*) Prorate District No. 2, 1300 carloads; and (*c*) Prorate District No. 3, unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Orange Administrative Committee, in accordance with the provisions of the said order, shall calculate the quantity of oranges which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said order; and "Prorate District No. 1," "Prorate District No. 2," and "Prorate District No. 3" shall have the same meaning as is given to each such term in § 966.107 of the rules and regulations (11 F. R. 10258) issued pursuant to said order. (48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 6th day of March 1947.

TITLE 20—EMPLOYEE'S BENEFITS

Chapter II—Railroad Retirement Board

PART 208—ELIGIBILITY FOR AN ANNUITY

CURRENT CONNECTION WITH RAILROAD INDUSTRY; SELF-EMPLOYMENT

Pursuant to the general authority contained in section 10 of the act of June 24, 1937 (Sec. 10, 50 Stat. 314; 45 U.S.C. 228j), Part 208 of the Regulations of the Railroad Retirement Board under such act (4 F.R. 1477, 12 F.R. 859) is amended by adding § 208.5, as follows:

§ 208.5 *Current connection with the railroad industry; (self-employment).* For the purposes of this part, § 225.8, and Part 237 of this chapter, in determining whether an individual had a "current connection with the railroad industry," self-employment shall not be considered "regular employment." (For statutory provision see Part 237 of this chapter) Sec. 10, 50 Stat. 314; sec. 203, Pub. Law 572 79th Cong., 45 U.S.C. 228j.

Dated: February 28, 1947.

By authority of the Board.

[SEAL] MARY B. LINKINS,
Secretary of the Board.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-1115]

JOSEPH ZUCKERBERG AND CELIA ZUCKERBERG

Joseph Zuckerberg and Celia Zuckerberg are the owners of a building located at 110-116 Broadway, Providence, Rhode Island, and at that address conduct a business under the name of Arrow Glass and Supply Company. Sometime in July, 1946 Joseph Zuckerberg and Celia Zuckerberg began construction of a cinder block addition to the rear of this building on property owned by them and located at Nos. 2-4-6 Shepard Street, Providence, Rhode Island, at an estimated cost substantially in excess of $1,000, without authorization from the Civilian Production Administration. The beginning and carrying on of this construction without authorization from the Civilian Production Administration constituted a wilful violaton by Joseph Zuckerberg and Celia Zuckerberg, for whom her husband, Joseph Zuckerberg, was acting as agent. This violation diverted critical materials to uses not authorized by the Civilian Production Administration. In view of the foregoing, it is hereby ordered that:

§ 1010.1115 *Suspension Order No. S-1115.* (a) The temporary suspension order issued against Joseph and Celia Zuckerberg, doing business as Arrow Glass and Supply Company, by telegram dated December 11, 1946, is hereby revoked.

(b) Neither Joseph Zuckerberg nor Celia Zuckerberg, their successors or assigns, nor any other person shall do any further construction on the cinder block addition to the building at 110-116 Broadway, Providence, Rhode Island, which addition itself is numbered 2-4-6 Shepard Street, Providence, Rhode Island, including completing, putting up, or altering of any structure located thereon unless hereafter specifically authorized in writing by the Civilian Production Administration.

(c) The provisions of paragraph (b) shall not apply to such construction as is specifically authorized by the Civilian Production Administration under Serial No. 1-6-752 to prevent deterioration of materials already incorporated into the structure.

(d) Joseph Zuckerberg and Celia Zuckerberg shall refer to this order in any application or appeal which they may file with the Civilian Production Administration for authorization to carry on construction.

(e) Nothing contained in this order shall be deemed to relieve Joseph Zuckerberg and Celia Zuckerberg, their successors or assigns, from any restriction, prohibition, or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 7th day of March 1947.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-1114]

CHARLES G. IMBURGIA

Charles G. Imburgia, 656 Porter Street, Warren, Ohio, without authorization of the Civilian Production Administration, on or about April 24, 1946 began construction, and thereafter carried on construction from April 24, 1946 to June 13, 1946 and from December 23, 1946 to January 7, 1947, of a commercial building to be used as an automobile repair shop and for storage and sale of used automobiles, located at 2416 Youngstown Road, S. E. Warren, Ohio, the estimated cost of which construction was $13,000. The beginning of construction and the carrying on of construction as aforesaid constituted a grossly negligent violation of Veterans' Housing Program Order No. 1. This violation has diverted critical materials to uses not authorized by the Civilian Production Administration. In view of the foregoing, it is hereby ordered that:

§ 1010.1114 *Suspension Order No. S-1114.* (a) Neither Charles G. Imburgia, his successors or assigns, nor any other person shall do any further construction on the building located at 2416 Youngstown Road, S. E. Warren, Ohio, including putting up, completing, or altering the structure, unless hereafter authorized in writing by the Civilian Production Administration.

(b) Charles G. Imburgia shall refer to this order in any application or appeal which he may file with the Civilian Production Administration for authorization to carry on construction.

(c) Nothing contained in this order shall be deemed to relieve Charles G. Imburgia, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 7th day of March 1947.

PART 3270—CONTAINERS

[Conservation Order M-81, as Amended December 27, 1946, Amdt. 1]

CANS

Section 3270.31 Conservation Order M-81 is hereby amended in the following respects:

1. Paragraph (a) is amended by substituting a comma and the words "or limits can sizes" for the period following the words "sets any quotas" in the 8th line of the paragraph.

2. Paragraph (e) is amended by deleting the words "size and" in the 5th line of the paragraph.

3. Paragraph (f) (1) is amended by deleting the words "sizes or" in the 3d line of the paragraph.

4. Schedule I is amended by deleting the 2d paragraph at the head of the Schedule relating to "Column 2. Can sizes," and by deleting Column 2 and all can sizes indicated thereunder from the body of the schedule.

Issued this 7th day of March 1947.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 3—ADJUDICATION; DISALLOWANCE AND AWARDS

MISCELLANEOUS AMENDMENTS

The following amendments are made to Part 3:

§ 3.1228 *Computation of annual income for the purposes of § 35.013 of this chapter or section 1 (c) of Public No. 198, 76th Congress (Act of July 19, 1939), as amended.* (a) The annual income in any case coming within the purview of § 35.013 of this chapter, or section 1 (c) of Public No. 198, 76th Congress (Act of July 19, 1939), as amended by section 11, Public Law 144, 78th Congress, will be computed on the basis of the total annual income for the entire current calendar year. However, where the equities indicate, such annual income may be computed monthly on the basis of the rate of income for the current year. Under any method of calculation the question is whether the actual in-

come for the calendar year exceeds the statutory income limitation. For example:

(1) When a claim is filed and the income for the unexpired portion of the calendar year (from the date the veteran became permanently and totally disabled or, in the case of a widow, from the date of the veteran's death) is proportionately less than the statutory limitation, benefits may be awarded if otherwise in order. (A. D. 609 and A. D. 705.) Likewise, in any case in which pension is payable for a widow and child and the widow's status changes so that she becomes a widow without a child, the widow's income shall be calculated on a proportionate basis for the remaining portion of the calendar year.

(2) Where the income on the date of filing claim exceeds the proportionate rate of the statutory limitation, the claim will be disallowed.

No change in (3) to (5), inclusive.

(6) Where the receipt of a lump sum payment or of several installment payments coming within the definition of the term "annual income," for the purposes of § 35.013 (b) of this chapter, or section 1 (c), of Public No. 198, 76th Congress (Act of July 19, 1939), as amended, results in the disallowance or discontinuance of benefits the payment or restoration of such benefits, if otherwise in order, will be authorized as of the first day of the calendar year following that in which payments were received exceeding the limits fixed by that regulation. (A. D. 454) See § 5.2548 (e) of this chapter. (57 Stat. 554–560)

(b) In determining annual income any payments by the United States Government because of disability or death under laws administered by the Veterans' Administration mustering-out pay and payments under the World War Adjusted Compensation Act, as amended, and the Adjusted Compensation Payment Act, 1936 (Public No. 425, 74th Cong.), will not be considered in determining the amount of "annual income" for the purposes of § 35.013 (b) (1) of this chapter (Public, No. 844, 74th Cong.), or section 1 (c), of Public, No. 198, 76th Congress (Act of July 19, 1939), as amended by section 11, Public Law 144, 78th Congress. Overtime compensation or additional compensation to Government employees under Public Law 49, 78th Congress, or amounts payable under Public Laws 106 and 390, 79th Congress, other than increases in basic rates of compensation, which the act expressly provides shall be considered a part of basic compensation, shall not be considered in determining the amount of a person's annual income or annual rate of compensation for the purposes of § 35.013 (b) (1) of this chapter, as amended. For these purposes, however, payments such as family allowances under Public Law 625, 77th Congress (A. D. 521), subsistence allowances under Title II, Public Law 346, 78th Congress (A. D. 718), lump sums or installments of life, disability, accident, health or similar insurance from other sources, compensation paid by the United States Employees Compensation Commission or a State compensation or industrial board or commission, Civil Service retirement annuity, Social Security benefits, Railroad Retirement benefits, proceeds of bequests and inheritances received in the settlement of estates or gifts will be considered as constituting "annual income," *Provided*, That no part of the payments received under an annuity will be considered as annual income until the full amount of the consideration has been received by the annuitant (after which the full amount of such annuity payments will be considered as annual income); That amounts received on endowment insurance will not be considered as "annual income" until the amount paid equals the aggregate premiums; That no part of Federal Old-Age and Survivors Insurance payments or Railroad Retirement benefits received by a former worker will be considered as annual income until the full amount of his personal contribution (as distinguished from amounts contributed by the employer and not by the worker) has been received by him, after which the full amount of the benefits received by the former worker will be considered as annual income; That such benefits received by a widow on the basis of her husband's employment will be considered as annual income; *Provided further*, That property received by inheritance or otherwise will not be considered as "annual income" until such property, or other property acquired in lieu thereof, by exchange or barter, has been converted into cash. Income for the purpose of barring rights to pension will mean total income from sources such as wages, salaries, bonuses (except World War Adjusted Compensation), earnings, emoluments, investments or rents from whatever source derived or income from a business or profession. In computing income, the gross income derived from a business or profession may be reduced by the necessary expenses of carrying on the same, such as cost of goods sold or expenditures for rent, repairs, taxes, upkeep, and other operating expenses. (A. D. 366) (59 Stat. 295, 60 Stat. 216)

(c) The 5 percent deducted from the basic salary of a Civil Service employee as provided in the Civil Service Retirement Act, as amended, income taxes withheld and amounts payable under Public Laws 106 and 390, 79th Congress, other than overtime pay, are to be considered as salary for the purposes of section 30, Public No. 141, 73d Congress, § 35.013 of this chapter, or section 1 (c), of Public No. 198, 76th Congress (Act of July 19, 1939), as amended, i. e., the salary of the employee is not determined by the amount he actually receives in cash, but includes deductions made by virtue of the Civil Service Retirement Act and individual income tax acts. The value of salary received in kind also constitutes income. (Sec. 1, 4, 48 Stat. 8, 9, 53 Stat. 1068–1070, 57 Stat. 554–560; 38 U. S. C. 503, 701, 704)

§ 3.1229 *Discontinuance and restoration of benefits under § 35.10, as amended by reason of Federal employment.* [Canceled March 4, 1947.]

§ 3.1235 *Statutory awards, section 202, World War Veterans' Act, 1924, as amended, as reenacted by Public No. 141, 73d Congress.* The statutory awards provided in section 202 of the World War Veterans' Act, 1924, as amended, are payable under section 27 or 28, Title III, Public No. 141, 73d Congress, as follows:

No change in (a).

No change in (b) (1) or (2).

(3) Third paragraph, the additional compensation of $30 monthly for the loss of the use of a creative organ or the additional compensation of $42 monthly for the loss of the use of one or more feet or hands, independent of any other compensation. (Public No. 866, 76th Congress, and Public Law 662, 79th Congress)

(c) Under section 202 (5), an allowance not exceeding $60 per month for a nurse or attendant.

(d) Under section 202 (7), an award of not less than $60 per month to a person shown to have had an active tuberculous disease of a compensable degree which has reached a condition of complete arrest; and compensation under the minimum rating of 25 percent for arrested or apparently cured tuberculosis. (60 Stat. 908)

No change in (e).

(43 Stat. 618, 619, 48 Stat. 524, 54 Stat. 1196; 38 U. S C. 471a, 473, 473a, 476, 478, 480, 722)

SPECIAL MONTHLY COMPENSATION SPECIFIED BY OR FIXED PURSUANT TO PARAGRAPH (B), §§ 35.011 AND 35.012 OF THIS CHAPTER, AS AMENDED BY PUBLIC LAWS 182, 659, 662, 79TH CONGRESS

§ 3.1236 *Special monthly compensation provided by paragraphs (b) (11), §§ 35.011 and 35.012 of this chapter*—(a) *Applicability.* The special monthly compensation provided by paragraphs (b) (11), §§ 35.011 and 35.012 of this chapter, as amended, is applicable but once in any one case, when payable in addition to the compensation provided in paragraphs (b) (1) to (10), §§ 35.011 and 35.012 of this chapter. In other words, if the veteran has suffered the anatomical loss of one eye and one hand his monthly compensation under Public No. 2, 73d Congress, as amended, will be increased by $42 and not by $84 or by $31.50 and not by $63, if the disabilities were incurred in wartime service or peacetime service, respectively. The additional allowance may be based upon an anatomical loss or loss of use included in the requirements for the basic rate. The additional allowances under paragraphs (b) (11), §§ 35.011 and 35.012 of this chapter are now payable in addition to compensation payable under paragraphs (b) (12) to (14), §§ 35.011 and 35.012 of this chapter, and such additional allowance is payable for each anatomical loss, loss of use, or blindness of one eye having only light perception, when existing in addition to the requirements for these basic rates: *Provided*, The total does not exceed $360 in § 35.011 of this chapter cases or $270 in § 35.012 of this chapter cases. For example, a war veteran who has suffered the loss of use of both hands, one foot and one eye (light perception only) will be compensated at $240 plus two allowances of $42 each or $324 under the second part of paragraphs (b) (11), §§ 35.011 and 35.012 of this chapter.

(b) *Helplessness.* (1) The maximum rate, as a result of including helplessness as one of the entitling multiple disabilities, is intended to cover, in addition to obvious losses and blindness, conditions such as transverse myelitis with loss of use of both legs and loss of anal and bladder sphincter control; also the loss of use of two extremities with absolute deafness and nearly total blindness, or with severe multiple injuries producing total disability outside the useless extremities, these conditions being construed as loss of use of two extremities and helplessness.

(2) The rate of $282 provided under paragraphs (b) (13), §§ 35.011 and 35.012 of this chapter, on account of helplessness requiring regular aid and attendance applies only in cases entitled on account of blindness of both eyes. A veteran having suffered the loss, or loss of use of both hands, feet, or one hand and one foot, and having no other compensable disability, will be rated according to the level of amputation or loss of use; entitlement to a higher rate on account of helplessness requiring regular aid and attendance must be based on such need resulting from pathology other than the anatomical loss or loss of use of two extremities; when so based; i. e., upon pathology other than the anatomical loss or loss of use of two extremities, the rate will uniformly be $360 (or $270) monthly.

(c) *Intermediate rates fixed pursuant to law.* The authority contained in paragraphs (b) (16), §§ 35.011 and 35.012 of this chapter, to allow the next higher rate or an intermediate rate will be administered as follows:

(1) With the anatomical loss, or loss of use, of one hand or one foot, and anatomical loss, or loss of use, of another extremity at a level or with complications preventing natural elbow or knee action with prosthesis in place, the rate will be $261 (or $195.75).

(2) With the anatomical loss, or loss of use, of one extremity at a level or with complications preventing natural elbow or knee action with prosthesis in place, and the anatomical loss of another extremity so near the shoulder or hip as to prevent the use of a prosthetic appliance, the rate will be $300 (or $225).

(3) With the anatomical loss, or loss of use, of one hand or one foot, and the anatomical loss of another extremity so near the shoulder or hip as to prevent the use of a prosthetic appliance, the rate will be $282 (or $211.50).

(4) With the requirements for any of the rates provided in paragraphs (b) (12) to (14), §§ 35.011 and 35.012 of this chapter, and additional disability independently ratable at 50% or more, the rate will be intermediate; i. e., half-way, between the rate authorized for the paragraph whose requirements are met, and the next higher rate authorized in paragraphs (b) (13) to (15), §§ 35.011 and 35.012 of this chapter.

(5) With the requirements for any of the rates provided in paragraphs (b) (12) to (14), §§ 35.011 and 35.012 of this chapter, and additional disability independently ratable, apart from any consideration of individual unemployability, at 100%, the rate will be the next higher rate authorized in paragraphs (b) (13) to (15), §§ 35.011 and 35.012 of this chapter.

(6) Other cases in which any of the rates are deemed inadequate will be handled in accordance with § 2.1142 of this chapter.

(d) *Ratings for specific conditions*—(1) *Rating of binocular blindness of different degrees.* (i) With blindness of one eye with 5/200 visual acuity or less, and blindness of the other eye having only light perception, the rate will be $261 (or $195.75).

(ii) With blindness of one eye having only light perception, and anatomical loss, or blindness, having no light perception accompanied by phthisis bulbi, evisceration, or other obvious deformity or disfigurement, of the other eye, the rate will be $300 (or $225).

(iii) With blindness of one eye having 5/200 visual acuity or less, and anatomical loss, or blindness, having no light perception accompanied by phthisis bulbi, evisceration, or other obvious deformity or disfigurement, of the other eye, the rate will be $282 (or $211.50).

(2) *Rating of blindness of both eyes having no light perception.* The rate under paragraphs (b) (14), §§ 35.011 and 35.012 of this chapter, $318 (or $238.50) per month, will be assigned when there is a total blindness of both eyes having no light perception accompanied by phthisis bulbi, evisceration or other obvious deformity or disfigurement.

(3) *Entitlement under paragraphs (b) (15), §§ 35.011 and 35.012 of this chapter.* Entitlement to the maximum rate of $360 (or $270) per month on account of entitlement to two of the rates provided in one or more of paragraphs (b) (12) to (14), §§ 35.011 and 35.012 of this chapter, must be based upon separate and distinct disabilities so entitling.

If the loss, or loss of use of two extremities or being permanently bedridden renders the person helpless, increase to $360 (or $270) per month is not in order on account of this helplessness. Under no circumstances will the combination of "being permanently bedridden" and "being so helpless as to require regular aid and attendance" without separate and distinct anatomical loss, or loss of use of two extremities, or blindness, be taken as entitling to $360 (or $270) per month. The fact, however, that two separate and distinct entitling disabilities, such as anatomical loss or loss of use of both hands and of both feet result from a common etiological agent, for example, one injury, or rheumatoid arthritis, will not preclude entitlement to the maximum rate. (59 Stat. 533, 60 Stat. 904, 60 Stat. 908) (Sec. 1, 48 Stat. 8, 53 Stat. 1070; 38 U. S. C. 701, Ch. 12a)

§ 3.1237 *Additional allowance for nurse or attendant*—(a) *General provisions.* If and while a veteran is so helpless on account of a service-connected compensable condition as to be in need of a nurse or attendant (see §§ 2.1176, 2.1177 and 2.1178 of this chapter), there will be allowed in addition to the compensation payable under Title III, Public No. 141, 73d Congress, the sum of $50 per month on and after March 28, 1934, or $60 per month on or after September 1, 1946, or an increased statutory rate under Public No. 2, 73d Congress, as amended.

(b) *Reductions during hospitalization.* Where a veteran in receipt of additional or increased compensation based upon the need for a nurse or attendant, regular aid or attendance, or frequent and periodical aid or attendance, other than on account of transverse myelitis or paraplegia involving paralysis of both lower extremities together with loss of anal and bladder sphincter control, as a result of severe traumatic lesions of the the spinal cord, is being furnished hospital treatment, institutional or domiciliary care by the Veterans' Administration and is being furnished with nursing or attendant's service, the award of compensation will be the amount authorized by the rating decision exclusive of any additional or increased amount on account of the need for a nurse or attendant, regular aid and attendance, or frequent and periodical aid and attendance. (A. D. 201) In the excepted case a uniform rate of $360 (or $270) per month will be maintained, without deduction on account of being furnished aid and attendance in kind. Due to the different additional amount to which veterans may be entitled under Public Law 182, 79th Congress, as amended, on account of helplessness requiring regular aid and attendance, and consequent different amounts of reductions when being furnished regular aid and attendance in kind, when institutionalized by the Veterans' Administration, married, and having dependents, it is necessary to give careful attention to the exact basis of entitlement:

(1) The general rule as to reductions of special monthly compensation of $240 (or $180) per month or more based upon the need for regular aid and attendance when the veteran, married or having dependents, is being furnished nursing or attendant's service while receiving hospital treatment, institutional or domiciliary care by the Veterans' Administration is that reduction will be in the additional amount based upon the need for regular aid or attendance.

(2) In determining the rate of special monthly compensation first consideration will be given to anatomical loss or losses of use of extremities, blindness, having 5/200 visual acuity or less, anatomical loss of both eyes, or being permanently bedridden, and if, based on these considerations, there is entitlement to one of the rates under paragraphs (b) (12), (13) or (14), §§ 35.011 and 35.012 of this chapter, or to two of these rates entitling under paragraphs (b) (15), §§ 35.011 and 35.012 of this chapter, no reduction is in order on account of being furnished nursing or attendant's service. If there is such entitlement based on these enumerated conditions, it is immaterial whether the veteran is also so helpless as to be in need of regular aid and attendance, and no reduction is in order on this account.

(3) It is only when entitlement to the rate under paragraphs (b) (12) singly, §§ 35.011 and 35.012 of this chapter, or with another entitlement to the rate under paragraphs (b) (12), (13), or (14),

§§ 35.011 and 35.012 of this chapter so as to qualify under paragraphs (b) (15), §§ 35.011 and 35.012 of this chapter is based solely upon being so helpless as to be in need of regular aid and attendance; i. e., in the absence of other entitling conditions, that reduction on this account is in order.

(4) The reduction in the case of a veteran entitled only under paragraphs (b) (12), §§ 35.011 and 35.012 of this chapter, on account of helplessness will be in the amount of $102 (or $76.50).

(5) When any veteran is entitled to one of the rates under paragraphs (b) (12), (13) or (14), §§ 35.011 and 35.012 of this chapter, by reason of anatomical losses or losses of use of extremities, blindness, having 5/200 visual acuity or less, or anatomical loss of both eyes, and is also entitled to another rate under paragraphs (b) (12), §§ 35.011 and 35.012 of this chapter on account of being so helpless as to be in need of regular aid and attendance, no condition being considered twice in the determination, the rate of pension while not being maintained and furnished aid and attendance in kind will be $360 (or $270) per month. This amount is subject to reduction to $282 (or $211.50) or $318 (or $238.50) per month according to which the veteran is entitled apart from helplessness. No case will arise in which reduction from $360 to $240 will be in order, for the reason that the condition entitling to the second rate on account of rendering the person helpless will necessarily be totally disabling, thus entitling, if the basic entitlement is under paragraphs (b) (12) or (13), §§ 35.011 and 35.012 of this chapter, to one of the rates specified in the preceding sentence. Note that if the basic entitlement is under paragraphs (b) (14), §§ 35.011 and 35.012 of this chapter the additional disability rendering the person helpless is necessarily ratable at 100%; consequently the rate of pension will be $360 (or $270) per month whether or not being furnished aid and attendance in kind.

(6) In the special case of entitlement under paragraphs (b) (13), §§ 35.011 and 35.012 of this chapter only on account of blindness of both eyes, rendering him so helpless as to be in need of regular aid and attendance, the reduction will be $42 (or $31.50) per month.

(7) Additional pension of $42 (or $31.50) per month under paragraphs (b) (11), §§ 35.011 and 35.012 of this chapter, or on account of 50% disability or 100% disability in excess of the conditions entitling under paragraphs (b) (12), (13) or (14), §§ 35.011 and 35.012 of this chapter is not subject to reduction on account of being furnished nursing or attendant's service.

The reduced rate of compensation in such instances will be effective as of the beginning of the maintenance of the disabled veteran in an institution by the Veterans' Administration. The compensation in all cases contemplated herein is subject to the limitations contained in § 3.1255.

(c) *Resumption of full rate.* In every case where a beneficiary who is receiving an allowance or increased compensation for a nurse or attendant is admitted to a hospital for treatment as a beneficiary of the Veterans' Administration, a report will be forwarded to the rating board, field office, or the central disability board, claims division, veterans claims service, showing the inclusive date of hospital treatment. Where the additional allowance or increased compensation for a nurse or attendant has been properly authorized to patients with amputations, or in those cases wherein the basic condition requiring a nurse or attendant is essentially permanent as defined in Veterans' Administration adjudication procedure, or in terminal cases, a redetermination by the rating board following dehospitalization is not required for reinstatement of this benefit. Upon receipt of the necessary notice that such veteran is no longer being maintained in an institution by the Veterans' Administration, appropriate awards action for the purpose stated above will be accomplished at once and in such instances it will not be necessary to await receipt of the hospital report prior to resuming the additional allowance or increased compensation. In other cases not involving amputations or conditions essentially permanent the additional allowance or increased compensation for a nurse or attendant may be reawarded only upon a determination by the rating board that the veteran concerned is in further need of such services. The additional allowance or increased compensation for nurse or attendant is not to be reinstated for the purpose of applying the provisions of § 2.1009 (e) of this chapter, which are applicable only to the proper running award. Where the veteran is not hospitalized and evidence is received indicating there is no further need for nurse or attendant, the provisions of § 2.1009 (e) of this chapter are for application. (59 Stat. 533, 60 Stat. 908) (Sec. 27, 28, 29, 48 Stat. 524, 525; 38 U. S. C. 471a, 706, 722)

§ 3.1245 *Rates of pay for disability or death the result of training, hospitalization, or medical or surgical treatment under section 31, Public No. 141, 73d Congress, examination under section 12, Public No. 866, 76th Congress, and § 35.017 (d) of this chapter, as amended.* Where the disease, injury, death, or the aggravation of an existing disease or injury resulted from submitting to an examination under authority of any of the laws granting monetary or other benefits to World War veterans, or from training, hospitalization, or medical or surgical treatment awarded under any of the laws granting monetary or other benefits to World War veterans (World War I and World War II), the compensation to be awarded will be determined as follows:

(a) *World War service.* In claims of veterans with World War (I or II) service as defined in Public No. 2, as amended, Public No. 141, 73d Congress, Public No. 344, 74th Congress, or Public No. 304, 75th Congress, and regulations and instructions issued pursuant thereto, the compensation to be awarded will be in accordance with the rates provided in § 35.011 of this chapter, and the Schedule for Rating Disabilities, 1945. (60 Stat. 319)

(b) *Service connection to be direct.* Under section 31, Title III, Public No. 141, 73d Congress, section 12, Public No. 866, 76th Congress, and § 35.017 (d) of this chapter, as amended, service connection for additional disabilities incurred in the manner therein specified will be direct. Veterans with disabilities presumptively due to World War I service, who acquire additional disabilities as the result of training, hospitalization, or medical or surgical treatment, or as the result of having submitted to an examination under authority of any of the laws granting monetary or other benefits to World War I veterans will be paid benefits for such additional disabilities at 100 percent of the rates provided therefor in the Schedule of Disability Ratings, 1945, and Extensions thereto, if otherwise entitled.

No change in (c).

(54 Stat. 1193, 57 Stat. 43; 38 U. S. C. A. 701)

§ 3.1248 *Continuance of award to child pursuing a course of instruction after it reaches the age of eighteen years.* When an unmarried child of a veteran entitled to disability compensation, pension, or emergency officers retired pay under Public No. 2, Public No. 78, 73d Congress, as amended, or Public No. 141, 73d Congress, as amended by Public Law 144, 78th Congress, is or may hereafter be pursuing a course of instruction at a school, college, academy, seminary, technical institute, or university particularly designated by it and approved by the Veterans' Administration, payment of an apportioned share of compensation, pension or emergency officers retired pay may be continued or made to, for, or on behalf of the child after it has reached the age of eighteen years, but not after it has reached the age of twenty-one years. (Effective dates of payments to a child after it reaches eighteen years of age and is pursuing a course of instruction—see § 5.2598 of this chapter.) (Sec. 4, 48 Stat. 9; 28 U. S. C. 704)

§ 3.1250 *Reduction or discontinuance of disability compensation or pension.* The effective date of the reduction or discontinuance of awards of disability compensation or pension will be in accordance with the provisions of § 35.012 (c) of this chapter, except as otherwise provided. Reduction or discontinuance because of ceasing school attendance shall be effective upon the last day which the child attended school, but in no event will pension or compensation be paid for a period beyond the day preceding the child's twenty-first birthday. (Secs. 9, 20, 48 Stat. 10, 309; 38 U. S. C. 709, 722)

§ 3.1251 *Failure to report for physical examination.* (a) Upon the failure of a veteran without adequate reason to report for physical examination, requested for disability compensation or pension purposes, the award of disability compensation or pension in course of payment to him will be suspended as of the date of last payment. The reason given for suspension will be "Failure to report for examination." Any award of compensation or pension concurrently being paid to dependents will also be suspended.

(Resumption of payments—See § 3.1266.)

No change in (b).

§ 3.1255 *Reduction when disabled person is in a Veterans' Administration institution or other institution at the expense of the Veterans' Administration. (Section 1, Pub. Law 662, 79 Cong.)* (a) Where any veteran having neither wife, child, nor dependent parent is being furnished hospital treatment, institutional or domiciliary care by the Veterans' Administration other than for Hansen's disease, any pension, compensation, or retirement pay otherwise payable other than the additional allowance or increased compensation for aid and attendance shall continue without reduction until the first day of the seventh calendar month following August 1946, or the month of admission of such veteran for treatment or care, whichever is the later. If treatment or care extends beyond that period, the pension, compensation, or retirement pay, if $30 per month or less, shall continue without reduction, but if greater than $30 per month, the pension, compensation, or retirement pay shall not exceed 50 per centum of the amount otherwise payable, or $30 per month, whichever is the greater. The pension, compensation, or retirement pay of any veteran leaving against medical advice or as the result of disciplinary action shall, upon a succeeding readmission for treatment or care, be subject to reduction, as herein provided, from the date of such readmission.

(b) Where any veteran having neither wife, child nor dependent parent is being furnished hospital treatment, institutional or domiciliary care by the Veterans' Administration and shall be rated by the Veterans' Administration in accordance with regulations as being incompetent by reason of mental illness, the pension, compensation or retirement pay for such veteran shall be subject to the provisions of paragraph (a) of this section: *Provided further,* That in any case where the estate of such incompetent veteran derived from any source equals or exceeds $1,500. Further payments of such benefits will not be made until the estate is reduced to $500. Payment will be discontinued effective as of the date of admission or the first day of the month following receipt of evidence showing the estate equals or exceeds $1,500, whichever is later, or in the event of a readmission whereupon the prior admission the payments were discontinued because the veteran had an estate of $1,500, the discontinuance will be effective as of the date of the readmission, or if not so discontinued, the discontinuance will be effective the first day of the month following receipt of evidence showing the estate equals or exceeds $1,500.

(c) Any veteran subject to the provisions of paragraphs (a) and (b) of this section shall be deemed to be single and without dependents in the absence of satisfactory proof to the contrary; and in no event shall increased compensation, pension or retirement pay be granted for any period more than one year prior to the receipt of satisfactory evidence showing that the veteran has a wife, child or dependent parent. In those instances where the required proof of dependents is not of record, statements, on Form 404 or otherwise, as to dependency status, will constitute a prima facie showing thereof. The veteran will be informed of the necessary additional evidence and that in the event it is not submitted within sixty days award will be adjusted on the basis of a veteran without dependents, effective as provided in paragraph (a) of this section. (60 Stat. 908) (Secs. 1, 4, 6, 29, 48 Stat. 9, 285, 525, 57 Stat 554; 36 U. S. C. 122, 38 U. S. C. 704, 706, 727)

§ 3.1256 *Adjustment of award of veteran upon termination of institutionalization by the Veterans' Administration.* (a) Where a veteran whose pension, compensation or retirement pay has been reduced or discontinued as provided in § 3.1255 (a) is discharged from treatment or care upon certification of the officer in charge of the hospital, institution, or home, that maximum benefits have been received, or release is approved, the award to or on behalf of the veteran will be adjusted in accordance with the last valid rating, if otherwise in order, effective as of the day the veteran is discharged or released from the hospital or institution, and the award will include such additional amount as will equal the total sum by which the pension, compensation or retirement pay has been reduced; when the reduction or discontinuance has been effected pursuant to the provisions of § 3.1255 (b), payment of the amount equal to the amount by which the pension, compensation, or retirement pay was reduced, will be awarded six months following the finding of competency, or in the event treatment or care is terminated by the veteran against medical advice, or as the result of disciplinary action, payment of the amount by which the pension, compensation, or retirement pay was reduced will be awarded the veteran at the expiration of six months after the termination of treatment or care. Where a veteran in the last category is subsequently readmitted and continues such treatment or care until discharged upon certification by the officer in charge of the hospital, institution, or home in which treatment or care was furnished, that maximum benefits have been received or that release is approved, he shall be paid in a lump sum such additional amount as would equal the total sum by which his pension, compensation, or retirement pay has been reduced under § 3.1255 (a) subsequent to such readmission.

(b) While a veteran is on trial visit or other temporary absence from a Veterans' Administration hospital or center, no adjustment of his award by reason thereof will be made for any period of less than thirty days, inclusive of the day on which he left the institution. If the veteran is discharged without returning to the institution, the award will be adjusted in accordance with paragraph (a) of this section. The report of such absence will be made to the office having custody of the case file in accordance with effective procedure. (60 Stat. 908) (Sec. 29, 48 Stat. 525; 38 U. S. C. 706)

§ 3.1258 *Interpretation of phrase, "Is being furnished hospital treatment."* [Canceled March 4, 1947]

§ 3.1259 *Award not to be reduced when veteran is admitted to facility for examination or observation, for temporary hospitalization for the purposes of Veterans' Administration medical procedures, or for construction of dentures under Veterans' Administration medical procedures where veteran resides in immediate vicinity of facility.* [Canceled March 4, 1947]

§ 3.1265 *Reduction not authorized without reexamination.* The protection afforded by section 28, Public No. 141, 73d Congress, will not be withdrawn and compensation reduced or discontinued by reason of a new evaluation without physical examination, except that a physical examination will not be requested where there is on file a recent report that accurately reflects the current disability, is adequate for rating purposes, and meets the particular requirements of the applicable provisions of the rating schedules. A change in the combined rating incident to rerating from a temporary to a permanent basis (not involving change in the percentage evaluation of any disability) may be effected without reexamination. This requires that evaluation under the 1925 Schedule and awards based thereon in effect April 1, 1946, will be continued until change in physical or mental condition warrants amendment of the 1925 Schedule rating, at which time the rating will be under the 1945 Schedule only, as well as the award based thereon, except when a statutory award or rating under the World War Veterans' Act, 1924, as amended, as restored by Public No. 141, 73d Congress, as amended, is in order, in which event the statutory award or rating will be continued, or made in the manner provided for initial ratings under the 1945 Rating Schedule. It is to be distinctly understood that the application of the foregoing shall not result in a diminution of the compensation being paid on April 1, 1946, in any instance where the changed condition results in a greater degree of disability, whether viewed under the 1925 or 1945 Schedule. (60 Stat. 319)

§ 3.1267 *Resumption of awards discontinued under section 1, Public Law 662, 79th Congress.* Where payments to or in behalf of an incompetent beneficiary have been discontinued pursuant to the provisions of § 3.1255 (b) the award will not be reopened unless and until an accounting is received, disclosing that the estate is reduced to $500 or less, whereupon payments at the rate provided in § 3.1255 (a) will be resumed effective as of the first of the month in which the notice is received; *Provided,* That if the disabled person is discharged from the institution before the estate is reduced to $500, or it is determined that he has a dependent or dependents or for any other reason does not meet the requirements of section 1, Public Law 662, 79th Congress, the award will be re-

opened in accordance with the facts found to exist. In the computation of the $1500 or $500 limitation there will be included money belonging to the disabled person in "Funds Due Incompetent Beneficiaries," in the possession of his fiduciary, if there is one, and/or in the possession of the chief officer of the institution. (60 Stat. 908) (Secs. 4, 6, 29, 48 Stat. 9, 525, 57 Stat. 554; 38 U. S. C. 525, 704, 706, 727)

§ 3.1270 *Readjustment of awards to incompetent veterans under section 1, Public Law 662, 79th Congress.* (a) Where payments of compensation or pension were properly discontinued because the estate of the incompetent veteran equaled or exceeded $3,000 (limitation under section 202 (7)) of the World War Veterans' Act, 1924, as amended) or $1,500, as the case may be, and there exists only a claim against a defunct bank or other institution, or the entire estate is the subject of litigation or consists of investments which have an undetermined value, and there is no income to provide for clothing and other needs and comforts for the veteran, the chief attorney may permit the present guardian to submit a sworn statement setting forth the facts and estimating what the said claim or chose in action would sell for in the open market. If, based upon such showing, the chief attorney is satisfied that the value of the estate, as so determined, does not exceed $500, he will prepare a certificate to that effect and forward it to the proper adjudicating agency in the field, or the central office. Upon receipt of the certificate, the adjudicating agency will award, effective the first day of the month in which the action is taken such payments as are in order.

No change in (b) or (c).

(Secs. 4, 6, 29, 48 Stat. 9, 525; 38 U. S. C. 525, 704, 706)

§ 3.1275 *Payments to whom made.* (a) The disability pension or compensation payable to a minor or a person mentally incompetent under the pension laws, Public No. 2, 73d Congress, Public No. 78, 73d Congress, or Public No. 141, 73d Congress, or the retirement pay to which an incompetent veteran is entitled may be paid to the guardian, curator or conservator, if one is serving, or to the person otherwise legally vested with the care of the beneficiary or his estate, or when payments have been suspended or withheld from a guardian, to a person having actual custody of the minor or incompetent, in accordance with the provisions of section 21 of the World War Veterans' Act, 1924, as amended by Public No. 262, 74th Congress, subject to §§ 3.1276, 3.1310 and 3.1315. However, in any case of an incompetent veteran having no guardian, payment of compensation, pension, or retirement pay may be made in the discretion of the administrator to the wife of such veteran for the use of the veteran and his dependents. (Sec. 2, Pub. Law 144, 78th Cong.)

No change in (b).

(57 Stat. 554; 38 U. S. C. 727)

§ 3.1276 *Institutional awards.* When an incompetent or insane disabled person entitled to disability compensation, pension or retirement pay is a patient in a hospital or institution, payments on his account may be made by means of an institutional award in accordance with the following:

(a) When no guardian has been appointed or when payments to an unsatisfactory guardian have been stopped or suspended. (60 Stat. 908; 57 Stat. 554; 38 U. S. C. 727)

No change in (b) or (c).

(d) In either event, in accordance with the provisions of section 1 (B) of Public Law 662, 79th Congress, there may be paid to the chief officer in behalf of the disabled person up to but not in excess of $30, depending upon the disability rating, per month, or in the event the veteran has dependents and more is payable under his disability rating or there are funds to his credit in "Funds due incompetent beneficiaries," such additional amount as may be needed will be allowed, on the basis of a certification by the chief officer of the hospital or institution with respect to the need and the amount required and a certification by the chief attorney concerned as to the neglect or refusal of the guardian to supply necessary funds. Accordingly, in such cases there may be awarded to the chief officer of the hospital or institution (for definition of chief officer see § 3.1277) as provided in this paragraph, any amount necessary for the disabled person's comforts and desires not included in the regular support, care, treatment, and maintenance of the disabled person provided by the hospital or institution. Any benefits payable on account of the disabled person not paid to the chief officer of the institution or to the guardian or not apportioned to a dependent or dependents will be paid into the "Funds due incompetent beneficiaries." Any excess funds in the hands of the chief officer of an institution other than a Veterans' Administration hospital or center at the end of each accounting period, which he may deem unnecessary for expenditure for the benefit of a disabled person, will be returned to the Veterans' Administration or to the guardian, if one is serving. (60 Stat. 908) (57 Stat. 554; 38 U. S. C. 727)

No change in (e).

§ 3.1281 *Disappearance of incompetent veterans; payment to dependents—(a) Under § 35.01 of this chapter.* Where an incompetent veteran receiving or entitled to receive compensation under either §§ 35.011 or 35.012 of this chapter, disappears or has disappeared and for 90 days or more thereafter his whereabouts remain unknown to the members of his family and the Veterans' Administration, there will be paid to the dependents of the veteran the amounts authorized for surviving dependents under §§ 35.011 and 35.012 of this chapter, respectively, effective as of the day following the discontinuance of the veteran's award, date of veteran's disappearance, or April 1, 1935 (effective date of revision of § 35.01 of this chapter), whichever is the later; *Provided*, That in no event will the monthly amount paid to dependents hereunder exceed the amount payable to a veteran at the time of his disappearance; *Provided further*, That the amounts authorized for surviving dependents of World War veterans under § 35.011 of this chapter will be the amounts authorized by section 14 (a) and (b), Public Law 144, 78th Congress, as amended. The provisions of this paragraph are applicable only to the cases of incompetent veterans receiving or entitled to receive compensation under §§ 35.011 or 35.012 of this chapter.

(b) *Under section 8 of Public No. 304, 75th Congress.* Where an incompetent World War veteran receiving or entitled to receive compensation under Public No. 141, 73d Congress, disappears or has disappeared and for 90 days or more thereafter his whereabouts remain unknown to the members of his family and the Veterans' Administration, there will be paid to the dependents of the veteran the amount of compensation payable to dependents of deceased veterans who die from war service-connected disabilities effective as of the day following the discontinuance of the veteran's award, date of veteran's disappearance, or August 16, 1937, whichever is the later. From August 1, 1943, as provided in section 14 (c) of Public Law 144, 78th Congress, the rates for dependents will be those authorized by section 14 (a) of that act, as amended. However, in no event will the amount paid to dependents hereunder exceed the amount payable to a veteran at the time of his disappearance. (50 Stat. 660; 38 U. S. C. 727) (57 Stat. 554–560)

(c) *Preparation of awards.* Awards to dependents will be prepared in accordance with effective awards procedure and will bear the notation "Veterans Regulation No. 1 series, Part VI," where compensation is payable under §§ 35.011 or 35.012 of this chapter, or "Section 8 of Public No. 304, 75th Congress," where compensation is payable under Public No. 141, 73d Congress. Apportionment of payments shall be in accordance with § 5.2591 of this chapter.

No change in (d) or (e).

(Secs. 1, 4, 48 Stat. 8, 9, sec. 8, 50 Stat 662, 53 Stat. 1070; 38 U. S. C. 472b, 472e, 701, 704)

§ 3.1285 *Disposition of accrued amounts not paid during lifetime of dependent entitled thereto.* [Canceled March 4, 1947.]

§ 3.1286 *Determination of marital status, custody of child or children, or continuance of dependency.* When in any case wherein compensation, pension, or retirement benefits are being paid, it is deemed necessary to determine the current facts in regard to the marital status of the veteran, custody of child or children, or dependency of parent or parents, the necessary evidence will be requested and, when received, appropriate adjustment will be made in accordance with the facts disclosed pursuant to the provisions of law and the regulations and instructions based thereon. If the necessary information is not received within a reasonable time from the date of request therefor appropriate action will be taken to effect an adjustment on the basis of a single man without dependents, or through a discontinuance of benefits to the payee or payees, wife, child or children, or dependent parent or parents, as may be required by the facts. If the necessary evidence or information is thereafter received within one year from the date of request therefor, a readjustment may be made or the payment of benefits resumed, if otherwise in order, from the effective date of the adjustment or discontinuance previously necessitated by the non-receipt of the desired data. If the necessary evidence or information is not received within one year from the date of request therefor, the adjustment or resumption of payments will not be authorized prior to the date of receipt of the evidence or information. For the applicable rule in cases of institutionalization, see § 3.1255 (c).

§ 3.1296 *Concurrent payment of benefits to same person.* (a) On and after July 13, 1943, the provisions of this paragraph are applicable to all laws administered by the Veterans' Administration. Not more than one award of pension, compensation or emergency officers or regular retirement pay, shall be made concurrently to any person based on his own service. The receipt of pension or compensation by a widow, child, or parent on account of the death of any person, or receipt by any person of pension or compensation on account of his own service, shall not bar the payment of pension or compensation on account of the death or disability of any other person. Pension, compensation or retirement pay on account of his own service shall not be paid while the person is in receipt of active service pay, but the receipt of active service pay shall not bar the payment of pension or compensation on account of the death or disability of any other person. (Sec. 15, Pub. Law 144, 78th Cong.)

(b) For the purposes of § 35.012 (a) of this chapter, as amended by Public, No. 159, 75th Congress (Act of June 23, 1937), and as modified by section 304 of Public, No. 732, 75th Congress (Act of June 25, 1938), compensation shall not be paid concurrently with active duty pay or United States Employees Compensation. Where a naval reservist who is eligible for compensation is also eligible for the benefits of the United States Employees Compensation Act he shall elect which benefit he shall receive.

No change in (c).

(d) New awards of naval allowance under sections 4756 and 4757, Revised Statutes, may not be awarded concurrently with other pensions or compensation. However, this provision does not apply to a continuation of those concurrent awards of naval allowances which were in effect on July 13, 1943 (A. D. 587), nor to renewals or continuation of such prior awards. (A. D. 588) (48 Stat. 8, 9, 525; 38 U. S. C. 366, 503, 701, 704)

§ 3.1299 *Action where veteran returns to active duty status.* Compensation or pension may not be paid concurrently with the receipt of active service pay and where any person in receipt of compensation or pension returns to active duty status with any of the armed forces of the United States, or active service in the United States Coast Guard, benefits will be suspended effective the day preceding re-entrance, if known, or the date of last payment. In the latter instance the correct date on which the veteran reentered active duty status will be ascertained and a corrected Stop (or Suspended) Payment Notice, VA Form 521, or amended award then executed as of the correct date. Where a member of the organized reserves, before entering upon active duty, surrenders or relinquishes the benefit which he is receiving, a Stop (or Suspended) Payment Notice, VA Form 521, will be executed as of the date of last payment. Official information showing the date upon which the veteran actually re-entered active duty will be secured and there will be executed a corrected Stop (or Suspended) Payment Notice of amended award, whichever is in order. When it becomes necessary to discontinue payments of disability compensation, pension, or retirement pay because the veteran has re-entered active military or naval service, the representatives, including duly accredited service organization or attorney of record, will be informed by being furnished copy of the letter to the veteran notifying him of the discontinuance of payments. Payments may be resumed the day following release from active duty, provided the person is otherwise entitled. The determination of service connection upon which the award of benefits was originally made will not be disturbed. The resumption of payment of compensation as to amount, will be at a rate commensurate with the degree of disability found to exist at the time of restoration of the award. The appropriate form of the 3101 Series will be secured and the claim will be adjudicated upon a basis including the pertinent facts in the most recent period of active service. However, in instances where veterans of the military or naval forces also served during the present war and are discharged by reasons other than disability, such as to accept employment in an essential war industry, any examination indicated with reference to the condition for which disability benefits were formerly authorized may be conducted immediately upon presentation of the original discharge certificate. An effort should be made to see that the examination is completed by the time pertinent service data is received, and final adjudication should then be accomplished. A certified copy or abstract of the veteran's discharge certificate will be made and placed in the case file and the original certificate returned to the veteran. If a disability is incurred or aggravated in the second period of service, the benefits payable on account thereof cannot be paid unless a claim therefor is filed. (See § 2.1027 of this chapter.) (48 Stat. 9, 57 Stat. 554–560; 38 U. S. C. 707)

§ 3.1300 *Military and naval retirement pay.* Under existing law, the only prohibitions against receipt of pension, compensation, emergency officers or regular retirement pay by a veteran on account of his own service are: (a) That not more than one award of such benefits shall be made concurrently, and (b) that such benefits shall not be paid while the person is in receipt of active service pay. (See § 3.1296 of this chapter.) Therefore, an officer or enlisted man entitled to retirement with pay (retainer pay is in the nature of reduced retirement pay—A. D. 656), who is also entitled to compensation or pension, may elect which of the benefits he desires to receive. Such election does not bar him from making a subsequent election of the other benefit to which he is entitled. The provisions of section 212, Public No. 212, 72d Congress, as amended, do not apply to compensation or pension, and do not in any way preclude such election. (A. D. 671) This interpretation may be applied retroactively if the claimant was not advised of his rights of election and the effect thereof, but in no event prior to July 13, 1943. Moreover, any person in receipt of regular retirement pay may by filing with the department by which such retired pay is paid a waiver of a part of such retired pay, equal in amount to the pension or compensation to which he is otherwise entitled, receive such pension or compensation concurrently with the balance of his retired pay. (Pub. Law 314, 78th Cong.) However, such a retired person, who on the day of his retirement elected under section 212, Public No. 212, 72d Congress, to take the salary of his civilian office rather than the retired pay to which he would have been entitled but for his appointment to the civilian office, may not receive pension or compensation under Public Law 314, 78th Congress. (A. D. 651) (See Veterans' Administration adjudication procedure) (52 Stat. 1175–1186, 55 Stat. 395; 38 U. S. C. 26b, 853–856)

§ 3.1302 *Right of election.* Where a person has a right to benefits under two or more laws, he may elect to take under any law, regardless of whether it is the greater or lesser benefit, and even though his election results in reducing the benefits of his dependents. Any person who elects to receive monetary benefits under any law, places the right under another law in suspense and may at any time, on election, cause the suspension to be lifted by again electing monetary benefits under the other law.

§ 3.1303 *Right of election between disability compensation or pension and emergency officers retirement pay.* [Canceled March 4, 1947.]

APPORTIONMENTS

§ 3.1310 *Apportionments authorized.* Disability pension, disability compensation, emergency officers retirement pay, and on and after October 17, 1940, service pension and pension for service prior to April 21, 1898, amounting to more than $30 monthly, will be apportioned according to the table provided in § 3.1311, except where otherwise authorized or provided herein.

No change in (a), (b) or (c).

(d) In those cases where an incompetent veteran with a wife, child, or dependent parent, and for whom no guardian or other legal fiduciary has been appointed, is maintained in an institution by the United States or a polit-

ical subdivision thereof, the disability pension payable under § 35.013 of this chapter, unless paid in the discretion of the Administrator to the wife of such veteran for the use of the veteran and his dependents, will be apportioned, if otherwise in order, in accordance with the schedule set out below. Prior to authorizing an apportionment of disability pension as provided herein adequate development will be accomplished for the purpose of determining the need therefor and evidence to establish the marital status, relationship, and dependency in the case of a parent, will be secured. In any case where there is doubt as to the propriety of the contemplated action or where, after all feasibly available evidence is secured, there is doubt as to the marital status or relationship, the case will be submitted, together with a full statement of the pertinent facts, to the director, claims service, branch office, for an advisory opinion or such other action as may be deemed appropriate.

Where there is (are):		
A wife but no child or where all children are in her custody.	Portion to wife	$50.40 monthly.
A child but no wife	Portion to child	$39.60 monthly.
Two or more children but no wife	Portion to children (to be divided equally between them).	$50.40 monthly.
A dependent parent but no wife or child.	Portion for parent	$39.60 monthly.
Two dependent parents but no wife or child.	Portion for parents (to be divided equally between them).	$50.40 monthly.

Any increase in pension by reason of the veteran having attained the age of sixty-five or having been rated permanently and totally disabled and in receipt of pension for a continuous period of ten years or more will be added to the amount allowed the dependents as hereinabove described. There will be paid to the manager, if a Veterans' Administration hospital or center, or such other proper official in charge of the institution any sum remaining unawarded. When the apportionments provided herein are believed to work a hardship upon one or more parties in interest, recourse then may be had to the provisions of § 3.1315 for a special apportionment under the approved procedure relating thereto.

Running awards not consistent with the foregoing provisions will not be automatically reviewed for such purpose but will be adjusted when the particular case otherwise requires award action. (57 Stat. 554, 59 Stat. 623, 60 Stat. 908)

No change in (e).

(Sec. 4, 48 Stat. 9, 509, 54 Stat. 1193, 57 Stat. 43, 58 Stat. 230; 38 U. S. C. 701, 704, 38 U. S. C. A., Ch. 12 note)

§ 3.1311 *Table of apportionments.* No change in (a).

(b) When the wife is living separate and apart from the disabled person, and the child or children are living with her and the wife is entitled to an apportioned share of disability compensation, service pension or emergency officers retirement pay, both on account of herself and the child or children, the benefit as provided in paragraph (a) of this section above will be paid to the wife in one monthly amount on account of herself and such child or children in her custody. (54 Stat. 1193)

(c) Where the evidence of record shows that the veteran and his wife are separated, the whereabouts of the wife is unknown, and all reasonable means to locate the wife have been unsuccessful or where she states in writing that she desires no share of the award, or fails for 90 days or more to respond to correspondence from the Veterans' Administration informing her of her rights, which is not returned unclaimed, there will be no apportionment on her account unless the rating is on a temporary basis, in which event there will be reserved for the wife only that amount authorized by the World War Veterans' Act, 1924, as amended, as reenacted by Public No. 141, 73d Congress, to be paid on her account at such time as her whereabouts may be ascertained. If there are children not in the veteran's custody the award will be apportioned according to the table provided in paragraph (a) of this section on the basis of the disabled person and child or children until such time as the whereabouts of the wife may be ascertained or she expresses a desire to claim her share of the award. In such event the award will be reapportioned on the basis of the disabled person, wife and child or children.

(d) If and while a claimant is rated temporarily disabled, that part of the benefit which is payable to him by virtue of his having a dependent father or mother, or both, will be apportioned and paid directly to the dependent when it appears that the claimant has neglected or refused to contribute to his, her, or their support in substantially the amount which he, she, or they would receive if apportionment were made: *Provided*, That no apportionment will be made where the duly appointed guardian under orders of the court of appointment makes or has made like contribution for the support of the parent or parents. (Sec. 1 (B), Pub. Law 662, 79th Cong.) (59 Stat. 623, 60 Stat. 908) (Sec. 4, 48 Stat. 9, 57 Stat. 43; 38 U. S. C. 701, 704)

(e) [Canceled March 4, 1947.]

§ 3.1312 *Apportionment not authorized.* No change in (a), (b), (c) or (d).

(e) Under § 3.1310 of this chapter, where the monetary benefit payable is $30 monthly, or less. (60 Stat. 908)

No change in (f), (g) or (h).

(Sec. 4, 48 Stat. 9; 38 U. S. C. 704)

§ 3.1315 *Special apportionments.* Where it is clearly shown by competent evidence that the application of the provisions of §§ 3.1276, 3.1310 and 3.1311, or the fact that no apportionment is authorized under § 3.1312, will result in undue hardship upon the disabled person or any one of his dependents and relief can be afforded without undue hardship to the other persons in interest, the complete case file will be forwarded by the authorization officer or the attorney reviewer with appropriate recommendation as to the exact manner of the proposed relief, to the adjudication officer, assistant adjudication officer, or the chief, or assistant chief, claims division, who will determine without regard to the provisions of §§ 3.1276, 3.1310, 3.1311 and 3.1312, the disability pension, service pension, disability compensation or emergency officers retirement pay, which will be apportioned and the exact amount to be apportioned to each individual in interest. Should an appeal from such apportionment be received the case file will be referred to the adjudication officer, assistant adjudication officer, or the chief, or assistant chief, claims division, in order that the special apportionment from which the appeal is taken may be reconsidered in the light of any additional evidence developed in connection with the appeal. When it is found that no change is warranted, VA Form P–8d, properly prepared, will be approved. Thereafter regular appellate procedure will be for application. (Veterans' Administration Board of Veterans' Appeals procedure) (59 Stat. 623) (Sec. 4, 48 Stat. 9, 54 Stat. 1193, 57 Stat. 554, 38 U. S. C. 704, 727)

§ 3.1317 *Discontinuance of apportionments; effective dates.* Where disability pension, disability compensation, service pension or emergency officers retirement pay is apportioned between the veteran and his dependents and payments have been or are being made to the dependents subsequent to the date of cessation of the condition on which it is predicated, the effective date of discontinuance of the apportioned benefit to the dependent shall be the date of last payment and the award to the veteran will be adjusted accordingly; except that in the event of death, the date of death; divorce, the date preceding the date of divorce; in the case of a child, the date preceding the eighteenth, or twenty-first birthday, or cessation of school attendance, or the date preceding the date of marriage, will be the effective date. Where a minor child of a disabled person being paid apportioned disability compensation, pension or emergency officers retirement pay enters the active military or naval service, such apportioned award will be discontinued as of the date of last payment and, effective as of the next day, such child's apportioned share will be added to the disability compensation, pension or emergency officers retirement pay otherwise payable to the veteran. Where the estranged wife of a disabled veteran is receiving apportioned disability compensation, pension or emergency officers retirement pay in behalf of herself and a minor child and such minor child enters the active military or naval service, the apportioned share for the estranged wife will be continued in the same amount as was payable prior to the child's entry into active service, such increased amount to continue during the child's minority or until the cessation of the condition upon which the apportionment was made. The provisions of the two sentences immediately above are also for application when retirement pay under section 5, Public No. 18, 76th Congress, is apportioned while the veteran is being furnished hospital treatment, institutional or domiciliary care by the United States or any political subdivision thereof. (A. D. 599) (59 Stat. 623) (Sec. 4, 48 Stat. 9, 54 Stat. 1193, 1195, 57 Stat. 554; 38 U. S. C. 49a, 704, 727)

ADJUDICATION UNDER PRIOR LEGISLATION

§ 3.1341 *Rating decisions made and signed prior to March 20, 1933.* Where original claims and claims for increase of pension, compensation, or emergency officers retirement pay, filed prior to March 20, 1933, a favorable rating decision predicated upon the proofs and evidence received by the Veterans' Administration prior to March 20, 1933, has been signed, monetary benefits authorized by such decision may be awarded and paid in accordance with the provisions of such prior laws and the Veterans' Administration issues applicable. (Public No. 78, 73d Congress) (Sec. 20, 48 Stat. 309; 38 U. S. C. 722)

§ 3.1342 *Rating decisions made subsequent to March 20, 1933, but based on evidence received prior to March 20, 1933.* Original claims and claims for increase of pension, compensation or emergency officers retirement pay filed prior to March 20, 1933, may be adjudicated on the proofs and evidence received by the Veterans' Administration prior to March 20, 1933, and monetary benefits awarded and paid in accordance with the provisions of such prior legislation and the Veterans' Administration issues applicable. The condition that a claim may be adjudicated on the "proofs and evidence" received by the Veterans' Administration prior to March 20, 1933, will be met when there was filed with the Veterans' Administration prior to March 20, 1933, proofs and evidence establishing prima facie entitlement to the benefits sought. The condition of law that proofs and evidence necessary to the adjudication of a claim must have been received by the Veterans' Administration prior to March 20, 1933, will be considered as having been met when the only evidence lacking on March 20, 1933, was such as the following, provided that such evidence is of record at the time of the adjudication of the claim:

(a) Letters testamentary, letters of administration, and letters of guardianship.

(b) See § 3.1347.

(c) Official records from the War or Navy Department.

(d) Where an award has been approved and payments of compensation were commenced prior to March 20, 1933, any apportioned or additional compensation withheld pending the receipt of necessary evidence such as proof of relationship may be awarded to the veteran or to the dependents even though such evidence is received after March 20, 1933. However, only one adjudicative action and one appeal may be taken in this class of case. (Public No. 78, 73d Cong.)

§ 3.1347 *Clarifying evidence.* In claims under §§ 3.1341, 3,1342 and 3.1343 where additional evidence is required for the purpose of inquiring into the veracity of a witness or the authenticity of the documentary evidence, the additional evidence may be obtained after March 20, 1933, if the evidence necessary to establish entitlement to the benefits sought was received prior to March 20, 1933. However, any evidence essential to the allowance of the claim or to enlarge the proofs and evidence on file prior to March 20, 1933, may not be considered if not received prior to that date. (A. D. 165) Documentary or other specific proof of relationship or other fact shown prima facie in the record prior to March 20, 1933, received on or after that date will be deemed to constitute an enlargement of the proofs and evidence on file prior to March 20, 1933.

EMERGENCY OFFICERS RETIREMENT CLAIMS

§ 3.1350 *Adjudication of benefits in emergency officers retirement claims.* After a determination as to entitlement or non-entitlement is made by the board of veterans appeals, and after the approval of the necessary award action by the claims division, veterans claims service, claims for emergency officers retirement will be decentralized to the proper regional office or center, except where jurisdiction is vested in central office as provided in § 4.2025 of this chapter, and will thereafter be adjudicated by the adjudication division in the field offices for the purpose of awarding or apportioning emergency officers retirement payments, pension, or compensation; *Provided*, That where denial is made by the board of veterans appeals in its capacity as a body of original jurisdiction in claims for emergency officers retirement pay, decentralization will be effected upon the expiration of a period of one year from the date on which notice of the decision is dispatched to the claimant, if in the meantime an appeal is not filed; and *Provided, further*, That where denial is made by the board of veterans appeals on appeal, decentralization will be withheld for a period of six months from the date on which notice of the decision is sent to the claimant. Payment Card, VA Finance Form 1071, will be retained in central office. (48 Stat. 8)

§ 3.1352 *Protection afforded benefits being paid on March 20, 1933—Payments not limited to $360 per month.* The phrase "entitled to continue to receive retirement pay at the monthly rate now being paid him" contained in section 10, Title I, Public No. 2, 73d Congress, and § 35.05 of this chapter, does not include the additional allowance for nurse or attendant which was being paid the retired officer on March 20, 1933, since such allowance was not a part of the retirement pay. Section 28, Public No. 141, 73d Congress, was not intended nor designed to protect an award for a nurse or attendant to those retired officers who continued to receive retirement pay under section 10, Title I, Public No. 2, 73d Congress. Any retired emergency officer in receipt of retired pay on March 20, 1933, will be deemed to have been in receipt of compensation or pension. That part of Public No. 2, 73d Congress, as amended, providing $360 as the maximum rate of compensation which may be paid for disability, has no application to emergency officers retirement payments. (A. D. 158, 260)

CROSS REFERENCE: Right of election between emergency officers retirement pay, compensation and pension. See § 3.1300.

§ 3.1355 *Physical examinations on emergency officers retirement claims.* Physical examinations in connection with emergency officers retirement claims will be made only upon central office request initiated by the chairman, board of veterans appeals, and communicated to the field station concerned by the chief medical director, department of medicine and surgery: *Provided*, That physical examinations for compensation or pension benefits will be authorized by the adjudication agency having jurisdiction of the claim. (48 Stat. 8)

§ 3.1358 *Public No. 212, 72d Congress, as amended.* No change in (a).

(b) Amounts received by Government employees as overtime compensation or additional compensation under Public Law 49, 78th Congress, or amounts payable under Public Laws 106 and 390, 79th Congress, other than increases in basic rates of compensation, which the act expressly provides shall be considered a part of basic compensation, shall not be considered in determining the amount of a person's annual income or annual rate of compensation for the purposes of section 212, Public No. 212, 72d Congress, as amended. (57 Stat. 75, 59 Stat. 295, 60 Stat. 216.)

(c) A veteran whose emergency officers retirement pay was suspended by reason of this act is entitled to benefits provided by Public Nos. 2 and 141, 73d Congress, without the necessity of filing a new claim, *Provided, however*, That if he has rights to continuation of emergency officers retirement pay under Public No. 2, 73d Congress, he cannot receive other benefits without a specific election.

(R. S. 471, sec. 5, 43 Stat. 608, secs. 1, 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. 2, 11, 11a, 426, 707; interpret secs. 1, 2, 45 Stat. 735, 736, sec. 10, 48 Stat. 10; 38 U. S. C. 581, 582, 710) Statutes giving special authority are cited in parentheses at the end of affected sections.

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

Subchapter B—Regulations

PART 21—INTERNATIONAL POSTAL SERVICE

GENERAL PROVISIONS POSTAL UNION (REGULAR) MAILS

Insert new § 21.34a to read as follows:

§ 21.34a *Overcharges on international mail matter.* (a) All applications under

the provisions of the law cited in § 6.19 of this chapter for the refund of postage paid on international ordinary, registered, insured, and collect-on-delivery mail returned to sender without service having been rendered shall be addressed to the Second Assistant Postmaster General, International Postal Transport, Washington 25, D. C., accompanied with a full statement of the basis for the refund application. When possible, the portion of the envelope or wrapper showing the names and addresses of the sender and addressee, date of mailing, the amount of postage and fees (if any) paid, Form 2922 in the case of parcel post, and all postal endorsements, particularly the reason for the return of the mail matter, shall be submitted with the application for refund. Postmasters shall not make refunds until instructed by the Department.

(b) The Second Assistant Postmaster General, International Postal Transport, may on requests therefor authorize refunds of fees collected for international return receipts when such receipts or their equivalent are not obtained because of some fault of the Postal Service; and may also authorize refunds of fees for inquiries or complaints, when they were caused by some irregularity of the Postal Service, in connection with international ordinary, registered, insured, or collect-on-delivery mail.

NOTE: Requests for refunds of fees for registration or insurance or for amounts of less than 10 cents will not be considered.

(c) Upon receipt of instructions to make a refund a postmaster shall pay the amount authorized out of the postal receipts in his possession and shall require the person to whom the payment is made to give a receipt therefor in duplicate on a Form 2995 furnished by the Department, which will accompany the Department's instructions. Offices at which Treasury checking accounts for payment of miscellaneous expenditures have been authorized may show the Treasury check number on voucher Form 2995 in lieu of the signature of the payee. The "original" receipt shall be sent promptly to the Second Assistant Postmaster General, International Postal Transport, in the case of all international mail, ordinary, registered, insured and collect-on-delivery; the "duplicate" shall be retained in the post-office files.

(d) All refunds of postage at offices at which Treasury checking accounts for payment of miscellaneous expenditures have been authorized shall be made by Treasury check; at other offices, they shall be made on the basis of cash payments and the receipt of the payee secured on the voucher. Payments should not be made partly by Treasury check and partly on a cash basis. Care should be exercised to see that the name of the payee is shown on the voucher in each case.

(e) Credit for the amount of the refund shall be claimed by the postmaster in the postal account for the quarter in which refund was made. (Sec. 2, 33 Stat. 1091; 39 U. S. C. 300)

PART 21—INTERNATIONAL POSTAL SERVICE

SERVICE TO FOREIGN COUNTRIES

The regulations under the country "Germany" (39 CFR, Part 21, Subpart B—Service to Foreign Countries), as amended (11 F. R. 14517; 12 F. R. 706), are further amended by the additional regulations:

Effective at once, non-commercial printed matter up to a weight limit of 4 pounds 6 ounces, when sent as gifts, may be accepted for mailing to the United States and British Zones of Germany, excluding Berlin.

The term "non-commercial printed matter" may be interpreted as referring to newspapers, news and fashion magazines, books on any subject, sheet music, and periodicals devoted to special fields of interest such as art, medicine, literature, and similar subjects. Individuals in the United States may direct publishers to mail gift printed matter. It is not permissible, however, to send mail-order catalogues, or other printed matter of a commercial nature.

The covers or wrappers of printed matter addressed to the American and British Zones of Germany must be plainly marked "Non-commercial printed matter", and a list of the articles enclosed must be plainly endorsed on or securely attached to the cover.

PART 21—INTERNATIONAL POSTAL SERVICE

SERVICE TO FOREIGN COUNTRIES; ALPHABETICAL LIST

The regulations under the country "Germany" (39 CFR, Part 21, Subpart B—Service to Foreign Countries), as amended (12 F. R. 706), is further amended as follows:

1. Change first sentence of paragraph (a) (12 F. R. 706) to read:

Restricted resumption of mail service to all of Germany. (a) Effective at once ordinary letters weighing not in excess of one pound and non-illustrated post cards may be accepted for transmission either by surface means or air to all of Germany.

2. Change item "Air mail ------ 30 cents half ounce" in paragraph (f) (12 F. R. 706) to read "air mail ------ 15 cents half ounce."

(R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369)

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[Docket No. 3666]

PARTS 71–85—TRANSPORTATION OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

MISCELLANEOUS AMENDMENTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 25th day of February 1947.

It appearing that pursuant to section 233 of the Transportation of Explosives Act approved March 4, 1921 (41 Stat. 1445), and Part II of the Interstate Commerce Act, the Commission has formulated and published certain regulations for transportation of explosives and other dangerous articles;

It further appearing, that in application received we are asked to amend the aforesaid regulations as set forth in provisions made part hereof;

It is ordered, That the aforesaid regulations for transportation of explosives and other dangerous articles be, and are hereby, amended as follows:

APPENDIX TO PART 3—SHIPPING CONTAINER SPECIFICATIONS

Superseding and amending paragraph 22, Specification 4B (*Alloy steel cylinders*), order December 18, 1941, to read as follows:

22. *Additional type.* Cylinders without longitudinal welded seam when made for service pressure at least 240 pounds to not over 500 pounds per square inch are authorized provided the cylinders are made of steel approved by the Bureau of Explosives as suitable for use in the fabrication of this additional type of cylinder and the cylinders comply with this specification with exceptions and additional requirements as follows:

(a) *Exceptions.* (1) Yield point not over 75 percent of tensile strength is acceptable.

(2) Wall thickness is acceptable, subject to the additional requirement specified in paragraph 22 (b) (1), as follows:

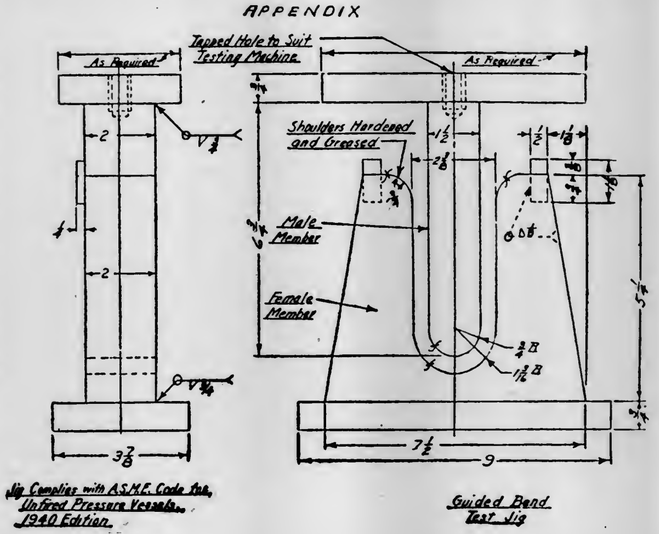
Inside diameter of cylinder (inches):	*Minimum wall thickness* (inch)*
15 or less	0.087
over 15 to 16	.092
over 16	.100

*Excluding galvanizing or other protective coating.

(3) Elongation percentages as prescribed in paragraph 16 (a) may be reduced by 2 percent for 2-inch specimens, and 1 percent in other cases, for each 7,500 pounds per square inch increment of tensile strength above 50,000 pounds per square inch up to the maximum of 80,000 pounds per square inch.

(b) *Additional requirements.* (1) Wall stress at test pressure, as calculated under paragraph 9 (b), must not exceed 50 percent of the minimum tensile strength of the steel.

(2) Ratio of length of cylinder to its diameter must not exceed 3.5 when wall thickness is less than 0.100 inch.



(3) Each cylinder, except when braced throughout, must be thermally stress relieved after all welding operations have been completed and prior to the hydrostatic test.

(4) Weld test specimens must be cut from one cylinder taken at random from each lot of 200 or less cylinders after stress relieving as prescribed and must pass satisfactorily the following tests:

(i) *Tensile test.* Without preparation other than finishing the edges parallel for a distance of approximately 2 inches on each side of the weld, the specimen must be fractured in a tensile test; the unit breaking load must be at least equal to the minimum unit breaking load in the tensile tests made under the requirements of paragraph 15.

(ii) *Guided bend test.* A specimen 1½ inches wide, on which the edges have been machined parallel and rounded with a file, but without other preparation, shall be bent to refusal in the guided bend jig shown in the drawing as an appendix attachment made part hereof. The root of the weld (inside surface of cylinder) shall be located away

APPENDIX

from the ram of the jig. Any specimen which shows a crack exceeding ⅛ inch in any direction upon completion of the test shall be considered unsatisfactory.

(5) All markings must be applied on a plate of ferrous material attached to the top of the cylinder or permanent part thereof: sufficient space must be left on the plate to provide for stamping at least six retest dates; the plate must not be attached to the side wall of the cylinders; the plate must be at least $\frac{1}{16}$ inch thick and it must be attached by welding, or by brazing at a temperature of at least 1400° F. throughout all edges of the plate: *Provided*, That marks may be stamped into the metal of top heads having a thickness of not less than 0.087 inch or the valve boss or valve protecting sleeve or similar part permanently attached to the top end of the cylinder: *Provided further*, That marks other than those prescribed in paragraph 19 may be stamped into the foot ring. Stamping of letters, figures or other marks into the metal of the cylinder for any purpose whatever, except as above authorized, is expressly prohibited. The mark prescribed in paragraph 19 (a) must be as follows: ICC–4B***; stars to be replaced by the service pressure and followed by the letter X (for example ICC–240X, etc.).

(6) Reports of manufacture shall include percentage of each alloying element in the steel and shall state that the cylinders are made under the provisions of paragraph 22 of this specification.

(7) Carbon content of steel must not exceed 0.20 percent.

It is further ordered, That the aforesaid regulations as further amended herein shall be and remain in full force and effect on and after May 25th, 1947, and shall be observed until further order of the Commission;

It is further ordered, That compliance with the aforesaid regulations, as amended, made effective by this order, is hereby authorized on and after date of service hereof;

And it is further ordered, That copies of this order be served upon all parties of record herein, and that notice shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of Federal Register.

PART 95—CAR SERVICE

DEMURRAGE CHARGES ON CLOSED BOX CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 4th day of March A. D. 1947.

Upon further consideration of Service Order No. 369 (10 F. R. 14030), as amended (10 F. R. 15073; 11 F. R. 639, 2383, 7857, 8453, 10504, 11013, 14522), and good cause appearing therefor, it is ordered, that:

Section 95.369 *Demurrage charges on closed box cars*, of Service Order No. 369, as amended, be, and it is hereby, further amended by substituting the following paragraph (c) (3) for paragraph (c) (3) thereof:

(c) *Application.* * * *

(3) *Export, import, coastwise or intercoastal traffic.* Import, export, coastwise or intercoastal traffic is subject to this section.

It is further ordered, that this amendment shall become effective at 7:00 a. m., March 15, 1947, and the provisions of this amendment shall apply only to cars on which the free time expires on or after the effective date hereof.

It is further ordered, that a copy of this order and direction shall be served upon each State railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 95—CAR SERVICE

DEMURRAGE CHARGES ON GONDOLA, OPEN AND COVERED HOPPER CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 4th day of March A. D. 1947.

Upon further consideration of Service Order No. 653 (11 F. R. 14572), as amended (12 F. R. 128), and good cause appearing therefor, it is ordered, that:

Section 95.653 *Demurrage charges on gondola, open and covered hopper cars*, of Service Order No. 653, as amended, be, and it is hereby, further amended by substituting the following paragraph (c) (3) for paragraph (c) (3) thereof:

(c) *Application.* * * *

(3) *Export, import, coastwise or intercoastal traffic.* Except as shown below, import, export, coastwise or intercoastal traffic is subject to this section.

Exemptions. Import, export, coastwise or intercoastal coal, bulk grain or explosives traffic, during the period such traffic is held in cars at ports for transfer to or from vessels or held at United States-Canadian border crossings, is not subject to this section.

It is further ordered, that this amendment shall become effective at 7:00 a. m., March 15, 1947, and the provisions of this amendment shall apply only to cars on which the free time expires on or after the effective date hereof.

It is further ordered, that a copy of this order and direction be served upon each State railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

EVAPORATED MILK

NOTICE OF PROPOSAL TO TERMINATE MARKETING AGREEMENT AND LICENSE FOR EVAPORATED MILK INDUSTRY

Pursuant to section 4 (a) of the Administrative Procedure Act, approved June 11, 1946 (Public Law 404, 79th Cong.) and the authority contained in section 8, Part II, Title I of Act No. 10, 73d Cong. (48 Stat. 34) as amended, and Article XIII of the marketing agreement (Agreement No. 60)[1] for the evaporated milk industry, notice is hereby given that the Secretary of Agriculture is considering a proposal to terminate the aforesaid marketing agreement which was approved and executed by the Secretary of Agriculture May 31, 1935, and the license (License No. 100)[1] for the evaporated milk industry issued by the Secretary of Agriculture May 31, 1935, which licensed certain persons therein described to engage in the marketing in the current of interstate or foreign commerce of evaporated milk, subject to certain terms and conditions stated therein.

All persons who desire to submit written data, views, or arguments in connection with the proposed termination of the aforesaid marketing agreement and license may do so by filing the same in quadruplicate with the Hearing Clerk, Office of the Solicitor, Room 0306, South Building, United States Department of Agriculture, Washington 25, D. C., within 30 days from the date of publication of this notice in the FEDERAL REGISTER.

[1] Not filed with the Division of the Federal Register.

Issued this 4th day of March 1947.

[Docket AO 14-A-14]

HANDLING OF MILK IN GREATER BOSTON, MASS., MARKETING AREA

NOTICE OF HEARINGS ON PROPOSED AMENDMENTS TO TENTATIVELY APPROVED MARKETING AGREEMENTS

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and in accordance with the applicable rules of practice and procedure, as amended (7 CFR, Cum. Supp., 900.1 et seq., 10 F. R. 11791, 11 F. R. 7737, 12 F. R. 1159), notice is hereby given of a hearing to be held at the City Hall Auditorium, Burlington, Vermont, beginning at 10:00 a. m., e. s. t., March 14, 1947, and at Court Room No. 5, Federal Court Building, Post Office Square, Boston, Massachusetts, beginning at 10:00 a. m., e. s. t., March 17, 1947, for the purpose of receiving evidence with respect to the proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the Greater Boston, Massachusetts milk marketing area. The proposals to delete the present formula method of computing Class I prices or to modify such formula by fixing minimum prices below which the formula prices may not go during specified months raise the question of whether the formula method will operate more satisfactorily to maintain Class I prices at a level which will be consistent with the standards set forth in the act if some or all of the price factors contained in the formula are changed. Similarly, the proposals to change the skim milk value and to revise the special adjustments for butter, cheese, and casein, raise questions concerning the appropriate level of all Class II prices and of all the factors used in the computation of such prices. Evidence with respect to these questions will also be received at the hearing. These proposed amendments have not received the approval of the Secretary of Agriculture.

The proposed amendments with respect to which evidence will be received are as follows:

Proposed by E. M. Dwyer:

1. Amend § 904.3 (a) (8) to read as follows:

(8) The term "Producer-handler" means any handler who receives milk of his own production from no farm located more than 80 miles from the State House in Boston and has no receipts from other producers except producer-handlers.

Proposed by the market administrator:

2. Amend § 904.3 (a) (14) by deleting the words "and from plants designated as pool plants under the New York order (Order No. 27, regulating the handling of milk in the New York metropolitan marketing area)."

3. Revise § 904.3 (a) (15) to read as follows:

(15) The term "emergency milk" means that milk received at a regulated plant during an emergency period from a plant which, in the delivery period or in the portion of a delivery period which immediately preceded the beginning of the emergency period was any nonpool plant other than the plant of a producer-handler or a regulated plant at which the sole source of milk supply consisted of receipts from other handlers.

Proposed by Bellows Falls Cooperative Creamery, Inc., Bethel Cooperative Creamery, Inc., Cabot Farmers Cooperative Creamery Company, Inc., Grand Isle County Cooperative Creamery Association, Inc., Granite City Cooperative Creamery Association, Inc., Maine Dairymen's Association, Inc., Manchester Dairy System, Inc., Milton Cooperative Dairy Corporation, New England Dairies, Inc., New England Milk Producers' Association, Northern Farms Cooperative, Inc., St. Albans Cooperative Creamery, Inc., Shelburne Cooperative Creamery Company, United Farmers Cooperative Creamery Association, Inc., and Vermont Cooperative Creamery, Inc.:

4. Amend § 904.6 (a) (1) by deleting the words "from the effective date hereof through February 1947 the price shall not be less than $5.21 per hundredweight;" and substituting therefor the following: "prices by delivery periods shall not be less than the following:

March, April 1947	$5.21
May, June 1947	4.33
July–September 1947	4.77
September 1947–April 1948	5.21

Proposed by Northern Farms Cooperative, Inc., and Maine Dairymen's Association, Inc.:

5. Amend § 904.6 (a) (1) (iv) by adding the following proviso: *"Provided, however*, That during the year 1947 the Class I price shall not be less than the following: during the months of March and April, $5.21 per hundredweight; during the months of May and June, $4.33 per hundredweight; during the months of July, August, and September, $4.77 per hundredweight; during the months of October, November, December, and January, 1948, $5.21 per hundredweight."

Proposed by Independent Cooperative Association, Inc. and Eastern New York Dairy Cooperative Association, Inc.:

6. Delete § 904.6 (a) (1) and substitute therefor language which provide for a minimum Class I price per hundredweight as follows:

March through June 1947	$4.77
July through October 1947	5.21
November 1947 through January 1948	5.65

Proposed by Vermont Cooperative Creamery, Inc.:

7. Amend § 904.6 (a) (1) to provide for a Class I price of $4.77 per hundredweight in May and June.

8. Provide that 44 cents be placed in a seasonal adjustment fund which would be added one-half to the November pool and one-half to the December pool.

9. Provide that in 1948 and succeeding years the Class I price in April, May and June be held at a 44-cent per hundredweight higher level than it would otherwise be, and that the extra 44 cents be retained in a seasonal adjustment fund and distributed in equal amounts in the October, November, and December pools.

Proposed by David Buttrick Company, H. P. Hood & Sons, Inc., Whiting Milk Company, White Brothers Milk Company, and Lyndonville Creamery Association:

10. Amend § 904.6 (b) (3) by deleting the language up to but not including the table and substituting therefor the following:

(3) Compute and plus amount for the skim milk value as follows:

(i) Compute a price for human food products for the delivery period by averaging all of the wholesale price quotations (using the midpoint in any range as one quotation, published during the period for roller process nonfat dry milk solids in "The Producers' Price Current" under the heading of "other brands, human consumption, carlots, bags or barrels:" *Provided*, That if no such quotations or only nominal quotations are published during the delivery period or if the administrator finds that such quotations as are published are higher than prices received by Boston pool handlers during the period, such administrator shall estimate and use in lieu thereof a comparable price for human consumption roller process nonfat dry milk solids f. o. b. New York in carlots, other brands, using as the basis for such estimate market trends since the previous month, price quotations for known brands, prices reported by other agencies for New York or other markets, and prices actually received by Boston pool handlers for sales during the period.

(ii) Compute a price for animal feed products for the delivery period by averaging all of the wholesale price quotations (using the midpoint in any range as one quotation) published during the period for roller process dry skim milk for animal feed in "The Producers' Price Current" under the heading of "other brands, animal feed, carlots, bags or barrels:" *Provided*, That if no such quotations or only nominal quotations are published during the period or if the market administrator finds that such quotations as are published are higher than prices received by Boston pool handlers during the period, such administrator shall estimate and use in lieu thereof a comparable price for roller process dry skim milk for animal feed, f. o. b. New York in carlots, other brands, using as the basis for such estimate market trends since the previous month, price quotations for known brands, prices reported by other agencies for New York

or other markets, and prices actually received by Boston pool handlers for sales during the period.

(iii) Multiply the prices computed in subdivisions (i) and (ii) of this subparagraph by the applicable percentage indicated for the delivery period in the following table, combine the results, subtract 4 cents, and multiply the remainder by 7.5:

Proposed by Independent Cooperative Association, Inc., and Eastern New York Dairy Cooperative Association, Inc.:

11. Revise § 904.6 (b) (3) so that for the year round the skim milk value is based entirely on nonfat dry milk solids, roller process human food products in barrels as published by the United States Department of Agriculture for New York.

Proposed by Bethel Cooperative Creamery, Inc., Cabot Farmers Cooperative Creamery, Inc., Grand Isle County Cooperative Creamery, Inc., Granite City Cooperative Creamery, Inc., Milton Cooperative Dairy Corporation, New England Dairies, Inc., United Farmers Cooperative Creamery Association, Inc., and Shelburne Cooperative Creamery Company:

12. Amend § 904.6 (b) (3) by deleting the table of varying percentages and providing a computation which is a simple average of nonfat dry milk solids for roller process human food products and for hot roller process animal feed products, and by substituting for published price quotations now used, other quotations which more nearly reflect actual market conditions for dairy products in the Boston milk shed.

Proposed by David Buttrick Company, H. P. Hood & Sons, Inc., Whiting Milk Company, and White Brothers Milk Company:

13. Amend § 904.6 (c) by adding the following proviso as a part of the first sentence: *"Provided*, That the minimum price for Class II milk which is received from producers at country plants and is shipped to city plants in the form of whole fluid milk shall be subject to the differentials shown in Column B: *Provided, however*, That the quantity of Class II milk to which such differentials shall apply in any delivery period shall not exceed 6 percent of such handler's sales of Class I milk during the period: *And provided further*, That such Class II milk shall be considered to have been received at the plants of the handler next nearest to Boston after the plant allocation of Class I milk pursuant to § 904.6 (a) (2)."

Proposed by the market administrator.

14. Delete the first sentence of § 904.6 (c) and substitute therefor the following: "The Class I, Class II, or blended price for any plant at which milk is received from producers is the respective 201–210 mile zone price plus or minus the applicable differential shown in the following table."

15. Amend § 904.6 (c) by deleting the words "New England Joint Tariff M–4" wherever they appear and substituting the words "New England Joint Tariff M–5."

16. Delete the table in § 904.6 (c) and substitute therefor the following:

(1) No differential.

Proposed by Northern Farms Cooperative, Inc. and Maine Dairyman's Association, Inc.:

17. Amend § 904.6 (e) by deleting the words "April" and "July," and by adding a proviso that, if in the months of April and July the market administrator determines that no outlet for substantial quantities of cream is available, the butter and cheese adjustment provision may be extended to cover the pertinent period in which no such outlet is available.

18. Amend § 904.6 (e) (3) to provide that a handler not be able to account for butterfat in milk received from producers at the butter price when such handler eventually utilizes that butter or equal or similar quantities of butter, regardless of where it was obtained, in ice-cream mix or other dairy products.

Proposed by Bethel Cooperative Creamery, Inc., Cabot Farmers Cooperative Creamery, Inc., Grand Isle County Cooperative Creamery, Inc., Granite City Cooperative Creamery, Inc., Milton Cooperative Dairy Corporation, New England Dairies, Inc., United Farmers Cooperative Creamery Association, Inc., and Shelburne Cooperative Creamery Company:

19. Amend § 904.6 (e) by deleting the words "April, May, June, and July" and adding a proviso in subparagraph (4) as follows: *"Provided*, That with respect to butterfat made into butter during the months of October, November, December, January, and February, the quantity of such butterfat shall be reduced by 5 percent."

20. Amend § 904.6 (e) by eliminating all reference to cheese, and provide a separate cheese adjustment with a price basis similar to that provided for Class IV–B milk under the New York order (Order No. 27, regulating the handling of milk in the New York metropolitan marketing area), such adjustment to apply to butterfat manufactured into cheese in all months of the year, and to include a 5 percent penalty provision for the months of October through February.

21. Amend § 904.6 (e) (3) by adding a proviso as follows: *"Provided*, That butterfat in butter used in the manufacture of some other dairy product shall not be eligible for the adjustment provided in this section, and the value of a handler's milk on which the adjustment has been allowed shall be increased by the amount of said adjustment to the extent that the butter which formed the basis of such adjustment is subsequently used in some other dairy product."

Proposed by Northern Farms Cooperative, Inc., and Maine Dairymen's Association, Inc.:

22. Delete § 904.6 (f) and any reference to the casein differential wherever it may appear.

Proposed by Milton Cooperative Dairy Corporation:

23. Amend § 904.6 (f) by deleting the words "during the months of April, May, and June" and adding a proviso to subparagraph (2) as follows: *"Provided*, That in case no quotations are published during the delivery period, the computation for the most recent prior delivery period shall be used: *And provided further*, That in the case of any handler with casein on hand made from pool milk, who has registered with the market administrator bona fide offers to sell such casein at current quotations to three or more usual buyers of casein, and as a result bids based on such offers, at less than the offered price, are accepted by the handler, then, to the extent that such selling prices f. o. b. New York basis are less than the computation used for the delivery period in which such casein was made, the value of such handler's milk, for the delivery period in which such sales are consummated, shall be reduced by the amount of casein sold times such price difference."

24. Amend § 904.6 by adding a new paragraph (g) to read as follows:

(g) *Animal feed powder adjustment.* The value of a pool handler's milk computed pursuant to § 904.9 (a) (2) shall be reduced by an amount determined as follows: (1) Compute the difference between the average of quotations for nonfat dry milk solids, human food products, and animal feed products, determined in § 904.6 (b) (3), and multiply such result by 8.3. This result is the animal feed powder differential per hundredweight of skim milk; and (2) multiply the number of hundredweight of skim milk obtained from milk from producers, which was used to make animal feed powder, by the differential determined pursuant to subparagraph (1) of this paragraph.

Proposed by the market administrator:

25. Delete § 904.15 and substitute therefor a new paragraph (g) in § 904.6 to read as follows:

(g) *Emergency changes in formulas for class prices and differentials.* If for any reason a price for any milk product specified by this order for use in computing class prices and for other purposes is not reported or published in the manner described by the order, the market administrator shall substitute a price determined by the Secretary to be equivalent to or comparable with the price which is specified.

Proposed by New England Milk Producers' Association:

26. Amend § 904.7 (a) by adding a new subparagraph (5) to read as follows:

(5) A full description of the basis for, and the method of determining the amount of, any additional payments that may be made to producers pursuant to § 904.10 (k).

27. Amend § 904.7 (d) by adding a new subdivision (iii) to read as follows:

(iii) The net amount of any additional payments made to such producer pursuant to § 904.10 (k)."

Proposed by the market administrator:

28. Delete § 904.7 (c) and substitute therefor the following:

(c) *Reports regarding individual producers.* (1) Within 10 days after a producer moves from one farm to another, or starts or resumes deliveries to any of a handler's pool plants, the handler shall file with the market administrator a report stating the producer's name and post office address, the date on which the change took place, and the farm and plant locations involved. The report shall also state, if known, the name of the plant to which the producer had been delivering immediately prior to starting or resuming deliveries, and it shall state whether or not milk from the farm was delivered to a nonpool plant of the handler (or of any person affiliated with or controlled directly or indirectly by the handler) on more than three days in any one of the months of August to January, inclusive, next preceding the effective date of the report.

(2) Within 5 days after the 5th consecutive day on which a producer has failed to deliver to any of a handler's pool plants, the handler shall file with the market administrator a report stating the producer's name and post office address, the date on which the last delivery was made, and the farm and plant locations involved. The report shall also state, if known, the reason for the producer's failure to continue deliveries.

29. Renumber § 904.7 (f) as § 904.7 (g) and insert a new paragraph (f) to read as follows:

(f) *Maintenance of records.* Each handler shall maintain records which will show and summarize all receipts, movements, and disposition of milk and milk products.

Proposed by David Buttrick Company; H. P. Hood & Sons, Inc., Whiting Milk Company, White Brothers Milk Company, Lyndonville Creamery Association, and J. F. McAdams and Brothers, Inc.:

30. Amend § 904.7 by adding a new paragraph (g) to provide a time limit with respect to the retention of records and with respect to re-audits and the issuance of revised billings.

Proposed by David Buttrick Company; H. P. Hood & Sons, Inc., Whiting Milk Company, and White Brothers Milk Company:

31. Amend § 904.8 (c) to provide that the operation of the 3-day provision shall be measured from the date on which the plant first becomes a pool plant of such handler rather than being measured from August 1.

32. Amend § 904.8 (c) to provide that the 3-day provision shall not operate to exclude dairy farmers from the pool in April, May, June, and July because of their milk being delivered to a nonpool plant during the August through January period if such producers were retained on the pay roll if a pool plant and their entire deliveries were reported and credited to the pool as Class I milk.

33. Amend § 904.8 (e) by deleting the words "during the emergency period within the month, whichever is greater" and substituting therefor the words "during that part of the emergency period within the month during which emergency milk is received by such handler, whichever is greater."

Proposed by David Buttrick Company, H. P. Hood & Sons, Inc., Whiting Milk Company, White Brothers Milk Company, and Lyndonville Creamery Association:

34. Amend § 904.8 (d) (2) and (3) by deleting the words "April" and "July."

Proposed by the Market Administrator:

35. Amend § 904.8 (e) (1) by deleting the words "his total supply of milk" and substituting therefor the words "the total volume of milk, flavored milk, skim milk, cultured or flavored skim milk, and buttermilk handled by him."

36. Amend § 904.10 (a) by adding thereto the following sentence: "The provisions of this paragraph shall not apply to any handler who, on or before the 15th day after the end of the delivery period, makes final payment as required by paragraph (b) (1) of this section."

Proposed by New England Milk Producers' Association:

37. Revise § 904.10 (b) (1) to read as follows:

(1) To each producer at not less than the basic blend price per hundredweight, subject to the differentials provided in paragraphs (d) and (e), of this section, and to additional payments, if any, under paragraph (k), of this section, for the quantity of milk delivered by such producer; and

38. Amend § 904.10 by adding a new paragraph (k) as follows:

(k) *Additional payments.* Any handler may make payments to producers in addition to paragraph (b) of this section: *Provided*, That such additional payments shall be made uniformly to all producers delivering milk to such handler: *Provided further*, That any such payments made on the basis of meeting special quality standards shall be made uniformly to all producers delivering milk to such handler which meets such special quality standards: *And provided further*, That such payments shall be in conformity with the additional payment plan of the handler as disclosed in the reports required to be filed pursuant to § 904.7 (a) (5).

39. Amend § 904.10 (d) by adding a proviso as follows: *"Provided*, That any handler during any delivery period, in making payments to producers at any plant for milk of average butterfat content above or below 3.7 percent, may use a butterfat differential not more than 25 percent lower than the differential otherwise provided in this paragraph if such handler notifies the market administrator in advance of his intention to use such lower differential and if such handler uses as the blend price at any such plant a price adjusted to compensate fully for the lower butterfat differential."

Proposed by the market administrator:

40. Revise basis of pooling:

Revise the basis for determining which milk is fully subject to the pricing and payment provisions of the order, set up a method of allocating receipts of "outside milk" to Class II milk, revise the provisions relating to payments to producers through the market administrator, revise the provisions relating to payment of administration expenses, make miscellaneous revisions described herein, and make other changes incidental to and consistent with the other parts of this proposal, so as to produce the methods and results described below.

RECEIPTS FROM PRODUCERS

For any month for which this proposal provides that a given plant be considered as a pool plant, all receipts from dairy farmers at the plant shall be considered as receipts from producers. The only exceptions to this rule are as follows: (1) During the months of April, May, June, and July any milk received at a pool plant from farms from which dairy farmers delivered milk to a nonpool plant of the same handler or an affiliate on more than three days in any any one of the preceding months of August through March shall be considered as receipts from "producers for other markets"; (2) receipts from dairy farmers kept separate from the supply for the marketing area shall not be considered subject to the order. Only receipts from producers shall be considered as pool milk and as fully subject to the pricing and payment provisions of the order.

POOL PLANTS

Pool plant status in flush season. No plant shall be considered a pool plant in any of the months of April through July if it was operated by the handler or an affiliate as a nonpool receiving plant in any of the previous months of August through March. This provision shall take precedence over all other portions of this proposal dealing with the status of plants.

Receiving plants with class I disposition directly to consumers. Any receiving plant from which Class I milk is disposed of directly to consumers in the marketing area shall be considered a pool plant in each month in which the handler's total Class I milk in the marketing area amounts to more than 10 percent of his total receipts of milk, flavored milk, skim milk, cultured or flavored skim milk, and buttermilk at all of his plants from which Class I milk was disposed of in the marketing area.

Receiving plants with no class I disposition directly to consumers. I. Requirements for Acquiring Pool Plant Status in August: A receiving plant from which no Class I milk is disposed of directly to consumers in the marketing

area shall be considered a pool plant in August of each year if all the following requirements are met in the month.

(a) The handler's total Class I milk in the marketing area amounts to more than 10 percent of his total receipts of milk, flavored milk, skim milk, cultured or flavored skim milk, and buttermilk at all of his plants from which Class I milk was disposed of in the marketing area.

(b) The plant in question disposes of milk in the marketing area.

(c) A majority of the dairy farmers delivering to the plant hold certificates of registration issued pursuant to Chapter 94, Section 16, of the Massachusetts General Laws.

(d) The milk inspector of a city or town in the marketing area has issued a milk license to the handler pursuant to Chapter 94, Section 40, of the Massachusetts General Laws, or has indicated in writing that a majority of the dairy farmers delivering to the plant are approved sources of supply for milk for sale in his municipality.

2. Requirements for acquiring pool plant status after August:

(a) Any plant which becomes a receiving plant after August shall be considered a pool plant in the first month in which all the requirements for acquiring pool plant status in August are met.

(b) Any plant as to which the identity of the operating handler changes shall be considered a pool plant in the first month of its operation by the new handler in which all the requirements for acquiring pool plant status in August are met.

(c) Any plant which was a nonpool plant in August shall be considered a pool plant in the first month prior to the following April in which all the requirements for acquiring pool plant status in August are met.

3. Requirement for retaining pool plant status: Any receiving plant which has acquired the status of a pool plant shall continue to be considered a pool plant in each month prior to the following August if milk is disposed of in the marketing area from the plant at least every second month.

4. Requirements for returning to pool plant status:

Any receiving plant which becomes a nonpool plant during any of the months of September through March after having been a pool plant in any month subsequent to the preceding July, shall again be considered a pool plant in any given month prior to the following April in which milk is disposed of in the marketing area from the plant, or was so disposed of in the preceding month.

5. Handlers' option to designate plants as nonpool plants:

Regardless of the provisions of Items 1 to 4 above, any plant from which no Class I milk is disposed of directly to consumers in the marketing area shall not be considered a pool plant in any given month for which the handler files written request with the market administrator not later than the 15th of the preceding month that the plant be considered a nonpool plant.

ALLOCATION OF RECEIPTS OF OUTSIDE MILK

All receipts of nonpool milk, flavored milk, skim milk, cultured or flavored skim milk, and buttermilk at a pool plant or the plant of a producer handler or buyer handler, except such receipts from the plant of a producer handler, a New York pool plant, or a plant at which emergency milk is received directly from dairy farmers, shall be treated as Class II milk regardless of the segregation or the specific use of the product so received.

PRODUCER SETTLEMENT PAYMENTS

Payments on nonpool milk disposed of as Class I milk directly to consumers in the marketing area. Each handler, except a producer handler, whose total Class I milk in the marketing area during the month is not more than 10 percent of his total receipts of milk, flavored milk, skim milk, cultured and flavored skim milk, and buttermilk at all of his receiving plants from which Class I milk was disposed of in the marketing area, shall make a payment to the producer settlement fund if any nonpool milk was disposed of as Class I milk directly to consumers from any such plants. Any handler who becomes subject to the provisions of the preceding sentence in any of the months of August through March shall make a payment to the producer settlement fund if he disposes of nonpool milk as Class I milk directly to consumers in the marketing area in any of the following months of April through July. In each case, the payment shall be at the difference between the applicable Class I and Class II prices, and shall be based on the net quantity of nonpool milk so disposed of directly to consumers, after subtracting any receipts of Class I milk from pool plants.

Payments on outside milk. Each pool handler, producer handler, or buyer handler whose receipts of nonpool milk, flavored milk, skim milk, cultured or flavored skim milk, or buttermilk, except such receipts from the plant of a producer handler, a New York pool plant, or a plant at which emergency milk is received directly from dairy farmers, in any month are in excess of his total Class II milk, after deducting receipts of cream, shall make a payment to the producer settlement fund for such excess quantity at the difference between the applicable Class I and Class II prices.

ADMINISTRATION EXPENSE

Delete the present provisions of § 904.12 and substitute the following:

§ 904.12 *Expense of Administration*—(a) *Basis of payment.* Within 23 days after the end of each month, each handler shall make payment to the market administrator of his pro rata share of the expense of administration of the regulations of this part. The payment shall be based on the quantities of each of the following which were handled by the handler during the month:

(1) His receipts of milk from pool producers.

(2) His receipts of outside milk.

(3) The quantity of nonpool milk, other than outside milk, disposed of as Class I milk directly to consumers in the marketing area for which the handler is required to make payment to the producer settlement fund.

(b) *Rate of payment.* The rate of payment shall be 2.5 cents per hundredweight, or such lesser amount as the Secretary may from time to time prescribe.

MISCELLANEOUS AND INCIDENTAL

Upon receipt of a proper written request by a handler that any of his plants which was a pool plant in the preceding month be designated as a nonpool plant, the market administrator shall promptly notify the producers delivering to the plant of the filing of the request, and of its effect on their status under the order.

Make such other changes in the order as are incidental to, consistent with, or necessary to effectuate the other portions of this proposal. In § 904.3, delete the term "dairy farmer"; redefine the terms "producer," "handler," pool handler," "pool plant," "city plant," and "country plant"; delete the term "delivery period" and substitute therefor the term "month"; and make such other changes in the section as are necessary or incidental in order to give clear effect to this proposal, including the addition of definitions for "pool producer," "receiving plant," "New York order pool plant," and "outside milk."

Copies of this notice of hearing and of the tentatively approved marketing agreement, as amended, and of the order as amended, now in effect, may be procured from the Acting Market Administrator, Room 746, 80 Federal Street, Boston 10, Massachusetts, or from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, Room 0308 South Building, Washington 25, D. C., or may be there inspected.

Dated: March 5, 1947.

Assistant Administrator, Production and Marketing Administration.

NOTICES

DEPARTMENT OF AGRICULTURE

Office of the Secretary

NON-BASIC AGRICULTURAL COMMODITIES

READJUSTMENT IN PRODUCTION

Whereas, section 4 of the act of July 1, 1941, as amended (Sec. 4, 55 Stat. 498, sec. 9 (a), 56 Stat. 768; 15 U. S. C., Sup., 713a–8, 50 U. S. C. App., Sup., 969) provides as follows:

(a) Whenever during the existing emergency the Secretary of Agriculture finds it necessary to encourage the expansion of production of any non-basic agricultural commodity, he shall make public announcement thereof and he shall so use the funds made available under section 3 of this act or otherwise made available to him for the disposal of agricultural commodities, through a commodity loan, purchase, or other operation, taking into account the total funds available for such purpose for all commodities, so as to support, during the continuance of the present war and until the expiration of the two-year period beginning with the first day of January immediately following the date upon which the President by proclamation or the Congress by concurrent resolution declares that hostilities in the present war have terminated, a price for the producers of any such commodity with respect to which such announcement was made of not less than 90 per centum of the parity or comparable price therefor. The comparable price for any such commodity shall be determined and used by the Secretary for the purposes of this section if the production or consumption of such commodity has so changed in extent or character since the base period as to result in a price out of line with parity prices for basic commodities. Any such commodity loan, purchase, or other operation which is undertaken shall be continued until the Secretary has given sufficient public announcement to permit the producers of such commodity to make a readjustment in the production of the commodity. For the purposes of this section, commodities other than cotton, corn, wheat, tobacco, peanuts, and rice shall be deemed to be non-basic commodities.

Whereas, pursuant to the foregoing provisions of law, public announcement has been made by the Secretary of Agriculture to encourage the expansion of production of the following non-basic commodities: Hogs, eggs, chickens and turkeys, milk and butterfat, dry peas of certain varieties, dry edible beans of certain varieties, soybeans for oil, peanuts for oil, flaxseed for oil, American Egyptian cotton, potatoes and sweet potatoes; and

Whereas, the President has, by Proclamation No. 2714, dated December 31, 1945 (12 F. R. 1), declared that hostilities in World War II have terminated;

Now, therefore, I have determined that the period from the date hereof to December 31, 1948, is sufficient to permit the producers of the commodities named hereinabove to make a readjustment in the production of such commodities, and public announcement is hereby made that the obligation of the Department of Agriculture to support the prices of such commodities at not less than 90 per centum of the parity or comparable prices therefor pursuant to the foregoing provisions of law will terminate on December 31, 1948.

(Sec. 4, 55 Stat. 498, sec. 9 (a), 56 Stat. 768; 15 U. S. C., Sup., 713a–8, 50 U. S. C. App., Sup., 969)

Done at Washington, D. C., this 4th day of March 1947. Witness my hand and the seal of the Department of Agriculture.

ANDERSON BROADCASTING CO. INC. AND CAROLINA BROADCASTERS

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Anderson Broadcasting Company, Inc., Anderson, South Carolina, Docket No. 7793, File No. BP–4995; John J. Powell, tr/as Carolina Broadcasters, Anderson, South Carolina, Docket No. 8007, File No. BP– 5476; for construction permits.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 20th day of February 1947;

The Commission having under consideration the above-entitled applications, each requesting a construction permit for a new standard broadcast station to operate on 1070 kc, with 1kw power, daytime only, at Anderson, South Carolina;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said applications be, and they are hereby, designated for hearing in a consolidated proceeding, § 1.857 of the Commission's rules and regulations not being applicable, at a time and place to be designated by subsequent order of the Commission, each upon the following issues;

1. To determine the legal, technical, financial, and other qualifications of the individual applicant and of the applicant corporation, its officers, directors and stockholders, to construct and operate the proposed stations.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in the other pending application in this proceeding, or in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if either, of the applications in this consolidated proceeding should be granted.

By the Commission.

1. To determine the legal, technical, financial, and other qualifications of the applicant corporation, its officers, directors and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with station WAUX, Waukesha, Wisconsin, or with any other existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

It is further ordered, That WAUK Broadcasting Company, permittee of WAUX, Waukesha, Wisconsin, be, and it is hereby, made a party to this proceeding.

It is further ordered, That in view of the foregoing action, the petition filed by WAUK Broadcasting Company, permittee of WAUX, Waukesha, Wisconsin, requesting that the application of Lake States Broadcasting Company (File No. BP-5359) be designated for hearing, be, and it is hereby, dismissed.

By the Commission.

PACIFICA FOUNDATION ET AL.

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Pacifica Foundation, Richmond, California, Docket No. 8120, File No. BP-5746; Frank Andrews, Modesto, California, Docket No. 8013, File No. BP-5465; Western Broadcasting Associates, Modesto, California, Docket No. 7938, File No. BP-5336; for construction permits.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 20th day of February 1947;

The Commission having under consideration the above-entitled application of Pacifica Foundation (File No. BP-5746), requesting a construction permit for a new standard broadcast station to operate on 710 kc, 1 kw, daytime only, at Richmond, California; and

It appearing, that the Commission, on December 17, 1946, designated for hearing in a consolidated proceeding the applications of Frank Andrews (File No. BP-5465, Docket No. 8013), requesting a construction permit for a new standard broadcast station to operate on 730 kc, 250 w, daytime only, at Modesto, California, and Western Broadcasting Associates (File No. BP-5336, Docket No. 7938), requesting a construction permit for a new standard broadcast station to operate on 710 kc, 1 kw, daytime only, at Modesto, California, the hearing to be held at Washington, D. C., on March 5, 1947;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application of Pacifica Foundation (File No. BP-5746) be, and it is hereby, designated for hearing in the above consolidated proceeding, § 1.857 of the Commission's rules not being applicable, at the time and place aforesaid, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant corporation, its officers, directors and stockholders, to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in the pending application of Frank Andrews (File No. BP-5465, Docket No. 8013, and Western Broadcasting Associates (File No. BP-3336, Docket No. 7938), or in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

It is further ordered, That the order of the Commission dated December 17, 1947, designating for hearing in a consolidated proceeding the said applications of Frank Andrews and Western Broadcasting Associates, be, and it is hereby, amended to include the above-entitled application of Pacifica Foundation.

RCA COMMUNICATIONS, INC.

ORDER ASSIGNING APPLICATION FOR HEARING

In the matter of RCA Communications, Inc. Handling of United States State Department traffic between New York, N. Y., and Washington, D. C.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 14th day of February 1947;

It appearing that on January 22, 1947, RCA Communications, Inc., filed a new tariff regulation effective February 22, 1947, relating to the handling of official international telegrams of the United States State Department from New York, N. Y., to Washington, D. C.; said tariff regulation being designated as follows: RCA Communications, Inc., Tariff F. C. C. No. 53, Original Page No. 56A.

It further appearing, that a question is presented as to the lawfulness of said tariff regulation under the provisions of the Communications Act of 1934, as amended, and of Part 61 of the Commission's rules and regulations;

It is ordered, That, pursuant to section 204 of the Communications Act of 1934, as amended, the Commission, upon its own motion and without formal pleading, shall enter upon a hearing concerning the lawfulness of the above-cited tariff regulation;

It is further ordered, That, pursuant to section 204 of the Communications Act of 1934, as amended, the operation of the above-cited tariff regulation be, and it is hereby suspended, until May 22, 1947, unless otherwise ordered by the Commission; and that during said period of suspension, no changes shall be made in said tariff regulation, or in the regulations, charges, or practices sought to be altered thereby, unless authorized by special permission of the Commission;

It is further ordered, That a copy of this order be filed in the offices of the Commission with said tariff regulation herein suspended; that RCA Communications, Inc., be, and it is hereby, made party respondent to this proceeding; and that a copy hereof be served thereon;

It is further ordered, That this proceeding be, and the same is hereby assigned for hearing on the 24th day of March 1947, beginning at 10:00 a. m. at the offices of the Federal Communications Commission in Washington, D. C.

Notice is hereby given, that § 1.857 of the Commission's rules and regulations is not applicable to this proceeding.

BOOSTER OR SYNCHRONOUSLY-OPERATED AMPLIFIER TRANSMITTERS

APPLICATIONS IN CONNECTION WITH STANDARD BROADCAST STATIONS

FEBRUARY 28, 1947.

The present rules and engineering standards applicable to standard broadcast stations make no provision for the assignment or operation of booster or synchronously-operated amplifier stations. In the past a limited number of authorizations for the operation of such facilities have been granted, consideration being given in each case to factors peculiar to the particular area or station concerned.

The Commission is of the opinion that before it grants any further authorizations of this nature a study should be made of the technical problems involved, and an over-all policy adopted regarding extensions of service of certain classes of stations beyond that normally intended. As an aid to the Commission in the making of this study and the formulation of such a policy, comments and suggestions of those who may be interested are invited. This notice is not in any sense to be regarded as a notice of proposed rule-making, but rather as an invitation to interested parties to assist the Commission in the making of an initial survey, preparatory to its rule-making process.

Until the Commission adopts a rule relating to booster stations, all applications for such stations will be placed in the Commission's pending files, and held without action.

Adopted: February 27, 1947.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re: application of V. L. Rossi and John D. Rossi, d/b as Bee Broadcasting Company, Beeville, Texas, Docket No. 7604, File No. BP-4639; for construction permit.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 6th day of February 1947;

The Commission having under consideration the above-entitled application of Bee Broadcasting Company requesting a construction permit for a new standard broadcast station to operate on 810 kc, with 250 w power, daytime only, at Beeville, Texas, and also having under consideration a petition filed by A. H. Belo Corporation, licensee of Station WFAA, requesting that the said application be designated for hearing and petitioner made a party thereto, the said petition having been joined in by Carter Publications, Inc., licensee of Station WBAP sharing time with the said WFAA; and

It appearing that the operation as proposed in the said application would involve problems of interference with the said time sharing stations, WFAA and WBAP;

It is ordered, That, the said petition of A. H. Belo Corporation be, and it is hereby, granted and that, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application be, and it is hereby, designated for hearing, which is not subject to the provisions of § 1.857 of the Commission's rules and regulations, at a time and place to be designated by subsequent order of the Commission upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant partnership and the partners to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with stations WFAA and WBAP, or with any other

existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with either of the Mexican stations XEFW, Tampico, Tamaulipas, or station XELO, Juarez, Chihauhua, or any other existing foreign broadcast station, as defined in the North American Regional Broadcasting Agreement, and the nature and extent of such interference.

6. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

7. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

It is further ordered, That A. H. Belo Corporation, licensee of Station WFAA, Dallas, Texas, and Carter Publications, Inc., licensee of Station WBAP, Ft. Worth, Texas, be, and they are hereby, made parties to this proceeding.

EASTERN RADIO CORP.

PROPOSED TRANSFER OF CONTROL [1]

The Commission hereby gives notice that on February 18, 1947 there was filed with it an application (BTC-533) for its consent under section 310 (b) of the Communications Aact to the proposed transfer of control of Eastern Radio Corporation licensee of WHUM, Reading, Pennsylvania, from G. F. Landon, Betty W. Landon, Lucinda Converse, Dorothy B. Woodall, Patricia Bacon and Max O'Rell Truitt to Humboldt J. Greig, J. P. Greig, T. P. Robinson, and R. G. Magee. The proposal to transfer control arises out of a contract of January 17, 1947, pursuant to which above transferors propose to transfer to above transferees the rights now held by Henry Oliver Rea under an agreement of August 16, 1946, between said Rea and G. F. Landon, Betty Landon, Lucinda Converse, Dorothy Woodall, Patricia Bacon, and Max O'Rell Truitt (providing for the purchase by Rea of their Eastern Radio Corporation's bonds and stock, 60 shares out of 110 common voting $1 par value, 54.5% for a consideration of $52,941.16) for a consideration made up as follows: (1) a cash payment of the original purchase price of $52,941.16; (2) a further cash payment of $3,950 representing reimbursement of the amounts expended by said Henry Oliver Rea in perfecting the original agreement; (3) payment of interest at the rate of 3.4% per annum on the sum of $52,941.16 originally deposited in escrow by said Henry Oliver Rea; (4) the release by one of the transferees Humboldt J. Greig of certain valuable contract rights; (5) an agreement on the part of said transferee, Humboldt J. Greig, to obtain substitute bank credit in the amount of $25,000 for a three year period to enable Eastern Radio Corporation to pay off the loan made by said Henry Oliver Rea as part of the consideration for the original purchase contract. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

On July 25, 1946, the Commission adopted § 1.388 (known as § 1.321 effective September 11, 1946) which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application. Pursuant thereto the Commission was advised by letter on February 20, 1947, that starting on February 19, 1947, notice of the filing of the application would be inserted in The Reading Times, a newspaper of general circulation at Reading, Pennsylvania in conformity with the above rule.

In accordance with the procedure set out in said rule, no action will be had upon the application for a period of 60 days from February 19, 1947, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract. ing a construction permit to change the operating assignment of station KFNF from 920 kc, 500 w, 1 kw–LS, ST–KUSD, to 920 kc, 5 kw, DA–N, ST–KUSD;

It appearing, that the Commission on January 2, 1947, designated for hearing in a consolidated proceeding the applications of Herbert H. Lee, Palmer Dragsten and John E. Hyde, Jr., d/b as Lee-Smith Broadcasting Company (File No. BP–4581; Docket No. 7875) requesting a construction permit for a new standard broadcast station to operate on 920 kc, 1 kw, unlimited time, using a directional antenna day and night, at Faribault, Minnesota, and Associated Broadcasters, Inc. (File No. BP–5351; Docket No. 8038) requesting a construction permit for a new standard broadcast station to operate on 920 kc, 1 kw, unlimited time, using a directional antenna nighttime only, at Wadena, Minnesota, the hearing to be held at Washington, D. C., on March 3, 1947;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application of KFNF, Inc. (File No. BP–5840) be, and it is hereby, designated for hearing in the above consolidated proceeding, § 1.857 of the Commission's rules not being applicable, at the time and place aforesaid upon the following issues:

1. To determine the technical, financial, and other qualifications of the applicant corporation, its officers, directors and stockholders to construct and operate station KFNF as proposed.

2. To determine the areas and populations which may be expected to gain primary service from the operation of station KFNF as proposed and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the station as proposed would involve objectionable interference with any other existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the station as proposed would involve objectionable interference with the services proposed in the pending applications of Herbert H. Lee, Palmer Dragsten, and John E. Hyde, Jr., d/b as Lee-Smith Broadcasting Company (File No. BP–4581; Docket No. 7875) and Associated Broadcasters, Inc. (File No. BP–5351; Docket No. 8038) or in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of station KFNF as proposed would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

By the Commission.

WDAS BROADCASTING STATION, INC.

PROPOSED TRANSFER OF CONTROL [1]

The Commission hereby gives notice that on February 25, 1947, there was filed with it an application (BTC–535) for its consent under section 310 (b) of the Communications Act to the proposed transfer of control of WDAS Broadcasting Station, Inc. licensee of AM broadcast Station WDAS, Philadelphia, Pennsylvania from Alexander W. Dannenbaum and Cecile L. Naumburg to William Goldman Theatres, Inc. (Delaware corporation), Goldman Building, 15th and Chestnut Streets, Philadelphia 2, Pa. The proposal to transfer control arise out of a contract of November 6, 1946, pursuant to which the selling stockholders (Alexander W. Dannenbaum and Cecile L. Naumburg) agree to sell all of the 500 shares of common $100 par value voting stock of the licensee of WDAS to William Goldman Theatres, Inc. for a purchase price of $485,000 of which $50,000 has been paid by the purchaser. The balance sale of $435,000 is to be paid by buyers by certified check upon closing designated in the contract as within 20 days of Commission action approving the application. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

On July 25, 1946, the Commission adopted § 1.388 (known as § 1.321 effective September 11, 1946) which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application. Pursuant thereto the Commission was advised by applicants on February 25, 1947, that starting on March 4, 1947, notice of the filing of the application would be inserted in The Philadelphia Bulletin, a newspaper of general circulation at Philadelphia, Pennsylvania in conformity with the above rule.

In accordance with the procedure set out in said rule, no action will be had upon the application for a period of 60 days from March 4, 1947, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

[Docket No. G–863]

MISSISSIPPI RIVER FUEL CORP.

NOTICE OF APPLICATION

MARCH 4, 1947.

Notice is hereby given that on February 17, 1947, Mississippi River Fuel Corporation (Applicant), a Delaware corporation having its principal place of business at St. Louis, Missouri, and authorized to do business in the States of Illinois, Missouri, Arkansas and Louisiana, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate a series of loop lines and additional horsepower to provide an additional loop line from its Perryville, Louisiana, compressor station to St. Louis, Missouri, as follows:

(1) 188.5 miles of 22-inch pipeline;

(2) 2.3 miles of 12-inch pipeline in 4-line manifolds at creek crossings;

(3) 18.5 miles of 10-inch pipeline in 6-line manifolds at river crossings;

(4) Four 1000 H. P. compressor units at Perryville Station;

(5) Four 1000 H. P. compressor units at West Point Station;

(6) Three 1000 H. P. compressor units at Twelve Mile Station.

Applicant states that a certificate of convenience and necessity was issued to it in Federal Power Commission Docket No. G–713, authorizing the installation of partial loops and additional horsepower to increase the deliverable capacity of Applicant's system to 183 million cubic feet per day. The proposed new facilities will consist of a series of partial loops to connect with existing and authorized loop sections along Applicant's original 22-inch pipeline, an extension of the authorized Alton loop line to a point in Granite City, Illinois, and adding horsepower to that existing and authorized at Applicant's compressor stations hereinbefore mentioned.

Applicant proposes to operate the original line and compressor stations at its present pressure limit of 425 pounds per square inch and the new complete loop line and added horsepower at a maximum pressure of 700 pounds per square inch. Applicant recites that the additional facilities involved herein will increase deliverable capacity of its entire system by approximately 83 million cubic feet per day to an estimated total of 266 million cubic feet per day.

Applicant recites that the service proposed to be rendered by Applicant is primarily that of meeting the increased demands of Applicant's existing and authorized customers, both utility customers to which gas is sold for resale, and industrial customers to which gas is sold for direct consumption.

Applicant states that in order to meet the requirements of utility customers it has been necessary to curtail and interrupt its firm direct sale gas customers upon numerous occasions since November 1946, resulting in plant shutdowns of industries in the greater St. Louis area. It is anticipated that the house-heating load of Applicant's utility customers will continue to increase, and large construction programs are under way which will require all types of domestic service. It is asserted that industrial consumers in the whole area served by Applicant are in need of additional gas and on the basis of capacity authorized in Federal Power Commission Docket No. G–713 Applicant will not be able to supply those demands.

Applicant's gas supplies are obtained from the Monroe Field in Louisiana under contracts expiring in 1951, and from the Carthage Field in Texas under a contract recently entered into with United Gas Pipe Line Company. Applicant states that under the terms of the agreement with United Gas Pipe Line Company it can call upon that company to meet Applicant's full requirements, including any deficiency not served by its other producers, for a period of 20 years ending in 1966.

The estimated total over-all cost of the proposed facilities is $10,200,000, not including cost of financing, which Applicant proposes to finance by an issue of common stock, together with loans from financial institutions. No commitment has been made from any financial source for consummating a loan.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

The application of Mississippi River Fuel Corporation is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946) and shall set out clearly and concisely the facts from which the nature of the petitioner's or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding, so as to advise the parties and the Commission as to the issues of fact or law to be raised or controverted, by admitting, denying, or explaining, specifically and in detail, each material allegation of fact or law asserted with respect to the application.

ALBERT GREENBERG

CONSENT ORDER

Albert Greenberg of 69 Humboldt Street, Willits, California, is the owner of the premises located at the Northwest corner of Mendocino Street, Willits, California. Mr. Greenberg was constructing a building on the aforesaid premises, 24 x 128 feet of concrete block construction, the estimated cost of construction is $14,500. Mr. Greenberg filed an application on Civilian Production Administration Form 4423 with the Construction Division on May 21, 1946. This application was denied, the denial appealed, and the appeal denied on November 7, 1946, in Washington. Construction was begun on or about November 6, 1946 by the pouring of foundations. This construction is in violation of paragraph (c) (1) of VHP-1, as amended October 7, 1946.

Mr. Greenberg does not desire to contest the charge made and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Albert Greenberg, the Regional Compliance Director and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Neither Albert Greenberg, his successors or assigns, nor any other person acting in his behalf, shall do any further construction on the premises located on the Northwest corner of Mendocino and Main Streets, Willits, California, unless hereafter specifically authorized in writing by the Civilian Production Administration.

(b) This order shall be mentioned in connection with any application or appeal for authorization to complete the said structure that may hereafter be filed

with the Civilian Production Administration.

(c) Nothing contained in this order shall be deemed to relieve Albert Greenberg, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

ERNEST W. MARKHAM

CONSENT ORDER

Ernest W. Markham of Fort Bragg, California, is a general contractor licensed by the State of California. Ernest W. Markham is engaged by Mr. Greenberg to construct a one-story building of concrete block construction on the Northwest corner of Mendocino and Main Streets, Willits, California, the estimated cost of which is $14,500, or $13,500 in excess of the small job allowance, provided for by Supplement 3 to VHP-1, as amended October 7, 1946. To date the sum of $1,600.34 has been expended for materials and $783.25 for labor. This construction is in violation of paragraph (c) (1) of VHP-1, as amended October 7, 1946.

Ernest W. Markham does not desire to contest the charge made, and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Ernest W. Markham, the Regional Compliance Director, the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That

(a) Neither Ernest W. Markham, his successors or assigns, nor any other person acting in his behalf, shall do any further construction on the premises located on the Northwest corner of Mendocino and Main Streets, Willits, California.

(b) Nothing contained in this order shall be deemed to relieve Ernest W. Markham, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 7th day of March 1947.

CIVILIAN PRODUCTION ADMINISTRATION,
By J. JOSEPH WHELAN,
Recording Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-98 and 59-87]

WASHINGTON RAILWAY AND ELECTRIC CO. ET AL.

NOTICE OF FILING AMENDMENT TO APPLICATION, ORDER REOPENING PROCEEDINGS AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 3d day of March 1947.

In the matter of Washington Railway and Electric Company, File No. 54-98; Washington Railway and Electric Company, The Washington and Rockville Railway Company, of Montgomery County, and their subsidiary companies and The North American Company, File No. 59-87.

Notice is hereby given that Washington Railway and Electric Company (Washington Railway) a registered holding company and a subsidiary of The North American Company, also a registered holding company filed, on March 3, 1947, an amendment to its Amended Plan (File No. 54-98) filed on August 30, 1946 pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 (the act) for the purpose of simplification of its holding company system. All interested persons are referred to said amendment which is on file in the office of this Commission for a statement of the provisions therein proposed, which may be summarized as follows:

Washington Railway proposes, among other things, to modify the provisions of its Amended Plan so as to provide for: (a) An increase in the number of shares of new Common Stock of its subsidiary Potomac Electric Power Company, (Potomac Electric) proposed to be issued by that company under the provisions of said Amended Plan and (b) an increase in the number of such shares of new Common Stock of Potomac Electric proposed to be delivered to the holders of shares of the outstanding Preferred Stock of Washington Railway upon retirement of said Preferred Stock.

Under the provisions of said amendment, Washington Railway proposes to issue to the holders of its 85,000 outstanding shares of 5% Preferred Stock, par value $100 per share, in lieu of their present holdings, for each share of such stock, (1) one share of new --% Preferred Stock of Potomac Electric, of the par value of $50 per share and having the same terms and provisions, except as to dividend rate, as the 3.60% Preferred Stock described in the Amended Plan; (2) four and one quarter (4¼) (in lieu of 3½ shares as provided for in the Amended Plan) shares of Common Stock of Potomac Electric, having a par value of $10 per share; and (3) accrued dividends upon the 5% Preferred Stock of Washington Railway to the date upon which the Amended Plan, as amended, is declared effective, less the amount of the dividends accruing on the new --% Preferred Stock of Potomac Electric, prior to that date.

The dividend rate on the new Preferred Stock proposed to be issued by Potomac Electric will be 3.60% or such higher rate as may be deemed necessary by Potomac Electric in order to obtain a price to it of not less than $50 per share for the 140,000 shares of such stock proposed to be sold at competitive bidding for the purpose of financing the redemption of the presently outstanding Preferred Stocks of Potomac Electric.

No fractional shares of Common Stock of Potomac Electric will be issued but, in lieu thereof, there will be issued non-dividend bearing, non-voting, scrip certificates in registered form, entitling the holder thereof, in combination with other scrip certificates, to receive, for a period of two years, full shares of Common Stock of Potomac Electric in exchange therefor. At the expiration of such period, Potomac Electric will sell the unissued shares of Common Stock represented by the scrip certificates still outstanding, and will pay the net proceeds proportionately to the holders of the scrip certificates then outstanding.

The number (2,897,500) of shares of the new Common Stock of Potomac Electric proposed to be issued and outstanding under the provisions of the Amended Plan will be increased under the provisions of said amendment by 63,750 additional shares to provide for the proposed increased allocation of such shares of stock to the holders of the 5% Preferred Stock of Washington Railway. The provisions of the Amended Plan for the holders of Common Stock of Washington Railway (including the interests therein which are represented by participating units) are not changed.

Washington Railway requests that the Commission (by order entered as a part of its approval of the liquidation program outlined in the Amended Plan, as amended) permit it in advance of proceedings for court enforcement of said Amended Plan, as amended, and irrespective of said proceedings, to adjust the carrying value of its investment in the Common Stock of Potomac Electric from $9,000,000 to $37,088,478.23 to reflect its underlying book value, exclusive of adjustments to be made by Potomac Electric. Washington Railway states that such accounting adjustment would enable it to sell the holdings of Capital Stock of its subsidiary, Capital Transit Company, in advance of the reclassification of the securities of Potomac Electric, without incurring a capital impairment which would preclude the payment of dividends upon its own (Washington Railway) Preferred and Common Stocks.

Washington Railway represents that it will advise each of its stockholders of record by letter of the proposed modification of the Amended Plan and the date of the hearing to be held with respect to said modification.

The Commission deeming it appropriate that the proceedings herein be reopened and that the hearings heretofore held on January 15, and 16, 1947 on said Amended Plan be reconvened for the purpose of affording an opportunity to all interested persons to present evidence and to be heard in respect to proposed transactions set forth and contained in said amendment filed by Washington Railway on March 3, 1947, amending its Amended Plan; and that appropriate notice thereof be given to all interested parties;

It is ordered, That the proceedings herein held pursuant to section 11 (e) of the act with respect to the Amended Plan (File No. 54-98) filed by Washington Railway on August 30, 1946 be reopened and the hearing be reconvened for the purpose of presenting evidence and the taking of testimony with respect to the matters presented under the provisions of the Amended Plan, as amended by said amendment, filed on March 3, 1947 by Washington Railway.

It is further ordered, That the hearing upon said matters shall be held under the applicable provisions of the act and rules promulgated thereunder on March 12, 1947, at 10 a. m., e. s. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such room as may be designated at such time by the hearing room clerk in Room 318.

It is further ordered, That, without limiting the scope of the issues presented, particular attention will be directed at such reconvened hearing to the following matters and questions:

1. Whether the treatment proposed to be accorded the Preferred and Common stockholders of Washington Railway under the provisions of the proposed modification of the Amended Plan is fair and equitable.

2. Whether the proposal to increase the number of shares of new Common Stock of Potomac Electric, par value $10 per share, to be issued under the provisions of the Amended Plan, as amended, from 2,897,500 shares to 2,961,250 shares and the issuance of such shares of stock, meets the standards of section 7 of the act and the other applicable provisions of the act and rules and regulations promulgated thereunder.

3. Whether the Amended Plan, as amended, is necessary to effectuate the provisions of section 11 of the act and is fair and equitable to the persons affected thereby; and is in compliance with the Commission's order of April 14, 1942 with respect to The North American Company and its subsidiary companies; and, if not, in what respect said Amended Plan, as amended, should be modified, altered, changed or amended.

4. Whether the request of Washington Railway that it be permitted to increase the carrying value of its investment in the Common Stock of Potomac Electric and to credit earned surplus in order to absorb the probable book loss upon the sale of the Capital Stock of Capital Transit Company by Washington Railway should be granted, or whether such accounting adjustments should be exempted pursuant to Rule U-100 or otherwise from the requirements of the Uniform System of Accounts for Public Utility Holding Companies prescribed by this Commission.

It is further ordered, That Robert P. Reeder or any other hearing officer or hearing officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The hearing officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

It is further ordered, That any interested representative, agency, authority, or instrumentality of the United States, or any interested State, State commission, State securities commission, municipality or other political subdivision of a State, who has not already entered an appearance herein, shall become a party to those proceedings upon the filing of a written notice of appearance herein, as provided in Rule XVII of the Commission's revised rules of practice. Any other interested person desiring to be heard in connection with these proceedings, who has not already been granted leave to be heard herein, may be granted such leave to be heard in accordance with said Rule XVII, and for that purpose shall file with the Secretary of the Commission, not later than two days prior to the date hereinbefore fixed for the commencement of said hearing, his request or application for that purpose. Such request shall set forth the nature of the applicant's interest in the proceedings, his reasons for requesting leave to be heard, and shall also set forth applicant's position with respect to the allegations hereinbefore set forth and with respect to the issues herein. Any such person desiring to be heard who wishes to raise additional issues not otherwise set forth herein, shall state such additional issues so proposed to be raised in his application, unless for good cause shown he is permitted thereafter to raise such issues.

It is further ordered, That notice of the aforesaid hearing be given to Washington Railway and Electric Company, The North American Company, Potomac Electric Power Company, The Washington and Rockville Railway Company of Montgomery County, Capital Transit Company, Braddock Light & Power Company, Incorporated, Great Falls Power Company, Montgomery Bus Lines, Incorporated, The Glen Echo Park Company, the Public Utilities Commission of the District of Columbia, The Public Service Commission of Maryland, and The State Corporation Commission of Virginia; to all parties who have previously participated in any phase of these proceedings, including the Attorney General, Department of Justice, Washington, D. C., the Administrator, Federal Works Agency, Washington, D. C., The Commissioner of Public Buildings, Washington, D. C., The Director of Procurement, United States Treasury Department, Washington, D. C., the People's Counsel for the District of Columbia, Washington, D. C., National Savings and Trust Company, Washington, D. C., American Security and Trust Company, Washington, D. C., Union Trust Company, Washington, D. C., Washington Loan & Trust Company, Washington, D. C., Norwood B. Orrick, of Venable, Baetjer & Howard, 1409 Mercantile Trust Building, Baltimore, Maryland, and Y. E. Booker, of Alexander Brown & Sons, Washington, D. C.; such notice to each of the foregoing to be given by registered mail; and that notice is also given to the foregoing and to all other persons by publication of this order in the FEDERAL REGISTER and in a general release of this Commission distributed to the press and mailed to the mailing list for releases under the Public Utility Holding Company Act of 1935.

By the Commission.

NORTH AMERICAN CO. ET AL.

ORDER GRANTING MOTION AND APPROVING PLAN

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 28th day of February 1947.

In the matter of The North American Company, and its subsidiary companies, File No. 59-10; the North American Company, File No. 54-82; North American Light & Power Company, Holding-Company System, and The North American Company, File No. 59-39; North American Light & Power Company, File No. 54-50; Illinois Power Company, File No. 54-147.

The North American Company, a registered holding company, having filed an application on January 6, 1947, for approval of a plan, (designated as Plan I) pursuant to the provisions of section 11 (e) of the Public Utility Holding Company Act of 1935, and North American Light & Power Company, a registered holding company and subsidiary of The North American Company, having joined in said application, and Illinois Power Company, a registered holding company and subsidiary of North American Light & Power Company, having filed an application on January 9, 1947, for approval of said Plan I in so far as said Plan I relates to the settlement of all claims and counterclaims affecting Illinois Power Company; and

Illinois Power Company having made a motion on January 31, 1947 that the Commission enter a separate order approving (1) the settlement of all claims and counterclaims affecting Illinois Power Company and (2) Plan I in so far only as such plan embodies that settlement; and

A public hearing on said Plan I having been held and the record closed with respect thereto, briefs with respect to said motion of Illinois Power Company having been filed and none of said participants having requested oral argument with respect to said motion; and

The Commission being duly advised and having this day issued its preliminary opinion herein and having in process of preparation a definitive findings and opinion; and

It appearing appropriate in the interests of orderly and expeditious adminis-

tration to sever from said Plan I that portion thereof which relates to the settlement of all claims and counterclaims affecting Illinois Power Company; and

The Commission finding in said preliminary opinion that so much of Plan I as provides for the settlement by The North American Company, North American Light & Power Company, and Illinois Power Company of all claims and counterclaims affecting Illinois Power Company, is necessary to effectuate the provisions of section 11 (b) of said act, and fair and equitable to the persons affected thereby, and further finding that the foregoing determination may be made without prejudice to the jurisdiction of the Commission to determine ultimately the rights of North American Light & Power Company and its various security holders, including The North American Company in these consolidated proceedings;

It is ordered, That the motion of Illinois Power Company for a separate order approving so much of said Plan I as provides for the settlement of all claims and counterclaims affecting Illinois Power Company be and hereby is granted.

It is further ordered, That so much of said Plan I as provides for the settlement of all claims and counterclaims affecting Illinois Power Company as more fully summarized in the preliminary opinion of the Commission issued on this date be and hereby is approved; *Provided, however*, That said portion of Plan I shall not be consummated until approved by an appropriate United States District Court; *And provided further*, That jurisdiction to determine ultimately the rights of North American Light & Power Company and its various security holders, including The North American Company be and hereby is specifically reserved.

It is further ordered, That jurisdiction be and hereby is reserved to enter such other and further orders or to take such other or further action as may be necessary or appropriate in the premises with respect to all of the issues in these consolidated proceedings except as otherwise specifically provided herein.

By the Commission.

[File No. 812-481]

MORRIS PLAN CORPORATION OF AMERICA ET AL.

NOTICE OF APPLICATION, STATEMENT OF ISSUES AND NOTICE OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 4th day of March A. D. 1947.

In the matter of The Morris Plan Corporation of America, The Topeka Morris Plan Company, American General Corporation, File No. 812-481.

Notice is hereby given that The Morris Plan Corporation of America has filed an application pursuant to section 17 (b) of the Investment Company Act of 1940 for an order granting exemption from the provisions of section 17 (a) of the act so as to permit the purchase from The Morris Plan Corporation of America by The Topeka Morris Plan Company of 125 shares of the capital stock of The Topeka Morris Plan Company at a price of $360 per share, amounting to a total price of $45,000.

American General Corporation is a closed-end, non-diversified, management investment company and is registered under the Investment Company Act of 1940. American General Corporation owns 61.28% of the voting stock of the applicant, The Morris Plan Corporation of America, which in turn owns 25% of the capital stock of The Topeka Morris Plan Company.

Section 17 (a) (2) of the act prohibits an affiliated person of an affiliated person of a registered investment company from purchasing from any person controlled by such registered investment company any securities except securities of which the seller is the issuer. The applicant has therefore filed an application pursuant to section 17 (b) of the act for an order exempting the proposed transaction from the provisions of section 17 (a) of the act, and the applicant asserts that the proposed transaction meets the standards and requirements of section 17 (b).

All interested persons are referred to said application which is on file in the offices of the Commission for a more detailed statement of the proposed transaction and the matters of fact and law asserted.

The Corporation Finance Division of the Commission has advised the Commission that upon a preliminary examination of the application, it deems the following issues to be raised thereby without prejudice to the specification of additional issues upon further examination:

(1) Whether the proposed agreement is fair and reasonable;

(2) Whether the proposed agreement involves overreaching on the part of any person concerned;

(3) Whether the proposed agreement is consistent with the policy of American General Corporation as recited in its registration statement and reports filed under the act;

(4) Whether the proposed agreement is consistent with the general purposes of the act.

It appearing to the Commission that a hearing upon the application is necessary and appropriate;

It is ordered, Pursuant to section 40 (a) of said act, that a public hearing on the aforesaid application be held on March 20, 1947, at 10:00 a. m., eastern standard time, Room 318 in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

It is further ordered, That Robert P. Reeder, or any officer or officers of the Commission designated by it for that purpose shall preside at the hearing and any officer or officers so designated to preside at any such hearing is hereby authorized to exercise all of the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to hearing officers under the Commission's rules of practice.

Notice of such hearing is hereby given to the above-mentioned The Topeka Morris Plan Company, The Morris Plan Corporation of America, American General Corporation, and to any other person or persons whose participation in such proceedings may be in the public interest or for the protection of investors. Any person desiring to be heard or otherwise desiring to participate in said proceedings should file with the Secretary of the Commission, on or before March 17, 1947 his application therefor as provided by Rule XVII of the rules of practice of the Commission, setting forth therein any of the above issues of law or fact which he desires to controvert and any additional issues he deems raised by the aforesaid application.

By the Commission.

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 9833

INSPECTION OF INCOME, EXCESS-PROFITS, DECLARED VALUE EXCESS-PROFITS, AND CAPITAL STOCK TAX RETURNS BY FEDERAL TRADE COMMISSION

By virtue of the authority vested in me by sections 55 (a), 508, 603, 729 (a), and 1204 of the Internal Revenue Code (53 Stat. 29, 111, 171; 54 Stat. 989, 1008; 55 Stat. 722; 26 U. S. C. 55 (a), 508, 603, 729 (a), and 1204), and in the interest of the internal management of the Government, it is hereby ordered that corporation income, excess-profits, declared value excess-profits, and capital stock tax returns made for the calendar year 1943 and fiscal years ended in the calendar year 1943, and statistical transcript cards prepared by the Bureau of Internal Revenue from the returns included in such classes made for any taxable year ending after June 30, 1943, and before July 1, 1944, shall be open to inspection by the Federal Trade Commission as an aid in executing the powers conferred upon such Commission by the Federal Trade Commission Act of September 26, 1914, 38 Stat. 717, such inspection to be in accordance and upon compliance with the rules and regulations prescribed by the Secretary of the Treasury in the Treasury decision [1] relating to the inspection of returns by the Federal Trade Commission, approved by me this date.

TITLE 6—AGRICULTURAL CREDIT

Chapter III—Farmers' Home Administration, Department of Agriculture

Subchapter F—Management

PART 353—SALES OF REAL PROPERTY

Part 353, Sales of Real Property, of this subchapter (6 CFR, Ch. III) now contains regulations reflecting policies and procedures applicable to the sale of management projects under Farm Ownership Procedure (Subchapter G—Farm Ownership) prior to November 1, 1946.

NOTE: The following was submitted as a temporary rule of procedure, applicable to the entire Part 353, pending a revision of that part.

Pursuant to the provisions of Public Law 563, 79th Cong., 2d Sess., and the Farmers Home Administration Act of 1946, sales of all project units after October 31, 1946 are being negotiated by the Farmers Home Administration in compliance with the legislative directive to liquidate resettlement projects and rural rehabilitation projects for resettlement purposes, and other similar type enterprises. Applicable procedures and forms heretofore used by the Farm Security Administration were adopted, insofar as consistent with the aforesaid acts, by the Farmers Home Administration pending issuance of new procedures and forms superseding those adopted (11 F. R. 13011; 6 CFR 300.1a). New procedures, including descriptions of revised forms, governing Farmers Home Administration programs are being formalized and currently published in the FEDERAL REGISTER in codified form, and will supersede corresponding material now contained in 6 CFR, Ch. III. Pending formalization of new procedure for sales of real property, the Administrator of the Farmers Home Administration has issued memoranda to field officials and revised forms have been made available, putting into effect the changes listed below, in connection with the sale of all project lands after October 31, 1946, which are capable of disposition as economic farm units in accordance with Title I of the Bankhead-Jones Farm Tenant Act as amended, or otherwise. Part 353, Sales of Real Property, will therefore be considered as modified in accordance with the following requirements: (1) Economic farm units shall be sold or conveyed to present project occupants to whom previous commitments to purchase have been made or who have existing contracts to purchase and to veterans of World War II as provided in Public Law 563, or other persons who meet the eligibility requirements specified in Title I of the Bankhead-Jones Farm Tenant Act as amended; (2) such units are not to exceed 640 acres in any

one sale; (3) only project property which can be developed into an economic family-type farm-management unit with a total value as improved not exceeding the average value of efficient family-type farm-management units in the county or parish, and with the total investment by the purchaser not exceeding the County FO loan limit, both as determined by the Secretary, which unit can be so improved at a cost not to exceed one-third of the earning capacity of the improved unit, shall be determined to be suitable for disposal pursuant to Title I of the Bankhead-Jones Farm Tenant Act. Such units shall be sold first to veterans and project occupants as provided in Public Law 563, 79th Congress, or, if no veteran or occupant is available, to other persons eligible for the benefits of Title I pursuant to section 43 (b) of the Bankhead-Jones Farm Tenant Act. FO loans bearing interest at the rate of three and one-half percent may be made for the acquisition and improvement, but not for the improvement alone, of such units in accordance with FO procedures, except that no portion of the FO loan shall be made for improvements the cost of which exceeds one-third of the earning capacity of the improved unit. Project property not meeting the foregoing requirements shall be determined not to be suitable for disposal in accordance with the provisions of Title I of the Bankhead-Jones Farm Tenant Act, and shall be disposed of as surplus pursuant to section 43 (c) or 43 (d) of the Bankhead-Jones Farm Tenant Act; (4) in sales of economic farm units to eligible persons other than veterans of World War II or present project occupants, the County FHA Committee certification should include a finding that reasonable efforts have been made to offer the property first to veterans of World War II within the area or to eligible project occupants and that such efforts have failed to obtain a veteran or project occupant eligible under Title I of the Bankhead-Jones Farm Tenant Act, as amended.

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 25—FORMAL EDUCATION REQUIREMENTS FOR APPOINTMENT TO CERTAIN SCIENTIFIC, TECHNICAL AND PROFESSIONAL POSITIONS

ARCHEOLOGIST AND VETERANS' ADMINISTRATION PSYCHOLOGIST (PERSONAL COUNSELOR)

In the FEDERAL REGISTER of February 25, 1947, Chapter I was revised and certain parts, including Part 25, were redesignated effective May 1, 1947 (12 F. R. 1270, 1302). This amendment to Part 25 is to be carried over on May 1, the effective date of the redesignation.

The following sections are added to this part (redesignated as Part 24 effective May 1, 1947):

§ 25.43 *Archeologist, P–1 to P–4*—(a) *Educational requirement.* (1) Applicants must have completed a four-year course of study in a college or university of recognized standing, including or supplemented by 20 semester hours in anthropology including courses that are acceptable toward a major in anthropology. At least one course in American archeology is required and the training must also have included or been supplemented by at least three months of archeological excavations experience under the direction of a recognized professional archeologist, or

(2) Applicants must have completed 20 semester hours in anthropology including courses that are acceptable toward a major in anthropology. At least one course in American archeology is required. In addition, they must have had three years of education or appropriate experience which when combined with the specialized study described above will give them the equivalent of a four-year college course. This education or experience must have included or been supplemented by at least three months of archeological excavations experience under the direction of a recognized professional archeologist.

(b) *Duties.* Archeological positions in the Federal service are highly specialized. They involve technical aspects of archeological excavations, collection of museum specimens, and dissemination of information in the archeological field. They also involve the coordination of archeological research with various educational programs. Specific duties performed by archeologists include: Archeological excavations, repair and stabilization of ruins, classification and cataloging museum specimens, preparation of reports on archeological subjects, performance of research in archeological problems, and coordination of the activities of the Federal agency with the efforts of Federal, state, and local organizations interested in preservation of important archeological and historical areas.

(c) *Knowledge and training requisite for the performance of duties.* In order to preserve, care for, and interpret the archeological resources of the nation, the archeologist must have a thorough knowledge of archeology and related fields and an understanding of field and laboratory research. The archeologist, in order to perform professional duties satisfactorily, must have a knowledge of all technical aspects of the work. He must be able to secure and present to Federal agencies and to the American public authentic and usable information concerning archeological resources.

(d) *Method of obtaining basic knowledge and training.* The only method known by which persons may obtain the basic knowledge required to perform adequately the duties of a professional archeologist is through training secured in a college or university of recognized standing. The necessary knowledge cannot be gained simply through experience, but requires formal training in method, and formal and comprehensive review under supervision of the principal reports in the field of American Archeology. It also requires specialized and supervised examination of collections of artifacts only available in institutions of learning where courses in the subject are regularly given. Unless an archeologist is properly trained he may do irreparable damage to the resources under consideration.

§ 25.44 *Psychologist (Personal Counselor), P–4, Veterans Administration*—(a) *Educational requirement.* Applicants must have successfully completed the following courses in a college or university of recognized standing:

(1) Two courses in abnormal psychology, clinical psychology, mental hygiene, psychopathology, personality or psychology of adjustment.

(2) One course in clinical techniques including individual testing, interviewing, or the case-study method.

(3) One course in differential psychology or tests and measurements (educational, vocational, psychological, personality, attitude) or statistics (psychological or educational).

(4) A total of six additional courses composed of any combination of the courses mentioned above and courses in human biology, neurology, physiological psychology and general, experimental, child, adolescent, social, animal, systematic or industrial psychology.

Completion of all requirements for the Ph. D. degree in psychology except for a thesis will be accepted as meeting this minimum educational requirement.

(b) *Duties.* Psychologists (Personal Counselor) counsel veterans who during the utilization of Veterans' Administration services for the selection of a vocational objective or in the course of vocational training have personal problems which interfere in their successful vocational rehabilitation. Psychologists (Personal Counselor) confer with Vocational Advisers and Vocational Rehabilitation Training Officers in furthering the vocation rehabilitation of veterans with maladjustments; assist veterans with personal and social maladjustments, using the appropriate therapeutic techniques, with the aim of eliminating their difficulties wherever possible; detect those veterans with serious mental or emotional disturbances and refer them to Veterans Administration Mental Hygiene Clinics or authorized private mental hygiene clinics.

(c) *Knowledge and training requisite for performance of duties.* In order to adequately counsel maladjusted veterans, the Psychologist (Personal Counselor) must have had a specialized technical background of education and experience in the field of psychology. This background should have provided a thorough knowledge of the principles underlying behavior and of psychological and counseling techniques. The Psychologist (Personal Counselor) must possess such technical knowledge in order that he may counsel veterans in the effort to eliminate the problems which have been blocking their vocational adjustment, thereby assisting in their total rehabilitation. Since Psychologists (Personal Counselor) function without professional direction from psychiatrists, they must have sound preparation which will enable them to make decisions as to which maladjusted veterans, had they not been forced into difficult military or combat situations, would have adjusted to civilian situations with a minimum of difficulty and which ones, because of the serious nature of their social and personal problems, should be referred to mental hygiene clinics for more intensive and extensive treatment.

(d) *Method of obtaining basic knowledge and training.* The only method known by which persons may obtain the basic knowledges and skills required to perform the duties of this position is through the training given at recognized colleges and universities. Through such training, under instructors having extensive specialized training, the student is able to acquire a knowledge of psychological principles and techniques. Under close professional supervision, he learns the psychological techniques appropriate for dealing with the various types of maladjusted individuals either through close observation of, or actual practice with, clinical cases or through study of a wealth of clinical case material. Such scientific knowledge and skill cannot be acquired and integrated through individual study because the necessary supervision and facilities are not available. The requisite studies represent information from a variety of fields, and the student cannot cover the material except through supervised progressive courses of study designed to provide a comprehensive understanding of the subjects. PART 26—REGULATIONS UNDER THE FEDERAL EMPLOYEES PAY ACT OF 1945 AS AMENDED BY THE FEDERAL EMPLOYEES PAY ACT OF 1946

ELIGIBILITY REQUIREMENTS AND EFFECTIVE DATE

In the FEDERAL REGISTER of February 25, 1947, Chapter I was revised and certain parts, including Part 26, were redesignated, effective May 1, 1947 (12 F. R. 1270, 1327). This amendment to Part 26, which is effective upon publication in the FEDERAL REGISTER, is to be carried over on May 1, the effective date of the redesignation.

Section 26.241 *Eligibility requirements and effective date* (redesignated as § 25.241 effective May 1, 1947), is amended by the insertion of the following after paragraph (c) thereof:

This certificate of otherwise satisfactory service and conduct shall constitute an affirmative statement that responsible officials have reviewed the service and conduct of the employee and find that he definitely merits the advancement.

In any case where the facts at the time when the advancement would otherwise have been due clearly warranted the approval of the required efficiency rating and the execution of the certificate of otherwise satisfactory service and conduct, but where through administrative error or oversight the efficiency rating or certificate was not approved or executed until after such date, they may be completed as of such date, in which case the increase shall be made effective as of the date the advancement would otherwise have been due.

NOTE: This amendment is intended to eliminate injustices to those employees who merit advancement, but due to administrative error or oversight cannot be advanced because the required efficiency rating was not on record or the certificate of satisfactory service and conduct was not issued at the time when the advancement would otherwise have been due. For this reason the Commission finds that good cause exists for making the amendment effective as of the date of publication in the FEDERAL REGISTER.

4. Section 110.2 *Immigration stations in Canada* is amended by placing the abbreviation "(BSI)" after the name of each station named in that section except "Sydney, British Columbia" and by placing the following note immediately after § 110.2:

NOTE: For explanation of the abbreviation "BSI" appearing in § 110.2, see § 110.3a.

5. The following new section is inserted between § 110.3 and § 110.4:

§ 110.3a *Location of boards of special inquiry.* If a board of special inquiry is located at a port of entry listed in § 110.1 or at an immigration station named in § 110.2, that fact is indicated by the abbreviation "BSI" placed after the name of the port or station. Such boards of special inquiry also serve any of the airports of entry which are listed in § 110.3 and which are located in, or in proximity to, the same city or town. The provisions of §§ 110.1 to 110.3a, inclusive, do not preclude the conducting of examinations by boards of special inquiry which may convene at places other than the ones indicated. (Sec. 17, 39 Stat. 887; 8 U. S. C. 153)

This order shall become effective on the day of its publication in the FEDERAL REGISTER. The requirements of section 4 of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 238) as to notice of rule making and delayed effective date are inapplicable for the reason that this rule is descriptive of the field organization of the Immigration and Naturalization Service.

(Sec. 23, 39 Stat. 892, sec. 24, 43 Stat. 166, sec. 37 (a), 54 Stat. 675; 8 U. S. C. 102, 222, 458; sec. 1, Reorg. Plan No. V, 3 CFR, Cum. Supp., Ch. IV; 8 CFR, 1943 Supp., 90.1)

PART 150—ARREST AND DEPORTATION

ISSUANCE OF WARRANTS OF ARREST BY OFFICER IN CHARGE AT HONOLULU

FEBRUARY 11, 1947.

Section 150.3, Chapter I, Title 8, Code of Federal Regulations is amended by adding paragraph (d) as follows:

§ 150.3 *Issuance of warrants of arrest.* • • •

(d) In any case where the officer in charge of District No. 13, with headquarters at San Francisco, California, has authority to issue a warrant for the arrest of an alien in the Territory of Hawaii, the warrant of arrest may be issued by the officer in charge at Honolulu and a copy of the warrant and of all of the evidence in support thereof forwarded immediately to the Central Office and to the officer in charge of the district.

This order shall become effective on the day of publication in the FEDERAL REGISTER. The requirements of section 4 of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 238) as to notice of proposed rule making and delayed effective date are inapplicable for the reason that this order pertains to organization—more particularly to delegation of authority.

(Sec. 23, 39 Stat. 892, sec. 24, 43 Stat. 166, sec. 37 (a), 54 Stat. 675; 8 U. S. C. 102, 222, 458; sec. 1, Reorg. Plan No. V, 3 CFR, Cum. Supp., Ch. IV; 8 CFR, 1943 Supp., 90.1)

TITLE 10—ARMY: WAR DEPARTMENT

Chapter III—Claims and Accounts

PART 306—CLAIMS AGAINST THE UNITED STATES

MISCELLANEOUS AMENDMENTS

The following amendments and additions to the regulations contained in Part 306 are hereby prescribed:

1. Section 306.12 is rescinded and the following substituted therefor:

§ 306.12 *Claims for damage to or loss or destruction of property or for personal injury or death, caused by military personnel or civilian employees, or otherwise incident to noncombat activities, of the War Department or of the Army except those cognizable under the Federal Tort Claims Act*—(a) *General.* Claims, arising on or after May 27, 1941, except claims arising from negligent or wrongful acts or omissions accruing on or after January 1, 1945 and cognizable under Part 2, Federal Tort Claims Act, for damage to or loss or destruction of real or personal property, or for reasonable medical, hospital, or burial expenses actually incurred on account of personal injury or death, caused by military personnel or civilian employees of the War Department or of the Army while acting within the scope of their employment, or otherwise incident to noncombat activities of the War Department or of the Army, including claims for damage to or loss or destruction of registered or insured mail while in the possession of the military authorities even though resulting from criminal acts, claims for damage to or loss or destruction of personal property bailed to the Government, and claims for damage to real property incident to the use and occupancy thereof under a lease, express or implied, or otherwise, and including claims of the foregoing categories arising out of civil works, are payable under the military claims provision provided they do not exceed $1,000.

(b) *Claims payable under prior regulations payable hereunder.* Any claim, not cognizable under Part 2, Federal Tort Claims Act, arising on or after May 27, 1941, formerly payable under provisions of law and regulations now superseded is payable under provisions of the regulations in this part; see, however, § 306.22 for special provisions as to subrogees.

(c) *Application to pending claims.* The provisions of the regulations in this part apply to all claims otherwise within the scope thereof, not heretofore paid, arising out of accidents or incidents oc-

curring on or after May 27, 1941; see, however, § 306.22 (c) as to claims presented prior to July 3, 1943, if subrogation is involved. Claims arising out of accidents or incidents occurring prior to May 27, 1941, but otherwise within the scope of the regulations in this part, will be forwarded with related files and recommendations in triplicate, retaining only a card record thereof, by or through the commanding general of the army or air matériel area within the United States, its territories, and possessions, in which the accident or incident resulting in the claim occurred, or if within a theater of operations outside the continental limits of the United States by or through the command claims service, to The Judge Advocate General, Washington 25, D. C., for appropriate administrative action.

2. Paragraph (c) of § 306.13 is amended as follows:

§ 306.13 *Acts or omissions.* • • •

(c) *Proximate cause.* Claims for damage to or loss or destruction of property or for personal injury or death, proximately caused by willful, negligent, wrongful or otherwise tortious acts or omissions of military personnel or civilian employees acting within the scope of their employment, except those claims accruing on and after January 1, 1945 and cognizable under Part 2, Federal Tort Claims Act, are payable under the provisions of this section. Acts or omissions involving a lack of reasonable care are the usual basis of claims so payable. If the proximate cause of the accident or incident is the act or omission of persons other than military personnel or civilian employees, as defined in paragraph (a) of this section, the claim is not payable. If the proximate cause of the accident or incident is the joint, or concurrent tortious act or omission of military personnel or civilian employees and of one or more persons other than the claimant, his agent, or employee, the claim is payable except to the extent, if any, already paid by or on behalf of such other person or persons.

3. Rescind § 306.14 and substitute the following therefor:

§ 306.14 *Claims*—(a) *Registered and insured mail.* Claims for damages to or loss or destruction of registered or insured mail while in the possession of the military authorities are within the scope of the regulations in this part if caused by military personnel or civilian employees of the War Department or of the Army, even though resulting from criminal acts, or if otherwise incident to noncombat activities of the War Department or of the Army. Claims for damage, loss, or destruction occurring prior to delivery by the Post Office Department (for distribution to the addressee) to authorized military personnel or civilian employees of the War Department or of the Army (e. g., unit, battalion, or regimental mail clerks, and postal officers), but excluding military personnel serving and bonded to the Post Office Department, are not payable under the provisions of the regulations in this part; nor are claims arising after resumption of possession by the Post Office Department (e. g., for the purpose of forwarding to the addressee at a different address) and prior to redelivery to authorized military personnel or civilian employees of the War Department or of the Army charged with distribution to the addressee. "Minimum fee" insured mail carrying no insurance number and not requiring hand-to-hand receipts is not within the scope of this section.

(b) *Bailed personal property.* Claims for damages to or loss or destruction of personal property loaned, rented, or otherwise bailed to the Government under an agreement, express or implied, except those cognizable under Part 2, Federal Tort Claims Act, are payable under the provisions of the regulations in this part even though legally enforceable against the Government as contract claims, unless by express agreement the bailor has assumed the risk of damage, loss, or destruction.

(c) *Use and occupancy of real property.* Claims for damage to real property incident to the use and occupancy thereof by the Government under a lease, express or implied, or otherwise, except those cognizable under Part 2, Federal Tort Claims Act, are payable under the provisions of the regulations in this part even though legally enforceable against the Government as contract claims. Claims for rent of real property are not payable under the regulations in this part.

(d) *Contract claims.* Claims for damage to or loss or destruction of property founded in contract, express or implied, except those under paragraphs (b) and (c) of this section, are normally not payable under the provisions of the regulations in this part. Any claim which is apparently within the provisions of the statute but appears to be founded in contract, express or implied, except claims under paragraphs (b) and (c) of this section, will be forwarded with related files and recommendations in triplicate, retaining only a card record thereof, by or through the commanding general of the army or material area or command claims service to The Judge Advocate General for appropriate administrative action.

(e) *Other noncombat activities.* Claims for damage to or loss or destruction of property, or for personal injury or death, not caused by negligent or wrongful acts or omissions of military personnel or civilian employees of the War Department or of the Army, are payable under the provisions of this paragraph of the regulations in this part if otherwise incident to the noncombat activities of the War Department or of the Army. Claims within the above category include claims for damage or injury arising out of, and which are natural or probable results or incidents of, maneuvers and special field exercises, practice firing of heavy guns, practice bombing, operation of aircraft and antiaircraft, use of barrage ballons, escape of horses, use of instrumentalities having latent mechanical defects not traceable to negligent acts or omissions, movement of combat vehicles or other vehicles designed especially for military use, and use and occupancy of real estate.

4. Rescind § 306.16 and substitute the following:

§ 306.16 *Claims under Foreign Claims Act.* Claims for damage to or loss or destruction of property, or for personal injury or death, arising out of accidents or incidents occurring in foreign countries which are cognizable under the provisions of the Foreign Claims Act (see § 306.26 and AR 25–90) are not within the provisions of the regulations in this part; claims within the scope of that act and which but for the existence thereof would be within the provisions of the regulations in this part will be settled under that act, which has preemptive application. Subject, however, to the foregoing provision, there are no geographical limitations on the scope of application of the regulations in this part; for example, a claim arising in a foreign country which is not cognizable under the Foreign Claims Act because the claimant is not an inhabitant of the foreign country in which the accident or incident occurs may, if the claim is otherwise within the provisions of the regulations in this part, be paid hereunder. Claims, arising in foreign countries, of nationals of a country at war with the United States, or of any ally of such an enemy country, who are inhabitants of foreign countries may not be paid under the provisions of the regulations in this part except as the approving authority or the local military commander determines that the claimants are friendly to the United States.

5. Amend the second sentence of § 306.17 (a) to read as follows:

§ 306.17 *Claims of or pertaining to military personnel or civilian employees*—(a) *Property.* • • • Such claims found not be payable under the provisions of § 306.27 may then be considered under the provisions of the regulations in this part except those cognizable under Part 2, Federal Tort Claims Act. • • •

6. Amend § 306.21 by adding the following sentence at the end of the paragraph:

§ 306.21 *Statute of limitations.* • • • peace is established. For the statute of limitations under Federal Tort Claims Act see § 306.25 (f).

7. Section 306.22 is amended by deleting the period at the end of the fourth sentence of paragraph (a) and inserting the following clause "satisfactory to the approving authority"; the section is further amended by the addition of paragraph (d) to read as follows:

§ 306.22 *Claims of subrogees*—(a) *Included.* • • • Evidence of • • • satisfactory to the approving authority. • • •

(d) In those claims cognizable under Part 2, Federal Tort Claims Act, the rights of subrogees are determined in accordance with the law of the place where the act or omission, out of which the claim arises, occurred.

8. Rescind § 306.23 (b) and substitute the following:

§ 306.23 *Procedure.* • • •

(b) *Conditions of payment.* Prior to payment of any claim within the provisions of the regulations in this part, each of the following conditions must be fulfilled:

(1) The amount of the damage, loss, or destruction, or the amount payable on account of personal injury or death, must be determined.

(2) The payment must not exceed $1,000, but claims in excess of that amount may be reported to Congress for consideration.

(3) Claims by subrogees will not be recognized except as an element of the subrogor's claim.

(4) The claim must normally be presented within 1 year after the occurrence of the accident or incident out of which the claim arises.

(5) Negligence or wrongful act of the claimant, in whole or in part the proximate cause, bars a claim.

(6) The claim must be approved as provided in paragraph 22 or, on appeal, by the Secretary of War.

(7) The claimant must accept, in full satisfaction and final settlement, the amount approved if less than the full amount claimed.

(8) Claims payable under the provisions of Article of War 105 (AR 25–80) are not payable under the provisions of the regulations in this part.

(9) Foreign claims payable under the provisions of AR 25–90 are not payable under the provisions of the regulations in this part.

(10) Personnel claims payable under the provisions of AR 25–100 are not payable under the provisions of the regulations in this part.

(11) Claims of military personnel or civilian employees for personal injury or death incident to their service are not payable under the provisions of the regulations in this part.

(12) Claims payable under the provisions of the Federal Tort Claims Act (WD Bul. 29, 1946) are not payable under the provisions of the regulations in this part.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 250—GENERAL RULES AND REGULATIONS, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

APPROVAL OF TRANSACTIONS BY REORGANIZATION COURT

The Securities and Exchange Commission, acting pursuant to the authority conferred upon the Commission by the Public Utility Holding Company Act of 1935, particularly sections 3 (d), 20 (a) and 20 (c) thereof, and deeming such action necessary for the exercise of the functions vested in it and necessary and appropriate in the public interest and for the protection of investors, hereby amends § 250.49 (c) (Rule U-49 (c)) by substituting a semicolon for the period at the end thereof and adding the following:

§ 250.49 *Certain exemptions granted to non-utility subsidiaries.* • • •

(c) *Transactions approved by a reorganization court.* • • •

Provided further, That this paragraph shall be inapplicable to any subsidiary company which is the subject of reorganization proceedings (or any subsidiary of such subsidiary company within the meaning of section 106 (13) of said Chapter X or of section 2 (a) (8) of the Public Utility Holding Company Act), where such subsidiary company, or any subsidiary thereof, is the issuer of any securities, or is the obligor on any obligations, which have been guaranteed or assumed by any registered holding company.

This amendment to § 250.49 (c) (Rule U-49 (c)) shall become effective 30 days from the date hereof.

NOTE: The above rule was accompanied by the following statement of the Commission:

The Securities and Exchange Commission today announced the amendment of Rule U-49 (c) under the Public Utility Holding Company Act of 1935 by the addition to the rule of the new proviso set forth below. The rule now provides for the exemption from the provisions of the Public Utility Holding Company Act of certain transactions by any non-electric and gas subsidiary company of a registered holding company where any such subsidiary is the subject of reorganization proceedings in a United States court pursuant to Chapter X of the Bankruptcy Act and notice of appearance has been filed by the Commission pursuant to section 208 of that act. The present rule was framed in the belief that in such cases the public interest and the interest of investors would be adequately served through the exercise by the Commission of its advisory functions under the Chandler Act.

The course of the Commission's experience under Rule U-49 (c) has indicated that there are certain circumstances under which the continued existence of this exemption is not in the public interest or the interests of investors or consumers and may hamper the Commission in the discharge of its responsibilities under section 11 (b) of the act as to registered holding companies. There exists situations in which the security structures of registered holding companies and their subsidiaries are entangled in such a manner as to make it necessary for the Commission, in order properly to perform its statutory responsibilities with respect to the corporate structure of a holding company, to exercise jurisdiction over reorganization plans and other transactions by its subsidiary companies although such subsidiaries may not be electric or gas utility companies. The purpose of the amendment is to withdraw the exemption from the type of case in which a registered holding company has guaranteed or assumed securities issued by, or obligations of, any subsidiary of such registered holding company. It is believed that the adoption of this amendment will facilitate performance by the Commission of its statutory duties, particularly under Section 11, with respect to registered holding companies and subsidiary companies affected by this rule.

Appropriate notice and public participation in rule-making procedure in conformity with the requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.) and of Rule XIX of the Commission's rules of practice were provided, and the Commission has considered the docket herein and the transcript of argument therein and has this day issued a memorandum of views of the Commission accompanying this action adopting a rule amending § 250.49 (c) (Rule U-49 (c)).

(Secs. 3 (d), 20 (a) and (c), 49 Stat. 810, 833; 15 U. S. C. 79c, 79t)

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

TITLE 20—EMPLOYEES' BENEFITS

Chapter II—Railroad Retirement Board

PART 230—ELECTIONS OF JOINT AND SURVIVOR ANNUITIES

MISCELLANEOUS AMENDMENTS

Pursuant to the general authority contained in section 10 of the act of June 24, 1937 (Sec. 10, 50 Stat. 314; 45 U. S. C. 228j), §§ 230.6, 230.13, and 230.14 of Part 230 of the Regulations of the Railroad Retirement Board under such act (4 F. R. 1477; 12 F. R. 468) are revised as follows:

1. Section 230.6 *Confirmation of prima facie evidence* is amended by changing the reference to "§ 208.5 or § 208.10 of these regulations" to "§ 208.7 of this chapter."

2. Section 230.13 *Election to be irrevocable* is amended by changing the reference to "§ 208.15 of these regulations" to "§ 208.7 of this chapter."

3. Section 230.14 *When new election may be made* is amended by changing the reference to "§ 208.15 of these regulations" to "§ 208.7 of this chapter."

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

[T. D. 5550]

PART 171—MISCELLANEOUS REGULATIONS RELATED TO LIQUOR

BASIC PERMIT PROCEDURE

The following amendments of Part 171 are made by virtue of and pursuant to the provisions of the Federal Alcohol Administration Act, as amended (U. S. C., Title 27, Chap. 8), section 3170 of the In-

ternal Revenue Code (53 Stat., part 1), section 161 of the Revised Statutes (U. S. C., Title 5, sec. 22), and the Administrative Procedure Act (Public Law 404, 79th Congress). These amendments are issued without compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act, such requirements being found impracticable and contrary to the public interest in this case for the reason that the immediate issuance of the amendments is necessary for the conduct of proceedings relating to the issuance, amendment, denial, revocation, suspension, and annulment of basic permits as required by the Administrative Procedure Act (Public Law 404, 79th Congress).

1. Paragraph (c) of § 171.4d is revoked.

2. Section 171.4c (26 CFR, Cum. Supp.) and the first paragraph and paragraphs (d) and (e) of § 171.4d (26 CFR, Cum. Supp.) are amended: The amended paragraphs shall read as follows:

§ 171.4c *Delegation of functions.* (a) The power and duty heretofore vested in the Deputy Commissioner of the Bureau of Internal Revenue in charge of the Alcohol Tax Unit and in District Supervisors of the Alcohol Tax Unit, by Treasury Department Order No. 30, dated June 12, 1940, (26 CFR, Cum. Supp. 171.4a), and TD 4982 (26 CFR, Cum. Supp. 171.4a), respectively, to issue, amend, deny, suspend, revoke and annul basic permits under the provisions of the Federal Alcohol Administration Act, are hereby delegated as follows:

(1) The Commissioner of Internal Revenue may issue, amend, deny, suspend, revoke, and annul basic permits;

(2) Any Assistant Commissioner of Internal Revenue, when designated to do so by the Commissioner, upon consideration of appeals and petitions for review, may order the District Supervisor to issue, deny, suspend, revoke, and annul basic permits.

(3) The Deputy Commissioner in charge of the Alcohol Tax Unit, upon consideration of appeals and petitions for review, may order the District Supervisor to issue, deny, suspend, revoke, and annul basic permits;

(4) District Supervisors of the Alcohol Tax Unit may (i) issue, and amend except as to agency-initiated curtailment, basic permits, and (ii) deny applications for initial (original) basic permits and amendments of such permits;

(5) Hearing Examiners may (i) make recommended decisions granting or denying applications for initial (original) basic permits and amendments of such permits, and (ii) render decisions suspending, revoking (in whole or in part), and annulling basic permits.

(b) Where, upon appeal, the decision of an examiner denying, suspending, revoking, or annulling a basic permit, is affirmed, such action shall not supersede the decisions of the examiner and such examiner's decision shall be the final decision.

§ 171.4d *Procedure.* Except as otherwise provided in this section, the procedure prescribed by Regulations 3, Industrial Alcohol, as amended (26 CFR, Part 182), for the issuance, amendment, and denial of permits, issuance of citations, holding of hearings, revocation of permits, and appeals to the Commissioner under Part II of Subchapter C of Chapter 26 of the Internal Revenue Code, is hereby extended to the issuance, amendment, denial, revocation, suspension, and annulment of basic permits under the Federal Alcohol Administration Act, in so far as applicable and in so far as such procedure is not in conflict with the provisions of such act: *Provided*, That the time and place of the hearing shall be fixed by the Commissioner or the District Supervisor, without regard to the limitations specified in Regulations 3 (26 CFR, Part 182), but with due regard to the convenience and necessity of the parties or their representatives: *Provided further*, That such time and place may for good cause be changed thereafter by the examiner. Appeals to the Commissioner from orders denying permits shall be taken in conformity with the procedure applicable to appeals from orders revoking basic permits.

* * * * *

(d) Upon written application, the attendance and testimony of any person, or the production of documentary evidence, in proceedings instituted under this section may be required by personal subpoena (Form 1644) or by subpoena duces tecum (Form 1645). Subpoenas may be issued by the Commissioner, or the hearing examiner, or any person designated by them. Both the application and the subpoena shall set forth the title of the proceedings, the name and address of the person whose attendance is required, the date and place of his attendance, and, if documents are required to be produced, a description thereof; and the application shall set forth sufficient facts to show the relevancy of the testimony and documents.

(e) The Commissioner or the hearing examiner may order the taking of depositions in the proceedings at such time and place as he may designate before a person having the power to administer oaths. The testimony shall be reduced to writing by the person taking the deposition, or under his direction, and the deposition shall be subscribed by the deponent unless the subscribing thereof is waived in writing by the parties. Any person may be subpoenaed to appear and depose and to produce documentary evidence in the same manner as witnesses at hearings.

PART 182—INDUSTRIAL ALCOHOL

MISCELLANEOUS AMENDMENTS

Pursuant to sections 3114, 3121 (b), and 3176, Internal Revenue Code, and sections 5, 6, 7, 8, 9, 10, and 12 of the Administrative Procedure Act (Pub. Law 404, 79th Cong.), Regulations 3, "Industrial Alcohol" (26 CFR, Part 182), are hereby amended in the following respects:

1. The following sections are amended: §§ 182.220, 182.222, 182.224, 182.225, 182.231, 182.235, 182.238, 182.239, 182.241, 182.242, 182.243, 182.245, 182.247, 182.248 (b), 182.249, 182.250, 182.253, 182.254, 182.255, 182.256, 182.257, 182.258, 182.282 (d), 182.292 (a).

2. The following new sections are added: §§ 182.220a, 182.220b, 182.224a, 182.240a, 182.240b, 182.250a, 182.252a, 182.257a, 182.257b, 182.257c.

The purpose of these amendments is (1) to provide for hearing, or opportunity for hearing, prior to disapproval of applications for permits, and (2) to revise the Bureau's hearing procedure to conform to the provisions of the Administrative Procedure Act.

The effect of the amendments is that:

1. Applicants for permits shall be afforded a hearing, or opportunity for hearing, prior to disapproval of their applications.

2. Where the permit covers an activity of a continuing nature and the permittee has, in accordance with the regulations, filed a timely and sufficient application for renewal of the permit or for a new permit and such application has not been finally acted upon by the Commissioner or the district supervisor before the date of expiration specified in the permit, such permit shall continue in force until final action is taken upon the application.

3. Hearing officers, designated examiners, will be appointed by the Commissioner of Internal Revenue and, in the performance of their duties as examiners, shall be responsible to and subject to the supervision and direction of the Commissioner only.

4. Except as provided in § 182.239 (b), examiners may not discuss facts in issue, and the decision that the permit be revoked, or the proceedings dismissed, will be made by the examiner or the Commissioner, instead of by the district supervisor as heretofore.

5. The permittee or the district supervisor may appeal the decision of the examiner to the Commissioner, but the permittee may apply to the federal court for review of the examiner's decision, as provided by law, without appeal to the Commissioner.

6. Except in cases of wilfulness or where the public interest requires otherwise, the permittee must be afforded an opportunity to demonstrate or achieve compliance with all lawful requirements prior to the issuance of citation for revocation of his permit.

7. The permittee must be afforded an opportunity for the submission of facts, offers of settlement, or proposals of settlement to the district supervisor, or other officer designated by the district supervisor prior to the hearing for revocation of his permit, where time, the nature of the proceeding, and the public interest permit.

8. The Deputy Commissioner in charge of the Alcohol Tax Unit will review the examiner's decision, on appeal or petition for review, unless such Deputy Commissioner engaged in the investigation or prosecution of the case, or the Commissioner of Internal Revenue designates an Assistant Commissioner to review the examiner's decision. In the event the Deputy Commissioner has engaged in the investigation or prosecution of the case, he will in writing so state and refer the case to the Commissioner for appropriate action. The Assistant Deputy Commissioners, Alcohol Tax Unit, may engage in the investigation and prosecution of cases, and may discuss with district supervisors and others, but not the Deputy Commissioners, cases on appeal, or proposed to be appealed, from the decisions of the examiners.

It is found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.) is impracticable and contrary to the public interest for the reason that the immediate issuance of these rules is necessary for the conduct of proceedings relating to the denial and revocation of basic permits as required by the Administrative Procedure Act (Public Law 404, 79th Congress).

The amended and new sections shall read as follows:

HEARINGS ON DISAPPROVAL OF APPLICATIONS

§ 182.220 *Notice of contemplated disapproval of application.* If upon examination of an application for a basic permit, the district supervisor has reason to believe that the applicant is not entitled to such permit, as provided in §§ 182.282 to 182.302, inclusive, he shall serve notice upon the applicant, setting forth the grounds upon which disapproval of his application is contemplated. Service of notice shall be in accordance with the procedure prescribed in § 182.244 for service of citation. (Sec. 3114, I. R. C.)

§ 182.220a *Application for hearing.* The applicant may file application in writing with the district supervisor, within 15 days after receipt of notice of contemplated disapproval in whole or in part of his application, for a hearing in support of his application. (Sec. 3114, I. R. C.)

§ 182.220b *Non-request for hearing.* If the applicant does not request a hearing within the time specified in § 182.220a, or within such further time as the district supervisor in his discretion may allow, the district supervisor will, by order, disapprove the application, stating the findings which are the basis for his order, and shall furnish an original copy of such order to the applicant. (Sec. 3114, I. R. C.)

§ 182.222 *Proof.* At such hearing the burden of proof shall be on the applicant, but there shall be incorporated in the record of the proceedings the testimony, reports, affidavits, and other documents upon which the district supervisor based his contemplated disapproval of the application. If requested, the applicant shall be permitted to inspect a copy of the record of the proceedings, or furnished with copies thereof upon payment of the costs prescribed in § 182.252a (a). (Sec. 3114, I. R. C.)

§ 182.224 *Hearings.* Hearings on contemplated disapproval of applications shall be governed in so far as applicable by the provisions of §§ 182.226 to 182.259, inclusive: *Provided*, That the examiner who presides at the hearing shall recommend a decision to the district supervisor, who shall make the decision as provided in § 182.224a. (Sec. 3114, I. R. C.)

§ 182.224a *Action by district supervisor.* If the district supervisor, after consideration of the record of evidence taken at the hearing, approves the findings, conclusions, and recommended decision of the examiner, he shall approve or disapprove the application in accordance therewith. If he disapproves such findings, conclusions, and recommeded decision, he shall make such findings and order, as, in his opinion, are warranted by the law and facts of the case. (Secs. 3114, 3170, I. R. C.)

§ 182.225 *Application for reconsideration; appeal to the Commissioner.* Applications for reconsideration of the disapproval of applications for basic permits, and appeals for review of the action of the district supervisor in disapproving applications for basic permits, shall be filed in the manner and within the time specified in §§ 182.255 and 182.257, respectively, and shall be considered in the manner specified in §§ 182.255 (b) and 182.257b. (Sec. 3114, I. R. C.)

BASIC PERMITS

ISSUANCE OF ORIGINAL BASIC PERMITS

§ 182.231 *Duration of permits.* All basic permits issued pursuant to the provisions of the regulations in this part shall remain in force during the calendar year in which issued, unless voluntarily surrendered, revoked, or otherwise terminated, as provided in the regulations in this part, except that any permit issued after August 31 of any calendar year shall expire on December 31 of the succeeding calendar year, unless otherwise provided in the permit: *Provided*, That if the permit covers an activity of a continuing nature and the permittee has, in accordance with the regulations in this part, filed a timely and sufficient application for renewal of the permit or for a new permit and such application has not been finally acted upon by the Commissioner or the district supervisor before the date of expiration specified in the permit, such permit shall continue in force until the application is finally determined: *Provided further*, That permits issued to the United States or any governmental agency thereof, to procure and use tax-free or specially denatured alcohol shall remain in force until surrendered or canceled. (Sec. 3114, I. R. C., secs. 9 (b), 12, Pub. Law 404, 79th Cong.)

EXPIRATION AND TERMINATION

§ 182.235 *Date specified.* All basic permits issued pursuant to the provisions of the regulations in this part shall expire on the date specified therein, except as provided in this part. (Sec. 3114, I. R. C., secs. 9 (b), 12, Pub. Law 404, 79th Cong.)

REVOCATION

§ 182.238 *By whom may be revoked.* The authority and power of revoking basic permits issued pursuant to the provisions of the regulations in this part is conferred upon the Commissioner and upon the hearing examiners appointed pursuant to § 182.239 (a). (Secs. 3114, 3121 (b), 3170, I. R. C., secs. 7, 8, 12, Pub. Law 404, 79th Cong.)

§ 182.239 *Hearing examiners.* There shall preside at the hearing for the taking of evidence, one or more hearing officers designated as examiners. The functions of all officers presiding at hearings or participating in decisions shall be conducted in an impartial manner. Any such officer shall, at any time, withdraw as examiner in any case if he deems himself disqualified; and, upon the filing in good faith of a timely and sufficient affidavit of facts showing personal bias or facts otherwise warranting the disqualification of any such officer, the Commissioner, upon appeal as provided in §§ 182.257, 182.257a, and 182.257b, shall, if the examiner fails to so disqualify himself, determine the matter as a part of the record and decision in the case. If he decides that the examiner should have declared himself disqualified and withdrawn from the case, he will, unless the respondent desires decision on the record as made, remand the record for hearing de novo before another examiner. If the Commissioner should decide against the disqualification of the examiner, the case will be reviewed on its merits as a case on appeal.

(a) *Appointment and responsibility.* The Commissioner shall, in writing, designate and appoint such number of examiners as may be necessary to conduct hearings in the denial of applications for permits and the suspension, revocation, and annulment of permits. The examiners shall be under the administrative control of the Commissioner. They shall be responsible for the conduct of hearings and shall render their decisions as soon as possible after the hearing is closed. Examiners shall also be responsible for the preparation and forwarding of reports of hearings, and the administrative work relating thereto, and, by arrangement with district supervisors and representatives of the Chief Counsel, shall have access to facilities and temporary use of personnel at such times and places as are needed in the prompt dispatch of official business. The examiners shall perform no duties inconsistent with, or which will interfere with, their duties and responsibilities as examiners. Examiners may be assigned duties not inconsistent with the performance of their functions as examiners.

(b) *Separation of functions.* Save to the extent required for the disposition of ex parte matters, as authorized by law, examiners shall not consult any person or party on any fact in issue, unless after notice all parties are permitted to participate; nor shall such officers be responsible to or subject to the supervision or direction of any officer, employee, or agent engaged in the performance of investigative or prosecuting functions for any agency. To this end, examiners shall be responsible to and subject to the supervision or direction of the Commissioner only. No officer, employee, or agent engaged in the performance of investigative or prosecuting functions for

any agency in any case shall, in that or a factually related case, participate or advise in the examiner's or Commissioner's decision, or in the agency review on appeal as provided in § 182.257b, except as a witness or counsel in the proceedings. The examiner may not informally obtain advice or opinions from the parties or their counsel, or from any officer or employee of the Bureau, as to the facts or the weight or interpretation to be given to the evidence. The examiner may, however, informally, obtain advice on matters of law from officers or employees of the Bureau who were not engaged in the performance of investigative or prosecuting functions in that or a factually related case. This limitation does not apply to the Commissioner, and the examiner may, at any time, consult with and obtain instructions from him on questions of law and policy.

(c) *Hearing powers.* Officers presiding at hearings shall have authority to (1) administer oaths and affirmations, (2) rule upon offers of proof and receive relevant evidence, (3) take or cause depositions to be taken whenever the ends of justice would be served thereby, (4) regulate the course of the hearing, (5) hold conferences for the settlement or simplification of the issues by consent of the parties, (6) dispose of procedural requests or similar matters, (7) render decisions in conformity with § 182.253, and (8) take any other action authorized in this section. (Secs. 3114, 3121 (b), 3170, I. R. C., secs. 5, 7, 8, 11, 12, Pub. Law 404, 79th Cong.)

§ 182.240a *Opportunity for compliance.* Except in cases of willfulness or those in which the public interest requires otherwise, and the district supervisor so finds in his citation or order to show cause, stating his reasons therefor, no permit shall be revoked, unless, prior to the institution of proceedings therefor, facts or conduct warranting such action shall have been called to the attention of the permittee by the district supervisor in writing and the permittee shall have been accorded an opportunity to demonstrate or achieve compliance with all lawful requirements. If the permittee fails to meet all the requirements of the law and regulations within such reasonable time as may be specified by the district supervisor, proceedings for revocation of the permit shall be initiated as provided in this part. (Secs. 3114, 3121 (b), 3170, I. R. C., secs. 9 (b), 12 Pub. Law 404, 79th Cong.)

§ 182.240b *Informal settlement.* In all cases in which a permittee is cited to show cause why his permit should not be revoked, he shall be afforded opportunity for the submission and consideration of facts, arguments, offers of settlement, or proposals of adjustment, where time, the nature of the proceeding, and the public interest permit. Such submittals should be made to the district supervisor or other designated officer. If proposals of settlement are submitted, and they are considered unsatisfactory, the district supervisor, unless he deems such course inadvisable, shall inform the permittee of any conditions on which the violation may be settled. Where necessary, the date of the hearing may be postponed, pending consideration of such proposals, when they are made in good faith and not for the purpose of delay.

(a) *Notice of contemplated action.* Where the district supervisor believes that the matter may be settled informally, i. e., without formal revocation proceedings, he shall, prior to the issuance of citation, inform the permittee of the contemplated issuance of an order to show cause why his permit should not be revoked, and that he is being given an opportunity for the submission and consideration of facts, arguments, offers of settlement, or proposals of adjustment. The notice should inform the permittee of the charges on which the order to show cause would be based, if issued, and afford him a period of 10 days from the date of the notice, or such longer period as the district supervisor deems necessary, in which to submit proposals of settlement to the district supervisor or other designated officer. Where informal settlement is not reached promptly because of the inaction of the permittee or proposals are made for the purpose of delay, citation shall issue in accordance with § 182.242 and the hearing shall be held in accordance with the regulations in this part.

(b) *Limitation on informal settlement.* Where the evidence is conclusive and the nature of the violation is such as to preclude any settlement short of revocation, or the violation is of a continuing character that necessitates immediate action to protect the public interest, or where the district supervisor believes that any informal settlement of the alleged violation will not insure future compliance with the law and regulations, or in any similar case where the circumstances are such as to clearly preclude informal settlement, and the district supervisor so finds and states his reasons therefor as provided in § 182.240a, he may restrict settlement to that provided for in § 182.248. (Sec. 3114, I. R. C. secs. 5 (b), 12, Pub. Law 404, 79th Cong.)

§ 182.241 *Citation.* All citations for revocation of permits must be signed by the Commissioner or district supervisor, as the cases may be, but the Commissioner or district supervisor may in writing designate any officer under his jurisdiction to sign his name to any citation: *Provided,* That in no event shall an examiner be required to prepare or sign a citation. (Secs. 3114, 3121 (b), 3170, I. R. C. secs. 5 (c), 12, Pub. Law 404, 79th Cong.)

§ 182.242 *Form of citation.* (a) *General.* The citation shall state (1) the time, place, and nature of the hearing; (2) the legal authority and jurisdiction under which the hearing is to be held; and (3) the matters of fact and law asserted. Item (1) shall be stated in accordance with § 182.243; item (2) shall cite the sections of law and regulations relied upon for authority and jurisdiction for the hearing; and item (3) shall set forth fully, in separate paragraphs, the matters of fact and law constituting violations, specifying dates, places, sections of law or regulations violated, etc.

(b) *Form 1430.* Citations, upon complaint of persons other than the Commissioner or district supervisor, shall be issued on Form 1430, "Order to Show Cause Why Permit Should Not Be Revoked, Copy of Complaint Attached," naming the complainant, and there shall be attached thereto a copy of the complaint.

(c) *Form 1430–A.* If revocation proceedings are instituted at the instance of the Commissioner or district supervisor, the order to show cause shall be issued on Form 1430–A, "Order to Show Cause Why Permit Should Not Be Revoked."

(d) *Execution and disposition.* The order, Form 1430 or 1430–A, shall be executed in quintuplicate. The original copy will be served on the permittee, one copy given the examiner designated to conduct the hearing, one copy placed in the official file containing certificate of manner of service, one copy included in the record of the case, and the remaining copy will be placed in the file of such orders maintained in the district supervisor's office. (Secs. 3114, 3121 (b), 3170, I. R. C., secs. 5 (a), 12, Pub. Law 404, 79th Cong.)

§ 182.243 *Time and place of hearing.* The citation shall direct the permittee to appear before a designated examiner at a time and place named therein, to show cause why his permit should not be revoked. The time specified for the hearing shall not be less than 15 days nor more than 30 days from the date on which such citation is served on the permittee, and the designated place of hearing shall be within the same Federal judicial district, and within 50 miles of the place where the acts constituting the violation are alleged to have occurred. In fixing the time and place for the hearing, due regard shall be had for the convenience and necessity of the parties or their representatives, subject to the above statutory limitations. The hearing may be waived by the permittee, or continued for cause or held at another place by agreement, in writing, as provided in §§ 182.248 and 182.249. (Sec. 3114, I. R. C., secs. 5 (a), 12, Pub. Law 404, 79th Cong.)

§ 182.245 *Suspension of withdrawals or transportation.* After citation for revocation of basic permit has been issued, withdrawals of alcohol or specifically denatured alcohol by such permittee may, in the discretion of the district supervisor or Commissioner who issues the citation, be suspended or restricted to the quantity which, together with the quantity then on hand, is necessary to carry on legitimate operations under such permit. The district supervisor may, in restricting the permittee to his legitimate needs, refuse to issue any purchase or withdrawal permit. In the case of carriers, transportation of tax-free or specially denatured alcohol by the carrier may be suspended or restricted to that which is intended for legitimate purposes only. (Secs. 3114, 3121 (b), 3170, I. R. C.)

§ 182.247 *Time of filing agreements or waivers.* Whenever practicable to do so, waivers of the hearing, or agreements changing the place, or postponing the time of the hearing, shall be filed with

the examiner within 10 days after the service of citation, unless the examiner extends such period of time. (Sec. 3114, I. R. C., secs. 7 (b), 12, Pub. Law 404, 79th Cong.)

§ 182.248 *Waiver of hearing.* • • •

(b) *Surrender before citation.* If a permittee surrenders his permit before citation, in any case where the evidence, in the opinion of the district supervisor or Commissioner, warrants citation for revocation, such citation shall be issued and the permittee shall at the same time be notified that he may file a formal waiver, as above provided. Should such formal waiver not be filed after notice, the examiner will proceed with the hearing on citation, as provided for in this part. (Sec. 3114, I. R. C., secs. 7, 12, Pub. Law 404, 79th Cong.)

§ 182.249 *Hearing.* Unless the hearing is waived by the permittee, or postponed, or transferred to another place, by a written agreement signed by the permittee, or his attorney, and the attorney representing the United States and approved and filed by the examiner, or the Commissioner, or unless the hearing is postponed or transferred (subject to the statutory limitations) by order of the examiner, or the Commissioner, for good cause shown by either party, it shall be held at the time and place stated in the citation, by the examiner named in the citation, or any other duly designated and appointed examiner assigned to hold such hearing. (Secs. 3114, 3121 (b), 3170, I. R. C., secs. 7, 12, Pub. Law 404, 79th Cong.)

§ 182.250 *Evidence at hearing.* Except as otherwise provided by statute, the proponent of an order shall have the burden of the proof. Any oral or documentary evidence may be received, but irrelevant, immaterial, or unduly repetitious evidence shall be excluded. No sanction shall be imposed or order be issued except upon consideration of the whole record or such portions thereof as may be cited by any party and as supported by and in accordance with reliable, probative, and substantial evidence. Every party shall have the right to present his case or defense by oral or documentary evidence, to submit rebuttal evidence, and to conduct such reasonable cross-examination as may be required for a full and true disclosure of the facts. The examiner shall, at the beginning of the hearing and throughout the proceedings, require that the parties attempt to arrive at such stipulations as will eliminate the necessity of taking evidence with respect to facts concerning which there is no substantial disputes. The evidence introduced at the revocation hearing on behalf of the United States or the permittee may consist of affidavits, depositions, duly authenticated copies of records and documents, and oral testimony of witnesses. Affidavits are not to be used if the personal attendance of the affiant as a witness is reasonably possible, and the examiner may require a showing that the personal attendance of the affiant is not reasonably possible before admitting an affidavit in evidence. When the record is made to show that the personal attendance of the witness is not reasonably possible, or such witness will not execute an affidavit or sign a written statement, the official report of the investigator or inspector of the results of his investigation in that particular regard, including any statements made to him, identified by him as a witness at such hearing, as having been made immediately following the investigation, may be introduced in evidence.

(a) *Further evidence.* Before closing a hearing the examiner shall definitely inquire of each party whether he has any further evidence to offer, which inquiry and the response thereto must be shown in the record. (Sec. 3114, I. R. C., secs. 7 (c), 12, Pub. Law 404, 79th Cong.)

§ 182.250a *Proposed findings and conclusions; exceptions.* Prior to each decision of the examiner, or decision of the Commissioner upon appeal, the permittee shall be afforded a reasonable opportunity to submit (a) proposed findings and conclusions, or (b) exceptions to the decisions of the examiner, and (c) supporting reasons for such exceptions or proposed findings or conclusions. The record shall show the ruling upon each such finding, conclusion, or exception presented. (Sec. 3114, I. R. C., secs. 8 (b), 12, Pub. Law 404, 79th Cong.)

§ 182.252a *Record.* The transcript of testimony and exhibits, together with all papers and requests filed in the proceeding, shall constitute the exclusive record for decision in accordance with § 182.253. Where the decision rests on official notice of a material fact not appearing in the evidence in the record, any party shall on timely request be afforded an opportunity to show the contrary. A copy of the record shall be available for inspection by the permittee or his attorney of record during business hours at the office of the examiner or the district supervisor, or copies thereof may be procured upon payment of the costs prescribed in paragraph (a) of this section.

(a) *Cost of copies of record.* Copies of the record desired by the permittee or his attorney of record will be charged for at the lowest prevailing rates charged by public reporters in the region where the hearing is held. Remittance shall be by certified check, cashier's or treasurer's check drawn on a National or State bank or trust company; or postal, bank, express, or telegraph money order, made payable to "Treasurer of the United States." Cash shall not be accepted under any circumstances. The examiner or district supervisor, who furnishes the copy or copies of the record and receives the remittance, shall execute a receipt therefor in duplicate and give the original of the receipt to the person from whom the remittance is received and place the copy in the file of the record. District supervisors shall schedule such remittances and forward them to the proper regional disbursing office for deposit as Miscellaneous Receipts. (Sec. 3114, I. R. C., secs. 7 (d), 12, Pub. Law 404, 79th Cong.)

§ 182.253 *Findings and decision of examiner.* Within a reasonable time after the conclusion of a hearing, the examiner shall render his decision. All decisions shall become a part of the record and shall consist of (a) a brief statement of the issues of fact involved in the hearing; (b) a summary of the evidence offered by both parties; (c) the examiner's findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record; and (d) the decision of the examiner. Upon rendering his decision, the examiner shall immediately transmit the entire record of the case, including his decision, to the district supervisor: *Provided,* That the examiner shall send one copy of his decision to the permittee and retain one copy thereof for his files. (Sec. 3114, I. R. C., secs. 8, 12, Pub. Law 404, 79th Cong.)

§ 182.254 *Order revoking permit or dismissing proceedings.* The district supervisor shall make an order revoking the permit or dismissing the proceedings in accordance with the examiner's findings and decision, unless he disagrees with such findings and decision and files a petition with the Commissioner for review thereof, as provided in § 182.257a. If the district supervisor files such petition, he shall withhold issuance of the order, pending the Commissioners' decision, upon receipt of which he shall issue the order in accordance therewith. An original copy of the order of the district supervisor and of the Commissioner upon review, if any, shall be forwarded to the permittee or his attorney of record in the proceedings.

(a) *Notice to Commissioner.* When the district supervisor makes an order revoking a permit, he will furnish a copy of the order to the Commissioner. Should such order be subsequently set aside upon reconsideration, or review by a court of equity, the district supervisor will so advise the Commisisoner. (Secs. 3114, 3121 (b), 3170, I. R. C., secs. 8, 12, Pub. Law 404, 79th Cong.)

§ 182.255 *Reconsideration of order revoking permit*—(a) *Time for filing application.* Within 20 days after an order is made by the district supervisor revoking a basic permit, the permittee may, if he desires, file an application with the examiner for a reconsideration of such order, on one or more of the following grounds:

(1) The order is contrary to law or regulations, or

(2) Is not supported by the evidence, or

(3) Because of newly discovered evidence which the permittee with due diligence, was unable to produce at the hearing.

If the application is based on grounds (1) or (2), the permittee shall specify therein, by reference to the record, in what respects the order is contrary to law or is not supported by the evidence, as the case may be. If the application is based on ground (3), the permittee shall summarize therein the newly discovered evidence and set forth why he was unable to produce such evidence prior to the closing of the record.

(b) *Time of hearing.* The examiner, with whom such application is filed, may hear the application on a date and at a place to be fixed by him, and, after hear-

ing such application, may either affirm the decision of revocation previously made, or may vacate and set aside such decision and dismiss the proceedings or order a new or supplemental hearing of the evidence.

(c) *Permit privileges.* During the period above provided for filing application for reconsideration, and until final decision is rendered after such reconsideration, if such application is filed within the time provided therefor, the permit involved shall continue in force and effect, except as to restrictions on withdrawals or transportation as may be ordered by the Commissioner or district supervisor, as provided in § 182.245. (Secs. 3114, 3121 (b), 3170, I. R. C., secs. 7 (a), 8 (a), 12, Pub. Law 404, 79th Cong.)

§ 182.256 *Proceedings when violation occurs outside of district where permit was issued.* If violations which furnish the basis for proceedings to revoke a permit are alleged to have occurred at a place not within the district where the permit was issued, the citation shall be issued by the district supervisor of the district having jurisdiction of the place where the violation occurred and the hearing shall be held by an examiner assigned to that district, who shall make his findings and decision, as provided in § 182.253.

(a) *Certified transcript of proceedings.* In all such cases, the examiner shall immediately forward a complete and duly certified transcript of the entire record of such proceedings and a copy of his decision to the district supervisor of the district in which the basic permit was issued, who shall take appropriate action in accordance with § 182.254. (Secs. 3114, 3121 (b), 3170, I. R. C., secs. 7 (a), 8 (a), 12, Pub. Law 404, 79th Cong.)

§ 182.257 *Appeal by permittee to the Commissioner.* Appeal to the Commissioner is not required prior to application to the federal court for review of an examiner's decision and the order issued pursuant thereto. However, the Commissioner may, in his discretion, in order to insure uniformity of administrative action, entertain an appeal from an order of revocation of a basic permit, if filed with the district supervisor or Commissioner within 10 days of the date of the final order.

(a) *Petition.* The appeal must set forth facts tending to show action (1) of an arbitrary nature, (2) without reasonable warrant in fact, or (3) contrary to law or regulations. The petition may be filed direct with the Commissioner, but a copy thereof must be filed with the district supervisor.

(b) *Permit privileges.* If such appeal is filed within the required time, the permit involved shall continue in force and effect until the final order by the Commissioner, except as to such restrictions upon withdrawals or transportation as may be imposed by the district supervisor, as provided in § 182.245. (Sec. 3114, I. R. C., secs. 8 (a), 12, Pub. Law 404, 79th Cong.)

§ 182.257a *Petition by district supervisor for review by commissioner.* The Commissioner may, in his discretion, in order to insure uniformity of administrative action, entertain a petition by the district supervisor to review the decision of the examiner. Such petition must set forth facts tending to show action (a) of an arbitrary nature, (b) without reasonable warrant in fact, or (c) contrary to law or regulations, and shall be filed with the Commissioner within 10 days of the date of the examiner's decision of which review is requested. A copy of the petition shall be furnished to the permittee by the district supervisor. (Secs. 3114, 3121 (b), 3170, I. R. C., secs. 8 (a), 12, Pub. Law 404, 79th Cong.)

§ 182.257b *Commissioner's review.* The Commissioner on appeal or petition for review may alter or modify any finding of the examiner and may affirm, reverse, or modify the decision of the examiner, or he may remand the case for further hearing, but the Commissioner will not consider evidence which is not a part of the record. Appeals and petitions for review to the Commissioner shall be considered and decided by the Deputy Commissioner in charge of the Alcohol Tax Unit: *Provided*, That the Deputy Commissioner shall not review the decision of an examiner in any case in which he has engaged in the investigation or prosecution of the case, in which event he shall so state his disqualification in writing and refer the record to the Commissioner for appropriate action: *Provided further*, That the Commissioner may designate an Assistant Commissioner to consider any case instead or in lieu of the Deputy Commissioner: *And provided further*, That the district supervisor may in advance of such appeal discuss the proposal to so appeal, and the facts and law of the case with any of the Assistant Deputy Commissioners, Alcohol Tax Unit, or any other officer or employee of the Treasury Department, except the Deputy Commissioner in charge of the Alcohol Tax Unit.

§ 182.257c *Authority of Commissioner.* As used in §§ 182.238 to 182.258, inclusive, "Commissioner," shall not include the Deputy Commissioner in charge of the Alcohol Tax Unit, unless otherwise indicated. The Commissioner shall have all the authority granted herein to examiners and district supervisors, and may exercise any of their functions. The Commissioner may issue citations, conduct hearings, make initial decisions, and exercise any other function prescribed herein, the same as examiners and district supervisors, and he may of his own motion, in any case, review the decision of the examiner or require the entire record to be certified to him for initial decision. (Secs. 3114, 3170, I. R. C., secs. 5, 7, 8, 12, Pub. Law 404, 79th Cong.)

§ 182.258 *Court review.* If the permittee intends to have an order revoking a permit reviewed on appeal by the federal court, as provided by law, the examiner, or Commissioner, upon request therefor, will have prepared, in triplicate, a complete transcript of the record of the revocation proceedings, including all exhibits introduced at such hearing, the findings of fact and conclusions upon which the revocation was based, all decisions, and the order of revocation.

(a) *Certification.* The examiner or Commissioner, as the case may be, will certify as to the correctness of such transcript of the record and furnish two copies thereof to the permittee or his attorney of record, upon payment of the costs prescribed in § 182.252a (a), and one copy to the attorney who will represent the United States in the review of such case in such court. (Sec. 3114, I. R. C., secs. 10, 12, Pub. Law 404, 79th Cong.)

ACTION BY DISTRICT SUPERVISOR

§ 182.282 *Investigation of applicant.*

* * *

(d) *Disapproval of application.* Where, after hearing or opportunity for hearing, as provided in §§ 182.220 to 182.225, inclusive, the district supervisor finds, from facts sufficient to warrant such findings, that the applicant is not entitled to the confidence of the Department, or is precluded by section 3114 (a), Internal Revenue Code, and § 182.106 (a) from receiving a permit, he shall, without reference to the Commissioner, note his disapproval on all copies of the application with brief statements of his reasons therefor and return to the applicant by registered mail one copy of the disapproved application, together with one set of the supporting documents and all copies of the bond, without action thereon. The district supervisor shall forward one copy of the disapproved application and one set of the supporting documents to the Commissioner, and retain the remaining papers in his file.

§ 182.292 *Disapproval of qualifying documents*—(a) *By Commissioner.* In the case of an industrial alcohol plant, bonded warehouse, or denaturing plant, if the district supervisor finds, after hearing or opportunity for hearing, as provided in §§ 182.220 to 182.225, inclusive, from facts sufficient to warrant such findings, that the applicant has not complied in all respects with the requirements of the law and regulations, or that the situation of the premises is such as would enable the applicant to defraud the United States, or that the application or bond should be disapproved under § 182.282 (e), he will note his recommendation for disapproval on the application, Form 1431, bond, Form 1432–A, and consent, Form 1602 (if any), or indemnity bond, Form 1604, filed in lieu of such consent, and will forward to the Commissioner for final action such copies of the qualifying documents as are required to be so forwarded by the preceding section in the case of recommendation for approval, together with a copy of all inspection reports. Where an application or bond is recommended for disapproval, the district supervisor will furnish the Commissioner with a full statement of the reasons therefor.

PART 458—INSPECTION OF RETURNS

SUBPART F—INSPECTION OF CERTAIN RETURNS UNDER THE INTERNAL REVENUE CODE

Regulations governing the inspection of income, excess-profits, declared value excess-profits, and capital stock tax returns by the Federal Trade Commission.

§ 458.312 *Inspection of returns by Federal Trade Commission.* (a) Pursuant to the provisions of sections 55 (a), 508, 603, 729 (a), and 1204 of the Internal Revenue Code (53 Stat. 29, 111, 171; 54 Stat. 989, 1008; 55 Stat. 722; 26 U. S. C. 55 (a), 508, 603, 729 (a), and 1204), and in the interest of the internal management of the Government, corporation income, excess-profits, declared value excess-profits, and capital stock tax returns made for the calendar year 1943 and fiscal years ended in the calendar year 1943, and statistical transcript cards prepared by the Bureau of Internal Revenue from the returns included in such classes made for any taxable year ending after June 30, 1943, and before July 1, 1944, shall be open to inspection by the Federal Trade Commission as an aid in executing the powers conferred upon such Commission by the Federal Trade Commission Act of September 26, 1914, 38 Stat. 717. The inspection of such returns and cards herein authorized may be made by any officer or employee of the Federal Trade Commission duly authorized by the Chairman of the Federal Trade Commission to make such inspection. Upon written notice by the Chairman of the Federal Trade Commission to the Secretary of the Treasury stating the classes of corporations the returns or transcript cards of which it is desired to inspect, the Secretary and any officer or employee of the Treasury Department, with the approval of the Secretary of the Treasury, may furnish the Federal Trade Commission with any data on such returns or cards or may make the returns or cards available in the office of the Commissioner of Internal Revenue for the taking of such data as the Chairman of the Federal Trade Commission may designate. Any information thus obtained shall be held confidential except to the extent that it shall be published or disclosed in statistical form, provided such publication shall not disclose, directly or indirectly, the name or address of any taxpayer.

TITLE 32—NATIONAL DEFENSE

Chapter XI—Office of Temporary Controls, Office of Price Administration

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[3d Rev. RO 3,[1] Amdt. 40]

SUGAR

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Third Revised Ration Order 3 is amended in the following respect:

1. The second sentence of sections 19.1 (b) (1), 19.2 (b), 19.3 (b), 19.4 (b) (1), 19.5 (b) (1), 19.6 (b) (1), 19.7 (b) (1), 19.9 (b) and 19.10 (b) (1) is amended to read as follows: "An application for such provisional allowance for any period may be made at any time from the 10th day of the month preceding such period to the end of that period."

This amendment shall become effective March 10, 1947.

Issued this 7th day of March 1947.

PHILIP B. FLEMING,
Temporary Controls Administrator.

Rationale Accompanying Amendment No. 40 to Third Revised Ration Order 3

Present regulations. The present regulations provide that an application for a provisional allowance for any period may be made at any time from fifteen days before to the end of that period.

Proposed amendment. This amendment provides that an application for a provisional allowance for any period may be made at any time from the 10th day of the month preceding such period to the end of that period.

Reason for amendment. Industrial users, who obtain quarterly allotments of sugar under the provisions of this order, may apply for such allotments on and after the 10th day of the month preceding the beginning of the allotment period.

In order that the provisions relating to the time of filing applications by all industrial users may be uniform, this amendment permits provisional allowance users to apply at any time from the 10th day of the month preceding the period for which the provisional allowance is requested to the end of that period.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[3d Rev. RO 3,[1] Amdt. 38]

SUGAR

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Third Revised Ration Order 3 is amended in the following respect:

1. Section 17.4 is amended to read as follows:

SEC. 17.4 *A registering unit may apply for an adjustment in its permanent allowable inventory.* (a) On or after March 15, 1947, a registering unit may apply for an adjustment in its permanent allowable inventory. Only one application under this section may be made by a registering unit.

(b) Application shall be made on OPA Form R–382 and the applicant must give all of the information required by the form. The application must be filed at the Sugar Branch Office with which the applicant is registered.

(c) If the Sugar Branch Office finds that the applicant is a registered retailer or wholesaler and that the facts stated in the application are true, it shall grant an adjustment as follows:

(1) If the applicant is a registered wholesaler, it shall grant an adjustment equal to 10% of the wholesaler's permanent allowable inventory.

(2) If the applicant is a registered chain retailer (four or more stores registered together), it shall grant an adjustment equal to 30% of the retailer's permanent allowable inventory.

(3) If the applicant is a registered retailer operating less than four stores, it shall grant an adjustment equal to 40% of the retailer's permanent allowable inventory.

(For example, if a registering unit's allowable inventory is 10,000 pounds, an adjustment for 1,000 pounds shall be granted if the applicant is a wholesaler, an adjustment for 3,000 pounds if the applicant is a retail operator of four or more stores registered together, or an adjustment for 4,000 pounds if the applicant is a retail operator of less than four stores).

(4) The Regional Office shall issue a ration check in the amount authorized by the Sugar Branch Office under the provisions of this section. The amount of the check authorized to be issued to a registering unit shall not exceed the amount of the adjustment less the amount of any excess inventory charge, any unpaid loan or unauthorized adjustment outstanding against such registering unit at the time of its application for adjustment.

(5) An adjustment may not be granted under the provisions of this section to any

registering unit against whom there is in operation an administrative suspension order issued under Revised Procedural Regulation No. 4 until the terms of the suspension order have been complied with.

(c) Nothing in this section shall be considered to forgive or excuse any violations by the applicant of this or any other order of the Office of Price Administration, or to affect any action which may be taken by the Office of Price Administration with respect to such violations.

This amendment shall become effective March 14, 1947.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 10th day of March 1947.

PHILIP B. FLEMING,
Temporary Controls Administrator.

Rationale Accompanying Amendment No. 38 to Third Revised Ration Order 3

Present provisions. Wholesalers, chain retailers and retailers have an allowable inventory of sugar and ration evidence to enable them to transfer sugar under rationing regulations.

Proposed amendment. This amendment permits registered wholesalers, chain retailers and retailers to apply on OPA Form R-382 on or after March 15 for adjustments in permanent allowable inventory. The application must be filed at the sugar branch office with which the wholesaler, chain retailer or retailer is registered. The amendment provides that, under certain conditions an adjustment of 10 percent of the permanent allowable inventory will be granted to registered wholesalers, an adjustment of 30 percent to registered chain retailers (those retailers who operate four or more stores registered together) and an adjustment of 40 percent to all other retailers.

Reasons for amendment. The higher levels of rations made possible after April 1, 1947 and the use of ten-pound consumer stamps instead of five-pound stamps make it necessary for wholesalers, chain retailers and retailers to have larger inventories so that they may satisfactorily fulfill the demands of their customers.

The permanent allowable inventories of both chain retailers and other retailers were originally established on an average of one week's sales or transfers. The chain retailer, however, established a combined allowable inventory covering all of his retail stores and in most cases received in addition an adjustment in his permanent allowable inventory to cover his warehouse stocks. The estimated needs of the chain retailer, therefore, are slightly less than those of other retailers.

Wholesalers' allowable inventories were established at the amount of sugar sufficient to cover two weeks' sales or transfers of sugar plus a shipping unit i. e., carload, truckload, etc. in which he normally took delivery.

The adjustment, therefore, to enable them to meet the increased demand is not required to be as large as that for retailers.

It is recognized that the amount of these adjustments does not reflect the apparent impact of a change from a five-pound stamp value to a ten-pound stamp value. However, the granting of the adjustment, even at the level indicated, will result in an increase of 75,000 to 100,000 tons in "invisible" inventories. Accordingly, an equivalent amount is thereby made unavailable for actual use. The amounts of the inventory adjustments, then, are being set at the minimum level at which it is believed the trade will be able to operate satisfactorily and maintain uninterrupted distribution of sugar to consumers and other users, while at the same time the diversion of sugar from use to inventory purposes is held at a minimum.

Chapter XVIII—Office of Temporary Controls, Office of War Mobilization and Reconversion (Stabilization)

[Directive 149]

PART 4003—SUBSIDIES: SUPPORT PRICES

PACIFIC NORTHWEST FUELWOOD SUBSIDY PAYMENT PROGRAM

On April 5, 1944, in order to insure the maximum necessary production and distribution of fuelwood, a subsidy payment program was initiated in the Pacific Northwest under section 2 (e) of the Emergency Price Control Act of 1942, as amended, covering excess transportation and handling costs incurred by dealers in stockpiling of sawdust used for fuel. The original program expired on June 30, 1945. However, due to the sharp declines in fuelwood production, the lack of equipment for conversion of wood-burning stoves to other types of heating equipment, and the curtailed production of coal, the fuel supply prospects in the Pacific Northwest remained precarious throughout the year 1945 and continued through the year 1946. Accordingly, on the strong recommendations of the interested government agencies, this program was continued from time to time until June 30, 1946.

Pending the formal renewal of this subsidy and upon the assurance of the government that the subsidy would be renewed, two dealers in the Seattle area undertook to stockpile 5,500 units of sawdust for the purpose of alleviating the acute shortage threatened in that area during the present heating season. The request has therefore been made that these two dealers be compensated for the excess transportation and handling costs incurred in stockpiling 5,500 units of sawdust between July 1, 1946 and September 1, 1946 in cooperation with the government.

Under these circumstances, I find that with respect to the units stockpiled on and after July 1, 1946, and unsold on November 9, 1946, there are no government price restraints in effect and, under the provisions of the Price Control Extension Act of 1946, subsidy payments made in connection therewith are prohibited. However, with respect to the units stockpiled at government request on and after July 1, 1946, and sold prior to November 9, 1946, at OPA maximum prices, I find that no such prohibition exists and such dealers should be compensated for the excess transportation and handling costs incurred.

§ 4003.88 *Pacific Northwest Fuelwood Subsidy Payment Program.* Reconstruction Finance Corporation is directed to make payments, upon certification of the Office of Price Administration, to compensate fuelwood dealers in the Seattle, Washington, area for excess transportation and handling costs incurred in connection with units of sawdust stockpiled between July 1, 1946, and September 1, 1946, and sold prior to November 9, 1946, at prices not to exceed OPA maximum prices. The total amount of such payment shall not exceed $15,000.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 1—ORGANIZATION, PRACTICE AND PROCEDURE

MISCELLANEOUS AMENDMENTS

FEBRUARY 28, 1947.

At a meeting of the Federal Communications Commission held at its offices in Washington, D. C. on the 6th day of February 1947;

It appearing, that the public interest, convenience and necessity will be served by delegating authority to the Secretary of the Commission, or in his absence, the Acting Secretary, upon securing the approval of the General Counsel and Chief Accountant, or their respective nominees, to act upon applications or requests by carriers for extensions of the time prescribed in § 43.51 of the Commission's rules and regulations for the filing of documents specified therein; and

It further appearing, that general notice of proposed rule making is not required herein under the provisions of section 4 of the Administrative Procedure Act; and

It further appearing, that the amendments ordered herein are designed to relieve a restriction in that they will expedite action upon applications or requests for extensions of time within which carriers are required to file documents specified in § 43.51;

It is ordered, That § 1.146 of the Commission's rules and regulations be, and it is hereby, redesignated at § 1.147, and amended to read as follows:

§ 1.147 *Record of actions taken.* All action taken by the Secretary in accordance with §§ 1.141 to 1.146, inclusive, shall be recorded each week in writing and filed in the official minutes of the Commission.

It is further ordered, That a new § 1.146, be, and the same is hereby adopted, reading as follows:

§ 1.146 *Authority delegated to the Secretary upon securing the approval of the Law and Accounting Departments.* The Secretary, or the Acting Secretary, is designated to act upon the following matters upon securing the approval of the General Counsel and Chief Accountant, or their respective nominees:

(a) Applications or requests for extensions of the time prescribed in § 43.51 of the rules and regulations for the filing of documents specified therein.

It is further ordered, That this order shall take effect immediately.

ORANGES AND GRAPEFRUIT GROWN IN CALIFORNIA AND ARIZONA

NOTICE OF PROPOSED RULE MAKING

Consideration is being given to the following proposals submitted by the Growers Advisory Committee, established pursuant to Marketing Agreement No. 30, as amended, and Order No. 2, as amended (7 CFR 902.1 et seq.), regulating the handling of oranges and grapefruit grown in the States of California and Arizona:

1. That the Secretary of Agriculture find that the provisions of the aforesaid amended marketing agreement and order no longer tend to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 7 U. S. C. 601 et seq.);

2. That the Secretary of Agriculture find that the aforesaid Growers Advisory Committee has no funds or property in its possession or under its control and has no liability or outstanding obligations under the said amended marketing agreement and order;

3. That the Secretary of Agriculture terminate the said amended marketing agreement and order regulating the handling of oranges and grapefruit grown in the States of California and Arizona: *Provided*, That such termination shall not affect or waive any right, obligation, duty, or liability under said amended marketing agreement and order, or release or extinguish any violation of said amended marketing agreement and order, or affect or impair any right or remedy of the United States, the Secretary, or any person with respect to any such violation, which has arisen or occurred or which may arise or occur prior to the time that such termination becomes effective;

4. That the Secretary of Agriculture discharge the members of the aforesaid Growers Advisory Committee from any and all obligations and duties which would otherwise accrue upon such termination of said amended marketing agreement and order.

All persons who desire to submit written data, views, or arguments concerning such proposals shall file the same with the Hearing Clerk, Room 0308, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after the publication of this notice in the FEDERAL REGISTER. All documents should be filed in quadruplicate.

[Docket No. 8163]

DISPLAY OF STATION LICENSE AND TRANSMITTER IDENTIFICATION CARDS

NOTICE OF PROPOSED RULE MAKING

FEBRUARY 28, 1947.

In the matter of amendment of § 5.29 of Part 5, amendment of § 10.82 of Part 10, amendment of § 11.42 of Part 11, amendment of § 16.23 of Part 16, and amendment of § 17.123 of Part 17, and deletion of § 10.83 of Part 10, and deletion of § 11.43 of Part 11 of the Commission's rules, for the purpose of: Eliminating the requirement that a photocopy of the station license or a license verification card be available for inspection at each portable or mobile radio unit authorized under a blanket station license covering more than one transmitting unit, and substituting for this requirement the requirement that there be attached to each transmitter unit installed and operated under blanket station authorization an identification tag supplied by the Federal Communications Commission.

1. Notice is hereby given of proposed rule making in the above entitled matter.

2. The proposed rules and regulations, which are amendments and deletions of existing rules and regulations, are set forth below.

3. The proposed rules are issued under the authority of sections 301 and 303 (r) of the Communications Act of 1934, as amended.

4. Any interested person, who is of the opinion that the amendments proposed should not become effective, or should not become effective in the form set forth, may file with the Commission, on or before March 20, 1947, a written statement or brief setting forth his comments. The Commission will consider these written comments before taking any final action regarding the proposed rules; and, if comments are submitted which request or appear to warrant the holding of an oral argument, notice of the time and place of such oral argument will be given all interested parties.

The following sections of the Commission's rules will be affected in the manner indicated: § 5.29, Part 5, amended; § 10.82, Part 10, amended; § 10.83, Part 10, deleted; § 11.42, Part 11, amended; § 11.43, Part 11, deleted; § 16.23, Part 16, amended; § 17.123, Part 17, amended.

Sections 5.29, 10.82, 11.42, 16.23, and 17.123, as amended, will read as follows:

Display of station license and transmitter identification cards. (a) Each mobile or portable station authorization issued by the Commission shall be retained as a permanent part of the station record. An executed Transmitter Identification Card (FCC Form No. 452-C, Revised) shall be attached to each mobile and each portable transmitter unit operated in this service. The following information shall be entered on the card by the permittee or licensee:

(1) Name of the permittee or licensee;

(2) Station call signal assigned by the Commission;

(3) Exact location of the station records;

(4) Frequency or frequencies on which the transmitter to which attached is adjusted to operate; and

(5) Signature of the permittee or licensee, or a responsible official thereof.

(b) Each land or fixed station authorization issued by the Commission shall be displayed at the principal control position of that station. At all other control points listed on the station authorization a photocopy of the authorization shall be displayed. In addition, an executed Transmitter Identification Card (FCC Form No. 452-C, Revised) shall be attached to each transmitter operated at a fixed location when the transmitter is not in view of and readily accessible to the operator at the principal control position.

Approved: February 27, 1947.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-120 and 59-34]

NEW ENGLAND GAS AND ELECTRIC ASSN. ET AL.

NOTICE OF FILING AND ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 3d day of March 1947.

In the matters of New England Gas and Electric Association, File No. 54-120; New England Gas and Electric Association et al., File No. 59-34.

Notice is hereby given that New England Gas and Electric Association ("New England"), a registered holding company, has filed a further amendment to its application for approval of an Alternate Plan of recapitalization under section 11 (e) of the Public Utility Holding Company Act of 1935.

All interested persons are referred to the said amendment which is on file in the office of the Commission for a statement of the action therein proposed which is summarized as follows:

The Commission by order dated February 11, 1947, approved the Alternate Plan for recapitalization of New England Gas and Electric Association under section 11 (e) of the Public Utility Holding Company Act of 1935 and other applicable provisions thereof, and reserved jurisdiction to, among other things, entertain such further proceedings, to make such supplemental findings, and to take such further action as it may deem appropriate in connection with the plan, the transactions incident thereto and the consummation thereof, and to pass upon amendments with respect to the term of the new securities to be issued pursuant to the plan. New England has filed an amendment to its application in which it requests that the disposition of the cumulative convertible preferred shares and common shares to be issued pursuant to the terms of the Alternate Plan be exempt from the competitive bidding requirements of Rule U-50 of the general rules and regulations under the act.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that the hearing in this matter be reconvened with respect to said amendment and that said amendment shall not be granted nor permitted to become effective except pursuant to further order of the Commission.

It is ordered, That the hearing in this matter be reconvened on March 11, 1947 at 2:00 p. m., e. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pa. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at such reconvened hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a hearing officer under the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of the said amendment and that, on the basis thereof, the following matters and questions are presented for consideration without prejudice, however, to the presentation of additional matters and questions upon further examination:

1. Whether it is appropriate in the public interest and in the interests of investors and consumers to grant New England's request for an exemption from the competitive bidding requirements of Rule U-50 with respect to the proposed preferred and common shares.

2. What terms and conditions, if any, should be prescribed in the public interest or for the protection of investors and consumers in the event that the Commission should grant such request.

It is further ordered, That particular attention be directed at said reconvened hearing to the foregoing matters and questions.

It is further ordered, That any interested person desiring to be heard or otherwise wishing to participate at said reconvened hearing shall file with the Secretary of the Commission, on or before March 10, 1947, his request or application therefor as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid reconvened hearing by mailing a copy of this order by registered mail to New England Gas and Electric Association and to all other parties in the proceedings herein, and that notice of said reconvened hearing shall be given to all other persons by general release of this Commission distributed to the press and mailed to the mailing list for releases under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

By the Commission.

CITIES SERVICE CO.

NOTICE OF FILING OF AMENDED PLAN

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 3d day of March 1947.

Cities Service Company ("Cities"), a registered holding company, having on November 21, 1946, filed an application for approval of a plan pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("Act") providing for the simplification of Cities' capital structure; and the Commission having on November 27, 1946, issued a Notice of Filing and Order for Hearing (Holding Company Act Release No. 7024), summarizing the principal provisions of said application and plan and ordering a hearing thereon; and public hearings having been held from time to time upon said application and plan and said hearings having been adjourned subject to the call of the hearing officer:

Notice is hereby given that on February 20, 1947, Cities filed an amended application and amended plan modifying the application and plan heretofore filed.

All interested persons are referred to said amended application and amended plan, which are on file in the offices of the Commission, for a full statement of the transactions therein proposed. Copies of the amended plan may be obtained from Cities Service Company, 60 Wall Street, New York 5, N. Y., upon request. Certain provisions of said amended application and amended plan differing from the original application and plan may be summarized as follows:

1. Under the amended plan, the term of the proposed 3% Sinking Fund Debentures is to be reduced from fifty to thirty years, and the principal amount of said Debentures to be issued is increased from $108,361,950 to $115,246,950, the latter principal amount being equivalent to the aggregate of the call prices applicable to Cities' outstanding preferred and preference stocks as at December 31, 1946. The principal amount of the 3% Sinking Fund Debentures to be issued in exchange for each share of such stocks is as follows:

	Principal amount of debentures to be issued
For every share of preferred stock	$196.50
For every share of preference BB stock	193.50
For every share of preference B stock	19.35

2. The Indenture covering the proposed 3% Sinking Fund Debentures will be amended to include certain protective provisions for the benefit of the Debenture holders, including, as more partic-

ularly described in the Indenture, an earnings coverage requirement with respect to the issuance of additional securities and a provision pursuant to which no cash dividends on the common stock may be paid except out of earned surplus accumulated subsequent to January 1, 1947.

3. The amended plan provides that Cities will pay such fees and expenses for services rendered in connection with the plan as may be allowed by the Commission.

4. The provision contained in the plan, as originally filed, conditioning the effectuation of the plan upon the delivery of consents by 60% or more of the aggregate stated value of the preferred and preference stocks, and the accompanying provision relating to the employment of solicitors to obtain such consents, has been eliminated in the amended plan.

5. Cities has requested the Commission in accordance with the provisions of section 11 (e) of the act to apply to a court of competent jurisdiction to enforce and carry out the terms and provisions of the plan.

Notice is given that any interested person may, not later than March 14, 1947, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held with respect to the amended application and amended plan, stating the reasons for such request, the nature of his interest, and the issues of fact or law raised by such amended application and amended plan which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pa. At any time after March 14, 1947, the Commission may issue its order with respect thereto.

It is hereby ordered, That notice of the filing of the amended application and amended plan be given to all persons who have heretofore applied for or who have been granted participation in the proceedings, and to all other persons, said notice to be give by registered mail to all persons who have heretofore applied for or who have been granted participation in the proceedings, and to all other persons by publication of this notice in the FEDERAL REGISTER, and by general release to the press.

By the Commission.

SOUTHERN CALIFORNIA WATER CO. AND AMERICAN STATES UTILITIES CORP.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 3d day of March A. D. 1947.

American States Utilities Corporation ("American States"), a registered holding company, and its subsidiary Southern California Water Company ("Southern"), having filed an application and declaration, as amended, pursuant to sections 7 and 10 of the Public Utility Holding Company Act of 1935 and Rules U-50 and U-62 promulgated thereunder, regarding (1) the amendment to Southern's Articles of Incorporation to provide for certain restrictions of common stock dividends unless certain minimum ratios of common stock equity to total capitalization are maintained; and (2) the issuance by Southern and the acquisition by American States of 61,932 shares of common stock in exchange, share for share, for the same number of outstanding common shares; and

Said application and declaration having been filed on the 28th day of January, 1947 and amendment thereto having been filed on February 27, 1947, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said application and declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

Southern having obtained the approval of the Public Utilities Commission of California to issue 61,932 shares of common stock and no other State commissions having informed this Commission that applicable state laws have not been complied with; and

The Commission finding with respect to the application and declaration, as amended, that the requirements of the applicable provisions of the act and rules thereunder are satisfied, that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interests of investors and consumers that the said application and declaration, as amended, be granted and permitted to become effective;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and rules thereunder, and subject to the terms and conditions prescribed in Rule U-24, that the application and declaration, as amended, be and the same are granted and permitted to become effective forthwith.

UNION PRODUCING CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 4th day of March A. D. 1947.

Union Producing Company ("Union"), a wholly owned subsidiary of United Gas Corporation ("United"), which is a subsidiary of Electric Power & Light Corporation, a registered holding company, having filed an application and declaration and amendment thereto pursuant to sections 9 (a) (1) and 12 (c) of the Public Utility Holding Company Act of 1935 and Rule U-42 promulgated thereunder with respect to the following transactions:

Union proposes to redeem for cash on or about March 25, 1947, $1,000,000 principal amount of its 6% Debentures due March 1, 1952, in accordance with the provisions thereof, at principal amount and accrued interest thereon to date fixed for such redemption. Union has presently outstanding $38,000,000 of said 6% Debentures, all of which are owned by United. The Debentures are pledged and held as collateral under the provisions of the Mortgage and Deed of Trust securing United's First Mortgage Bonds. The filing states that United has advised Union that it proposes to transfer the $1,000,000 principal amount to be paid to the Trustee by Union to the Sinking Fund provided in said Mortgage as a credit against current requirements in accordance with the provisions of said Mortgage.

The application and declaration having been filed on February 14, 1947, the amendment thereto having been filed on February 19, 1947, notice of said filing as amended having been given in the form and manner prescribed by Rule U-23 under said act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the proposed transaction hereinabove mentioned satisfies the requirements of the provisions of the act and of the rules thereunder, insofar as they are applicable, and that it is appropriate in the public interest and in the interest of investors and consumers that said application be granted and said declaration be permitted to become effective, and deeming it appropriate to grant the request of Union that the order become effective at the earliest practicable date:

It is ordered, Pursuant to said Rule U-23 and the applicable provisions of said act, and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid application be, and the same hereby is, granted and that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

TITLE 7—AGRICULTURE

Chapter III—Bureau of Entomology and Plant Quarantine

[Quarantine 72]

PART 301—DOMESTIC QUARANTINE NOTICES

WHITE-FRINGED BEETLE QUARANTINE

Introductory note. This revision of the quarantine and regulations is made primarily for the purpose of placing the State of Georgia under quarantine on account of the white-fringed beetle and placing under regulation parts of 23 counties in Georgia. Minor additions to the regulated area in several counties of Alabama and Mississippi are made. No changes in the regulated areas of Florida, Louisiana, or North Carolina and no changes in regulated articles are made by this revision.

A public hearing was held September 12, 1946, to consider the advisability of extending the Federal quarantine on account of the white-fringed beetle to include both the State of Georgia and the State of South Carolina. Facts developed and submitted at the hearing demonstrated that white-fringed beetles were well established in many localities within the State of Georgia. Only one infestation is known to occur in a restricted area in the State of South Carolina. This involves a small plot in which nursery stock from an infested nursery in Georgia was planted. All of this nursery stock has been treated under the supervision of Federal and State inspectors in such manner as to render it entirely free of white-fringed beetles and the infested plot, which will be thoroughly treated with insecticides, is being maintained under the surveillance of inspectors to preclude the movement of any soil or other products which might spread the beetle. This area has been thoroughly inspected; however, further inspection is necessary to determine if infestations occur on adjacent or nearby lands. Furthermore, articles from areas in another State where infestation is well established have been transported into several other localities in South Carolina and there is a probability that infestations may be disclosed when seasonal conditions will permit further inspections.

On the basis of facts developed and evidence submitted at the hearing, the State of Georgia is being placed under quarantine at this time while quarantine action with respect to the State of South Carolina is being held in abeyance pending further investigations.

The Secretary of Agriculture has determined that it is necessary further to revise the white-fringed beetle quarantine and regulations supplemental thereto which were last revised effective December 12, 1945, 7 CFR 1945 Supp. 301.72 B. E. P. Q.—Q. 72, in order to place the State of Georgia under quarantine and to make other modifications. The quarantine and regulations are therefore hereby revised to read as follows:

Sec.
301.72 Notice of quarantine.
301.72-1 Definitions.
301.72-2 Regulated areas.
301.72-3 Regulated articles.
301.72-4 Conditions of interstate movement.
301.72-5 Conditions under which certificates and permits may be issued.
301.72-6 Procedure for obtaining certificates or permits; applications.
301.72-7 Cancellation of certificates or permits.
301.72-8 Cleaning of vehicles.
301.72-9 Shipments for experimental or scientific purposes.

AUTHORITY: §§ 301.72 to 301.72-9, inclusive, issued under sec. 8, 37 Stat. 318 as amended by 39 Stat. 1165 and 44 Stat. 250, secs. 1, 3, 33 Stat. 1269, 1270; 7 U. S. C. 141, 143, 161.

§ 301.72 *Notice of quarantine.* Under the authority conferred by section 8 of the Plant Quarantine Act of August 20, 1912, as amended, and having held the public hearings required thereunder, the Secretary of Agriculture quarantines the States of Alabama, Florida, Georgia, Louisiana, Mississippi, and North Carolina, to prevent the spread of dangerous infestations of introduced species of the genus Pantomorus, subgenus Graphognathus, commonly known as white-fringed beetles, and under authority contained in the aforesaid Plant Quarantine Act and the Insect Pest Act of March 3, 1905, the Secretary of Agriculture hereinafter prescribes regulations governing the movement of white-fringed beetles and carriers thereof: *Provided*, That the restrictions of this quarantine and of the regulations supplemental hereto with respect

to the movement of carriers of the white-fringed beetles may be limited to such areas, within the quarantined States, as are hereinafter or may hereafter be designated by the Secretary of Agriculture as regulated areas, adequate, in his judgment, to prevent the spread of the white-fringed beetles, but any such limitations shall be conditioned upon the control by the affected State or States, of the intrastate movement of said insect pests and carriers thereof under the same conditions as apply to their movement from the quarantined States under the then applicable Federal quarantine regulations and upon the enforcement by the affected State or States of such control and sanitation measures with respect to said areas or portions thereof as, in the judgment of the Secretary of Agriculture, are adequate to prevent the intrastate spread therefrom of the said insect infestation.

Hereafter, the following articles shall not be transported by any person, firm, or corporation from any quarantined State into or through any other State or Territory or District of the United States, under conditions other than those prescribed herein or in regulations supplemental hereto or in amendments or modifications thereof: (a) Live white-fringed beetles in any stage of development; (b) soil independently or in connection with nursery stock, plants, or other things; (c) nursery stock and other stipulated plants or plant products; and (d) other articles, as stipulated in § 301.72–3: *Provided*, That whenever, in any year, the Chief of the Bureau of Entomology and Plant Quarantine shall find that facts exist as to the pest risk involved in the movement of one or more of said articles, except live white-fringed beetles in any stage of development, making it safe to modify, by making less stringent, the restrictions contained in the supplemental regulations applicable thereto, he shall set forth and publish such finding in administrative instructions, specifying the manner in which the applicable regulations should be made less stringent, whereupon such modification shall become effective, for such period and for such regulated area or portion thereof as shall be specified in said administrative instructions, and every reasonable effort shall be made to give publicity to such administrative instructions throughout the affected areas.

Live white-fringed beetles in any stage of development shall not be transported by any person, firm, or corporation from one State or Territory of the United States or the District of Columbia into another of such places except for scientific purposes under the regulations supplemental hereto, or amendments or modifications thereof.

§ 301.72–1 *Definitions.* For puposes of the regulations supplemental to the white-fringed beetle quarantine the following terms shall have the meanings hereby assigned:

(a) *The pests.* Species of the genus Pantomorus, subgenus Graphognathus, commonly known as white-fringed beetles, in any stage of development.

(b) *Interstate.* From any State, Territory, or District of the United States into or through any other State, Territory, or District of the United States.

(c) *Infested or infestation.* Infested by white-fringed beetles, in any stage of development. (See paragraph (a) of this section.)

(d) *Regulated area.* Any area in a quarantined State designated as regulated in the regulations supplemental to this quarantine or amendments thereof, from which the interstate movement of regulated articles is hereby regulated.

(e) *Infested area.* That portion of the regulated area in which infestation exists, or in the vicinity of which infestation is known to exist under such conditions as to expose the area to infestation by natural spread of beetles, as determined by an authorized inspector.

(f) *Regulated articles.* Products or articles of any character whatsoever, the interstate movement of which from the regulated areas is regulated by this quarantine and the regulations supplemental thereto.

(g) *Nursery stock.* Forest, field, and greenhouse-grown annual or perennial plants, for planting purposes.

(h) *Inspector.* Duly authorized Federal plant-quarantine inspector.

(i) *Certificate.* An approved document issued by an inspector for use on individual containers of regulated articles, authorizing their movement from the regulated areas.

(j) *Master permit.* An approved document issued by an inspector for use with bulk shipments of regulated articles by rail or road vehicle, authorizing their movement from the regulated areas.

(k) *Limited permit.* An approved document issued by an inspector, to allow controlled movement of noncertified articles to designated and authorized destinations for processing or other regulated handling.

(l) *Administrative instructions.* Documents relating to the enforcement of this quarantine issued under the authority of the provisions thereof by the Chief of the Bureau of Entomology and Plant Quarantine.

Townships of Burgaw, Caswell, Long Creek, and Rocky Point; that part of Columbia Township lying south of a straight line constituting a projection eastwardly of the northern boundary line of Caswell Township to its intersection with the northern boundary of Burgaw Township; and that part of Grady Township north of the Long Creek-Montague-Borough Road.

Robeson County. That area bounded on the south by a line ½ mile south of and parallel to the south corporate limits of Parkton; on the west by a line ⅖ mile west of and parallel to the west corporate limits of Parkton; on the north and east by the north and east corporation limit lines, respectively, of Parkton; and the projection of such lines to their intersections.

Union County. All of that area included within the corporate limits of Marshville.

Wayne County. All of Goldsboro Township; that area bounded on the north by a due east-west line ½ mile north of the intersection in Pikeville of the Atlantic Coast Line Railroad and Main Street; on the south by a due east-west line ½ mile south of said intersection; on the east and west by the east and west corporation limit lines, respectively, of Pikeville; and the projection of such lines to their intersections.

§ 301.72–3 *Regulated articles—(a) Prohibited movement.* The movement of live white-fringed beetles in any stage of development from one State or Territory of the United States or the District of Columbia into another of such places, either independently or in connection with any other articles, is prohibited, except as provided in paragraph (b) of § 301.72–9.

(b) *Regulated movement.* Except as provided in administrative instructions, the interstate movement of the following articles from any regulated area is regulated throughout the year.

(1) Soil, sand, gravel, clay, peat, or muck, whether moved independently or in connection with or attached to nursery stock, plants, products, articles, or things.

(2) Compost, manure, moss, and leafmold.

(3) Nursery stock.

(4) Grass sod.

(5) Plant crowns or roots for propagation.

(6) Uncleaned grass, grain, and legume seed.

(7) Potatoes (Irish), when freshly harvested.

(8) True bulbs, corms, tubers, and rhizomes of ornamental plants, when freshly harvested or uncured.

(9) Hay and straw.

(10) Peanuts in shells.

(11) Seed cotton, cottonseed, and baled cotton lint and linters.

(12) Scrap metal and junk.

(13) Forest products such as cordwood, stump wood, logs, lumber, timbers, posts, poles, and cross ties.

(14) Brick, tile, stone, and cinders.

(15) Concrete slabs, pipe, and building blocks.

(16) Implements, machinery equipment, and containers.

§ 301.72–4 *Conditions of interstate movement—(a) Certification required.* Regulated articles shall not be moved interstate from a regulated area to or through any point outside thereof unless accompanied by a valid inspection certificate issued by an inspector: *Provided,* That certification requirements as they relate to part or all of any regulated area or regulated products may be waived during part or all of the year, by the Chief of the Bureau of Entomology and Plant Quarantine, on his finding and giving due notice thereof, in administrative instructions, that the State concerned has promulgated and enforced adequate sanitary measures on and about the premises on which regulated articles originate or are retained, or that adequate volunteer sanitary measures have been applied, or that other control or natural conditions exist which have eliminated the risk of contamination by the pests in any stage of development.

(b) *Use of certificate on shipments.* Unless exempted by administrative instructions, and except as provided in § 301.72–5 (b) for movement of uncertified shipments under limited permits to designated destinations, every container of regulated articles moved interstate from any regulated area shall have securely attached to the outside thereof a certificate issued in compliance with §§ 301.72 to 301.72–9, inclusive, except that in the case of shipments in bulk by rail a master permit attached to the waybill will be sufficient. In the case of shipments in bulk by road vehicle a master permit shall accompany the vehicle and be surrendered to the consignee on delivery.

(c) *Movement within continuous areas not regulated.* No certificates are required for interstate movement of regulated articles when such movement is wholly within continuous regulated areas.

(d) *Articles originating outside the regulated areas.* No certificates are required for the interstate movement of regulated articles originating outside of the regulated areas moving through or from a regulated area, when the point of origin is clearly indicated, when their identity has been maintained, and when the articles are protected, while in the regulated area, in a manner satisfactory to the inspector.

§ 301.72–5 *Conditions under which certificates and permits may be issued—(a) Issuance of certificates and master permits.* Certificates or master permits authorizing the interstate movement of soil, earth, sand, gravel, clay, peat, muck, or compost originating in noninfested parts of the regulated areas, and of all other regulated articles from any part of the regulated areas may be issued upon determination by the inspector that the articles are (1) apparently free from infestation; or (2) have been treated, fumigated, sterilized, or processed under approved methods; or (3) were grown, produced, manufactured, stored, or handled in such manner that, in the judgment of the inspector, no infestation would be transmitted thereby. Certificates and master permits authorizing the interstate movement of soil, sand, gravel, clay, peat, muck, or compost, originating in an infested area may be issued only when such materials have been treated or handled under methods or conditions approved by the Chief of the Bureau of Entomology and Plant Quarantine.

(b) *Limited permits.* Limited permits may be issued for the movement of noncertified regulated articles to destinations and consignees as may be authorized and designated by the Chief of the Bureau of Entomology and Plant Quar-

antine for processing or other handling. As a condition of such authorization and designation, persons or firms shipping, receiving, or transporting such articles may be required to agree in writing to maintain such sanitary safeguards against the establishment and spread of infestation and to comply with such conditions as to the maintenance of identity, handling, or subsequent movement of regulated products and cleaning of railway cars, trucks, or other vehicles used in the transportation of such articles as may be required by the inspector.

(c) *Dealer-carrier permit.* As a condition of issuance of certificates or permits for the interstate movement of regulated articles, persons, or firms engaged in purchasing, assembling, exchanging, processing, or carrying such regulated articles originating or stored in regulated areas, may be required to execute a signed agreement stipulating that the permittee will carry out any and all conditions, treatments, precautions, and sanitary measures which may be deemed necessary.

§ 301.72–6 *Procedure for obtaining certificates or permits; applications.* Persons intending to move regulated articles, the certification of which is required, interstate from regulated areas shall make application for certification as far as possible in advance of the probable date of shipment. Applications must show the nature and quantity of articles to be moved, together with their exact location, and if practicable, the contemplated date of shipment. Applicants for inspection may be required to assemble or indicate the articles to be shipped so that they may be readily examined by the inspector.

The United States Department of Agriculture will not be responsible for any cost incident to inspection or treatment other than the services of the inspector.

§ 301.72–7 *Cancellation of certificates or permits.* Certificates or permits issued under these regulations may be withdrawn or canceled and further certification refused whenever, in the judgment of the Chief of the Bureau of Entomology and Plant Quarantine, the further use of such certificates or permits might result in the dissemination of an infestation.

§ 301.72–8 *Cleaning of vehicles.* When in the judgment of the inspector a hazard of spread of infestation is involved, thorough cleaning of freight cars, trucks, and other vehicles may be required before movement interstate to points outside the regulated areas.

§ 301.72–9 *Shipments for experimental or scientific purposes*—(a) *Articles for experimental or scientific purposes.* Regulated articles other than live white-fringed beetles may be moved interstate for experimental or scientific purposes on such conditions as may be prescribed by the Chief of the Bureau of Entomology and Plant Quarantine. The container of articles so moved shall bear an identifying tag from the Bureau of Entomology and Plant Quarantine.

(b) *Beetles for scientific purposes.* Live white-fringed beetles, in any stage of development, may be moved from one State or Territory of the United States or the District of Columbia into another of such places for scientific purposes only under conditions prescribed by the Chief of the Bureau of Entomology and Plant Quarantine. The container of white-fringed beetles so moved shall bear an identifying tag from the Bureau of Entomology and Plant Quarantine.

This revision of the quarantine and regulations shall be effective on and after March 15, 1947 and shall supersede the quarantine and regulations issued December 12, 1945. Since the season for shipment of nursery stock is imminent and it is necessary to regulate the movement of nursery stock and other articles from areas infested with the white-fringed beetles and not now regulated, in order to prevent the spread of said insect pest, it is found, upon good cause, that notice and public procedure under the Administrative Procedure Act with respect to extension of the regulated areas in Alabama and Mississippi and certain other changes in the regulations would be contrary to the public interest and that the foregoing quarantine and regulations should be made effective less than 30 days after publication.

Done at Washington, D. C., this 6th day of March 1947.

Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] N. E. DODD,
Acting Secretary of Agriculture.

APPENDIX

PENALTIES

The Plant Quarantine Act of August 20, 1912, as amended, provides that any person who shall violate any of the provisions of this quarantine or regulations pursuant thereto shall be deemed guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine not exceeding $500, or by imprisonment not exceeding one year, or both such fine and imprisonment in the discretion of the court.

STATE AND FEDERAL INSPECTION

AUTHORITY: §§ 1701.1 to 1701.14, inclusive, issued under sec. 21 (a), 58 Stat. 775; 50 U. S. C., App. Sup., 1630 (a).

GENERAL INFORMATION FOR PROSPECTIVE PURCHASERS OF SURPLUS AGRICULTURAL COMMODITIES AND FOODS

§ 1701.1 *Nature of property sold.* The property listed in Surplus Property Sale Announcements of the United States Department of Agriculture (hereinafter referred to as "USDA"), has been declared surplus by owning agencies to USDA for disposal in accordance with Surplus Property Act of 1944 (58 Stat. 775, as amended; 50 U. S. C., App. Sup. 1611 et seq.). The commodities will be sold subject to priorities provided in the regulations (32 CFR Chap. XXIII) of the War Assets Administration (hereinafter referred to as WAA). USDA reserves the right to withdraw all or any part of the property included in any announcement. Prospective purchasers are urged to inspect property.

§ 1701.2 *To priority claimants.* (a) Veterans certified as eligible by WAA, Reconstruction Finance Corporation (for resale) under section 18 (e) of the Surplus Property Act of 1944, State and local governments and instrumentalities thereof for their own use, non-profit institutions whose applications are approved in accordance with procedures prescribed by WAA, and public international organizations for their own use, will be accorded their respective priorities to acquire the property at its fair value pursuant to regulations of the WAA. Educational and public health instrumentalities and non-profit institutions whose applications are approved in accordance with procedures prescribed by WAA may acquire the property at its fair value, less the 40% discount authorized by the regulations of the WAA and USDA if the approval of the application expressly provides for such discount.

(b) A prospective purchaser who is entitled to acquire property on the basis of its fair value will be notified by telegram of the quantity allotted to him and

the definite price which is determined to be fair value as soon as determination as to such quantity and price has been made. If he wishes to buy he shall accept such allotment at such price. Such acceptance must be received by USDA at the address shown on the announcement within 24 hours following the sending of the telegram by USDA, otherwise the request of such purchaser will be deemed withdrawn. If there is no quantity available the prospective purchaser will be notified of that fact by mail.

§ 1701.3 *To others.* Subject to prior sale to holders of priorities under regulations of WAA, the property described in the announcements is offered to the following groups in the order named:

(a) Original vendor or processor.
(b) Vendors or processors of like commodities.
(c) Wholesale food distributors, chain stores, and other such trade groups.
(d) All others.

USDA reserves the right to reject any and all offers in whole or in part.

§ 1701.4 *How to submit requests or offers*—(a) *Priority claimants.* (1) A prospective purchaser who is a holder of a priority under regulations of WAA, in making a request shall indicate the item, lot number, and quantity of the property requested. The request shall contain the Priority Announcement number and specify that it is subject to such Priority Announcement. Requests of State and local governments and instrumentalities thereof shall contain the following certification: "The property listed herein is for the priority claimant's own use and not for transfer or disposition to others." If requests submitted by Reconstruction Finance Corporation (for resale), State and local governments, non-profit institutions and public international organizations are made on a printed form normally used by the requesting agency in the procurement of supplies, a statement should also be made on such form to the effect that any terms or conditions contained therein which are in variance with the terms and conditions of the Priority Announcement or in addition thereto are void and have no effect whatsoever.

(2) A prospective purchaser who is a veteran certified as eligible by WAA, should file with his request the signed original of his certificate of eligibility or indicate that such certificate has been previously submitted.

(3) Non-profit institutions desiring to acquire surplus property at "fair value" as well as educational and public health non-profit institutions and instrumentalities desiring to acquire such property at "fair value less 40%" must establish their eligibility for obtaining property at "fair value" or at "fair value less 40%," as the case may be, in accordance with regulations of WAA.

(b) *Others.* All others shall submit offers by letter or telegram indicating the item, lot number, and quantity on which they are making an offer and the unit price (for instance price per pound, dozen, gallon) bid on each individual item. This offer shall also contain the announcement number and shall specify that the offer is subject to the conditions of such announcement.

(c) *Submission.* All priority requests and commercial offers should be addressed to USDA at the address shown in the announcement. If request by priority holder is made by mail a notation should be placed in the lower left-hand corner of the envelope: "Request under Priority Announcement No. -- Do not open." If offers from others are made by mail, a notation should be placed on the lower left-hand corner of the envelope: "Offer under Announcement No. -- Do not open." The applicable Priority Announcement number or announcement number shall be inserted by the prospective purchaser.

CONDITIONS OF SALE

§ 1701.5 *Documents included in contract.* These conditions of sale, the notification of quantity and fair value by USDA, and the acceptance thereof by the priority purchaser; or these conditions of sale, the offer of a commercial purchaser, and the acceptance by USDA constitute a valid and binding contract which arises when the acceptance is sent. The Surplus Property Sale Announcement issued by USDA is referred to herein as "the announcement."

§ 1701.6 *Basis of sale.* The information as to the commodity stated in the announcement is based on available reports. USDA warrants that it has the right to transfer title to the commodity sold and, if the commodity is a food, that it is fit for human consumption, but makes no other warranty, expressed or implied, by way of description or otherwise, unless the announcement refers to a particular statement as a warranty.

§ 1701.7 *Representation.* After a contract has been made by USDA and a purchaser, no variation from the contract or modification thereof, and no representation made or warranty given by any Federal employee in variance thereof, shall be of any effect, unless it is specified in writing, and it is duly made a part of the contract or constitutes an amendment thereof.

§ 1701.8 *Payment*—(a) *State and local Governments, RFC (for resale), and public international organization.* Billing for the contracted quantity will be made as soon as practicable by USDA after issuance of a "Notice to Release." Payment shall be made within 30 days after date of such billing.

(b) *Others.* (1) The purchaser shall forward a Certified or Cashier's Check, payable to the "Treasurer of the United States" which must be received not later than 10 days from the date of the acceptance. If payment is not received within the time herein prescribed, USDA will consider the purchaser in default and may at its option offer the commodity again for sale. If, as a result of such offer, the commodity is sold for a lesser amount, the defaulting purchaser agrees promptly to reimburse USDA for such deficiency. By such sale, however, USDA shall not be deemed to have waived any other rights it may have.

(2) Payment shall cover the full amount of the purchase, shall be accompanied by an appropriate letter of transmittal in duplicate indicating the check number, amount of check, contract number, name of commodity, and, in case of f. o. b. carrier sales, shipping instructions, and shall be forwarded to the Director, Fiscal Branch, PMA, U. S. Department of Agriculture, Washington 25, D. C.

§ 1701.9 *Shipping instructions (f. o. b. carrier).* When the announcement provides for delivery f. o. b. carrier, State and local governments, RFC (for resale), and public international organizations shall forward adequate shipping instructions, including information as to destination carrier, so that they shall be received by USDA within ten days after date of acceptance. All other purchasers shall furnish adequate shipping instructions, including information as to destination carrier, as a part of their letters transmitting checks in accordance with § 1701.8 (b). If shipping instructions are not received by USDA within the time prescribed, the Government may store the property elsewhere for the account and at the expense of the purchaser.

§ 1701.10 *Delivery*—(a) *Indications in announcement as to method of sale.* The announcement indicates whether particular lots will be delivered on the basis of f. o. b. carrier or transfer of title at present location. The provisions applicable to each of these modes of delivery are detailed herein.

(b) *F. o. b. carrier.* In the case of commodities sold to State and local governments, to RFC (for resale), or to public international organizations, USDA will mail a Notice to Release to the custodian of the commodity as soon as practicable after receipt of shipping instructions. In the case of other purchasers, USDA will mail a Notice to Release to the custodian of the commodity as soon as practicable after receiving payment therefor and shipping instructions. In all cases, a copy of the Notice to Release will be mailed to the purchaser at the time such notice is mailed to the custodian. The Government will deliver the commodity f. o. b. carrier at present location in accordance with purchaser's shipping instructions, freight collect. If shipping instructions provide that the purchaser will pick up the commodity, he shall do so within the ten day period beginning on the sixth calendar day after the mailing of the Notice to Release by USDA. If the purchaser fails to pick up the commodity within such ten day period, the commodity may be delivered f. o. b. carrier, consigned to the purchaser at the address indicated in the contract, freight collect.

(c) *Transfer of title at present location.* In the case of commodities sold to State and local governments, to RFC (for resale), or to public international organizations, USDA will mail a Notice to Release to the custodian of the commodity as soon as practicable. In the case of other purchasers, USDA will mail a Notice to Release to the custodian of the commodity as soon as practicable after receiving payment therefor, as pre-

scribed in § 1701.8 (b). In all cases a copy of the Notice to Release will be mailed to the purchaser who shall, upon receipt thereof, arrange for shipment or continued storage. All handling, loading, storage and other warehouse charges which may accrue prior to the close of business on the fifteenth calendar day after mailing of the Notice to Release shall be for the account of the Government. All handling, loading, storage, and other warehouse charges which may accrue after the close of business of such fifteenth day shall be for the account of the purchaser.

§ 1701.11 *Transfer of title*—(a) *Indications in announcement as to method of sale.* The announcement indicates whether particular lots will be delivered on the basis of f. o. b. carrier or transfer of title at present location. The provisions applicable to transfer of title for each of these modes of delivery are detailed herein.

(b) *F. o. b. carrier.* Title to the property shall pass to the purchaser when the bill of lading is executed by the carrier showing acceptance of the commodity by the carrier. If the Government stores the property elsewhere in accordance with § 1701.9, title shall pass to the purchaser when the property is delivered to such other place of storage.

(c) *Transfer of title at present location.* Title to the commodity will pass to the purchaser at present location at the close of business of the fifteenth day following the mailing of the Notice to Release to the custodian of the commodity or at the time purchaser takes actual possession, whichever is earlier.

§ 1701.12 *Adjustments.* If there is any overage or shortage as between the quantity of the commodity purchased and the quantity delivered, the total purchase price will be adjusted at the unit sale price, and reimbursement to the purchaser in case of shortage, and payment to USDA in case of overage will be made promptly. Claims for shortages must be supported by satisfactory documents showing the variance in the quantity at the time of delivery. In case of total failure to deliver, for reasons beyond the control of USDA or because the commodity is not available for delivery in accordance with the contract, USDA will refund the purchase price to the purchaser. If commodity or any portion thereof is not as warranted, an adjustment will be made at a rate not to exceed the unit sale price. All commodities which are claimed not to comply with the warranty shall be held subject to inspection and disposition instructions by USDA except where local ordinance forbids such holding, in which event purchaser shall submit an official certificate from the local government authorities setting forth the quantity, condition, and disposition of the commodities. In the previously mentioned cases of shortages, total failure to deliver, or failure to meet warranty, USDA shall not be liable beyond the extent specified, but sales shall be subject to such other adjustments (including additional adjustments in cases of shortage, total failure to deliver, or failure to meet warranty) upon the request of the purchaser as the Secretary of Agriculture or his designated representative may in his sole discretion determine to be equitable under the circumstances. Such determinations shall in all cases be final. All claims and requests for adjustment under this paragraph must be presented to USDA within 60 days after transfer of title.

§ 1701.13 *Compliance.* Purchaser agrees to comply with all applicable regulations and directives of the U. S. Food and Drug Administration, Civilian Production Administration, Office of Price Administration, and the Secretary of Agriculture, and all other applicable governmental regulations and directives.

§ 1701.14 *Officials not to benefit.* No member of, or delegate to Congress, or Resident Commissioner shall be admitted to any share or part of the contract or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the contract if made with a corporation for its general benefit. TITLE 14—CIVIL AVIATION

Chapter II—Administrator of Civil Aeronautics, Department of Commerce

[Amdt. 97]

PART 600—DESIGNATION OF CIVIL AIRWAYS

REDESIGNATION OF CIVIL AIRWAYS

It appearing that: (1) The increased volume of air traffic at certain points necessitates, in the interest of safety in air commerce, the immediate establishment of control areas at such points; (2) the immediate realignment of civil airways in certain areas is necessary to expedite traffic control in such areas; and (3) the establishment of the control areas referred to in (1) above, and the realignment of civil airways referred to in (2) above, have been coordinated with the civil operators involved, the Army and the Navy through the Air Coordinating Committee, Airspace Subcommittee;

And finding that: The general notice of proposed rule making and public procedure provided for in section 4 (a) of the Administrative Procedure Act is impracticable and unnecessary.

Now, therefore, acting pursuant to the authority vested in me by section 302 of the Civil Aeronautics Act of 1938, as amended, I hereby amend Part 600 of the Regulations of the Administrator of Civil Aeronautics as follows:

Redesignation of Civil Airways: Green Civil Airway No. 5; Amber Civil Airway No. 4; Red Civil Airways Nos. 1, 6, 13, 19, 33, 37, and 50; and Blue Civil Airway No. 36

1. By amending § 600.10004 to read as follows:

§ 600.10004 *Green civil airway No. 5 (Los Angeles, Calif., to Boston, Mass.)* From the Los Angeles, Calif., radio range station via the Riverside, Calif., radio range station; the intersection of the center lines of the on course signals of the east leg of the Riverside, Calif., radio range and the west leg of the Blythe, Calif., radio range; Blythe, Calif., radio range station; Phoenix, Ariz., radio range station; the intersection of the center lines of the on course signals of the south leg of the Phoenix, Ariz., radio range and the northwest leg of the Tucson, Ariz., radio range; Tucson, Ariz., radio range station; the intersection of the center lines of the on course signals of the southeast leg of the Tucson, Ariz., radio range and the west leg of the Cochise, N. PART 601—DESIGNATION OF AIRWAY TRAFFIC CONTROL AREAS, AIRPORT APPROACH ZONES, AIRPORT TRAFFIC ZONES AND RADIO FIXES

REDESIGNATION OF AIRWAY TRAFFIC CONTROL AREAS AND RADIO FIXES

It appearing that: (1) The increased volume of air traffic at certain points necessitates, in the interest of safety in air commerce, the immediate establishment of control areas, including airport traffic zones and radio fixes, at such points; (2) the immediate realignment of civil airways in certain areas is necessary to expedite traffic control in such areas; and (3) the establishment of the control areas referred to in (1) above, and the realignment of civil airways referred to in (2) above, have been coordinated with the civil operators involved, the Army and the Navy through the Air Coordinating Committee, Airspace Subcommittee;

And finding that: The general notice of proposed rule making and public procedure provided for in section 4 (a) of the Administrative Procedure Act is impracticable and unnecessary.

Now, therefore, acting pursuant to the authority vested in me by section 308 of the Civil Aeronautics Act of 1938, as amended, and Special Regulation No. 197 of the Civil Aeronautics Board, I hereby amend Part 601 of the Regulations of the Administrator of Civil Aeronautics as follows:

Redesignation of Airway Traffic Control Areas: Amber Civil Airway No. 4; Red Civil Airways Nos. 1, 6, 19, 33, 37, 50, 60. Redesignation of Radio Fixes: Green Civil Airways Nos. 2, 3 and 5; Amber Civil Airways Nos. 4 and 7; Red Civil Airways Nos. 1, 6, 13, 19, 33, 37, and 60; Blue Civil Airways Nos. 4 and 11

1. By amending § 601.1014 *Amber civil airway No. 4 airway traffic control areas (Brownsville, Tex., to Bismarck, N. Dak.)* to read as follows:

§ 601.1014 *Amber civil airway No. 4 airway traffic control areas (Brownsville, Tex., to Minot, N. Dak.).* All of Amber civil airway No. 4.

2. By amending § 601.10201 to read as follows:

§ 601.10201 *Red civil airway No. 1 airway traffic control areas (Portland, Oreg., to Kansas City, Mo.).* All of Red civil airway No. 1 from Portland, Oreg., radio range station to the intersection of the center lines of the on course signals of the southeast leg of the Laramie, Wyo., radio range and the north leg of the Denver, Colo., radio range. From the Akron, Colo., radio range station to a line extended at right angles across such airway through a point 25 miles southeast of the Akron, Colo., radio range station; from such line and between the altitudes of 6,500 feet above mean sea level and 8,500 feet above mean sea level to a line extended at right angles across such airway through a point 25 miles west of the Kansas City, Mo., radio range station; from such line to the Kansas City, Mo., radio range station.

3. By amending § 601.10206 *Red civil airway No. 6 airway traffic control areas (Sinclair, Wyo., to Grand Island, Nebr.)* to read as follows:

§ 601.10206 *Red civil airway No. 6 airway traffic control areas (Las Vegas, Nev., to Grand Island, Nebr.).* All of Red civil airway No. 6.

4. By amending § 601.10219 *Red civil airway No. 19 airway traffic control areas (Dayton, Ohio, to Grand Rapids, Mich.)* to read as follows:

§ 601.10219 *Red civil airway No. 19 airway traffic control areas (Washington, D. C., to Grand Rapids, Mich.).* All of Red civil airway No. 19.

5. By amending § 601.10233 *Red civil airway No. 33 airway traffic control areas (Gordonsville, Va., to Boston, Mass.)* to read as follows:

§ 601.10233 *Red civil airway No. 33 airway traffic control areas (Richmond, Va., to New Hackensack, N. Y.).* All of Red civil airway No. 33.

6. By amending § 601.10237 *Red civil airway No. 37 airway traffic control areas (Texarkana, Ark., to Washington, D. C.)* to read as follows:

§ 601.10237 *Red civil airway No. 37 airway traffic control areas (Dallas, Tex., to Washington, D. C.).* All of Red civil airway No. 37.

7. By adding a new § 601.10250 to read as follows:

§ 601.10250 *Red civil airway No. 50 airway traffic control areas (Galena, Alaska, to Fairbanks, Alaska).* All of Red civil airway No. 50 between the intersection of the center lines of the on course signals of the northwest leg of the Nenana, Alaska, radio range and the west leg of the Fairbanks, Alaska, radio range and the intersection of the center lines of the on course signals of the southeast leg of the Nenana, Alaska, radio range and the southwest leg of the Fairbanks, Alaska, radio range.

8. By adding a new § 601.10260 to read as follows:

§ 601.10260 *Red civil airway No. 60 airway traffic control areas (Oakland, Calif., to Stockton, Calif.).* All of Red civil airway No. 60.

9. By amending § 601.4002 to read as follows:

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 51641]

PART 6—AIR COMMERCE REGULATIONS

REDESIGNATION OF PRESQUE ISLE AIR BASE, PRESQUE ISLE, MAINE, AS AIRPORT OF ENTRY

MARCH 4, 1947.

The Presque Isle Air Base, Presque Isle, Maine, is hereby designated as an airport of entry for civil aircraft and merchandise carried thereon arriving from places outside the United States, as defined in section 9 (b) of the Air Commerce Act of 1926 (44 Stat. 573; 49 U. S. C. 179 (b)), for a period of 1 year from February 20, 1947.

The list of temporary airports of entry in § 6.13 *List of temporary airports of entry*, Customs Regulations of 1943 (19 CFR, Cum. Supp., 6.13), as amended, is hereby further amended by changing the date of designation opposite the name of this airport to "February 20, 1947."

Notice of the proposed redesignation of this airport as an airport of entry was published in the FEDERAL REGISTER on January 31, 1947 (12 F. R. 754). The redesignation shall be effective on February 20, 1947, the delayed effective date requirements of section 4 (c) of the Administrative Procedure Act (Public Law 404, 79th Congress) being dispensed with because the previous designation expires prior to the expiration of 30 days after the publication of this redesignation. The redesignation of this airport is based on a determination that a sufficient need exists to justify such redesignation and the redesignation is for the purpose of providing for convenient compliance with customs requirements.

(Sec. 7 (b), 44 Stat. 572, sec. 611, 58 Stat. 714; 49 U. S. C., Sup., 177 (b))

DELEGATIONS TO CENTRAL AND REGIONAL OFFICE OFFICIALS

1. Section 603.1 (11 F. R. 177A-900) is hereby amended, effective upon publication in the FEDERAL REGISTER, by adding paragraph (u) thereto, as follows:

§ 603.1 *Delegations to Central Office officials.* * * *

(u) *Acting officials.* Such persons as are designated to serve in an acting capacity for Central Office officials of the FPHA whenever they are from time to time absent from duty, are authorized to exercise all the powers, duties and functions, while so acting, that are vested by this section in the officials for whom they act.

2. Section 603.2 (11 F. R. 177A-901) is hereby amended, effective upon publication in the FEDERAL REGISTER, by adding paragraph (n) thereto, as follows:

Chapter XV—Board of War Communications

[Order 38]

REVOCATION OF DESIGNATED ORDERS

Whereas, The Board of War Communications has at various times issued orders deemed by the Board to be necessary to the national security and defense and the successful conduct of the war; and

Whereas, In the light of present conditions it appears that such orders and directives of the Board as are still in effect, including Orders 20-B, dated July 2, 1946, and 27-D, dated March 28, 1946, are under present conditions no longer required for such purposes;

Now, therefore, *It is hereby ordered*, That all orders and directives of the Board of War Communications which are still in effect, including Orders No. 20-B, dated July 2, 1946, and 27-D, dated March 28, 1946, be, and the same are hereby, cancelled, effective the date of this order.

PART 306—GENERAL AGENTS AND AGENTS

[G. O. 56, Supp. 3]

COMPENSATION PAYABLE TO GENERAL AGENTS, AGENTS AND BERTH AGENTS

1. Section 306.172 *Compensation of General Agents and Agents*, is amended,

effective as of January 1, 1946, by striking out paragraphs (e) and (f) and inserting in lieu thereof the following paragraphs:

(e) When a vessel enters an inactive period (see § 306.200 (w) for definition of "inactive vessel"), the compensation provided in paragraphs (a), (b), and (c) of this section shall terminate as of the date and time the vessel started such inactive period, and in lieu thereof, until such vessel again enters active service:

(1) Each General Agent shall be paid for husbanding the vessel, acting as accounting line, and performing related services—$45.00 per day per vessel, and

(2) Each Agent shall be paid for acting as accounting line and performing related services—$50.00 per month per vessel, or pro rata for any portion thereof.

(f) Upon the redelivery or total loss or constructive total loss of a vessel allocated to a General Agent or Agent under a service agreement, the compensation provided in this section shall terminate.

(g) In determining the compensation provided in this section, part days shall be counted as whole days.

2. Section 306.173 *Compensation for port services in continental United States* is amended as follows:

a. Subparagraph (2) of paragraph (a) is amended, effective as of July 1, 1946, and until September 1, 1946, to read:

(2) *Cargoes*—(i) *Intercoastal trade*—(*a*) *General cargo, ad valorem cargo, and mail.* 6% of vessel's revenue outward; 2% of vessel's revenue inward.

(*b*) *Bulk cargo.* 6¢ per manifest ton outward or inward.

(ii) *Other domestic trades*—(*a*) *General cargo, ad valorem cargo, and mail.* 7% of vessel's revenue outward, 3% of vessel's revenue inward.

(*b*) *Bulk cargo.* 6¢ per manifest ton outward or inward, except for coastwise bulk cargo for which compensation shall be 6¢ per manifest ton loaded and discharged (one fee for both operations).

b. Said subparagraph (2) is further amended, effective as of September 1, 1946, to read:

(2) *Cargoes*—(i) *Intercoastal trade*—(*a*) *General cargo, ad valorem cargo, and mail.* 6% of vessel's revenue outward; 2% of vessel's revenue inward.

(*b*) *Bulk cargo.* 6¢ per manifest ton outward or inward.

(ii) *United States, Puerto Rico, and Atlantic-Gulf coastwise trades* — (*a*) *General cargo, ad valorem cargo, and mail.* 7% of vessel's revenue outward; 3% of vessel's revenue inward.

(*b*) *Bulk cargo.* 6¢ per manifest ton outward or inward, except for coastwise bulk cargo for which compensation shall be 6¢ per manifest ton loaded and discharged (one fee for both operations).

(iii) *Pacific coastwise trade.* (*a*) *General cargo, ad valorem cargo, and mail.* 6% of vessel's revenue outward; 2% of vessel's revenue inward.

(*b*) *Bulk cargo.* 6¢ per manifest ton loaded and discharge (one fee for both operations).

c. Subparagraph (2) of paragraph (b) is amended, effective as of July 1, 1946, to read:

(2) *Cargoes*—(i) *General cargo, ad valorem cargo, and mail.* 5% of vessel's revenue outward; 2½% of vessel's revenue inward.

(ii) *Bulk cargo.* 1¼% of vessel's revenue outward or inward.

3. Section 306.175 *Compensation of sub-agents at ports outside of the continental United States* is amended as follows:

a. Paragraph (d) is amended, effective as of January 1, 1946, to read:

(d) *Passengers* (see § 306.200 for definition).

(1) *Commercial passengers.* 5% of vessel's revenue for each passenger embarked; 2% of vessel's revenue for each passenger disembarked.

(2) *Military personnel.* $2.00 for each person embarked, maximum $500.00; $1.00 for each person disembarked, maximum $250.00.

b. Effective as of July 1, 1946, paragraph (d) (2) is revoked.

c. Paragraph (e) is amended, effective as of July 1, 1946, to read:

(e) *Miscellaneous.* If the maximum compensation provided in this section for a port of call amounts to less than $50.00, the sub-agent or branch house may be paid the commercial rate but not in excess of $50.00 for services rendered during such call. Vessels calling for orders, ballast, fuel, and/or to load or discharge cargo transported on a per diem basis—$50.00.

4. Section 306.181 *Compensation of General Agents and Agents* is amended, effective as of January 1, 1946, by striking out paragraphs (e) and (f) and inserting in lieu thereof the following paragraphs.

(e) When a vessel enters an inactive period (see § 306.200 (w) for definition of "inactive vessel"), the compensation provided in paragraphs (a), (b), and (d) of this section shall terminate as of the date and time the vessel started such inactive period, and in lieu thereof, until such vessel again enters active service:

(1) Each General Agent shall be paid for husbanding the vessel, acting as accounting line, and performing related services—$45.00 per day per vessel, and

(2) Each Agent shall be paid for acting as accounting line and performing related services—$50.00 per month per vessel, or pro rata for any portion thereof.

(f) Upon the redelivery or total loss or constructive total loss of a vessel allocated to a General Agent or Agent under a service agreement, the compensation provided in this section shall terminate.

(g) In determining the compensation provided in this section, part days shall be counted as whole days.

5. Section 306.182 *Compensation for port services in continental United States and for services incident to way cargo, passengers, and mail* is amended, effective as of January 1, 1946, by revoking paragraph (b).

6. Section 306.183 is amended, effective as of January 1, 1946, to read:

§ 306.183 *Compensation of sub-agents at ports outside of the continental United States.* (a) Except where a schedule of fees has been approved by the United States Maritime Commission, as compensation for services rendered for the United States, the foreign sub-agent or branch house shall be paid for account of the United States the prevailing commercial rate, but in no event in excess of:

(1) *Where vessel loads or discharges liquid cargo.* $125.00 per port call.

(2) *Where no cargo activity takes place, vessel calls for orders, bunkers, etc.* $50.00 per port call.

(b) As compensation for services rendered by sub-agents or branch houses outside of the continental United States in connection with passengers, dry cargo, or mail, the General Agent or Agent may pay for account of the United States, the prevailing commercial rates for such services, but in no event in excess of the maximum rates set forth in § 306.175 for comparable services in connection with dry cargo vessels.

7. Section 306.186 *Compensation of General Agents* is amended, effective as of January 1, 1946, as follows:

a. Paragraph (a) is amended to read:

(a) Each General Agent shall be paid for husbanding the vessel, acting as accounting line, and performing related services, on the following basis:

	Per day per vessel
Vessels of less than 4,500 G. R. T.	$65
Vessels of 4,500 but less than 8,000 G. R. T.	100
Vessels of 8,000 but less than 11,000 G. R. T.	150
Vessels of 11,000 but less than 14,000 G. R. T.	200
Vessels of 14,000 but less than 17,000 G. R. T.	250
Vessels of 17,000 G. R. T. or over	300

b. Paragraphs (d) and (e) are stricken out and the following paragraphs inserted in lieu thereof:

(d) When a passenger vessel allocated to a General Agent pursuant to a service agreement becomes inactive (see § 306.200 (w) for definition of "inactive vessel"), the compensation provided in paragraphs (a) and (b) of this section shall terminate as of the date and time the vessel became inactive and, in lieu thereof, the General Agent shall be paid for husbanding the vessel, acting as accounting line, and performing related services, a daily fee equal to seventy-five percent (75%) of the rate of compensation provided for the appropriate class of vessel in paragraph (a) of this section. Such reduced basis of compensation shall be paid until the vessel again enters active service.

(e) Upon the redelivery or total loss or constructive total loss of a vessel allocated to a General Agent under a service agreement, the compensation provided in this section shall terminate.

(f) In determining the compensation provided in this section, part days shall be counted as whole days.

8. Section 306.191 *Compensation of General Agents and Agents* is amended, effective as of January 1, 1946, by striking out paragraph (e) and inserting in lieu thereof the following paragraphs:

(e) When a vessel enters an inactive period (see § 306.200 (w) for definition of "inactive vessel"), the compensation provided in paragraphs (a), (b), and (c) of this section shall terminate as of the date and time the vessel started such inactive period, and in lieu thereof, until vessel again enters active service:

(1) Each General Agent shall be paid for husbanding the vessel, acting as accounting line, and performing related services—$45.00 per day per vessel, and

(2) Each Agent shall be paid for acting as accounting line and performing related services—$50.00 per month per vessel, or pro rata for any portion thereof.

(f) Upon the redelivery or total loss or constructive total loss of a vessel allocated to a General Agent or Agent under a service agreement, the compensation provided in this section shall terminate.

(g) In determining the compensation provided in this section, part days shall be counted as whole days.

9. Section 306.200 *Definitions* is amended, effective as of January 1, 1946, as follows:

a. Paragraph (v) is amended to read:

(v) *Port call.* A call at any one or more of the ports listed in the following groups shall be construed to be but one port call in computing the compensation due pursuant to § 306.172 (c).

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 6th day of March A. D. 1947.

It appearing, that carload shipments of lumber are being held at points in the United States for diversion, reconsignment, or disposition orders, thereby impeding the use, control, supply, movement, distribution, exchange, interchange, and return of cars; the Commission is of opinion an emergency requiring immediate action exists in all sections of this country: It is ordered, that:

§ 95.692 *Lumber; restrictions on holding for diversion, reconsignment or disposition*—(a) *Definition.* The term "lumber" as used in this order means lumber, veneer or forest products as listed in Items 26715 to 27135, inclusive, of Consolidated Freight Classification No. 17, supplements thereto or reissues thereof.

(b) *Holding of cars for diversion, reconsignment, or disposition orders, restricted.* Carload shipments of lumber held in cars for diversion, reconsignment or disposition orders beyond two days (48 hours), exclusive of Sundays and bank holidays, after the first seven a. m. (7:00 a. m.) after notice of arrival of the car at any point prior to delivery at the ultimate destination is sent or given the consignee or party entitled to receive same, and later reforwarded upon request of consignor, consignee, or owner, will be subject to the basis of charges shown in Note 1 of this paragraph.

NOTE 1: The full local or joint (not proportional, reshipping or transshipping) tariff rate to the reforwarding point, plus the

full local or joint (not proportional, reshipping or transshipping) tariff rate from the reforwarding point, in effect on the date of shipment from point of origin, plus all other applicable charges previously or subsequently accruing.

(c) *Application.* (1) The provisions of this section shall apply to intrastate and foreign shipments as well as to interstate shipments transported by any common carrier by railroad subject to the Interstate Commerce Act.

(2) The provisions of this section shall not apply to carload shipments of lumber billed from the primary point of origin prior to the effective date of this section.

(3) This section shall apply to a railroad freight car loaded with lumber stopped for partial unloading at a hold or reconsigning point when the order for the "stop for partial unloading" of such car is received by the carriers subsequent to the arrival of such car at the hold or reconsigning point.

(d) *Tariff provisions suspended; announcement required.* The operation of all tariff rules and regulations insofar as they conflict with the provisions of this section is hereby suspended and each railroad subject to this section, or its agent, shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing such suspension.

(e) *Special and general permits.* The provisions of this section shall be subject to any special or general permits issued by the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., to meet exceptional circumstances.

(f) *Effective date.* This section shall become effective at 12:01 a. m., March 21, 1947.

(g) *Expiration date.* This section shall expire at 11:59 p. m., June 30, 1947, unless otherwise modified, changed, suspended or annulled by order of this Commission.

It is further ordered, that a copy of this order and direction be served upon each State railroad regulatory body, upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement, and upon all other railroads not parties to that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U. S. C. 1 (10)–(17))

By the Commission, Division 3.

Subchapter B—Carriers by Motor Vehicle

[Ex Parte No. MC-5]

PART 174—SURETY BONDS AND POLICIES OF INSURANCE

In the matter of security for the protection of the public as provided in Part II of the Interstate Commerce Act, and of rules and regulations governing the filing and approval of surety bonds, policies of insurance, qualifications as a self-insurer, or other securities and agreements by motor carriers and brokers subject to Part II of the Interstate Commerce Act.

At a session of the Interstate Commerce Commission, Division 5, held at its office in Washington, D. C., on the 6th day of February A. D. 1947.

The matter of reprinting rules and regulations governing the filing and approval of surety bonds, policies of insurance, qualifications as self-insurer, or other securities and agreements by motor carriers and brokers subject to Part II of the Interstate Commerce Act being under consideration.

And it appearing, that by order issued on August 3, 1936, the Commission approved and prescribed rules and regulations governing the filing and approval of surety bonds, policies of insurance, qualifications as a self-insurer, or other securities and agreements by motor carriers and brokers subject to Part II of the Interstate Commerce Act, as security for the protection of the public, said rules and regulations to be effective from and after November 15, 1936;

And it further appearing, that by orders issued by the Commission on October 28, 1936, and December 10, 1936, the effective date of said rules and regulations was postponed until February 15, 1937, on which date they became effective;

And it further appearing, that since August 3, 1936, the Commission issued supplemental orders dated October 3, 1936, October 28, 1936, December 10, 1936, December 31, 1936, February 13, 1937, January 6, 1938, November 22, 1938, April 3, 1939, March 25, 1940, April 4, 1940, January 18, 1941, April 23, 1941, July 23, 1941, January 23, 1942, and April 18, 1944, approving amendments and additions to or modifications of said rules and regulations;

And it further appearing, that because of numerous requests for copies of our rules and regulations, as amended, extended, or modified; and in order to simplify them for ready reference, it is desirable and appropriate that the original rules and regulations and the amendments and additions thereto be consolidated and published in revised form;

It is ordered, That the rules and regulations prescribed by order of August 3, 1936, as revised and supplemented by subsequent orders, which orders are referred to and made a part hereof be, and they are hereby, published in revised form:

SECTIONS 211 (C) AND 215 OF THE INTERSTATE COMMERCE ACT

§ 211 (c). The Commission shall prescribe reasonable rules and regulations for the protection of travelers or shippers by motor vehicle, to be observed by any person holding a brokerage license, and no such license shall be issued or remain in force unless such person shall have furnished a bond or other security approved by the Commission, in such form and amount as will insure financial responsibility and the supplying of authorized transportation in accordance with contracts, agreements, or arrangements therefor.

§ 215. No certificate or permit shall be issued to a motor carrier or remain in force, unless such carrier complies with such reasonable rules and regulations as the Commission shall prescribe governing the filing and approval of surety bonds, policies of insurance, qualifications as a self-insurer or other securities or agreements, in such reasonable amount as the Commission may require, conditioned to pay, within the amount of such surety bonds, policies of insurance, qualifications as a self-insurer or other securities or agreements, any final judgment recovered against such motor carrier for bodily injuries to or the death of any person resulting from the negligent operation, maintenance, or use of motor vehicles under such certificate or permit, or for loss or damage to property of others. The Commission may, in its discretion and under such rules and regulations as it shall prescribe, require any such common carrier to file a surety bond, policies of insurance, qualifications as a self-insurer, or other securities or agreements in a sum to be determined by the Commission, to be conditioned upon such carrier making compensation to shippers and/or consignees for all property belonging to shippers and or consignees, and coming into the possession of such carrier in connection with its transportation service. Any carrier which may be required by law to compensate a shipper and/or consignee for any loss, damage, or default for which a connecting motor common carrier is legally responsible shall be subrogated to the rights of such shipper and/or consignee under any such bond, policies of insurance, or other securities or agreements, to the extent of the sum so paid.

The cancellation or expiration of a policy of insurance or other form of security for the protection of the public provided for in these rules or the revocation by the Commission of its approval of any policy of insurance or other form of security without substitution of other security approved by the Commission will under the terms of the foregoing sections of the Interstate Commerce Act, render of no force any certificate, permit, or license in connection with which such security was accepted or approved, and all authority to operate granted by this Commission can be lawfully exercised only so long as the security provided for by sections 211 (c) and 215 of the Interstate Commerce Act, and by rules of this Commission remains in effect.

174.7 Forms and procedure.
174.8 Insurance companies; authorized.
174.9 Refusal to accept, or revocation by Commission, of surety bond, etc.
174.10 Fiduciaries.

AUTHORITY: §§ 174.1 to 174.10, inclusive, issued under secs. 211, 215, 49 Stat. 554, 557; 49 U. S. C. 311, 315.

§ 174.1 *Surety bond, etc., for property damage, public liability and cargo insurance; common and contract carriers; rule applicable to exemption of transportation.* No motor carrier subject to the provisions of Part II of the Interstate Commerce Act, shall engage in interstate or foreign commerce, and no certificate or permit shall be issued to a motor carrier, or shall remain in force unless and until there shall have been filed with and approved by the Commission a surety bond, policy of insurance (or certificate of insurance in lieu thereof), qualifications as a self-insurer, or other securities or agreements in not less than the amounts prescribed in § 174.2, conditioned to pay, within the amount of such surety bond, policy of insurance (or certificate of insurance in lieu thereof), qualifications as a self-insurer, or other securities or agreements any final judgment recovered against such motor carrier for bodily injuries to or the death of any person resulting from the negligent operation, maintenance, or use of motor vehicles in transportation subject to Part II, Interstate Commerce Act, or for loss or damage to property of others. Nor shall any common carrier by motor vehicle subject to the provisions of said act engage in interstate or foreign commerce, nor shall any certificate be issued to such carrier, nor remain in force unless and until there shall have been filed with and approved by the Commission a surety bond, policy of insurance (or certificate of insurance in lieu thereof), qualifications as a self-insurer, or other securities or agreements in not less than the amounts hereinafter prescribed, conditioned upon such carrier making compensation to shippers or consignees for all property belonging to shippers or consignees and coming into the possession of such carrier in connection with its transportation service: *Provided however*, That this requirement shall not apply in connection with the transportation of such commodities as the Commission may from time to time determine should be exempt from such requirement because of their low value and favorable transportation characteristics.

§ 174.2 *Insurance, minimum amounts.* The minimum amounts referred to in § 174.1 are hereby prescribed as follows:

(a) *Motor carriers; bodily injury liability; property damage liability.*

(1) Kind of equipment	(2) Limit for bodily injuries to or death of one person	(3) Limit for bodily injuries to or death of all persons injured or killed in any one accident (subject to a minimum limit of $5,000 for bodily injuries to or death of one person)	(4) Limit for loss or damage to any one third person not carrying cargo)
Passenger equipment (seating capacity):			
7 passengers or less	$5,000	$15,000	$1,000
8 to 12 passengers, inclusive	5,000	20,000	1,000
13 to 20 passengers, inclusive	5,000	30,000	1,000
21 to 30 passengers, inclusive	5,000	40,000	1,000
31 passengers or more	5,000	50,000	1,000
Freight equipment: All motor vehicles used in the transportation of property	5,000	10,000	1,000

(b) *Motor common carriers; cargo liability.* Security required to compensate shippers or consignees for loss of or damage to property belonging to shippers or consignees and coming into the possession of motor common carriers in connection with their transportation service, (1) for loss of or damage to property carried on any one motor vehicle—$1,000; (2) for loss of or damage to or aggregate of losses or damages of or to property occurring at any one time and place—$2,000.

§ 174.3 *Combination vehicles.* The following combinations will be regarded as one motor vehicle for purposes of this part, (a) a tractor and trailer or semi-trailer when the tractor is engaged solely in drawing the trailer or semi-trailer, and (b) a truck and trailer when both together bear a single load.

§ 174.4 *Brokers.* No person shall engage in the business of a broker as defined in Part II, Interstate Commerce Act, and no brokerage license shall be issued to any such person nor remain in force unless and until such person shall have furnished a bond or other security approved by the Commission, in an amount of not less than $5,000, and in such form as will insure the financial responsibility of such broker and the supplying of authorized transportation in accordance with the contracts, agreements, or arrangements therefor.

§ 174.5 *Qualifications*—(a) *As a self-insurer.* The Commission will give consideration to and will approve the application of a motor carrier to qualify as a self-insurer if such carrier furnishes a true and accurate statement of its financial condition and other evidence which will establish to the satisfaction of the Commission the ability of such motor carrier to satisfy its obligations for bodily injury liability, property damage liability, or cargo liability without affecting the stability or permanency of the business of such motor carrier.

(b) *Other securities or agreements.* The Commission will also consider applications for approval of other securities or agreements and will approve any such applications if satisfied that the security or agreement offered will afford the security for the protection of the public contemplated by sections 211 (c) and 215 of Part II, Interstate Commerce Act.

§ 174.6 *Bonds and insurance policies.* Each certificate or policy of insurance or surety bond filed with the Commission for approval must be for not less than the full limits of liability required under this part: *Provided, however*, That only corporations may qualify to act as surety. In each case in which the surety on any such bond is a surety company, such company must be one approved by the United States Treasury Department under the laws of the United States and the applicable rules and regulations governing bonding companies.

§ 174.7 *Forms and procedure*—(a) *Forms of endorsements and cancelation notices.* Endorsements for policies of insurance, surety bonds, certificates of insurance and applications to qualify as a self-insurer, or for approval of other securities or agreements, and notices of cancelation all must be in the forms prescribed and approved by the Commission.

(b) *Filing of certificates of insurance and cancelation notices.* Certificates of insurance, surety bonds, and notices of cancelation must be filed with the Commission in triplicate. Upon receipt and approval by the Commission one copy will be stamped "received and approved" and returned to the home office of the insurance or surety company.

(c) *Name of insured.* Insurance policies and surety bonds shall be written in the full and correct name of the individual, partnership, corporation, or other person to whom the certificate, permit, or license is or is to be issued. In case of a partnership all partners shall be named.

(d) *Cancelation notice.* Surety bonds, policies of insurance, endorsements, or certificates of insurance and other securities and agreements shall not be canceled or withdrawn until after thirty (30) days' notice in writing by the insurance company, surety or sureties, motor carrier, broker, or other party thereto, as the case may be, has first been given to the Commission at its office in Washington, D. C., which period of thirty (30) days shall commence to run from the date such notice is actually received at the office of the Commission.

(e) *Motor carriers and brokers; compliance with Part II, Interstate Commerce Act and this part.* Motor carriers and brokers subject to the jurisdiction of this Commission are hereby required to maintain in effect at all times the security for the protection of the public contemplated in sections 211 (c) and 215, of Part II, Interstate Commerce Act, and prescribed by these sections.

§ 174.8 *Insurance companies; authorized*—(a) *State authority.* No policy of insurance (or certificate of insurance in lieu thereof) will be approved by the Commission under this part unless written or issued by an insurance company legally authorized to issue such a policy in each state in which the insured motor carrier is authorized to operate under Part II of the Interstate Commerce Act, and such insurance company fully complies with paragraph (b) of this section: *Provided, however*, That the Commission will approve certificates of insurance from two or more insurance companies, or a certificate of insurance and a surety bond as provided for in § 174.6, in lieu of a certificate of insurance from one company if such certificates, or certificate and surety bond, each provide the prescribed coverage for separate states and collectively provide all the coverage prescribed in this part.

(b) *Financial resources.* Each insurance company must possess the minimum financial resources applicable to it as provided in this paragraph, which minimum will be determined on the basis of the values of assets and liabilities as shown in its financial statements filed with and approved by the insurance department or other insurance regulatory authority of the state of domicile (home state) of such company, except in instances where, in the judgment of the Commission, additional evidence with respect to such values is considered necessary;

(1) Stock corporations must have and maintain minimum policyholders' surplus funds of $200,000, of which paid-in capital shall be not less than $150,000.

(2) Non-stock corporations and other non-stock organizations or associations issuing nonassessable policies of insurance must have and maintain surplus funds (policyholders' surplus) in excess of all liabilities of not less than $200,000.

(3) Non-stock corporations and other non-stock organizations or associations, issuing policies of insurance on an assessable basis only, must have and maintain surplus funds (policyholders' surplus) in excess of all liabilities of not less than $150,000.

(c) *Effective date.* This section shall be effective (1) on April 25, 1944, as to insurance companies which are not now qualified to file certificates of insurance with the Commission, and (2) on June 24, 1944, as to companies which are now qualified to file certificates of insurance with this Commission, except that if any affected company which is now qualified to file certificates of insurance with this Commission shall on or before June 24, 1944, give assurances to this Commission, in writing, of its willingness, apparent ability, and intent, promptly to rearrange its financial affairs so as to qualify, then as to such company, the amended section shall not be effective until October 23, 1944.

§ 174.9 *Refusal to accept, or revocation by Commission, of surety bond, etc.* The Commission may, at any time, refuse to accept or may revoke its approval of any surety bond, policy of insurance (or certificate of insurance in lieu thereof), qualifications as a self-insurer, or other securities or agreements if, in its judgment, such security does not comply with these sections or, for any reason, fails to provide satisfactory or adequate protection for the public.

§ 174.10 *Fiduciaries* — (a) *"Insured" and "principal" defined.* The terms "insured" and "principal" as used in policies of insurance (or certificates of insurance in lieu thereof), surety bonds, notices of cancelation, rescinders of notices of cancelation, and notices reinstating policies of insurance and surety bonds, issued in connection therewith and filed by or on behalf of motor carriers under these sections, and the endorsements prescribed in this section attached to any such policy of insurance, shall be construed to include not only the motor carrier named in the policy, certificate, bond, endorsement, rescinder or notice, but also (upon compliance with the conditions as to notice hereinafter stated in paragraph (b) of this section) the fiduciary of such motor carrier as defined in § 179.3 of this chapter.

(b) *Coverage of successors.* The coverage of fiduciaries as provided in this section shall attach at the moment of succession if written notice of the succession be given to each insurer or surety of such motor carrier within thirty (30) days from the date upon which such fiduciary shall have succeeded to the operating rights of such motor carrier. It shall be the duty of such fiduciary to give the notice above described but such notice shall be fully effective if it be given by the Interstate Commerce Commission or by any person having an interest in the coverage of such fiduciary.

(c) *Insurance coverage in behalf of fiduciaries to apply concurrently.* The coverage furnished under the provisions of this section on behalf of fiduciaries shall not apply subsequent to the effective date of other insurance, or other security, filed with and approved by the Commission in behalf of such fiduciaries. After the coverage provided in this section shall have been in effect thirty (30) days, it may be canceled or withdrawn within the succeeding period of thirty (30) days by the insurer, the insured, the surety, or the principal upon ten (10) days' notice in writing to the Commission at its office in Washington, D. C., which period of ten (10) days shall commence to run from the date such notice is actually received by the Commission. After such coverage has been in effect for a total of sixty (60) days, it may be canceled or withdrawn only in accordance with § 174.7.

(d) *Effective date.* This section shall become effective on September 1, 1941, and shall apply to all policies of insurance (or certificates of insurance in lieu thereof), surety bonds, notices of cancelation, rescinders of notices of cancelation, and notices reinstating policies of insurance and surety bonds issued in connection therewith, then on file or which may thereafter be filed with the Commission under this part.

And it is further ordered, That notice of this order shall be given to the public by depositing a copy thereof in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director of the Division of the Federal Register.

By the Commission, Division 5.

[Docket No. AO 71-A-12]

NEW YORK METROPOLITAN MILK MARKETING AREA

NOTICE OF HEARING ON HANDLING OF MILK

Proposed amendments to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area.

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and in accordance with the applicable rules of practice and procedure, as amended (7 CFR, Cum. Supp., 900.1 et seq., 10 F. R. 11791, 11 F. R. 7737, 12 F. R. 1159), notice is hereby given of a hearing to be held at the Utica Hotel, Utica, New York, beginning at 10:00 a. m., e. s. t., March 17, 1947, and at the Commodore Hotel, New York, New York, beginning at 10:00 a. m., e. s. t., March 24, 1947, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area. Since the proposals to eliminate or to modify the present formula for determining the Class I–A price raise the question of whether or not the formula will more satisfactorily maintain the Class I–A price at a level which will be consistent with the standards sets forth in the act, if some or all of the price factors contained in the formula are changed, evidence will be received at the hearing with respect to any and all factors involved in the establishment of an appropriate Class I–A price. These proposed amendments have not received the approval of the Secretary of Agriculture.

Proposed amendments with respect to which evidence will be received are as follows:

1. Proposed by Farmers' Union, Northeastern Division:

Amend § 927.2 (d) (6) to read:

(6) Prepare and distribute, monthly a bulletin to all producers and to such other persons as may request it, and timely public announcements and press releases, for the benefit of producers, consumers and handlers such statistics and information concerning the operation of this order, as amended, and including the activities of check testers operating under § 927.6 (e) (2), as do not reveal confidential information.

2. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.2 (d) (10) by substituting the following:

(10) The market administrator shall, from time to time, either upon his own motion or upon the request of any handler, cause inspection to be made of the buildings, facilities and surroundings of the plant and shall notify handlers of his determination as to what constitutes the plant and its equipment. If said inspection is requested by any handler, the market administrator shall notify such handler of his determination within 30 days of such request. Such determination shall be ruling for all purposes hereunder, and any revision in the determination on which handlers have been notified shall be effective not earlier than the date of notice to handlers of such revised determination.

3. Proposed by Metropolitan Cooperative Milk Producers' Bargaining Agency, Inc.:

Amend § 927.2 (d) by adding a new subparagraph (11) as follows:

(11) Upon request of any handler receiving milk from producers, issue a declaratory order stating the classification of milk which such handler proposes to utilize and move as described in such request; *Provided*, That if upon audit by the market administrator of the handlers' utilizations and movements of product it is found that milk received from producers was not utilized and moved as described in such request, the milk shall be classified by the market administrator under the order in accordance with its actual utilization and movement.

4. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.2 (e) (1) by deleting (i) of said section and substituting the following:

(i) The average, for the period beginning with the 25th of the preceding month and ending with the 24th of the current month, of the highest prices reported daily by the United States Department of Agriculture for U. S. Grade A or U. S. 92-score butter at wholesale in the Chicago market, plus the addition of one cent to each of such daily prices.

5. Proposed by Rockdale Creamery Corporation:

Amend § 927.2 (e) (1) (ii) and (iii) to read:

(ii) The average for the period beginning with the 25th of the immediately preceding month and ending with the 24th of the current month of the prices (using the midpoint of any range as one quotation) reported sales of all handlers reporting actual usage for Class V–B milk, for hot roller process dry skim milk or nonfat dry milk solids, other brands, human consumption, carlots, bags, or barrels.

(iii) The average for the period beginning with the 25th of the immediately preceding month and ending with the 24th of the current month of the prices (using the midpoint of any range as one quotation) reported sales of all handlers reporting actual usage for Class V–B milk, for hot roller process dry skim milk or nonfat dry milk solids, other brands, animal feed, carlots, bags or barrels.

6. Proposed by Farmers' Union, Northeastern Division:

Amend § 927.2 (e) (2) to provide for the announcement of monthly average price of U. S. Grade AA or U. S. 93-score butter on the New York market.

7. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.3 (a) (3) (ii) by adding, at the end of the proviso therein, the following: "or for shipping approved skim milk from such plant."

8. Proposed by Association of Ice Cream Manufacturers of New York State:

Amend § 927.3 (a) (4) (iv) (b) by deleting the last two sentences and substituting therefor the following: "Such specified classes of milk received from producers shall include Classes I–A, II–A, II–B (except cold storage cream); and II–F to the extent that the butterfat in said class is utilized in frozen desserts or homogenized mixtures processed in New York City; *Provided*, That the inclusion of Classes II–B and II–F as set forth herein shall not be mandatory for any period that the health authority of New York City permits use, in frozen desserts or homogenized mixtures, of milk products from sources not approved for shipment of fluid milk. In addition, such specified classes may include all or a part of Class I–C."

9. Proposed by Association of Ice Cream Manufacturers of New York State:

Amend § 927.3 (a) (4) (iv) (c), "*Provided*" clause, by deleting the phrase "set forth in" and substituting "permitted by."

10. Proposed by Production and Marketing Administration: Amend § 927.3 (b) by changing the first proviso therein to read: "*Provided*, That for the months of April, May, or June no plant at which milk was received from dairy farmers during the preceding period of October, November, and December shall be a pool plant on this basis, unless at least 60 percent of such milk was classified in Class I–A and, either directly, or through other plants, was sold or distributed in or shipped to the marketing area in the form of milk:"

11. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.3 (b) by adding the following sentence: "On or before the 14th

day of each month, the market administrator shall make public the name of any plant designated as a pool plant pursuant hereto, together with the name of the owner or operator of said designated plant."

12. Proposed by Association of Ice Cream Manufacturers of New York State:

Amend § 927.4 (a) (2) by inserting after the word "*Provided*" the following: "That in the case of milk held in the form of frozen desserts, there shall be no time limitation for establishing the classification of such milk."

13. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.4 (a) (3) (i) by adding after the words "Class I–A" the following: "except that, in any month in which the Class I–C price is higher than the Class I–A price, milk shipped in the form of milk to or through the marketing area, which is ultimately distributed in an area not regulated by an order of the Secretary, shall be classified as Class I–C;"

14. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.4 (b) by eliminating, in the first proviso, the following words: "prior to the effective date of the first rules and regulations issued hereunder the market administrator may issue temporary rules and regulations without regard to the following procedure, and."

15. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.4 (b) by eliminating the second proviso and by substituting the following: "*Provided further*, That, upon the bona fide request of any handler or handlers, a meeting shall be called pursuant to subparagraph (1) of this paragraph, not later than 30 days after such request, to consider amendments to or revisions of any rules and regulations or any temporary rules and regulations previously issued."

16. Proposed by Association of Ice Cream Manufacturers of New York State:

Amend § 927.4 (c) (5) to change "48 hours" to "7 days."

17. Proposed by New York State Association of Refrigerated Warehouses:

Amend § 927.4 (c) (5) to read:

(5) Class II-B milk shall be all milk, except as set forth in subparagraphs (7), (8), and (9) of this paragraph, the butterfat from which leaves or is on hand at a plant in the form of plain condensed milk, frozen desserts, or homogenized mixtures; or which leaves or is on hand at a plant in the form of cream, which is subsequently held in a licensed refrigerated warehouse at a temperature of zero degrees F. for 28 days, the first 7 of which are to be consecutive, such temperature to be evidenced by charts of a recording thermometer. A fluctuation of not to exceed 5 degrees above zero for not more than any 72-hour consecutive period, will be permitted. Storage rooms in which such cream is held shall at all times be subject to inspection by the milk market administrator to determine the physical presence of the cream and the temperature of the room in which stored. In the event that during the 28-day storage period, a recording thermometer fails to accurately register the temperature of the storage room, the operator of the licensed refrigerated warehouse shall immediately notify the market administrator's office of such failure, and the market administrator may then in his discretion accept accurate temperature records made manually from nonrecording thermometers, when such records are supported by an affidavit from a responsible official of the warehouse.

After the first 7 consecutive days such cream may be moved from one licensed refrigerated warehouse to another: *Provided*, That the market administrator receives notice of such removal within 48 hours thereafter. The temperature in the licensed refrigerated warehouse to which such cream is moved shall be maintained as above stated for the remaining portion of the 28-day period, after the date of removal from the original warehouse in which stored. Any handler whose report claimed the original classification of milk in this class shall be liable under the provisions of § 927.9 (c) for the difference between the Class II–B and Class II–A prices for the month in which the II–B classification was claimed on any such milk, if the storage of the cream does not comply with all the requirements of this subparagraph.

18. Proposed by Association of Ice Cream Manufacturers of New York State:

Amend § 927.4 (c) (9) to change the phrase "moved to a plant" to "moved to a plant or warehouse."

19. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.5 (a) by changing subparagraph (1) thereof to read:

(1) For Class I–A milk the price per hundredweight during each month shall be as set forth in the following table: *Provided*, That the Class I–A price, during the months of April, May, and June, 1947, shall be $4.14 per hundredweight; during the months of July, August, and September, 1947, shall not be less than $4.58 per hundredweight:

The average price per pound of butter announced pursuant to §927.2 (e) (1) (i), plus an amount calculated as follows: deduct 4 cents from the average dry skim milk or nonfat dry milk solids quotation per pound, announced pursuant to §927.2 (e) (1) (iv) for the period ending on the 24th of the preceding month, and multiply by 1.8	Class I–A price	
	April through June	July through March
Cents	*Dollars per cwt.*	*Dollars per cwt.*
37.5 or over, but under 37.5	1.94	2.38
37.5 or over, but under 47.5	2.38	2.82
47.5 or over, but under 57.5	2.82	3.26
57.5 or over, but under 67.5	3.26	3.70
67.5 or over, but under 77.5	3.70	4.14
77.5 or over, but under 87.5	4.14	4.58
87.5 or over, but under 97.5	4.58	5.02
97.5 or over, but under 107.5	5.02	5.46

Should the butter-dry skim milk price combination set forth above be 107.5 cents or more, the Class I–A price shall be the price which would result from further extensions of this table at the same rate to cover such butter-dry skim milk price combination.

20. Proposed by Metropolitan Cooperative Milk Producers' Bargaining Agency, Inc.:

Amend § 927.5 (a) (1) by striking out all the words following the word "during" and substituting in place thereof the following words: "March, April, May, and June 1947 shall be $5.10."

21. Proposed by Eastern Milk Producers' Cooperative Association, Inc.:

Amend § 927.5 (a) (1) by striking out all the words following the word "during" and substituting in place thereof the following words: "March, April, May, and June 1947 shall be $5.02."

22. Proposed by Crowley's Milk Producers' Cooperative Association, Inc.:

Amend § 927.5 (a) to provide for a Class I–A price through June 1947 of $5.02 per hundredweight.

23. Proposed by Mutual Co-Operative of Independent Producers, Inc.:

Amend § 927.5 (a) by deleting subparagraph (1) thereof, and substituting therefor a new subparagraph to read as follows:

(1) For Class I–A milk of 3.5 butterfat at the 201–210 mile zone the price per hundredweight during each month shall be as follows: March through June, $5.02; July, $5.46.

24. Proposed by Mutual Co-Operative of Independent Producers, Inc.:

a. Delete subparagraph (1) of § 927.5 (a).

b. The price of Class I milk shall be based upon its cost of production plus a reasonable profit.

c. Such price arrived at as hereinafter set forth shall be announced, after the first announcement for 6-month periods.

d. The cost of production shall be arrived at by a Board of three economists, one each from the State Agricultural Colleges of New York, Pennsylvania, and Vermont, appointed by the dean of the respective colleges for the term of one year. Such Board shall have the power to make studies, surveys, investigations, establish indexes of cost and pursue the methods now in use for arriving at cost figures and to inaugurate new surveys, revisions and examinations at monthly intervals to check trends in production cost. The supply and demand factor shall be given consideration for those months during which heavy production is anticipated, not to exceed three months of each year. The results of such surveys in the States of New York, Pennsylvania, and Vermont shall be the basis upon which the Board shall make a determination as to the monthly Class I price or prices to be paid for the 6-month period following the Board's announcement.

e. Funds for the expenses incurred by each said college in making its studies and surveys, and the expenses of the Board shall be paid, upon certificates of the respective colleges as to the amounts required or expended, from a fund of $100,000 or such sum as may be deemed adequate, withdrawn from the producers' pool on the authority of the producers participating in the pool, given in a referendum on the proposition, and held in trust by the administrator of Order No. 27 under explicit instructions as to its use. Such fund shall be kept to a certain amount by periodical transfers from the pool fund to the trust fund.

f. The results of the studies of cost of production and the processes involved in arriving at cost, the margin of milk above the actual market demands included as Class I, the allowance for profit over production cost and such other information as may be deemed necessary and proper, shall be publicly announced by the Board when the price of Class I milk is announced.

25. Proposed individually by A. G. Eiss, La Fargeville, New York; Anton S. Harrington, Gilboa, New York; Robert Yaun, Livingston Manor, New York; Walter S. Cady, Baldwinsville, New York; Raymond Bach, Canastota, New York; W. and E. Arnold, Granville Summit, Pennsylvania; Michael J. Brock, Greenwich, New York:

That (in substance) the present price formula for Class I–A milk be abandoned and that the price be fixed to return to the producer the cost of production plus a fair and reasonable profit.

26. Proposed by Floyd B. Groff, St. Johnsville, New York:

That the Class I–A price be fixed at $5.25 per hundredweight the year around.

27. Proposed by Ralph C. Archer, Jefferson Valley, New York:

That the Class I–A price be fixed as a percentage of the delivered fluid price and that the delivered price be fixed each month in advance by a committee of milk dealers and farmers.

28. Proposed by the United Dairy Farmers' Division, District 50, United Mine Workers of America, A. F. of L.:

Amend the price provisions of the order pertaining to fluid milk to permit basing of fluid milk price on the cost of production plus a reasonable profit for the dairy farmer. Amend the order to provide that the Dairy Branch, Production and Marketing Administration, United States Department of Agriculture shall at each hearing receive testimony on cost of production of 100 pounds of milk and shall thereafter make an official finding as to such cost of production and shall make that finding public.

29. Proposed by New England Milk Producers' Association:

Amend § 927.5 (a) (4) and § 927.4 (c) (3) to provide that the price for Class I–C milk which is shipped to or distributed in New England markets shall be the price for Class I–A milk.

30. Proposed by the Northern Farms' Cooperative, Inc.

Amend § 927.5 (a) (4) to provide that for Class I–C milk which is delivered to a plant or a purchaser in New England the price shall be the price for Class I–A milk.

31. Proposed by Production and Marketing Administration:

Amend § 927.5 (a) (4) to read:

(4) For Class I–C milk the price during each month shall be the price for Class I–A milk.

32. Proposed by Association of Ice Cream Manufacturers of New York State:

Amend § 927.5 (a) by deleting the "*Provided*" clause from sub-paragraphs (6), (8), and (9).

33. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.5 (a) (8) and (9) by eliminating the provisions in each instance.

34. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.5 (a) (9) by changing the phrase, "subtract 21.5 cents" to read "subtract 25.5 cents."

35. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.5 (a) (11) by substituting therefor the following:

(11) For Class III milk the price during each month for milk delivered directly by producers to plants manufacturing Class III products shall be the average, computed by the market administrator, of prices, as reported to the United States Department of Agriculture, paid during such months to farmers by each of the evaporated milk plants which purchase milk at places listed in this subparagraph and for which prices are reported; for milk originally received from producers at bulk fluid milk plants which is subsequently shipped to a manufacturing plant and there classified as Class III the price shall be the above computed average minus 27 cents per hundredweight of milk.

To these Class III prices shall be added appropriate allowances reflecting difference between freight on case goods (evaporated milk in hermetically sealed cans) and whole milk powder products shipped to the Eastern Seaboard from the middle western production area and from the New York milk shed.

or, as an alternative, substituting the following:

For Class III milk the price during each month for the months of October, November, and December, inclusive, shall be 8 cents higher than the average; for the months of August, September, January, and February shall be equal to the average; and for the other months of the year shall be 10 cents less than the average, as computed by the market administrator, of prices as reported to the United States Department of Agriculture, paid during each month to farmers by each of the evaporated milk plants which purchase milk at places listed in this subparagraph and for which prices are reported.

36. Proposed by Farmers Union, Northeastern Division:

Amend § 927.5 (a) (11) to read as follows:

(11) For Class III milk the price during each month shall be 10 cents higher than the average, computed by the market administrator, of the prices, as reported to the United States Department of Agriculture, paid during such month to farmers by each of the evaporated milk plants which purchase milk at places listed in this subparagraph and for which prices are reported: *Provided*, That in no event shall the Class III price be less than a price computed by the market administrator as follows: To the average price of 92-score butter at wholesale in the Chicago market for such month, as reported by the United States Department of Agriculture, add 30 percent, multiply by 3.5, and add 7 cents.

37. Proposed by Farmers Union, Northeastern Division:

Amend § 927.5 (a) (12) by changing the term "U. S. Grade A or U. S. 92-score" to "U. S. Grade AA or U. S. 93-score."

38. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.5 (a) (12) by eliminating the proviso contained therein.

39. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.5 (a) (13) by eliminating the second proviso contained therein.

40. Proposed by New York State Cheese Manufacturers' Association, Hoffman and Dudo, Chateaugay Cooperative Marketing Association, Lowville Producers' Dairy Cooperative, Inc., and St. Lawrence Creamery Company:

Delete the whole of § 927.5 (a) (13), as amended, and substitute the following:

(13) For Class IV–B milk the price during each month shall be a price computed by the market administrator as follows: From the average of weekly quotations at The Wisconsin Cheese Exchange, Plymouth, Wisconsin, for Cheddars, or in the absence of such quotations for Cheddars, the weekly quotations at The Wisconsin Cheese Exchange for Twins, subtract 3 cents (net figure representing making allowance in excess of whey fat, whey, transportation, and paraffin allowances) and multiply the result by 9.

or, as an alternative, substitute the following:

(13) For Class IV–B milk the price during each month shall be a price computed by the market administrator as follows: From the average of weekly quotations at The Wisconsin Cheese Exchange, Plymouth, Wisconsin, for Cheddars, or in the absence of such quotations for Cheddars, the weekly quotations at The Wisconsin Cheese Exchange for Twins, subtract 2 cents (net figure representing making allowance in excess of whey fat, whey, transportation, and paraffin allowances) and multiply the result by 9. *Provided also*, That from the result thus obtained, 15 cents per hundredweight of milk be subtracted during the months of March, April, May, June, July, August, and September each year.

41. Proposed by Floyd B. Groff, St. Johnsville, New York:

That the order should be changed so that those near New York City do not get twenty or thirty cents per hundredweight more than the rest.

42. Proposed by Rockdale Creamery Corporation:

Amend § 927.7 (a) by deleting subparagraph (5) thereof.

43. Proposed by Farm Bureau and Conservation Committee of the Board of Supervisors of Sullivan County, N. Y.:

Amend § 927.7 (a) (5) to read as follows:

(5) With respect to milk received from producers, deduct 30 cents per hundredweight at plants in the marketing area, and 20 cents per hundredweight at plants located between the marketing area and within one hundred miles of the New York market, and plants located between one hundred and one hundred twenty-five miles from the New York market deduct fifteen cents per hundredweight, and plants between one hundred twenty-five and one hundred thirty-five miles from the New York market deduct ten cents per hundredweight, and plants located between one hundred thirty-five and one hundred forty-five miles from the New York market deduct five cents per hundredweight.

44. Proposed by Production and Marketing Administration:

Amend § 927.8 (a) by adding the following: "*Provided*, That if such payment cannot be made up by the required date because the producer is deceased or cannot be located, or because the cooperative association or its lawful successor or assignee is no longer in existence, such payment shall be made to the producer-settlement fund, and in the event that a lawful claim is later established, the market administrator shall make such payment from the producer-settlement fund: *Provided further*, That, if, not later than the date when such payment is required to be made, legal proceedings have been instituted by the handler for the purpose of administrative or judicial review of the Market Administrator's finding upon verification as provided above, such payment shall be made to the producer-settlement fund and shall be held in reserve until such time as the above-mentioned proceedings have been completed, or until the handler submits proof to the Market Administrator that the required payment has been made to the producer or association of producers, in which latter event the payment shall be refunded to the handler."

45. Proposed by New York State Guernsey Breeders' Cooperative, Inc.:

Amend § 927.8 (c) to read as follows:

(c) *Butterfat differential.* The uniform price shall be plus or minus, as the case may be, for each one-tenth of 1 percent of butterfat content of milk delivered by any producer during any month above or below 3.5 percent, a number of cents per hundredweight carried to the nearest tenth-of-a-cent, computed as follows:

(1) Subtract 2.5 cents from the price of butter computed under § 927.5 (a) (12) and multiply the remainder by .121.

(2) Subtract 2.0 cents from the price of dry skim milk for human consumption computed under § 927.5 (a) (15) and multiply the remainder by .041.

(3) Increase or decrease as the case may be the sum of the two amounts obtained above by the percentage which the uniform price of the average test of all net pooled milk is above or below the value of milk of such test for manufacture into butter and powder. For purposes of this paragraph the butter-powder value of net pooled milk of average test shall be the Class IV–A price for that test of milk plus the Class V–B price per hundredweight of skim milk computed on the basis of prices of powder for human consumption plus ten (10) cents.

or in the alternative by amending § 927.8 (c) to read as follows:

(c) *Butterfat differential.* The uniform price shall be plus or minus, as the case may be, for each one-tenth of 1 percent above or below 3.5 percent of average butterfat content of milk delivered by any producer during any month, an amount which shall be calculated by the market administrator as follows: Divide by 33.48 the weighted average price per 40-quart can of 40 percent bottling quality cream in the Boston Market, as reported by the U. S. Department of Agriculture for the month during which such milk was received from producers, or the last such price reported for a month if no such price is reported for the month during which such milk was received, subtract 1.5 cents and divide the result by 10.

46. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.9 by eliminating therefrom paragraph (f) relating to cooperative payments.

47. Proposed by Rockdale Creamery Corporation:

Amend § 927.9 by deleting paragraph (f) thereof and substituting therefore the following:

(f) Any handler may apply to the Secretary of Agriculture for a determination of its qualifications to receive payments by reason of its arranging for and supplying in times of short supply Class I milk to the marketing area, securing utilization of milk, in times of long supply, in a manner to assure the greatest possible return to all producers, four cents per hundredweight of milk received from producers.

48. Proposed by Farmers' Union, Northeastern Division:

Eliminate § 927.9 (f), cooperative payments.

49. Proposed by Floyd B. Groff, St. Johnsville, N. Y.:

That the order should be changed so that no cooperative can draw any money from the pool.

50. Proposed by Dairymen's League Cooperative Association, Inc.

Strike out paragraph (f) of § 927.9 and substitute in place thereof the following:

(f) *Cooperative payments.* For the purposes of this paragraph, the word "cooperative" means any cooperative association whose members consist of producers, and any federation of such cooperative associations. When applied to a federation of cooperative associations, the words "member" and "patron" mean, respectively, the members and the patrons of the cooperative associations which themselves constitute the members of the federation. Any cooperative may apply to the Secretary for a determination of its qualifications to receive payments pursuant to this paragraph.

After the Secretary has determined any cooperative to be qualified to receive payments pursuant to this paragraph, such cooperative shall, from time to time, as requested by the market administrator, make reports to the market administrator with respect to services rendered to the market and the use of the sums received under this paragraph. Whenever the market administrator has reason to believe that any cooperative qualified by the Secretary is failing to perform the obligations covered by the payments under this paragraph, he shall suspend and hold in reserve such payments, notifying the Secretary and the cooperative of his action and the reasons therefor. Such suspended payments shall be held in reserve until the Secretary has, after hearing, disqualified such cooperative or ruled upon the performance of the cooperative and either ordered the suspended payments to be paid to the cooperative in whole or in part or disqualified the cooperative, in which event the balance of payments held in reserve shall be returned to the producer settlement fund.

The market administrator shall make the payments authorized by this paragraph, or issue credit therefor out of the producer settlement fund on or before the 25th day of each month, subject to verification of the reports upon which such payment is based.

The payments set forth below shall be made to any cooperative determined to conform to the following requirements, provided that no such cooperative, nor any member thereof shall concurrently collect payments under more than one provision of this paragraph.

(i) The cooperative is incorporated, either with or without capital stock;

(ii) Substantially all of the memberships or shares of capital stock carrying rights to vote in the meetings of the corporation are held by persons who produce milk for sale, or by other cooperatives which conform to the provisions of this subparagraph;

(iii) Rights to vote or to be represented in the meetings of the corporation are held by members, including all holders of voting shares of capital stock, either equally or in proportion to their patronage of the corporation;

(iv) Dividends or interest on all forms of capital investment (such as capital stock, certificates of interest and certificates of indebtedness issued to patrons, but not excluding other forms) are limited to 8 per cent per year;

(v) Except in case of cooperatives qualified under subdivision (1) of this section all proceeds from the marketing of milk and all other income, after the deduction of expenses, including depreciation, and after the deduction of reasonable reserves, is distributed annually, or more frequently, either directly or indirectly, to all patrons in proportion to their patronage in the form of (*a*) cash, or (*b*) evidence of capital investment, or (*c*) individual credits to the patrons clearly shown in the records of the corporation or of the cooperatives constituting a federation; *Provided*, That nothing herein contained shall prevent a cooperative from blending the proceeds of its sales in all markets and establishing such differentials as may be permitted under its contract with its producers;

(vi) All the milk of its members and patrons is sold by the cooperative and more milk is handled or sold for members than for non-members;

(vii) The corporation is free from direct or indirect control or domination by any handler other than a cooperative association, either through the furnishing of capital or through any other means or method whatever.

(1) Payment shall be made at the rate of ¾ cent per hundredweight of net pooled milk caused to be delivered by a cooperative to the plant of a handler provided the cooperative is the marketing agent for 60% of the producers delivering to such plants.

(2) Payment shall be made at the rate of 2 cents per hundredweight of net pooled milk reported and collected for by a cooperative that:

(i) Has at least 1,000 members who are producers;

(ii) Sells not more than 75% of its milk in any month to one handler, including its affiliates and subsidiaries;

(iii) Contracts for the sale of no milk in classes other than I and II–A for longer than monthly periods;

(iv) Systematically checks the weights and tests of milk delivered by its members;

(v) Accumulates at a rate of at least 2 cents per hundredweight of milk delivered by its producers, either from payments hereunder or from its producers or from both, funds invested in cash or readily marketable securities or controlling interests in plants approved for receiving milk to be sold in the marketing area, until the total amount equals $1.00 or more per hundredweight of milk delivered by its producers during the next preceding month or the preceding June, whichever is greater;

(vi) Issues and distributes a publication conveying market information to its producers at least once a month;

(vii) Blends the net proceeds of all its sales;

(viii) Has contracts with not less than half of the producers making regular deliveries to each of ten plants;

(ix) Maintains an adequate staff of persons with suitable training and performs educational, legal, statistical, and other services that contribute to the orderly and efficient marketing of milk and to more effective organization of producers for these purposes.

(3) Payments shall be made at the rate of 2 cents per hundredweight of net pooled milk at plants operated by a cooperative which meets all the requirements set forth in (iii), (iv), (vi), and (vii) of paragraph (f) (2) of this section and which accumulates at a rate of at least 2 cents per hundredweight of milk delivered by its producers, either from payments hereunder or from its producers or from both, an investment in plants approved for receiving milk to be sold in the marketing area, until the total amount equals at least 75% of the book value thereof, provided that at no time shall such investment constitute less than 20% of such value.

(4) Payments shall be made at the rate of 4 cents per hundredweight of net pooled milk reported by a cooperative or federation of cooperatives that:

(i) Has at least 2,000 members who are producers;

(ii) Contracts for the sale of no milk in classes other than I and II–A for longer than monthly periods;

(iii) Systematically checks the weights and tests of milk delivered by its members;

(iv) Issues and distributes a publication conveying market information to its producers at least once a month;

(v) Blends the net proceeds of all of its sales;

(vi) Maintains a central sales organization;

(vii) Maintains an adequate staff of persons with suitable training and performs educational, legal, statistical, and other services that contribute to the orderly and efficient marketing of milk and to more effective organization of producers for these purposes;

(viii) Has contracts with not less than half of the producers making regular deliveries to each of ten plants;

(ix) Owns and operates plants approved by a health authority in the marketing area and located at distances greater than 170 miles from New York City, capable of converting into cream and products manufactured from skim milk not less than 35% of the quantity of milk delivered by its members in the preceding June; *Provided*, That no plants hereafter equipped nearer than 225 miles from New York City shall be considered in applying this requirement;

(x) Owns and operates plants, which may include any or all of those described in subparagraph (ix) above, capable of receiving not less than half the quantity of milk delivered by its members in the preceding June;

(xi) Accumulates at a rate of at least 4 cents per hundredweight of milk delivered by its producers, either from payments hereunder or from its producers or from both, an investment in plants approved for receiving milk to be sold in the marketing area, until the total amount equals at least 75% of the book value thereof, provided that at no time shall such investment constitute less than than 20% of such value;

(5) Payments shall be made at the rate of 7 cents per hundredweight of net pooled milk reported by a cooperative that meets all the requirements set forth in subdivisions (ii), (iii), (iv), (v), (vi), (vii), (viii), (ix), (x) and (xi) of paragraph (f) (4) of this section and also the following:

(i) Has at least 10,000 members who are producers;

(ii) Has contracts with not less than half the producers supplying milk to the plants of any handler to whom more than 25% of its sales are made in any month;

(iii) Has capacity in plants operated as described in paragraph (f) (4) (ix) capable of converting into cream and products manufactured from skim milk not less than ten per cent of all the milk in the last June pool below Class I.

51. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.9 (g) by eliminating the words "and was used in Classes II–D, II–E or II–F during the months of July to March, inclusive, or in Class IV–A during the months of January to March, inclusive" and by substituting the words "and was assigned, in accordance with the provisions of the rules and regulations issued by the market administrator pursuant to § 927.4 (b) hereof, to Classes II–D, II–E or II–F during the months of July to March, inclusive, or to Class IV–A during the months of January to March, inclusive."

52. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.9 (h) (1) and (2) (ii) by inserting the words "frozen desserts or homogenized mixtures" after the words "plain condensed milk" wherever that product is named.

53. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

Amend § 927.9 (h) by striking out, in subparagraph (2) (ii) thereof, immediately following the words "Class V–B prices;", the following: "except as provided in (iv) of this subparagraph" and by inserting this clause at the beginning of § 927.9 (h) (2) (ii).

54. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

If any Board of Health having jurisdiction in the marketing area finds that there is an inadequate supply of milk, cream, plain condensed milk or skim milk (or any one of these four products), declares an emergency and permits the importation of such butterfat or skim milk from sources other than pool plants, no payments shall be made, during the period of such declared emergency, by handlers to producers, through the producer settlement fund, for milk, cultured or flavored milk drinks, cream, plain condensed milk, frozen desserts or homogenized mixtures, or skim milk, which milk or milk product was derived from milk received at some plant from dairy farmers who are not producers.

55. Proposed by Assn. of Ice Cream Manufacturers of N. Y. State:

3. Amend § 927.9 (h) (1) and (2) (ii), (iv) by deleting all references to Class II–B therein.

56. Proposed by Assn. of Ice Cream Manufacturers of N. Y. State:

4. Amend § 927.9 (h) by adding thereto the following subparagraph:

(5) Notwithstanding any foregoing provision of this paragraph (h) of this section, the said paragraph shall be inapplicable to, and no payment shall be made thereunder by handlers to producers with respect to, milk and milk products meeting the provisions of paragraph (h) (1) of this section and used

during any period that a health authority having jurisdiction in the marketing area permits the use thereof.

57. Proposed by Milk Dealers' Association of Metropolitan New York, Inc.:

(20) Amend the order providing for the payment of interest on accounts past due to the producer settlement fund and on monies unlawfully withheld from handlers by the market administrator.

58. Proposed by Production and Marketing Administration:

Amend § 927.5 (a) (15) (and the related price announcement provisions of § 927.2 (e)) to provide for computation of the Class V–B price on the basis of all prices reported by the United States Department of Agriculture for nonfat dry milk solids for human consumption, in carlot sales on the New York market, rather than on the basis of quotations for dry skim milk for animal feed and for human consumption as now provided in § 927.5 (a) (15).

Copies of this notice of hearing and of the tentatively approved marketing agreement, as amended, and of the order, as amended, now in effect, may be procured from the Market Administrator, 205 East Forty-second Street, New York, New York, or from the Hearing Clerk, Office of the Solicitor, U. S. Department of Agriculture, Room 0306 South Building, Washington 25, D. C., or may be there inspected.

Dated: March 7, 1947.

INTERSTATE COMMERCE COMMISSION

[49 CFR, Ch. I]

[No. 29678]

INCREASED PASSENGER FARES FOR NEW HAVEN RAILROAD

NOTICE OF REASSIGNMENT OF PUBLIC HEARING

MARCH 7, 1947.

By supplemental petition dated January 27, 1947, petitioners ask that this Commission further modify its order of November 13, 1920, in No. 11623, Rates, Fares and Charges of N. Y. C. R. R. Co., 59 I. C. C. 290, as subsequently modified, sufficiently to enable petitioners to establish and maintain the same increases in their basic fares on intrastate traffic between stations on their lines within the State of New York as may be authorized on interstate traffic. This feature of the above-entitled proceeding is hereby assigned for public hearing on March 31, 1947, before Commissioner John L. Rogers and Examiner Burton Fuller at 9:30 o'clock, United States standard time, at the offices of the Interstate Commerce Commission, Washington, D. C.

The public hearing assigned by the Commission's notice of January 30, 1947, at New York, N. Y., on March 27, 1947, with respect to commutation fares, is hereby canceled, and this feature of the above-entitled proceeding is hereby reassigned for public hearing on April 22, 1947, before Commissioner John L. Rogers and Examiner Burton Fuller at 9:30 o'clock a. m., United States standard time, at the Hotel St. George, Clark Street, Brooklyn, New York.

The Commission has received numerous letters with respect to this proceeding. All interested parties are advised that factual data or expressions of opinion pertinent to the issues cannot be considered by the Commission if presented only in the form of letters but must be presented in the form of testimony or other evidence at the public hearings in order to be considered by the Commission.

A copy of this notice has, on the date hereof, been sent by regular mail to the said petitioners, the Governors and the rate regulatory authorities of the States of New York, Connecticut, Rhode Island, and Massachusetts, and every person who has thus far evidenced an interest therein; and at the same time copies have also been posted in the office of the Secretary of the Commission at Washington, D. C., and filed with the Director, Division of the Federal Register, Washington, D. C.

By the Commission.

[No. 29711]

INCREASED PASSENGER FARES FOR EASTERN RAILROADS

NOTICE OF PETITION ASSIGNED FOR PUBLIC HEARING

MARCH 7, 1947.

By petition dated February 28, 1947, the common carriers by railroad in the eastern district and Pocahontas region listed in the appendix hereto request this Commission to authorize petitioners to increase between stations on their lines their interstate basic one-way passenger fares in coaches by 13.63 percent or to approximately 2.5 cents per mile and in parlor or sleeping cars by 6.06 percent or to approximately 3.5 cents per mile, with a minimum increase of 5 cents, and a minimum one-way fare of 15 cents, to increase such fares between stations on their lines and stations on connecting lines sufficiently to reflect the proposed increases on their lines, and to increase their interstate commutation and other multiple fares by approximately 20 percent in certain instances and by specific amounts in other instances, to cancel commutation and multiple fares in certain instances and to change the regulations affecting such fares in other instances.

Petitioners state that if authority is granted to increase the basic one-way fares as sought in the petition, it is the intention of petitioners, other than those in the New England region, to establish and maintain round-trip fares, as follows:

Daily round-trip fares to be increased generally in proportion with the increases proposed with respect to one-way fares of like class, the basis of the new 3-months' limit round-trip fares to be as follows:

1. *First-class fares.* Rate per mile in each direction to be 3.5 cents (no round-trip reduction) for distances up to 200 miles; for distances from 200 miles to 700 miles (one-way distance), the rate level to be gradually decreased from 3.4 to 3.1 cents at 700 miles or more; the 3.5 cents per mile fare at 199 miles to be protected until it runs out.

2. *Coach fares.* Rate per mile in each direction to be 2.5 cents (no round-trip reduction) for distances up to 200 miles; for distances from 200 miles to 500 miles (one-way distance), the rate level to be gradually decreased from 2.25 cents to 1.9 cents at 500 miles or more; the 2.5 cents per mile fare at 199 miles to be protected until it runs out.

The Commission is further asked to modify its order of February 28, 1936, in No. 26550, Passenger Fares and Charges 214 I. C. C. 174, as subsequently modified, sufficiently to permit the establishment and maintenance of the proposed increased basic fares on interstate traffic, and to modify its orders of November 13, 1920, in No. 11623, Rates, Fares and Charges of N. Y. C. R. R. Co., 59 I. C. C. 290, of November 13, 1920, in No. 11762, Michigan Passenger Fares, 60 I. C. C. 245, of January 10, 1921, in No. 11830, Ohio Rates, Fares and Charges, 60 I. C. C. 78, and of January 11, 1921, in No. 11703, Intrastate Rates within Illinois, 59 I. C. C. 350, as subsequently modified, sufficiently to permit the establishment and maintenance of like increases in the basic fares on intrastate traffic within the States of New York, Michigan, Ohio, and Illinois, respectively, said orders not embracing commutation or other multiple fares.

The Commission is further asked to grant such fourth-section relief as may be necessary to permit the establishment and maintenance of such increased fares, new regulations and cancellations on interstate traffic, and to permit such establishment on one day's notice, without suspension.

The petition above described has been docketed as No. 29711, Increased Passenger Fares; Eastern Railroads, and is assigned for hearing as set forth in the next succeeding paragraph hereof. The basic passenger fares are considered to be sufficiently different from the commutation and other multiple fares as to warrant separate hearings in the best interests of the record, the parties and the Commission.

The petition herein described is assigned for public hearing before Commissioner John L. Rogers and Examiner Burton Fuller on March 31, 1947, 9:30 o'clock a. m., United States standard time, at the offices of the Interstate Commerce Commission, Washington, D. C., with respect to the proposed increased basic fares, and on April 22, 1947, 9:30 o'clock a. m., United States standard time, at the Hotel St. George, Clark St., Brooklyn, N. Y., with respect to commutation and other multiple fares.

The Commisison has received numerous letters with respect to this proceeding. All interested parties are advised that factual data or expressions of opinion pertinent to the issues cannot be considered by the Commission if presented only in the form of letters but must be presented in the form of testimony or other evidence at the public hearings in order to be considered by the Commission.

A copy of this notice has, on the date hereof, been sent by regular mail to the said petitioners, the Governors and the rate regulatory authorities of the States traversed by petitioners, and every person who has thus far evidenced an interest therein; and at the same time copies have also been posted in the office of the Secretary of the Commission at Washington, D. C., and filed with the Director, Division of Federal Register, Washington, D. C.

By the Commission.

IDAHO

RESTORATION ORDER NO. 1150 UNDER FEDERAL POWER ACT

FEBRUARY 28, 1947.

Pursuant to the determination of the Federal Power Commission (DA–372, Idaho) and in accordance with the Departmental regulations of August 16, 1946 (43 CFR 4.275 (16), 11 F. R. 9080), *It is ordered as follows:*

The land hereinafter described, which was withdrawn by Departmental order of February 10, 1943, creating Power Site Classification No. 337, and also included in Power Project No. 1447 on August 4, 1937, for transmission line purposes, is hereby opened to disposition under the public land laws, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1063), as amended by the act of August 26, 1935 (49 Stat. 846, 16 U. S. C. 818).

At 10:00 a. m. on May 2, 1947, the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from May 3, 1947 to August 1, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from April 13, 1947 to May 2, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on May 3, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on August 2, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from July 13, 1947 to August 1, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on August 2, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at Blackfoot, Idaho, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code

[1] As to basic, commutation, and multiple fares.

of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at Blackfoot, Idaho.

The lands affected by this order are described as follows:

BOISE MERIDIAN

T. 9 S., R. 16 E., sec. 24, lot 1.

The area described contains 31.30 acres.

This land, which is in Grazing District No. 5, lies near the breaks of the Snake River and contains lava rock intermingled with a loam soil.

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

FEBRUARY 26, 1947.

In an exchange of lands made under the provisions of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1976; 43 U. S. C. 315g), the lands hereinafter described have been reconveyed to the United States.

At 10:00 a. m. on April 30, 1947, the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from April 30, 1947, to July 30, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from April 10, 1947, to April 30, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on April 30, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on July 30, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from July 10, 1947, to July 30, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on July 30, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be field in the District Land Office at Salt Lake City, Utah, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at Salt Lake City, Utah.

The lands affected by this order are described as follows:

SALT LAKE MERIDIAN

T. 27 S., R. 11 W.,
Sec. 1, N½, SW¼.
T. 40 S., R. 12 W.,

FEBRUARY 28, 1947.

Pursuant to the determination of the Federal Power Commission (DA-351, Oregon) and in accordance with the Departmental regulations of August 16, 1946 (43 CFR 4.275 (16), 11 F. R. 9080); *It is ordered as follows:*

The land hereinafter described, which was withdrawn by Executive order of July 2, 1910, creating Power Site Reserve No. 26, is hereby opened to disposition under the public land laws, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1063), as amended by the act of August 26, 1935 (49 Stat. 846, 16 U. S. C. 818).

At 10:00 a. m. on May 2, 1947, the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from May 3, 1947, to August 1, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from April 13, 1947, to May 2, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on May 3, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on August 2, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from July 13, 1947, to August 1, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on August 2, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at The Dalles, Oregon, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at The Dalles, Oregon.

The lands affected by this order are described as follows:

WILLAMETTE MERIDIAN

T. 15 S., R. 12 E., sec. 1, NE¼SE¼.

The area described contains 40 acres.

This land, which is in Grazing District No. 5, is located near the Deschutes River and is rough, broken and rocky, with shallow loam soil.

FRED W. JOHNSON,
Director.

WYOMING AND MONTANA

ORDER PROVIDING FOR THE OPENING OF PUBLIC LANDS

MARCH 3, 1947.

Departmental order approved July 9, 1946, revoked Departmental orders of July 25, 1905, May 2, 1919, February 3, and April 20, 1928, and April 2, 1929, in so far as they withdrew in the first form prescribed by section 3 of the Reclamation Act of June 17, 1902 (32 Stat. 388), the lands hereinafter described within the Shoshone Project, Wyoming-Montana, and provided that such revocation shall not affect the withdrawal of any other lands by said orders or affect any other order withdrawing or reserving the lands described.

At 10:00 a. m. on May 5, 1947, the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from May 6, 1947, to August 4, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from April 16, 1947, to May 5, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on May 6, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on August 5, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from July 16, 1947, to August 4, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on August 5, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at Cheyenne, Wyoming, and Billings, Montana, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications and the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at Cheyenne, Wyoming, and Billings, Montana.

PRINCIPAL MERIDIAN, MONTANA

T. 9 S., R. 25 E.,
Secs. 22 to 27, inclusive;
Sec. 33, lot 2;
Sec. 34.

The areas described aggregate 71,316.29 acres. Part of the lands are patented and some are included in school sections.

The lands vary considerably in topography, ranging from broken and rolling mountainous land to rolling nearly level in places with some table and bench land intervening. All the lands are fairly well watered from springs and streams which run through the land. The soil, for the most part, may be classified as second- and third-rate fertility, producing such native vegetation as bunch and buffalo grasses and sage.

CALIFORNIA

RESTORATION ORDER NO. 1207 UNDER FEDERAL POWER ACT

FEBRUARY 28, 1947.

Pursuant to the determination of the Federal Power Commission (DA–639, California) and in accordance with the Departmental regulations of August 16, 1946 (43 CFR § 4.275 (16), 11 F. R. 9080), *It is ordered as follows:*

The land hereinafter described, which was withdrawn by Executive order of April 19, 1912, creating Power Site Reserve No. 261, and also included in Power Project No. 284 on July 31, 1922, is hereby opened to disposition under the public land laws, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1063), as amended by the act of August 26, 1935 (49 Stat. 846, 16 U. S. C. 818).

At 10:00 a. m. on May 2, 1947, the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from May 3, 1947, to August 1, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from April 13, 1947, to May 2, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on May 3, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on August 2, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous nonpreference right filings.* Applications by the general public may be presented during the 20-day period from July 13, 1947, to August 1, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on August 2, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at Sacramento, California, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at Sacramento, California.

The lands affected by this order are described as follows:

MOUNT DIABLO MERIDIAN

T. 5 N., R. 13 E., sec. 1, NE¼SE¼.

The area described contains 40 acres.

This land is rough and mountainous, and has a sandy loam soil with considerable granite rock.

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

FEBRUARY 28, 1947.

In an exchange of lands made under the provisions of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1976; 43 U. S. C. 315g), the lands hereinafter described have been reconveyed to the United States.

At 10:00 a. m. on May 2, 1947, the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from May 2, 1947, to August 1, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from July 12, 1947, to August 1, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on August 1, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on August 1, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from July 12, 1947, to August 1, 1947, inclusive, and all of such applications, together with those presented at 10:00 a. m. on August 1, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at Santa Fe, New Mexico, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at Santa Fe, New Mexico.

The lands affected by this order are described as follows:

NEW MEXICO PRINCIPAL MERIDIAN

WYOMING GRAZING DISTRICT NO. 3

SPECIAL RULE WITH RESPECT TO GRAZING PRIVILEGES

Special rule for Wyoming Grazing District No. 3 pursuant to authority vested in the Secretary of the Interior by the act of June 28, 1934 (48 Stat. 1269, 43 U. S. C. 315, et seq.) as amended, commonly known as the Taylor Grazing Act, and in accordance with the provisions of section 15 of the Federal Range Code, approved September 23, 1942.

A proper factual showing of its necessity having been made by the regional grazier, and it having been found that local conditions in the Lower Baggs and Shell Creek Units of Wyoming Grazing District No. 3 (Divide) make necessary and desirable the application of a special rule in order to achieve an administration consistent with the purposes of the act, there is hereby established for these units a limit of 600 animal unit months of Federal range grazing privileges, which is the equivalent of six months' use of the Federal range by 100 cattle or horses or 500 sheep or goats, below which no license or permit that is in excess of 600 animal unit months, and that is exercised entirely in these units, will be reduced to reach the grazing capacity of the Federal range in the distribution of grazing privileges among qualified applicants in class 1. No license or permit that is for less than 600 animal unit months and that is exercised entirely in these units will be reduced, and no reduction will be for more than 25 percent.

FRED W. JOHNSON,
Director.

Approved: February 28, 1947.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 5th day of February 1947;

The Commission having under consideration (1) the record of the hearing, held at Washington, D. C., on January 3–7, 1946, in the above-entitled application of WLEU Broadcasting Corporation, requesting a construction permit to change the broadcast facilities of Station WLEU, Erie, Pennsylvania, from 1450 kc, with 250 watts power, unlimited time, to 1260 kc, with 1 kw power night and 5 kw power day, to install a directional antenna for night use, to install a new transmitter, and to change transmitter location; (2) a petition filed December 21, 1945, by WLEU Broadcasting Corporation requesting the Commission to issue an order to show cause why the license of Presque Isle Broadcasting Company authorizing the operation of Station WERC, Erie, Pennsylvania, on 1230 kc, with 250 watts power, unlimited time, should not be modified to specify operation on 1450 kc, with 250 w power, unlimited time, and to consolidate the hearing on said order to show cause with the hearing on the above-entitled application of WLEU Broadcasting Corporation; and (3) an opposition to the petition for the issuance of an order to show cause, filed December 27, 1945, by Presque Isle Broadcasting Company (WERC);

It appearing, that the above-entitled application of WLEU Broadcasting Corporation is contingent upon the removal of Station WERC, Erie, Pennsylvania, from the frequency 1230 kc to the frequency 1450 kc; and that Presque Isle Broadcasting Company (WERC) was a party to the said hearing heretofore held in the above-entitled application of WLEU Broadcasting Corporation (WLEU);

It further appearing, that the simultaneous operation of Station WERC on the frequency 1230 kc, and of Station WLEU, as proposed, at Erie, Pennsylvania, would be inconsistent with the Commission's Standards of Good Engineering Practice; that the operation of Station WLEU, as proposed, might result in the addition of new primary broadcast service to a substantial population and area in and around Erie, Pennsylvania; and that the public interest, convenience, and necessity might be better served by assigning the frequency 1260 kc to WLEU Broadcasting Corporation (WLEU) and the frequency 1450 kc to Presque Isle Broadcasting Company (WERC), both at Erie, Pennsylvania;

It is ordered, That the said petition filed by WLEU Broadcasting Corporation (WLEU) be, and it is hereby, granted; that, pursuant to section 312 (b) of the Communications Act of 1934, as amended, opportunity be, and it is hereby, afforded Presque Isle Broadcasting Company, licensee of Station WERC, Erie, Pennsylvania, to show cause at a hearing before the Commission to be held at its offices in Washington, D. C., on the 17th day of March, 1947, at 10 a. m., why the broadcast license issued to said Presque Isle Broadcasting Company (WERC) should not be modified so as to specify the use by it of the frequency 1450 kc at Erie, Pennsylvania, in lieu of the frequency 1230 kc; and that WLEU Broadcasting Corporation (WLEU) be, and it is hereby, made a party to this proceeding;

It is further ordered, That the above-ordered hearing to show cause, to which § 1.857 of the Commission's rules and regulations shall be applicable, be, and it is hereby, consolidated with the hearing on the above-entitled application of WLEU Broadcasting Corporation (WLEU) heretofore held at Washington, D. C., on January 3–7, 1946.

[Docket No. 8112]

CHESAPEAKE AND POTOMAC TELEPHONE COMPANY OF BALTIMORE CITY

ORDER TO SHOW CAUSE

New increased charges for interstate message telephone service in the Washington metropolitan area.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 27th day of February 1947;

It appearing, that on February 11, 1947, The Chesapeake and Potomac Telephone Company of Baltimore City filed revised tariff schedules effective March 13, 1947, resulting in increased charges for interstate message telephone service in the Washington Metropolitan Area, between certain points in the State of Maryland and certain points in the State of Virginia; said tariff schedules being designated as follows: "The Chesapeake and Potomac Telephone Company of Baltimore City," Tariff F. C. C. No. 15, 4th Revised Page No. 5; 11th Revised Page No. 7.

It further appearing, that on the 14th day of February 1947, by order served upon The Chesapeake and Potomac Telephone Company of Baltimore City, the Commission, pursuant to section 204 of the Communications Act of 1934, as amended, suspended the operation of the above cited tariff schedules until June 13, 1947, insofar as they effected increased charges for interstate message telephone service in the Washington Metropolitan Area, and upon its own motion ordered a hearing pursuant to sections 204 and 205 of the Communications Act of 1934, as amended, concerning the lawfulness of the above cited tariff schedules, insofar as they provided for increased charges for such telephone service;

It further appearing, that the above order required that during the suspension period, no changes be made in said tariff schedules, or in the regulations, charges or practices sought to be altered thereby, unless authorized by special permission of the Commission;

It further appearing, that pursuant to sections 201 through 205, inclusive, and 403 of the Communications Act of 1934, as amended, the Commission, by said order of February 14, 1947, instituted an investigation into the lawfulness of the rates, charges, regulations, practices, and services of The Cheasapeake and Potomac Telephone Company of Baltimore City, The Chesapeake and Potomac Telephone Company of Virginia, and The Chesapeake and Potomac Telephone Company (operating in the District of Columbia), for and in connection with interstate message telephone service in the Washington Metropolitan Area;

It further appearing, that by the order of February 14, 1947, The Chesapeake and Potomac Telephone Company of Baltimore City, The Chesapeake and Potomac Telephone Company of Virginia, and The Chesapeake and Potomac Telephone Company were made parties respondent to the proceeding, and that the matter was assigned for hearing on the 25th day of March, 1947;

It further appearing, that The Chesapeake and Potomac Telephone Company of Baltimore City has been demanding, collecting, and otherwise making charges for interstate telephone communications between points in the State of Maryland and points in the State of Virginia, in the Washington Metropolitan Area, without having on file with this Commission effective tariff schedules showing such charges, and in disregard of effective tariff schedules on file with the Commission, contrary to the provisions of section 203 of the Communications Act of 1934, as amended;

It further appearing, that The Chesapeake and Potomac Telephone Company of Baltimore City represented to the Commission and to the public by the above cited tariff schedules that the new increased charges for interstate telephone communications between certain points in the State of Maryland and certain points in the State of Virginia would be placed in effect on March 13, 1947, although said company knew that increased charges would be made effective before that date; and that the Commission was thereby misinformed concerning the facts as to when the new increased charges were to become effective, so that it was unable to take timely action in enforcement of the Communications Act;

It further appearing, that The Chesapeake and Potomac Telephone Company of Baltimore City placed in effect the new increased charges for interstate telephone communications between certain points in the State of Maryland and certain points in the State of Virginia, in violation of the above suspension order of the Commission of February 14, 1947, and of Section 204 of the Communications Act of 1934, as amended;

It further appearing, that The Chesapeake and Potomac Telephone Company of Baltimore City failed to file a consecutively numbered supplement to its tariff announcing the suspension of the schedules named in the suspension order of February 14, 1947, as required by § 61.191 of the Commission's rules and regulations;

It further appearing, that in view of the above matters, the proceedings in this docket and the hearing now scheduled herein should, without in any way limiting the scope thereof, include certain issues in addition to those already indicated therefor;

It is ordered, That The Chesapeake and Potomac Telephone Company of Baltimore City, and the following officials of the company: Messrs. H. Randolph Maddox, President; Robert C. McCann, Vice President—Operation; Wilbur H. Collier, Assistant Vice President; Franklin H. Kenworthy, Vice

President and Comptroller; August B. Hancke, Vice President and General Manager; and Truman G. Rumberger, General Commercial Manager; shall appear at the hearing scheduled herein to begin at 10:00 a. m. on the 25th day of March 1947, at the offices of the Commission in Washington, D. C., and give evidence, and show cause, with respect to the apparent violations of the Communications Act of 1934, as amended, and of the Commission's order of February 14, 1947, herein, and regarding the other matters set forth above, as follows:

(1) Why the Commission should not request the Attorney General of the United States to apply to the appropriate district court of the United States for issuance of a writ of mandamus commanding The Chesapeake and Potomac Telephone Company of Baltimore City and its officers, agents and employees to comply with the provisions of the Communications Act of 1934, as amended, particularly sections 203 and 204 thereof, as provided in section 401 (a) of said Act;

(2) Why the Commission, or the United States, by its Attorney General, should not apply to an appropriate district court of the United States for enforcement of the order of the Commission of February 14, 1947, herein through issuance of a writ of injunction or other proper process, mandatory or otherwise, to restrain The Chesapeake and Potomac Telephone Company of Baltimore City, its officers, agents and representatives, from further disobedience of such order, or to enjoin upon it, or them, obedience to the same, as provided in section 401 (b) of the Communications Act of 1934, as amended;

(3) Why the Commission should not request the appropriate district attorney of the United States to institute in the proper court and to prosecute, under the direction of the Attorney General of the United States, all necessary proceedings for the enforcement of the provisions of the Communications Act of 1934, as amended, against The Chesapeake and Potomac Telephone Company of Baltimore City and its officers, agents and representatives, and for punishment of all violations thereof, and particularly the imposition of the penalties provided by section 501 and 502 of the act, as provided in section 401 (c) of said act;

(4) Why a civil suit should not be instituted in the name of the United States pursuant to section 504 of the Communications Act of 1934, as amended, to recover the forfeitures provided for in section 203 (e) of said act;

(5) Why the Commission should not request the Attorney General of the United States or the appropriate district attorney of the United States to institute all necessary proceedings against The Chesapeake and Potomac Telephone Company of Baltimore City and its responsible officers, agents and representatives, for punishment of violation of section 35 (A) of the Criminal Code (18 U. S. Code, section 80), in representing by the above cited tariff schedules filed with the Commission that the effective date of the increased rates would be March 13, 1947, when in truth and fact said company and its officers, agents and representatives knew that rate increases would be made effective prior to that date;

It is further ordered, That this order shall be served upon each of the above named officials of The Chesapeake and Potomac Telephone Company of Baltimore City and upon each of the other parties to this proceeding;

It is further ordered, That at the hearings herein, the issues presented by this order and by the similar order adopted this day in Docket No. 8110, shall take precedence over the matters presented by the orders of February 14, 1947, in this docket and Docket No. 8110.

Notice is hereby given, That § 1.857 of the Commission's rules and regulations is not applicable to these proceedings.

By the Commission.

CHESAPEAKE AND POTOMAC TELEPHONE COMPANY OF VIRGINIA

ORDER TO SHOW CAUSE

New increased charges for interstate message telephone service in the Washington metropolitan area.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 27th day of February 1947;

It appearing, that on January 20 and February 11, 1947, The Chesapeake and Potomac Telephone Company of Virginia filed revised tariff schedules effective February 20 and March 13, 1947, respectively, resulting in increased charges for interstate message telephone service in the Washington Metropolitan Area, between certain points in the State of Virginia and certain points in the State of Maryland; said tariff schedules being designated as follows: "The Chesapeake and Potomac Telephone Company of Virginia," Tariff F. C. C. No. 15, 4th Revised Page No. 5; 5th Revised Page No. 5; 11th Revised Page No. 7; 12th Revised Page No. 7;

It further appearing, that on the 14th day of February 1947, by order served upon The Chesapeake and Potomac Telephone Company of Virginia, the Commission, pursuant to section 204 of the Communications Act of 1934, as amended, suspended the operation of the above cited tariff schedules until May 20, 1947, insofar as they effected increased charges for interstate message telephone service in the Washington Metropolitan Area, and upon its own motion ordered a hearing pursuant to sections 204 and 205 of the Communications Act of 1934, as amended, concerning the lawfulness of the above cited tariff schedules, insofar as they provided for increased charges for such telephone service;

It further appearing, that the above order required that during the suspension period, no changes be made in said tariff schedules, or in the regulations, charges or practices sought to be altered thereby, unless authorized by special permission of the Commission;

It further appearing, that, pursuant to sections 201 through 205, inclusive, and 403 of the Communications Act of 1934, as amended, the Commission, by said order of February 14, 1947, instituted an investigation into the lawfulness of the rates, charges, regulations, practices, and services of The Chesapeake and Potomac Telephone Company of Virginia, The Chesapeake and Potomac Telephone Company of Baltimore City, and The Chesapeake and Potomac Telephone Company (operating in the District of Columbia), for and in connection with interstate message telephone service in the Washington Metropolitan Area;

It further appearing, that by the order of February 14, 1947, The Chesapeake and Potomac Telephone Company of Virginia, The Chesapeake and Potomac Telephone Company of Baltimore City, and The Chesapeake and Potomac Telephone Company were made parties respondent to the proceeding, and that the matter was assigned for hearing on the 25th day of March, 1947;

It further appearing, that The Chesapeake and Potomac Telephone Company of Virginia has been demanding, collecting, and otherwise making charges for interstate telephone communications between points in the State of Virginia and points in the State of Maryland, in the Washington Metropolitan Area, without having on file with this Commission effective tariff schedules showing such charges, and in disregard of effective tariff schedules on file with the Commission, contrary to the provisions of section 203 of the Communications Act of 1934, as amended;

It further appearing, that The Chesapeake and Potomac Telephone Company of Virginia represented to the Commission and to the public by the above cited tariff schedules that the new increased charges for interstate telephone communications between certain points in the State of Virginia and certain points in the State of Maryland would be placed in effect on February 20, 1947, although said company knew that increased charges would be made effective before that date; and that the Commission was thereby misinformed concerning the facts as to when the new increased charges were to become effective, so that it was unable to take timely action in enforcement of the Communications Act;

It further appearing, that The Chesapeake and Potomac Telephone Company of Virginia placed in effect the new increased charges for interstate telephone communications between certain points in the State of Virginia and certain points in the State of Maryland, in violation of the above suspension order of the Commission of February 14, 1947, and of section 204 of the Communications Act of 1934, as amended;

It further appearing, that The Chesapeake and Potomac Telephone Company of Virginia failed to file a consecutively numbered supplement to its tariff announcing the suspension of the schedules named in the suspension order of February 14, 1947, as required by § 61.191 of the Commission's rules and regulations;

It Further Appearing, that in view of the above matters, the proceedings in this docket and the hearing now scheduled herein should, without in any way limiting the scope thereof, include certain issues in addition to those already indicated therefor;

It is ordered, That The Chesapeake and Potomac Telephone Company of Virginia, and the following officials of the company: Messrs. H. Randolph Maddox, President; Robert C. McCann, Vice President—Operation; Wilbur H. Collier, Assistant Vice President; Franklin H. Kenworthy, Vice President and Comptroller; Arthur L. Lambdin, Vice President and General Manager; and Arthur W. Harrison, General Commercial Manager; shall appear at the hearing scheduled herein to begin at 10:00 a. m. on the 25th day of March 1947, at the offices of the Commission in Washington, D. C., and give evidence, and show cause with respect to the apparent violations of the Communications Act of 1934, as amended, and of the Commission's order of February 14, 1947, herein, and regarding the other matters set forth above, as follows:

(1) Why the Commission should not request the Attorney General of the United States to apply to the appropriate district court of the United States for issuance of a writ of mandamus commanding The Chesapeake and Potomac Telephone Company of Virginia and its officers, agents and employees to comply with the provisions of the Communications Act of 1934, as amended, particularly sections 203, and 204 thereof, as provided in section 401 (a) of said act;

(2) Why the Commission, or the United States, by its Attorney General, should not apply to an appropriate district court of the United States for enforcement of the order of the Commission of February 14, 1947, herein, through issuance of a writ of injunction or other proper process, mandatory or otherwise, to restrain The Chesapeake and Potomac Telephone Company of Virginia, its officers, agents and representatives, from further disobedience of such order, or to enjoin upon it, or them, obedience to the same, as provided in section 401 (b) of the Communications Act of 1934, as amended;

(3) Why the Commission should not request the appropriate district attorney of the United States to institute in the proper court and to prosecute, under the direction of the Attorney General of the United States, all necessary proceedings for the enforcement of the provisions of the Communications Act of 1934, as amended, against The Chesapeake and Potomac Telephone Company of Virginia and its officers, agents and representatives, and for punishment of all violations thereof, and particularly the imposition of the penalties provided by sections 501 and 502 of the act, as provided in section 401 (c) of said act;

(4) Why a civil suit should not be instituted in the name of the United States pursuant to section 504 of the Communications Act of 1934, as amended, to recover the forfeitures provided for in section 203 (e) of said act;

(5) Why the Commission should not request the Attorney General of the United States or the appropriate district attorney of the United States to institute all necessary proceedings against The Chesapeake and Potomac Telephone Company of Virginia and its responsible officers, agents and representatives, for punishment of violation of section 35 (A) of the Criminal Code (18 U. S. Code, section 80), in representing by the above cited tariff schedules filed with the Commission that the effective date of the increased rates would be February 20, 1947, when in truth and fact said company and its officers, agents and representatives knew that rate increases would be made effective prior to that date;

It is further ordered, That this order shall be served upon each of the above-named officials of The Chesapeake and Potomac Telephone Company of Virginia, and upon each of the other parties to this proceeding;

It is further ordered, That at the hearings herein, the issues presented by this order and by the similar order adopted this day in Docket No. 8112, shall take precedence over the matters presented by the orders of February 14, 1947, in this docket and Docket No. 8112;

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-75, 54-152, 59-8, 59-20]

COMMONWEALTH AND SOUTHERN CORP. (DELAWARE) ET AL.

NOTICE OF FILING OF AMENDMENT TO PLAN AND ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa. on the 6th day of March 1947.

In the matter of The Commonwealth & Southern Corporation (Delaware), respondent, File No. 59-20; The Commonwealth & Southern Corporation (Delaware) and its subsidiary companies, respondents, File No. 59-8; The Commonwealth & Southern Corporation (Delaware), File No. 54-75; The Commonwealth & Southern Corporation (Delaware), and The Southern Company, File No. 54-152.

The Commonwealth & Southern Corporation ("Commonwealth"), a registered holding company, and The Southern Company ("Southern"), a new subsidiary organized by Commonwealth, having on October 21, 1946 filed an application for approval of a plan pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 providing for the transfer to Southern of all of Commonwealth's interest in Alabama Power Company, Georgia Power Company, Gulf Power Company, Mississippi Power Company, South Carolina Power Company and Savannah River Electric Company, and for the approval of related transactions; and the Commission having on November 25, 1946 issued its notice of filing and order for hearing (Holding Company Act Release No. 7018) summarizing the provisions of said plan and application and ordering a hearing thereon; and a hearing having been held upon said plan and application and having been adjourned subject to the call of the Trial Examiner:

Notice is hereby given that on February 19, 1947 Southern and Commonwealth jointly filed an amendment to said plan and application. The principal changes made by the amendment in the plan heretofore filed are that (a) the provision that Southern issue debentures or serial notes is elliminated and (b) South Carolina Power Company common stock is not to be transferred to Southern. The amendment also provides for certain changes in accounting treatment, and in addition proposes an agreement by Commonwealth, under certain conditions, to dispose of interests in subsidiary companies, as more specifically summarized hereinafter.

All interested persons are referred to said plan and application, as amended, which are on file in the offices of this Commission, for a full statement of the transactions therein proposed, which are summarized as follows:

1. Commonwealth proposes to transfer to Southern $3,000,000 in cash and all of Commonwealth's interests in the following southern subsidiary companies: Alabama Power Company, Georgia Power Company, Gulf Power Company, Mississippi Power Company and Savannah River Electric Company. Such interests include (a) all of the outstanding common stocks of such companies and (b) demand notes of Savannah River Electric Company payable in the amount of $1,450,034.30 as at September 30, 1946.

2. In exchange therefor, Southern, which has an authorized capitalization of 15,000,000 shares of common stock with a par value of $5 per share, proposes to issue and deliver to Commonwealth 10,000,000 of such shares including the 200 shares issued in connection with the organization of Southern.

3. Southern proposes to register as a holding company under the Act prior to or concurrently with its acquisition of Commonwealth's interests in the above-stated Southern subsidiary companies.

4. Southern further proposes, after the acquisition of the aforesaid interests, to issue and sell to the public for the best price obtainable, such number of additional shares of its common stock as will produce net cash proceeds to Southern, after the payment of underwriting discounts or commissions, in the amount of $10,000,000. Southern proposes to invest the proceeds from such sale in the common stocks of such of its subsidiary companies as may be determined in supplemental proceedings before the Commission.

5. Southern proposes to record the investment to be acquired by it in Savannah River Electric Company at approximate book value and to record the investments to be acquired in other Southern operating subsidiaries of Commonwealth at amounts, representing the fair values inherent in such investments, as were heretofore determined by the Board of Directors of Southern. The aggregate amount proposed to be recorded in the investment account of Southern is $146,500,000.

Southern further proposes that there shall be appropriated from consolidated net income (before transfer to consolidated earned surplus) to a consolidated general reserve for investments $2,000,000 per year cumulative from the effective date of acquisition by Southern of its proposed subsidiaries. Of such appropriation at least $500,000 per year cumulative from such date shall be made in the corporate accounts of Southern. Southern reserves the right to apply to the Commission at any time, or from time to time, to discontinue any appropriation, corporate or consolidated, in whole or in part.

6. Commonwealth requests that the Commission find the proposed plan, as submitted or as modified, necessary to effectuate the provisions of section 11 (b) and fair and equitable to the persons affected thereby, and also requests that the Commission's order approving the plan contain the recitals required by sections 371 (f) and 1808 (f) of the Internal Revenue Code.

7. Subject to the condition that the transactions proposed are carried out pursuant to an appropriate finding of the Commission to the effect that the electric properties of Alabama Power Company, Georgia Power Company, Mississippi Power Company and Gulf Power Company are retainable under common control as an integrated public utility system under the standards of the act and that the continued existence of Southern as a holding company over such retainable properties is appropriate under such standards and to an order thereon approving the plan,

(a) Commonwealth agrees to dispose or cause the disposition of its direct or indirect interest in all of its subsidiaries other than Alabama Power Company, Georgia Power Company, Mississippi Power Company, Gulf Power Company and Savannah River Electric Company, and agrees that the Commission may enter an appropriate order to such effect under section 11 (b) (1);

(b) Commonwealth (as long as Southern is its subsidiary) and Southern agree to dispose or cause the disposition of their direct or indirect interest in the gas and transportation properties of Alabama Power Company, Georgia Power Company and Gulf Power Company, and agree that the Commission enter an appropriate order to such effect under section 11 (b) (1); and

(c) Commonwealth agrees to dispose of any remaining direct or indirect interest in Southern as soon as possible after the retirement by Commonwealth of its outstanding preferred stock.

Commonwealth and Southern propose to file such applications and declarations as may be necessary or appropriate to the carrying out of said order and the foregoing agreement or any orders of the Commission entered pursuant thereto.

The Commission being required by the provisions of section 11 (e) of the act before approving any plan thereunder to find, after notice and opportunity for hearing, that the plan as submitted or as modified is necessary to effectuate the provisions of subsection (b) of section 11 and is fair and equitable to the persons affected thereby; and it appearing appropriate to the Commission that notice be given and a hearing be held on the plan, as amended, filed by Southern and by Commonwealth to afford all interested persons an opportunity to be heard with respect thereto:

It is ordered, That the hearing in these consolidated proceedings, pursuant to the applicable provisions of the act and the rules and regulations thereunder, be reconvened, before the Trial Examiner heretofore designated, on March 24, 1947, at 11:00 a. m., e. s. t., at the office of this Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing shall be held.

It is further ordered, That any person who has not heretofore entered his appearance and who desires to be heard in connection with this proceeding or proposes to intervene herein shall file with the Secretary of the Commission on or before March 20, 1947 his request or application therefor as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That notice of said hearing be given by registered mail to Commonwealth, Southern, the Federal Power Commission, the Public Service Commissions of Alabama, Georgia and South Carolina and to the participants at the hearing held on January 15, 1947 in the instant proceedings, and to all other persons by general release of this Commission which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935 and by publication in the FEDERAL REGISTER.

By the Commission.

NOTICE OF APPLICATION TO STRIKE FROM LISTING AND REGISTRATION AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 6th day of March A. D. 1947.

The New York Curb Exchange, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to strike from listing and registration the Capital Stock, $5.00 Par Value, of A. D. F. Co., which until August 27, 1945 was known as Atlas Drop Forge Company. The application alleges that (1) the issuer on September 4, 1945 sold substantially all of its assets to a wholly-owned subsidiary of Spicer Manufacturing Corporation in consideration of the sum of $1,436,835.47; (2) the issuer ceased manufacturing operations on August 31, 1945; (3) the issuer is in the process of complete and final liquidation; (4) the issuer has distributed to its shareholders two liquidating dividends totalling $13.00 per share; (5) the only remaining assets are approximately $400,000, composed principally of United States Government securities and cash, which would amount to $2.68 per share, subject to certain contingent liabilities in amounts not presently ascertainable; (6) the New York Curb Exchange suspended dealings in this security on January 15, 1947; and (7) the rules of the New York Curb Exchange with respect to the striking of a security from listing and registration have been complied with.

Upon receipt of a request, prior to March 26, 1947, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms or conditions. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Philadelphia, Pennsylvania. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

MICHIGAN CONSOLIDATED GAS CO. AND AMERICAN LIGHT & TRACTION CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 4th day of March 1947.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") by Michigan Consolidated Gas Company ("Michigan Consolidated"), a gas utility company, and its parent, American Light & Traction Company ("American Light"), a registered

holding company. The applicants-declarants have designated sections 6 (b), 9, 10 and 12 (f) of the act and Rules U-43 and U-50 promulgated thereunder as applicable to the proposed transactions.

All interested parties are referred to the application-declaration which is on file in the office of the Commission for a statement of the transactions therein proposed, which are summarized as follows:

Michigan Consolidated proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $6,000,000 principal amount of its First Mortgage Bonds, ----% Series due 1969, and it is proposed that the interest rate on the bonds (which shall be a multiple of ⅛ of 1%) and the price to be received by Michigan Consolidated (which price, exclusive of accrued interest, shall not be less than 100% or more than 102¾% of the principal amount of the new bonds) are to be determined by the competitive bidding. Michigan Consolidated also proposes to issue and sell to its parent company, American Light, and American Light proposes to purchase from Michigan Consolidated, an additional 276,805 shares of $14 par common stock for a cash consideration of $3,875,270. In connection with the issuance and sale of the additional common stock, Michigan Consolidated proposes to amend its Articles of Incorporation to increase the authorized number of shares of common stock from 3,000,000 of which there are outstanding 2,768,050, to 3,500,000 of which there will be outstanding 3,044,855.

The application-declaration states that the net proceeds from the sale of the new bonds and stock will be expended in connection with the construction and acquisition of additional property consisting principally of distribution mains and lines and gas-manufacturing equipment, and to reimburse Michigan Consolidated in part for expenditures heretofore made by it from other funds for such purposes. Of the proceeds from the sale of the bonds, $2,500,000 will be deposited with the trustees under the Indentures to be held as a part of the trust estate subject to withdrawal in accordance with provisions of the Indentures. The expense of the issuance and sale of the bonds and common stock are estimated to be $94,000 and $41,000, respectively.

Applicants-declarants state that the issuance of the bonds and common stock is subject to the jurisdiction of The Michigan Public Service Commission and that the necessary authorization from such Commission will be procured before the hearing upon the application-declaration.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors or consumers that a hearing be held with respect to the matter set forth in said application-declaration, and that the application-declaration shall not be granted or permitted to become effective except pursuant to further order of this Commission;

It is ordered, That a hearing on the application-declaration, pursuant to the applicable provisions of the act and the rules and regulations thereunder, be held on March 19, 1947 at 10:00 a. m., e. s. t., at the offices of this Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held.

Any persons desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Secretary of this Commission, on or before March 17, 1947, a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That Willis E. Monty, or any other officer or officers of this Commission designated by it for that purpose, shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of the application-declaration and that, upon the basis thereof, the following matters and questions are presented for consideration without prejudice to its specifying additional matters or questions upon further examination:

1. Whether the proposed issue and sale of the new bonds and of the common stock are exempt from the provisions of sections 6 (a) and 7 of the act pursuant to section 6 (b) thereof, and, if not, whether said issue and sale meet the requirements of section 7 of the act.

2. Whether the terms and conditions of the issue and sale of bonds and common stock are detrimental to the public interest or to the interests of investors or consumers.

3. Whether the indentures securing the proposed bonds contain adequate protective provisions for the benefit of security holders.

4. Whether the fees, commissions and other remuneration to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount.

5. Whether the proposed acquisition by American Light of the common stock of Michigan Consolidated meets the applicable requirements of section 10.

6. Whether the proposed transactions meet the requirements of section 12 (f).

7. Whether the accounting entries to be recorded in connection with the proposed transactions are proper, conform with sound accounting principles and meet the requirements of the act.

8. What terms or conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the protection of investors or consumers.

It is further ordered, That the Secretary of the Commission shall serve a copy of this order by registered mail on the applicants-declarants herein, the Michigan Public Service Commission and the Federal Power Commission; and that notice of said hearing shall be given to all other persons by publication of this notice and order in the FEDERAL REGISTER, and by general release of this Commission which shall be distributed to the press.

By the Commission.

DALLAS POWER & LIGHT CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 5th day of March A. D. 1947.

Dallas Power & Light Company ("Dallas"), an electric utility subsidiary of American Power & Light Company ("American"), a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company, having filed a declaration and amendment thereto pursuant to sections 6 (a) (2) and 7 of the Public Utility Holding Company Act of 1935 with respect to the following transactions:

Dallas proposes to amend its charter in the following respects: (1) To provide for a dividend restriction on common stock whereby not more than 75% of the earnings available to the common stock may be paid out as dividends thereon when the ratio of common stock equity to total capitalization is between 20% and 25% of total capitalization, and not more than 50% of such earnings may be paid out as dividends when the ratio of common stock equity to total capitalization falls below 20%; (2) to grant holders of common stock preemptive rights with respect to any offering of common stock or any security convertible into common stock for money, other than by a public offering of such shares; (3) to provide that the consideration received by the company from the issuance and sale of additional common stock without nominal or par value be entered in the capital stock account; (4) to increase the authorized common stock from 273,000 shares without nominal or par value to 2,500,000 shares without nominal or par value; and (5) to expressly confer on the company or its Board of Directors certain additional powers with respect to the borrowing of money, mortgaging the company's property and purchase and sale of its own securities.

The declaration having been filed on January 9, 1947, the amendment thereto having been filed on February 4, 1947, notice of said filing as amended having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing on said declaration within the period specified in such notice or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to the declaration as amended that the applicable provisions of the act and the rules thereunder are satisfied, that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration as amended be permitted to become effective, and deeming it appropriate to grant the request of declarant that the order become effective at the earliest practicable date:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said act, and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be, and the same hereby is, permitted to become effective.

By the Commission.

WISCONSIN HYDRO ELECTRIC CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania on the 5th day of March A. D. 1947.

Notice is hereby given that an additional amendment to an application or declaration (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Wisconsin Hydro Electric Company ("Wisconsin Hydro"), a public-utility company and a subsidiary of Eastern Minnesota Power Corporation, a registered holding company.

Notice is further given that any interested person may, not later than March 20, 1947, at 5:30 p. m., e. s. t. request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application or declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after March 20, 1947, such application or declaration, as filed or as amended, or any of the transactions proposed therein, may be granted or may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said amendment which is on file in the office of this Commission for a statement of the transactions therein proposed which are summarized as follows:

Wisconsin Hydro proposes to issue and sell $1,750,000 3⅛% First Mortgage Bonds, due twenty-five years from date, and $250,000 3% Serial Notes, due $50,000 annually for five years after the issuance thereof. The proceeds of the said bonds and notes will be used in payment of the 5% First Mortgage Bonds of Wisconsin Hydro presently outstanding in the principal amount of $2,077,000 which mature October 1, 1947.

Wisconsin Hydro, for reasons stated in its amendment, has requested an exemption from the competitive bidding requirements of Rule U-50 promulgated under the Public Utility Holding Company Act of 1935. It proposes to sell the bonds to Massachusetts Mutual Life Insurance Company, Equitable Life Insurance Company of Iowa, and Modern Woodmen of America, and has arranged with Harris Trust and Savings Bank, Chicago, Illinois, for the purchase of the serial notes. Wisconsin Hydro states that the transactions proposed are subject to the jurisdiction of the Wisconsin Public Service Commission.

STANDARD GAS AND ELECTRIC CO. AND OKLAHOMA GAS AND ELECTRIC CO.

SUPPLEMENTAL ORDER CONCERNING COMPETITIVE BIDDING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 5th day of March 1947.

Standard Gas and Electric Company (Standard), a registered holding company, and its public utility subsidiary, Oklahoma Gas and Electric Company (Oklahoma Gas), having filed separate applications and declarations, and amendments thereto, pursuant to sections 6, 7, 11 (b) and 12 (d) of the Public Utility Holding Company Act of 1935 (Act) and Rules U-24, U-44 and U-50 promulgated thereunder, in which it was proposed, among other things, that Standard sell its holdings of 750,000 shares of the Common Stock of Oklahoma Gas and that, simultaneously with such sale, Oklahoma Gas issue and sell an additional issue of 140,000 shares of its Common Stock, both sales to be made pursuant to the competitive bidding requirements of Rule U-50; and

The Commission having by order dated January 22, 1947, granted said applications and permitted said declarations to become effective, subject to the condition, among others, that the proposed sale by Standard and the proposed issue and sale of shares of Common Stock by Oklahoma Gas not be consummated until the results of competitive bidding pursuant to Rule U-50 have been made a matter of record in these proceedings and a further order has been entered by this Commission in the light of the record so completed, jurisdiction being reserved for this purpose; and

The Commission having, by Supplemental order dated February 24, 1947, granted and permitted to become effective an amendment filed by Oklahoma Gas to its application-declaration herein deleting the provision under which the additional issue of 140,000 shares of Common Stock by Oklahoma Gas would be sold simultaneously with the proposed sale by Standard of its holdings of 750,000 shares of the Common Stock of Oklahoma Gas; and

Oklahoma Gas having filed a further amendment dated March 4, 1947 to its application-declaration in which it is stated that in accordance with the permission granted by said Orders of the Commission dated January 22, 1947 and February 24, 1947, it has offered its Common Stock for sale pursuant to the competitive bidding requirements of Rule U-50 and has received the following bids:

Syndicate headed by—	*Price to Oklahoma Gas (per share)*
The First Boston Corporation	$37.34
Kuhn, Loeb & Co., Harriman, Ripley & Co., Inc., and Smith, Barney & Co	37.07
Merrill Lynch, Pierce, Fenner & Beane	36.78
Lehman Brothers and Blyth & Co., Inc	34.29

The amendment further stating that Oklahoma Gas has accepted the bid of the syndicate headed by The First Boston Corporation, and that the stock will be offered for sale to the public at a price of $39.50 per share, resulting in an underwriters' spread of $2.16 per share; and

The Commission having examined said amendment and having considered the record herein and finding no basis for imposing terms and conditions with respect to such matters;

It is ordered, That jurisdiction heretofore reserved with respect to the results of the competitive bidding for the 140,000 shares of its Common Stock to be sold by Oklahoma Gas be, and it hereby is, released, and that the amendment filed on March 5, 1947, by Oklahoma Gas to its application-declaration herein with respect to the issue and sale of said 140,000 shares of Common Stock, be, and it hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

It is further ordered, That jurisdiction heretofore reserved with respect to the competitive bidding requirements of Rule U-50 for the proposed sale by Standard of its holding of 750,000 shares of Common Stock of Oklahoma Gas be, and the same hereby is, continued.

By the Commission.

UNITED LIGHT AND POWER CO. ET AL.

NOTICE OF FILING OF APPLICATION

At a regular session of the Securities and Exchange Commission held at its

office in the City of Philadelphia, Pa., on the 4th day of March 1947.

In the matter of The United Light and Power Company, The United Light and Railways Company, American Light & Traction Company, Continental Gas & Electric Corporation, United American Company, and Iowa-Nebraska Light and Power Company, respondents, File No. 5917; The United Light and Power Company and its subsidiary companies, respondents, File No. 5911; The United Light and Power Company, applicant, File No. 54-25.

Notice is hereby given that The United Light and Railways Company ("Railways"), a registered holding company and its subsidiary, American Light & Traction Company ("American Light"), also a registered holding company, have filed a joint application pursuant to the Public Utility Holding Company Act of 1935 regarding the acquisition by American Light of additional shares of common stock of The Detroit Edison Company ("Detroit Edition"), a public-utility subsidiary of American Light. The applicants have designated sections 9 and 10 of the act as being applicable to the proposed transaction.

All interested persons are referred to said application which is on file in the office of the Commission for a statement of the transaction therein proposed, which is summarized as follows:

Detroit Edison has heretofore filed a declaration under the Act (File No. 70-1468) concerning the issuance of 636,130 shares of its common stock as a ten percent dividend on its presently outstanding common stock. The Commission has ordered a hearing thereon to be held on March 12, 1947 (Holding Company Act Release No. 7235). If the stock dividend is paid, American Light, as the holder of 1,289,205 shares of Detroit Edison common stock, would be entitled to receive 128,920 additional shares of such stock plus a scrip certificate for one-half a share. Railways and American Light consent and agree that the additional shares of stock of Detroit Edison, if acquired by American Light, would be held subject to the provisions of section 11 of the act and of the Commission's order of August 5, 1941 requiring Railways and American Light to dispose of their direct and indirect interest in Detroit Edison, to the same extent as though such shares has been owned by American Light at the date of the entry of such order and had been expressly referred to therein.

Notice is further given that any interested person may, not later than March 14, 1947 at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held with respect to the acquisition of the Detroit Edison common stock by American Light, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by the application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after March 14, 1947 the application may be granted as provided in Rule U-23 of the rules and regulations promulgated pursuant to the act or the Commission may exempt such transaction as provided in Rule U-20 (a) or Rule U-100 thereof.

The applicants request that, if the Commission shall enter an order permitting the declaration of Detroit Edison with respect to the issuance of its common stock dividend to become effective, the order with respect to the instant application be entered concurrently therewith.

It is hereby ordered, That the Secretary of the Commission shall serve by registered mail a copy of this notice on The United Light and Railways Company, American Light & Traction Company, The Detroit Edison Company, the Michigan Public Service Commission, and the City of Detroit.

By the Commission.

GERTRUDE BLUEMNER TENLLADO ET AL.

In re: Gertrude Bluemner Tenllado vs. Ella Sterzel, et al. File No. D-28-9377; E. T. sec. 12438.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Gerda Dreschler, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the sum of $1,342.77 was paid to the Alien Property Custodian by Curt C. Lindauer, Master in Chancery in the matter of Gertrude Bluemner Tenllado vs. Ella Sterzel, et al.;

3. That the said sum of $1,342.77 is presently in the possession of the Attorney General of the United States and was property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which was evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

This vesting order is issued nunc pro tunc to confirm the vesting of the said property in the Alien Property Custodian by acceptance thereof on May 2, 1946, pursuant to the Trading with the Enemy Act, as amended.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 24, 1947.

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN CERTAIN CALIFORNIA COURTS

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it having been found:

1. That each of the persons named in Column 1 of Exhibit A, attached hereto and by reference made a part hereof, was a person within the designated enemy country or the enemy-occupied territory identified in Column 2 of said Exhibit A opposite such person's name;

2. That it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A opposite such person's name, and such measures having been taken;

3. That, in taking such measures in each of such actions or proceedings, costs and expenses have been incurred in the amount stated in Column 4 of said Exhibit A opposite the action or proceeding identified in Column 3 of said Exhibit A;

Now, therefore, there is hereby vested in the Attorney General of the United States, to be used or otherwise dealt with in the interest of and for the benefit of the United States, interests in the property which said persons obtain or are determined to have as a result of said actions or proceedings in amounts equal to the sums stated in Column 4 of said Exhibit A.

The term "designated enemy country" as used herein shall have the meaning prescribed in section 10 of Executive Order 9193, as amended. The term "enemy-occupied territory" as used herein shall have the meaning prescribed in Rules of Procedure, Office of Alien Property, § 501.6 (8 CFR, Cum. Supp., 503.6).

WALTER SCHOENFELD

In re: Estate of Walter Schoenfeld a/k/a George Walter Schoenfeld, deceased. File D-28-10018; E. T. sec. 14221.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Gertrude Schoenfeld Grachen, Elizabeth Schoenfeld and Johanna Schoenfeld Werner, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the sum of $4,635.13 was paid to the Alien Property Custodian by Ella Olson, Executrix of the Estate of Walter Schoenfeld a/k/a George Walter Schoenfeld, deceased;

3. That the said sum of $4,635.13 is presently in the possession of the Attorney General of the United States and was property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which was evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined;

4. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

This vesting order is issued nunc pro tunc to confirm the vesting of the said property in the Alien Property Custodian by acceptance there on July 31, 1946, pursuant to the Trading with the Enemy Act, as amended.

FEDERAL REGISTER

VOLUME 12 NUMBER 51

Washington, Thursday, March 13, 1947

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 54—ANNUAL AND SICK LEAVE REGULATIONS

MISCELLANEOUS AMENDMENTS

In the FEDERAL REGISTER of February 25, 1947, Chapter I was revised and certain parts, including Part 54, were redesignated, effective May 1, 1947 (12 F. R. 1270, 1343). These amendments to Part 54 are to be carried over on May 1, the effective date of the redesignation.

Sections 54.305, 54.408, 54.409, and 54.410 (redesignated as §§ 30.305, 30.408, 30.409 and 30.410, effective May 1, 1947) are amended to read as follows:

§ 54.305 *Application for sick leave.* Written application on the prescribed form for grant of sick leave shall be filed within two days after the employee returns to duty. In no case shall a medical certificate be required to support the application for periods of absence of three days or less. For periods of absence in excess of three work days the application must be supported by a medical certificate, or other evidence administratively acceptable, which must be filed within 15 days after return to duty: *Provided*, That in lieu of a medical certificate, a signed statement of the employee indicating the nature of the illness and the reason why a medical certificate is not furnished may be accepted whenever it is unreasonable to obtain such certificate because of a shortage of physicians, remoteness of locality, or because the circumstances surrounding the employee's illness do not require the services of a physician. The agency shall determine administratively whether the statement of the employee in lieu of a medical certificate shall be considered sufficient evidence to support the request for sick leave.

§ 54.408 *Disposition of sick leave account on transfer.* When an employee is appointed, reappointed, or transferred to another position with no break in service, or a break of less than 90 days, his sick leave account shall be disposed of as follows:

(a) If the position is within the purview of the leave acts of March 14, 1936, the sick leave account shall be certified to the employing agency for credit or charge to the employee.

(b) If the position to which he is appointed, reappointed, or transferred is not within the purview of the leave acts of March 14, 1936, the employee shall be furnished with a statement of his sick leave account and if he is subsequently appointed, reappointed, or transferred to a position within the purview of such acts, with no break in service or a break of less than 90 days, the leave shown to be due shall be credited to his account.

§ 54.409 *Disposition of annual leave account on transfer.* When a permanent employee is appointed, reappointed, or transferred to another position as a permanent employee within the purview of the leave acts of March 14, 1936, with no break in service, his annual leave account shall be certified to the employing agency for credit or charge to the employee.

§ 54.410 *Transfer from position not within purview of leave acts to position within purview of leave acts.* Any person who was appointed, reappointed, or transferred prior to January 1, 1945, to a position not within the purview of the leave acts of March 14, 1936, who is or has been appointed, reappointed, or transferred to a position within the purview of such acts with no break in service, or with a break of less than 30 days if the reappointment occurred between December 31, 1944, and March 1, 1946, or less than 90 days if the reappointment occurred on or after March 1, 1946, shall be credited with the leave shown to be due.

TITLE 29—LABOR

Chapter VIII—Commissioner of Internal Revenue

[T. D. 5553]

PART 1003—PROCEDURE RELATIVE TO DETERMINATION THAT SALARIES OR WAGES SUBJECT TO JURISDICTION OF NATIONAL WAGE STABILIZATION BOARD WERE PAID IN CONTRAVENTION OF ACT OF OCTOBER 2, 1942, AS AMENDED

Part 1003 added to provide procedure to implement the functions transferred to the Treasury Department by section 10 (b) of Executive Order 9809, dated December 12, 1946 (11 F. R. 14281) and vested in the Commissioner of Internal Revenue by this Decision.

On August 28, 1943, the Economic Stabilization Director promulgated amended regulations relating to wages and salaries (8 F. R. 11960) by virtue of the authority vested in the President by the act of October 2, 1942, entitled "An Act to amend the Emergency Price Control Act of 1942, to aid in preventing inflation, and for other purposes" (56 Stat. 765), as amended by the Public Debt Act of 1943, entitled "An Act to increase the debt limit of the United States, and for other purposes" (57 Stat. 63), and vested in turn by the President in the Economic Stabilization Director under Executive Order 9328, dated April 8, 1943 (8 F. R. 4681). These regulations conferred on the National War Labor Board, subject to the provisions of sections 1, 2, 3, 4 and 8 of Title II of Executive Order 9250, dated October 3, 1942 (7 F. R. 7871) and except as otherwise provided in Executive Order 9299, dated February 4, 1943 (8 F. R. 1669), prescribing regulations and procedure with respect to wage and salary adjustments for employees subject to the Railway Labor Act, authority to determine under rulings and orders issued by it, whether any (a) wage payments, or (b) salary payments not in excess of $5,000.00 per annum to an employee represented by a duly recognized or certified labor organization, or not employed in a bona fide executive administrative, or professional capacity are made in contravention of the act, or any rulings, orders, or regulations promulgated thereunder. On December 31, 1945 the President promulgated Executive Order 9672 (11 F. R. 221) establishing within the Department of Labor a Board to be known as the National Wage Stabilization Board, and providing that the Board shall have all the present powers, functions, and responsibilities of the National War Labor Board relating to the stabilization of wages and salaries for the purpose of carrying out the objectives authorized and directed by the Emergency Price Control Act of 1942, as amended, and the Stabilization Act of 1942, as amended, in accordance with the policies and procedures provided by Executive orders and regulations issued pursuant to these acts. Executive Order 9672 further provided that the presently effective rules, regulations, procedures, and orders of the National War Labor Board relating to any function vested in the National Wage Stabilization Board shall continue to be effective in accordance with their terms. On December 12, 1946 the President promulgated Executive Order 9809 (11 F. R. 14281) providing that the National Wage Stabilization Board is terminated and that the functions heretofore vested in the Board pursuant to the provisions of section 5 (a) of the Stabilization Act of 1942, as amended, are transferred to the Department of the Treasury.

PARAGRAPH 1. In the exercise of the authority conferred by Executive Order 9809 to determine whether salary or wage payments subject to the jurisdiction of the National Wage Stabilization Board were made in contravention of the act of October 2, 1942, as amended, the Commissioner of Internal Revenue hereby adopts the procedure set out in 29 CFR, Part 1002, Subpart J (T. D. 5416, 9 F. R. 13195).

PAR. 2. For the purposes of this part, the sections of Part 1002, Subpart J (9 F. R. 13195, 10 F. R. 3797), numbered from 1002.36 to 1002.46, inclusive, shall be numbered as follows, and the word "salary" wherever it appears shall be read as "salary or wage":

1003.4 Final notice.
1003.5 Notice of hearing.
1003.6 Hearing officer.
1003.7 Conduct of hearing.
1003.8 Findings of fact and recommendations.
1003.9 Determination by the Commissioner.
1003.10 Petition for reconsideration.
1003.11 Determination of contravention.

AUTHORITY: §§ 1003.1 to 1003.11, inclusive, issued under E. O. 9809, Dec. 12, 1946, 11 F. R. 14283.

§ 1003.1 *Preliminary investigation.* Upon receipt of information indicating a possible contravention of the act, the Head of the Regional Office, in whose jurisdiction the employer is located, shall institute an investigation. This investigation may be made by a representative of the Salary Stabilization Unit, Internal Revenue Agent or any other employee of the Bureau of Internal Revenue.

If, upon review of the report of investigation, the Head of the Regional Office is satisfied that the salary or wage payments in question were not made in contravention, he shall so notify the employer and refer the case to the Commissioner for review.

§ 1003.2 *Submission of report.* If, upon review of the report of investigation, the Head of the Regional Office believes that the salary or wage payment was made in contravention, he shall submit a report, in detail, to the Commissioner, together with the original report of investigation. The employer, if he so desires, may have a conference in the Regional Office prior to the submission of the report to the Commissioner.

§ 1003.3 *Preliminary notice.* If, upon consideration of the report of the Head of the Regional Office, the Commissioner is satisfied that there is reasonable cause for believing that a salary or wage payment has been made in contravention of the act, a preliminary notice to such effect shall be sent to the employer. Such preliminary notice shall contain a concise statement of the nature of the alleged contravention payment and the employer shall have an opportunity, within the time specified, to submit additional evidence and for conference.

§ 1003.4 *Final notice.* If no reply is received by the Commissioner within the specified time, or the additional evidence, if any is submitted, is not sufficient to warrant any change in the preliminary notice, a final notice shall be sent to the employer by registered mail ordering the employer to show cause why the alleged salary or wage payments shall not be held in contravention of the act. Such notice shall contain a concise statement of the nature of the alleged contravention payments and advise the employer of his right to have a hearing, if one is requested at the time of filing the answer, and that answer, under oath, to the notice shall be made by the employer within the time specified in the final notice. Unless a hearing is requested at the time of filing the answer, the hearing shall be deemed to have been waived. Upon good cause shown, the time for answering the final notice may be extended by the Commissioner.

If no answer is received within the time specified in the final notice, or as extended, a notice of the determination with respect to contravention will be issued by the Commissioner by registered mail.

§ 1003.5 *Notice of hearing.* If a hearing is requested, notice of the hearing shall be sent by registered mail to the employer not less than 15 days prior to the date of the hearing. Such notice shall contain (a) a statement of the time and place of hearing; (b) the name of the hearing officer; (c) a concise statement of the allegations of fact which constitute the basis for the proceeding; (d) a statement that the employer may be represented by counsel and given full opportunity to present written or oral testimony and to examine and cross-examine witnesses on all matters relating to the charge and (e) a statement informing the employer that failure to appear will not preclude the Commissioner from taking testimony, receiving evidence and making findings and recommendations with respect to the charges.

For good cause shown, the date of the hearing may be postponed.

§ 1003.6 *Hearing officer.* The Commissioner, or the Deputy Commissioner of the Salary Stabilization Unit, may conduct hearings, or may, in writing, authorize some official or employee of the Bureau of Internal Revenue as a hearing officer to conduct and hold hearings and make findings of fact as hereinafter provided.

§ 1003.7 *Conduct of hearing.* Attempt should be made by the parties to stipulate with respect to such facts with which there is no substantial dispute.

The parties shall have every opportunity to present and introduce such evidence as they deem necessary in support of their positions.

The hearing officer shall afford the parties reasonable opportunity for examination of witnesses.

Before closing a hearing, the hearing officer shall inquire of each party whether he has any further evidence to offer.

The hearing officer at his discretion may, at the close of the hearing, allow a short period for presentation of oral argument or for summary of the facts disclosed at the hearing, and may allow briefs to be filed within a period prescribed by him, such period not to exceed 15 days.

The employer may, at his own expense, provide for the taking of a stenographic report of the hearing, in which case a copy shall be furnished without cost to the hearing officer.

§ 1003.8 *Findings of fact and recommendations.* Within a reasonable time after the conclusion of the hearing, the hearing officer shall prepare findings of fact in which he shall state briefly the issues involved and his recommendation. Such findings of fact and recommendation shall be transmitted to the Commissioner and a copy shall be transmitted to the employer.

§ 1003.9 *Determination by the Commissioner.* After consideration of the findings and recommendation of the hearing officer, the Commissioner shall determine whether the salary or wage payments in question were made in contravention of the act. A copy of such determination shall be sent by registered mail to the employer.

§ 1003.10 *Petition for reconsideration.* Within 15 days after the mailing of notice of determination of contravention by the Commissioner, the employer may file with the Commissioner a petition for reconsideration of such determination. This petition may be accompanied by any affidavits or briefs which the employer desires to submit. Within a reasonable time after receiving such request for reconsideration, the Commissioner may affirm, modify or reverse his original determination or direct a further hearing to be held. Such further hearing shall follow the procedure prescribed for the original hearing. After consideration of the findings of fact of the second hearing, the Commissioner shall issue his determination as to whether the salary or wage payments were made in contravention of the act.

§ 1003.11 *Determination of contravention.* The Deputy Commissioner of the Salary Stabilization Unit, or any other duly authorized employee of the Bureau of Internal Revenue, may act for the Commissioner in making determinations of contravention, except that if the Deputy Commissioner of the Salary Stabilization Unit is the hearing officer, the determination of contravention shall be made by the Commissioner.

This Treasury Decision shall be effective upon filing for publication with the Federal Register.

[SEAL] JOSEPH D. NUNAN, Jr.,
Commissioner of Internal Revenue.

APPROVED: March 7, 1947.

JOSEPH J. O'CONNELL, Jr.,
Acting Secretary of the Treasury.

PART 1138—ANTIMONY

[General Preference Order M-112, as Amended March 12, 1947]

§ 1138.1 *General Preference Order M-112*—(a) *Definitions.* For the purpose of this order "antimony" means and includes:

(1) Ores and concentrates, including beneficiated or treated forms, containing antimony commercially recognized;

(2) Antimony metal, otherwise known as "Regulus" and the element antimony in commercially pure form;

(3) Liquated antimony, sometimes known as "needle antimony", "crude antimony" or "Crudum" which is in any case the result of separating antimony sulphide from antimony ores by fusion, without essential chemical change;

(4) Any alloy containing 50 per cent or more by weight of antimony, as defined in (1), (2), and (3) above;

(5) Antimony oxide which results from the processing of antimony, as defined in (1), (2), (3) and (4) above;

(6) Antimony sulphide (precipitate or synthetic) which results from the processing of antimony, as defined in (1), (2), (3), (4), and (5) above.

(b) *Deliveries, allocations and uses*—(1) *Restrictions on deliveries.* No person shall deliver or accept delivery of antimony without a specific allocation in writing by the Civilian Production Administration, except as follows:

(i) Antimony may be delivered to any person in lots of 224 lbs. (contained antimony), or less, but the total quantity of contained antimony which any person may receive in any calendar month from all sources of supply under this subparagraph shall not exceed 224 lbs.

(ii) Antimony may be delivered to the Office of Metals Reserve, Reconstruction Finance Corporation, or to any other corporation organized under section 5 (d) of the Reconstruction Finance Corporation Act, as amended, or to any agent of such corporation.

(2) *Allocations and uses.* The Civilian Production Administration may from time to time allocate and direct the manner and quantity in which antimony shall be delivered or used, including the use of antimony-bearing lead scrap, secondary antimony-bearing lead alloys or any other practicable substitute in lieu of antimony. The Civilian Production Administration may also require any person seeking to place a purchase order for antimony to place the same with one or more particular suppliers. Such allocations and directions will be made primarily to insure satisfaction of all defense requirements of the United States, both direct and indirect and they may be made without regard to any preference ratings assigned to particular contracts or purchase orders.

(c) *Applications for and reports of antimony.* (1) Applications for an allocation of antimony should be made on Form CPA-2931 to the Civilian Production Administration not later than the 20th day of the month preceding the month in which delivery is requested. Applications for an allocation of antimony for export outside the United States, its territories or possessions or the Dominion of Canada may be made by letter addressed to the Civilian Production Administration furnishing the following information:

(i) The export license number and validation date;

(ii) The country to which the antimony is to be exported;

(iii) The name of the proposed supplier; and

(iv) The quantity allowed to be exported under the license.

Exports of antimony to any country other than Canada are also subject to any export license requirements of the Office of International Trade, Department of Commerce.

No application for an allocation of antimony should be filed if less critical materials obtainable from secondary sources, or substitute materials, are usable by and available to the applicant. Failure by any person to file an application in accordance with this paragraph may be construed as notice to the Civilian Production Administration that such person does not desire an allocation of antimony for the succeeding month.

(2) Any person who on the first day of a calendar month has in his possession or under his control 2240 pounds or more of antimony or who used during the preceding calendar month 2240 pounds or more of antimony shall not later than the 20th day of such month report to the Civilian Production Administration on Form CPA-2931 in accordance with the instructions accompanying such form, regardless of whether or not he seeks an allocation of antimony during the next succeeding month.

(d) *Inventory restrictions.* No person shall knowingly deliver to any person and no person shall accept delivery of any quantity of antimony, if the total inventory in the hands of the person accepting delivery is, or by virtue of acceptance will become, in excess of his reasonably anticipated requirements for permissible uses in the next 30 days, excepting in the case of antimony as defined in paragraph (a) (1) which shall be limited to 45 days. This restriction does not apply to a producer of antimony as defined in paragraph (a).

(e) [Deleted March 12, 1947.]

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Appeals and Communications.* Any appeal from the provisions of this order shall be made by filing a letter referring to the particular provisions appealed from and stating fully the grounds of appeal. Appeals, reports and all communications concerning this order shall, unless otherwise directed, be addressed to the Tin, Lead and Zinc Branch, Civilian Production Administration, Washington 25, D. C., reference M-112.

(h) The reporting and record-keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 12th day of March 1947.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 28, Direction 25]

PRIORITIES ASSISTANCE FOR MERCHANT PIG IRON FOR CAST IRON SOIL PIPE AND CAST IRON SOIL FITTINGS

The following direction is issued pursuant to Priorities Regulation 28:

(a) *What this direction does.* The continued shortage of merchant pig iron, particularly in certain areas, threatens the production of cast iron soil pipe and cast iron soil fittings, critically short for the Veterans Emergency Housing Program. It is necessary to maintain such production at a high level and for this purpose this direction provides for the placing of certified orders for pig iron for the production of cast iron soil pipe and cast iron soil fittings, after March 31, 1947. This direction is necessary in the public interest to promote the National Defense and to effectuate the purposes of the Veterans Emergency Housing Act of 1946.

(b) *Applications and authorizations*—(1) *What foundries may apply.* Only foundries which make cast iron soil pipe or which make both cast iron soil pipe and cast iron soil fittings may apply under this direction for authorization to place a certified order for merchant pig iron.

(2) *When to file application.* Applications should be filed on Form CPA-4570 with the Civilian Production Administration on or before the 15th day of the month preceding the month in which delivery is required, (applications for April will be accepted up to March 20).

(3) *Authorizations.* The Civilian Production Administration upon receipt of an application on Form CPA-4570 may authorize the placing by the applicant of certified orders for merchant pig iron required to make cast iron soil pipe and cast iron soil fittings. Authorizations will be returned to the applicant in time for the applicant to place his orders with the supplier for the required delivery. Such authorizations will not be granted to increase inventories and will only be granted where it is determined that the authorization is necessary to maintain or increase production of cast iron soil pipe and cast iron soil fittings. In making such authorization, CPA will take into account the extent to which the applicant in the production of cast iron soil pipe and cast iron soil fittings conserves pig iron through the use of scrap iron.

(4) *Limitation on use of merchant pig iron obtained on certified orders.* Each foundry must put into production in each month for which it receives authorization not less than the amount of merchant pig iron authorized for that month on Form CPA-4570 to make cast iron soil pipe and cast iron soil fittings.

(c) *Placement of certified orders.* A foundry which receives an authorization on Form CPA-4570 may certify its order on its supplier for merchant pig iron by furnishing with the order, a certificate in substantially the following form, signed as provided in Priorities Reg. 7.

> I certify, subject to the penalties of section 35A of the United States Criminal Code, that I have been authorized to place this order for merchant pig iron under Direction 25 to Priorities Regulation 28, serial number -------.

(1) *Restrictions on placing certified orders.* Orders may be certified for delivery only as authorized on Form CPA-4570. Thus they must be certified to the suppliers for the amount and in the month indicated on the form when it is returned by CPA.

(d) *Certified orders must be treated as rated orders.* Any purchase order certified under this direction must be treated as a rated order under Priorities Regulation 1 and accepted, scheduled and delivered accordingly, except that a producer of merchant pig iron need not accept a certified order received after the 25th day of the month preceding the month in which delivery is required, except that April orders must be accepted until March 31. The provisions of Priorities Regulation 1 will apply except to the extent that this direction is inconsistent with them.

(e) *Reports.* Producers of merchant pig iron and foundries making cast iron soil pipe or both cast iron soil pipe and cast iron fittings must furnish such reports as may be required by the CPA from time to time, subject to approval by the Bureau of the Budget, pursuant to the Federal Reports Act of 1942.

Issued this 12th day of March 1947.

PART 2—GENERAL RULES AND REGULATIONS

AIRCRAFT

Part 2 is amended by adding a new § 2.63, reading as follows:

§ 2.63 *Aircraft.* The landing of commercial and private aircraft within the national parks and monuments is generally incompatible with the purposes for which the parks and monuments are administered. No person shall land aircraft on land or water, on any Federally-owned area within any national park or monument, except for emergency rescue in accordance with the directions of the officer in charge of the park or monument or where such landing is caused by unforeseeable circumstances beyond the control of such person, other than at one of the following designated landing areas:

(a) *Mount McKinley National Park, Alaska.* (1) McKinley Park Station airport, located in Sections 3 and 4, Town-

ship 14 South, Range 7 West, and Sections 33 and 34, Township 13 South, Range 7 West, Fairbanks Meridian.

(2) The surface of Wonder Lake, located in unsurveyed lands at approximate latitude 63 degrees 28 minutes North, approximate longitude 150 degrees 53 minutes West.

(b) *Death Valley National Monument, California.* Death Valley airport, located in SW¼ Section 1, and NW¼ Section 22, Township 27 North, Range 1 East, San Bernardino Base and Meridian.

(c) *Glacier Bay National Monument, Alaska.* (1) Gustavus Point airport, located in Sections 5, 7, 8, and 9, Township 40 South, Range 59 East, Copper River Meridian.

(2) The waters of Bartlett Cove, Sandy Cove, and Icy Strait in the vicinity of Gustavus Point airport.

(d) *Jackson Hole National Monument, Wyoming.* Jackson airport, located in SE¼SE¼ Section 10, SE¼ and S½SW¼ Section 11, S½ and NW¼ Section 14, NW¼NE¼ and E½NE¼ Section 15, Township 42 North, Range 116 West, 6th Principal Meridian.

(e) *Boulder Dam Recreational Area, Arizona and Nevada.* (1) Boulder City Municipal Field, located in Sections 8, 9, 16, and 17, Township 23 South, Range 64 East, Mt. Diablo Meridian, Nevada.

(2) The entire surface of Lake Mead.

Chapter I—Interstate Commerce Commission

Subchapter A—General Rules and Regulations

[S. O. 369, Amdt. 10]

PART 95—CAR SERVICE

DEMURRAGE CHARGES ON CLOSED BOX CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 7th day of March A. D. 1947.

Upon further consideration of Service Order No. 369 (10 F. R. 14030), as amended (10 F. R. 15073; 11 F. R. 639, 2383, 7857, 8453, 10304, 11013, 14522; 12 F. R. 1606), and good cause appearing therefor, it is ordered, that:

Section 95.369 *Demurrage charges on closed box cars*, of Service Order No. 369, as amended, be, and it is hereby, further amended by adding the following paragraph (c) (5) thereto:

(c) *Application.* * * *

(5) *Demurrage charges substituted for charges for storage of freight in closed box cars.* (i) The operation of all tariff rules, regulations, and charges for storage of freight in closed box cars at or short of ports consigned or reconsigned for export, coastwise or intercoastal movement is suspended insofar as they provide charges lower than the charges provided in this section.

(ii) In lieu of the charges for storage of freight in closed box cars at or short of ports suspended in subparagraph (5) (i) of this paragraph, the applicable charges for detention of closed box cars held at or short of ports, for unloading freight consigned to or reconsigned for export, coastwise or intercoastal movement shall be the demurrage charges prescribed in paragraphs (a) and (b) of this section.

It is further ordered, that this amendment shall become effective at 7:00 a. m., March 15, 1947, and the provisions of this amendment shall apply only to cars on which the free time expires on or after the effective date hereof.

It is further ordered, that a copy of this order and direction shall be served upon each State railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 95—CAR SERVICE

PRIORITY FOR EXPORT OF MAINE POTATOES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 7th day of March A. D. 1947.

It appearing, that the President of the United States has instructed various Government agencies to put into effect a number of emergency measures designed to help meet critically urgent needs for foodstuffs in various foreign countries, and that the President has directed that specific preference will be given to the rail movement of essential foods in order promptly to export maximum quantities to the destinations where most needed; that upon representations from the Office of Defense Transportation, and due to the fact that there exists a shortage of refrigerator cars for the movement of this traffic, the Commission is of opinion that an emergency exists in the State of Maine. It is ordered, that:

§ 95.696 *Priority for export of Maine potatoes*—(a) *Priority to be accorded.* All common carriers by railroad subject to the Interstate Commerce Act, serving points located in the State of Maine, shall give preference and priority over all other traffic to supplying or placing not to exceed one hundred fifty (150) refrigerator cars each working day for loading potatoes consigned to the United States Army, Portland, Maine, providing the shipper or consignor obtains a certificate in writing from the agent appointed herein, and further providing the shipper or consignor certifies in writing on the car order that such refrigerator car is intended for the transportation of potatoes pursuant to this section.

(b) *Appointment of agent.* Joseph C. Barr, Smith Bldg., telephone Presque Isle 2-3421, Presque Isle, Maine, is hereby appointed agent for the purpose of issuing certificates in accordance with this section. The agent appointed by this section will be under the direction and supervision of V. C. Clinger, Director, Bureau of Service, Interstate Commerce Commission, and he shall each day mail to the said director a copy of each certificate issued that day.

(c) *Potatoes not meeting grades.* No common carrier subject to the Interstate Commerce Act shall transport or move a refrigerator car accorded a priority under this order and loaded with potatoes unless or until it has knowledge that the potatoes loaded in the said car are of the grade or grades required by the United States Army.

(d) *Rules suspended.* The operation of all rules, regulations or practices, insofar as they conflict with the provisions of this section, is hereby suspended.

(e) *Effective date.* This section shall become effective at 12:01 a. m., March 11, 1947.

(f) *Expiration date.* This section shall expire at 11:59 p. m., April 30, 1947, unless otherwise modified, changed, suspended, or annulled by order of this Commission.

It is further ordered, that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

DEMURRAGE CHARGES ON GONDOLA, OPEN AND COVERED HOPPER CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 7th day of March A. D. 1947.

Upon further consideration of Service Order No. 653 (11 F. R. 14572), as amended (12 F. R. 128), and good cause appearing therefor: It is ordered, that:

Section 95.653 *Demurrage charges on gondola, open and covered hopper cars*, of Service Order No. 653, as amended, be, and it is hereby, further amended by adding the following paragraph (c) (5) thereto:

(c) *Application.* * * *

(5) *Demurrage charges substituted for charges for storage of freight in closed box cars.* (i) The operation of all tariff rules, regulations, and charges for storage of freight in closed box cars at or short of ports consigned or reconsigned for export, coastwise or intercoastal movement is suspended insofar as they provide charges lower than the charges provided in this section.

(ii) In lieu of the charges for storage of freight in closed box cars at or short of ports suspended in subparagraph (5) (i) of this paragraph, the applicable charges for detention of closed box cars held at or short of ports, for unloading freight consigned to or reconsigned for export, coastwise or intercoastal movement shall be the demurrage charges prescribed in paragraphs (a) and (b) of this section.

It is further ordered, that this amendment shall become effective at 7:00 a. m., March 15, 1947, and the provisions of this amendment shall apply only to cars on which the free time expires on or after the effective date hereof.

It is further ordered, that a copy of this order and direction be served upon each State railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 95—CAR SERVICE

PRIORITY FOR EXPORT OF RED RIVER VALLEY POTATOES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 7th day of March A. D. 1947.

It appearing, that the President of the United States has instructed various Government agencies to put into effect a number of emergency measures designed to help meet critically urgent needs for foodstuffs in various foreign countries, and that the President has directed that specific preference will be given to the rail movement of essential foods in order promptly to export maximum quantities to the destinations where most needed; that upon representations from the Office of Defense Transportation, and due to the fact that there exists a shortage of refrigerator cars for the movement of this traffic, the Commission is of opinion that an emergency exists in the States of North Dakota and Minnesota. It is ordered, that:

§ 95.697 *Permit for export Red River Valley potatoes*—(a) *Priority to be accoorded.* The Great Northern Railway Company, the Northern Pacific Railway Company and the Minneapolis, St. Paul & Sault Ste. Marie Railroad Company shall give preference and priority over all other traffic to supplying or placing not to exceed two hundred (200) refrigerator cars each workingday for loading potatoes consigned to the United States Army, at Corpus Christi, or Beaumont, Texas, or Lake Charles, Louisiana, providing the shipper or consignor obtains a certificate in writing from the agent appointed herein, and further providing the shipper or consignor certifies in writing on the car order that such refrigerator car is intended for the transportation of potatoes pursuant to this section.

(b) *Appointment of agent.* Wilson H. Clark, Ryan Hotel, Telephone Grand Forks, 1660, Grand Forks, North Dakota, is hereby appointed agent for the purpose of issuing certificates in accordance with this section. The agent appointed by this section will be under the direction and supervision of V. C. Clinger, Director, Bureau of Service, Interstate Commerce Commission, and he shall each day mail to the said director a copy of each certificate issued that day.

(c) *Potatoes not meeting grades.* No common carrier subject to the Interstate Commerce Act shall transport or move a refrigerator car accorded a priority under this section and loaded with potatoes unless or until it has knowledge that the potatoes loaded in the said car are of the grade or grades required by the United States Army.

(d) *Rules suspended.* The operation of all rules, regulations or practices, insofar as they conflict with the provisions of this section, is hereby suspended.

(e) *Effective date.* This section shall become effective at 12:01 a. m., March 11, 1947.

(f) *Expiration date.* This section shall expire at 11:59 p. m., April 30, 1947, unless otherwise modified, changed, suspended, or annulled by order of this Commission.

It is further ordered, that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of

the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Subchapter B—Carriers by Motor Vehicle

[Ex Parte Nos. MC-3, MC-4]

PART 194—NECESSARY PARTS AND ACCESSORIES

SAFETY REGULATIONS GOVERNING TRANSPORTATION OF MOTOR VEHICLES BY DRIVE-AWAY METHOD

Towing of more than one vehicle by saddle-mount drive-away method found not shown to be a reasonably safe operation. Petition seeking modification of Rule 3.54 of the Motor Carrier Safety Regulations, Revised, denied.

Report of the Commission. The recommended order of the examiner, to which no exceptions were filed, was stayed by us. Our conclusions differ somewhat from those recommended.

By petition filed October 2, 1946, Howard Sober, Inc., of Lansing, Mich., a common carrier of motor vehicles by the drive-away and truck-away methods, in interstate or foreign commerce, seeks such modification of Rule 3.54 of the Motor Carrier Safety Regulations, Revised, as would authorize it and others to transport simultaneously three motor vehicles by what is described as the "dual saddle-mount" method. Specifically, petitioner asked (1) that the Commission interpret Rule 3.54 as meaning that the dual saddle-mount method does not involve the "towing" of more than one motor vehicle; or, in the alternative, (2) that the Commission order an investigation to determine the safety of this method of transporting motor vehicles and that the safety regulations, including Rule 3.54, be amended so as to permit the dual saddle-mount method; and (3) that petitioner and other motor carriers be permitted to continue this type of operation, pending the Commission's final decision herein.

By order of June 19, 1946, we denied petitioner's requests outlined in (1) and (3) above, but granted its request for an investigation, and, on our own motion, enlarged the scope thereof so as to embrace not only the particular method of drive-away utilized by petitioner but also all other methods of drive-away, the need for the adoption of specifications for tow-bars and saddle-mounts and constituent parts thereof, and other matters relating to safety of operation by the methods referred to. Hearing was held at which a number of shippers and motor carriers and an association thereof appeared in support of the petitioner. No one appeared in opposition.

In *Classification of Motor Carriers of Property*, 2 M. C. C. 703, two methods of transportation, truck-away and drive-away, by highway carriers of motor vehicles are recognized. The drive-away method is described as "the utilization of the motive power, in whole or in part, of the vehicles being transported, either in single drive-away or in combinations of two or more vehicles by use of tow-bar mechanism, saddle or bolstermount mechanism, full-mount mechanism, or any combinations of the above."

In using the tow-bar mechanism all wheels of both the towing vehicle and the towed vehicle rest on the highway, the two vehicles being joined by a bar fastened to the rear of the towing vehicle and the front of the towed vehicle. In using the saddle-mount mechanism all wheels of the towing vehicle are upon the highway but the front part of the towed vehicle is mounted on the rear portion of the chassis or frame of the towing vehicle, so that only the rear wheels of the towed vehicle are on the highway.

Rules 3.532 and 3.54 of the Motor Carrier Safety Regulations, Revised, provide:

3.532 *Tow-bar and fifth wheel requirements.* No motor vehicle shall be towed in drive-away operations by means other than a tow-bar or fifth wheel connection * * *.

3.54 *Number of drive-away vehicles in combination.* No more than one motor vehicle shall be towed in any combination of motor vehicles in any drive-away operation. This shall not be so construed as to prohibit the carrying on the structure of the towing vehicle of an additional motor vehicle or motor vehicles.

In 1945 our Bureau of Motor Carriers, hereinafter called the Bureau, was informed by its field staff that petitioner was hauling three vehicles in a combination hook-up described as a "dual saddle-mount", whereby the front end of the third vehicle was mounted on the rear of the second vehicle in the same manner as in the single saddle-mount. The Bureau regarded the method as being in contravention of Rule 3.54 of the safety regulations in that more than one vehicle was being towed, and the carrier was notified that the continuance of such transportation would be at its peril.

Thereupon, Sober filed its petition in which it admits that it had been transporting three new motor vehicles simultaneously by the dual saddle-mount, but it urges that a vehicle was not being "towed" within the meaning ascribed to that term by the motor-carrier industry, for the reason that the greater part of the weight of the vehicle was "being supported on, and transported by, the vehicle upon which it is partially mounted". It alleges that the dual saddle-mount is a safe operation which has been performed over distances exceeding 500,000 miles "without a single accident that could be attributed to the use of this mode of operation".

A prehearing conference was held at which 44 rules suggested by the Bureau as amendments to the safety regulations pertaining to drive-away operations were discussed. The conference was attended by approximately 60 representatives of drive-away and truck-away carriers, associations thereof, tow-bar manufacturers, automobile manufacturers, and companies which performed tow-bar and saddle-mount hook-up. These representatives recognized the need for additional safeguards but regarded some of the suggested rules as unnecessarily stringent. To facilitate consideration thereof two committees were chosen by the conference, one for the consideration of tow-bars and the other for the consideration of saddle-mounts. Each committee was authorized by the conference to discuss the rules affecting its interests with representatives of the Bureau and to make an agreement binding on the conference. The two meetings resulted in a full discussion of each of the suggested rules, some of which were accepted as originally written while others about which controversy arose were rewritten.

Separate agreements were entered into by each committee and the Bureau's representatives providing that the rules agreed to without change and the other rules as revised and rewritten would be recommended to us. These separate agreements were submitted to and approved by the conference, and were submitted at the hearing as stipulations between the industry conferees and representatives of the Bureau. The rules covered by these stipulations are set forth in the Appendix hereto.

At the hearing five witnesses were called by the petitioner: the assistant to its president; the general manager of the National Automobile Transporters Association which has a membership of 100 drive-away and truck-away carriers who transport in excess of 70 percent of all new vehicles delivered over the highways; a representative of a pioneer drive-away carrier who now is conducting an extensive business of servicing tow-bar and saddle-mount combinations and who served as the chairman of both conference committees; an executive of a competitor of the petitioner; and an engineer employed by a manufacturer of tow-bars. Two additional witnesses representing manufacturers-shippers, one being Director of Traffic of Chrysler Corporation and the other Traffic Manager of Truck & Coach Division, General Motors Corporation, testified. All of the witnesses expressed the opinion that operations by the dual saddle-mount method in conformity with the recommended rules would be safe.

The dual saddle-mount method is relatively new and had been utilized for about one year when our order of June 19, 1946, declared it in contravention of Rule 3.54 of the safety regulations. During the limited period of use petitioner delivered 309 vehicles and another carrier delivered 300. For movements over 200 miles the dual saddle-mount method has economic advantages to shippers, carriers, and ultimate consumers through decreased transportation costs. It had not been more widely used because some shippers and carriers were not convinced

that such combinations of three vehicles could be moved with safety, or that the method was permitted by the safety regulations. These dual saddle-mount combinations comply with state size and weight requirements.

An investigation, including tests of saddle-mounts, made by safety engineers of the Bureau discloses that at least one combination was unable to meet the braking requirements of Rules 3.323 and 3.521 when equipped with brakes on the towing vehicle only; that so-called fifth wheels were improperly mounted or insecurely anchored, resulting in undue swaying of the vehicles being towed and tending to increase the possibility of uncoupling; that wood was used in saddle-mounts in a manner which subjected it to tensile stresses likely to cause failure; that improper blocking of saddle-mounts by the use of an excessive number of wooden blocks also caused undue swaying of towed vehicles; and that there was need for minimum specifications, among other things, of the strength of kingpins, the bearing surface area between the upper and lower halves of fifth wheels, and the dimensions of "U" bolts in order to prevent unsafe designs and construction.

Two prevailing types of tow-bars are in use, one type being attached to the bumpers of the vehicle and the other to the chassis or framework. All types investigated by the Bureau's engineers were capable of steering the towed vehicle, as required by the safety regulations, but it appears that tow-bars not designed to perform this function are being used. The Bureau's engineers object to the use of the bumper type unless there is demonstrable assurance that such tow-bars are capable of operating safely. They also object to the use of tow-bars of insufficient strength, to insecure connections of parts, and to inadequate safety chains.

Drive-away operations of private carriers, such as retail dealers in new and used motor vehicles, while not as extensive as those of for-hire carriers nevertheless are of substantial volume. For-hire carriers either themselves maintain special facilities for effecting tow-bar or saddle-mount connections or have those services performed at establishments engaged exclusively in such operations. This is not generally true of private carriers.

As shown in the Appendix, the rules recommended by the conference include specifications for safety chains, tow-bars, saddle-mounts, and the means of attachment thereof. It is recognized that higher standards of design, construction, and maintenance, intended to assure equipment capable of withstanding the strains of highway transportation, are needed to promote safe operations. There was unanimity of opinion of the witnesses at the hearing that the rules recommended will supply the needed requirements and promote safety of operation. The more important provisions of the rules are as follows:

Recommended Rule 3.521 is designed to correct brake deficiencies disclosed by the Bureau's investigation.

Recommended Rule 3.53211 is designed to provide that tow-bars shall have adequate strength. Slight changes have been made in the table included in this rule as recommended by the conference. The significant figures have been rounded to the nearest 500 pounds by also rounding the constants in the formulae from 1.25 to 1.3 and from 0.583 to 0.6, respectively. This also makes the figures in the table accord more closely to the basis of calculation agreed upon—that the strength of the tow-bar should be related to the stored energy of the moving vehicles attached thereby: the mass of the vehicles multiplied by the deceleration required by the Commission's regulations (approximately 14 feet per second per second) multiplied by a safety factor of three.

Drive-away carriers have large stocks of tow-bar equipment conforming to present requirements, some of which probably will fall short of the higher standards required by the new rules. These stocks cannot be replaced during the present shortage of materials, etc., and to prohibit their use would seriously curtail carriers' operations. However, there are known to be some tow-bars in operation at present which should not under any circumstances be allowed to continue in operation. Rule 3.53211 has, therefore, been so designed to: (a) prohibit all tow-bars not conforming to a minimum standard; (b) permit continued use of certain tow-bars now in operation which are capable of complying with this minimum but are incapable of complying with the more stringent requirements for new tow-bars; and (c) require that tow-bars manufactured after the specified date comply with the more stringent standards required therefor.

Recommended Rule 3.53213, governing tow-bar fastenings, has been changed to provide that tow-bars may be attached to bumpers of new vehicles only. The rule originally proposed in the conference notice prohibited any attachment of a tow-bar to a bumper. This was vigorously opposed by the tow-bar operators on the grounds that the method had not been prohibited by the safety regulations; that such operations had been conducted with safety, because manufacturers of motor vehicles had designed and constructed bumpers to meet towing requirements; that drive-away carriers operating solely by that method would summarily be forced to discontinue business; and that such a rule would be arbitrary and unreasonable.

While recognizing the force of this argument, we believe that a distinction should be made between new and used vehicles and that the attachment of tow-bars to bumpers of used vehicles should be prohibited. Until consumers' needs for new motor vehicles are supplied there necessarily will be considerable transportation of used cars throughout the United States, much of it for long distances. Such transportation principally is private carriage by used car dealers who usually perform the coupling of vehicles transported. Even if it is conceded that bumpers of new vehicles will withstand the strain of towing another vehicle, it is nevertheless, common knowledge that in ordinary use bumpers are subjected to strains and stresses which deform and weaken them, and that continued exposure to adverse weather causes rust and deterioration. It is our opinion that these factors render such a towing method unsafe. Therefore, a second proviso has been added to Rule 3.532103 as recommended by the conference which prohibits a tow-bar being attached to a bumper of a used car.

In several instances, notably in the recommended Rules 3.532222 and 3.53223, slight changes in wording not affecting substance have been made for purposes of clarification.

Recommended Rules 3.532 to 3.532110, inclusive, are designed to effect structural adequacy and to assure the proper functioning of tow-bars.

Recommended Rules 3.5322 to 3.53228, inclusive, are designed to secure structural adequacy and to assure the proper functioning of single saddle-mounts and their connections.

Recommended Rules 3.532291 to 3.544, inclusive, are general provisions designed to promote safety in drive-away movements and apply more particularly to methods of operation than to details of design and construction.

Available statistics indicate that during 1945 over 33,000 people were killed and over a million people were injured in motor vehicle accidents. Trucks and busses were involved in about one-fourth of the fatal accidents and in about 17 percent of all motor vehicle accidents. There has been a substantial increase in the number of accidents, in the number of fatalities, and in the number of serious injuries during the year 1946. Reports filed by regulated carriers with the Bureau for the first nine months of 1946 show 3,477 accidents involving passenger-carrying vehicles and 7,445 accidents involving property-carrying vehicles, resulting in 993 fatalities, 12,428 injuries, and almost $10,000,000 property damage. The number of fatalities is 18 per cent higher than for the corresponding period of 1945. Congress has imposed upon us the duty to establish reasonable requirements with respect to safety of operation and equipment of common, contract and private carriers by motor vehicle. The responsibility is ours to see to it that, so far as possible, the operations of such carriers in interstate or foreign commerce are reasonably safe. If we have any doubt about the safety of a proposed new type of motor carrier operation we should not approve it, even though it appears that it might be as safe as some existing operation and that it probably will permit the performance of a cheaper service with resulting advantage to shippers and carriers.

At the pre-hearing conference heretofore referred to the representatives of the industry and the two representatives of the Bureau agreed to certain rules proposed by the Bureau. At the hearing all witnesses, except one of the Bureau's representatives, were from the industry. Their testimony relates largely to the soundness of the specifications for tow-bars, saddle-mount equipment, etc., contained in the proposed rules, and to ex-

pressions of opinion that the dual saddle-mount method probably is as safe as the present tow-bar method.

We believe that the specifications and other rules hereafter prescribed are needed to promote safe operation. We are not persuaded, however, that the record establishes that the towing of two motor vehicles by the dual saddle-mount method or otherwise constitutes a safe operation on the highways. It is apparent that a combination of three vehicles, particularly trucks, would seriously interfere with the free movement of single vehicles along the same highways, in that it would tend to increase the danger of passing. We doubt that such combinations of vehicles are adapted to making sharp turns, backing, and stopping with the ease and certainty which safety requires. We are unwilling to approve new methods of operations, the safety of which appears doubtful, solely on the opinions of motor carriers or other parties in interest that such new methods would be as safe as some existing methods.

The record before us does not justify a modification of our safety regulations which will permit the use of the dual saddle-mount method or which will permit a motor vehicle to be full-mounted on a vehicle towed by means of a single saddle-mount.

Upon this record we find:

(1) That there is a need for prescribing more specific requirements to assure safety of operation in the transportation of motor vehicles in interstate or foreign commerce by drive-away motor carriers;

(2) That the rules included in the appended order are reasonable and adequate requirements which will supply such need;

(3) That the said rules will promote safety of operation and will be in the public interest; and

(4) That the evidence does not affirmatively establish that the dual saddle-mount method of operation or the carrying of a full-mounted vehicle on a vehicle towed by the single saddle-mount method are reasonably safe.

An appropriate order will be entered.

Appendix

At the conference held at Detroit, Michigan, July 22–23, 1946, prior to the hearing on the petition of Howard Sober, Inc., in Ex Parte Nos. MC–4 and MC–3, the following rules were agreed upon by representatives of the industry and of the Bureau of Motor Carriers, and their adoption by the Commission for inclusion in the present drive-away rules of Part 3 of the Motor Carrier Safety Regulations, Revised, was recommended:

3.52 *Brakes, drive-away operations.*

3.521 *Brake performance.* Every drive-away operation, whether of single motor vehicle or combination, shall meet the requirements of Rule 3.323 as to brake performance: *Provided, however,* That brakes need be operative only on the towing vehicle if such brakes enable the combination to meet the requirements of Rule 3.323; if not, such additional brakes shall be provided as may be necessary to enable the combination to meet the stopping requirements.

3.532 *Tow-bar and fifth wheel requirements.* No motor vehicle shall be towed in drive-away operations by means other than a tow-bar or saddle-mount connection which shall meet the requirements set forth below:

3.5321 *Specifications for tow-bars.*

3.53211 *Tow-bar to be structurally adequate and properly mounted.* The tow-bar shall be structurally adequate and properly installed and maintained. To insure that it is structurally adequate it must, at least, meet the requirements of the following table:

Gross weight of towed vehicle (pounds) [1]	Longitudinal strength in tension and compression [2]	Strength as a beam (in any direction—concentrated load at center) [2]
Less than 5,000	15,000	7,000
5,000 and over—less than 10,000	30,000	14,000
10,000 and over—less than 15,000	45,000	21,000

[1] Over 15,000 pounds gross vehicle weight, the required strength shall be computed by means of the following formulae.

Longitudinal strength=gross weight of towed vehicle x 3.

Strength as a beam=gross weight of towed vehicle x 1.4.

[2] In testing, the whole unit shall be tested with all clamps, joints, and pins so mounted and fastened as to approximate conditions of actual operation.

NOTE: It was agreed that the table should stay in its present form, but that the strength values inserted in the table will be subject to testimony at the hearing. The manufacturers state that they believe a safety factor of three, based on a deceleration of 13.4 feet per second per second would be sufficient to provide for a tow-bar which would have adequate strength.

3.53212 *Tow-bar to be jointed.* The tow-bar shall be so constructed as to freely permit motion in both horizontal and vertical planes between the towed and towing vehicles. The means used to provide the motion shall be such as to prohibit the transmission of stresses under normal operation between the towed and towing vehicles, except along the longitudinal axes of the tongue or tongues.

3.53213 *Tow-bar fastening.* Adequate means shall be provided for securely fastening the tow-bar to the towed and towing vehicles. The means used to transmit the stresses to the chassis or frames of the towed and towing vehicles may be either temporary structures or bumpers or other integral parts of the vehicles; however, the means used shall be so constructed, installed, and maintained that, when tested as an assembly, failure in such members shall not occur when the weakest tow-bar which is permissible to use under Rule 3.53211 is subjected to the tests given in that rule.

3.53214 *Means of adjusting length.* On tow-bars, adjustable as to length, the means used to make such adjustment shall fit tightly and not result in any slackness or permit the tow-bar to bend. With the tow-bar supported rigidly at both ends and with a load of 50 pounds at the center, the sag, measured at the center, in any direction, shall not exceed 0.25 inch under any condition of adjustment as to length.

3.53215 *Method of clamping.* Adequate means shall be provided for securely fastening the tow-bar to the towed and towing vehicles.

3.53216 *Tow-bar connection to steering mechanism.* The tow-bar shall be provided with suitable means of attachment to and actuation of the steering mechanism of the towed vehicle. The attachment shall provide for sufficient angularity of movement of the front wheels of the towed vehicle so that it may follow substantially in the path of the towing vehicle without cramping the tow-bar. The tow-bar shall be provided with suitable joints to permit such movement.

3.53217 *Tracking.* The tow-bar shall be so designed, constructed, maintained, and mounted as to cause the towed vehicle to follow substantially in the path of the towing vehicle. Tow-bars of such design or in such condition as to permit the towed vehicle to deviate more than 3 inches to either side of the path of a towing vehicle moving in a straight line shall not be permitted.

Safety chains and cables. The towed vehicle shall be connected to the towing vehicle by means of two safety chains or cables. The tensile strength of any such chains or cables and their means of attachment to the vehicles shall be at least equivalent to the corresponding strength required for the longitudinal strength given in the table of Rule 3.53211. The required strength shall be the combined strength of the combination of chain and cables.

The chains or cables shall be crossed and attached to the vehicles near the points of bumper attachments to the chassis of such vehicle. The lengths of chains used shall be no more than necessary to permit free turning of the vehicles. The chains shall be attached to the tow-bar at the point of crossing or as close thereto as is practicable.

A. *Specification for passenger car trailer couplings.* Trailer couplings used for drive-away operations of passenger car trailers shall comply with the SAE Recommended Practice Passenger Car Trailer Couplings contained in the 1945 SAE Handbook.

3.5322 *Specification for saddle-mount.*

NOTE: Rules 3.53221–3.532294, inclusive, which are given below, are intended to replace Rule 3.5324 which reads as follows:

3.5324 *Fifth wheel connection.* The upper and lower halves of any fifth wheel (saddle-mount) connection shall be attached securely, although not required to be permanently attached, to the towing and towed motor vehicles, respectively, by means affording equivalent security to those set forth in Rules 3.3461, 3.3462, and 3.3463, for fifth wheel connections.

3.53221 *Definitions:*

3.532211 The term "saddle-mount" means a device, designed and constructed as to be readily demountable, used in drive-away operations to perform the functions of a conventional fifth wheel.

3.532212 The term "upper-half" of a "saddle-mount" means that part of the device which is securely attached to the towed vehicle and maintains a fixed position relative thereto but does not include the "king-pin".

3.532213 The term "lower-half" of a "saddle-mount" means that part of the device which is securely attached to the towing vehicle and maintains a fixed position relative thereto but does not include the "king-pin".

3.532214 The term "king-pin" means that device which is used to connect the "upper-half" to the "lower-half" in such manner as to permit relative movement in a horizontal plane between the towed and towing vehicles.

3.53222 *"Upper-half" specifications.*

3.532221 *Connection of "upper-half" to towed vehicle.* The "upper-half" shall be securely attached to the frame or axle of the towed vehicle by means of U-bolts or other means providing at least equivalent security.

3.532222 *Construction of "U-bolts" or other means of attachment.* "U-bolts" used to attach the "upper-half" to the towed vehicle shall be made of steel rod, free of defects, so shaped as to avoid at any point a radius of less than one inch unless the bolt is so constructed as to avoid a reduction in cross sectional area of less than 5% due to bending, in which event the minimum radius shall be 1/16 inch. "U-bolts" shall have a diameter not less than as required by the following table:

Weight in pounds of heaviest towed vehicle	Diameter of U bolt in inches		
	Double saddle-mount		Single saddle-mount [1]
	Front mount	Rear mount	
Up to 5,000 pounds	0.5625	0.500	0.500
5,000 pounds and over	.625	.5625	.5625

[1] If a vehicle is full-mounted on the signle saddle-mounted vehicle, the total weight of the 2 vehicles being towed shall govern.

If other devices are used to accomplish the same purposes as "U-bolts", they shall have at least equivalent strength of "U-bolts" made of mild steel. Cast iron shall not be used for clamps or any other holding devices.

3.532223 *Location of "U-bolts" and points of support.* The distance between the most widely separated "U-bolts" shall not be less than 9 inches. The distance between the most widely separated points where the "upper-half" supports the towed vehicle shall not be less than 9 inches, except that saddle-mounts employing ball and socket joints shall be required to employ a device which clamps the axle of the towed vehicle throughout a length of not less than 5 inches.

3.532224 *Specification for cradle-type "upper-halves".* "Upper-halves" of the cradle-type using vertical members to restrain the towed vehicle from relative movement in the direction of motion of the vehicles shall be substantially constructed and adequate for the purpose. Such cradle-mounts shall be equipped with at least one bolt or equivalent means to provide against relative vertical movement between the upper-half and the towed vehicle. Bolts, if used, shall be at least 1/2 inch in diameter. Devices using equivalent means shall have at least equivalent strength. The means used to provide against relative vertical motion between the "upper-half" and the towed vehicle shall be such as not to permit a relative motion of over 1/2 inch. The distance between the most widely separated points of support between the "upper-half" and the towed vehicle shall be at least 9 inches.

3.532225 *Provision against lateral movement of towed vehicle.* Towed vehicles having a straight axle or an axle having a drop of less than three inches shall be securely fastened by means of chains or cables to the "upper-half" so as to insure against relative lateral motion between the towed vehicle and the "upper-half." The chains or cables shall be at least 3/16 inch in diameter and secured by bolts of at least equal diameter.

Towed vehicles with an axle with a "drop" of three inches or more need not be restrained by chains or cables provided that the "upper-half" is so designed as to provide against such relative motion nor shall such chains or cables be required if the "upper-half" is so designed as positively to provide against lateral movement of the axle.

3.53223 *"Lower-half" specifications.*

3.532231 [This regulation stricken out in its entirety.]

3.532232 *Construction of "U-bolts" or other means of attachment.* "U-bolts" used to attach the "lower-half" to the towing vehicle shall be made of steel rod, free of defects, so shaped as to avoid at any point a radius of less than one inch unless the bolt is so constructed as to avoid a reduction in cross-sectional area of less than 5% due to bending, in which event the minimum radius shall be 1/16 inch. "U-bolts" shall have a total cross-sectional area not less than as required by the following table:

Weight in pounds of heaviest towed vehicle	Total cross-sectional area of U-bolts in square inches		
	Double saddle-mount		Single saddle-mount [1]
	Front mount	Rear mount	
Up to 5,000 pounds	1.0	0.8	0.8
5,000 pounds and over	1.2	1.0	1.0

[1] If a vehicle is full-mounted on the single saddle-mounted vehicle, the total weight of the 2 vehicles being towed shall govern.

If other devices are used to accomplish the same purposes as "U-bolts", they shall have at least equivalent strength of "U-bolts" made of mild steel. Cast iron shall not be used for any clamps or any other holding devices.

3.532233 *Provisions against shifting.* Adequate provision shall be made by design and installation to provide against relative movement between the "lower-half" and the towing vehicle especially during periods of rapid acceleration and deceleration.

3.532234 *Provisions against swaying.* Adequate provision shall be made by design and installation to provide against swaying or lateral movement of the towed vehicle relative to the towing vehicle. To insure against swaying, "lower-halves" designed with cross members attached to but separable from verticle members shall have such cross-members fastened to the vertical members by at least two bolts on each side. Such bolts shall be of at least equivalent cross-sectional area to those required for "U-bolts" for the corresponding saddle-mount as given in the table in Rule 3.532232. The minimum distance between the most widely separated points of support of the cross-member by the vertical member shall be three inches as measured in a direction parallel to the longitudinal axis of the towing vehicle.

The "lower-half" shall have a bearing surface on the frame of the towing vehicle of such dimensions that the pressure exerted by the "lower-half" upon the frame of the towing vehicle shall not exceed 200 pounds per square inch under any conditions of static loading. Hardwood blocks or blocks of other suitable material, such as hard rubber, aluminum or brake lining, if used between the "lower-half" and the frame of the towing vehicle shall be at least 1/2 inch thick, 3 inches wide, with a combined length of 6 inches.

Under no condition shall the highest point of support of the towed vehicle by the "upper-half" be more than twenty-four inches, measured vertically, above the top of the frame of the towing vehicle measured at the point where the "lower-half" rests on the towing vehicle.

3.532235 *Limitations on use of wood blocks.* Hard wooden blocks, of good quality, may be used to build up the height of the front end of the towed vehicle, provided that the total height of such wood blocks shall not exceed eight inches and not over two separate pieces are placed upon each other to obtain such height; however, hard wood blocks, not over four in number, to a total height not to exceed 14 inches may be used if the total cross-sectional area of the "U-bolts" used to attach the "lower-half" to the towing vehicle is at least 50% greater than that required by table contained in Rule 3.532232; or, if other devices are used in lieu of "U-bolts" they shall provide for as great a resistance to bending as is provided by the larger "U-bolts" above prescribed.

Hardwood blocks must be at least four inches in width and the surfaces between blocks or block and "lower-half" or block and "upper-half" shall be plane and so installed and maintained as to minimize any tendency of the towed vehicle to sway or rock.

3.532236 *Specifications for cross-member.* The cross-member, which is that part of the "lower-half" used to distribute the weight of the towed vehicle equally to each member of the frame of the towing vehicle, if used, shall be structurally adequate and properly installed and maintained adequately to perform this function.

3.5322361 *Limitation on use of wood.* No materials, other than suitable metals, shall be used as the cross-member and wood may not be used structurally in any manner that will result in its being subject to tensile stresses. Wood may be used in cross-members if supported throughout its length by suitable metal cross-members.

3.532237 *Strength of "lower-half."* The "lower-half" shall be capable of supporting the loads given in the following table. For purpose of test, the saddle-mount shall be mounted as normally operated and the load applied through the "upper-half."

Weight in pounds of heaviest towed vehicle	Minimum load		
	Double saddle-mount		Single saddle-mount[1]
	Front mount	Rear mount	
Up to 5,000 pounds	10,000	5,000	5,000
5,000 pounds and over	20,000	10,000	10,000

[1] If a vehicle is full-mounted on the single saddle-mounted vehicle, the total weight of the 2 vehicles being towed shall govern.

3.53224 *Bearing surface between "upper and lower-half."* The "upper and lower-halves" shall be so constructed and connected that the bearing surface between the two halves shall not be less than sixteen square inches under any conditions of angularity between the towing and towed vehicles: *Provided*, That saddle-mounts using a ball and socket joint shall have a ball of such dimension that the static bearing load shall not exceed 800 pounds per square inch based on the projected cross-sectional area of the ball: *And further provided*, That saddle-mounts having the "upper-half" supported by ball-taper or roller-bearings shall not have such bearings loaded beyond the limits prescribed for such bearings by the manufacturer of the bearing. The "upper-half" shall rest evenly and smoothly upon the "lower-half" and the contact surfaces shall be lubricated and maintained so that there shall be a minimum of frictional resistance between the parts.

3.53225 *Universal action of saddle-mount.* All new saddle-mounts acquired and used on or after 2 years subsequent to date of decision shall provide for angularity between the towing and towed vehicles due to vertical curvature of the highway. Such means shall not depend upon either the looseness or deformation of the parts of either the saddle-mount or the vehicles to provide for such angularity.

3.53226 *Specifications for king-pin.*

3.532261 *Size of king-pin.* King-pins shall be constructed of steel suitable for the purpose, free of defects, and having a diameter not less than required by the following table:

Weight in pounds of heaviest towed vehicle	Diameter of solid king-pin in inches					
	Double saddle-mount				Single saddle-mount[1]	
	Front mount		Rear mount			
	Mild steel	High tensile steel	Mild steel	High tensile steel	Mild steel	High tensile steel
Up to 5,000 pounds	1.000	0.875	0.875	0.750	0.875	0.750
5,000 pounds and over	1.250	1.000	1.000	.875	1.000	.875

[1] If a weight is full-mounted on the single saddle-mounted vehicle, the total weight of the 2 vehicles being towed shall govern.

If a ball and socket joint is used in place of a king-pin the diameter of the neck of the ball shall be at least equal to diameter of the corresponding solid king-pin given in the above table. If hollow king-pins are used, the cross-sectional area shall be at least equal to the cross-sectional area of the corresponding solid king-pin.

3.532262A *King-pin fit.* If a king-pin bushing is not used, the king-pin shall fit snugly into the "upper and lower-halves" but shall not bind. These portions of the "upper or lower-halves" in moving contact with the king-pin shall be smoothly machined with no rough or sharp edges. The bearing surface thus provided shall not be less in depth than the radius of the king-pin.

3.532262B *King-pin bushing required.* The king-pin of all new saddle-mounts acquired on or after 2 years subsequent to date of decision shall be snugly enclosed in a bushing at least along such length of the king-pin as may be in moving contact with either the "upper or lower-halves". The bearing surface thus provided shall not be less in depth than the radius of the king-pin.

3.532263 *King-pin to restrain vertical motion.* The king-pin shall be so designed and installed as to restrain the "upper-half" from moving in a vertical direction relative to the "lower-half".

3.53227 *Tracking.* The saddle-mount shall be so designed, constructed, maintained, and installed that the towed vehicle or vehicles will follow substantially in the path of the towing vehicle without swerving. Towed vehicles shall not deviate more than three inches to either side of the path of the towing vehicle when moving in a straight line.

3.53228 *Location of the saddle-mount:*

3.532281 *Bending of frame of towing vehicle.* Where necessary, provision shall be made to prevent the bending of the frame of the towing vehicle by insertion of suitable blocks inside the frame channel to prevent kinking.

The "saddle-mount" shall not be so located as to cause deformation of the frame by reason of cantilever action.

3.532282 *Prohibition of extension of frame.* No saddle-mount shall be located at a point to the rear of the frame of the towing vehicle.

3.53229 *General provision.*

3.532291 *Restraining front wheels.* Towed vehicle shall, by adequate means, have the motion of the front wheels restrained if under any condition of turning of such wheels they will project beyond the widest portion of either the towed or towing vehicle.

3.532292 *Front end of towed vehicle on towing vehicle.* Unless the steering mechanism is locked in a straight-forward position, all vehicles being towed by saddle-mount shall be towed with the front end mounted on the towing vehicle.

3.532293 *Nuts to be secured.* All nuts used on bolts, "U-bolts", king-pins, or in any other part of the saddle-mount shall be secured against accidental disconnection by means of cotter-keys, lock-washers, double-nuts, safety-nuts, or equivalent means. Parts shall be so designed and installed that nuts shall be fully engaged.

3.532294 *Inspection of all parts.* The saddle-mount shall be so designed that it may be disassembled and each separate part inspected for worn, bent, cracked, broken, or missing parts.

3.54 *Number of drive-away vehicles in combination.*

3.541 *Number of drive-away vehicles in combination by tow-bar.* No more than one motor vehicle shall be towed by a tow-bar.

3.542 *Number of drive-away vehicles in combination by saddle-mount.* No more than two vehicles in combination shall be towed by saddle-mounts.

3.543 *Carrying vehicles on towing vehicle.* When adequately and securely attached, by means equivalent in security to that provided in Rule 3.532222, an additional motor vehicle or motor vehicles may be full-mounted on the structure of the towing vehicle.

3.544 *Carrying vehicles on towed vehicles.* No full-mounted motor vehicle shall be transported on any motor vehicle, towed by a tow-bar. No motor vehicle shall be full-mounted on a motor vehicle towed by means of a saddle-mount unless the center line of the king-pin, or equivalent means of attachment, is located forward of the center line of the rear axle of the towing vehicle, and unless a perpendicular from the center of gravity of the full-mounted vehicle lies forward of the center line of the rear axle of the saddle-mounted vehicle. No motor vehicle shall be full-mounted on either of the vehicles being towed by means of a double saddle-mount.

At a session of the Interstate Commerce Commission, Division 5, held at its office in Washington, D. C., on the 27th day of February A. D. 1947.

In the matter of qualifications of employees and safety of operation and equipment of common carriers and contract carriers by motor vehicle, Ex Parte No. MC-4.

In the matter of need for establishing reasonable requirements to promote safety of operation of motor vehicles used in transporting property by private carriers, Ex Parte No. MC-3.

It appearing, that pursuant to our order of June 19, 1946 (11 F. R. 7622), a hearing has been had on the petition filed herein by Howard Sober, Inc., to determine whether the towing of more than one motor vehicle by means of the saddle-mount method in drive-away operations should be permitted, and whether there is a need for revision of the Motor Carrier Safety Regulations, Revised, to assure safety of operations in other drive-away methods, and that our report containing findings of fact and our conclusions therefrom is filed herein and made a part hereof; and

It further appearing, that there is need for establishing more specific safety requirements for all drive-away operations by appropriate revision of the Motor Carrier Safety Regulations, Revised, and that the rules hereinafter prescribed are reasonable requirements which will promote the safety of such operations and therefore will be in the public interest:

It is ordered, That Part 3 of the Motor Carrier Safety Regulations, Revised

(Part 194), be and it hereby is amended as follows:

Section 194.5 (b) (1), (c) (2), (c) (2) (i), (ii), (iii), (iv), and (d) (Rules 3.5, 3.521, 3.532, 3.5321, 3.5322, 3.5323, 3.5324, and 3.54, Motor Carrier Safety Regulations, Revised) are vacated, and in lieu thereof the following rules are adopted, and prescribed and made applicable to transportation in interstate or foreign commerce by common carriers by motor vehicle, contract carriers by motor vehicle, and private carriers of property by motor vehicle.

NOTE: The changed form of numbering the rules herein is required by the Federal Register Act.

§ 194.5 *Drive-away operations.* No motor vehicle shall be transported in interstate or foreign commerce by the drive-away method unless every vehicle and the equipment used in any such drive-away operation shall conform to such of the following rules as are applicable to its particular type and classification:

* * * * *

(b) *Brakes, drive-away operations—*(1) *Brake performance.* Every drive-away operation, whether of single motor vehicle or combination, shall meet the requirements of § 194.3 (b) (3) as to brake performance; *Provided, however*, That brakes need be operative only on the towing vehicle if such brakes enable the combination to meet the requirements of § 194.3 (b) (3); if not, such additional brakes shall be provided as may be necessary to enable the combination to meet the stopping requirements.

(2) *Tow-bar and saddle-mount requirements.* No motor vehicle shall be towed in drive-away operations by means other than a tow-bar or saddle-mount connection which shall meet the requirements set forth below:

(i) *Specifications for tow-bars—*(a) *Tow-bars to be structurally adequate and properly mounted.* Every tow-bar shall be structurally adequate and properly installed and maintained. To insure that it is structurally adequate, it must, at least, meet the requirements of the following table:

Gross weight of towed vehicle (pounds)[1]	Longitudinal strength in tension and compression[1]		Strength as a beam (in any direction—concentrated load at center)[1][2]
	All tow-bars	New tow-bars acquired and used by a motor carrier after April 15, 1947	
Less than 5,000	3,000	6,500	3,000
5,000 and over—less than 10,000	6,000	13,000	6,000
10,000 and over—less than 15,000	9,000	19,500	9,000

[1] 15,000 pounds and over gross vehicle weight, the required strength shall be computed by means of the following formulae: Longitudinal strength=gross weight of towed vehicle x 1.3. Strength as a beam=gross weight of towed vehicle x 0.6.

[2] In testing, the whole unit shall be tested with all clamps, joints, and pins so mounted and fastened as to approximate conditions of actual operation.

[3] This test shall be applicable only to tow-bars which are, in normal operation, subjected to a bending moment, such as tow-bars for house trailers.

(b) *Tow-bar to be jointed.* The tow-bar shall be so constructed as to freely permit motion in both horizontal and vertical planes between the towed and towing vehicles. The means used to provide the motion shall be such as to prohibit the transmission of stresses under normal operation between the towed and towing vehicles, except along the longitudinal axis of the tongue or tongues.

(c) *Tow-bar fastenings.* The means used to transmit the stresses to the chassis or frames of the towed and towing vehicles may be either temporary structures or bumpers or other integral parts of the vehicles: *Provided, however*, That the means used shall be so constructed, installed, and maintained that, when tested as an assembly, failure in such members shall not occur when the weakest new tow-bar which is permissible to use under subdivision (a) of this subdivision is subjected to the tests given in that rule: *And provided further*, That the attachment of a tow-bar to a bumper of a used motor vehicle is prohibited.

(d) *Means of adjusting length.* On tow-bars, adjustable as to length, the means used to make such adjustment shall fit tightly and not result in any slackness or permit the tow-bar to bend. With the tow-bar supported rigidly at both ends and with a load of 50 pounds at the center, the sag, measured at the center, in any direction, shall not exceed 0.25 inch under any condition of adjustment as to length.

(e) *Method of clamping.* Adequate means shall be provided for securely fastening the tow-bar to the towed and towing vehicles.

(f) *Tow-bar connection to steering mechanism.* The tow-bar shall be provided with suitable means of attachment to and actuation of the steering mechanism of the towed vehicle. The attachment shall provide for sufficient angularity of movement of the front wheels of the towed vehicle so that it may follow substantially in the path of the towing vehicle without cramping the tow-bar. The tow-bar shall be provided with suitable joints to permit such movement.

(g) *Tracking.* The tow-bar shall be so designed, constructed, maintained, and mounted as to cause the towed vehicle to follow substantially in the path of the towing vehicle. Tow-bars of such design or in such condition as to permit the towed vehicle to deviate more than 3 inches to either side of the path of a towing vehicle moving in a straight line shall not be permitted.

(h) *Specification for passenger car trailer couplings.* Trailer couplings used for drive-away operations of passenger car trailers shall comply with the SAE Recommended Practice Passenger Car Trailer Couplings, contained in the 1945 SAE Handbook.

(i) *Marking new tow-bars.* Every new tow-bar acquired and used in drive-away operations by a motor carrier after April 15, 1947, shall be plainly marked with the following certification of the manufacturers thereof (or words of equivalent meaning): "This tow-bar complies with the requirement of the Interstate Commerce Commission for 5000-pound vehicles" (or 10,000 pounds or 15,000 pounds or more as specified in subdivision (a) of this subdivision). "Manufactured (Month) (Year) by (Name of Manufacturer)."

(j) *Safety chains and cables.* The towed vehicle shall be connected to the towing vehicle by means of two safety chains or cables. The tensile strength of any such chains or cables and their means of attachment to the vehicles shall be at least equivalent to the corresponding strength for new tow-bars required for the longitudinal strength given in the table of subdivision (a) of this subdivision. The required strength shall be the combined strength of the combination of chains and cables.

The chains or cables shall be crossed and attached to the vehicles near the points of bumper attachments to the chassis of such vehicle. The lengths of chains used shall be no more than necessary to permit free turning of the vehicles. The chains shall be attached to the tow-bar at the point of crossing or as close thereto as is practicable.

(ii) *Specifications for saddle-mount—*(a) *Definitions.* (1) "Saddle-mount" means a device, designed and constructed as to be readily demountable, used in drive-away operations to perform the functions of a conventional fifth wheel.

(2) "Upper-half" of a saddle-mount" means that part of the device which is securely attached to the towed vehicle and maintains a fixed position relative thereto but does not include the "king-pin".

(3) "Lower-half" of a "saddle-mount" is securely attached to the towing vehicle and maintains a fixed position relative thereto but does not include the "king-pin".

(4) "King-pin" means that device which is used to connect the "upper-half" to the "lower-half" in such manner as to permit relative movement in a horizontal plane between the towed and towing vehicles.

(b) *"Upper-half" specifications—*(1) *Connection of "upper-half" to towed vehicle.* The "upper-half" shall be securely attached to the frame or axle of the towed vehicle by means of U-bolts or other means providing at least equivalent security.

(2) *Construction of "U-bolts" or other means of attachment.* "U-bolts" used to attach the "upper-half" to the towed vehicle shall be made of steel rod, free of defects, so shaped as to avoid at any point a radius of less than one inch: *Provided, however*, That a lesser radius may be utilized if the "U-bolt" is so fabricated as not to cause more than 5% reduction in cross-sectional area at points of curvature, in which latter event the minimum radius shall be 1/16 inch. "U-bolts" shall have a diameter not less than as required by the following table:

Weight in pounds of towed vehicle:	Diameter of U-bolt in inches, saddle-mount[1]
Up to 5,000 pounds	0.500
5,000 pounds and over	.5625

[1] If other devices are used to accomplish the same purposes as "U-bolts", they shall have at least equivalent strength of "U-bolts" made of mild steel. Cast iron shall not be used for clamps or any other holding devices.

(3) *Location of "U-bolts" and points of support.* The distance between the most widely separated "U-bolts" shall not be less than 9 inches. The distance between the most widely separated points where the "upper-half" supports the towed vehicle shall not be less than 9 inches, except that saddle-mounts employing ball and socket joints shall be required to employ a device which clamps the axle of the towed vehicle throughout a length of not less than 5 inches.

(4) *Specifications for cradle-type upper-halves".* "Upper-halves" of the cradle-type using vertical members to restrain the towed vehicle from relative movement in the direction of motion of the vehicles shall be substantially constructed and adequate for the purpose. Such cradle-mounts shall be equipped with at least one bolt or equivalent means to provide against relative vertical movement between the "upper-half" and the towed vehicle. Bolts, if used, shall be at least ½ inch in diameter. Devices using equivalent means shall have at least equivalent strength. The means used to provide against relative vertical motion between the "upper-half" and the towed vehicle shall be such as not to permit a relative motion of over ½ inch. The distance between the most widely separated points of support between the "upper-half" and the towed vehicle shall be at least 9 inches.

(5) *Provision against lateral movement of towed vehicle.* Towed vehicles having a straight axle or an axle having a drop of less than three inches shall be securely fastened by means of chains or cables to the "upper-half" so as to insure against relative lateral motion between the towed vehicle and the "upper-half". The chains or cables shall be at least $\frac{3}{16}$ inch in diameter and secured by bolts of at least equal diameter.

Towed vehicles with an axle with a "drop" of three inches or more need not be restrained by chains or cables provided that the "upper-half" is so designed as to provide against such relative motion.

Chains or cables shall not be required if the "upper-half" is so designed as positively to provide against lateral movement of the axle.

(c) *"Lower-half" specifications—(1) Construction of "U-bolts" or other means of attachment.* "U-bolts" used to attach the "lower-half" to the towing vehicle shall be made of steel rod, free of defects, so shaped as to avoid at any point a radius of less than one inch; *Provided, however,* That a lesser radius may be utilized if the "U-bolt" is so fabricated as not to cause more than 5% reduction in cross-sectional area at points of curvature, in which latter event the minimum radius shall be 1/16 inch. "U-bolts" shall have a total cross-sectional area not less than as required by the following table:

Weight in pounds of towed vehicle:	*Total cross-sectional area of U-bolts in square inches Saddle-mount* [1]
Up to 5,000 pounds	0.8
5,000 pounds and over	1.0

[1] If other devices are used to accomplish the same purposes as "U-bolts", they shall have at least equivalent strength of "U-bolts" made of mild steel. Cast iron shall not be used for any clamps or any other holding devices.

(2) *Provision against shifting.* Adequate provision shall be made by design and installation to provide against relative movement between the "lower-half" and the towing vehicle especially during periods of rapid acceleration and deceleration.

(3) *Provision against swaying.* Adequate provision shall be made by design and installation to provide against swaying or lateral movement of the towed vehicle relative to the towing vehicle. To insure against swaying, "lower-halves" designed with cross-members attached to but separable from vertical members shall have such cross-members fastened to the vertical members by at least two bolts on each side. Such bolts shall be of at least equivalent cross-sectional area as those required for "U-bolts" for the corresponding saddle-mount as given in the table in subdivision (1) of this subdivision. The minimum distance between the most widely separated points of support of the cross-member by the vertical member shall be three inches as measured in a direction parallel to the longitudinal axis of the towing vehicle.

The "lower-half" shall have a bearing surface on the frame of the towing vehicle of such dimensions that the pressure exerted by the "lower-half" upon the frame of the towing vehicle shall not exceed 200 pounds per square inch under any conditions of static loading. Hardwood blocks or blocks of other suitable material, such as hard rubber, aluminum or brake lining, if used between the "lower-half" and the frame of the towing vehicle shall be at least ½ inch thick, 3 inches wide, and a combined length of 6 inches.

Under no condition shall the highest point of support of the towed vehicle by the "upper-half" be more than twenty-four inches, measured vertically, above the top of the frame of the towing vehicle, measured at the point where the "lower-half" rests on the towing vehicle.

(4) *Limitations on use of wood blocks.* Hardwood blocks, of good quality, may be used to build up the height of the front end of the towed vehicle, *Provided,* That the total height of such wood blocks shall not exceed eight inches and not over two separate pieces are placed upon each other to obtain such height; however, hardwood blocks, not over four in number, to a total height not to exceed 14 inches, may be used if the total cross-sectional area of the "U-bolts" used to attach the "lower-half" to the towing vehicle is at least 50% greater than that required by the table contained in subdivision (1) of this subdivision; or, if other devices are used in lieu of "U-bolts" they shall provide for as great a resistance to bending as is provided by the larger "U-bolts" above prescribed.

Hardwood blocks must be at least four inches in width and the surfaces between blocks or block and "lower-half" or block and "upper-half" shall be plane and so installed and maintained as to minimize any tendency of the towed vehicle to sway or rock.

(5) *Specifications for cross-member.* The cross-member, which is that part of the "lower-half" used to distribute the weight of the towed vehicle equally to each member of the frame of the towing vehicle, if used, shall be structurally adequate and properly installed and maintained adequately to perform this function.

(i) *Limitation on use of wood.* No materials, other than suitable metals, shall be used as the cross-member, and wood may not be used structurally in any manner that will result in its being subject to tensile stresses. Wood may be used in cross-members if supported throughout its length by suitable metal cross-members.

(ii) *Strength of "lower-half".* The "lower-half" shall be capable of supporting the loads given in the following table. For purpose of test, the "saddle-mount" shall be mounted as normally operated and the load applied through the "upper-half".

Weight in pounds of towed vehicle:	*Minimum load saddle-mount*
Up to 5,000 pounds	5,000
5,000 pounds and over	10,000

(d) *Bearing surface between "upper and lower-half."* The "upper and lower-halves" shall be so constructed and connected that the bearing surface between the two halves shall not be less than sixteen square inches under any conditions of angularity between the towing and towed vehicles; *Provided, however,* That "saddle-mounts" using a ball and socket joint shall have a ball of such dimension that the static bearing load shall not exceed 800 pounds per square inch, based on the projected cross-sectional area of the ball: *And further provided,* That saddle-mounts having the "upper-half" supported by ball, taper, or roller-bearings shall not have such bearings loaded beyond the limits prescribed for such bearings by the manufacturer of the bearing. The "upper-half" shall rest evenly and smoothly upon the "lower-half" and the contact surfaces shall be lubricated and maintained so that there shall be a minimum of frictional resistance between the parts.

(e) *Universal action of saddle-mount.* All new "saddle-mounts" acquired and used after two years from the date of the order adopting this section shall provide for angularity between the towing and towed vehicles due to vertical curvature of the highway. Such means shall not depend upon either the looseness or deformation of the parts of either the "saddle-mount" or the vehicles to provide for such angularity.

(f) *Specifications for "king-pin"—(1) Size of "king pin".* "King-pins" shall be constructed of steel suitable for the purpose, free of defects, and having a diameter not less than required by the following table:

Weight in pounds of towed vehicle	Diameter of solid king-pin in inches, saddle-mount	
	Mild steel	High tensile steel
Up to 5,000 pounds	0.875	0.750
5,000 pounds and over	1.000	.875

If a ball and socket joint is used in place of a "king-pin" the diameter of the neck of the ball shall be at least equal to the diameter of the corresponding solid "king-pin" given in the above table. If hollow "king-pins" are used, the cross-sectional area shall be at least equal to the cross-sectional area of the corresponding solid "king-pin".

(2) *"King-pin" fit.* If a "king-pin" bushing is not used, the "king-pin" shall fit snugly into the "upper and lower halves" but shall not bind. Those portions of the "upper or lower-halves" in moving contact with the "king-pin" shall be smoothly machined with no rough or sharp edges. The bearing surface thus provided shall not be less in depth than the radius of the "king-pin".

(3) *"King-pin" bushing required.* The "king-pin" of all new "saddle-mounts" acquired and used after two years from the date of the order adopting this section shall be snugly enclosed in a bushing at least along such length of the "king-pin" as may be in moving contact with either the "upper or lower-halves". The bearing surface thus provided shall not be less in depth than the radius of the "king-pin".

(4) *"King-pin" to restrain vertical motion.* The "king-pin" shall be so designed and installed as to restrain the "upper-half" from moving in a vertical direction relative to the "lower-half".

(g) *Tracking.* The "saddle-mount" shall be so designed, constructed, maintained, and installed that the towed vehicle or vehicles will follow substantially in the path of the towing vehicle without swerving. Towed vehicles shall not deviate more than three inches to either side of the path of the towing vehicle when moving in a straight line.

(h) *Location of the "saddle-mount"—(1) Bending of frame of towing vehicle.* Where necessary, provision shall be made to prevent the bending of the frame of the towing vehicle by insertion of suitable blocks inside the frame channel to prevent kinking.

The "saddle-mount" shall not be so located as to cause deformation of the frame by reason of cantilever action.

(2) *Prohibition of extension of frame.* No "saddle-mount" shall be located at a point to the rear of the frame of the towing vehicle.

(i) *General provisions—(1) Restraining front wheels.* Towed vehicles shall, by adequate means, have the motion of the front wheels restrained if under any condition of turning of such wheels they will project beyond the widest portion of either the towed or towing vehicles.

(2) *Front end of towed vehicle on towing vehicle.* Unless the steering mechanism is locked in a straight-forward position, all vehicles being towed by "saddle-mount" shall be towed with the front end mounted on the towing vehicle.

(3) *Nuts to be secured.* All nuts used on bolts, "U-bolts", "king-pins", or in any other part of the "saddle-mount" shall be secured against accidental disconnection by means of cotter-keys, lockwashers, double nuts, safety nuts, or equivalent means. Parts shall be so designed and installed that nuts shall be fully engaged.

(4) *Inspection of all parts.* The "saddle-mount" shall be so designed that it may be disassembled and each separate part inspected for worn, bent, cracked, broken, or missing parts.

(5) *Marking new "saddle-mounts."* Every new "saddle-mount" acquired and used in drive-away operations by a motor carrier after April 15, 1947, shall have the "upper-half" and the "lower-half" separately marked with the following certification of the manufacturer thereof (or words of equivalent meaning): "This saddle-mount complies with the requirements of the Interstate Commerce Commission for vehicles up to 5,000 pounds" (or over 5,000 pounds)—"Manufactured (Month) (Year) by (Name of Manufacturer)."

(d) *Number of drive-away vehicles in combination—(1) Number of drive-away vehicles in combination.* No more than one vehicle shall be towed in any combination of motor vehicles in any drive-away operation.

(2) *Carrying vehicles on towing vehicle.* When adequately and securely attached by means equivalent in security to that provided in paragraph (c) (2) (ii) (b) (2) of this section, a motor vehicle or motor vehicles may be full-mounted on the structure of a towing vehicle engaged in any drive-away operation.

(3) *Carrying vehicles on towed vehicles prohibited.* No motor vehicle shall be transported on any towed motor vehicle, in any drive-away operation.

It is further ordered, That this order shall become effective April 1, 1947, and shall continue in effect until the further order of the Commission; and

It is further ordered, That notice of this order shall be given to the petitioner, to authorized motor carriers by the drive-away method, and other parties in interest, by mailing to them a copy thereof, and to the general public by depositing a copy of this order in the office of the Secretary of the Commission at Washington, D. C., and by filing a copy with the Director, Division of the Federal Register.

(Sec. 204, 49 Stat. 546, 52 Stat. 1237, 1240, 54 Stat. 921, 56 Stat. 176, 58 Stat. 827, 59 Stat. 658; 49 U. S. C. and Sup. 304)

By the Commission, Division 5.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 934]

[Docket AO 83-A-10]

HANDLING OF MILK IN LOWELL-LAWRENCE, MASS., MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO THE TENTATIVELY APPROVED MARKETING AGREEMENTS

Proposed amendments to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the Lowell-Lawrence, Massachusetts, milk marketing area.

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and in accordance with the applicable rules of practice and procedure, as amended (7 CFR, Cum. Supp., 900.1 et seq., 10 F. R. 11791, 11 F. R. 7737, 12 F. R. 1159) notice is hereby given of a hearing to be held in the Probate Court Room, Essex County Superior Court House, Appleton Street, Lawrence, Massachusetts, beginning at 10:00 a. m., e. s. t., March 20, 1947, for the purpose of receiving evidence with respect to the proposed amendments, hereinafter set forth, or appropriate modifications thereof, to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the Lowell-Lawrence, Massachusetts, milk marketing area. The proposal to modify the formula method of computing Class I prices raises the question of whether the formula method will operate more satisfactorily to maintain Class I prices at a level which is consistent with the standards set forth in the act if some or all of the price factors contained in the formula are changed. Evidence with respect to this aspect of the proposal will be received at the hearing. These proposed amendments have not received the approval of the Secretary of Agriculture.

The proposed amendments with respect to which evidence will be received are as follows:

Proposed by New England Milk Producers' Association:

1. Amend § 934.6 (a) (1) by deleting the words "from the effective date hereof through February 1947 the price shall not be less than $5.70 per hundredweight;" and substituting therefor the following, "prices by delivery periods shall not be less than the following:

March–April 1947	$5.67
May–June 1947	4.79
July–September 1947	5.23
October 1947–April 1948	5.67"

Proposed by the market administrator:

2. Delete § 934.15 and substitute therefor a new paragraph (d) in § 934.6 to read as follows:

(d) *Emergency changes in formulas for class prices and differentials.* If for

any reason a price for any milk product specified by this order for use in computing class prices and for other purposes is not reported or published in the manner described by the order, the market administrator shall substitute a price determined by the Secretary to be equivalent to or comparable with the price which is specified.

3. Delete § 934.7 (c) and substitute the following:

(c) *Reports regarding individual producers.* (1) Within 10 days after a producer moves from one farm to another, or starts or resumes deliveries to a handler's plant, the handler shall file with the market administrator a report stating the producer's name and post office address, the date on which the change took place, and the farm and plant locations involved. The report shall also state, if known, the name of the plant to which the producer had been delivering immediately prior to starting or resuming deliveries.

(2) Within 5 days after the 5th consecutive day on which a producer has failed to deliver to a handler's plant, the handler shall file with the market administrator a report stating the producer's name and post office address, the date on which the last delivery was made, and the farm and plant locations involved. The report shall also state, if known, the reason for the producer's failure to continue deliveries.

4. Delete § 934.7 (d) and substitute therefor the following:

(d) *Reports of payments to producers.* Each handler shall submit to the market administrator within 5 days after his request, made not earlier than 14 days after the end of the delivery period, his producer pay rolls for such delivery period which shall show for each producer:

(1) The daily and total pounds of milk delivered with the average butterfat test thereof, and

(2) The net amount of such handler's payments to such producer with the prices, deductions, and charges involved.

5. Renumber § 934.7 (e) as § 934.7 (f) and insert a new paragraph (e) as follows:

(e) *Maintenance of records.* Each handler shall maintain records which will show and summarize all receipts, movements, and disposition of milk and milk products.

6. Amend § 934.12 (a) to read as follows:

(a) As his pro rata share of the expense of administration thereof, each handler, except as set forth in § 934.8 (a) shall, on or before the 18th day after the end of each delivery period, pay to the market administrator 4 cents per hundredweight, or such lesser amount as the Secretary may from time to time prescribe, the exact amount to be announced by the market administrator on or before the 5th day after the end of such delivery period, with respect to all milk received by him during such delivery period, from producers, from his own production, and with respect to milk or skim milk received from the type of handler described in § 934.8 (f) and moved to the marketing area.

Proposed by Dairy Branch, Production and Marketing Administration:

7. Amend § 934.6 to maintain the present Class II price relationship to the Class II price now or hereafter established for Class II milk purchased by handlers regulated by the Greater Boston, Massachusetts, milk marketing order.

Copies of this notice of hearing and of the tentatively approved marketing agreement, as amended, and of the order, as amended, now in effect, may be procured from the Acting Market Administrator, National Bank Building, 21 Main Street, Andover, Massachusetts, or from the Hearing Clerk, United States Department of Agriculture, Room 0308 South Building, Washington 25, D. C., or may be there inspected.

Dated: March 10, 1947.

[Docket No. AO-113-A7]

HANDLING OF MILK IN FALL RIVER, MASS., MARKETING AREA

NOTICE OF HEARINGS ON PROPOSED AMENDMENTS TO TENTATIVELY APPROVED MARKETING AGREEMENTS

Proposed amendments to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the Fall River, Massachusetts, milk marketing area.

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and in accordance with the applicable rules of practice and procedure, as amended (7 CFR, Cum. Supp., 900.1 et seq., 10 F. R. 11791, 11 F. R. 7737, 12 F. R. 1159), notice is hereby given of a public hearing to be held at the Knights of Pythias Hall, 103 Pleasant Street, Fall River, Massachusetts, beginning at 10:00 a. m., e. s. t., March 21, 1947, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentatively approved marketing agreement, as amended, regulating the handling of milk in the Fall River, Massachusetts milk marketing area. The proposal to modify the formula method of computing Class I prices raises the question of whether the formula method will operate more satisfactorily to maintain Class I prices at a level which is consistent with the standards set forth in the act if some or all of the price factors contained in the formula are changed. Evidence with respect to this aspect of the proposal will be received at the hearing. These proposed amendments have not received the approval of the Secretary of Agriculture.

The following amendments have been proposed:

By the Fall River Milk Producers' Association:

1. In § 947.9 change the structure of the Fall River order to an individual handler pool, with the provision for pricing all the milk sold or distributed in the marketing area.

2. In § 947.1 define the terms "producer," "dairy farmer," and "handler" as follows:

The term "producer" means any dairy farmer irrespective of whether such dairy farmer is also a handler, except persons to whom minimum prices are required to be paid under the provisions of any other Federal milk order, in whose name milk is delivered to a receiving plant from which Class I milk is shipped to, or sold in, the marketing area either directly or through another plant during the delivery period: *Provided*, That a dairy farmer shall not be a producer within this definition if milk delivered by him is determined by the market administrator to be (a) a part of the handler's normal supply for a market other than the marketing area, and (b) if the milk delivered by such producer was utilized only in Class II or in Class I in such other market.

The term "dairy farmer" means any person in whose name milk is removed from the farm where it is produced.

The term "handler" means any person, irrespective of whether such person is also a dairy farmer, a producer, or an association of dairy farmers or producers who, on his own behalf or on behalf of others, purchases or receives milk from dairy farmers, producers, associations of dairy farmers or producers, or other handlers, all or a portion of which milk is disposed of as milk or cream in the marketing area.

3. Amend § 947.3 to read as follows:

§ 947.3 *Classification of milk*—(a) *Responsibility of handlers.* In establishing the classification of any milk received by a handler, the burden rests upon the handler who received milk from producers to account for the milk and to prove that such milk should not be classified as Class I milk.

(b) *Classes of milk.* Milk purchased or received by each handler shall be classified in Class I or Class II in accordance with subparagraphs (1) and (2), subject to paragraph (c) of this section.

(1) All milk the utilization of which is not established as Class II shall be Class I.

(2) Class II milk shall be all milk, cream, etc., which is accounted for as (i) sold, distributed, or disposed of other than as milk which contains one-half of 1 percent or more but less than 16 percent of butterfat, and other than as chocolate or flavored whole or skim milk, buttermilk, or cultured skim milk, for human consumption; and (ii) actual plant shrinkage not in excess of 2 percent of milk received pro rata from producers and all other sources.

(c) *Transfers of milk.* (1) Transfers to a producer-handler shall be Class I.

(2) Transfers to another handler not a producer-handler or to a plant subject to an order of the Secretary regulating the handling of milk in a market other than the marketing area shall be Class I: *Provided*, That if such milk is established as having been utilized as Class II by the person to whom it is transferred or by the handler from whom the milk is transferred, it shall be Class II.

(3) Transfers to persons not handlers and not producer-handlers who distribute milk or manufacture milk products, and exclusive of transfers to a plant subject to an order of the Secretary regulating the handling of milk in a market other than the marketing area, shall be Class I not to exceed the total Class I at such plant.

(d) *Computation of milk in each class from producers.* For each delivery period the market administrator shall correct for mathematical errors the report submitted by each handler and compute from the corrected report the amount of milk in each class which was received from producers, as follows:

(1) In the case of each handler who is also a dairy farmer and who received milk from producers (i) exclude from each class the quantity of milk received from other handlers and classified in such class and (ii) exclude pro rata from the milk remaining in Class I and Class II a quantity equal to the quantity of milk received from his own farm production; except that the quantity thus excluded from Class II shall not exceed 10 percent of the total quantity of milk received from his own farm production.

(2) In the case of each handler who is not also a dairy farmer, and who received milk from producers, exclude from each class the quantity of milk received from other handlers and classified in such class.

4. Amend § 947.3 to classify in Class I milk used in converting 40 percent cream to light cream.

5. Amend § 947.4 to reflect the increase in freight rates.

6. In § 947.4 (a) delete the words "for each delivery period prior to March 1947 the price shall be not less than $5.96" and substitute therefor the following, "prices by delivery periods shall not be less than the following:

March–April 1947	$5.96
May–June 1947	5.08
July–September 1947	5.52
October 1947–April 1948	5.96"

By the New England Milk Producers' Association:

7. Amend Order No. 47 to provide for establishment of minimum prices to be paid to all producers whose milk is sold or distributed in the Fall River market, except those to whom minimum prices already are required to be paid under provisions of another Federal order, and those who are maintained on separate lists and established as a source of supply for other markets: *Provided*, That none of the milk of such producers is allocated to a Class I use other than in the specific market for which it is established as a source of supply.

8. Amend § 947.9 to include provisions similar to the individual handler pool provisions of Order No. 34, regulating the handling of milk in the Lowell-Lawrence marketing area.

9. Review the special handling provisions in § 947.6 to determine the justification, if any, for their continuance under an individual handler pool basis.

10. Provide, with respect to the classification provisions of the Fall River order and in any revision to provide for individual handler pools, for the transfer or shifting of supplies between handlers on the part of a cooperative association, similar to that which is made in the Lowell-Lawrence order.

11. With respect to milk received at a Providence, Rhode Island, plant, provide for allocation of Fall River Class I milk and other milk received at such a plant in such manner as will not make milk received at such plant from Providence dealers whose temporary surpluses are received at such plant subject to minimum prices under the order.

12. In § 947.4 (a) delete the words "for each delivery period prior to March 1947 the price shall be not less than $5.96" and substitute therefor the following, "prices by delivery periods shall not be less than the following:

March–April 1947	$5.96
May–June 1947	5.08
July–September 1947	5.52
October 1947–April 1948	5.96"

By the H. P. Hood and Sons, Inc.:

13. Consider a provision to encourage less seasonality in production.

By the Dairy Branch:

14. Amend § 947.4 (b) to maintain the present Class II price relationship to the Class II price now or hereafter provided under Federal Order No. 4, as amended, regulating the handling of milk in the Greater Boston, Massachusetts, marketing area.

15. Delete the following provisions which were suspended by action of the Secretary effective January 31, 1943: 1, "except April, May, and June" in § 947.7 (c) (1); 2, § 947.7 (c) (2); 3, § 947.8; 4, "for all delivery periods except April, May, and June of each year" in § 947.9 (a) (1); and 5, § 947.9 (a) (2).

16. In § 947.15 (a) delete the words "Chief of the Dairy and Poultry Branch, Office of Distribution, War Food Administration (hereafter referred to as 'Chief of Branch')", and substitute therefor the words "Director of the Dairy Branch, Production and Marketing Administration, United States Department of Agriculture (hereinafter referred to as 'Director')."

In § 947.15 (a) delete the words "Chief of Branch" wherever they appear and substitute therefor the word "Director".

In § 947.15 (d) delete the words "War Food Administrator" and substitute therefor the word "Secretary".

17. Revise § 947.11 (a) to read:

(a) *Payments by handlers.* As his pro rata share of the expense of administration hereof, each handler not a producer-handler shall, on or before the 15th day after the end of each delivery period, pay to the market administrator 5 cents per hundredweight or such lesser amount as the Secretary may from time to time prescribe with respect to all milk received during such delivery period at a plant at which milk is received or from which Class I milk is disposed of in the marketing area to persons other than handlers: *Provided*, That such handler, which is an association of producers, shall pay such pro rata share of expense of administration on such milk which it causes to be delivered by member producers to a handler's plant for the marketing area and for which milk such association collects payment: *And provided further*, That any amounts paid on any of the milk specified herein by any handler for cost of administration of another Federal milk marketing agreement or order may be deducted from the amount due hereunder.

Copies of this notice of hearing and of the tentatively approved marketing agreement and order, now in effect, may be procured from the Market Administrator, 130 Pleasant Street, Fall River, Massachusetts, or from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, in Room 0306, South Building, Washington 25, D. C., or may be there inspected.

Dated: March 10, 1947.

CIVIL AERONAUTICS BOARD

[14 CFR, Part 40]

AIR CARRIER PROVING FLIGHTS

PROPOSED WAIVER OF UNNECESSARY FLIGHTS

Part 40 of the Civil Air Regulations requires an air carrier to demonstrate to the satisfaction of the Administrator his ability to conduct a safe operation by actual flight over all proposed routes. This requirement makes it necessary for the air carrier to conduct a proving flight even though the proposed route is a minor modification or extension of an existing route. It is felt that under certain circumstances an undue burden is placed on the air carrier. It is, therefore, proposed to authorize the Administrator to waive a proving flight where such flight is unnecessary in the interest of safety.

Pursuant to section 4 (a) of the Administrative Procedure Act the Safety Bureau of the Civil Aeronautics Board hereby gives notice that the Bureau will propose to the Board an amendment to Part 40 of the Civil Air Regulations by adding the following proviso to the last sentence of § 40.291: "*Provided*, That an actual flight may not be required if the Administrator finds that it is unnecessary in the interest of safety."

This regulation is proposed under the authority of Title VI of the Civil Aeronautics Act of 1948, as amended.

It is the desire of the Bureau that those interested offer suggestions and comments regarding the proposed amendment. Comments in writing should be addressed to the Safety Bureau, Civil Aeronautics Board, Washington 25, D. C.,

for receipt within 30 days from the date of this public notice.

SECURITIES AND EXCHANGE COMMISSION

[17 CFR, Part 230]

SECURITIES EXCLUDED FROM EXEMPTION

NOTICE OF PROPOSAL TO REMOVE CERTAIN RESTRICTIONS

Notice is hereby given that the Securities and Exchange Commission has under consideration a proposal to amend Regulation A to delete therefrom paragraph (h) of Rule 221 (17 CFR 230.221). Regulation A, under the conditions stated therein, exempts certain securities from the registration and prospectus requirements of the Securities Act of 1933. Paragraph (h) of Rule 221 (17 CFR 230.221) makes Regulation A unavailable for "securities sold or delivered after sale in, or orders for which are accepted from, a State while the right to offer or sell such securities in that State is prohibited, denied, or suspended by any regulatory body of the State for any reason other than the misconduct of a dealer in the securities." Deletion of this paragraph would remove this restriction without affecting the jurisdiction of any State regulatory body over the sale of securities within the State.

The amendment is proposed pursuant to the provisions of the Securities Act of 1933, particularly sections 3 (b) and 19 (a) thereof.

(Secs. 3 (b) and 19 (a) 48 Stat. 75, 85; 15 U. S. C. 77c, 77s)

All interested persons may submit data, views and comments in writing to the Securities and Exchange Commission at its main office, 18th and Locust Streets, Philadelphia 3, Pennsylvania, on or before March 28, 1947.

FEDERAL POWER COMMISSION

[Project No. 16]

NIAGARA FALLS POWER CO.

NOTICE OF APPLICATION FOR AMENDMENT OF LICENSE

MARCH 10, 1947.

Public notice is hereby given pursuant to the provisions of the Federal Power Act (16 U. S. C. 791-825r) that The Niagara Falls Power Company, Niagara Falls, New York (licensee), has made application for amendment of license for Project No. 16 to eliminate the reference made in the license issued March 2, 1921 to the rights, if any, of Pettebone-Cataract Paper Company and Cataract City Milling Company to withdraw water at a rate not exceeding 265 cubic feet per second from the Hydraulic canal or basin of licensee.

Any protests against the approval of this application or request for hearing thereon, with the reasons for such protest or request and the name and address of the party or parties so protesting or requesting, should be submitted before April 14, 1947, to the Federal Power Commission, Washington 25, D. [Docket No. G-861]

HOPE NATURAL GAS CO.

NOTICE OF APPLICATION

MARCH 6, 1947.

Notice is hereby given that on February 12, 1947, Hope Natural Gas Company (Applicant), a corporation organized under the laws of West Virginia, with its principal place of business at Clarksburg, West Virginia, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and to operate facilities described as follows:

One 400 Horsepower Cooper Bessemer gas engine to which will be attached two gas compressors. The size of these gas compressors will be 22-inch for low-stage and 11-inch for high-stage, together with auxiliary equipment consisting of water pumps, air compressors, electric generators and miscellaneous appurtenant equipment sufficient to increase the capacity of its existing transmission facilities by about 16,000 Mcf per day. Said facilities to be located on its Line H-255 near Kenna, Jackson County, West Virginia.

Applicant states that the proposed facilities are required to properly handle the available supply of natural gas and to utilize its present pipeline system to the fullest extent, in order to meet the present demands of existing customers.

Applicant further states that the total cost of the proposed facilities is estimated at $40,000.00, to be financed from cash on hand.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of the Commission's rules of practice and procedure, and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint, or concurrent hearing, together with the reasons for such request.

The application of the Hope Natural Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946), and shall set out clearly and concisely the facts from which the nature of the petitioner or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding, so as to advise the parties and the Commission as to the issues of fact or law to be raised or controverted, by admitting, denying, or explaining specifically and in detail, each material allegation of fact or law asserted with respect to the application.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 59-88, 59-9]

PHILADELPHIA CO. ET AL.

ORDER DENYING MOTION FOR STAY OF CONSOLIDATED HEARINGS AND RESERVING JURISDICTION OVER DISMISSAL OF PROCEEDINGS; ADJOURNMENT OF HEARINGS AND ISSUANCE OF ADVISORY REPORT

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 28th day of February A. D. 1947.

In the matter of Philadelphia Company and certain of its subsidiary companies, and Standard Power and Light Corporation, and Standard Gas and Electric Company, respondents, File No. 59-88; Standard Power and Light Corporation, Standard Gas and Electric Company, and subsidiary companies thereof, respondents, File No. 59-9.

The Commission having on December 5, 1946, issued a notice of hearing and order instituting proceedings herein pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935 ("the Act"), which order consolidated the proceedings with prior proceedings instituted pursuant to section 11 (b) (1) of the act; and respondent, Philadelphia Company, a registered holding company, having filed its answer herein which, in addition to admitting

or controverting allegations contained in the Commission's order, purports to include a plan pursuant to section 11 (e) of the act; and

Philadelphia Company having made certain oral motions to the trial examiner who certified to the Commission the following questions:

(1) Whether the trial examiner should be ordered to render an advisory report in these proceedings;

(2) Whether a 60-day adjournment of the hearings should be granted pursuant to the request of Philadelphia Company;

(3) Whether the hearings on the consolidated section 11 (b) (1) and section 11 (b) (2) proceedings should be stayed pending consideration and disposition of the purported section 11 (e) plan contained in Philadelphia Company's answer; and

(4) Whether these proceedings should be dismissed upon the ground that a prima facie case had not been made out in the initial presentation of evidence by the staff of the Public Utilities Division; and

The Commission having given due consideration to said questions and having concluded that said questions should be ruled upon as hereinafter set forth for the reasons contained in its memorandum opinion, filed herein, to which reference is hereby made;

It is ordered, That decision on the question whether the trial examiner should be ordered to render an advisory report in these proceedings be and hereby is reserved until the close of the hearings, at which time the trial examiner is directed to request instructions from the Commission as to the procedure to be followed;

It is further ordered, That the request for an adjournment be denied in part and granted to the extent that after the close of the presentation of evidence the trial examiner is directed to adjourn the hearings for a period of 30 days;

It is further ordered, That the motion for a stay of the consolidated section 11 (b) (1) and section 11 (b) (2) proceedings be and hereby is denied;

It is further ordered, That decision on the motion to dismiss the proceedings be reserved until the conclusion of the hearings and the submission of the case to the Commission.

By the Commission.

ORDER RELEASING JURISDICTION OVER CERTAIN FEES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 6th day of March 1947.

The Commission having, by order dated August 8, 1946, approved the issuance and sale of notes in the aggregate principal amount of $2,100,000 by National Gas & Electric Corporation ("National") and $980,000 principal amount of First Mortgage 3% Bonds by its subsidiary company, National Utilities Company of Michgian ("Michigan"), pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935; and

The Commission having, by said order, reserved jurisdiction with respect to the proposed finder's fees of three financial firms and the fees of counsel for both National and Michigan to be paid in connection with the above-mentioned transactions because of services yet to be rendered; the record having been completed with respect to the legal services and the work of the three financial firms in finding a buyer for the Michigan Bonds; and the amount of such fees being as follows:

	National	Michigan
David J. Colton, Counsel	$2,500	
Brewer and Farrell, Counsel		$1,250
Mustard, McAuliffe, Hatch & Clagett, Counsel		1,750
Battles & Co., Inc., G. H. Walker & Co., Smith, Landeryou & Co., Finders		9,800
	2,500	12,800

It appearing to the Commission that such fees are not unreasonable under the circumstances of these proceedings;

It is ordered, That the jurisdiction heretofore reserved with respect to counsel fees and finder's fees be, and the same hereby is, released.

By the Commission.

AMERICAN POWER AND LIGHT CO. ET AL.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 6th day of March A. D. 1947

In the matter of American Power & Light Company, Florida Power & Light Company, Texas Utilities Company, Texas Power & Light Company, and Texas Electric Service Company, File No. 70-1461.

Notice is hereby given that a joint application-declaration and amendment have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by American Power & Light Company ("American"), a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company, and American's registered holding company subsidiary, Texas Utilities Company ("Texas Utilities"), its electric utility subsidiaries, Texas Electric Service Company ("Texas Electric"), and Texas Power & Light Company ("Texas Power"), and American's electric utility subsidiary Florida Power & Light Company ("Florida"). Applicants-declarants designate sections 6, 9, 12 (b) and 12 (f) of the act and Rule U-45 thereunder as applicable to the proposed transactions.

Notice is further given that any interested person, may, not later than March 14, 1947, at 11:30 a. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed as follows: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after 11:30 a. m., e. s. t., on March 14, 1947, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed which are summarized as follows:

American proposes to lend at an interest rate of 1¾% per annum to Texas Utilities Company and Florida Power & Light Company during the year 1947 sums which will aggregate not more than $9,000,000 to be outstanding at any one time. Such sums as are borrowed by Texas Utilities will be passed on in the form of loans to Texas Electric and Texas Power at the interest rate stated above: *Provided, however*, That not more than $2,000,000 will be owed to Texas Utilities by Texas Electric and Texas Power at the time of American's sale of 15% of the stock of Texas Utilities as proposed in American's presently pend-

ing plan for the retirement of its preferred stocks. Texas Utilities also proposes to increase its equity interests in Texas Electric and Texas Power by making a cash contribution of $1,000,000 to the capital of or by purchasing $1,000,000 of additional common stock from each of said companies. Loans from Texas Utilities to Texas Electric and Texas Power outstanding at the time of the presently contemplated sale of additional bonds by the two latter companies are to be repaid when such bonds are sold. Texas Utilities and Florida will repay any loans made to them by American prior to American's sale of 15% of the common stocks of Texas Utilities and Florida. Florida proposes to repay any such loans out of the proceeds from the public sale of its securities contemplated in the near future. If, however, such public sale of its securities shall not have been made prior to the sale by American of 15% of Florida's common stock, Florida proposes to make temporary borrowings from banks for the purpose of repaying said loans to American prior to such sale. For the purpose of paying off any such loans as may be made to it by American, Texas Utilities proposes to make temporary borrowings from banks. In order to refund such bank borrowings, Texas Utilities proposes, sixty days after 15% of the common stock shall have been sold by American, or as soon as practicable thereafter, to issue and sell additional common stock to the public.

It is proposed that the loans be repaid to American by December 31, 1947, but such maturity may be extended by mutual consent of the parties to a date not later than one year from the date of making of such loans. However, the borrowing companies shall have the right at any time prior to such date to repay all or any part of the sums borrowed and the lending companies shall have the right to call all or any part of the loans currently outstanding upon 90 days' written notice.

Applicants-declarants state that the proposed loans are necessary to provide funds during the year 1947 for Florida, Texas Electric, and Texas Power in order to carry out the construction programs of those companies prior to the time when funds will be available from permanent financing.

Joint applicants-declarants request that the Commission's order granting the application and permitting the declaration to become effective be issued as soon as possible and become effective forthwith, so that the operating companies may receive funds necessary for the continuation of their construction programs.

By the Commission.

INTERSTATE POWER CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 6th day of March A. D. 1947.

Interstate Power Company ("Interstate"), a registered holding company and a public utility subsidiary of Ogden Corporation, a registered holding company, having filed a declaration pursuant to sections 6 and 7 of the Public Utility Holding Company Act of 1935 with respect to the transactions summarized below:

Interstate proposes to issue and sell two collateral promissory notes, each in the principal amount of $400,000, bearing interest at the rate of 1¾% annually payable semi-annually, and maturing on December 1, 1947; one of said notes is to be sold to The Chase National Bank of the City of New York, and the other to Manufacturers Trust Company, New York. Interstate also proposes to issue $800,000 principal amount of its First Mortgage Gold Bonds, 5% Series, due January 1, 1957, which bonds are to serve as collateral for the $800,000 aggregate principal amount of notes. Interstate represents that said 5% bonds will be issued under the indenture securing Interstate's presently issued and outstanding 5% bonds due 1957, upon certification to the trustee under said indenture of certain property additions which have not heretofore been certified as a basis for authentication and issuance of bonds. The filing states that the proceeds of the proposed issue and sale of securities will be applied toward the financing of Interstate's construction program and to restore current working funds which have been reduced below normal requirements in order to finance new construction.

Said declaration having been filed on February 13, 1947, and notice of said filing having been duly given in the manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

Interstate having requested that the Commission take appropriate action to accelerate its order herein and that said order become effective forthwith, and the Commission deeming it appropriate to grant such request; and

The Commission finding with respect to said declaration that the requirements of the applicable provisions of the act and the rules thereunder are satisfied and that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interests of investors and consumers that said declaration be permitted to become effective;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act, and subject to the terms and conditions prescribed in Rule U-24, that said declaration be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

FEDERAL WATER AND GAS CORP. AND NEW YORK WATER SERVICE CORP.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 6th day of March A. D. 1947.

Federal Water and Gas Corporation ("Federal"), a registered holding company, and its subsidiary, New York Water Service Corporation, having filed an application and declaration, and amendments thereto, pursuant to sections 9, 10 and 12 of the Public Utility Holding Company Act of 1935 with respect to the transactions summarized below:

Federal proposes to sell to New York for the consideration of $1,000 in cash a note in the unpaid principal amount of $227,960 issued by South Bay Consolidated Water Company, Inc. ("South Bay"), a subsidiary of New York. Interest on said note is subordinate to the payment of dividends on the preferred stock of South Bay; interest arrears on said note amounted to $209.425 on September 30, 1946, and preferred stock dividend arrears amounted to $916.461.

Notice of the filing of said application and declaration having been duly given in the manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application and declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

Federal and New York having requested that the Commission take appropriate action to accelerate its order herein and that said order become effective forthwith, and the Commission deeming it appropriate to grant such request; and

The Commission finding with respect to said application and declaration that the requirements of the applicable provisions of the act and the rules thereunder are satisfied and that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interests of investors and consumers that said application and declaration be granted and permitted to become effective;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said act, and subject to the terms and conditions prescribed in Rule U-24, that said application and declaration be, and the same hereby are, granted and permitted to become effective forthwith.

By the Commission.

PART 165—FORMAL PETITIONS AND APPLICATIONS

EXTENSION OF TEMPORARY STAY

FEBRUARY 27, 1947.

Part 165, Chapter I, Title 8, Code of Federal Regulations is hereby amended by inserting a new section as follows between § 165.13 and § 165.14:

§ 165.13a *Final authority of district directors to deny applications for extension of stay filed by aliens admitted for 29 days or less.* Notwithstanding the requirement in § 165.13 that certain cases be forwarded to the Central Office for decision, the district director shall have final authority to deny applications for extension of stay filed by aliens admitted to the United States for a period of 29 days or less under section 3 (2) or 3 (3) of the Immigration Act of 1924 (43 Stat. 154; 8 U. S. C. 203). Extensions of stay shall be granted to such aliens only in emergent or other extraordinary cases. (Sec. 15, 43 Stat. 162; 8 U. S. C. 215).

This order shall become effective on the day of its publication in the FEDERAL REGISTER. The requirements of section 4 of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 238) as to notice of proposed rule making and delayed effective date are inapplicable for the reason that this order pertains to organization—more particularly to delegation of authority.

SECTION 1. *Kinds of syrups and molasses covered by this regulation.* (a) Cane syrup is the juice of sugar cane clarified and evaporated to a density of not less than 39 degrees Baumé at 20 degrees Centigrade and contains not more than 2.5 per cent ash. It may or may not contain sulphur dioxide, used as a clarifying and bleaching agent.

Commercial cane syrup. Commercial cane syrup is "cane syrup" produced in a mill which at this time is, or which during the cane grinding season of 1941 was, equipped with machinery to manufacture sugar.

[Paragraph (a) amended by Am. 1, 9 F. R. 795, effective 1–26–44]

(b) *Country cane syrup.* Country cane syrup is "cane syrup" completely produced in a mill which at this time is equipped for the production of cane syrup exclusively and which is not now, and was not during the cane grinding season of 1941 equipped with machinery to manufacture sugar.

[Paragraph (b) amended by Am. 1, 9 F. R. 795, effective 1–26–44 and Am. 5, 9 F. R. 14429, effective 12–13–44]

(c) *Blends of syrup containing country cane syrup.* Blends of syrup containing country cane syrup are blends which contain at least 5% by volume of "country cane syrup" as defined in paragraph (b) above.

(d) *First molasses and second molasses.* First molasses and second molasses are known as "high grade molasses" and are the products which remain after extraction of sugar from the clarified and concentrated juice of domestically produced sugar cane before the extraction of all commercially available sucrose.

(1) First molasses is distinguishable from second molasses by its characteristic light color and mild flavor and is customarily produced by one extraction of sugar in the manufacturing process.

(2) Second molasses (including boilback) is the product remaining from the juice of sugar cane after more than one extraction of sugar but before the extraction of all commercially available sugar. It is distinguishable from first molasses by its darker color and more pronounced molasses flavor.

SEC. 2. *Prohibition against sales above maximum prices.* (a) On and after December 11, 1943, or the effective date as to any amendment or revision regardless of any contract, agreement or other obligation, no person shall sell or deliver syrups or molasses specified in this regulation and no person shall in the course of trade or business buy or receive such syrups or molasses at prices higher than the maximum prices set forth in this regulation.

(b) No person shall agree, offer, solicit, or attempt to do any of the foregoing.

(c) The provisions of this section shall not be applicable to sales or deliveries of syrups or molasses specified in this regulation to a purchaser, if prior to the date when the same became effective for such syrup or molasses, it has been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

(d) Where a packer during the year prior to March 1, 1942, customarily paid a premium above the prevailing market price for an item of syrup or molasses which is now subject to this regulation because it had a special quality of flavor or other attribute by reason of a special process in manufacturing such item, he may apply to the Office of Price Administration, Office of Temporary Controls, Washington, D. C., for an order permitting him to continue to pay and the seller to collect the established premium above the maximum prices set forth herein for such item of syrup or molasses: *Provided, however,* That he shall neither increase nor apply for an increase in the maximum prices set forth herein or in any other regulation for such item of syrup or molasses or anything made or manufactured from it, because of paying such premium.

(e) Lower prices than the maximum established by this regulation may be charged, demanded, paid or offered.

(f) The specific maximum prices established in this regulation shall not be increased by any charges for the extension of credit or by commissions or any other charges and they shall be reduced by all customary discounts and other allowances including those for prompt payment.

[Paragraph (f) added by Am. 1, 9 F. R. 795, effective 1–26–44]

(g) Customary differentials for sales of larger or smaller quantities than those for which maximum prices are specified

in this regulation or for classes of purchasers other than those specified shall be continued.

[Paragraph (g) added by Am. 2, 9 F. R. 2562, effective 3-11-44]

SEC. 3. *Geographical applicability.* The provisions of this Revised Maximum Price Regulation No. 291 shall be applicable to the 48 states of the United States and the District of Columbia.

SEC. 4. *Export sales.* The maximum prices at which a person may export syrups and molasses shall be determined in accordance with the Third Revised Maximum Export Price Regulation,[2] as amended, issued by the Office of Price Administration.

[Sec. 4 amended by Am. 10, 11 F. R. 13583, effective 11-18-46]

SEC. 5. *Exempt sales.* The following sales are exempt from this regulation.

(a) Sales of commercial and country cane syrup and blends of country cane syrup sold at wholesale and retail and covered by Maximum Price Regulations Nos. 421,[3] 422,[4] and 423,[5] respectively.

ARTICLE II—MAXIMUM PRICES

SEC. 6. *Maximum prices for commercial cane syrup*—(a) *Producers' maximum prices for commercial cane syrup.* (1) A "producer of commercial cane syrup" means any person who produces "commercial cane syrup" as defined in this regulation. Maximum prices for sales by "producers of commercial cane syrup" to all classes of purchasers shall be:

$0.45 per gallon, net, f. o. b. producer's mill or factory in tank cars or tank trucks supplied by the buyer.

$0.45½ per gallon, net, f. o. b. producer's mill or factory in barrels or half-barrels supplied by the buyer.

[Subparagraph (1) amended by Am. 1, 9 F. R. 795, effective 1-26-44 and Am. 10, 11 F. R. 13583, effective 11-18-46]

(2) The term "barrel" used in this section means a wooden container for liquids having a capacity of approximately 55 gallons. The term "half-barrel" used in this section means a wooden container for liquids having a capacity of approximately 33 gallons. The term gallon in this section means a standard U. S. gallon.

(b) *Packers' maximum prices for commercial cane syrup.* "Packer of commercial cane syrup" means any person who purchases and packs or repacks commercial cane syrup for sale to the wholesale and chain store warehouse trade and to commercial, industrial and governmental users.

(1) Packers' maximum prices at the factory for bulk sales of commercial cane syrup in tank cars, barrels, or other large containers, shall be:

$0.50 per gallon in tank cars furnished by the seller.

$0.64 per gallon in barrels furnished by the seller.

$0.68 per gallon in half-barrels furnished by the seller.

$0.72 per gallon in 10-gallon cans furnished by the seller.

$0.74 per gallon in 5-gallon cans furnished by the seller.

(2) Packers' maximum prices at the factory for commercial cane syrup packaged in cases for sales in less than carload lots shall be:

$3.74 per case of 6 No. 10 cans.
$3.99 per case of 12 No. 5 cans.
$4.24 per case of 24 No. 2½ cans.
$4.70 per case of 48 No. 1½ cans.
$3.59 per case of 36 No. 1½ cans.
$2.41 per case of 24 No. 1½ cans.
$3.18 per case of 24 No. 2 cans.

(3) The prices set forth in this paragraph (b) shall also apply to commercial cane syrup which has been enriched by the addition of cane sugar syrup.

[Paragraph (b) amended by Am. 1, 9 F. R. 795, effective 1-26-44 and Am. 10, 11 F. R. 13583, effective 11-18-46]

(c) *Packers' maximum delivered prices for commercial cane syrup.* Packers' maximum delivered prices for commercial cane syrup shall be the prices listed in the preceding paragraph (b), plus the freight actually paid up to but not in excess of the lowest available freight rate from New Orleans, Louisiana, to point of destination. In no case shall the purchaser be required to pay more than the packers' factory price plus the lowest available freight rate from New Orleans to point of destination.

(d) *Producer-packers' maximum prices for commercial cane syrup.* (1) "Producer-packer of commercial cane syrup" means only those persons who produce their own commercial cane syrup and pack it in barrels or smaller packages for sale to the wholesale and chain store warehouse trade and to commercial, industrial or governmental users.

(2) A producer-packer shall determine his maximum price for commercial cane syrup with respect to which he performs the functions of a packer in accordance with the provisions of sections 6 (b) and 6 (c) above, except that sales to packers shall be at producers' maximum prices.

(3) A producer-packer shall determine his maximum price for sales of commercial cane syrup with respect to which he performs the functions of a producer in accordance with the provisions of section 6 (a) above.

[Paragraph (d) amended by Am. 10, 11 F. R. 13583, effective 11-18-46]

(e) [Revoked]

[Paragraph (e) revoked by Am. 1, 9 F. R. 795, effective 1-26-44]

SEC. 7. *Maximum prices for country cane syrup*—(a) *Producers' maximum prices for country cane syrup.* (1) A "producer of country cane syrup" means any person who produces country cane syrup as defined in this regulation. Maximum prices for sales by producers of country cane syrup to all classes of purchasers shall be:

$0.78 per Georgia gallon, net, f. o. b. accumulator's shipping point in barrels supplied by the seller for highest grade, A-1 syrup.

$0.75 per Georgia gallon, net, f. o. b. accumulator's shipping point in barrels supplied by the seller for 2d grade, No. 1 syrup.

$0.68 per Georgia gallon, net, f. o. b. accumulator's shipping point in barrels supplied by the seller for 3d grade, No. 2 syrup.

[Subparagraph (1) amended by Am. 1, 9 F. R. 795, effective 1-26-44 and Am. 9, 11 F. R. 13489, effective 11-14-46]

(2) Highest grade A-1 Country cane syrup is that country cane syrup which has (1) good body, (2) good flavor, (3) good color, and (4) is free from dregs. If one of these qualities is lacking, it is 2d grade or No. 1 syrup. If two of these qualities are lacking, it is 3d grade or No. 2 syrup.

(3) The term "barrel" used in this section means a wooden container for liquids having a capacity of approximately 35 gallons.

(4) A Georgia gallon at 39 degrees Baumé at 20 degrees centigrade weighs 10.847 pounds. A standard U. S. Gallon of country cane syrup at 39 degrees Baumé at 20 degrees centigrade is equal to 1.05 Georgia gallons of country cane syrup. The trade practice of gauging the content of a barrel by dividing the gross weight of the barrel by the numeral 12 is allowed.

(b) *Accumulator's maximum prices for country cane syrup.* "Accumulator of country cane syrup" means any person who collects the barrels of cane syrup manufactured by country cane syrup producers for resale in original packages.

Accumulator's maximum prices for sales of country cane syrup to all classes of purchasers shall be:

$0.80 per Georgia gallon, net, f. o. b. accumulator's shipping point in barrels supplied by the seller, for highest grade, A-1 syrup.

$0.77 per Georgia gallon, net, f. o. b. accumulator's shipping point in barrels supplied by the seller, for 2d grade, No. 1 syrup.

$0.70 per Georgia gallon, net, f. o. b. accumulator's shipping point in barrels supplied by the seller for 3d grade, No. 2 syrup.

[Paragraph (b) amended by Am. 9, 11 F. R. 13489, effective 11-14-46]

(c) *Packers' maximum prices for country cane syrup.* "Packer of country cane syrup" means any person who customarily repacks or reloads "country cane syrup" with or without processing, mixing or blending.

(1) Packers' and producer-packers' (as to portion packed by producer) maximum prices for country cane syrup delivered to the customary receiving point of the buyer in the southern zone shall be as follows:

$5.67 per case of 6 No. 10 cans.
$5.92 per case of 12 No. 5 cans.
$6.17 per case of 24 No. 2½ cans.
$6.60 per case of 48 No. 1½ cans.
$4.51 per case of 24 No. 2 cans.
$3.35 per case of 24 No. 1½ cans.

The "southern zone" includes the states of Georgia, Alabama, Florida, North Carolina and South Carolina.

[Subparagraph (1) amended by Am. 2, 9 F. R. 2562, effective 3-11-44; Am. 5, 9 F. R. 14429, effective 12-13-44 and Am. 9, 11 F. R. 13489, effective 11-14-46]

(2) Maximum prices for country cane syrup delivered in all places outside the "southern zone" for packers and producer-packers (as to portion packed by producer) located in the "southern zone" shall be the following f. o. b. Cairo, Georgia, prices, plus the lowest available freight rates on an identical quantity from Cairo, Georgia, to the point of destination. For packers located outside the "southern zone" the delivered maximum prices shall be the following, plus the freight actually paid up to, but not in excess of the lowest available freight rate from the packer's mill.

$5.42 per case of 6 No. 10 cans.
$5.67 per case of 12 No. 5 cans.
$5.92 per case of 24 No. 2½ cans.
$4.33 per case of 24 No. 2 cans.
$6.35 per case of 48 No. 1½ cans.
$3.22 per case of 24 No. 1½ cans.

All of the above prices in this paragraph (c) shall be for carload lots to the wholesale and chain store warehouse trade and to commercial, industrial, institutional, or governmental users.

[Subparagraph (2) amended by Am. 1, 9 F. R. 795, effective 1-26-44; Am. 2, 9 F. R. 2562, effective 3-11-44; Am. 5, 9 F. R. 14429, effective 12-13-44 and Am. 9, 11 F. R. 13489, effective 11-14-46]

(d) *Producer-packers' maximum prices for country cane syrup.* "Producer-packer of country cane syrup" means any producer who also customarily performs the function of a packer with or without processing, mixing or blending. A producer-packer shall determine his maximum price for country cane syrup with respect to which he performs the function of a producer under paragraph (a) of this section and for country cane syrup with respect to which he performs the function of a packer under the provisions of paragraph (c).

(e) [Revoked]

[Paragraph (e) revoked by Am. 1, 9 F. R. 795, effective 1-26-44]

(f) *Producer-packers' maximum prices for country cane syrup sold at wholesale and at retail.* (1) Producer-packers' maximum delivered prices for country cane syrup on sales directly to retail stores shall be as follows:

$6.21 per case of 6 No. 10 cans.
$6.49 per case of 12 No. 5 cans.
$6.77 per case of 24 No. 2½ cans.
$4.95 per case of 24 No. 2 cans.
$7.26 per case of 48 No. 1½ cans.
$3.68 per case of 24 No. 1½ cans.

(2) Producer-packers' maximum prices for country cane syrup on sales directly to retail stores when the purchaser takes delivery at the plant or farm shall be as follows:

$5.93 per case of 6 No. 10 cans.
$6.21 per case of 12 No. 5 cans.
$6.49 per case of 24 No. 2½ cans.
$4.75 per case of 24 No. 2 cans.
$6.98 per case of 48 No. 1½ cans.
$3.55 per case of 24 No. 1½ cans.

(3) Producer-packers' maximum delivered prices for country cane syrup on sales directly to "domestic consumers" shall be as follows:

$6.99 per case of 6 No. 10 cans.
$7.31 per case of 12 No. 5 cans.
$7.63 per case of 24 No. 2½ cans.
$5.59 per case of 24 No. 2 cans.
$6.20 per case of 48 No. 1½ cans.
$4.16 per case of 24 No. 1½ cans.

"Domestic consumer" means a person who buys country cane syrup for personal use. The term does not include any industrial, commercial, governmental or institutional consumers.

(4) "Producer-packers'" maximum prices for country cane syrup on sales directly to "domestic consumers" when the purchaser takes delivery at the plant or farm, shall be as follows:

$6.67 per case of 6 No. 10 cans.
$6.99 per case of 12 No. 5 cans.
$7.31 per case of 24 No. 2½ cans.
$5.36 per case of 24 No. 2 cans.
$7.88 per case of 48 No. 1½ cans.
$4.01 per case of 24 No. 1½ cans.

[Paragraph (f) amended by Am. 1, 9 F. R. 795, effective 1-26-44 and Am. 9, 11 F. R. 13489, effective 11-14-46]

(g) Sellers (distributors, traders, truckers, etc.) who cannot be classified as wholesalers or retailers under the provisions of Maximum Price Regulations 421, 422 and 423 shall use the maximum prices set forth in section 7 (c) (1) and (2) and 7 (f) (1), (2), (3) and (4) to the same classes of buyers.

[Paragraph (g) added by Am. 5, 9 F. R. 14429, effective 12-13-44 and amended by Am. 6, 10 F. R. 199, effective 1-9-45]

SEC. 8. *Maximum prices of packers for blends of syrups containing at least 5% country cane syrup by volume.* A packer of blends containing country cane syrup means any person who customarily stores, repacks or reloads various syrups and blends or mixes them with country cane syrup with or without processing the component syrup.

(a) Packers' maximum prices for delivery to the customary receiving point of the buyer in the "southern zone" for blends of corn syrup and cane syrup including country cane syrup of the following percentages and containing not more than 5% by volume of sugar syrup shall be as follows:

Range No.	Per cent of country cane syrup in blend type	6 No. 10 cans	12 No. 5 cans	24 No. 2½ cans	48 No. 1½ cans	24 No. 1½ cans
1	At least 5 but not more than 10	$3.32	$3.57	$3.82	$4.07	$2.08
2	More than 10 but not more than 15	3.47	3.72	3.97	4.22	2.16
3	More than 15 but not more than 20	3.52	3.77	4.02	4.27	2.18
4	More than 20 but not more than 25	3.67	3.92	4.17	4.42	2.26
5	More than 25 but not more than 30	3.71	3.96	4.21	4.46	2.28
6	More than 30 but not more than 35	3.86	4.11	4.36	4.61	2.35
7	More than 35 but not more than 40	3.91	4.16	4.41	4.66	2.38
8	More than 40 but not more than 45	4.06	4.31	4.56	4.81	2.46
9	More than 45 but not more than 50	4.10	4.35	4.60	4.85	2.47
10	More than 50 but not more than 55	4.25	4.50	4.75	5.00	2.55
11	More than 55 but not more than 60	4.30	4.55	4.80	5.05	2.58
12	More than 60	4.56	4.81	5.06	5.31	2.71

(1) The "Southern Zone" includes the states of Georgia, Alabama, Florida, North Carolina and South Carolina.

[Paragraph (a) amended by Am. 5, 9 F. R. 14429, effective 12-13-44]

(b) Maximum prices for delivery to the customary receiving point of the buyer outside the "Southern Zone," for packers located in the "Southern Zone," for blends of corn syrup and cane syrup, including country cane syrup, of the following percentages, and containing not more than 5% by volume of sugar syrup, shall be the following, f. o. b. Cairo, Georgia prices, plus the lowest available freight rate on an identical quantity from Cairo, Georgia, to the point of destination. For packers located outside the "Southern Zone," the maximum prices, delivered to the customary receiving point of the buyer outside the "Southern Zone," shall be the following, plus the freight actually paid up to but not in excess of the lowest available freight rate from the packer's mill to the point of destination.

[Above paragraph amended by Am. 7, 10 F. R. 5036, effective 5-9-45]

Range No.	Percent of country cane syrup in blend type	6 No. 10 cans	12 No. 5 cans	24 No. 2½ cans	48 No. 1½ cans	24 No. 1½ cans
1	At least 5 but not more than 10	$3.07	$3.32	$3.57	$3.82	$1.95
2	More than 10 but not more than 15	3.22	3.47	3.72	3.97	2.03
3	More than 15 but not more than 20	3.27	3.52	3.77	4.02	2.05
4	More than 20 but not more than 25	3.42	3.67	3.92	4.17	2.13
5	More than 25 but not more than 30	3.46	3.71	3.96	4.21	2.15
6	More than 30 but not more than 35	3.61	3.86	4.11	4.36	2.22
7	More than 35 but not more than 40	3.66	3.91	4.16	4.41	2.25
8	More than 40 but not more than 45	3.81	4.06	4.31	4.56	2.32

12	More than 60	4.31	4.56	4.81	5.06	2.58

(c) *Packers' maximum prices for blends of country cane syrup containing additional ingredients other than commercial cane syrup and corn syrup.* Packers may determine maximum prices for blends containing country cane syrup of the percentages set out above and additional ingredients other than commercial cane syrup and corn syrup by calculations as follows:

(1) If the blend contains more than 5% of sugar syrup the packer may add to the maximum price established for each range number in paragraphs (a) and (b) above a sum which is equal to the exact difference between the "cost" to him of the sugar syrup above 5% in the blend and an equal volume of corn syrup.

(i) "Cost" as used in this paragraph shall mean the highest legal price paid by a packer for his most recent purchase

[2] 11 F. R. 9069, 10291, 11696, 12358.
[3] 11 F. R. 6081, 7041, 8646, 8968, 9684, 10655, 10430, 11198, 12178.
[4] 11 F. R. 6397, 6763, 7041, 8646, 8968, 9697, 10655, 10430, 11198, 12179.
[5] 11 F. R. 6420, 6764, 7041, 8646, 8968, 9685, 10655, 10430, 11198, 12180.

of a customary quantity of either corn syrup or the other ingredient or ingredients which he is packing in the blend. Such "cost" shall be his delivered "cost" at his plant or factory. If the packer customarily purchased any of the above mentioned items otherwise than delivered to his plant or factory he shall determine his delivered "cost" by adding the transportation charges actually paid for delivering such item to his factory or plant at a rate not to exceed the lowest available freight rate to the f. o. b. price he paid for the item.

(2) If the packer packs a blend containing country cane syrup and any ingredient other than those provided for above, he shall add to or subtract from the maximum price established for each range number in paragraphs (a) and (b) above, the exact difference between the "cost" to him of such other ingredient and an equal volume of corn syrup and establish the maximum price for each range number listed above, pursuant to such addition or subtraction.

(3) Once the packer has determined his maximum price for any blend pursuant to (1) and (2) above, he shall not change such price except for manifest clerical error without written consent of the Office of Price Administration.

(4) [Revoked]

[Subparagraph (4) revoked by Am. 7, 10 F. R. 5036, effective 5-9-45]

(d) All of the above prices in this section 8 shall be for carload lots to the wholesale and chain store warehouse trade, and to commercial, industrial, institutional or governmental users.

[Paragraph (d) amended by Am. 1, 9 F. R. 795, effective 1-26-44]

(e) *Change of percentage of country cane syrup in blend resulting in a change of range number and price.* Whenever a packer desires to change the range number within which an established blend of syrup which he is packing falls by increasing or decreasing the amount of country cane syrup in the blend, he shall proceed as follows:

(1) If he wishes to increase the amount of country cane syrup in the blend so that the new blend comes within one of the higher range numbers established in paragraph (a) or (b) of this section and consequently commands a higher maximum price he must increase the total percentage of country cane syrup in the blend by not less than 5% by volume, for each higher range number pursuant to which he wishes to price the new blend. This increase in the percentage of country cane syrup shall be over and above the amount of country cane syrup which he packed in each blend of syrup on or prior to the 2d day of March 1943 and which he reported to the Office of Price Administration pursuant to paragraph (f) of this section.

Example 1: If a packer at or prior to the 2d day of March 1943, packed a blend in Range 4, containing 23% of country cane syrup and now desires to increase the amount of Georgia cane syrup in his blend so that he may price pursuant to Range No. 5—more than 25% but not more than 30%, he must add 5% to the 23% and pack a blend containing at least 28% of country cane syrup.

Example 2: If the above packer desires to go to Range No. 6—that is, a blend containing over 30% but not more than 35%, he must add 10% to the 23% and pack a blend containing at least 33% of Georgia cane syrup.

(2) If he wishes to decrease the amount of country cane syrup in the blend, so that the new blend comes within one of the lower range numbers and consequently commands a lower maximum price, he may not decrease the total percentage of country cane syrup in the blend by more than 5% by volume for each lower range number pursuant to which he wishes to price the new blend. This decrease shall be below the amount of country cane syrup which he has packed in each blend of syrup on or prior to the 2d day of March 1943 and which he has reported to the Office of Price Administration pursuant to paragraph (f) of this section.

Example 1: If a packer at or prior to the 2d day of March 1943, packed a blend in Range 4, containing 23% syrup and now wishes to decrease the amount of country cane syrup in the blend so that he is required to price pursuant to Range 3—more than 15% but not more than 20% of country cane syrup, he may not reduce the amount of country cane syrup in the blend more than 5% and must put at least 18% of country cane syrup, by volume, in his blend.

Example 2: If the above packer desires to change the above 23% blend and price his new blend pursuant to Range No. 2—that is, a blend containing more than 10% but not more than 15% of country cane syrup, he may not reduce the percentage of country cane syrup in the new blend more than 10% and must put at least 13% of country cane syrup, by volume, in his new blend.

(3) In no event shall a packer who increases the percentage of country cane syrup in his blend and prices the new blend pursuant to subparagraph (1) of this paragraph, increase the blend by less than the amount provided in said subparagraph. The increase so provided shall determine the minimum amount of country cane syrup in the blend. If he desires to alter the percentage of country cane syrup in the blend he is now pricing pursuant to subparagraph (1) to insure uniformity, he shall do so only by increasing the amount of country cane syrup, but may never decrease it. If he adds less than the percentage of country cane syrup provided in subparagraph (1), he may not increase his maximum price despite the fact that such increase may actually bring the blend within the higher range specified in paragraphs (a) and (b) of this section.

(4) In no event shall a packer who decreases the amount of country cane syrup in his blend and prices pursuant to a lower number range decrease the percentage of country cane syrup by more than 5% for each lower range to which he goes. The decrease so provided shall determine the minimum amount of country cane syrup in the blend. If he desires to alter the amount of country cane syrup in the blend he is now pricing pursuant to subparagraph (2) to insure uniformity, he may do so by increasing the amount of country cane syrup but may never decrease it. If he decreases the percentage by more than 5% per range, he shall be deemed to have decreased it by 10% and be required to price at the next lower range than the one in which the percentage of country cane syrup in the blend actually places it.

(f) *Reports.* Within 30 days after the 2d day of March 1943 or within 30 days after a person starts packing any blend of syrup containing country cane syrup, he shall report to the Price Branch, Sugar Department, Office of Price Administration, Office of Temporary Controls, Washington 25, D. C., the exact percentage by volume of all syrups which he packed in each of his blends on the 2d day of March 1943 or prior thereto when he last packed such blend, or if he did not pack country cane syrup in blends at that time or prior thereto, the exact percentage by volume of all syrups in each blend when he began packing such blends.

(1) Any packer who desires to change the percentage of country cane syrup pursuant to paragraph (e) of this section, shall report to the Price Branch, Sugar Department, Office of Price Administration, Office of Temporary Controls, Washington 25, D. C., at or prior to the time that he first makes such change in his blend, (1) the brand name and percentage of country cane syrup in the blend from which he is changing, (2) the amount of country cane syrup in that blend on the 2d day of March 1943, which he reported pursuant to this paragraph (f), (3) the amount of country cane syrup which he now intends to pack in the blend, and (4) a statement that he has complied with the provisions of paragraph (e) of this section.

[Subparagraph (1) amended by Am. 1, 9 F. R. 795, effective 1-26-44]

(2) Any packer who established maximum prices pursuant to paragraph (c) of this section, shall complete and mail or otherwise deliver at or before the time of his first delivery, to each purchaser of such blends of syrup a notice to read as follows:

Our new maximum price for ---------- brand of syrup is $--- per case of --- (delivered in the southern zone f. o. b. Cairo, Georgia). This maximum price is authorized by the Office of Price Administration, Office of Temporary Controls, and has been established pursuant to section 8 (c) of Revised Maximum Price Regulation No. 291.

(g) [Revoked]

[Paragraph (g) revoked by Am. 1, 9 F. R. 795, effective 1-26-44]

SEC. 8a. *Sales of blends of syrups by packers on and after August 30, 1946*—(a) *Maximum prices.* On and after December 6, 1946, a packer's maximum price for any item of a blend of syrups containing at least 5% country cane syrup by volume shall be:

[Above paragraph amended by Am. 11, 11 F. R. 14162, effective 12-6-46]

(1) His maximum price for that item as established under this regulation prior to August 30, 1946;

(2) Plus an amount calculated as follows:

(i) Determine the net weight of each pure syrup contained in the sales unit in pounds and fractions thereof;

(ii) Multiply each of the net weights found in (i) by the applicable amount set out in the following table:

Pure syrups:	Permitted increase per pound
Corn syrup	$0.0098
Commercial cane syrup	.0088
Country cane syrup	.0158
Maple syrup	.10
Second molasses	.0017
Direct consumption sugar, solid content	.0255
Liquid malt syrup	.0052
Refiners syrup, sugar solids content	.02

NOTE: The increase permitted for refiners syrup contained in an item applies only to the sugar solids content of the refiners syrup.

[Subparagraph (ii) amended by Am. 11, 11 F. R. 14162, effective 12-6-46]

(iii) Total the results obtained in (ii);

(iv) From the figure obtained in (iii) subtract $0.0017 per pound for each pound of first molasses, if any, contained in the item;

(3) Plus an additional amount of $0.0144 per pound for each pound or fraction thereof of corn syrup, but only during such time as corn is not subject to price control.

In the event that corn becomes subject to price control the ceiling price shall be the sum of paragraphs (1) and (2) above.

(b) *Notification of new maximum prices.* With the first delivery after December 6, 1946, of any item of a blend of syrup containing at least 5% country cane syrup by volume, in any case where a seller determines his maximum price pursuant to this section, and with the first delivery after any change in his maximum price, he shall:

[Above paragraph amended by Am. 11, 11 F. R. 14162, effective 12-6-46]

(1) Supply each wholesaler and retailer, subject to MPRs 421, 422 or 423 who purchases from him with written notice, reading as follows:

---------- (Insert date)

NOTICE TO WHOLESALERS AND RETAILERS

Our OPA ceiling price for (describe item by kind, grade, brand and container type and size) has been changed by the Office of Price Administration. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under MPRs 421, 422 or 423, you must refigure your ceiling price for this item on the first delivery of it to you from your customary type of supplier with this notification after (insert effective date of change in price). You must refigure your ceiling price following the rules in section 6 of MPR Nos. 421, 422 or 423, whichever is applicable to you.

For a period of 60 days after determining such maximum price and with the first shipment after the 60-day period to each person who has not made a purchase within that time, each seller shall include in each case, carton or other receptacle containing the item, the written notice set forth above, or securely attach it to the outside. However, for sales direct to any retailer, the seller may supply the notice by attaching it to, or stating it on, the invoice covering the shipment, instead of providing it with the goods.

(c) *Information to be filed.* Each packer who determines a price for any blend of syrup containing at least 5% country cane syrup by volume pursuant to this section 8a shall file the following information with the Price Branch, Sugar Department, Office of Price Administration, Office of Temporary Controls, Washington 25, D. C.:

(1) His maximum selling price for each item as determined under Revised Maximum Price Regulation 291 prior to August 30, 1946;

(2) The net weight of each kind of pure syrup contained in each item of blend of syrup containing at least 5% country cane syrup by volume which he sells, and, if any such item contains refiners syrup, the sugar solids content in pounds of such refiners syrup; and

[Subparagraph (2) amended by Am. 11, 11 F. R. 14162, effective 12-6-46]

(3) His new maximum selling price as determined pursuant to this section 8a.

This information is to be submitted on Form 6035-2877 (Revised) copies of which may be obtained from the Sugar Branch Office for the area in which his principal place of business is located. One copy of this report shall be filed on or before December 21, 1946.

[Above paragraph amended by Am. 11]

[Sec. 8a added by Am. 8, 11 F. R. 9526, effective 8-30-46 and amended as otherwise noted]

SEC. 9. *Maximum prices for syrups and molasses packed in containers other than tin cans*—(a) *Procedure for calculating maximum prices.* A person shall calculate his maximum price for an item of syrup or molasses, prices for which are specified as packed in tin cans in this regulation when packed in containers other than tin cans in the following manner:

[Above paragraph amended by Am. 2, 9 F. R. 2562, effective 3-11-44]

(1) Determine the size of the can container which is closest in net content to the container other than a tin can;

(2) Take the maximum price for the corresponding case of this size of container;

(3) Deduct from this maximum price the total cost of cans, case and labels;

(4) Divide the resulting figure by the number of units of contents (ounces, pounds, pints or the like) in the case;

(5) Multiply the resulting figure by the number of units of contents (ounces, pounds, pints or the like) in the case for which he is determining his price;

(6) Add to the figure obtained in (5) above the total cost of the new containers, case, labels, to obtain the maximum price for the case packed in the container other than a tin can, except as provided below:

(7) Where the container other than tin for which a person is calculating a maximum price is a glass container, the following sums may be added for direct packing labor costs:

(i) Not more than 4¢ per case for that size of glass container which corresponds in net volume to the No. 10 tin can, providing that the net contents of the case of glass containers is equal to or in excess of 5 gallons.

(ii) Not more than 4½¢ per case for those sizes of glass containers which correspond in net volume to the No. 5 can, the No. 2½ can, or the No. 1½ can respectively: *Provided,* That the net contents of the case of glass containers is equal to or in excess of 5 gallons.

(iii) Where the net contents of the case of glass containers is less than 5 gallons, not more than that portion of the sum allowed in (i) or (ii) above which is equal to the proportion which the net contents of the case of glass containers bears to 5 gallons.

Example 1: Where a packer now packs a 110 liquid ounce glass jar, 6 jars to the case, he may add 4¢ per case for direct labor because the 110 liquid ounce glass jar corresponds to the No. 10 tin can, and further six 110 ounce glass jars have a net content which is equal to or in excess of 5 gallons.

Example 2: Where a packer now packs a 55 liquid ounce glass jar, 12 jars to the case, he may add 4½¢ per case because the net content of the glass jar corresponds to the No. 5 tin can and the net content of the case is equal to or in excess of 5 gallons.

Example 3: Where a packer now packs a 13 liquid ounce glass jar, 24 jars to the case, he may add 2.1938¢ per case for direct packing labor costs. This sum is arrived at as follows: The 13 liquid ounce jar corresponds to the No. 1½ tin can. The packer is therefore permitted to add 4.5¢ per case for direct packing labor if the net contents of the case is equal to or exceeds 5 gallons or 640 liquid ounces. The net contents of the case can be determined by multiplying the net volume of one jar, 13 ounces, by the number of jars in the case, 24. Thus, 13×24=312 liquid ounces. This is less than 5 gallons or 640 liquid ounces. The packer is, therefore, entitled to only that part of 4.5¢ which is equal to the portion that the net contents of the case, 312 ounces, bears to 5 gallons, 640 ounces. To determine this portion, the packer must divide the net contents of the case by the number of liquid ounces in 5 gallons.

$$640\overline{)312.0000}\quad .4875$$

The net contents of this case is .4875 of 5 gallons. The amount the packer is entitled to add for direct labor costs is equal to this portion of 4.5¢. Thus the packer multiplies .4875 by 4.5 (.4875×4.5=2.19375) and gets the sum of 2.1938¢, the amount given above in the first sentence.

(8) The figure obtained by adding the allowance provided in (7) above to the figure resulting from (6) above, is the maximum price for the appropriate case packed in glass containers.

(9) All the above calculations shall be carried to the fourth decimal of a cent.

(b) *Fractions of a cent.* In determining the sales price for cases of such other containers, the seller shall adjust fractions of one-half cent or more to the next higher cent, and fractions of less than one-half cent to the next lower cent, but only in the final calculation.

(c) *Report of prices.* A person, within ten days after determining his maximum price under the provisions of this section, shall furnish to the Sugar Branch, Price Department, Office of Price Administration, Office of Temporary Controls, Washington 25, D. C., the following information in a signed statement:

(1) The kind, brand and grade of the item for which a maximum price is determined;

(2) The size of the newly priced container, the net content thereof by weight or volume, and the number of containers in the case;

(3) The size of the tin container used as a base, the net content thereof by weight or volume, and the number of containers in the case;

(4) The maximum price or prices determined for each class of purchasers to which he sells;

(5) The figures showing the actual calculation of such maximum price.

Maximum prices calculated as above shall be deemed approved on the 15th day following the receipt of report by the Office of Price Administration, Office of Temporary Controls, Washington, D. C., if no objection is made within that time by the Administrator.

[Above paragraph added by Am. 5, 9 F. R. 14429, effective 12-13-44]

(d) *Notification of the new maximum price.* Any person who determines the maximum price for an item of syrup or molasses in accordance with the provisions of this section shall accompany the first delivery of each such product to the purchaser with a statement in writing in which he shall state:

(1) The maximum price in the new container and that the price charged is at or below the maximum price:

(2) That the maximum price to such purchaser is determined in accordance with this section.

(e) *Adjustment of maximum prices.* Any price determined pursuant to this section shall be subject to adjustment at any time by the Office of Price Administration, Office of Temporary Controls.

SEC. 9a. *Maximum prices for syrups and molasses packed in tin containers of odd sizes.* The maximum price for an item of syrup or molasses of the types covered in this regulation when packed in an odd-size tin container, that is, a size for which a maximum prices is not specifically provided, shall be determined in the same manner as that provided for changes of packing from tin containers to glass containers set out in section 9, with the exception of allowance for labor.

Example: A producer-packer would arrive at a price for a case of 24-10 fluid ounce containers of country cane syrup to be sold on a delivered basis to the customary receiving points of buyers in the "southern zone" as follows:

1. By examination of the schedule of prices in section 7 (c) (1), determine that the No. 1½ can holding 12 fluid ounces is closest in size to the 10 fluid ounce tin which he desires to price.

2. Determine from the same section that the maximum price for the corresponding case of this size of container is $3.35.

3. Deduct from this maximum price his total cost of cans, case and labels per case of 24 No. 1½ cans.

4. Divide the resulting figure by 288, the number of fluid ounces in the case of 24 12-ounce No. 1½ cans, to determine the value of the syrup per ounce in container.

5. Multiply the resulting figure by 240, the number of ounces per case of 24-10 ounce containers, the new size.

6. Add to the resulting figure the cost of the new containers, can and labels to obtain the new maximum price per case of 24 10-ounce containers.

[Example amended by Am. 12, effective 3-18-47]

[Sec. 9a added by Am. 5]

SEC. 10. *Maximum prices for first molasses.*—(a) *Producers' maximum prices for first molasses.* Producers' maximum prices for first molasses to all classes of purchasers shall be:

$0.38 per gallon net f. o. b. producer's mill or factory in tank cars or tank trucks furnished by the buyer.

$0.38½ per gallon net f. o. b. producer's mill or factory in barrels or half-barrels furnished by the buyer.

SEC. 10a. *Maximum prices for second molasses.*—(a) *Producers' maximum prices for second molasses.* Producers' maximum prices for second molasses (boilback) to all classes of purchasers shall be:

$0.28 per gallon net f. o. b. producer's mill or factory in tank cars or tank trucks furnished by the buyer.

$0.28½ per gallon net f. o. b. producer's mill or factory in barrels or half-barrels furnished by the buyer.

[Sec. 10a, formerly sec. 11, redesignated and a new sec. 11 added by Am. 10, 11 F. R. 13583, effective 11-18-46]

SEC. 11. *Maximum prices for sales of first molasses and second molasses except producers' bulk sales and sales subject to Maximum Price Regulations Nos. 421, 422 or 423.* (a) On and after November 29, 1946, a seller's maximum price for sales of any item of first molasses or second molasses, except sales subject to sections 10 or 10a above or sales subject to Maximum Price Regulations Nos. 421, 422 or 423, shall be the highest price which he charged for the same item during March 1942 to a purchaser of the same class.

(b) If a seller cannot determine his maximum price under the foregoing paragraph (a), he shall file an application for a maximum price with the nearest Sugar Branch Office of the Office of Price Administration. The Administrator, any regional administrator or any Sugar Branch director authorized by the appropriate regional administrator may determine a maximum price in line with existing prices after an examination of the application which shall set forth the following information:

(1) A description of the grade or brand, if any, of the molasses including the degree of Baumé, color, the size of the containers and number of containers in the case and a statement of facts which differentiates the item from the most similar item for which a maximum price has been established under the provisions of this regulation, along with any other information that may be required.

(2) The "Factory Door Cost" per unit of the item, which shall include all direct and indirect costs and expenses chargeable to the production of the item, but shall not include costs and expenses chargeable to administration, selling, advertising or transportation. Also identical current cost breakdown of the seller's most closely comparable item which contributes substantially to his total volume of business.

SEC. 11a [Deleted].

[Sec. 11a added by Am. 3, 9 F. R. 3647, 4196, effective 4-8-44; amended by Am. 4, 9 F. R. 13852, effective 11-25-44; Am. 10, 11 F. R. 13583, effective 11-18-46 and deleted by Am. 12, effective 3-18-47]

SEC. 12. *Maximum prices for syrups and molasses for which no specific maximum price has been established.* (a) The maximum price for any item of syrup or molasses subject to the provisions of this regulation and for which a maximum price cannot be established pursuant to this regulation shall be the highest price which the seller charged for the same item during March 1942 to a purchaser of the same class.

(b) If the seller cannot determine his price under paragraph (a) above of this section, he shall file an application for a maximum price with the nearest Sugar Branch Office of the Office of Price Administration, Office of Temporary Controls. The Administrator, any regional administrator, or any Sugar Branch director authorized by the appropriate regional administrator may determine a price in line with existing prices after an examination of the application which shall set forth the following information:

(1) A description of the grade, or brand, if any, of the syrup or molasses including the degree of Baumé, color, the size of the containers and number of containers in the case and a statement of facts which differentiates the item from the most similar item for which a maximum price has been established under the provisions of this regulation, along with any other information that may be required.

(2) The "Factory Door Cost" per unit of the item, which shall include all direct and indirect costs, and expenses chargeable to the production of the item but shall not include costs and expenses chargeable to administration, selling, advertising or transportation. Also identical cost breakdown of the seller's most closely comparable item which contributes substantially to his total volume of business.

(3) Applications from producers and producer-packers shall also include (i) the yield of first and second molasses and raw or direct-consumption sugar per ton of cane and (ii) a description of all other items produced by the applicant from sugar cane and the yield of each per ton of cane.

[Sec. 12 amended and sec. 12a added by Am. 10, 11 F. R. 13583, effective 11-18-46]

SEC. 12a. *Notification to wholesalers and retailers of authorized change in maximum price.* With the first delivery of an item of syrup or molasses after the effective date of any provision in the regulation establishing a new maximum price for that item, the seller shall supply each purchaser with a written statement showing that price and for each wholesaler and retailer who purchases from him the statement shall be as follows:

(Insert date)

NOTICE TO WHOLESALERS AND RETAILERS

Our OPA ceiling price for (describe item by variety, grade, brand, if any, container type and size) has been established by the Office of Price Administration. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulations Nos. 421, 422 or 423, you must refigure your ceiling price for this item on the first delivery of it to you from your customary type of supplier with this notification on or after (insert effective date of the applicable amendment). You must refigure your ceiling price following the rules in section 6 of Maximum Price Regulations Nos. 421, 422 or 423, whichever is applicable to you.

For a period of 60 days after the seller has established his new maximum price under this regulation and with his first shipment after the 60-day period to each purchaser who has not made a purchase within that time, he shall include the notice set forth above in each case or carton containing the item, or securely attach it to the case or carton, or insert it on or attach it to the invoice covering the shipment.

ARTICLE III—MISCELLANEOUS PROVISIONS

SEC. 13. *Evasion.* The price limitations set forth in this regulation shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase, transfer, or receipt of, syrups or molasses, alone or in conjunction with any other commodity or by way of any commission, service, transportation, or other charge or discount, premium, or other privilege, or by tying-agreement or other trade understanding or otherwise. Specifically, the provisions of this regulation shall not be evaded by a producer selling syrups and molasses in tank cars, tank trucks or barrel lots at prices provided for packers by temporarily storing and repacking syrups and molasses which he would ordinarily have delivered at producers' prices after production.

SEC. 14. *Enforcement.* Any person who violates a provision of this Revised Maximum Price Regulation No. 291 is subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided by Emergency Price Control Act of 1942, as amended.

SEC. 15. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery. No person may deliver or agree to deliver at a price to be adjusted upward after delivery except upon authorization of the Office of Price Administration, Office of Temporary Controls. Such authorization may be given when a request for a change in the applicable maximum price is pending, if the authorization is deemed necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration, Office of Temporary Controls, having authority to act upon the pending request for a change in price or to whom authority to grant such authorization has been delegated. The authorization will be by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

SEC. 16. *Applicability of the General Maximum Price Regulation.* (a) This Revised Maximum Price Regulation No. 291 supersedes the provisions of the General Maximum Price Regulation with respect to the sales of syrups and molasses for which maximum prices are established by this regulation: *Provided*, That the following sections of the General Maximum Price Regulation and the amendments thereto, and Revised Supplementary Regulation 4 shall be applicable to every person making sales and deliveries covered by this Maximum Price Regulation No. 291.

(1) § 1499.14 (Sales slips and receipts)
(2) § 1499.15 (Registration)
(3) § 1499.16 (Licensing) (Except at the producers level)
(4) § 1499.29 (a) (5) (Developmental contracts)
(5) § 1499.29 (a) (6) (Secret contracts)
(6) § 1499.29 (a) (7) (Emergency purchases)
(7) § 1499.29 (a) (15) (Sales or deliveries of the War Department or the Department of the Navy through such department's sales stores.)

SEC. 17. *Definitions.* (a) When used in this Revised Maximum Price Regulation No. 291, the terms:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, legal successor, or representatives of any of the foregoing, and includes the United States, or any agency thereof, any other Government, or any of its political subdivisions and any agency of any of the foregoing.

(2) "Customary receiving point" means the place where the particular buyer has customarily received syrup. The prices named include all transportation to that point. In each case the amount paid by the buyer for the commodity, plus the amount of transportation also paid by the buyer to the seller shall not exceed the applicable delivered maximum price for delivery at that point. In cases where the seller is dealing with the buyer for the first time after the effective date of this regulation, the "customary receiving point" means the buyers' place of business.

[Subparagraph (2) added by Am. 5, 11 F. R. 14429, effective 12-13-44]

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, and the General Maximum Price Regulation shall apply to other terms used herein.

SEC. 18. *Records and reports.* (a) Every seller who makes sales of syrups and molasses after the effective date of this regulation shall make and preserve for examination by the Office of Price Administration, Office of Temporary Controls, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, a record of all sales made showing the quantity sold, terms of sale, price received, and name and address of the purchaser, as well as all records of the same kind as he has customarily kept, relating to the prices which he charged for any of such items sold after the effective date of this regulation.

(b) [Revoked]

[Paragraph (b) revoked by Am. 7, 10 F. R. 5036, effective 5-9-45]

SEC. 19. *Transfers of business or stock in trade.* If the business or stock in trade of a seller of syrups and molasses covered by this regulation is sold or otherwise transferred on or after the effective date of this regulation or the effective date of any amendment as to the commodities covered by an amendment, and the transferee continues the business, the maximum prices of the transferee shall be the same as those which the transferor would have been subject to if no transfer had taken place, and his obligation to keep records sufficient to verify these prices shall be the same. The transferor shall either preserve and make available, or shall turn over to the transferee, all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions contained in this regulation.

[Sec. 19 amended by Am. 2, 9 F. R. 2562, effective 3-11-44]

SEC. 20. *Federal and State taxes.* Any tax upon, or incident to, the sales, delivery, processing, or use of syrups or molasses imposed by any statute of the United States or statute or ordinance of any State or subdivision thereof, shall be treated as follows in determining the seller's maximum price for such syrups or molasses and in preparing the records of such seller with respect thereto:

(a) *As to a tax in effect prior to the effective date of this regulation for each kind of syrup and molasses.* (1) If the seller paid such tax, or if the tax was paid by any prior vendor, irrespective of whether the amount thereof was separately stated and collected from the seller, but the seller did not customarily state and collect separately from the purchase price prior to the effective date for such item the amount of the tax paid by him or tax reimbursement collected from him by his vendor, the seller may not collect such amount in addition to the maximum price, and in such a case shall include such amount in determining the maximum price under this regulation.

(2) In all other cases, if, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased, and in such case the seller shall not include such amount in determining the maximum price under this regulation.

(b) *As to a tax or an increase in a tax which becomes effective after the effective date of this regulation for each kind of syrup and molasses.* If the statute or ordinance imposing such tax or increase does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax or increase actually paid by him or an amount equal to the amount of tax paid by any prior vendor, and separately stated and collected from the seller by the vendor from whom he purchased.

SEC. 21. *Petitions for amendment.* Any person seeking an amendment of any provision of this Revised Maximum Price Regulation No. 291 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 [1] issued by the Office of Price Administration.

Effective date. This regulation shall become effective December 11, 1943. [RMPR 291 originally issued December 6, 1943]

[Effective dates of amendments are shown in notes following the parts affected]

NOTE: All reporting and record keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 13th day of March 1947.

PHILIP B. FLEMING,
Temporary Controls Administrator.

[Amendment 12 approved by Clinton P. Anderson, Secretary of Agriculture, on March 5, 1947]

Statement of the Considerations Involved in the Issuance of Amendment No. 12 to Revised Maximum Price Regulation 291

The accompanying amendment to Revised Maximum Price Regulation 291 is a clarifying one, deleting the sections dealing with cane sugar blackstrap molasses and beet sugar final molasses, sections 1 (e) and 11a, in accordance with the action taken by Amendment 2 to Supplementary Order 193, which decontrolled those items as of January 29, 1947; and changing the figures in the example in section 9a so that they will conform with the changes made by Amendment 9 to RMPR 291 in producer-packers' prices for country cane syrup.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[S. O. 653, Corr. to Amdt. 3]

PART 95—CAR SERVICE

DEMURRAGE CHARGES ON GONDOLA, OPEN AND COVERED HOPPER CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 7th day of March A. D. 1947.

Upon further consideration of Service Order No. 653 (11 F. R. 14572), as amended (12 F. R. 128), and good cause appearing therefor, it is ordered, that:

Section 95.653 *Demurrage charges on gondola, open and covered hopper cars,* of Service Order No. 653, as amended, be, and it is hereby, further amended by adding the following paragraph (c) (5) thereto:

(c) *Application.* * * *

(5) *Demurrage charges substituted for charges for storage of freight in closed box cars.* (i) The operation of all tariff rules, regulations, and charges for storage of freight in gondola, open or covered hopper cars at or short of ports consigned or reconsigned for export, coastwise or intercoastal movement is suspended insofar as they provide charges lower than the charges provided herein.

(ii) In lieu of the charges for storage of freight in gondola, open or covered hopper cars at or short of ports suspended in subparagraph (5) (i) of this paragraph, the applicable charges for detention of gondola, open or covered hopper cars held at or short of ports, for unloading freight consigned to or reconsigned for export, coastwise or intercoastal movement shall be the demurrage charges prescribed in paragraphs (a) and (b) of this section.

It is further ordered, that this amendment shall become effective at 7:00 a. m., March 15, 1947, and the provisions of this amendment shall apply only to cars on which the free time expires on or after the effective date hereof.

It is further ordered, that a copy of this order and direction be served upon each State railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 95—CAR SERVICE

PRIORITY FOR EXPORT MAINE POTATOES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 7th day of March A. D. 1947.

It appearing, that the President of the United States has instructed various Government agencies to put into effect a number of emergency measures designed to help meet critically urgent needs for foodstuffs in various foreign countries, and that the President has directed that specific preference will be given to the rail movement of essential foods in order promptly to export maximum quantities to the destinations where most needed; that upon representations from the Office of Defense Transportation, and due to the fact that there exists a shortage of refrigerator cars for the movement of this traffic, the Commission is of opinion that an emergency exists in the State of Maine, it is ordered, that:

§ 95.696 *Priority for export Maine potatoes*—(a) *Priority to be accorded.* All common carriers by railroad subject to the Interstate Commerce Act, serving points located in the State of Maine, shall give preference and priority over all other traffic to supplying or placing not to exceed one hundred fifty (150) refrigerator cars each working day for loading potatoes consigned to the United States Army, Portland, Maine, providing the shipper or consignor obtains a certificate in writing from the agent appointed herein, and further providing the shipper or consignor certifies in writing on the car order that such refrigerator car is intended for the transportation of potatoes pursuant to this section.

(b) *Appointment of agent.* Joseph E. Barr, Smith Bldg., telephone Presque Isle 2-3421, Presque Isle, Maine, is hereby appointed agent for the purpose of issuing certificates in accordance with this section. The agent appointed by this section will be under the direction and supervision of V. C. Clinger, Director, Bureau of Service, Interstate Commerce Commission, and he shall each day mail to the said director a copy of each certificate issued that day.

(c) *Potatoes not meeting grades.* No common carrier subject to the Interstate Commerce Act shall transport or move a refrigerator car accorded a priority under this section and loaded with potatoes unless or until it has knowledge that the potatoes loaded in the said car are of the grade or grades required by the United States Army.

(d) *Rules suspended.* The operation of all rules, regulations or practices, insofar as they conflict with the provisions of this section, is hereby suspended.

(e) *Effective date.* This section shall become effective at 12:01 a. m., March 11, 1947.

(f) *Expiration date.* This section shall expire at 11:59 p. m., April 30, 1947, unless otherwise modified, changed, suspended, or annulled by order of this Commission.

It is further ordered, that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 97—ROUTING OF TRAFFIC

RETURNING EMPTY REFRIGERATOR CARS THROUGH CHICAGO, ILL.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 10th day of March A. D. 1947.

It appearing, that the Belt Railway Company of Chicago and the Indiana Harbor Belt Railroad Company in return movement are engaging in the practice of returning the identical empty refrigerator car to the railroad from which it was received under load with perishable traffic, thus causing additional switching resulting in delay to the movement of such empty refrigerator cars; in the opinion of the Commission an emergency requiring immediate action exists in the Chicago Switching District. It is ordered, that:

§ 97.689 *Returning empty refrigerator cars through Chicago, Ill.* (a) The Belt Railway Company of Chicago and the Indiana Harbor Belt Railroad Company shall receive from each line haul railroad an equal number of return empty refrigerator cars as were delivered to each line haul railroad in loaded movement, as ordered by this Commission's Refrigerator Car Agent C. W. Taylor, 59 East Van Buren Street, Chicago, Illinois, regardless of ownership or markings of particular cars.

(b) *Application.* The provisions of this section shall apply to interstate and foreign commerce.

(c) *Rules, regulations and practices suspended.* The operation of all rules, regulations, and practices insofar as they conflict with the provisions of this section, is hereby suspended.

(d) *Effective date.* This section shall become effective at 12:01 a. m., March 11, 1947.

(e) *Expiration date.* This section shall expire at 11:59 p. m., June 30, 1947, unless otherwise modified, changed, suspended or annulled by order of this Commission.

It is further ordered, that a copy of this order and direction shall be served upon the Belt Railway Company of Chicago and the Indiana Harbor Belt Railroad Company, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 942]

HANDLING OF MILK IN THE NEW ORLEANS, LA., MARKETING AREA

NOTICE OF REPORT AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS WITH RESPECT TO PROPOSED AMENDMENTS

Pursuant to the rules of practice and procedure, as amended, covering proceedings to formulate marketing agreements and marketing orders (7 CFR, Cum. Supp., 900.1 et seq.; 10 F. R. 11791; 11 F. R. 7737), notice is hereby given of the filing with the Hearing Clerk of this report of the Assistant Administrator, Production and Marketing Administration, United States Department of Agriculture, with respect to proposed amendments to the order, as amended, and a proposed marketing agreement, regulating the handling of milk in the New Orleans, Louisiana, marketing area, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended.

Interested parties may file exceptions to this report with the Hearing Clerk, Office of the Solicitor, Room 0308, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 15th day after the publication of this report in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

The public hearing, on the record of which the proposed amendments to the order, as amended, and the proposed marketing agreement were formulated, was called by the Production and Marketing Administration, United States Department of Agriculture, following receipt of a petition filed by the Dairy Farmers Cooperative Association, Kentwood, Louisiana. Additional proposals for consideration were submitted by the United Milk Producers of America, Amite, Louisiana, the Dairy Branch, Production and Marketing Administration, and by numerous handlers. The public hearing was held at New Orleans, Louisiana, December 19-20, 1946.

The principal issues developed at the hearing were concerned with the following:

1. The addition of definitions for "new producer," and "producer-handler";

2. The responsibility of handlers for classification and payment of milk;

3. The revision of the method of allocating milk classified to the receipts of milk from producers and other sources;

4. The utilization of producer milk in Class II and Class III by some handlers while other handlers are utilizing receipts from other sources in Class I.

5. The revision of the basic formula prices upon which class prices are determined, the addition of an alternate basic formula composed of dairy feed prices, and the seasonal level of class prices;

6. The revision of application of various provisions of the order with respect to producer-handlers;

7. A revision of the method of payments to producers for milk by withholding a specified amount from payments made during the flush months of production which would be added to payments made for milk during the short months of production; and

8. The inclusion of an individual-handler pool instead of the present market-wide pool.

The conclusions reached with respect to these issues, together with some of the supporting reasons for such conclusions, are set forth below:

(1) The term "producer-handler" should be included to distinguish between the various operations of handlers who receive no milk from producers.

The term "new producer" should not be included in view of the short supply of milk;

(2) The responsibility of handlers in establishing the classification of skim milk and butterfat should be revised for purposes of clarification;

(3) Actual plant shrinkage of milk received from producers not in excess of two percent of the skim milk and butterfat therein should be allocated to milk received from producers irrespective of the allocation of milk received from "other sources."

Transfers of milk should not operate to prevent producer milk from being allocated to the highest available priced classification; furthermore, in order to obtain greater utilization of producer milk in Class I and to facilitate transfers of producers' milk between handlers, the market administrator may announce the names of handlers who do not have sufficient producer milk to meet their Class I requirements, the names of handlers who have producer milk in excess of their Class I requirements, and the percent that receipts of skim milk and butterfat in producer milk is of the utilization of skim milk and butterfat, respectively, in Class I.

(4) The classification of producer milk should be revised to provide that no producer skim milk or butterfat, as the case may be, shall be classified as Class II or Class III, during the months of August through March, if the receipts of skim milk or butterfat in producer milk during the preceding delivery period is less than 90 percent of the utilization of skim milk or butterfat, respectively, in Class I.

(5) The basic formula price provisions upon which Class I and Class II prices for milk of 4.0 percent butterfat are determined should be revised to conform with such class price determinations by adding the value of 0.5 percent of butterfat to the present basic formula price for milk of 3.5 percent butterfat.

An alternate basic formula price composed of dairy feed prices should not be included since such formula does not reflect milk supply and demand conditions currently.

The Class I and Class II price differentials should be revised. Beginning April 1, 1948, such differentials should be relatively higher during the months of August through March and relatively lower during the months of April through July in order to reflect the major portion of the price increases seasonally so as to encourage a shift to fall milk production.

(6) The application of the various provisions of the order, as amended, should be revised to consider a producer-handler as a producer with respect to milk, skim milk, or cream disposed of in bulk to a handler (including another producer-handler);

(7) A revision of the method of payments to producers for milk by withholding a specified amount from payments made during the flush months of production which would be added to payments for milk during the short months of production should not be adopted;

(8) An individual-handler pool should not be adopted at this time; and

(9) Numerous changes in language for the purpose of clarifying the present provisions of the order, as amended, should be made.

The following provisions are recommended as the detailed means by which these conclusions may be carried out. The proposed marketing agreement is not included in this report because its substantive provisions would be the same as those set forth below with respect to the order, as amended.

§ 942.1 *Definitions.* The following terms shall have the following meanings:

(a) "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended.

(b) "Secretary" means the Secretary of Agriculture of the United States or any other officer or employee of the United States authorized to exercise the powers and to perform the duties of the Secretary of Agriculture.

(c) "New Orleans, Louisiana, marketing area," hereinafter called the "marketing area," means the cities, towns, and villages of New Orleans in Orleans Parish; Gretna, Westwego, Marrero, Harvey, Metairie, and Belle Chasse in Jefferson Parish; Poydras, St. Bernard, Violet, Meraux, Chalmette, and Arbai in St. Bernard Parish; all in the State of Louisiana.

(d) "Person" means any individual, partnership, corporation, association, or any other business unit.

(e) "Producer" means a person who in conformity with the applicable health regulations for milk for consumption as milk in the marketing area produces milk which is received at a city or country plant.

(f) "Handler" means a person who operates a city or country plant.

(g) "City plant" means a plant where milk is processed and packaged and from which milk is distributed as Class I milk in the marketing area.

(h) "Country plant" means a plant at which milk is received from producers and from which milk or cream is received at a city plant.

(i) "Delivery period" means the current marketing period from the first to, and including, the last day of each month.

(j) "Market administrator" means the agency which is described in § 942.2 for the administration hereof.

(k) "Cooperative association" means any cooperative association of producers which the Secretary determines (1) to have its entire activities under the control of its members, and (2) to have and to be exercising full authority in sale of milk of its members.

(l) "Other sources" means sources other than producers or other handlers.

(m) "Producer-handler" means any person who is both a producer and a handler and who receives no milk from other producers or from other producer-handlers in bulk: *Provided*, That (1) the maintenance, care, and management of the dairy animals and other resources necessary to produce the milk are the personal enterprise of and at the personal risk of such person in his capacity as a producer, and (2) the processing, packaging, and distribution of milk are the personal enterprise of and at the personal risk of such person in his capacity as a handler.

§ 942.2 *Market administrator*—(a) *Designation.* The agency for the administration hereof shall be a market administrator who shall be a person selected by the Secretary. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

(b) *Powers.* The market administrator shall:

(1) Administer the terms and provisions hereof.

(2) Report to the Secretary complaints of violations of the provisions hereof.

(3) Make rules and regulations to effectuate the terms and provisions hereof.

(4) Recommend amendments to the Secretary.

(c) *Duties.* The market administrator shall:

(1) Within 45 days following the date upon which he enters upon his duties, execute and deliver to the Secretary a bond, conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the Secretary.

(2) Pay out of the funds provided by § 942.9, the cost of his bond, his own compensation, and all other expenses necessarily incurred in the maintenance and functioning of his office.

(3) Keep such books and records as will clearly reflect the transactions provided for herein, and surrender the same to his successor or to such other person as the Secretary may designate.

(4) Publicly disclose to handlers and producers, unless otherwise directed by the Secretary, the name of any person who, within 2 days after the date upon which he is required to perform such acts, has not (i) made reports pursuant to § 942.3 or (ii) made payments pursuant to § 942.8 and § 942.9.

(5) Promptly verify the information contained in the reports submitted by handlers.

§ 942.3 *Reports of handlers*—(a) *Periodic reports.* On or before the 5th day of each delivery period, each handler, except as set forth in paragraph (c) of this section, shall report to the market administrator in the detail and on forms prescribed by the market administrator, with respect to all milk and any skim milk, cream, or other milk products which were, during the preceding delivery period, purchased or received from (i) producers, (ii) other handlers, and (iii) other sources; the receipts at each plant; the butterfat content; and the utilization thereof.

(b) *Reports of payments to producers.* On or before the 20th day of each delivery period, each handler shall submit to the market administrator such handler's producer payroll for the preceding delivery period, which shall show the total pounds of milk received from each producer, the average butterfat content of such milk, and the net amount of payment to such producer with the prices, deductions, and charges involved.

(c) *Reports of producer-handlers.* Producer-handlers shall report to the market administrator at such time and in such manner as the market administrator may request.

(d) *Verificaton of reports and payments.* The market administrator shall verify all reports and payments of each handler by audits of such handler's records and the records of any other handler or person upon whose utilization the classification of milk depends. Each handler shall keep adequate records of receipts and utilization of skim milk and butterfat and shall, during the usual hours of business, make available to the market administrator or his representative such records and facilities as will enable the market administrator to:

(1) Verify the receipts and utilization of all skim milk and butterfat and, in the case of errors or omissions, ascertain the correct figures;

(2) Weigh, sample, and test for butterfat content milk and milk products; and

(3) Verify payments to producers.

§ 942.4 *Classification*—(a) *Basis of classification.* All skim milk and butterfat contained in milk and in skim milk, cream, and other milk products required to be reported shall be classified by the market administrator in the classes set forth in paragraph (b) of this section.

(b) *Classes of utilization.* Subject to the conditions set forth in paragraphs (c) and (d) of this section, the classes of utilization of milk shall be: *Provided*, That no skim milk or butterfat, as the case may be, shall be classified as Class II or Class III, by any handler, during any of the delivery periods of August through March if the total receipts of skim milk or butterfat in milk received from producers during the preceding delivery period is less than 90 percent of the utilization of skim milk or butterfat, respectively, by all handlers, in Class I (determined in accordance with subparagraphs (1), (2), and (3) of this paragraph):

(1) Class I shall be all skim milk and butterfat the utilization of which is not established as Class II or Class III.

(2) Class II shall be all skim milk and butterfat used in cheese other than Cheddar, ice cream, and ice cream mix.

(3) Class III shall be all skim milk and butterfat (i) disposed of other than in the form of milk, skim milk, buttermilk, flavored milk, flavored milk drinks, sweet or sour cream (for consumption as cream, including any mixture of cream and milk or skim milk, in fluid form irrespective of the butterfat content), cheese other than Cheddar, ice cream, and ice cream mix; and (ii) accounted for as actual plant shrinkage, but not in excess of 2 percent respectively of the total receipts of skim milk and butterfat from producers.

(c) *Responsibility of handlers and reclassification of milk.* (1) In establishing the classification of skim milk and butterfat as required in paragraphs (b) and (d) of this section, the burden rests upon the first handler who receives such skim milk or butterfat to prove to the market administrator that such skim milk or butterfat should not be classified as Class I milk.

(2) Any skim milk or butterfat classified in one class shall be reclassified if such skim milk or butterfat is later used or disposed of (whether in original or other form) by any handler in another class, in accordance with such latter use or disposition.

(d) *Transfers.* (1) Subject to the conditions set forth in paragraph (c) of this section, skim milk and butterfat, when transferred in the form of milk, skim milk, or cream from a handler who purchases or receives milk from producers shall be classified (i) in the class in which such skim milk and butterfat was used if transferred to a handler who is not a producer-handler; (ii) as Class I, if transferred to a producer-handler; (iii) as Class I, if transferred to a person, other than a handler, who distributes milk or cream in fluid form for consumption as such; and (iv) in the class in which the market administrator determines such skim milk or butterfat was used, if transferred to a person, other than a handler, who does not distribute milk or cream in fluid form for consumption as such.

(2) No provision relative to transfers provided for in subparagraph (1) of this paragraph shall operate to deter the prior subtraction of skim milk or butterfat from other sources pursuant to paragraph (f) of this section. Any quantity reported for allocation to a particular class but not elegible therefor because of paragraph (f) of this section shall be allocated by the market administrator as Class I skim milk or Class I butterfat pending verification and appropriate allocation.

(e) *Computation of the skim milk and butterfat in each class.* For each delivery period, the market administrator in the case of each handler shall determine:

(1) The total pounds of skim milk received by adding together the total pounds of milk, skim milk, and cream received, and the pounds of butterfat and skim milk used to produce any milk products received, and subtracting therefrom the total pounds of butterfat determined pursuant to subparagraph (2) of this paragraph.

(2) The total pounds of butterfat received by adding into one sum the pounds of butterfat received from (i) producers; (ii) other handlers; and (iii) other sources.

(3) The total pounds of skim milk in Class I by (i) adding together the pounds of milk, skim milk, and cream disposed of in each of the several products of Class I, (ii) subtracting the result obtained in subparagraph (4) (i) of this paragraph; and (iii) adding together the result obtained in (ii) of this subparagraph and the result obtained in subparagraph (7) (iii) (*b*) of this paragraph.

(4) The total pounds of butterfat in Class I by (i) adding together the pounds of butterfat in each of the several products of Class I; and (ii) adding together the result obtained in subdivision (i) of this subparagraph and the result obtained in subparagraph (8) (ii) (*b*) of this paragraph.

(5) The total pounds of skim milk in Class II by (i) adding together the pounds of milk, skim milk, and cream which are used to produce each of the several products of Class II; and (ii) subtracting the result obtained in subparagraph (6) of this paragraph.

(6) The total pounds of butterfat in Class II by adding together the pounds of butterfat used in each of the several products of Class II.

(7) The total pounds of skim milk in Class III by (i) adding together the pounds of milk, skim milk, and cream which were used to produce each of the several products of Class III; (ii) subtracting the result obtained in subparagraph (8) (i) of this paragraph; (iii) subtracting from the result obtained in subparagraph (1) of this paragraph the results obtained in subparagraph (3) (ii) and (5) (ii) of this paragraph and subdivision (ii) of this subparagraph, which resulting amount shall be classified as follows: (*a*) That portion not in excess of 2 percent of total receipts of skim milk from producers shall be considered as plant shrinkage and classified as Class III; and (*b*) that portion in excess of 2 percent of total receipts of butterfat from producers shall be classified as Class I; and (iii) adding together the results obtained in subdivisions (i) and (ii) (*a*) of this subparagraph.

(8) The total pounds of butterfat in Class III by (i) adding together the pounds of butterfat used in each of the several products of Class III; (ii) subtracting from the result obtained in subparagraph (2) of this paragraph the results obtained in subparagraphs (4) (i) and (6) of this paragraph and subdivision (i) of this subparagraph, which resulting amount shall be classified as follows: (*a*) That portion not in excess of 2 percent of total receipts of butterfat from producers shall be considered as plant shrinkage and classified as Class III; and (*b*) that portion in excess of 2 percent of total receipts of butterfat from producers shall be classified as Class I; and (iii) adding together the results obtained in subdivisions (i) and (ii) (*a*) of this subparagraph.

(f) *Allocations of skim milk and butterfat classified.* (1) The pounds of skim milk remaining in each class, for each handler, after making the following computations shall be the pounds allocated to milk received from producers, and shall be known as the "net pooled skim milk" in such class for such handler:

(i) Subtract from the total pounds of skim milk in Class III the plant shrinkage of skim milk in Class III, computed pursuant to paragraph (e) (7) (iii) (*a*) of this section;

(ii) Subtract from the remaining pounds of skim milk in each class, in series beginning with the lowest-priced available class, the pounds of skim milk received from other sources;

(iii) Subtract from the remaining pounds of skim milk in each class the pounds of skim milk received from other handlers and used in such class; and

(iv) Add to the remaining pounds of skim milk in Class III the amount subtracted pursuant to subdivision (i) of this subparagraph. If the remaining total pounds of skim milk in all classes exceed the total pounds of skim milk received from producers, subtract such excess from the remaining pounds of skim milk in each class in series beginning with the lowest-priced available class.

(2) Determine the pounds of butterfat to be allocated to milk received from producers in a manner similar to that prescribed in subparagraph (1) of this paragraph for skim milk (except that the reference paragraph (e) (8) (ii) (*a*) of this section shall be substituted for the designated reference (e) (7) (iii) (*a*) set forth in subparagraph (1) (i) of this paragraph). The resulting pounds of butterfat in each class shall be known as the "net pooled butterfat" in such class.

(g) *Announcement of utilization of skim milk and butterfat.* The market administrator may from time to time as conditions in the market warrant:

(1) Obtain reports in the manner and on forms prescribed by him from handlers with respect to their receipts and

utilization of skim milk and butterfat; and

(2) Publicly announce (i) the name of each handler whose receipts of skim milk or butterfat in milk received from producers are more than 105 percent of his utilization of skim milk or butterfat, respectively, in Class I milk, computed in the manner prescribed in subparagraphs (3) and (4) of paragraph (e) of this section, (ii) the name of each handler whose receipts of skim milk or butterfat in milk received from producers is less than 95 percent of his utilization of skim milk or butterfat, respectively, in Class I milk, computed in the manner prescribed in subparagraphs (3) and (4) of paragraph (e) of this section, and (iii) the percent that the total receipts of skim milk and butterfat in milk received from producers is of the utilization of skim milk and butterfat, respectively, by all handlers, in Class I (determined in accordance with subparagraphs (1), (2), and (3) of paragraph (b) of this section).

§ 942.5 *Minimum prices*—(a) *Basic formula price to be used in determining Class I and Class II prices.* The basic formula price per hundredweight of milk to be used in determining the Class I and Class II prices set forth in this section shall be the highest of the prices computed pursuant to subparagraphs (1), (2), and (3), of this paragraph.

(1) To the average of the basic (or field) prices per hundredweight reported to have been paid, or to be paid, for milk of 3.5 percent butterfat content received during the delivery period at the following plants or places for which prices have been reported to the market administrator or to the United States Department of Agriculture by the companies listed below:

add an amount computed as follows: From the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the United States Department of Agriculture for the delivery period during which such milk was received, subtract 3 cents, add 20 percent thereof, and then multiply by 0.5.

(2) (i) Multiply by 6 the average daily wholesale price per pound of 92-score butter in the Chicago market as reported by the United States Department of Agriculture during the delivery period;

(ii) Add an amount equal to 2.4 times the average weekly prevailing price per pound of "Twins" during the delivery period on the Wisconsin Cheese Exchange at Plymouth, Wisconsin: *Provided*, That if the price of "Twins" is not quoted on the Wisconsin Cheese Exchange the weekly prevailing price of "Cheddars" on such Exchange shall be used; and

(iii) Divide by 7, add 30 percent thereof, and then multiply by 4.0.

(3) The price per hundredweight computed by adding together the plus amounts pursuant to subdivisions (i) and (ii) of this subparagraph:

(i) From the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the United States Department of Agriculture during the delivery period, subtract 3 cents, add 20 percent thereof, and then multiply by 4.0; and

(ii) From the average of the carlot prices per pound for nonfat dry milk solids (not including that specifically designated animal feed), spray and roller process, f. o. b. manufacturing plants in the Chicago area, as reported by the United States Department of Agriculture during the delivery period, deduct 4 cents, multiply by 8.5, and then multiply by 0.96.

(b) *Class I prices.* Each handler shall pay producers, in the manner set forth in § 942.8 for skim milk and butterfat in milk purchased or received from them during each delivery period and classified as net pooled Class I skim milk and net pooled Class I butterfat, not less than the following prices per hundredweight:

(1) For such skim milk and butterfat received at such handler's plant located in the 61–70 mile zone, the minimum prices shall be as follows:

(i) To the basic formula price add $0.85 for the delivery periods of April through July and $1.25 for the delivery periods of August through March: *Provided*, That from the effective date hereof to and including the delivery period of March, 1948, the amount to be added to the basic formula price shall be $1.25.

(ii) The price of butterfat shall be the sum obtained in subdivision (i) of this subparagraph multiplied by 17.5.

(iii) The price of skim milk shall be computed by (*a*) multiplying the price of butterfat pursuant to subdivision (ii) of this subparagraph by 0.04; (*b*) subtracting such amount from the sum obtained in subdivision (i) of this subparagraph; (*c*) dividing such net amount by 0.96; and (*d*) rounding off to the nearest full cent.

(2) For such skim milk and butterfat received at such handler's plant located in a freight zone other than the 61–70 mile zone, the prices shall be those effective pursuant to subparagraph (1) of this paragraph adjusted by the respective amount indicated in the following schedule for the freight zone in which such plant is located:

Freight zone (miles)	*Cents per hundredweight*
Not more than 20	+28.0
More than 20 but not more than 30	+ 8.0
More than 30 but not more than 40	+ 6.0
More than 40 but not more than 50	+ 4.0
More than 50 but not more than 60	+ 2.0
More than 60 but not more than 70	0
More than 70 but not more than 80	− 2.0
More than 80 but not more than 90	− 4.0
More than 90 but not more than 100	− 6.0
More than 100 but not more than 110	− 7.0
More than 110	− 8.0

(3) The market administrator shall from time to time determine and publicly announce the freight zone location of each plant of each handler, according to the railroad mileage distance between such country plant and the railroad terminal in New Orleans, or according to the highway mileage distance between such plant and the City Hall in New Orleans, whichever is shorter.

(4) For the purpose of this paragraph, the skim milk and butterfat which was classified as net pooled Class I skim milk and net pooled Class I butterfat during each delivery period shall be considered to have been first that skim milk and butterfat which was received from producers at such handler's plant located in the 0–20 mile zone, then that skim milk and butterfat which was received from producers at such handler's plant in series beginning with plants located in the freight zone nearest to New Orleans.

(c) *Class II prices.* Each handler shall pay producers, in the manner set forth in § 942.8, for skim milk and butterfat in milk purchased or received from them during each delivery period and classified as net pooled Class II skim milk and net pooled Class II butterfat, not less than the following prices per hundredweight:

(1) To the basic formula price add $0.35 for the delivery periods of April through July and $0.55 for the delivery periods of August through March: *Provided*, That from the effective date hereof to and including the delivery period of March, 1948, the amount to be added to the basic formula price shall be $0.55.

(2) The price of butterfat shall be the sum obtained in subparagraph (1) of this paragraph, multiplied by 17.5.

(3) The price of skim milk shall be computed by (i) multiplying the price of butterfat pursuant to subparagraph (2) of this paragraph by 0.04; (ii) subtracting such amount from the sum obtained in subparagraph (1) of this paragraph; (iii) dividing such net amount by 0.96; and (iv) rounding off to the nearest full cent.

(d) *Class III prices.* Each handler shall pay producers, in the manner set forth in § 942.8 for skim milk and butterfat in milk purchased or received from them during each delivery period and classified as net pooled Class III skim milk and net pooled Class III butterfat not less than the following prices per hundredweight:

(1) The price per hundredweight of skim milk shall be any plus amount resulting from the following computations: from the average of the carlot prices per pound for nonfat dry milk solids (not including that specifically designated animal feed), roller process, delivered at Chicago, as reported by the United States Department of Agriculture during the delivery period preceding that in which such skim milk was received, deduct 7 cents, and then multiply by 7.5.

(2) The price per hundredweight of butterfat shall be computed as follows: Multiply by 100 the average daily wholesale price per pound of 92-score butter in the Chicago market as reported by the United States Department of Agriculture during the delivery period preceding that in which such butterfat was received.

(e) *Emergency price provisions.* (1) Whenever the provisions hereof require the market administrator to use a specific price (or prices) for milk or any milk product for the purpose of determining class prices or for any other purpose, the market administrator shall add to the specified price the amount of any subsidy, or other similar payment, being made by any Federal agency in connection with the milk, or product, associated with the price specified: *Provided*, That if for any reason the price specified is not reported or published as indicated, the market administrator shall use the applicable maximum uniform price established by regulations of any Federal agency plus the amount of any such subsidy or other similar payment: *Provided further*, That if the specified price is not reported or published and there is no applicable maximum uniform price, or if the specified price is not reported or published and the Secretary determines that the market price is below the applicable maximum uniform price, the market administrator shall use a price determined by the Secretary to be equivalent to or comparable with the price specified.

(2) Whenever the Secretary finds and announces that the Class I and Class II prices computed for any delivery period pursuant to paragraphs (b) and (c) of this section are not in the public interest, the Class I and Class II prices for such delivery period shall be the same as the Class I and Class II prices for the previous delivery period.

§ 942.6 *Application of provisions*—(a) *Exemptions.* (1) Sections 942.5, 942.7, 942.8, and 942.9 shall not apply to any handler (i) whose sole source of supply is from other handlers (except producer-handlers) or (ii) who is a producer-handler pursuant to § 942.1 (m) as verified in the manner provided in subparagraph (2) of this paragraph.

(2) Producer-handlers shall furnish the market administrator for his verification evidence of their qualifications as such pursuant to § 942.1 (m).

(3) Milk received at the plant of a handler, the handling of which the Secretary determines to be subject to the pricing and payment provisions of any other Federal milk marketing agreement or order issued pursuant to the act for any fluid milk marketing area shall not be subject to the pricing and payment provisions hereof.

(b) *Payment for excess skim milk or butterfat.* If, after subtracting receipts from other sources, and from other handlers (including receipts in packaged form from producer-handlers), a handler has disposed of skim milk or butterfat in excess of the skim milk or butterfat which, on the basis of his reports, has been credited to his producers as having been purchased or received from them, the market administrator in computing the net pool obligation of such handler, pursuant to § 942.7 (a) shall add an amount equal to the value of such skim milk or butterfat in accordance with its value at the price for the class from which such skim milk or butterfat was subtracted pursuant to § 942.4 (f).

(c) *Skim milk and butterfat disposed of by a producer-handler.* A producer-handler shall be considered as a producer with respect to skim milk and butterfat disposed of in bulk as milk, skim milk, or cream to a handler (including another producer-handler), and as a handler with respect to skim milk and butterfat disposed of in packaged form to a handler (including another producer-handler).

§ 942.7 *Determination of uniform price of producers*—(a) *Net pool obligation of handlers.* The net pool obligation of each handler for skim milk and butterfat received from producers during each delivery period shall be a sum of money computed for such delivery period by the market administrator by: Multiplying, respectively, the pounds of "net pooled skim milk" and "net pooled butterfat" in each class by the respective class prices, and adding, respectively, any amount pursuant to § 942.6 (b). The sum of the two amounts shall be such handler's total pool obligation.

(b) *Computation of the uniform price.* For each delivery period the market administrator shall compute the uniform price per hundredweight of skim milk, butterfat, and milk by:

(1) Combining the net pool obligations, computed pursuant to paragraph (a) of this section, for skim milk and butterfat, respectively, of all handlers who reported pursuant to § 942.3 (a) for such delivery period, except those in default of payments pursuant to § 942.8 (a) (3) for the preceding delivery period.

(2) Adding, respectively, the amounts computed by multiplying respectively the total hundredweight of skim milk and butterfat received from producers at plants located in each freight zone farther from New Orleans than the 61–70 mile zone by the appropriate zone differential set forth in the schedule pursuant to § 942.5 (b) (2);

(3) Subtracting, respectively, the amounts computed by multiplying respectively the total hundredweight of skim milk and butterfat received from producers at plants located in each freight zone nearer New Orleans than the 61–70 mile zone by the appropriate zone differential set forth in the schedule pursuant to § 942.5 (b) (2);

(4) Adding, respectively, an amount equal to one-half the unobligated balance in the producer-settlement fund;

(5) Dividing, respectively, the resulting sums by the hundredweight of "net pooled skim milk" and "net pooled butterfat"; and

(6) Subtracting, respectively, not less than 4 cents nor more than 5 cents. The results shall be known, respectively, as the uniform price per hundredweight for (i) skim milk and (ii) butterfat purchased or received from the producers at plants located in the 61–70 mile zone. The uniform price for milk containing 4.0 percent butterfat received from producers at plants located in the 61–70 mile zone shall be the sum of the values of 96 pounds of skim milk and 4 pounds of butterfat at the respective uniform prices.

(c) *Butterfat differential.* For each delivery period the market administrator shall compute to the nearest one-tenth cent a butterfat differential as follows: subtract from the uniform price per hundredweight of butterfat the uniform price per hundredweight of skim milk and divide the result by 1,000.

(d) *Announcement of prices.* (1) On or before the 6th day of each delivery period, the market administrator shall notify all handlers and make public announcement of the class prices for skim milk and butterfat received from producers during the current period.

(2) On or before the 10th day of each delivery period the market administrator shall notify all handlers and make public announcement of the computations pursuant to paragraph (b) of this section, of the butterfat differential computed pursuant to paragraph (c) of this section, and of the uniform price per hundredweight of skim milk, butterfat, and milk containing 4.0 percent butterfat received from producers during the preceding delivery period.

(e) *Computation of pool debits and pool credits.* On or before the 10th day after the end of each delivery period the market administrator shall:

(1) Compute the amount by which the sum of each handler's net pool obligations for skim milk and butterfat is greater or less than the amount computed for payment to producers by such handler pursuant to § 942.8 (a) (1) and (2), including the location adjustment to be made pursuant to § 942.8 (b). This amount shall be known as such handler's pool debit or pool credit, as the case may be, and shall be entered upon such handler's account.

(2) Notify each handler of the amount of such handler's (i) net pool obligation and (ii) pool debit or pool credit.

§ 942.8 *Payment for milk*—(a) *Payments to producers.* The amount of each handler's total pool obligation shall be distributed among producers in the following manner:

(1) On or before the last day of each delivery period each handler shall make payment to each producer at not less than $3 per hundredweight for the milk received from each producer during the first 15 days of such delivery period.

(2) On or before the 15th day of each delivery period, each handler shall make payment to each producer for milk received from such producer during the preceding delivery period at not less than the uniform price for milk containing 4 percent butterfat announced pursuant to § 942.7 (d), adjusted as follows: if the average butterfat content of the milk received from any producer varies from 4 percent, subtract for each one-tenth of 1 percent that the average butterfat content of such milk is less than 4 percent, or add for each one-tenth of 1 percent that the average butterfat content of such milk is more than 4 percent, an amount equal to the butterfat differential computed pursuant to § 942.7 (c): *Provided*, That if by such date such handler has not received full payment for such delivery period pursuant to subparagraph (4) of this paragraph, he shall not be deemed to be in violation of this para-

graph if he reduces uniformly for all producers his payments per hundredweight by a total amount not in excess of the reduction in payment from the market administrator: however, the handler shall make such balance of payment to those producers to whom it is due on or before the date for making payments pursuant to this subparagraph next following that on which such balance of payment is received from the market administrator.

(3) On or before the 12th day of each delivery period, each handler shall pay to the market administrator for payment to producer through the producer-settlement fund the amount of each handler's pool debit for the previous delivery period.

(4) On or before the 15th day of each delivery period, the market administrator shall pay from the producer-settlement fund to each handler for payment to producers the amount of such handler's pool credit for the previous delivery period. If at such time the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available: *Provided*, That the market administrator may offset any such payment due to any handler against payments due from such handler.

(b) *Location differentials.* Each handler, in making the payments prescribed in paragraph (a) of this section, shall adjust the uniform price with respect to all skim milk and butterfat received from each producer at such handler's plant not located in the 61–70 mile zone by the amount per hundredweight specified in the table pursuant to § 942.5 (b) (2).

(c) *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made by handlers pursuant to paragraph (a) (3) and (d) of this section and out of which he shall make all payments to handlers pursuant to paragraph (a) (4) and (d) of this section.

(d) *Adjustment of errors in payments.* Whenever verification by the market administrator of reports or payments of any handler discloses errors in payments to the producer-settlement fund made pursuant to paragraph (a) (3) of this section, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 5 days of such billing, make payment to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler pursuant to paragraph (a) (4) of this section, the market administrator shall, within 5 days, make such payment to such handler: *Provided*, That the market administrator may offset any such payment to any handler against payments due from such handler. Whenever verification by the market administrator of the payment by a handler to any producer discloses payment to such producer of an amount which is less than is required by this section, the handler shall make up such payment to the producer not later than the time of making payment to producers next following such disclosure.

(e) *Adjustment of overdue accounts.* Any balance due pursuant to this section to or from the market administrator on the 25th day of any month, for which remittance has not been received in, or paid from, his office by the close of business on that day, shall be increased one-half of 1 percent, effective the 26th day of each month.

§ 942.9 *Expense of administration.* As his pro rata share of the expense of administration hereof, each handler shall pay to the market administrator, on or before the 15th day after the end of each delivery period, 4 cents per hundredweight, or such lesser amount as the Secretary may from time to time prescribe, to be announced by the market administrator on or before the 10th day after the end of such delivery period, with respect to all skim milk and butterfat purchased or received by such handler, during such delivery period, from producers, including that received from such handler's own farm production.

§ 942.10 *Effective time, suspension, or termination*—(a) *Effective time.* The provisions hereof, or any amendment hereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended, or terminated, pursuant to paragraph (b) of this section.

(b) *Suspension or termination.* Any or all of the provisions hereof, or any amendment hereto, may be suspended or terminated as to any or all handlers after such reasonable notice as the Secretary shall give and shall, in any event, terminate whenever the provisions of the act cease to be in effect.

(c) *Continuing power and duty of the market administrator.* (1) If, upon the suspension or termination of any or all provisions hereof there are any obligations arising hereunder the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

(2) The market administrator, or such other persons as the Secretary may designate, shall (i) continue in such capacity until removed, (ii) from time to time account for all receipts and disbursements and when so directed by the Secretary deliver all funds on hand, together with the books and records of the market administrator, or such person, to such person as the Secretary shall direct, and (iii) if so directed by the Secretary execute assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

(d) *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions hereof the market administrator, or such person as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office, and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions hereof, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

§ 942.11 *Liability*—(a) *Liability of handlers.* The liability of the handlers hereunder is several and not joint, and no handler shall be liable for the default of any other handler.

§ 942.12 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions hereof.

§ 942.13 *Separability of provisions.* If any provision hereof, or its application to any person or circumstance, is held invalid, the application of such provision and of the remaining provisions hereof to other persons or circumstances shall not be affected thereby.

This report filed at Washington, D. C., this 11th day of March 1947.

MAGDA KARPI ET AL.

In re: Insurance policy rights owned by Magda Karpi and others.

Under the authority of the Trading with the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the persons whose names are listed in column (1) of Exhibit A, attached hereto and by reference made a part hereof, which column is entitled Names of Beneficiaries, are residents of the countries listed in column (2) of said Exhibit A, namely Hungary or Roumania, and nationals of a designated enemy country (Hungary or Roumania);

2. That the property described as follows: The net proceeds due or to become due under certain contracts of insurance, the Policy Certificate Numbers of which are listed in column (3) of said Exhibit A, issued by Verhovay Fraternal Insurance Association, 436-442 Fourth Avenue, Pittsburgh 19, Pennsylvania, on the lives of the deceased persons whose names are listed in column (4) of said Exhibit A, wherein the persons whose names are listed in column (1) of said Exhibit A are the designated beneficiaries, and any other benefits and rights of any name or nature whatsoever under or arising out of said contracts of insurance which are or were held by said beneficiaries, together with the right to demand, enforce, receive and collect said net proceeds and any other benefits and rights under the said contracts of insurance,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Hungary or Roumania);

and it is hereby determined:

3. That to the extent that the persons referred to in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Hungary or Roumania).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 27, 1947.

For the Attorney General.

CIVIL AERONAUTICS BOARD

[Docket No. 2560]

DET DANSKE LUFTFARTSELSKAB, A/B, ET AL.

NOTICE OF HEARING

In the matter of the joint petition of Det Danske Luftfartselskab, A/B, Det Norske Luftfartselskap, A/S, and Svensk Interkontinental Lufttrafik, A/B, under section 402 (g) of the Civil Aeronautics Act of 1938, as amended, for alteration, modification, or amendment of their respective permits, if required, to permit operations under a consortium, Scandinavian Airlines System.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, particularly section 402 (g) of said act, that hearing in the above-entitled proceeding is assigned to be held March 17, 1947, at 10 a. m., (eastern standard time) in Room 1302, Temporary Building T, Constitution Avenue between 12th and 14th Streets NW., before Examiner Herbert K. Bryan.

Each of the petitioners is the holder of a permit, issued by the Board pursuant to section 402 of the act, authorizing it to engage in air transportation between its respective country and the alternate points, New York, N. Y., and Chicago, Ill., via various intermediate points. A contract entered into between said carriers creates a consortium to operate the combined routes as a single system, known as the Scandinavian Airlines System on the condition that each forego the individual exercise of the rights granted to it by its permit. They also contracted for the creation of Scandinavian Airlines System, Inc., or the American Company, to perform various duties in the conduct of the operations in the United States. Pursuant to said consortium contract, a joint petition was filed with the Board requesting approval of such operation or in the alternative the alteration, modification, or amendment of their respective permits to authorize the combined operation, if such approval or alteration is found necessary under the act.

For further details of the operations proposed interested parties are referred to the petition and the existing permits, on file in the office of the Civil Aeronautics Board, Washington 25, D. C.

Without limiting the scope of the issues presented by said petition, particular attention will be directed to the following matters and questions:

1. Is Scandinavian Airlines System a person engaging in air transportation, thus requiring a permit pursuant to section 402 in order to operate as proposed?

2. If so, then:

a. Are amendments of the existing permits heretofore issued pursuant to said section 402 and/or the issuance of an additional permit to Scandinavian Airlines System necessary in order to permit the proposed operation?

b. Are the above actions or any of them in the public interest?

c. Is the Scandinavian Airlines System fit, willing and able to properly perform the proposed air transportation and to conform to the provisions of the act and the rules, regulations, and requirements of the Board thereunder?

3. If not, then:

a. Are amendments of the existing permits necessary to permit joint operation of their routes by the three carriers?

b. Are such amendments in the public interest?

c. Are the carriers fit, willing and able to properly perform the air transportation and to conform to the provisions of the act and the rules, regulations, and requirements of the Board thereunder?

4. If amendments are found necessary under 2 or 3 above, is the approval of such amendments consistent with any obligation assumed by the United States in any treaty, convention, or agreement that may be in force between the United States and Norway, Sweden, and Denmark or between the United States and any other country?

5. What other, if any, approvals by the Civil Aeronautics Board are necessary to authorize the operations and/or relationship of the three carriers, Scandinavian Airlines System and/or Scandinavian Airlines System, Inc.?

Notice also is given that any person not a party of record as of October 8, 1946, desiring to controvert in fact or law any of the issues raised by said petition shall file with the Board on or before March 17, 1947, a statement of said issues.

Dated Washington, D. C., March 10, 1947.

By the Civil Aeronautics Board.

FEDERAL POWER COMMISSION

[Docket No. G-868]

CANADIAN RIVER GAS CO.

NOTICE OF APPLICATION

MARCH 10, 1947.

Notice is hereby given that on February 27, 1947, Canadian River Gas Company (Applicant), a Delaware corporation, having its principal place of business at Amarillo, Texas, filed with the Federal Power Commission an application, under section 8 of the Natural Gas Act and the Uniform System of Accounts Prescribed for Natural Gas Companies, for authority to reclassify and adjust applicant's depreciation, depletion and amortization reserves as of December 31, 1946, in accordance with a recent study made thereof.

Applicant recites that the study develops the fact that the existing reserves are over-stated in the amount of approximately $3,000,872.11, and authority is requested to reclassify this amount to earned surplus.

Applicant states that the amounts proposed to be reclassified are based upon the depreciation, depletion and amortization reserve balances as of December 31, 1939, found and required by the Commission in its Opinion No. 73 and order of March 18, 1942, in Federal Power Commission Docket No. G-124. Applicant further states that accruals to the reserves for the years 1940 to 1945, inclusive, were computed at rates and in the manner used by the Commission; and that for the year 1946 applicant has used the methods, rates, etc., used by the Commission, in recording the provisions for depreciation and depletion expense, and will use them in the future, subject to such modification as may hereafter be required or desired in the light of experience.

The application of Canadian River Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946), and shall set out clearly and concisely the facts from which the nature of the petitioner or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding, so as to advise the parties and the Commission as to the issues of fact or law to be raised or controverted, by admitting, denying, or explaining specifically and in detail, each material allegation of fact or law asserted with respect to the application.

FEDERAL TRADE COMMISSION

[Docket No. 5348]

IMPERIAL PEARL SYNDICATE

ORDER APPOINTING TRIAL EXAMINER AND FIXING TIME AND PLACE FOR TAKING TESTIMONY

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 7th day of March A. D. 1947.

In the matter of Joseph Goldstone and Esther Goldstone, copartners trading as Imperial Pearl Syndicate.

This matter being at issue and ready for the taking of testimony and the receipt of evidence, and pursuant to authority vested in the Federal Trade Commission,

It is ordered, That John W. Addison, a Trial Examiner of this Commission, be and he hereby is designated and appointed to take testimony and receive evidence in this proceeding and to perform all other duties authorized by law;

It is further ordered, That the taking of testimony and the receipt of evidence begin on Thursday, March 27, 1947, at ten o'clock in the forenoon of that day (eastern standard time), in Room 500, 45 Broadway, New York, New York.

Upon the completion of the taking of testimony and the receipt of evidence in support of the allegations of the complaint, the trial examiner is directed to proceed immediately to take testimony and receive evidence on behalf of the respondents. The trial examiner will then close the taking of testimony and evidence and, after all intervening procedure as required by law, will close the case and make and serve on the parties at issue a recommended decision which shall include recommended findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and an appropriate recommended order; all of which shall become a part of the record in said proceeding.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[S. O. 693, Corr.]

UNLOADING OF LUMBER AT EAST ST. LOUIS, ILL.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 7th day of March A. D. 1947.

It appearing, That car B&O 184398, containing lumber, at East St. Louis, Illinois, on the Gulf, Mobile and Ohio Railroad Company, has been on hand for an unreasonable length of time and that the delay in unloading said car is impeding its use; in the opinion of the Commission an emergency exists requiring immediate action, it is ordered, that:

(a) *Lumber at East St. Louis, Ill., be unloaded.* The Gulf, Mobile and Ohio Railroad Company, its agents or employees, shall unload immediately car B&O 184398, loaded with lumber, now on hand at East St. Louis, Illinois, consigned to Burdette O'Leary Lumber Corporation, Meridian, Miss.

(b) *Demurrage.* No common carrier by railroad subject to the Interstate Commerce Act shall charge or demand or collect or receive any demurrage or storage charges, for the detention under load of any car specified in paragraph (a) of this order, for the detention period commencing at 7:00 a. m., March 9, 1947, and continuing until the actual unloading of said car or cars is completed.

(c) *Provisions suspended.* The operation of any or all rules, regulations, or practices, insofar as they conflict with the provisions of this order, is hereby suspended.

(d) *Notice and expiration.* Said carrier shall notify V. C. Clinger, Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., when it has completed the unloading required by paragraph (a) hereof, and such notice shall specify when, where, and by whom such unloading was performed. Upon receipt of that notice this order shall expire.

It is further ordered, that this order shall become effective immediately; that a copy of this order and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-2118]

CHICAGO, MILWAUKEE, ST. PAUL AND PACIFIC RAILROAD CO.

NOTICE OF APPLICATION TO STRIKE FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 10th day of March A. D. 1947.

The New York Stock Exchange, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to strike from listing and registration the Common Stock, No Par Value, and the 5% Non-Cumulative Preferred Stock, $100 Par Value, of Chicago, Milwaukee, St. Paul and Pacific Railroad Company. The application alleges that (1) a plan of reorganization of the issuer was put into effect on December 1, 1945, which made no provision for either the common or preferred stocks of this issuer; and (2) the rules of the New York Stock Exchange with respect to the striking of a security from listing and registration have been complied with.

Upon receipt of a request, prior to March 24, 1947, from any interested person for a hearing in regard to terms to be imposed upon the delisting of these securities, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms or conditions. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Philadelphia, Pennsylvania. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

LACLEDE GAS LIGHT CO. ET AL.

ORDER REGARDING REORGANIZATION FEES AND EXPENSES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 6th day of March A. D. 1947.

In the matter of The Laclede Gas Light Company, Laclede Power & Light Company, Phoenix Light, Heat and Power Company, Ogden Corporation, File No. 54-39; Ogden Corporation and subsidiary companies, File No. 54-69; Ogden Corporation and subsidiary companies, Respondents, File No. 59-65.

The Commission having issued its findings and opinion dated May 24, 1944, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, requiring certain modifications of the plan of reorganization of The Laclede Gas Light Company, and having by order dated May 27, 1944 approved the plan as amended, in which plan Ogden Corporation ("Ogden"), The Laclede Gas Light Company ("Laclede Gas"), Laclede Power & Light Company ("Laclede Electric"), and Phoenix Light, Heat and Power Company, joined with respect to all transactions affecting them as provided therein; and

The Commission in its order dated May 27, 1944 approving said plans and the transactions incident thereto, having reserved jurisdiction to approve, disapprove, modify, or allocate by further order or orders all fees and expenses incurred in connection with said plan and the transactions incident thereto; and

Ogden, Laclede Gas, and Laclede Electric having filed applications for approval of payment by them of certain fees and expenses incurred in connection with said plan and the transactions incident thereto, and Schutte & Hegeman who represented certain preferred stockholders of Laclede Gas having applied for compensation in connection therewith, and the Commission having on December 20, 1945 issued its notice and order for hearing with respect to said applications; and

Public hearings having been held, certain requests for fees and expenses having been amended, and the Commission in its order dated October 21, 1946 having approved said applications, other than that filed by Schutte & Hegeman; and

With respect to the application of Schutte & Hegeman briefs having been filed, the Commission having considered the record and having this day made and filed its findings and opinion herein;

It is hereby ordered, That the application of Schutte & Hegeman for approval of fees and expenses be, and the same hereby is, denied.

AMERICAN POWER & LIGHT CO. ET AL.

NOTICE OF FILING OF AMENDMENT AND ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 7th day of March A. D. 1947.

In the matter of American Power & Light Company, Northwestern Electric Company, Pacific Power & Light Company, File No. 70-1331.

American Power & Light Company ("American"), a registered holding company subsidiary of Electric Bond and Share Company ("Bond and Share"), also a registered holding company, and Pacific Power & Light Company ("Pacific") and Northwestern Electric Company ("Northwestern"), electric utility subsidiaries of American, having on June 28, 1946 filed a joint application-declaration proposing (a) certain capital contributions by American to Northwestern and Pacific; (b) the merger of Northwestern into and with Pacific; (c) the retirement of the presently outstanding preferred stock of Northwestern and Pacific through the issuance by Pacific, as the surviving corporation, of New Preferred Stock and by specified cash payments; (d) the issue and sale by Pacific of first mortgage bonds and serial notes and the use of the proceeds, together with treasury cash, to redeem the outstanding long-term debt of Pacific and Northwestern; and (e) the issuance by Pacific, as the surviving corporation, of new common stock to American in exchange for the common stocks of Northwestern and Pacific held by American; and

The Commission having on July 17, 1946 issued its order (published as Holding Company Act Release No. 6789) giving notice of the filing of the aforesaid application-declaration and directing that a public hearing be held thereon and public hearings having been held on said joint application-declaration, and said hearings having been continued subject to the call of the trial examiner:

Notice is hereby given that on February 25, 1947, American, Pacific and Northwestern filed an amendment to said joint application-declaration. All interested persons are referred to said joint application-declaration as amended for a complete statement of the transactions therein proposed. Certain transactions proposed in the joint application-declaration as amended differing from the original joint application-declaration may be summarized as follows:

1. American proposes to surrender to Northwestern for cancellation, as a contribution, 50,000 shares of Northwestern's common stock having a par value of $35 per share, which contribution will be credited by Northwestern to Capital Surplus in the amount of $1,750,000;

2. Northwestern proposes to dispose of the remaining balance of $1,914,366 in its Account 107—Electric plant Adjustments by a charge of $1,750,000 to Capital Surplus and a charge of $164,366 to Earned Surplus;

3. American proposes to contribute to Pacific $2,200,000 in cash, which contribution will be credited by Pacific to Capital Surplus;

4. Pacific proposes to dispose of the remaining balance of $2,986,867 in its Account 107—Electric Plant Adjustments—by a charge of $1,450,000 to Capital Surplus, a charge of $1,392,908 to Earned Surplus and a charge of $143,958 to Deferred Credit—Utility Plant Adjustments.

5. Thereafter it is proposed that Northwestern be merged into and with Pacific pursuant to the terms of a Merger Agreement under which the authorized Capital Stock of Pacific, as the surviving corporation, would consist of (a) not more than 114,815 shares of 5% Preferred Stock of the par value of $100 per share ("New Preferred Stock"); and (b) not less than 500,000 shares of common stock (the exact number of shares of new common stock is to be supplied by amendment) without per value ("New Common Stock").

6. The Merger Agreement provides that it shall become automatically effective (on its effective date, as defined therein) upon its adoption by the favorable vote (at a special meeting called for the purpose) of the holders of two-thirds of the voting power of each of the Constituent Corporations, unless the holders of more than 20% of the aggregate number of shares of the preferred stocks of the Constituent Corporations vote against or dissent from the action of their respective Corporations in entering into such agreement. In such event, the Merger Agreement shall not be binding upon either of the Constituent Corporations. It is provided, however, that the Board of Directors of the Constituent Corporations may, by appropriate resolutions, declare the Merger Agreement binding upon their respective corporations notwithstanding unfavorable action upon such agreement by the holders of more than 20% of said preferred stocks;

7. It is proposed that the holders of the outstanding preferred stocks of Northwestern and Pacific (except those preferred stockholders who dissent from the action of their respective corporations in entering into the Merger Agreement) be entitled to receive, upon the effective date of the merger, the following:

(a) For each share of the outstanding 6% Preferred Stock of Northwestern and $6 Preferred Stock of Pacific one share of the New Preferred Stock of the Surviving Corporation plus a cash adjustment in an amount which, together with the dividends receivable on the New Preferred Stock, will give each such holder a dividend at the rate of 6% or $6 per annum, as the case may be, up to the effective date of the Merger Agreement.

(b) For each share of the outstanding 7% Preferred Stocks of Pacific and Northwestern one share of the New Preferred Stock of the Surviving Corporation plus $5.00 in cash, and an amount which, together with the dividends receivable on the New Preferred Stock, will give each such holder a dividend at the rate of 7% per annum up to the effective date of the Merger Agreement;

8. All shares of the 7% and 6% Preferred Stocks of Northwestern (which stocks are non-callable) the holders of which dissent from Northwestern's action in entering into the Merger Agreement by filing with Northwestern, within twenty days from the date on which notice of the stockholders meeting called to vote on the Merger Agreement is mailed, their written objection to the Merger Agreement and demanding payment for their shares, will be appraised and paid for in cash in accordance with the applicable statutes of the State of Washington. Any Northwestern preferred stockholder who does not file such written objection to such corporate action will be bound by the action of the majority.

9. All shares of Pacific's 7% Preferred Stock the holders of which vote against adoption of the Merger Agreement, and all shares of Pacific's non-voting $6 Preferred Stock the holders of which, at or prior to the taking of the vote upon the Merger Agreement, dissent therefrom in writing will be redeemed at their respective redemption prices.

10. It is proposed that 50,000 shares of Northwestern's Common Stock of the par value of $33 per share (being all of Northwestern's Common Stock remaining outstanding after the contributions by American to Northwestern of 50,000 shares of such Common Stock) and 1,000,000 shares of Pacific's Common Stock without par value, all owned by American, shall be converted into 500,000 shares of New Common Stock of the Surviving Corporation having a stated value of $19.00 per share.

11. Incident to the proposed merger, Pacific proposes: (a) to issue and sell $29,000,000 principal amount of First Mortgage Bonds, __% Series due 197__, of which $26,900,000 will be issued and sold pursuant to the competitive bidding requirements of Rule U-50; $2,100,000 principal amount will be exchanged for a like principal amount of Northwestern's 4½% Debentures due 1959, held by American; and (b) to issue and sell at private sale $4,000,000 principal amount of Serial Notes, which will bear an interest rate not expected to exceed 2¼% per annum, payable in twenty equal semi-annual installments.

12. Pacific proposes to utilize the proceeds from the sale of the Bonds and the proceeds of the bank loans, together with such treasury cash as may be required:

(a) To redeem, at 101¾% of the principal amount thereof plus accrued interest to the date of redemption, $20,500,000 principal amount of its outstanding First Mortgage and Prior Lien Gold Bonds, 5% Series, due 1955, which, exclusive of accrued interest, will require the sum of $20,858,750;

(b) To pay the balance due on its 6% note, due November 25, 1940, which, exclusive of accrued interest, will require the sum of $1,794,500; and

(c) To redeem, at 104% of the principal amount thereof plus accrued interest to the date of redemption, $6,700,000 principal amount of Northwestern's First Mortgage Bonds, 4% Series due 1969, to be assumed by Pacific as a result of the merger, which, exclusive of accrued interest will require the sum of $6,968,000.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that the hearing in this proceeding be reconvened with respect to said matters, and that said application-declaration, as amended, shall not be granted or permitted to become effective except pursuant to further order of the Commission:

It is ordered, That the hearing in this proceeding be reconvened on said matters under the applicable provisions of the act and the rules of this Commission thereunder on March 24, 1947, at 11:00 a. m., e. s. t., at the office of this Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which said reconvened hearing will be held. At such reconvened hearing, cause shall be shown why such application, as amended, shall be granted and such declaration, as amended, permitted to become effective. All persons desiring to be heard or otherwise wishing to participate in the proceedings shall notify the Commission in the manner prescribed by its rules of practice, Rule XVII, on or before March 20, 1947.

It is further ordered, That notice of said reconvened hearing be given to American, Northwestern, Pacific, the Department of Public Utilities of Washington, the Public Utilities Commission of Oregon, the Federal Power Commission, the Cities of Portland, Astoria and Bend, Oregon, and the Cities of Vancouver, Walla Walla and Yakima, Washington, by registered mail; and that notice of said hearing shall be given to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That Pacific and Northwestern shall give notice of this reconvened hearing to their respective stockholders (insofar as the identity of such stockholders is known or available to them) by mailing to each of said persons a copy of this notice at least 10 days prior to the date of the reconvened hearing.

It is further ordered, That without limiting the scope of the issues otherwise to be considered at said reconvened hearing, particular attention be directed to the matters and questions specified in the Commission's notice of filing and order for hearing in this proceeding dated July 17, 1946.

By the Commission.

CONSOLIDATED ELECTRIC AND GAS CO. ET AL.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 7th day of March A. D. 1947.

In the matter of Consolidated Electric and Gas Company, The Middle West Corporation, Upper Peninsula Power Company, File No. 70-1471.

Notice is hereby given that an application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, The Middle West Corporation ("Middle West"), also a registered holding company, and Upper Peninsula Power Company ("Upper Peninsula"), a subsidiary of both of the aforementioned companies.

All interested persons are referred to the application-declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Upper Peninsula was recently organized as a preliminary step toward effecting the instant transactions. Consolidated owns 60 shares of the outstanding organizational $10 par value capital stock of Upper Peninsula and Middle West and Copper Range Company each owns 20 shares of such stock. The instant proposal provides that these shares shall be donated to Upper Peninsula.

Upper Peninsula proposes to issue and sell to the public $3,500,000 principal amount of First Mortgage Bonds, due 1977, 10,000 shares of $100 par value Cumulative Preferred Stock, and 180,000 shares of $10 par value Common Stock (including the organizational shares). The interest and dividend rates on the bonds and preferred stock will be fixed by competitive bidding.

The proceeds of such sale, after the payment of expenses, will be used as follows:

(a) For the purchase from Consolidated of all of the capital stock of Houghton Electric Light Company, ("Houghton") consisting of 54,000 shares of the par value of $25 each, and all of the capital stock and debt of Iron Range Light and Power Company ("Iron Range") consisting of 658 shares of the par value of $100 each and $62,250 principal amount of 6% demand notes;

(b) For the purchase from Middle West of 9,000 shares of the $3 no par cumulative preferred stock and 17,000 shares of the no par common stock of copper District Power Company ("Copper District");

(c) For the purchase from Copper Range Company ("Copper Range"), an exempt holding company, of 9,000 shares of the $3 par cumulative preferred stock and 17,400 shares of the no par common stock of Copper District;

(d) For the purchase from the public of the balance of the outstanding common stock (400 shares) of Copper District; and

(3) For the redemption of $1,149,000 principal amount of Houghton Electric Light Company 3¼% First Mortgage Bonds due 1962 and of $1,360,000 principal amount of Copper District Power Company 4½% First Mortgage Bonds due 1956 in accordance with their terms at 103% of the principal amount thereof, but exclusive of accrued interest.

Public holders of the Copper District common stock will be offered the same price per share as the per share amount proposed to be paid to Middle West and Copper Range, which amounts are to be determined in accordance with a formula set forth in the application-declaration.

Upon completion of the above transactions, all the assets of Houghton, Iron Range and Copper District will be transferred to Upper Peninsula in exchange for all their outstanding securities, and they will thereafter be dissolved.

The application-declaration states that the proposed issue and sale of new securities by Upper Peninsula will be expressly authorized by the Public Service Commission of the State of Michigan.

Sections 6, 9, 10, 11, and 12 of the Public Utility Holding Company Act of 1935 and Rules U-42, U-43, U-44, and U-50 are designated as being applicable to the proposed transactions, and Upper Peninsula pursuant to section 6 (b) of the act has requested an exemption from the provisions of section 7 of the act regarding the issuance of the new securities.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the matters set forth in the application-declaration and that said application-declaration should not be granted or permitted to become effective except pursuant to further order of this Commission;

It is ordered, That a hearing on said application and declaration under the applicable provisions of the act and the rules and regulations promulgated thereunder be held at 10:00 a. m., e. s. t., on the 25th day of March, 1947, at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date, the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise wishing to participate in these proceedings shall file with the Secretary of the Commission on or before March 21, 1947, his request or application therefor as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of the application-declaration, upon the basis thereof, the following matters and questions are presented for consideration by the Commission without prejudice, however, to the presentation of additional matters and questions upon further examination:

1. Whether the proposed issuance and sale of securities by Upper Peninsula are solely for the purpose of financing its business and have been expressly authorized by the Public Service Commission of the State of Michigan.

2. Whether in the event the exemption provided by section 6 (b) is granted, it is necessary or appropriate to impose terms or conditions in the public interest or for the protection of investors or consumers in connection with the issuance of the proposed securities.

3. Whether the fees, commissions, or other remuneration to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount;

4. Whether the accounting entries proposed to be recorded in connection with the proposed transactions are proper, conform to sound accounting principles, and meet the standards of the act and rules thereunder;

5. Whether the provisions of the Articles of Incorporation of Upper Peninsula with respect to its common and preferred stock result in or create an unfair or inequitable distribution of voting power among the holders of its securities, or are otherwise detrimental to the public interest or the interests of investors or consumers;

6. Whether the proposed use by Upper Peninsula of the proceeds from the proposed sale of its securities is appropriate and in conformity with the requirements of the act and the rules thereunder;

7. Whether the proposed acquisition of the assets of Houghton, Iron Range, and Copper District by Upper Peninsula is in conformity with the applicable standards of the act and the rules thereunder;

8. Whether the proposed sales by Consolidated and Middle West of the securities of Houghton, Iron Range and Copper District and the donation of the stock of Upper Peninsula comply with the applicable provisions of the act and the rules thereunder; and

9. Generally, whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and the rules thereunder, and, if not, whether and what modifications or terms and conditions should be required or imposed to satisfy the standards of the act.

It is further ordered, That the Secretary of this Commission shall serve notice of the aforesaid hearing by mailing a copy of this order by Registered Mail to Consolidated Electric and Gas Company, The Middle West Corporation, Upper Peninsula Power Company and the Public Service Commission of Michigan, and that notice of said hearing shall be given to all other persons by general release of this Commission, which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

By the Commission.

MILWAUKEE ELECTRIC RAILWAY & TRANSPORT CO. AND WISCONSIN ELECTRIC POWER CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 7th day of March 1947.

Notice is hereby given that a joint declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The Milwaukee Electric Railway & Transport Company, a wholly-owned subsidiary of Wisconsin Electric Power Company, and by Wisconsin Electric Power Company, a subsidiary of The North American Company, a registered holding company; and

Notice is further given that any interested person may, not later than March 18, 1947, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, said joint declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to the joint declaration or application, which is on file in the office of the Commission, for a statement of the transactions therein proposed, which are summarized below:

The Milwaukee Electric Railway & Transport Company proposes to redeem on April 16, 1947, at the principal amount thereof, plus accrued interest, $1,050,000 principal amount of its First Mortgage 4% Bonds owned by Wisconsin Electric Power Company. Wisconsin Electric Power Company seeks authorization to surrender said bonds on the basis described.

FEDERAL REGISTER

VOLUME 12 NUMBER 53

Washington, Saturday, March 15, 1947

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspections, Marketing Practices)

PART 52—PROCESSED FRUITS, VEGETABLES, AND OTHER PRODUCTS (INSPECTION, CERTIFICATION, AND STANDARDS)

SUBPART B—UNITED STATES STANDARDS FOR GRADES OF PROCESSED FRUITS, VEGETABLES, AND OTHER PRODUCTS [1]

On January 1, 1947, notice of proposed rule making was published in the FEDERAL REGISTER (12 F. R. 32) regarding the proposed issuance of United States Standards for Grades of Canned Tangerine Juice. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, the following United States standards for grades of canned tangerine juice are hereby promulgated pursuant to the provisions of the Department of Agriculture Appropriation Act, 1947 (Pub. Law 422, 79th Cong., approved June 22, 1946):

§ 52.667 *Canned tangerine juice*—(a) *Identity.* Canned tangerine juice is the undiluted, unfermented juice obtained from the matured fresh fruit of the mandarin orange (Citrus reticulata) which fruit has been properly washed; may be packed with or without the addition of sugar; and is sufficiently processed by heat to assure preservation of the product in hermetically sealed containers.

(b) *Grades of canned tangerine juice.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of canned tangerine juice that possesses a bright typical color; is practically free from defects; possesses a fine, distinct, normal canned tangerine juice flavor; and scores not less than 85 points when scored in accordance with the scoring system outlined herein. Canned tangerine juice of this grade meets the following requirements:

(i) *Brix.* Not less than 10.5 degrees Brix.

(ii) *Acid.* Not less than 0.75 gm. nor more than 1.4 gm. acid, calculated as anhydrous citric, per 100 ml. of juice.

(iii) *Recoverable oil.* Not more than 0.020 percent by volume of recoverable oil.

(iv) *Pulp.* Not more than 7 percent free and suspended pulp.

(2) "U. S. Grade C" or "U. S. Standard" is the quality of canned tangerine juice that possesses a good typical color; is fairly free from defects; possesses a good, normal canned tangerine juice flavor; and scores not less than 70 points when scored in accordance with the scoring system outlined herein. Canned tangerine juice of this grade meets the following requirements:

(i) *Brix.* Not less than 10.0 degrees Brix.

(ii) *Acid.* Not less than 0.65 gm. nor more than 1.6 gm. acid, calculated as anhydrous citric, per 100 ml. of juice.

(iii) *Recoverable oil.* Not more than 0.030 percent by volume of recoverable oil.

(iv) *Pulp.* Not more than 10 percent free and suspended pulp.

(3) "U. S. Grade D" or "Substandard" is the quality of canned tangerine juice that fails to meet the requirements of U. S. Grade C or U. S. Standard.

(4) Canned tangerine juice of any of the foregoing grades may be considered "sweetened" if packed with the addition of sugar and the juice tests not less than 13.5 degrees Brix.

(c) *Recommended fill of container.* It is recommended that canned tangerine juice occupy not less than 90 percent of the volume capacity of the container.

(d) *Ascertaining the grade.* The grade of canned tangerine juice may be ascertained by considering, in addition to the requirements of the respective grades, the following factors: Color, absence of defects, and flavor. The relative importance of each factor is expressed numerically on a scale of 100. The maximum number of points that may be given for each factor is:

	Points
(1) Color	20
(2) Absence of defects	40
(3) Flavor	40
Total score	100

(e) *Ascertaining the rating of each factor.* The essential variations within each factor are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor is inclusive (for example, the range "17 to 20 points" means 17, 18, 19, or 20 points).

(1) *Color.* (i) Canned tangerine juice that possesses a bright typical color may be given a score of 17 to 20 points. "Bright typical color" means that the tangerine juice possesses a bright yellow to yellow-orange color typical of freshly extracted juice and is free from traces of browning due to scorching, oxidation, caramelization, or other causes.

(ii) If the canned tangerine juice possesses a good typical color, a score of 14 to 16 points may be given. Canned tangerine juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Good typical color" means that the tangerine juice possesses a typical yellow to yellow-orange color that may be slightly amber or show evidence of slight browning.

(iii) If the canned tangerine juice is definitely dull or off-color for any reason, a score of 0 to 13 points may be given. Canned tangerine juice that falls into this classification shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(2) ***Absence of defects.*** The factor of absence of defects refers to the degree of freedom from particles of membrane, core, skin, seeds and seed particles, "rag," recoverable oil, residue, similar substances, or other defects.

(i) Canned tangerine juice that is practically free from defects may be given a score of 34 to 40 points. Canned tangerine juice that shows coagulation shall not be scored in this classification. "Practically free from defects" means that the juice may contain not more than 7 percent free and suspended pulp and that there may be present not more than 0.020 percent by volume of recoverable oil when determined in accordance with the methods outlined herein; and that the juice does not contain any noticeable seed particles, similar substances, or other defects.

(ii) If the canned tangerine juice is fairly free from defects, a score of 28 to 33 points may be given. Canned tangerine juice that shows more than a slight coagulation shall not be scored in this classification. Canned tangerine juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means that the juice may contain not more than 10 percent free and suspended pulp and that there may be present not more than 0.030 percent by volume of recoverable oil when determined in accordance with the methods outlined herein; and that seed particles, similar substances, or other defects may be noticeable but are not prominent.

(iii) Canned tangerine juice that fails to meet the requirements of subdivision (ii) of this subparagraph may be given a score of 0 to 27 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(3) *Flavor.* (i) Canned tangerine juice that possesses a fine, distinct, normal canned tangerine juice flavor, free from traces of scorching, caramelization, oxidation, or terpene may be given a score of 34 to 40 points. To score in this classification canned tangerine juice shall meet the following additional requirements:

Canned tangerine juice tests not less than 10.5 degrees Brix.

Canned tangerine juice contains not less than 0.75 gm. nor more than 1.4 gm. acid, calculated as anhydrous citric, per 100 ml. of juice.

(ii) If the canned tangerine juice possesses a good normal canned tangerine juice flavor, having a slightly caramelized or an oxidized flavor, but not an objectionable flavor, a score of 28 to 33 points may be given. Canned tangerine juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). To score in this classification canned tangerine juice shall meet the following additional requirements:

Canned tangerine juice tests not less than 10 degrees Brix.

Canned tangerine juice contains not less than 0.65 gm. nor more than 1.6 gm. acid, calculated as anhydrous citric, per 100 ml. of juice.

(iii) If the canned tangerine juice fails to meet the requirements of subdivision (ii) of this subparagraph, or if the canned tangerine juice has the flavor of green fruit, is off flavor, or is distinctly unpalatable for any reason, a score of 0 to 27 points may be given. Canned tangerine juice that falls into this classification shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(f) *Explanation of terms.* (1) "10.5 degrees Brix", for example, means that the juice tests 10.5 degrees when tested with a Brix hydrometer, read at the proper temperature for the instrument used.

OIL SEPARATORY TRAP

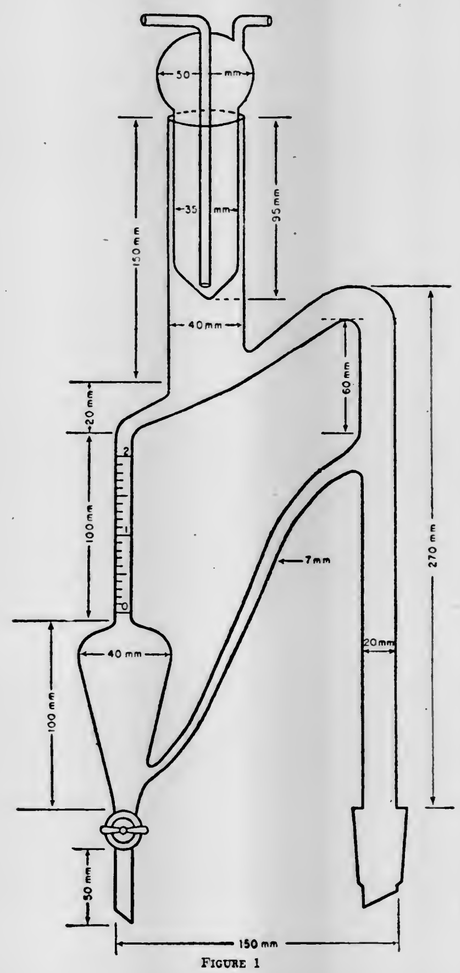

FIGURE 1

(2) "Normal canned tangerine juice flavor" means that the product is free from objectionable flavor or off flavor of any kind.

(3) "Free and suspended pulp" is determined by the following method:

(i) Graduated centrifuge tubes with a capacity of 50 ml. are filled with canned tangerine juice and placed in a suitable centrifuge. The speed is adjusted as indicated in Table No. I according to the diameter specified and the canned tangerine juice is centrifuged for exactly 10 minutes. As used herein, "diameter" means the over-all distance between the bottoms of opposing centrifuge tubes in operating position. After centrifuging, the milliliter reading at the top of the

layer of pulp in the tube is multiplied by 2 to give the percentage of pulp.

OIL SEPARATORY TRAP

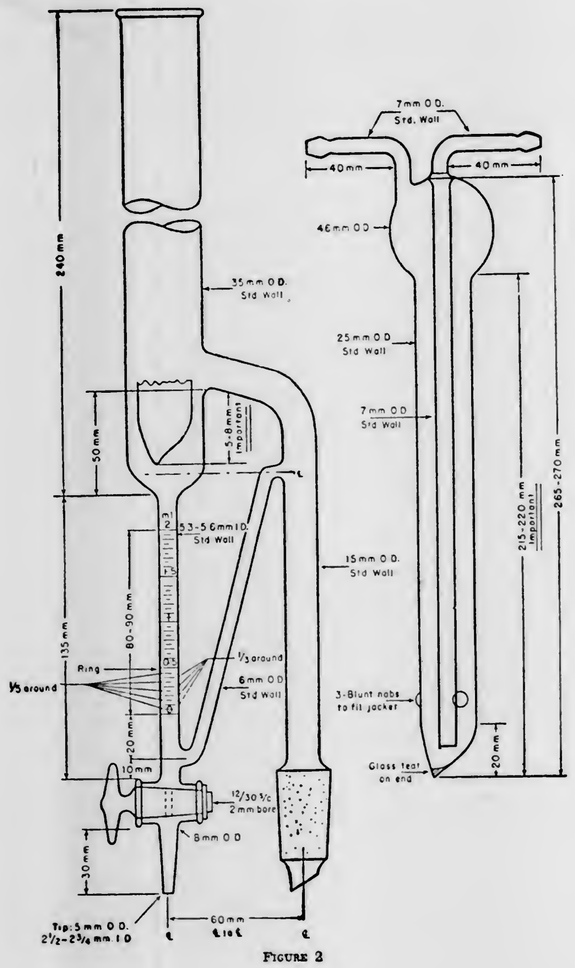

FIGURE 2

(4) "Acid" in canned tangerine juice is determined by titration with standard sodium hydroxide solution, using phenolphthalein as indicator. Acid is calculated as anhydrous citric acid.

(5) "Percent by volume of recoverable oil" in canned tangerine juice is determined by the following method:

(i) *Equipment.*

Oil Separatory trap similar to either of those illustrated in Figure 1 and Figure 2.
Gas burner or hot plate.
Ringstand and clamps.
Rubber tubing.
3-liter narrow-neck flask.

(ii) *Procedure.* Exactly 2 liters of canned tangerine juice are placed in a 3-liter flask. Close the stopcock, place distilled water in the graduated tube, run cold water through the condenser from bottom to top, and bring the juice to a boil. Boiling is continued for one hour at the rate of approximately 50 drops per minute. By means of the stopcock, lower the oil into the graduated portion of the separatory trap, remove the trap from the flask, allow it to cool, and record the amount of oil recovered.

The number of milliliters of oil recovered divided by 20 equals the percent by volume of recoverable oil.

(g) *Tolerance for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of canned tangerine juice, the grade for such lot will be determined by averaging the total scores of all containers, if:

(i) Not more than one-sixth of the containers comprising the sample fails to meet all the requirements of the grade indicated by the average of such total scores, and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, must be within the range for the grade indicated;

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers in the lot meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

(h) *Score sheet for canned tangerine juice.*

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Grapefruit Reg. 85]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN THE STATE OF FLORIDA

LIMITATION OF SHIPMENTS

§ 933.338 *Grapefruit Regulation 85*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and the order, as amended (7 CFR, Cum. Supp., 933.1 et seq.; 11 F. R. 9471), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., March 17, 1947, and ending at 12:01 a. m., e. s. t., July 31, 1947, no handler shall ship:

(i) Any grapefruit of any variety, grown in the State of Florida, which grade U. S. No. 3, or lower than U. S. No. 3 grade (as such grades are defined in the United States standards for citrus fruits, as amended (11 F. R. 13239; 12 F. R. 1));

(ii) Any seeded grapefruit, other than pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 80 grapefruit, packed in accordance with the requirements of a standard pack (as such pack is defined in the aforesaid amended United States standards), in a standard box (as such box is defined in the standards for containers for citrus fruit established by the Florida Citrus Commission pursuant to section 3 of Chapter 20449, Laws of Florida, Acts of 1941 (Florida Laws Annotated § 595.09));

(iii) Any seedless grapefruit, other than pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack (as such pack is defined in the aforesaid amended United States standards), in a standard box (as such box is defined in the aforesaid standards for containers for citrus fruit); or

(iv) Any pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 126 grapefruit, packed in accordance with the requirements of a standard pack (as such pack is defined in the aforesaid amended United States standards), in a standard box (as such box is defined in the aforesaid standards for containers for citrus fruit).

(2) As used herein, "variety," "handler," and "ship" shall have the same meaning as is given to each such term in said amended marketing agreement and order. (48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq.)

PART 966—ORANGES GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 966.315 *Orange Regulation 169*—(a) *Findings.* (1) Pursuant to the provisions of the order (7 CFR, Cum. Supp., 966.1 et seq.) regulating the handling of oranges grown in the State of California

or in the State of Arizona issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d sess.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., p. s. t., March 16, 1947, and ending at 12:01 a. m., p. s. t., March 23, 1947, is hereby fixed as follows:

(i) *Valencia oranges.* (*a*) Prorate Districts Nos. 1 and 2, no movement; and (*b*) Prorate District No. 3, unlimited movement.

(ii) *Oranges other than Valencia oranges.* (*a*) Prorate District No. 1, unlimited movement; (*b*) Prorate District No. 2, 1,300 carloads; and (*c*) Prorate District No. 3, unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Orange Administrative Committee, in accordance with the provisions of the said order, shall calculate the quantity of oranges which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used herein, "handled," handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said order; and "Prorate District No. 1," "Prorate District No. 2," and "Prorate District No. 3" shall have the same meaning as is given to each such term in § 966.107 of the rules and regulations (11 F. R. 10258) issued pursuant to said order. (48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq.)

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.320 *Lemon Regulation 213*—(a) *Findings.* (1) Pursuant to the marketing agreement and the order (7 CFR, Cum. Supp., 953.1 et seq.), regulating the handling of lemons grown in the State of California or in the State of Arizona, issued under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d sess.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which the regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., p. s. t., March 16, 1947, and ending at 12:01 a. m., p. s. t., March 23, 1947, is hereby fixed at 325 carloads, or an equivalent quantity.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Lemon Administrative Committee, in accordance with the provisions of the said marketing agreement and order, shall calculate the quantity of lemons which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such word in the said marketing agreement and order. (48 Stat. 31, 670, 675, 49 Stat. 750, 50 Stat. 246; 7 U. S. C. 601 et seq.)

TITLE 43—PUBLIC LANDS: INTERIOR

Subtitle A—Office of the Secretary

PART 01—ORGANIZATION AND PROCEDURE

SUBPART A—ORGANIZATION

1. Paragraph (g) is added to § 01.20 (11 F. R. 177A–191) to read as follows:

§ 01.20 *Administrative staff offices.* • • •

(g) The Office of the Departmental Safety Engineer assists the constituent agencies in developing effective safety programs which relate to employee and public safety and to the protection of public property. The Department Safety Engineer is in charge of the office.

2. Paragraph (c) of § 01.21 is amended to read as follows:

§ 01.21 *Program staff offices.* • • •

(c) The Office of Land Utilization coordinates land-use and land-management activities of the several agencies of the Department of the Interior. It develops and supervises the application of sound forestry practices; administers soil and moisture conservation work; and cooperates with other Federal, State, and private agencies concerned with the protection and conservation of lands and natural resources of the United States and Alaska. The Assistant to the Secretary in charge of Land Utilization is Chairman of the Department's Water Resources Committee and cooperates with the Executive Officer of that committee in the coordination of the water development programs of the Department.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 36—REGULATIONS UNDER SERVICEMENS' READJUSTMENT ACT OF 1944

CHARGES AND PAYMENTS FOR TUITION, FEES, BOOKS, SUPPLIES, EQUIPMENT AND OTHER EXPENSES

Section 36.247 (a) (3) of instructions concerning charges and payments for tuition, fees, books, supplies, equipment and other expenses is amended to read as follows:

§ 36.247 *Payments to training institutions.* (a) • • •

(3) The following interpretation will guide managers in such cases:

(i) *If enrollment is for the quarter or semester in a course of 30 weeks or more.* Whenever the period of eligibility ends during a quarter or semester, and after a major portion of such quarter or semester has expired, such period shall be extended to the termination of such unexpired quarter or semester provided the customary charge for tuition does not exceed the rate of $500 for an ordinary school year.

(a) In case the customary charge exceeds the rate of $500 for an ordinary school year and the veteran has executed a VA Form 7–1950a, "Application for a Course of Education or Training Where the Customary Charges are in Excess of the Rate of $500 for an Ordinary School Year," the period of eligibility will be extended either to the end of the quarter or semester or for a period of time during which the charge to the Veterans Administration for tuition, fees, books, supplies, equipment and other necessary expenses equals $125, whichever is the lesser. The period the entitlement is to be extended may be determined as follows:

(*1*) Find the total charge by the institution for one week by dividing the total charge for the quarter or semester by the number of weeks in the quarter or semester.

(2) Divide $125 by the cost per week found in subdivision (*1*) of this subdivision.

(3) The result will be the weeks and fractions of weeks which will be the maximum period for which the period of eligibility and entitlement can be extended.

(ii) *If enrollment is for a course of 30 weeks or more in an institution which does not subdivide the year.* When a veteran trainee is enrolled in and attending an educational institution which does not divide its course into quarters or semesters and his period of eligibility ends after half of the period of year of instruction is completed, or after nine weeks, whichever is the lesser in time, the period of eligibility shall be extended either to the end of the course or for not to exceed nine additional weeks, whichever is the lesser in time, provided the trainee is enrolled for and pursuing a course for which the customary charge does not exceed the rate of $500 for an ordinary school year.

(*a*) When the institution does not divide its course into quarters or semesters and the charge for the course exceeds the rate of $500 for an ordinary school year and VA Form 7–1950a has been executed, the period of eligibility will be extended either to the end of the course of the year or for a period of time during which the charge to the Veterans' Administration for tuition, fees, books, supplies, equipment and other necessary expenses equals $125, whichever is the lesser. The period the entitlement is to be extended may be determined as follows:

(*1*) Find the total charge by the institution for one week by dividing the total charge for the course or the year by the number of weeks in the course or the year.

(2) Divide $125 by the cost per week found in subdivision (*1*) of this subdivision.

(3) The result will be the weeks and fractions of weeks which will be the maximum period for which the period of eligibility and entitlement can be extended.

(*4*) If, as in flight training, the cost per week cannot be found because instruction is charged by the hour, the extension of period of entitlement will be limited to that period for which the charge to the Veterans' Administration will not exceed $125.

(iii) *If enrollment is for a course of less than 30 weeks.* The rules set forth in subdivisions (i) and (ii) of this subparagraph will apply for a veteran-trainee except that in no case can the Veterans' Administration pay more than the total of $500 for a course of less than 30 weeks. NEVADA

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

MARCH 6, 1947.

Departmental Order approved May 31, 1946, revoked Departmental Order of March 16, 1934, so far as it withdrew in the first form prescribed by section 3 of the Reclamation Act of June 17, 1902 (32 Stat. 388), the lands hereinafter described within the Humboldt Project, Nevada, and provided that such revocation shall not affect the withdrawal of any other lands by said order or affect any other order withdrawing or reserving the lands described.

At 10:00 a. m. on May 8, 1947, the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from May 9, 1947, to August 7, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to te requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from April 19, 1947, to May 8, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on May 9, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on August 8, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from July 19, 1947, to August 7, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on August 8, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at Carson City, Nevada, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that Title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that Title.

Inquiries concerning these lands shall be addressed to the District Land Office at Carson City, Nevada.

The lands affected by this order are described as follows:

IDAHO

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

MARCH 6, 1947.

Departmental Order approved May 31, 1946, revoked Departmental Order of April 21, 1942, so far as it withdrew in the first form prescribed by section 3 of the Reclamation Act of June 17, 1902 (32 Stat. 388), the lands hereinafter described within the General Investigations, Idaho, and provided that such revocation shall not affect the withdrawal of any other lands by said order or affect any other order withdrawing or reserving the lands described.

At 10:00 a. m. on May 8, 1947, the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from May 9, 1947, to August 7, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from April 19, 1947, to May 8, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on May 9, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on August 8, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from July 19, 1947, to August 7, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on August 8, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at Blackfoot, Idaho, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at Blackfoot, Idaho.

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from May 9, 1947, to August 7, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims

of the classes described in subdivision (2).

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from April 19, 1947, to May 8, 1947, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on May 9, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on August 8, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from July 19, 1947, to August 7, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on August 8, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at Bismarck, North Dakota, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at Bismarck, North Dakota.

The lands affected by this order are described as follows:
